Project Title: South Tahoe Greenway – Upper Truckee River Bridge at Johnson Meadow Project

State Clearinghouse Number: 2024081292

Contact Person: Andrew Schurr

Telephone Number: (530) 543-1501

Project Location:

One Tahoe RCD Parcel at APN: 031-020-052 In El Dorado County, South Lake Tahoe

Project Description:

Tahoe RCD will provide a short-term license agreement and permanent easements to the County on the affected parcels owned by Tahoe RCD to implement the South Tahoe Greenway – Upper Truckee River Bridge at Johnson Meadow Project. The purpose of the Project is to construct a Class 1 shared-use path. The County adopted the Mitigated Negative Declaration (MND) in 2024.

This is to advise that Tahoe RCD, acting as a *Responsible Agency*, has approved the project, August 4, 2026, and has made the following determinations:

1. The project will not have a significant effect on the environment.
2. The County prepared an MND for the Project pursuant to the provisions of CEQA. The County, acting as lead agency, approved the MND on November 5, 2024. Tahoe RCD, acting as a responsible agency, reviewed and considered the Project MND on August 4th, 2026.
3. That no new or additional mitigation measures within the District's authority are necessary to reduce the environmental impacts of the Project to less than significant levels.
4. That there is no substantial evidence in the administrative record supporting a fair argument that the Project may result in any significant environmental impacts beyond those analyzed in the adopted IS/MND.
5. That Findings were made pursuant to the provisions of CEQA and that the Environmental Documentation contains a complete, objective, and accurate reporting of the environmental impacts associated with the Project and reflect the independent judgment and analysis of the County as lead

agency.

A copy of the MND is available to the general public at:
