Project Title: DCR CORE RECORD NO. 310028

Project Applicant: TREE HAUS COMPANY LLC

Project Location - Specific:

3324 S La Cienega Blvd., Los Angeles, CA 90016 / La Cienega Blvd and Jefferson Blv

Project Location - City: Los Angeles Project Location - County: Los Angeles

Description of Nature, Purpose and Beneficiaries of Project:

Retail sales of commercial cannabis products under State and local law.

Name of Public Agency Approving Project: City of Los Angeles, Department of Cannabis Regulation

Name of Person or Agency Carrying Out Project: TREE HAUS COMPANY LLC

Exempt Status: **(check one):**

- ☐ Ministerial (Sec. 21080(b)(1); 15268);
- ☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- ☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- ☒ Categorical Exemption. State type and section number: CEQA Sections 15301 & 15332/Class 1 & 32
- ☐ Statutory Exemptions. State code number: _____

Reasons why project is exempt:

Environmentally benign infill project consistent with the General Plan, Zoning requirements and consistent with the criteria for a Class 1 & Class 32 Categorical Exemption pursuant to CEQA Guidelines Section 15301 & 15332 and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

NOTICE OF EXEMPTION

(PRC Section 21152; CEQA Guidelines Section 15062)

Pursuant to Public Resources Code § 21152(b) and CEQA Guidelines § 15062, the notice should be posted with the County Clerk by mailing the form and posting fee payment to the following address: Los Angeles County Clerk/Recorder, Environmental Notices, P.O. Box 1208, Norwalk, CA 90650. Pursuant to Public Resources Code § 21167 (d), the posting of this notice starts a 35-day statute of limitations on court challenges to reliance on an exemption for the project. Failure to file this notice as provided above, results in the statute of limitations being extended to 180 days.

RECOMMENDATION REPORT FOR RETAIL WITH ON-SITE SALES COMMERCIAL CANNABIS LICENSE

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR recommends that the Cannabis Regulation Commission approve the issuance of an Annual License. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the Class 1 and Class 32 categorical exemptions.

DCR Core Record No.:	310028
Applicant Name:	TREE HAUS COMPANY LLC
DCR Record No. / Activities Requested:	LA-R-24-310028-ANN / Retail with on-site sales (Type 10)
Proposed Project:	The Applicant seeks an Annual License for the Type 10 Retail Storefront with on-site sales commercial cannabis activity pursuant to LAMC section 104.06 et. al.
Business Premises Address/ Project Location:	3324 S La Cienega Blvd., Los Angeles, CA 90016
Council District: Closest Neighborhood Council: Business Improvement District: Community Plan Area: Zoning:	10 West Adams None West Adams - Baldwin Hills - Leimert C2-1-CPIO
LAMC Section / "Phase":	104.06.1 P3RR1 / Phase 3 Retail Round 1
Evidence of Offer to Meet with NC:	Yes
Complaint Portal Entry: **Recent Compliance Inspection:**	Yes Yes
Social Equity Applicant / Ownership %:	Yes / 100%
Environmental Analysis/Clearance: ENV-310028-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of January 13, 2023. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State provisional License, C10-0001228-LIC, to conduct Retail with on-site sales Commercial Cannabis Activity, which is active through February 23, 2025. The Applicant is subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 3324 S La Cienega Blvd., Los Angeles, CA 90016, a parcel zoned for Community Commercial purposes.

Social Equity Applications are evaluated for compliance with the Equity Share requirements under LAMC 104.20. To comply with the Equity Share requirements, Social Equity Individual Applicants (SEIAs) must possess unrestricted ownership of their share of the Social Equity Applicant (business), a proportional right to vote and to the profits, and include certain language mandated by LAMC 104.20 in their agreements, among other requirements. As part of the application process, DCR reviewed the corporate and ownership documentation provided for this Applicant and determined that the Applicant met the minimum Equity Share requirements at that time.

