Project Title: Cannon Street Widening Project

Project Applicant: City of Orange

Project Location (include county): Along Cannon St. from Santiago Cyn Road to Serrano Avenue

Project Description: The proposed project would widen the Cannon Street roadway within the project limits to accommodate a third northbound lane from approximately 500 feet north of Santiago Canyon Road to Serrano Avenue where it would join the two existing dedicated right-turn lanes to eastbound Serrano Avenue. This additional lane would function as an auxiliary lane to improve traffic operations. In the southbound direction, bicyclists and pedestrians would cross Santiago Creek on a new bridge just west of the existing vehicular bridge. The new bridge would clear span the creek and is expected to consist of a prefabricated steel truss, approximately 170 feet long and 12 feet wide. A traffic signal modification would be required at Taft Avenue. The proposed improvements are not expected to require permanent right-of-way acquisitions. Temporary construction easements would be needed from the County of Orange to construct the new pedestrian bridge. A portion of the widening would be outside of the City of Orange's jurisdiction and within the City of Villa Park. The City of Orange has been and would continue to coordinate with Villa Park regarding the project.

This is to advise that the City of Orange has approved the above (Lead Agency or Responsible Agency)

described project on 6/24/2025 and has made the following determinations regarding the above described project.

- 1. The project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.
