Re: Phase I Environmental Site Assessment
Anaheim Mini Storage
1761 W. Katella
Anaheim, CA 92804
Project No. 21004064

Dear Mr. Groh:

In accordance with our accepted proposal, AES performed a walk-through survey of the above-referenced property on September 15, 2021. An electronic copy of the report is provided for your use. AES Due Diligence, Inc. is not affiliated with the client or any other parties to this transaction.

We appreciate the opportunity to provide consulting services to you. If you have any questions, please contact Bennett McKenzie at our Dallas Regional Office at (972) 754-0673 or our Corporate Office at (858) 569-0211.

Very truly yours,

AES DUE DILIGENCE, INC.

Robert Presta, MBA, President
Registered Environmental Assessor in the former EPA Program

I IDENTIFICATION

Subject Site: Anaheim Mini Storage

Location: 1761 W. Katella
Anaheim, CA 92804

Observation Date: September 15, 2021

Site Contact: Mr. Randy Reneer
(310) 428-6655

Client: Self Storage Management Company, or their assigns

Reliance: This Report is for the exclusive use of Self Storage Management Company, or their assigns. No other party shall have the right to rely on any service provided by AES Due Diligence, Inc. without prior written consent.

Environmental Professional Statement

We declare that, to the best of our professional knowledge and belief, we meet the definition of Environmental Professional as defined in § 312.10 of 40 CFR 312. We have the specific qualifications based on education, training, and experience to assess a site of the nature, history, and setting of the subject site. We have developed and performed all appropriate inquiries in conformance with the standards and practices set forth in 40 CFR Part 312.

II OBJECTIVE AND SCOPE

Objective

The purpose of this Phase I Environmental Site Assessment is to identify recognized environmental conditions that may have an impact on the subject site, using readily available sources of information, interviews and field observations. It is our understanding the Client intends to sell the site.

Procedures

This Assessment is a Phase I Environmental Site Assessment (ESA) for the improvements located at 1761 W. Katella in Anaheim, CA 92804, performed in general accordance with ASTM Designation E 1527-13, *Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process* and following the Scope of Work outlined in AES Due Diligence, Inc.'s proposal. AES Due Diligence, Inc. (AES) conducted on-site observations on September 15, 2021, interviewed site operations personnel and observed adjacent properties. Environmental Data Resources, Inc. (EDR) conducted database searches following ASTM guidelines. Such searches are generally limited to a radius of one mile from the subject site. Additionally, ASTM Non-Scope items are addressed in this Assessment, including Asbestos, Lead-Based Paint, Radon Gas, Mold, Wetlands and Lead in Drinking Water. No testing was conducted for ASTM Non-Scope items.

Limitations

The purpose of the Phase I ESA of the site is to address the range of contaminants within the scope of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) and petroleum products. If requested by the Client, certain non-scope business environmental risks are addressed in the Assessment. The Phase I ESA is intended to allow the Client to satisfy one of the requirements to qualify for the innocent landowner defense, contiguous property Owner or bonafide prospective purchaser limitations on CERCLA liability: i.e. the practice that constitutes "all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice" as defined in 42 USC § 9601(35)(B). The Phase I ESA does not address whether requirements in addition to appropriate inquiry were met in order to qualify for CERCLA's innocent landowner defense.

The objectives of the Phase I ESA are as follows:

1. Evaluate if recognized environmental conditions (REC), controlled recognized environmental conditions (CREC), historic recognized environmental conditions (HREC) or *de minimis* environmental conditions are present on the site.
2. Provide sufficient documentation of sources, records and resources utilized in conducting the Phase I ESA.

3. Prepare a professional opinion regarding the presence of RECs at the site.

Special Terms and Conditions

The Phase I ESA is intended to reduce, but not eliminate, uncertainty regarding the potential for recognized environmental conditions in connection with the site.

A Phase I ESA attempts to identify the environmental conditions of the site and vicinity. Environmental conditions and regulations are subject to change and re-interpretation. Current conditions or regulatory requirements should not be assumed to continue to represent conditions at some future time. This Assessment represents AES's professional judgments and opinions based on information presented in this Assessment and no warranty, either expressed or implied, are contained herein.

Limitations and Exceptions of Assessment

The surface conditions of the site were noted by visual observations or information obtained during interviews. No physical testing, soil/groundwater sampling or laboratory analysis was included unless otherwise noted in the Assessment.

The executive summary was prepared for the convenience of the users of this Assessment. This summary does not contain all the information presented in this Assessment and, therefore, the entire Assessment should be read to assure all pertinent information is transmitted.

AES performed the Phase I ESA of the site in substantial conformance with the scope and limitations of ASTM E 1527-13, Standard Practice for Environmental Site Assessments: *Phase I Environmental Site Assessment Process* unless otherwise noted in the Assessment. Certain environmental conditions may exist on a site that are beyond the scope of the Standard but may warrant consideration. Per the Standard, this environmental site assessment is presumed to be valid for a specific time limit as defined in ASTM Designation E-1527-13.

AES utilized the following methods to complete the reconnaissance of the site. AES observed the site and adjoining properties for indicators of existing or potential recognized environmental conditions. The site walkover consisted of walking the site boundary and several transects across the site. For a site with buildings, the accessible areas of the buildings were entered and observed. Please note that AES did not look under floors, above ceilings or inside walls. The adjoining properties were observed from the periphery of the site, if possible. The observations were documented with representative photographs.

The following limiting condition was encountered during the course of the Phase I ESA:

- A person with knowledge of the subject site prior to the existing improvements was not found.

This did not preclude AES from developing an opinion regarding the environmental condition of the site.

Documents

Our Assessment represents our professional experience and judgment, and a good faith effort to obtain all available information. Documents and data provided by the Client, its designated representatives, or other interested parties, and consulted in the preparation of this Assessment, have been reviewed and may be referenced herein, with the understanding that AES assumes no responsibility or liability for their accuracy or for the withholding by any of the involved parties of any assessments or other information that could affect the transaction.

