The Turlock Irrigation District (TID) and Modesto Irrigation District (MID), collectively referred to as the Districts, own and operate the Don Pedro Hydroelectric Project (Don Pedro Project), and TID operates and maintains hydropower facilities at the La Grange Diversion Dam (La Grange Project), which are located on the Tuolumne River in Tuolumne and Stanislaus counties, California. TID and MID propose the continued operation and maintenance of the hydropower works associated with the Districts' Don Pedro Hydroelectric Project (Federal Energy Regulatory Commission (FERC) Project Number 2299) under a new license to be issued by FERC and continued operation and maintenance of the hydropower works associated with TID's La Grange Hydroelectric Project (FERC Project Number 14 581) under an original license to be issued by FERC. These two actions are collectively referred to as the Proposed Project.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
