EXEMPTION DETERMINATION**

3730 E Broadway

PLNE57689

CE24-118

August 12, 2024

Section 15300 through 15333 of the California Environmental Quality Act (CEQA) establishes certain classes of projects as categorically exempt from the provisions of CEQA because they do not ordinarily result in a significant effect on the environment.

Lead Agency: City of Long Beach Community Development Department

Applicant Entity/Business Name: Modern Buds LLC., DBA The Syndicate Long Beach

License Type(s): Business Licenses for Adult-Use and Medical Cannabis Dispensary.

Project Description:

The project is located at 3730 E Broadway, Long Beach, CA 90803 within Los Angeles County (Figure 1 – Vicinity & Aerial Map). The site is on the southwest corner of the intersection of East Broadway and Grand Avenue. The nearest intersection is E Broadway and Grand Avenue. The site Assessor's Parcel Number, 7256-007-010, features an area of .10-acres.

The .10-acre subject site and surrounding properties are located on relatively flat lots. There are no natural features in the immediate, quarter-mile vicinity.

The subject site is within the Neighborhood Commercial Zoning District (CNR) and has a General Plan Land Use PlaceType designation of Neighborhood Serving Center or Corridor- Low (NSC-L/3 ST).

The subject site is currently developed with a 1,250 square-foot commercial building, approximately 20' in height. The proposed Adult Use & Medical Cannabis Dispensary License would utilize Suite A within the 1,250 square-foot within the building. The site features a single curb cut along E Broadway.

The project proposed minor interior improvements to the commercial unit. Interior improvements include adding new partition walls, upgraded finishes and associated plumbing, mechanical, and electrical upgrades.

The project has obtained city approved permits which include a building permit, health permits, and business licenses.

The primary operations will occur entirely within the enclosed structures and pose limited potential for environmental impacts on neighboring uses. All medical and adult use cannabis facilities are subject to stringent rules and regulations governed by Long Beach Municipal Code Title 5 – Regulation of Businesses, Trades, and Professions.

1. Is the project site currently operating as a cannabis cultivation site or a similar use, or has it recently operated for this purpose?

The site was formerly utilized as an attorney’s office. The site is within the Neighborhood Commercial zone that is served with existing public infrastructure which includes sewer, water, electrical and gas services. The previous use in the commercial building dates to 2016 and was licensed until 08/02/2019. The proposed adult & medical use cannabis dispensary business is identified as a commercial use by the Long Beach Municipal Code.

2. Does the project involve an expansion of existing structures that would be considered only minor?

The existing 1,250 square-foot commercial unit footprint will not be expanded. Minor improvements proposed include interior alterations, plumbing, electrical, mechanical, and similar typical tenant improvements.

3. Project Expansion:

This question is not applicable as this project consists of only interior tenant improvements to an existing 1,250 square-foot commercial building. No expansion is proposed.

4. Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, and gas)? The preparer should indicate which public services serve the site.

The project site is currently served by all city public services which include sewer, water, and gas infrastructure as confirmed by the current internal GIS city-data accessed on August 12, 2023. The site is also serviced by Southern California Edison (SCE) for electrical needs as confirmed by SCE’s service territory map, accessed August 12, 2023. As a condition of approval on the project, the applicant will be required to confer with applicable infrastructure departments to obtain approvals for any improvements on private property.

<https://www.sce.com/about-us/who-we-are/leadership/our-service-territory>

5. Is there evidence that the project site is located in an environmentally sensitive area?

This project is not located in an environmentally sensitive area as verified on the GeoTracker website on August 12, 2023. The built-out site itself is located in the Neighborhood Commercial and Residential (CNR) Zoning District which allows for commercial uses and is not in any proximity to any important mineral resources; protected aquatic habitats, including wetlands; environmentally sensitive wildlife habitat; or areas known to include cultural, paleontological, and/or historical resources.

<https://geotracker.waterboards.ca.gov/map/?myaddress=California&from=header&cqid=9041135489>

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment?

This project does not require a water right permit or another environmental permit. The project is fully developed and served by existing utilities as detailed in response 4.

EXCEPTIONS TO EXEMPTIONS

7. Scenic Highways

This is not applicable as this project is not near nor visible from an official State Scenic Highway as confirmed from the Long Beach General Plan Mobility Element and the Caltrans website verified on August 12, 2023.

<https://dot.ca.gov/programs/design/lap-landscape-architecture-and-community-livability/lap-liv-i-scenic-highways>

8. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)?

The California Department of Toxic Substances Control does not identify this site as a hazardous site <https://calepa.ca.gov/sitecleanup/corteselist/> as confirmed on August 12, 2023.

9. Would the project result in a substantial adverse change in the significance of a historic resource?

This project is not located in an area of significant historic resources as verified in the city's GIS system that listed historical database the National Register of Historic Places as verified on August 12, 2023. This existing 1,250 square-foot commercial building, where the proposed adult & medical us cannabis dispensary is, is not a recognized historic landmark nor a historic building.

<https://www.nps.gov/maps/full.html?mapId=7ad17cc9-b808-4ff8-a2f9-a99909164466>

10. Is there evidence of the potential for the project to contribute to a significant cumulative impact?

This project proposes to reuse an existing 1,250 square-foot commercial unit for an adult & medical use cannabis dispensary. The operations of this facility do not provide evidence of the potential for the project to contribute to a significant cumulative impact as the use is in the Neighborhood Commercial and Residential Zoning District which allows commercial type uses. The proposed project as a commercial use and is consistent with the City of Long Beach General Plan and Land Use Element and would not contribute to a significant cumulative impact that was not previously analyzed. The Long Beach General Plan Program Environmental Impact Report (PEIR) was adopted in December of 2019 (State Clearinghouse No. 2015051054). The project's impacts are furthermore mitigated by conditioned compliance with applicable code requirements which include, but not limited to, noise, discharges, and material handling.

11. Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?

The project does not contain any unusual aspects in the ongoing operations that may lead to a more substantial impact. The proposed use is consistent with commercial uses allowed in the zoning district.

Eligibility Determination

Based on information contained in the administrative record, as reflected in the answers provided to Questions 1-11 above, the project or project element(s) are eligible for a Class 1 categorical exemption. The project or project element(s) fit(s) within the parameters included in CEQA Guidelines Section 15301, and none of the exceptions to this exemption defined in Section 15300.2 apply.