Intended Use

AES Due Diligence, Inc. is not affiliated with the borrower or any other parties to this transaction. This Assessment is intended to be used in its entirety. No portion of it may be deleted or used out of context without the written consent of AES. The opinions and information contained in this Assessment are time sensitive and represent our evaluation of the environmental site conditions at the time the services were provided. This Assessment was prepared for a limited use involving a single transaction, as set forth herein, and may not be used for any other purpose without the written consent of AES.

Proprietary Information

Field data, field notes, and other data and documents assembled by AES to produce this Assessment represent the work product of AES's training, experience and professional skill. This information belongs to and remains the property of AES Due Diligence, Inc.

Definitions

ASTM defines a Recognized Environmental Condition (REC) as “the presence or likely presence of a hazardous substance or petroleum products in, on, or at a property: 1) due to release to the environment; 2) under conditions indicative of a release to the environment; or 3) under conditions that pose a material threat of a future release to the environment.”

A Controlled Recognized Environmental Condition (CREC) is defined as “a recognized environmental condition resulting from a past release of hazardous substances or petroleum products that has been addressed to the satisfaction of the applicable regulatory authority (for example, as evidenced by the issuance of a no further action letter or equivalent, of meeting risk-based criteria established by regulatory authority), with hazardous substances or petroleum products allowed to remain in place subject to the implementation of required controls (for example, property use restrictions, activity and use limitations, institutional controls, or engineering controls).”

A Historic Recognized Environmental Condition (HREC) is defined as "a past release of any hazardous substances or petroleum products that has occurred in connection with the property and has been addressed to the satisfaction of the applicable regulatory authority or meeting unrestricted use criteria established by a regulatory authority, without subjecting the property to any required controls (for example, property use restrictions, activity and use limitations, institutional controls, or engineering controls)."

A *de minimis* environmental condition "generally does not present a threat to human health or the environment and that generally would not be the subject of an enforcement action if brought to the attention of appropriate government agencies." Conditions determined to be *de minimis* are not a REC.

Business Environmental Risk (BER) is a risk, which can have a material environmental or environmentally-driven impact on the business associated with the current or planned use of the parcel of commercial real estate, not necessarily limited to those environmental issues investigated in this Phase I ESA. Business environmental risk issues may involve addressing one or more non-scope considerations.

III PROPERTY DESCRIPTION

Site Visit and Interviews

On September 15, 2021, AES visited the subject site and reviewed the fixed facility. The on-site attendant allowed access to the buildings and site. Mr. Randy Reneer, Property Manager with the Self Storage Management Company, answered questions concerning the subject site.

AES observed the interiors and contents of representative occupied tenant spaces, common areas and maintenance areas and noted operations and activities at the subject site. AES looked for suspect asbestos-containing building materials, stored chemicals, underground and aboveground storage tanks, unusual surface appearance, wetlands and other issues that may indicate environmental conditions on the subject site. AES noted the location of on-site electrical power transformers and storm drainage structures where these were encountered. AES observed sites adjoining the subject site and areas within the immediate vicinity of the subject site.

AES photographed selected features at or near the subject site to support this written Assessment. The photographs are identified, described and appended to this Assessment.

Subject Site

The project is situated on a tract of land estimated to be approximately 1.94 acres. The subject site is located at the northeast corner of West Katella Avenue and Humor Drive in the southwest portion of Anaheim. The original improvements were completed in 1963 and the building was an office and computer data center for the banking industry for many years.

According to the EDR Database Report the topography of the site is nearly level and slopes slightly to the southwest. The site has a maximum surface elevation difference of approximately three feet. Additional slopes are provided around the improvements for storm water drainage. On-site storm water drainage is by sheet flow to catch basins and curb inlets connected to the local municipal storm sewer system.

The parking and driveway areas are asphaltic concrete paved. Entry driveway aprons, rubbish dumpster pads, and sidewalks are concrete paved.

A pad-mounted, utility- company-owned electrical transformer is provided on site. Anaheim is the electrical supplier and is responsible for transformer-related incidents. No natural gas service is provided. The site is provided with municipal water and sanitary sewer services from buried utilities along the adjacent thoroughfares.

Buildings

The property has two buildings. The original two-story building, with a basement was completed in 1963 and contained a branch bank, and the offices and computer equipment associated with a banking data center. (See the building plan below.)

In 1989, a Certificate of Occupancy was issued for a 2,700 square foot building located north of the original building that was used for a stand-by generator and UPS battery back-up for the computer center. (See the Certificated of Occupancy below.)

	CERTIFICATE OF OCCUPANCY	
	This structure has been inspected and is in compliance with the applicable provisions and ordinances of The City of Anaheim. Any change of occupancy group requires renewal of this Certificate.	
Classification: <u>2,700 s.f. Stand-By Generation & UPS</u>		
Group <u>B2</u> Type <u>IIINS</u> No. of Stories <u>1</u> Use Zone <u>3</u> Permit No. <u>10905</u>		
Building Owner: <u>TRW</u>		
Building Address: <u>1761 W. Katella Ave.</u>		
 Building Official	By: <u>Betty N. DeWald</u> Date: <u>8/11/39</u>	
POST IN A CONSPICUOUS PLACE		

During 1996, the prior generator, including fuel tanks were removed and the buildings were renovated to accommodate the existing mini storage use.

