**Project Title:** MVRWRF Dewatering Building Rehabilitation  
**Project Location:** Moreno Valley Water Reclamation Plant, 17140 Kitching Street  
**City:** Moreno Valley  
**County:** Riverside

**Description of Nature, Purpose, and Beneficiaries of Project:**

The purpose of this project is to rehabilitate the existing building due to damage caused by humidity and off-gassing from dewatering processes. The project involves the removal of deteriorated coatings on the building's ceiling and application of a corrosion resistant coating. Also, the project includes the removal of deteriorated coatings on the underside of the centrifuge platform, and application of a corrosion resistant coating. The replacement of the existing obsolete polymer equipment with current models to increase reliability and efficiency is an element of the project. Lastly, the project will result in the relocation of the wash water booster pumps for the belt filter presses to improve equipment access.

The beneficiaries of the project include the district and the residents.

**Public Agency Approving and Carrying Out Project:** Eastern Municipal Water District

**Exempt Status:**

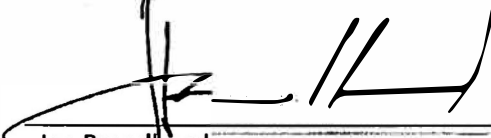

Categorical Exemption (Section 15301(a)).

**Reasons why the project is exempt:**

This project is exempt from the California Environmental Quality Act (CEQA) as authorized under the California Code of Regulations, Title 14, Chapter 3, Section 15301(a), which provides exemption for the operation, repair, maintenance, or minor alteration of existing facilities, involving negligible or no expansion of an existing use, of publicly owned utilities used to provide public utility services; including interior or exterior alterations involving such things as interior partitions, plumbing and electrical conveyances.