DEPARTMENT ANNUAL LICENSING RECOMMENDATION:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- The Applicant has met the requirements under LAMC Section 104.20.

COMMUNITY INPUT:

On or about May 9, 2024, DCR provided notice of the community meeting and Cannabis Regulation Commission meeting by mail to the owners and occupants of all property within 700 feet of the property line of the Business Premises. Notice was also provided to the nearest Neighborhood Council, Business Improvement District, and Council Office.

The virtual community meeting was held on May 30, 2024. During the meeting, members of the public were afforded two minutes each to speak about the Application. DCR also accepted online written input through the date of the community meeting. In general, the oral and written comments provided by the public were in favor of the Applicant. A local resident wrote that this establishment has significantly enriched their neighborhood, providing exceptional retail services and fostering a vibrant, community-focused environment. Another individual wrote about the business founder, stating that they celebrate culture and community, while also working with the youth through mentorship programs. This same individual states that the business founder has worked with the Social Equity Owners and Workers Association to help other equity entrepreneurs, boosting the local economy.

Number of Comments In Favor of the Application	2
Number of Comments Against the Application	0
Total Number of Comments	**2**

The Applicant provided timely proof to DCR that it contacted the nearest Neighborhood Council and offered to appear before the Neighborhood Council in accordance with LAMC Section 104.06(b)(1)(ii).

COMPLIANCE REVIEW:

As part of its progressive enforcement strategy, DCR performs compliance checks and/or inspections of Applicants and Licensees for operational compliance under the Rules and Regulations for Cannabis Procedures ("Regulations"). There are at least 85 potential violations in the Regulations. For most of

these violations, DCR's compliance program aims to provide Licensees with the opportunity to cure before facing significant penalties, denial, suspension, or revocation. DCR's discovery of violations of the Regulations may result in a Notice to Correct ("NTC"), Notice of Violation ("NOV") with administrative penalties, Notice of Suspension ("NOS"), Notice of Revocation ("NOR"), or Notice of Administrative Hold, depending on the severity of the findings. (LAMC § 104.13.)

In most circumstances, when a violation is discovered, DCR's first step is to issue a NTC. If, after the issuance of a NTC, an applicant does not correct violations, DCR may issue a NOV with significant administrative penalties. (LAMC § 104.013(c)(2).) Failure to comply with a NOV may result in a second escalating NOV, denial of a License renewal, imposition of more restrictive License conditions or suspension or revocation of a license. (LAMC §§ 104.13(d)(5), 104.13(e)(2).) DCR may also immediately suspend a business without a hearing if there is an imminent threat to life or public safety, the Applicant operates without all necessary permits or clearances from another agency, or the Applicant does not have an active State license for that Commercial Cannabis Activity.

On May 30, 2024, DCR conducted a compliance inspection of the Business Premises. A Notice to Correct will be issued on June 18, 2024 listing the deficiencies found during the inspection. Below is a summary of the deficiencies:

- **Regulation 5(A)(2)(i) - Display of License.** Licensee does not have the DCR License Number prominently displayed for the public. *(Violation Type - Minor).*
- **Regulation 5(A)(2)(ii) - Identification of Employees.** Inspection of employee identification badges revealed that they did not include the DCR record core number. Additionally, employee personnel records revealed that the employee identification number assigned to each employee does not match the employee identification number on the employee badge. *(Violation Type - Minor)*.
- **Regulation 5(A)(4)(iii)(E)(iii)- Security Plans.** Licensee does not have written Standard Operating Procedures to oversee processes with high potential for diversion, including the loading and unloading of Cannabis and Cannabis Goods from transportation vehicles.*(Violation Type - Moderate).*
- **Regulation No.5(A)(4)(iv) - Alarm System.** The Licensee does not have the required Alarm System Permit pursuant to LAMC Section 103.206.*(Violation Type - Moderate)*
- **Regulation 5(A)(6)(iv) - Loitering.** Licensee has not posted the "No Loitering, Public Drinking, or Public Smoking/Consumption of Cannabis" signs inside the business premises.*(Violation Type - Minor)*.
- **Regulation 5(B)(1)(i)(C) - Record Retention.** Licensee does not maintain employee training records.*(Violation Type - Minor)*.
- **Regulation 5(C)(9) - Product Inventory and Sales.** DCR identified inventory discrepancies in the Track and Trace System *(Violation Type - Minor)*.

