

COUNTY CLERK'S USE

**CITY OF LOS ANGELES**  
OFFICE OF THE CITY CLERK  
200 NORTH SPRING STREET, ROOM 395  
LOS ANGELES, CALIFORNIA 90012  
**CALIFORNIA ENVIRONMENTAL QUALITY ACT**  
**NOTICE OF EXEMPTION**  
(PRC Section 21152; CEQA Guidelines Section 15062)

Pursuant to Public Resources Code § 21152(b) and CEQA Guidelines § 15062, the notice should be posted with the County Clerk by mailing the form and posting fee payment to the following address: Los Angeles County Clerk/Recorder, Environmental Notices, P.O. Box 1208, Norwalk, CA 90650. Pursuant to Public Resources Code § 21167 (d), the posting of this notice starts a 35-day statute of limitations on court challenges to reliance on an exemption for the project. Failure to file this notice as provided above, results in the statute of limitations being extended to 180 days.

Department Representative

PROJECT ADDRESS: 23701-23717 West Vanowen Street, 6805 North Platt Avenue  
ENV-2022-6307-CE / ZA-2022-6306-CUB

**PROJECT DESCRIPTION:**

The sale of beer and wine for off-site consumption within an existing 3,600 square-foot convenience store and the hours of operation of 24 hours daily, Monday through Sunday, in lieu of 7:00 a.m. to 11:00 p.m. otherwise permitted by LAMC Section 12.22-A,23.

**JUSTIFICATION FOR PROJECT EXEMPTION:**

The City of Los Angeles determined based on the whole of the administrative record, that substantial evidence supports that the Project is exempt from CEQA pursuant to CEQA Guidelines, Section 15301, Class 1 and none of the exceptions to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies. The project was found to be exempt based on the following discussion.

**CEQA DETERMINATION – SECTION 15301, CLASS 1 CATEGORICAL EXEMPTION APPLIES**

Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features involving negligible or no expansion of existing or former use.

The applicant is requesting to serve alcohol for off-site consumption. There is no proposed construction or improvements.

**CEQA SECTION 15300.2: EXCEPTIONS TO THE USE OF CATEGORICAL EXEMPTIONS**

The City has further considered whether the proposed project is subject to any of the six exceptions (listed as a-f) set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use of any categorical exemption. None of the exceptions are triggered for the reasons discussed as follows.

- A. **Location.** *Classes 3, 4, 5, 6, and 11 are qualified by consideration of where the project is to be located. A project that is ordinarily insignificant in its effect on the environment may in a particularly sensitive environment be significant. Therefore, these classes may not be utilized where the project may impact on an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies.*

The case does not use a CEQA exemption that triggers review of this exception.

- B. **Cumulative Impact.** *The exception applies when, although a particular project may not have a significant impact, the impact of successive projects, of the same type, in the same place, over time is significant.*

The applicant is requesting to serve alcohol for off-site consumption. As shown on ZIMAS, within 1,000 feet of the subject site two cases of the same type have been granted (ZA-1999-2781-CUZ-PAD, ZA-1999-CUB-PA1), which were both granted on the subject site to authorize the original sale of beer and wine for off-site consumption and to evaluate the conditions of the alcohol permit. Due to the fact that only two cases of the same type were

found within 1,000 feet of the subject site, which were both approved over 20 years ago, the proposed project will not result in significant cumulative impacts from successive projects of the same type in the same place.

- C. **Significant Effect Due to Unusual Circumstances.** *This exception applies when, although the project may otherwise be exempt, there is a reasonable possibility that the project will have a significant effect due to unusual circumstances.*

The subject site is a level, rectangular-shaped lot with a designated General Plan Land Use designation of General Commercial and is zoned [Q]C2-1VL. The lot is located within an Urban Agriculture Incentive Zone no agricultural uses are proposed herein. Per ZIMAS, the site is located 13.3 kilometers from the Simi – Santa Rosa Fault. The site is not located within a Flood Zone, Hazardous Waste/Border Zone Property, High Wind Velocity Area, BOE Special Grading Area, Oil Well Area, or Alquist-Priolo Fault Zone. The site is within a Liquefaction area, but this project will not have any effect on liquefaction risk since no new construction is proposed herein. Thus, the project does not involve unusual circumstances which would result in significant impacts.

- D. **Scenic Highways.** *This exception applies when, although the project may otherwise be exempt, there may be damage to scenic resources, including but not limited to, trees, historic buildings, rock outcroppings, or similar resources, within a highway officially designated as a state scenic highway.*

Based on a review of the California Scenic Highway Mapping System (<https://dot.ca.gov/programs/design/lap-landscape-architecture-and-community-livability/lap-liv-i-scenic-highways>), the subject site is not located along a State Scenic Highway, nor are there any designated State Scenic Highways located near the project site.

Based on this, the proposed project will not result in damage to scenic resources in a state scenic highway, and this exception does not apply.

- E. **Hazardous Waste Sites.** *Projects located on a site or facility listed pursuant to California Government Code 65962.5.*

Based on a review of the California Department of Toxic Substances Control "Envirostor Database" (<http://www.envirostor.dtsc.ca.gov/public/>), no known hazardous waste sites are located on or proximate to the project site. In addition, there is no evidence of historic or current use, or disposal of hazardous or toxic materials at this location. Since the project site is not on a list compiled pursuant to Government Code Section 65962.5 related to hazardous waste sites, the project will not result in a significant effect due hazardous waste, and this exception does not apply.

- F. **Historical Resources.** *Projects that may cause a substantial adverse change in the significance of an historical resource.*

The project site has not been identified as a historic resource by local or state agencies, and the project site has not been determined to be eligible for listing in the National Register of Historic Places, California Register of Historical Resources, or the Los Angeles Historic-Cultural Monuments Register, and/or any local register according to the City's HistoricPlacesLA and SurveyLA websites. Based on this, the project will not result in a substantial adverse change in the significance of a historic resource, and this exception does not apply.

In conclusion, since the project meets all of the requirements of the categorical exemption set forth at CEQA Guidelines, Section 15301, Class 1 and none of the applicable exceptions to the use of the exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.
