RE: Revised Notice of Availability and Introduction Chapter for the Environmental Utilities Operations Center Project Draft Environmental Impact Report (SCH #2024060953)

To Whom It May Concern:

The City of Roseville has revised the Notice of Availability (NOA) and Introduction chapter (Chapter 1) of the Draft Environmental Impact Report (Draft EIR) for the Environmental Utilities Operations Center Project (SCH #2024060953) to correct the web address listed in the NOA and on page 1-5 of the Introduction chapter. The webpage address in the original documents linked to an old, now outdated webpage.

Both documents have been revised with the correct web address, which is: [https://www.roseville.ca.gov/development\\_services/planning/environmental\\_documents\\_public\\_notices.php](https://www.roseville.ca.gov/development_services/planning/environmental_documents_public_notices.php). All CEQA documents and notices are available for review on this page and at the City of Roseville Development Services Department, located at 311 Vernon Street, Roseville, CA 95678 between 8:00 am and 12:00 pm, and from 1:00 pm to 4:30 pm.

If you have any additional questions or need any additional information, please contact me at [jilynch@roseville.ca.gov](mailto:jilynch@roseville.ca.gov) or (916) 774-5352.

Sincerely,

A handwritten signature in black ink that reads "Jessica Lynch".

Jessica Lynch  
Environmental Coordinator