The Licensee's representative was debriefed by DCR immediately following the inspection and was informed of the deficiencies found. Please let me know if you have any questions or need any additional information.

The Applicant has 30 days to correct the violations and/or deficiencies listed in the NTC. DCR anticipates the Applicant will continue to be forthcoming and cooperative, but reserves the right to take escalating enforcement action, if necessary.

Therefore, it is DCR's position that this compliance check did not reveal any serious concerns that impacted DCR's ability to recommend this Applicant for licensure. The violations may be remedied within 30 days without jeopardizing public safety. Moreover, this Applicant shall be subject to multiple, further inspections by DCR and other agencies prior to the receipt of an Operating Permit.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- Revocation of Temporary Approval;
- Failing a Business Premises inspection by DCR, another City agency, or the Los Angeles County Department of Public Health; or
- Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*.;
- An Owner is an individual who holds office in, is employed by any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity; and,
- An Owner is an entity incorporated outside of the United States.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04. Thus, DCR recommends the Commission approve the issuance of this Annual License.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Retail Storefront (Type 10) Temporary Approval to an Annual License to be located on an existing commercially zoned site (C2-1-CPIO) at 3324 S La Cienega Blvd., Los Angeles, CA 90016 (Assessor's Parcel Number 5048-016-058). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 8:00 a.m. to 10:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq*. and 105.00 *et seq*., as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations
Community Commercial/C2-1-CPIO

Surrounding Land Use/Zoning Designations
Community Commercial/C2-1-CPIO; Community Commercial/(T)(Q)C2-2D-CPIO; Community Commercial/C2-2D-CPIO; Low II Residential/R1-1

Subject Property
The subject site is a fully developed lot within the West Adams - Baldwin Hills - Leimert Community Plan Area. The lot is approximately 110 feet deep and a width of 53 feet along La Cienega Blvd. The site is currently developed with a commercial building, built in 1990 & 1994 proposed to be maintained.

The site has a Community Commercial land-use designation and is zoned C2-1-CPIO. The site is located within Council District 10, West Adams Neighborhood Council, the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties
Abutting uses include Community Commercial and Low II Residential uses within 200 feet of the site. The immediate area along La Cienega Blvd is predominantly developed with Community Commercial uses, zoned C2-1-CPIO, Community Commercial uses, zoned (T)(Q)C2-2D-CPIO, and Community Commercial uses, zoned C2-2D-CPIO. (See Exhibit A)

CEQA Findings
CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.
These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 5,719 gross square feet, zoned C2-1-CPIO (community commercial), and is currently developed with a 2,000 square-foot commercial building, with a retail space of 720 square feet, originally constructed in 1990 & 1994. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 5,719 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned Community Commercial/C2-1-CPIO, Community Commercial/(T)(Q)C2-2D-CPIO; Community Commercial/C2-2D-CPIO; and, Low II Residential/R1-1, and developed with commercial buildings along La Cienega Boulevard between Boden Street (to the north) and Jefferson Boulevard (to the south), respectively.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation,

the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION RECOMMENDED ACTIONS:

That the Cannabis Regulation Commission:

1. Determine, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;

2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approve the Annual License for Type 10 Storefront Retail Commercial Cannabis Activity at the Business Premises location; and,

3. Adopt DCR's Project Analysis & Findings as the Commission's report on the subject.

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures? ☐ Yes ☐ No

   Describe size of structure to be demolished and location.

   N/A

Categorical Exemption Evaluation Form

Class 2: Replacement or Reconstruction

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed? ☐ Yes ☐ No

   Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.