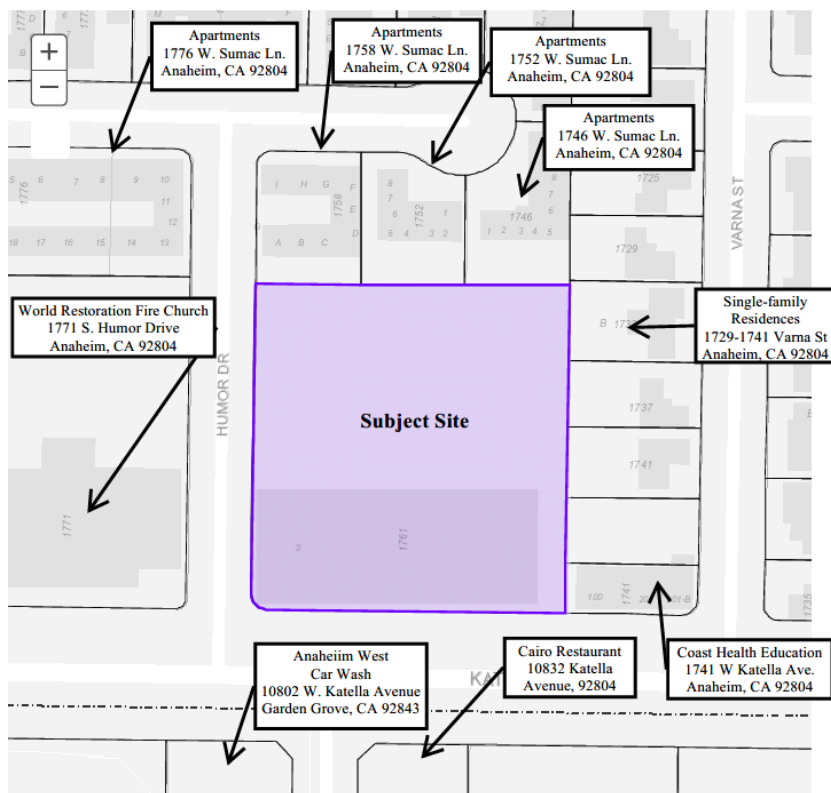

The Owner indicates that now there is a total of 68,014 square feet (sf) of gross floor area. The site is occupied by a single tenant: Anaheim Ministorage. The Architect of Record is unknown. Construction plans were not provided for our reference.

Buildings are built from reinforced masonry and concrete construction supported on shallow foundations. The exterior walls are constructed of reinforced concrete masonry units (CMU) with painted concrete. There is a basement beneath the original building. Roofing consists of a gradient sloped, built-up system. The buildings are provided with roof-mounted HVAC units. Heating and cooling are provided by packaged electric heat pump units. Hydraulically driven elevators provide access the basement and upper floor. The area around the elevator equipment was clean and dry with no signs of leaking or staining.

Interior wall surfaces are typically painted CMU or painted, textured drywall. Suspended acoustical ceilings are provided in some office areas. Exposed structure is typical in the storage areas. The exterior surfaces of the buildings are typically painted CMU, painted stucco or painted concrete.

Adjoining Properties

Properties immediately adjoining the subject site are shown below:

Because of the controlled surface drainage and the predominantly non-hazardous uses on the adjoining properties, most do not, in our opinion, pose a significant environmental risk to the subject site.

- 1) The adjoining Anaheim West Car Wash to the south is listed as a LUST site
- 2) The adjoining church site address to the west is listed in the UST data.

These are discussed in the Database Review Section below.

Vicinity

AES observed other properties located near the subject site for current uses or conditions that might be environmentally significant. The local area properties observed by AES did not appear to be engaged in environmentally significant activities.

Topography and Hydrogeology

AES reviewed the United States Geological Survey (USGS) Topographic Map, which indicates that the subject site is approximately 111 feet above mean sea level. AES observed that the general drainage flows in a southwesterly direction across the surface of the site. No substantial grade changes appear to have been made to the subject site when compared to the topography of surrounding sites. A copy of the USGS topographic map that covers the subject site is appended.

AES did not observe site grading activities at the site.

Geology and Surficial Soils

According to the EDR Database Report, the subject site is located above Cenozoic era stratified sequence bedrock. The depth to bedrock is unknown.

According to the information obtained through the EDR Database Report, the subject site is located in an area of Hueneme and San Emigido fine sandy loam soils. These soil types have moderate permeability and would be expected to have moderate susceptibility as a result of surface spreading of wastes, depending upon local soil conditions.

Surface and Ground Water Flow

The regional surface water flows in a southwesterly direction according to the EDR Database Report. The ground water flow in the area is assumed to be to the southwest. The depth to ground water is estimated to be approximately 60 feet below ground surface (bgs).

IV SITE HISTORY

No prior Environmental Reports were provided for our reference. AES conducted a limited historical review regarding the subject site. The following summarizes AES's review of readily available historical records and maps gathered from government agencies and commercial enterprises regarding the subject site history and use. This should not be considered a listing of all available information.

Interviews

Mr. Reneer was not aware of the use of the site prior to the construction of the current improvements. Mr. Robert Abernethy stated that the subject site was previously a data center with an adjoining emergency generator that was removed along with all UPS batteries and prior fuel tanks. A completed and signed Environmental Questionnaire is appended.

Building Department Records Review

The permits for the original building were issued in 1962 and the building was completed in 1963. Permit records show that the basement was remodeled in 1980. A separate emergency generator building was constructed to the north of the original building during 1989. In 1996 the original buildings were reconfigured into the existing self-storage facility.

Regulatory Agency File Review

AES filed Freedom of Information Act requests with the following agencies: None. No issues requiring request for file review were found. Documents and data appended to this Report were obtained from the on-line records site: <https://geotracker.waterboards.ca.gov>

Aerial Photograph and Historical Map Review

Aerial photographs are reviewed to identify past site use and areas of environmental concern on the subject site. AES has reviewed aerial photographs of the subject site. The photographs were obtained from E Data Resources. Copies of the aerial photographs that were obtained and reviewed by AES are appended. Please see chart below for the specific dates and description summary.

