SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2024060426

Project Title: EA 03-0J410_Alta I-80 CAPM PM 33.0 – 44.9(Streambed Alteration Agreement EPIMS Notification No. PLA-57271-R2)

Project Location: The project is located at multiple unnamed tributaries to Canyon Creek and Bear River between post mile (PM) 33.0 and 44.9 along Interstate 80 (I-80), in the County of Placer, State of California; U.S. Geological Survey (USGS) maps Dutch Flat and Chicago Park.

Project Description: The California Department of Fish and Wildlife (CDFW) has executed Streambed Alteration Agreement EPIMS Notification Number PLA-57271-R2, pursuant to section 1602 of the Fish and Game Code to the project Applicant, California Department of Transportation, as represented by Sean Shaw.

The project includes the replacement of 14 existing, damaged culverts. The project is part of a larger capital maintenance project along I-80 that involves extending the lane separation taper at the Route 174/80 Separation off ramp and eastbound truck climbing lane at the Long Ravine Bridge with restriping and painting. Culvert work will consist of upsizing 18-inch culverts with 24-inch reinforced concrete pipe (RCP) culverts and in-kind replacement of 24-inch culverts. Rock slope protection (RSP), flared end sections, and inlets will also be replaced and/or installed. Trimming and clearing of vegetation including shrubby and woody plants within riparian habitat will be performed at each proposed site as necessary. No mature riparian trees will be removed. Dewatering by temporary clear water diversion will be required at multiple locations prior to any in-channel work if there is flowing or standing water. This is to advise that CDFW, acting as a Responsible Agency, executed the above-described Lake and Streambed Alteration Agreement on the date signed below and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.

Notice of Determination

2. CDFW considered the negative declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was not adopted by CDFW for this project.
5. A statement of overriding considerations was not adopted by CDFW for this project.
6. Findings were not made by CDFW pursuant to California Code of Regulations section 15091.

The negative declaration prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of execution of the above Streambed Alteration Agreement as Responsible Agency is available at CDFW's regional office.