   N/A

2. Would the new structure have substantially the same purpose and capacity as the existing structure? ☐ Yes ☐ No

   Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.

   N/A

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☐ No

   List permits required and any potential physical changes that could occur. Cite source(s) of information.

   N/A

Categorical Exemption Evaluation Form

Class 3: New Construction or Conversion of Small Structures

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures? ☐ Yes ☒ No

   Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.

   N/A

2. Does the project involve the construction of new small structures? ☐ Yes ☒ No

   Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.

   N/A

Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.

3. Is the project within an urbanized area? (If no, skip to Question 9.) ☒ Yes ☐ No

   Cite source(s) of information.

   Yes, the is located within an urbanized area of Los Angeles.
   Source(s) of Information: City of Los Angeles Zoning Map and U.S. Census Bureau's definition of urbanized areas.

FOR SITES IN URBANIZED AREAS

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less? ☐ Yes ☒ No

Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.

N/A

5. Is the parcel zoned for the proposed use? ☒ Yes ☐ No

Cite source(s) of information.

YES Source(s) of Information: City of Los Angeles Zoning Map and the City of Los Angeles Municipal Code (LAMC), which outlines permitted land uses

6. Does the project involve the use of significant amounts of hazardous substances? ☐ Yes ☒ No

Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.

N/A

7. Are all necessary public services and facilities available to the project? ☒ Yes ☐ No

List all services and facilities provided. Cite source(s) of information.

Yes, all necessary public services and facilities are available to the project, ensuring its smooth operation. The services and facilities include: Water & Electricity: Los Angeles Department of Water and Power (LADWP), Sewer: City of Los Angeles Bureau of Sanitation, Public Transit: Serviced by Los Angeles County Metropolitan Transportation Authority (Metro) Emergency Services: Local police and fire departments, Waste Management: City of Los Angeles Bureau of Sanitation
Source(s) of Information: Utility bills and service agreements from LADWP, City of Los Angeles Bureau of Sanitation for sewer and waste management services Los Angeles County Metropolitan Transportation Authority (Metro) for public transit information, Local police and fire department service maps.

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to Question 11.) ☐ Yes ☒ No

Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.

N/A

FOR SITES NOT IN URBANIZED AREAS

9. Does the project involve the construction of a single structure totaling 2,500 square feet or less? ☐ Yes ☒ No

Provide information regarding size of new structure, if applicable. Cite source(s) of information.

N/A

10. Does the project involve the use of significant amounts of hazardous substances? ☐ Yes ☒ No

Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.

N/A

FOR ALL SITES

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

N/A

Categorical Exemption Evaluation Form

Class 4: Minor Alterations to Land

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)? ☐ Yes ☒ No

   Provide details, if needed. Cite source(s) of information.

   N/A

2. Does the project involve alterations to land, water, or vegetation that would be considered minor? ☐ Yes ☒ No

   Provide details, if needed. Cite source(s) of information.

   N/A

3. Would the alterations consist of grading on lands of 10 percent slope or steeper? ☐ Yes ☒ No

   Provide details, if needed. Cite source(s) of information.

   N/A

4. Would the alterations consist of grading in an area determined to be a wetland? ☐ Yes ☒ No

   Cite source(s) of information.

   N/A

5. Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency? ☐ Yes ☒ No

   Provide name of scenic area (if applicable). Cite source(s) of information.

   N/A

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist? ☐ Yes ☒ No

   Provide the name of the zone (if applicable). Cite source(s) of information.

   N/A

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

   List permits required and any potential physical changes that could occur. Cite source(s) of information.

   N/A

DCR Record No.

Categorical Exemption Evaluation Form

Class 11: Accessory Structures

1. Does the project include the construction or placement of accessory structures? ☐ Yes ■ No

   Describe new and/or replacement accessory structures. Cite source(s) of information.

   N/A

2. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ■ No

   List permits required and any potential physical changes that could occur. Cite source(s) of information.