Beginning in the 1860s, the Sanborn Fire Insurance Company, and others, prepared maps that depict site improvements and commercial activities in many metropolitan areas in the United States. AES attempted to obtain fire insurance maps, specific to the site, to review as part of this Phase I Environmental Site Assessment. According to EDR, no Sanborn Maps were produced for this site.

Historical maps provide information concerning historical site boundaries and improvements. Historic Topographic Maps were reviewed for the site; please see the chart below for enumeration of years and findings.

The historical maps reviewed were obtained from EDR and are appended.

Site History Summary		
Date	Record Type	Land Use
1896	Historical Topographic Map	Undeveloped land
1898	Historical Topographic Map	Undeveloped land
1901	Historical Topographic Map	Undeveloped land
1902	Historical Topographic Map	Undeveloped land
1935	Historical Topographic Map	Agricultural uses (citrus trees)
1938	Aerial Photograph	Agricultural uses (citrus trees)
1942	Historical Topographic Map	Agricultural uses (citrus trees)
1947	Aerial Photograph	Agricultural uses (citrus trees)
1949	Historical Topographic Map	Agricultural uses (citrus trees)
1950	Historical Topographic Map	Agricultural uses (citrus trees)
1953	Aerial Photograph	Undeveloped land or farmland
1963	Aerial Photograph	Original structure
1965	Historical Topographic Map	Developed land (shaded area)
1972	Aerial Photograph	Original structure
1972	Historical Topographic Map	Developed land (shaded area)
1977	Aerial Photograph	Original structure
1981	Historical Topographic Map	Developed land (shaded area)
1987	Aerial Photograph	Original structure
1990	Aerial Photograph	Current structures
1994	Aerial Photograph	Current structures
2005	Aerial Photograph	Current structures
2009	Aerial Photograph	Current structures
2012	Aerial Photograph	Current structures
2012	Historical Topographic Map	Reference Map
2016	Aerial Photograph	Current structures

Based on AES's interpretation of the available documentation noted above the first developed and historic site use was primarily agricultural uses. No evidence of long-term fill activity, surface scarring, staining or other issues of environmental concern were visible in the aerial photographs during the review process.

Directories

City directories sometimes provide information concerning historical site ownership and use. A city directories abstract was provided by EDR for the years 1920 to 2015. The city directories show no listings at the subject site prior to the original data center building.

The city directories show the following listings for the subject site:

YEAR	OCCUPANT NAME	PUBLISHER
2015	ANAHEIM MINI STORAGE	Cole Information Services
2009	ANAHEIM MINI STORAGE	Cole Information Services
2009	SELF STORAGE MANAGEMENT	Cole Information Services
2004	ANAHEIM MINI STORAGE	Cole Information Services
1999	ANAHEIM MINI STORAGE	Cole Information Services
1999	GARDEN GROVE MINI STORAGE	Cole Information Services
1999	MIDWAY DIVERSIFIED ENTERPRISE INCORPORATED	Cole Information Services
1999	MINI STORAGE INFORMATON	Cole Information Services
1975	TRW Credit Data	Luskey Brothers & Co., Inc.
1970	CREDIT DATA CORP W KATELLA ANH	Ross Publications
1970	TRW CREDIT DATA	General Telephone Co., of California

No issues of environmental concern were found in the city directories.

Title Records Review

A title records review, or chain-of-title, can be used to identify prior ownership of a property and to evaluate previous activities or operations in terms of environmental significance. Significant easements, covenants, restrictions and environmental liens may be indicated in title records. A chain-of-title regarding the subject site was not provided to AES for review as part of this Phase I Environmental Site Assessment.

Document Review

No documents or reports prepared by others were provided for our reference.

An Environmental Site Assessment Questionnaire was completed by the comptroller of Self Storage Management. The questionnaire identifies that asbestos-containing material (ACM) on roof framing/rafters. We estimated this to mean fireproofing on the structural members. The date-of-construction is shown to be unknown, and no other issue of environmental significance was noted.

Data Gaps

The history and land use of the subject site has been determined by review of available historical aerial photographs, city directories, old topographic maps, personal interviews, public agency records, and other available resources. This history has been extended back as far as "it can be shown that the property contained structures or from the time the property was first used for residential, agricultural, commercial, industrial or governmental purposes." Necessary and available historical resources (aerial photographs, fire insurance maps, USGS topographic maps, historical city directories, building department records, zoning/land use records, interviews, etc.) were reviewed to establish a thorough land use history in order to identify historical environmental conditions. The following is a list of data gaps (insufficient data) and associated potential environmental significance:

No Data Gaps (insufficient data) were identified by AES.

V ENVIRONMENTAL SITE ASSESSMENT

Fixed Facilities Review

The improvements observed by AES on September 15, 2021, were found to have been completed in 1963. Several renovations and modifications have been made over time to meet maintenance requirements and tenant needs. The existing Owner purchased the property in 1988 and renovation occurred during 1988-1989 to convert the buildings into mini storage use.

Mr. Reneer has no knowledge of asbestos containing materials or lead-based paint associated with the buildings.

Mr. Reneer stated that landscape maintenance services are performed by outside contractors. No landscape equipment is stored on the subject site. Neither automotive nor landscape equipment is maintained at the subject site.

Site Tenant Activities

AES reviewed the current tenant for operations that may use regulated materials or generate waste products. AES observed the accessible interior and exterior common areas and maintenance areas. The site is occupied by a single tenant: Anaheim Mini Storage.

AES confirmed the nature of tenant activities in the buildings, which consist of mini storage and trailer and RV storage. AES entered and observed the activities at sample areas of each building and the exterior and perimeter zones between and around the buildings. Also view the elevators and mechanical rooms.

Upon review of the activities at the above locations, AES found no specific environmental concerns regarding the tenant activities.

On-Site Chemical and Petroleum Product Storage

AES looked for chemicals, hazardous substances, petroleum-based fuels and lubricants, and janitorial and cleaning supplies stored on the subject site. No other chemicals or hazardous substances were observed on the subject site other than shelf quantities of commonly available janitorial and cleaning supplies, and latex paint used for touch-up.

Waste Disposal Practices

AES identified the current wastes generated at the subject site. According to Mr. Reneer and AES's observations, general and recycled wastes are disposed of from the subject site. Areas of waste storage appeared to be well kept and free of debris.

General and recycled wastes are collected, placed in dumpsters, removed from the subject site on an as-needed basis, and disposed of by a local provider (Republic).

Underground and Aboveground Storage Tanks

Owners and operators of certain USTs are required to register those USTs with the state agency responsible for administering the federally mandated UST program. A search of the list of registered USTs in California, prepared by EDR, showed that there are no registered USTs located on the subject site.

AES interviewed Mr. Reneer regarding the presence of USTs and ASTs on the subject site. Mr. Reneer stated that there are no registered USTs and no registered ASTs located on the subject site.

SWEEP UST database shows that TRW (a former tenant until 1988) is listed as the owner of a 15,000-gallon UST at the subject site. AES has requested a copy of the tank closure report for this historical on-site UST; however, none was provided. No leaking incidents are reported for the UST.

AES interviewed Mr. Reneer regarding the past use of heating fuels on the subject site to ascertain whether USTs or ASTs may have been utilized on site for the storage of heating fuels or oils. Mr. Reneer stated that to his knowledge the improvements have always been heated by electricity. AES's observations confirmed the nature of the current heating systems at the subject site.

AES visually observed the subject site for surficial evidence of USTs and ASTs. AES did not observe evidence of USTs or ASTs at the subject site.

Polychlorinated Biphenyls (PCBs)

Federal regulations put into effect following the Toxic Substances Control Act (TSCA) require that electrical transformers be labeled to identify their PCB content. Manufacture and distribution of PCBs was banned in 1979. Transformer owners are responsible for compliance with all applicable regulations governing those transformers, including maintenance of the transformer and any remediation work resulting from a transformer-related incident.

A pad-mounted, utility-company-owned electrical transformer is provided on site. The observed electrical transformer appeared to be in good condition with no visible leaks. Areas around the electrical transformer exhibited no signs of visible staining or abnormal appearance. AES did not observe any label on the electrical transformers identifying the PCB content.

Based on utility ownership and no observed leaks, AES recommends no further action with regard to PCBs in transformers.

Exterior Surface Condition

AES observed the exterior surface of the subject site. It is estimated that 95% of the subject site surface was covered by improvements and pavement. AES's observation of the site soil surfaces was therefore limited to the landscaped areas.

None of the historical documentation reviewed, indicated that the subject site was previously utilized as a quarry and/or solid waste disposal facility.

No pits, ponds or lagoons were observed at the subject site during the site visit. No areas of distressed or dead vegetation, surface depressions or surface stains attributed to chronic leaks or spills were observed during the site visit.

Interior Surface Condition

AES observed portions of the interior surfaces of the buildings for evidence of unusual conditions. We found no evidence of unusual conditions in the areas we observed.

Vapor Encroachment Condition (VEC)

A Vapor Encroachment Screening was performed for the subject site following the guidelines of ASTM E2600-15, Tier 1 Vapor Encroachment Screening. The screening consists of an initial search of all standard government record databases and EDR's proprietary historical records related to former dry cleaners, gas stations and manufactured gas plants within the 1/3 mile radius (default Area of Concern-AOC). Based on local ground water flow direction knowledge, AES reduced the AOC by the Buonicore Method. Individual facilities within the remaining AOC were evaluated.

Based on this evaluation, a VEC can be ruled out because a VEC does not exist or is not likely to exist.

VI DATABASE RECORDS REVIEW

Environmental Records Review

An environmental records database search report dated September 15, 2021, was provided by Environmental Data Resources (EDR). A copy of EDR's report is appended. The following discussion excerpts specific items from the report that deserve additional description.

In addition to the mapped sites in the EDR report, there may also be a list of unmapped sites. These are reported database sites that, due to incomplete addressing information, could not be accurately plotted by EDR. In an attempt to locate all unmappable sites, AES compared each address provided on the unmappable site list to known addresses of the site and vicinity and attempted to locate unmappable sites during reconnaissance of the vicinity. AES concludes that no unmappable sites were identified that meet the search radius criteria of the scope of work and are considered to be environmentally significant to the subject site.

Superfund Enterprise Management System (SEMS) – Formerly Comprehensive Environmental Response, Compensation and Liability Information System (CERCLIS)

Since 1982, the U.S. EPA has maintained lists of contaminated sites under the federal Superfund Program in accord with the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA). The U.S. EPA discovers these sites from citizen reports, routine inspection of hazardous waste generators, treatment, storage and disposal facilities, and reporting requirements.

Superfund Enterprise Management System (SEMS) tracks hazardous waste sites, potentially hazardous waste sites, and remedial activities performed in support of EPA's Superfund Program across the United States. The list was formerly known as CERCLIS, renamed to SEMS by the EPA in 2015. The list contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). This dataset also contains sites which are either proposed to or on the National Priorities List (NPL) and the sites which are in the screening and assessment phase for possible inclusion on the NPL.

Review of the SEMS list provided by EDR identifies no SEMS sites within the approximate minimum search distance of one-half mile from the subject site.

Federal CERCLIS-NFRAP List (SEMS Archive)

CERCLA sites designated No Further Remedial Action Planned (NFRAP) have been removed from CERCLIS. CERCLIS-NFRAP sites may be where, following an initial investigation, no contamination was found, contamination was removed quickly without the need for the site to be placed on the National Priorities List (NPL), or the contamination was not serious enough to require Federal Superfund action or NPL consideration. CERCLIS-NFRAP sites, however, may continue to represent a concern to local or state regulators. CERCLIS-NFRAP was renamed to SEMS Archive by the EPA in 2015.

