RECOMMENDATION REPORT FOR RETAIL WITH ON-SITE SALES COMMERCIAL CANNABIS LICENSE

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR recommends that the Cannabis Regulation Commission approve the issuance of an Annual License. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the Class 1 and Class 32 categorical exemptions.

BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of March 3, 2023. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State provisional License, C10-0001224-LIC, to conduct Retail with on-site sales Commercial Cannabis Activity, which is active through 02/17/2025. The Applicant is subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 2330-2334 N Fletcher Dr., Los Angeles, CA 90039, a parcel zoned for Neighborhood Commercial purposes.

Social Equity Applications are evaluated for compliance with the Equity Share requirements under LAMC 104.20. To comply with the Equity Share requirements, Social Equity Individual Applicants (SEIAs) must possess unrestricted ownership of their share of the Social Equity Applicant (business), a proportional right to vote and to the profits, and include certain language mandated by LAMC 104.20 in their agreements, among other requirements. As part of the application process, DCR reviewed the corporate and ownership documentation provided for this Applicant and determined that the Applicant met the minimum Equity Share requirements at that time.

DEPARTMENT ANNUAL LICENSING RECOMMENDATION:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- The Applicant has met the requirements under LAMC Section 104.20.

COMMUNITY INPUT:

On or about June 21, 2024, DCR provided notice of the community meeting and Cannabis Regulation Commission meeting by mail to the owners and occupants of all property within 700 feet of the property line of the Business Premises. Notice was also provided to the nearest Neighborhood Council, Business Improvement District, and Council Office.

The virtual community meetings were held on July 5, 2024 and July 11, 2024. During the meeting, members of the public were afforded two minutes each to speak about the Application. DCR also accepted online written input through the date of the community meeting. In general, the oral comments provided by the public were in favor of the applicant noting their involvement in the community and their efforts in communicating with the neighborhood council.

Number of Comments In Favor of the Application	2
Number of Comments Against the Application	0
Total Number of Comments	**2**

The Applicant provided timely proof to DCR that it contacted the nearest Neighborhood Council and offered to appear before the Neighborhood Council in accordance with LAMC Section 104.06(b)(1)(ii).

COMPLIANCE REVIEW:

DCR has not recently performed a compliance inspection for this Applicant. However, this business shall be subject to multiple, future inspections by DCR and several other agencies prior to the receipt of an Operating Permit. An Operating Permit is the final authorization from DCR to conduct Commercial Cannabis Activity, and is issued only after a licensee has passed a Final Inspection by DCR, and obtained all permits, clearances, or other authorizations required by law, which may include a Certificate of Occupancy from the Los Angeles Department of Building and Safety, clearance from the Los Angeles Fire Department and/or permit from the Los Angeles County Department of Public Health.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- Revocation of Temporary Approval;
- Failing a Business Premises inspection by DCR, another City agency, or the Los Angeles County Department of Public Health; or
- Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*.;
- An Owner is an individual who holds office in, is employed by any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity; and,
- An Owner is an entity incorporated outside of the United States.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04. Thus, DCR recommends the Commission approve the issuance of this Annual License.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Retail Storefront (Type 10) Temporary Approval to an Annual License to be located on an existing site zoned for Neighborhood Commercial, C2-1VL at 2330-2334 N Fletcher Dr., Los Angeles, CA 90039 (Assessor's Parcel Number 5438-015-056). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 9:00 a.m. to 9:30 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq*. and 105.00 *et seq*., as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations
Neighborhood Commercial/C2-1VL

Surrounding Land Use/Zoning Designations
Low Medium II Residential / RD2-1VL
Low Medium I Residential / R2-1VL
Neighborhood Commercial / C2-1VL

Subject Property
The subject site is a fully developed lot within the Silver Lake - Echo Park - Elysian Valley Community Plan Area. The lot is approximately 115 feet deep and a width of 110 feet along Fletcher Dr. The site is currently developed with a Commercial - Shopping Center (Neighborhood, Community) - One Story building, built in 1987 proposed to be maintained.

