Pursuant to Los Angeles Municipal Code (LAMC) section 104.06, please be advised that the following application for commercial cannabis activity is complete; staff determined this project is categorically exempt from the requirements of CEQA pursuant to the Class 1 and Class 32 categorical exemptions, as well as determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below:

Environmental Analysis/Clearance: ENV-100618-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Retail Storefront (Type 10) Temporary Approval to an Annual License to be located on an existing commercially zoned site ([Q]C2-1VL-RIO) at 7011 N Canoga Ave, on the northwest corner of Canoga Avenue and Hart Street (Assessor's Parcel Number 2138-013-030). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 6:00 a.m. to 10:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Full compliance with applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

General Commercial/C2

Surrounding Land Use/Zoning Designations

Limited Manufacturing/MR1; Medium Residential/R2 & R3

Subject Property

The subject site is a fully developed lot within the Canoga Park - Winnetka - Woodland Hills - West Hills Community Plan Area. The lot is approximately 158 feet deep and a width of 49 feet along Canoga Ave. The site is currently developed with a commercial building, proposed to be maintained.

The site has a general commercial land-use designation and is zoned C2-1. The site is located within Council District 3, Canoga Park Neighborhood Council, the lot is flat and contains pre-existing building to be used by the Applicant.

Abutting Properties

Abutting uses include apartments, pet resort, and general commercial uses within 200 feet of the site. The immediate area along Canoga Avenue is predominantly developed with general commercial uses, zoned C2-1, and limited manufacturing uses, zoned MR1-1. (See Exhibit A)

CEQA Findings

CEQA Guidelines, Section 15332, Class 1 and Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded

by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 7,961 gross square feet, zoned C2-1 (general commercial), and is currently developed with a 2,476 square-foot commercial building originally constructed in 1946, and paved parking lots. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 7,961 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned General Commercial/C2, Limited Manufacturing/MR1-1; and, Low Medium Residential/R2 & R3, and developed with a mix of commercial building, single family and multi-family dwellings along Canoga Avenue between Gault Street (to the north) and Hart Street (to the south), respectively.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. City ZIMAS records do not identify a historic building or district for the site, and the site is not on the lists that satisfy Government Code Section 65962.5,

commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for a Class 1 and Class 32 Categorical Exemption pursuant to CEQA Guidelines Section 15331 and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Section 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION RECOMMENDED ACTIONS:

That the Cannabis Regulation Commission:

1. Determine, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approve the Annual License for Type 10 Storefront Retail Commercial Cannabis Activity at the Business Premises location; and,
3. Adopt DCR's Project Analysis & Findings, and Notice of Exemption (Exhibit B) included in the Department's written report as the findings of the Commission.
