Project Description (Proposed actions, location, and/or consequences).

The proposed project includes a comprehensive General Plan Update and associated Zoning Map and Zoning Text Amendments. The 2045 planning horizon for the Planning Area is estimated to result in increases of approximately 5,776 dwelling units and 1.3 million square feet of non-residential space over existing conditions. An estimated increase of approximately 22,550 residents and 2,400 jobs is projected for the 2045 horizon year.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The project would result in significant and unavoidable air quality and greenhouse gas emissions impacts even with incorporation of mitigation.

The project would result in less than significant hydrology/water quality and utilities/service systems impacts with incorporation of mitigation.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