Review of the SEMS Archive list provided by EDR identifies no SEMS Archive sites within the ASTM standard minimum search distance of one-half mile from the subject site.

National Priorities List

The U.S. EPA maintains this list as a subset of CERCLIS, identifying over 1,200 CERCLA sites for priority cleanup under the Superfund Program. Once sites have been designated on the CERCLIS list, the U.S. EPA uses its Hazard Ranking System to determine the potential risks of those sites to human health and the environment. Only the sites that present the greatest risk are added to the NPL, which qualifies the sites to receive CERCLA remedial funding.

Review of the NPL list provided by EDR identifies no NPL sites within the approximate minimum search distance of one mile from the subject site.

RCRA – Generators

The U.S. EPA's RCRA (Resource Conservation and Recovery Act, 42 U.S.C. '6991 *et seq.*) Program identifies and tracks hazardous waste from the point of generation to the point of disposal. Generators are also listed in the FINDS database.

Review of the RCRA LQ-Generator list provided by EDR identifies one RCRA-LQG site. There are no RCRA-LQG facilities on the subject site and there are no RCRA-LQG facilities on adjoining properties.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
CVS PHARMACY # 8874 EPA ID:: CAR000234443	1676 W. KATELLA AVEN	ESE 1/8 - 1/4 (0.182 mi.)

This listing is for disposal of off-spec tobacco products.

The above referenced RCRA LQ-Generator facilities were evaluated based on the following criteria: violator status, area geology, gradient relationship and separation distance. Based on this evaluation, and due to their regulated nature, it is believed that this does not represent an environmental concern to the subject site.

Review of the RCRA SQ-Generator list provided by EDR identifies a total of eight RCRA-SQG sites listed. There are no RCRA-SQG facilities on the subject site and there is one on an adjoining property Pacific Bell, located at 1771 Katella. No violations were shown for this facility.

The above referenced RCRA SQ-Generator facilities were evaluated based on the following criteria: violator status, area geology, gradient relationship and separation distance. Based on this evaluation, and due to their regulated nature, it is believed that this does not represent an environmental concern to the subject site.

RCRA - Treatment, Storage, Disposal Facilities (TSD)

The Resource Conservation and Recovery Act Information System (RCRIS) is a compilation of selective information on facilities that generate, store, transport, treat or dispose of hazardous waste. Inclusion of a facility on the RCRIS database is not necessarily an indication of an environmental problem.

Review of the RCRIS-TSD list provided by EDR identifies no RCRIS-TSD sites listed within the ASTM standard minimum search distance of one mile from the subject site.

Emergency Response Notification System (ERNS)

The ERNS is a compilation of reported releases of hazardous substances into the environment. The database contains information from Spill reports made to federal authorities, including the U.S. EPA, the U.S. Coast Guard, the National Response Center, and the U.S. Department of Transportation.

Review of the ERNS list provided by EDR identifies no ERNS listings adjacent or at the subject site.

EnviroStor

The Department of Toxic Substances Control's (DTSC's) Site Mitigation and Brownfields Reuse Program's (SMBRP's) EnviroStor database identifies sites that have known contamination or sites for which there may be reasons to investigate further. The database includes the following site types: Federal Superfund sites (National Priorities List (NPL)); State Response, including Military Facilities and State Superfund; Voluntary Cleanup; and School sites. EnviroStor provides similar information to the information that was available in CalSites, and provides additional site information, including, but not limited to, identification of formerly-contaminated properties that have been released for reuse, properties where environmental deed restrictions have been recorded to prevent inappropriate land uses, and risk characterization information that is used to assess potential impacts to public health and the environment at contaminated sites.

Review of the list provided by EDR identifies two sites within the ASTM standard minimum search distance of one mile from the subject site. There are no facilities on the subject site and there are no facilities on adjoining properties.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
LOARA HIGH SCHOOL Facility Id: 30820023 Status: No Further Action	1765 WEST CERRITOS A	N 1/4 - 1/2 (0.454 mi.)
ANAWOOD CLEANERS Facility Id: 30720011 Status: Refer: 1248 Local Agency	1223 S EUCLID	N 1/2 - 1 (0.894 mi.)

The above referenced facilities were evaluated based on the following criteria: violator status, area geology, gradient relationship and separation distance. Based on this evaluation, and due to their regulated nature, it is believed that this does not represent an environmental concern to the subject site.

Solid Waste Facilities/Landfills (SWF/LS)

Solid waste records typically contain an inventory of solid waste disposal facilities or landfills in a particular state. Depending on the state, these may be active or inactive facilities or open dumps that failed to meet RCRA Section 2004 criteria for solid waste landfills or disposal sites.

Review of the list provided by EDR identifies no sites within the ASTM standard minimum search distance of one-half mile from the subject site.

Leaking Underground Storage Tanks (LUSTs)

LUST records contain an inventory of reported leaking underground storage tank incidents. Not all states maintain these records, and the information stored varies by state. LUSTs are also listed in the CORTESE database.

Review of the list provided by EDR identifies ten sites within the ASTM standard minimum search distance of one-half mile from the subject site. There are no facilities on the subject site and there is one on an adjoining property (Anaheim West Car Wash). Four of the listings are beyond one-quarter mile radius and do not appear to represent an environmental concern to the subject site. The remaining six are listed as follows:

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
CHEVRON Database: ORANGE CO. LUST, Date of Government Version: 03/01/2021 Database: LUST REG 8, Date of Government Version: 02/14/2005 Database: LUST, Date of Government Version: 06/03/2021 Status: Completed - Case Closed Facility Id: 86UT195 Facility Status: Case Closed Global Id: T0605900392 Global ID: T0605900392	10972 KATELLA	ESE 0 - 1/8 (0.100 mi.)