The site has a Neighborhood Commercial land-use designation and is zoned C2-1VL. The site is located within Council District 13, Silver Lake Neighborhood Council, the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties
Abutting uses include residential and commercial uses within 200 feet of the site. The immediate area along Fletcher Dr. is predominantly developed with Low Medium II Residential uses, zoned RD2-1VL, Low Medium I Residential, zoned R2-1VL, and Neighborhood Commercial uses, zoned C2-1VL. (See Exhibit A)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 15,298 gross square feet, zoned C2-1VL with a Commercial - Shopping Center (Neighborhood, Community) - One Story building originally constructed in 1987. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 15,298 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned Low Medium II Residential, Low Medium I Residential; and, Neighborhood Commercial, and developed with a mix of residential and commercial buildings along Fletcher Dr. between Silver Lake Blvd. and Riverside Dr.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION RECOMMENDED ACTIONS:

That the Cannabis Regulation Commission:

1. Determine, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;

2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approve the Annual License for Type 10 Storefront Retail Commercial Cannabis Activity at the Business Premises location; and,

3. Adopt DCR's Project Analysis & Findings as the Commission's report on the subject.

CEQA Exemption Petition

Class: Class 1 Category: Existing Facilities

Explanation of how the project fits the CEQA exemption indicated above:

The Applicant moved into an existing facility located at 2330-2334 Fletcher Dr, Los Angeles, CA 90039. The project consists of the leasing, operation, maintenance, and repair of existing private structures involving no expansion at this time. Improvements to the facility to the interior of the facility and include new interior partition walls and new Title 24 compliant HVAC, electricity, and plumbing. Building out a lobby, buy room, back of house work area, new bathrooms, and a vault for cannabis storage. Exterior improvements include ADA upgrades, an accessibility ramp, adding in window frontage and exterior signage.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

Zimas; Google Maps; California Office of Historic Preservation's Built Environment Resource Directory ; National Register of Historic Places Database, Los Angeles Fire Department Battalion Map, City of Los Angeles State Enterprise Zones, Map, City of Los Angeles Business Improvement Districts Map, Department of Toxic Substances Control - Hazardous Waste and Substances Site List, State Water Resources Control Board - List of Leaking Underground Storage Tank Sites, California Environmental Protection Agency - Cortese List: Section 65962.5(a), Water Board - List of Active CDO and CAO, Sites Identified with Waste Constituents Above Hazardous Waste Levels Outside the Waste Management Unit, utility bills

2. **Project Location and Surrounding Land Use.**

(a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

The project is located at 2330 - 2334 Fletcher Dr, Los Angeles, CA 90039 in LA County APN: 5438-015-056. The site is on the southern side of Fletcher Drive, and is situated between Glendale Blvd and Riverside Dr. The total site area is 15,297 square feet.

The subject site and surrounding properties are located on relatively flat lots.

(b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

The project's current general land use is Neighborhood Commercial and the project's zoning is [Q] C2-1VL. The subject site is currently developed with a single story commercial building comprising 8,421 square feet. Our facility within the building is 3,076 square feet. The total site area is 15,297 square feet. Abutting land uses Low Medium II Residential and Neighborhood Commercial. Abutting Zoning designations are [Q]C2-1VL and RD2-1VL. The Surrounding Zoning Designations are [Q]C2-1VL, C2-1VL, C1.5-1VL, RD2-1VL, and R2-1VL. Surrounding Land uses are neighborhood commercial and Low Medium II Residential. Within surrounding one half mile zoning designations are: [Q]C2-1VL, C2-1VL, C1.5-1VL, [Q]C2-1VL-RIO, [Q]C2-1VL, RD2-1VL, RD2-1VL-RIO, RD1.5-1VL, RD3-1VL, R2-1VL, R1 -1VL, R3-1VL, R2-1VL-RIO, R1-1-RIO, RD1.5-1XL-RIO, [T] [Q] R3-1VL, CM-1VL, MR1-1VL-RIO, M2-1VL-RIO, [Q]OS-1XL, OS-1XL-RIO, [Q]PF-1XL, PF-1XL, PF-1, PF-1-RIO, PF-1XL-RIO. Within surrounding one half mile general plan land use designations are: Neighborhood Commercial, Low Medium II Residential, Low Medium I Residential, Low Residential, Medium Residential, Commercial Manufacturing,General Commercial, Light Industrial, Limited Industrial, Open Space, Public Facilities.

(c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

The previous use of the site was a Massage Shop, a Smoke Shop, and a Real Estate Office. The exact timeline of when previous operations ceased is unknown. It is estimated to have ceased in 2022.

(d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

Yes, the previous use is similar to the site's current use. The site's previous use was retail and a professional office. The site's current use is a Type 10 Cannabis Retail Storefront.

(e) Maps to be Included: *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

3. **Project Operations/Description.** Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

(a) Activities Occurring Onsite: *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).*

Retail Sales with only prepackaged cannabis goods is the sole commercial cannabis activity occurrence on the proposed premises. No other commercial cannabis activity is planned for this premises.

(b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

There are no additional Cannabis Operation Activities on the Property.

