**Project Title:** Roof Gutter Replacement at B Street Cruise Terminal

**Project Applicant:** Darren Correia, Engineering-Construction, San Diego Unified Port District, 3165 Pacific Highway, San Diego, CA 92101; 619-400-4769

**Project Location – Specific:** 1140 North Harbor Drive, San Diego, CA 92101

**Project location – City:** San Diego

**Project Location – County:** San Diego

**Description of Nature, Purpose, and Beneficiaries of Project:** The proposed project would consist of the repair and/or replacement of the rain gutters on the northern side of B Street Pier's passenger boarding bridge in the city of San Diego, California. The purpose of the proposed project is to minimize the impacts of rain prior to and during cruise ship operations and to maintain proper capture and flow of rainwater. The repairs and/or replacement will provide a safe passageway for guests and employees and prevent further damage to East and West elevators and escalators. Work to specifically complete the proposed project would involve cleaning approximately 890 lineal feet of roof gutter and sealing all gutter seams and joints across the entire length of the building on the north side/cruise ship bridge side. Work would also involve the removal and replacement of approximately 100 linear feet of roof gutter on the bridge roof to tie into the existing roof gutter. Construction of the proposed is anticipated to occur approximately in the summer of 2024.

Due to its nature and limited scope, construction of the proposed project would generate a minor amount of vehicle trips and would require limited use of equipment. Therefore, impacts related to air quality, greenhouse gas emissions, and transportation and traffic are not anticipated to occur. Furthermore, the District would be responsible for complying with all applicable federal, state, and local laws regarding construction demolition debris, hazards and hazardous materials, and stormwater.

**Name of Public Agency Approving Project:** San Diego Unified Port District (SDUPD)

**Exempt Status:** (Check one):  
☐ Ministerial (Sec. 21080(b)(1); 15268);  
☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));  
☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));  
☒ **Categorical Exemptions: Existing Facilities (SG § 15301) (Class 1), Replacement or Reconstruction (SG § 15302) (Class 2)**  
☐ Statutory Exemption. State code number:

**Reason Why Project is Exempt:** The proposed project is determined to be Categorically Exempt pursuant to the California Environmental Quality Act (CEQA) Guidelines Section 15301 (Existing Facilities) and Section 15302 (Replacement or Reconstruction) and Section 3.a. and Section 3.b. of the District's Guidelines for Compliance with CEQA because it is the repair and/or replacement of rain gutters that would: a) involve no expansion of use beyond that previously existing and would not result in a significant cumulative impact due to the continuation of the existing use; and b) consist of the replacement/reconstruction of an existing structure/facility, would be located on the same site as the structure replaced, and would have substantially the same purpose and capacity. Section 3.a. and 3.b. of the District's CEQA Guidelines is as follows:

- 3.a. Existing Facilities (SG § 15301) (Class 1): Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing.

AND/OR

- 3.b. Replacement or Reconstruction (SG § 15302) (Class 2): Includes replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site and will have substantially the same purpose and capacity as the structure being replaced.
