Project Description: (please use a separate page if necessary)

Coastal Development Use Permit to construct a new 100 foot tall cellular antenna tower with a "Eucalyptus" tree type design. Install three arrays of antennas for three wireless carriers along with associated tower and ground equipment, including one emergency electricity generator per each co-locator/carrier. Additional work includes the installation of 400 feet of underground utilities. All equipment will be placed on concrete pads and located within a fenced 2,500 square foot lease area, which is located within a total Telespan lease area of 4,900 square feet at the base of the tower.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