(c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

The subject site is currently developed with a single story commercial building comprising 8,421 square feet. Our facility within the building is 3,076 square feet. The total site area is 15,297 square feet.

(d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

The facility is licensed with a Department of Cannabis Control Provisional Retailer (Storefront) License. The license number is C10-0001224-LIC.

(e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

The project will be open to the general public between the hours of 9:00am and 9:30pm Monday through Sunday. There are typically 3 work shifts per day. 10-15 employees arrive around 8:30am Monday-Sunday and depart around 3-5pm. The mid shift of 1-2 employees will arrive between 10am-12pm and depart between 6-8pm. The closing shift of 10-15 employees arrives around 1-4pm and departs between 9-10:30pm.

(f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

Anticipated amount of employees at any given time is 15. Maximum Occupancy during operating hours per fire code is 43 people. Occupancy during operating hours at any given time 30-40.

(g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

The project is anticipated to have no material effects on public transit, bicycle, or pedestrian facilities. The transportation activity of receiving shipments of inventory is approximately four per day Monday-Friday. All transportation activities occur off-street in the back parking lot and does not affect public transit, bicycle, or pedestrian traffic. Employees arrive in three shifts where 10-15 employees arrive around 8:30am Monday-Sunday and depart around 3-5pm. The mid shift of 1-2 employees will arrive between 10am-12pm and depart between 6-8pm. The closing shift of 10-15 employees arrives around 1-4pm and departs between 9-10:30pm. No shipments originate from this site. There is plenty of parking offered for customers.

(h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

Water Sources are from commercial water source. An amended water right does not need to be obtained from the State Water Resources Control Board.

(i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

The City Sewer is used for this site. Water use is consistent with other retail stores. The hand sinks are low flow .5 gallon per minute faucets and the toilets are low flow .6 gallon per flush. The kitchen sink is 1.75 gallon per flush. Tenant improvements to the existing building have reduced water usage.

4. Environmental Setting:

(a) Describe natural characteristics on the project site:

Hedges run alongside the accessibility ramp on the Northwest side of the parking lot leading up to the facility.A poted palm tree and hedges are planted along the edge of the parking lot at the corner of Silver Lake Blvd and Fletcher Drive. There is a concrete planter block with small shrubs that borders the project and the inner corner of the parking lot.

(b) General Topographic Features (slopes and other features):

The project is a flat lot. The site has no slopes or features beyond roads and basic sloping for drainage to the City Sewer.

(c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

Existing graded flat pad with no soil issues. Existing compliant drainage to City Drainage. Hedges run alongside the accessibility ramp on the Northwest side of the parking lot. A poted palm tree and hedges are planted along the edge of the parking lot at the corner of Silver Lake Blvd and Fletcher Drive. There is a concrete planter block with small shrubs that borders the project and the inner corner of the parking lot.

(d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

There are no watercourses or riparian habitats within 150-feet of the premises

(e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

The property does not contain natural features of scenic value of rare or unique characteristics.

(f) Identify whether the property has any historic designations or archeological remains onsite:

The property and existing building do not have historic designations. The site was not listed on the California Office of Historic Preservation's Built Environment Resource Directory (BERD) or the National Register Database.

(g) Identify whether the property contains habitat for special status species:

The property does not contain a habitat for special status species.

(h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

As a cannabis retailer, we do not store, use, or dispose of hazardous materials. A plan was not created as it was deemed not necessary due to the activity on site.

(i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

There will be no increase in solid waste or hazardous waste from the previous use of the premises which was retail. A small amount of cannabis waste that will not be disposed of as regular waste. Cannabis waste will be handled according to the requirements in Title 4, Division 19 of the California Code of Regulations and handled via a licensed waste hauler.

(j) Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

There is no anticipated increase in the amount of energy used from the prior use of the premises as retail. All lighting is new and are led fixtures with controls and motion sensors throughout. All lighting and power was installed per title 24 energy requirements and was signed off by the city and a 3rd party certified title 24 inspector. The energy source is from the local power provider LADWP. We anticipate that our daily needs for power to be between 20-50 kWh depending on the season.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

None of the project activities will expand the existing footprint of the proposed facility, increase the amount of impervious surface,or reduce any natural habitat as the only activity that will occur is retail sales within the facility.

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

The project is in compliance with Title 24 part 6. The Applicant agreed to not have any light pollution extend past its property and as previously stated made commitments for both energy and water saving techniques. They applicant also adheres to all noise restrictions set forth by the City. Additionally, The project's Green Building review by the Los Angeles Department of Building and Safety was compliant.

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant.*

Local Air District - The Project was determined to be AQMD Exempt.

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