   N/A

Categorical Exemption Evaluation Form

Class 32: Infill Development Projects

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site? ☒ Yes ☐ No

   Cite source(s) of information.

   Source(s) of Information:
   City of Los Angeles General Plan
   City of Los Angeles Zoning Map
   City of Los Angeles Municipal Code (LAMC)

2. Project Size and Location
   a. Is the project site 5 acres in size or less? ☒ Yes ☐ No

      Indicate the size of the project site, in acres. Cite source(s) of information.

      APPROXIMATELY 2,025 SQUARE FEET 3324 SOUTH LA CIENEGA BLVD LOS ANGELES, CA 90016 RE BUISNESS PREMISE DIAGRAM

   b. Is the project site substantially surrounded by urban uses? ☒ Yes ☐ No

      Describe the uses of the surrounding properties. Cite source(s) of information.

      Yes, the project site at 3324 South La Cienega Blvd is substantially surrounded by urban uses. The immediate vicinity includes a mix of commercial, mixed-use, and residential properties, comprising retail stores, offices, single-family homes, and apartment buildings. Source(s) of Information: City of Los Angeles Zoning Map, On-site observation and local area survey.

3. Does the project site have value as habitat for endangered, rare, or threatened species? ☐ Yes ☒ No

   Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

   N/A

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality? ☐ Yes ☒ No

Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.

N/A

5. Can the project site be adequately served by all required utilities and public services? ☒ Yes ☐ No

Describe which utilities and public services serve the project site. Cite source(s) of information.

Yes, the project site at 3324 South La Cienega Blvd can be adequately served by all required utilities and public services, ensuring its operational efficiency and compliance with city regulations. The essential utilities and services include: Water: Los Angeles Department of Water and Power (LADWP)

Sewer: City of Los Angeles Bureau of Sanitation
Electricity: Los Angeles Department of Water and Power (LADWP)
Emergency Services: Local police and fire departments
Waste Management: City of Los Angeles Bureau of Sanitation

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

N/A

Exceptions to Exemptions

1. Scenic Highways

a. Is the project visible from an official State Scenic Highway? ☐ Yes ☒ No

List State Scenic Highway(s) from which the project is visible (if applicable). Cite source(s) of information.

N/A

b. If yes, would the project result in damage to scenic resources? ☐ Yes ☒ No

Describe scenic resources and potential damage (if applicable). Cite source(s) of information.

N/A

2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)? ☐ Yes ☒ No

Describe the type of hazardous site (if applicable). Cite source(s) of information.

N/A

3. **Would the project result in a substantial adverse change in the significance of a historical resource?** ☐ Yes ☒ No

List the historic resource(s) potentially affected and describe the potential effects (if applicable). Cite source(s) of information.

N/A

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?** ☐ Yes ⬓ No

   Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.

   N/A

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?** ☐ Yes ⬓ No

   Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.

   N/A

6. **Would the project impact an environmental resource of hazardous or critical concern?** ☐ Yes ⬓ No

   Provide details, if needed. Cite source(s) of information.

   N/A

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?** ☐ Yes ⬓ No

   Provide details, if needed. Cite source(s) of information.

   N/A

DCR Record No.

CEQA Exemption Petition

Class: 1 (Existing Facilities) Category: _____

Explanation of how the project fits the CEQA exemption indicated above:

Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

BCC-LIC-026 (New. 10/18)
California Department of Consumer Affairs Bureau of Cannabis Control
www.bcc.ca.gov

2. **Project Location and Surrounding Land Use.**

(a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

3324 SOUTH LA CIENEGA BLVD LOS ANGELES, CA 90016
COMMUNITY COMMERICAL

(b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

COMMUNITY COMMERICAL - C2 - 1 - CPIO

(c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

UNKNOWN

(d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

NO

(e) Maps to be Included: *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

3. **Project Operations/Description.** Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

(a) Activities Occurring Onsite: *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).*

Activities Occurring Onsite:
Retail Sales of Cannabis Products: The primary activity involves the sale of cannabis and cannabis-related products to consumers in a retail setting.

Compliant Cannabis Product Storage and Inventory Management: Secure storage areas are allocated for cannabis products, and an inventory management system is in place to track and monitor stock levels.

Quality Control and Product Inspection: All incoming cannabis products undergo rigorous quality control and inspection processes to ensure they meet industry and legal standards.

Security Operations: A robust security system is in place, featuring 24/7 CCTV monitoring and restricted access to various areas within the premises to ensure the safety and integrity of the products and operations.

Customer Service and Education: Staff are trained to provide detailed information and guidance to customers regarding the safe and responsible use of cannabis products.

Administrative Functions: This includes routine managerial tasks, bookkeeping, compliance documentation, and staff management.

(b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

N/A

(c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

2000 sq ft of 5719 sq ft total lot size

(d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

YES applicant is license by the California Department of Cannabis Control

(e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

8am - 10pm 7 days a week.

(f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

8 employees total

(g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

Zero. We currently are not offering delivery however we plan to relaunch delivery service in 2024 and expect to see up to 50 deliveries a day.

(h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

LADWP

(i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

The project site is connected to the City's wastewater collection facilities, managed by the City of Los Angeles Bureau of Sanitation. There are no on-site treatment options such as leach fields; instead, all wastewater generated from the project is directed into the municipal sewage system for treatment at centralized wastewater treatment plants.

4. Environmental Setting:

(a) Describe natural characteristics on the project site:

The site is in an urban area of Los Angeles, zoned for retail but also near mixed-use and residential properties. No notable natural features or habitats are present, and the operation has minimal impact on the environment.

(b) General Topographic Features (slopes and other features):

The project site is situated on level ground with no significant slopes, elevation changes, or other topographic features of note. The area is fully developed,

(c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

The project site is located in an urban setting with negligible natural vegetation, as it is primarily covered in paved surfaces. Drainage is managed through city

(d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

N/A

(e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

N/A

(f) Identify whether the property has any historic designations or archeological remains onsite:

N/A

(g) Identify whether the property contains habitat for special status species:

N/A

(h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

N/A

(i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

N/A

(j) Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

Anticipated Operational Energy Needs Types of Energy Required:
Electrical energy for lighting, climate control, security systems, and computing infrastructure. Natural gas for heating, if applicable.

Electrical energy is supplied by the Los Angeles Department of Water and Power (LADWP).
Natural gas, if used, is supplied by the Southern California Gas Company (SoCalGas).

Anticipated Amount of Energy Per Day:
Assuming an average-sized retail dispensary, energy consumption may range from 50 to 100 kWh per day for electrical needs.

Given that this is a license renewal for an existing operation with no planned expansion or construction, no significant increase in energy demand is anticipated.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

N/A

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

To ensure the project operates sustainably and in alignment with environmental best practices, the following commitments have been made: Protection of Biological or Cultural Resources:Compliance with local and state regulations for preserving any identified cultural or biological resources.Energy Efficiency: Implementation of LED lighting throughout the facility.Use of Energy Star-rated appliances and HVAC systems to minimize energy consumption. Water Efficiency: Installation of low-flow faucets and toilets to reduce water usage. Rainwater harvesting system to be used for non-potable purposes, such as landscaping. Noise Abatement: Use of noise-reducing materials in construction where feasible. Restriction of loading and unloading activities to daytime hours to minimize noise pollution. Lighting: Use of motion-activated exterior lighting to minimize light pollution.Installation of timers on signage and other non-essential lighting to reduce energy use during off-hours. Additional Aspects: Comprehensive recycling and waste management program to minimize landfill waste. Encouragement of alternative transportation options for employees, such as cycling or public transit, to reduce carbon emissions.

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant.*

N/A

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☐ California Department of Fish and Wildlife
- ☐ State Water Resources Control Board / Regional Water Quality Control Board
- ☒ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☒ Los Angeles Department of Water and Power
- ☒ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
