Project Title: Russian River Parkway Project

Project Applicant: Sonoma County Regional Parks

Project Location (include county): The project site is bound by Geysers Rd on the east and the Russian River on the west in northern Sonoma County, approximately 1.5 miles north of the city of Cloverdale; east of US 101, the Northwestern Pacific Railroad, and the Russian River; and immediately south of the Sonoma County/Mendocino County line.

Project Description:

The Russian River Parkway Project (project) is proposed by Regional Parks to create three new formal access areas to the Russian River with new public amenities. The project would include the construction of trailheads and new and improved trails accessing the Russian River, as well as formal parking areas, picnic facilities, restrooms, garbage and recycling receptacles, interpretive features, a connector path along Geysers Road connecting the three new access areas, and invasive vegetation management.

The overall goal of the project is to create new formal public access to the Russian River north of Cloverdale along Geysers Road, where heavy recreational use has degraded the environment and caused community conflicts. By formalizing and managing the new river access, the project is anticipated to reduce trespassing, pollution, illegal dumping, and vandalism resulting from unregulated heavy use; and increase safety and accessibility by providing delineated parking and formalized trail access to the Russian River.

This is to advise that the Sonoma County Board of Supervisors has approved the above
(Lead Agency or Responsible Agency)

Described project on May 13, 2025 and has made the following determinations regarding the above described project.
(date)

1. The project [will will not] have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
 A Negative Declaration was prepared for this project to the provisions of CEQA.
3. Mitigation Measures [were were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [was was not] adopted for this project.
5. A statement of Overriding Considerations [was was not] adopted for this project.
6. Findings [were were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
