NOTICE OF DETERMINATION

Subject: Filing of Notice of Determination pursuant to Section 21108 of the Public Resources Code

State Clearinghouse Number: 2024080496

Project Title: Reservoir 20B (California Endangered Species Act Incidental Take Permit No. 2081(b)-2026-007-03 (ITP))

Project Location (Alameda): The Project is located at the northeast corner of the East Ranch Development, north of Interstate 580 and East of Fallon Rd., Alameda County.

Project Description: The California Department of Fish and Wildlife (CDFW) has issued an ITP (No. 2081(b)- 2026-007-03), pursuant to Section 2081(b) of the Fish and Game Code to Dublin San Ramon Services District

The Project will involve construction of an underground welded steel pre-stressed concrete reservoir with a storage capacity of approximately 1.3 million gallons. The reservoir will have an outside diameter of approximately 102 feet and an area of approximately 17,500 square feet. The reservoir will be located at the top of a hill within the parcel (APN 905-25-110).

Docusign Envelope ID: 2AF3DAE1-309E-8E69-82C0-7F628436003A

The Project will involve installation of an access staircase and paved access road to the reservoir with a 425-linear-foot new storm drain pipeline that will connect to a planned storm drain inlet of the East Ranch Development located south of the proposed storage tank. A 1,000-linear-foot new water supply main will be constructed between the proposed storage tank and the water main of the East Ranch Development. The Project will also tie into the sewer line of the East Ranch Development.

The Project will result in impacts to 1.87 acres of California tiger salamander (CTS; *Ambystoma californiense*) habitat including temporary impacts to 1.84 acres; the Project will permanently remove 0.03 acres of CTS habitat. The project is expected to result in incidental take of CTS, which are designated as a threatened species under the California Endangered Species Act (CESA). The ITP referenced above as issued by CDFW authorizes incidental take of species listed under CESA that may occur as a result of Project implementation.

This is to advise that CDFW, acting as a Responsible Agency, approved the project described above on 10/16/2026 and has made the following determinations regarding the above-described project:

1. The project **will not** have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. An environmental impact report **was** prepared by the lead agency for the original project.
3. Additional mitigation measures **were** made a condition of CDFW's approval of the project.
4. A Mitigation Reporting or Monitoring Plan **was** adopted by CDFW for this project.
5. A Statement of Overriding Considerations **was not** adopted by CDFW for this project.
6. Findings **were not** made by CDFW pursuant to Public Resources Code § 21081(a).
7. Compliance with the environmental filing fee requirement at Fish and Game Code § 711.4. A copy of a receipt showing prior payment was submitted to CDFW.

The environmental impact report prepared by the lead agency for the Project is available to the general public at the office location listed above for the lead agency/CDFW. CDFW's administrative record of proceedings related to the incidental take permit is available to the public for review at CDFW's regional office.
