Project Location

The project site is located on two parcels situated along Valley Boulevard in the Community of Bloomington, within unincorporated San Bernardino County. The project is located at the following address: 18317 Valley Blvd, Bloomington, CA 92316. The project coordinates are 34.069336°, -117.405417°.

Project Description

The County is proposing to relocate all small animal care services from Devore to the project site located in Bloomington. The project site has with sufficient area and ease of access to support the county's goals in continuing to provide excellent animal care services to County residents. The Devore animal shelter has currently exceeded its useful life span and is unable to accommodate the growth required due to existing facility deterioration, limited wastewater and sewage capacity, remote location and other factors. Thus, this project is proposed to enhance services and expand capacity and additional work areas to accommodate the growth of the animal care division. The new facility is planned to, on average, house up to 240 dogs and 266 cats and 56 other animal species on any given day.

This is to advise that the County of San Bernardino has approved the above

☒ Lead Agency ☐ Responsible Agency

described project on August 6, 2024, and has made the following determination regarding the above described project:

1. The project [☐ will ☒ will not] have a significant effect on the environment.
