Present Land Use/Zoning/General Plan Designation:**Project Description:** (please use a separate page if necessary)

The California Fish and Game Commission proposes to amend a variety of regulations related to sport fishing for the 2025 season and onward. The project will reduce the daily bag limit for trout in Parker Lake and Willow Creek, reduce the minimum size limit for black bass in Lake Castaic, allow take of American Shad by spearfishing in the Valley District, simplify and streamline access to low-flow fishing information, and amend the fishing boundary for Deep Creek. The proposed regulatory changes are needed to effectively manage California's sport fisheries, and correct errors and inaccuracies in existing regulations to reduce public confusion and improve enforcement.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
