Existing pump station / N/A / N/A

**Project Description:** (please use a separate page if necessary)

The project proposes a pump station be constructed in the existing backwash pond area. The pipeline would extend underground approximately 1,130 linear feet from the pump station along an existing access road to a diffuser structure to be constructed underwater in Jeff Davis Reservoir, where the backwash water would be discharged.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
