Project Title: Tesoro SoCal Pipeline Company LLC Proprietary Petroleum Pipeline Franchise

Project Applicant: County of Los Angeles Department of Public Works

Project Location - Specific:

South Bay Unincorporated Area; Westmont/West Athens Unincorporate Area; View Park/Windsor Hills Unincorporate Area; see maps below

Project Location - City: Unincorporated county areas Project Location - County: Los Angeles

Description of Nature, Purpose and Beneficiaries of Project:

The project is to adopt the ordinance and grant a new franchise to Tesoro SoCal to operate and maintain its existing pipes and pipelines within the unincorporated County road right of way. The proposed actions provide for operation, repair, and maintenance of existing facilities; replacement or reconstruction of existing facilities on the same site for substantially the same purpose and capacity; and minor ground-disturbing activities that will not affect sensitive resources.

Name of Public Agency Approving Project: County of Los Angeles

Name of Person or Agency Carrying Out Project: County of Los Angeles, Department of Public Works

Exempt Status: (check one):

- ☐ Ministerial (Sec. 21080(b)(1); 15268);
- ☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- ☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));

1. The first step in the process is to identify the problem. This involves gathering information about the situation and the people involved.

2. The second step is to analyze the problem. This involves breaking the problem down into smaller parts and understanding the causes and effects.

3. The third step is to develop a plan. This involves deciding on the best way to solve the problem and setting out the steps to be taken.

4. The fourth step is to implement the plan. This involves putting the plan into action and making any necessary adjustments.

5. The fifth step is to evaluate the results. This involves checking to see if the problem has been solved and if the solution was effective.

6. The sixth step is to reflect on the process. This involves thinking about what was learned from the experience and how it can be used in the future.

7. The seventh step is to communicate the results. This involves sharing the findings of the process with others who may be affected by the problem.

8. The eighth step is to follow up. This involves checking back in on the problem to make sure it has been fully resolved.

9. The ninth step is to document the process. This involves writing down what was done and why, so that it can be used as a guide for future problems.

10. The tenth step is to review the process. This involves looking back at the entire process and seeing if there are any areas for improvement.
