Project Description (Proposed actions, location, and/or consequences).

LAV//Pinnacle, representing Laut Berkshire, LLC (property owner), is proposing to subdivide 21.54 acres into 77 single-family residential lots, and 1 sump lot. The applicant is also requesting modifications to City standards including reverse corner and key lots and the final map will have the signatures of each party owning a recorded interest in, or right to minerals, and the nature of the respective interest, not including lessees of such rights pursuant to Bakersfield Municipal Code (BMC) Section 16.20.060 A and 16.20.050. [Assessor Parcel Number (APN) 542-012-02]

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Potentially significant effects that could result from the proposed project were identified in the Initial Study and include: Air Quality, Biological Resources, Cultural Resources, Greenhouse Gas Emissions, and Traffic. Mitigation was identified for all potentially significant effects that reduce impacts to less than significant. Mitigation measures include the following: compliance with the San Joaquin Valley Air Pollution Control District's Indirect Source Rule and air quality control measures (Air Quality); pre-construction cultural awareness training from a qualified cultural resources specialist and procedures for inadvertent discoveries of unanticipated paleontological and cultural resources, and human remains (Cultural); and participation in the Regional Transportation Impact Fee Program, and obtainment of a street permit or approval of a Traffic Control Plan from the City Public Works Department (Traffic).

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

The Lead Agency knows of no known areas of controversy, including issues raised by agencies and the public.

Provide a list of the responsible or trustee agencies for the project.

The responsible or trustee agencies for the project are:
