Present Land Use/Zoning/General Plan Designation:

Comprehensive land use and zoning update.

Project Description: *(please use a separate page if necessary)*

The City of Watsonville is preparing a comprehensive update of the Watsonville 2050 General Plan in response to changes in conditions in the City and new state laws enacted since the preparation of the existing General Plan. The projected growth in the 2050 General Plan envisions the addition of up to 5,980 new residential units and 1.725 million square feet of non-residential development. The 2050 General Plan will include goals, policies, and implementation actions – developed with extensive community input – to advance the City's vision and community priorities, including: revitalizing Downtown Watsonville; introducing a range of new housing choices, both single-family and multi-family; attracting new employment and revenue-generating uses; maintaining the existing character of the City's residential neighborhoods, preserving the City's natural open spaces, especially the sloughs; improving the City's existing parks and community facilities, and introducing new ones; accommodating planned passenger rail service, including a station in Downtown Watsonville; implementing complete streets improvements; and rerouting truck routes around town.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