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
UNOCAL Database: LUST REG 8, Date of Government Version: 02/14/2005 Database: LUST, Date of Government Version: 06/03/2021 Status: Completed - Case Closed Facility Status: Case Closed Global Id: T0605900342 Global Id: T0605940566 Global ID: T0605900342 Global ID: T0605940566	1771 EUCLID	E 0 - 1/8 (0.118 mi.)
STATION #3976 Database: ORANGE CO. LUST, Date of Government Version: 03/01/2021 Facility Id: 85UT089 Facility Id: 88UT044	1771 S EUCLID ST	E 0 - 1/8 (0.120 mi.)
<u>Lower Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
ANAHEIM WEST CAR WAS Database: LUST REG 8, Date of Government Version: 02/14/2005 Facility Status: Case Closed Global ID: T0605901657	10802 KATELLA	SSW 0 - 1/8 (0.018 mi.)

The Closure file for the adjoining car wash to the south is appended to this Report.

The above referenced facilities were evaluated based on the following criteria: violator status, area geology, gradient relationship, and separation distance. Based on this evaluation, and due to their regulated nature, it is believed that this does not represent an environmental concern to the subject site.

CA CPS-SLIC: Cleanup Program Sites

CPS; also known as Site Cleanups [SC] and formerly known as Spills, Leaks, Investigations, and Cleanups [SLIC] sites) included in GeoTracker. GeoTracker is the Water Boards data management system for sites that impact, or have the potential to impact, water quality in California, with emphasis on groundwater.

A review of the CA CPS-SLIC list, as provided by EDR, has revealed that there is one site within approximately one-half mile of the target property.

<u>Lower Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
JAGUAR CLEANERS Database: SLIC REG 8, Date of Government Version: 04/03/2008 Database: CPS-SLIC, Date of Government Version: 06/03/2021 Facility Status: Completed - Case Closed Facility Status: Closed Global Id: SL0605936191	10850 KATELLA	S 0 - 1/8 (0.016 mi.)

The Closure Letter for this site is appended to this Report.

The above referenced facility was evaluated based on the following criteria: violator status, area geology, gradient relationship and separation distance. Based on this evaluation, and due to its regulated nature, it is believed that this facility does not represent an environmental concern to the subject site.

Underground Storage Tanks (USTs)

Certain USTs are regulated under the RCRA Act and must be registered with the state agency responsible for administering the UST program. USTs are also listed in the CA FID database. Inclusion of a facility on the UST database is not necessarily an indication of an environmental problem.

EDR identified the subject site as having a registered UST and registration in the Hazardous Waste Tracking System (HWTS) as follows:

Site	Database(s)
TRW, INC. 1761 KATELLA AVENUE ANAHEIM, CA 92805	HAZNET GEPAID: CAC000737624 HWTS
1X TRW INC., CREDIT 1761 WEST KATELLA ANAHEIM, CA 92804	HAZNET GEPAID: CAC000208898 HWTS
T R W 1761 W KATELLA AVE ANAHEIM, CA 92804	SWEEPS UST Status: A Tank Status: A Comp Number: 10618 CA FID UST Facility Id: 30017765 Status: A EMI Facility Id: 5423

No evidence of the former USTs at the subject site were observed during our on-site visit and Geotracker database does not include UST information for the subject property. Furthermore, Jamie Groh was asked to review the owners' records regarding a 15,000-gallon UST and nothing was found. Lastly, TRW allegedly operated the tank in 1970-1975. This UST was 15,000-gallon in capacity and stored motor vehicle fuel. The size of this tank is very uncharacteristic as a backup fuel tank for a generator or UST for a small fleet. Based on the lack of verification information with respect to this UST, AES considers the UST an EDR error. No further action is warranted.

Nine other UST facilities are listed in the UST database and two are listed in the SWEEPS UST database; however, none are located on adjoining properties.

The above referenced facilities were evaluated based on the following criteria: violator status, area geology, gradient relationship and separation distance. Based on this evaluation, and due to their regulated nature, it is believed that these facilities do not represent an environmental concern to the subject site.

CA CERS HAZ WASTE

This is a list of sites in the California Environmental Protection Agency (CalEPA) Regulated Site Portal which fall under the Hazardous Chemical Management, Hazardous Waste Onsite Treatment, Household Hazardous Waste Collection, Hazardous Waste Generator, and RCRA LQ HW Generator programs.

A review of the list revealed that nine sites within approximately one-quarter mile of the subject site.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
WALMART #5639	10912 KATELLA AVE	ESE 0 - 1/8 (0.082 mi.)
EUCLID-KATELLA CHEVR	10972 KATELLA AVENUE	ESE 0 - 1/8 (0.108 mi.)
WESTERN DENTAL	1696 W KATELLA AVE	ESE 1/8 - 1/4 (0.139 mi.)
CVS PHARMACY #8874	1676 W KATELLA AVE	ESE 1/8 - 1/4 (0.182 mi.)
PNS BIG LOTS #4252	1670 W KATELLA AVE	ESE 1/8 - 1/4 (0.194 mi.)
DD'S DISCOUNTS #5143	1660 W. KATELLA AVE	E 1/8 - 1/4 (0.226 mi.)
<u>Lower Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
DOLLAR TREE #04725	10840 KATELLA AVE	SSE 0 - 1/8 (0.019 mi.)
ANAHEIM WEST CAR WAS	10802 KATELLA AVE	SSW 0 - 1/8 (0.050 mi.)
WILBUR LORBEER	10870 KATELLA AVE	SSE 0 - 1/8 (0.122 mi.)

The above referenced facilities were evaluated based on the following criteria: violator status, area geology, gradient relationship and separation distance. Based on this evaluation, and due to their regulated nature, it is believed that this does not represent an environmental concern to the subject site.

