NOTICE OF EXEMPTION

PROJECT TITLE: Civicorps Trail Maintenance Grant Project

LEAD AGENCY/APPLICANT: East Bay Regional Park District
Attn: Brian Holt
2950 Peralta Oaks Court, Oakland, CA 94605
Telephone: 510-544-2623

PROJECT LOCATION: Garin / Dry Creek Pioneer Regional Parks
1320 Garin Avenue, Hayward, CA 94544
and
Quarry Lakes Regional Recreation Area
2100 Isherwood Way, Fremont, CA 94536

PROJECT DESCRIPTION: Repair existing trails to improve public safety and attain East Bay Regional Park District (Park District) trail standards. Work will include, but is not limited to, repairing trail tread and drainage features; vegetation clearance; step installation, repair, and/or replacement; and signage installation. The project includes repairs to three trails (see attached map) within the Park District's trail network that are currently closed due to storm damage and public safety considerations:

1. Garin / Dry Creek Pioneer Regional Parks – South Fork Trail – In the Dry Creek side of the parks, sections of this trail require tread repair or removal of slide debris generated by past storms. Treads or stairs will be added on the steepest sections to increase safety for park users.
2. Garin / Dry Creek Pioneer Regional Parks – Dry Creek Trail – In the Garin side of the parks, this is the most used single track hiking trail that connects Garin to Dry Creek Pioneer. Work includes adding treads or stairs and rock to several sections to help with trail navigation. Additional trail posts will be installed to improve wayfinding and prevent social trail creation.
3. Quarry Lakes Regional Recreation Area / Alameda Creek Regional Trails – Spur Trail – Work includes trail clearance on an existing half-mile spur trail in Quarry Lakes. A concrete v-ditch running alongside one edge of the trail is partially silted in and will be cleared. Trees abutting the trail will be trimmed for trail clearance, and dead trees and debris will be removed to reduce wildfire fuels.

The proposed work consists of repair, maintenance, minor alteration, or replacement of existing trail facilities. No activities would occur within a stream, pond, wetland, or other jurisdictional water. As a standard Best

Board of Directors

Elizabeth Echols President Ward 1	Ellen Corbett Vice President Ward 4	John Mercurio Treasurer Ward 6	Olivia Sanwong Secretary Ward 5	Dee Rosario Ward 2	Dennis Waespi Ward 3	Colin Coffey Ward 7	Sabrina Landreth General Manager
-----------------------------------------	-------------------------------------------	--------------------------------------	---------------------------------------	-----------------------	-------------------------	------------------------	-------------------------------------

Management Practice, a biological resources training will be provided to the construction team prior to commencement of the trail improvement work.

DETERMINATION: The Park District reviewed the proposed project and determines it to be exempt from the California Environmental Quality Act (CEQA) under the following sections of *Article 19, Categorical Exemptions*, of the State CEQA Guidelines in the California Administrative Code:

Section 15301 – Existing Facilities. Class 1 categorical exemption for the repair, maintenance, and minor alteration of existing public trails, involving no expansion of use resulting from the implementation of this project. Due to recent storm damage and landslides, debris and brush removal are needed along some sections of trails. Trail treads will also be replaced or repaired as needed.

Section 15302 – Replacement or Reconstruction. Class 2 categorical exemption for replacement of new stair treads to serve the same purpose and capacity and improve public user navigation of the trail.

Section 15304 – Minor Alterations to Land. Class 4 categorical exemption of minor public alterations in the condition of land, and/or vegetation which do not include the removal of healthy, mature, scenic trees. The project includes the removal of overgrown vegetation and storm debris from existing trails with no expansion of former use.