CA HIST UST: Historical UST Registered Database

A review of the CA HIST UST list, revealed that there are eleven CA HIST UST sites within approximately one-quarter mile of the target property.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
PEP BOYS - GARDEN GR Facility Id: 00000005110	10912 KATELLA AVE	SE 0 - 1/8 (0.045 mi.)
PEP BOYS #13 92069 Facility Id: 00000062192	10912 KATELLA AVE 10972 KATELLA AVE	SE 0 - 1/8 (0.045 mi.) ESE 0 - 1/8 (0.108 mi.)

STATION 3976 WALT THOMAS 76 Facility Id: 00000017869	1771 SOUTH EUCLID AV 1771 SO EUCLID	E 0 - 1/8 (0.120 mi.) E 0 - 1/8 (0.120 mi.)

<u>Lower Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
ANAHEIM WEST CAR WAS Facility Id: 00000018427	10802 KATELLA AVE	SSW 0 - 1/8 (0.050 mi.)
KMART ENTERPRISES Facility Id: 00000002802	10870 KATELLA AVE	SSE 0 - 1/8 (0.123 mi.)
SOUTHLAND AMBULANCE Facility Id: 00000048620	10600 KATELLA AV	WSW 1/8 - 1/4 (0.221 mi.)

The above referenced facilities were evaluated based on the following criteria: violator status, area geology, gradient relationship and separation distance. Based on this evaluation, and due to their regulated nature, it is believed that this does not represent an environmental concern to the subject site.

CA FID UST: The Facility Inventory Database

This list contains active and inactive underground storage tank locations. The source is the State Water Resource Control Board.

A review of the list revealed that there are six CA FID UST sites within approximately one-quarter mile of the subject site. Only three are identified as topographically higher.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
PEP BOYS #13 Facility Id: 30006954 Status: A	10912 KATELLA AVE	SE 0 - 1/8 (0.045 mi.)
EUCLID-KATELLA CHEVR Facility Id: 30000658 Status: A	10972 KATELLA AVENUE	ESE 0 - 1/8 (0.108 mi.)

<u>Lower Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
ANAHEIM WEST CAR WAS Facility Id: 30001392 Status: A	10802 KATELLA	SW 0 - 1/8 (0.016 mi.)
KATELLA CLEANERS Facility Id: 30005472 Status: A	1717 KATELLA	WSW 0 - 1/8 (0.039 mi.)
K MART Facility Id: 30001920 Status: A	10870 KATELLA AVE	SSE 0 - 1/8 (0.123 mi.)
SOUTHLAND AMBULANCE/ Facility Id: 30002690 Status: A	10600 KATELLA AVE	WSW 1/8 - 1/4 (0.221 mi.)

The above referenced facilities were evaluated based on the following criteria: violator status, area geology, gradient relationship and separation distance. Based on this evaluation, and due to their regulated nature, it is believed that this does not represent an environmental concern to the subject site.

CA CERS TANKS

This is a list of sites in the California Environmental Protection Agency (CalEPA) Regulated Site Portal which fall under the Aboveground Petroleum Storage and Underground Storage Tank regulatory programs.

The list revealed one site within approximately 0.25 miles of the target property.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
EUCLID-KATELLA CHEVR	10972 KATELLA AVENUE	ESE 0 - 1/8 (0.108 mi.)

The above referenced facility was evaluated based on the following criteria: violator status, area geology, gradient relationship and separation distance. Based on this evaluation, and due to its regulated nature, it is believed that this facility does not represent an environmental concern to the subject site.

FUDS

This list includes locations of Formerly Used Defense Sites Properties where the US Army Corps of Engineers is actively working or will take necessary cleanup actions.

A review of the revealed that no sites within approximately one mile of the target property.

CA DRY CLEANERS

This is a list of drycleaner related facilities that have EPA ID numbers. These are facilities with certain SIC codes: power laundries, family and commercial; garment pressing and cleaners' agents; linen supply; coin-operated laundries and cleaning; drycleaning plants except rugs; carpet and upholstery cleaning; industrial launderers; laundry and garment services.

A review of the list revealed eight sites within approximately one-quarter mile of the target property.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
ROYAL CLEANERS Database: DRYCLEAN SOUTH COAST, Date of Government Version: 05/18/2021	1721 W KATELLA AVE	ESE 0 - 1/8 (0.071 mi.)

<u>Lower Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
CIRCLE K CLEANERS	10850 KATELLA AVE	S 0 - 1/8 (0.019 mi.)
Database: DRYCLEAN SOUTH COAST, Date of Government Version: 05/18/2021		

The above referenced facilities were evaluated based on the following criteria: violator status, area geology, gradient relationship and separation distance. Based on this evaluation, and due to their regulated nature, it is believed that this does not represent an environmental concern to the subject site.

EDR Historical Cleaners: EDR has searched selected national collections of business directories and has collected listings of potential dry cleaner sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include dry cleaning establishments. The categories reviewed included, but were not limited to dry cleaners, cleaners, laundry, Laundromat, cleaning/laundry, wash & dry etc.

Review of the list provided by EDR identifies no Historical Dry Cleaner listings adjacent to or at the subject site.

EDR Hist Auto

EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. The review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns but may not show up in current government records searches.

A review of the revealed that there are two EDR Hist Auto sites within approximately one-quarter mile of the subject site.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
BOBS CHEVRON SERVICE	10972 KATELLA AVE	ESE 0 - 1/8 (0.108 mi.)
<u>Lower Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
ANA-GROVE CAR WASH	10802 KATELLA	SSW 0 - 1/8 (0.050 mi.)

The above referenced facilities were evaluated based on the following criteria: violator status, area geology, gradient relationship and separation distance. Based on this evaluation, and due to their regulated nature, it is believed that this does not represent an environmental concern to the subject site.

DEED (Institutional Controls)

Site Mitigation and Brownfield's Reuse Program Facility Sites with Deed Restrictions & Hazardous Waste Management Program Facility Sites with Deed / Land Use Restriction. The DTSC Site Mitigation and Brownfield's Reuse Program (SMBRP) list includes sites cleaned up under the program's oversight and generally does not include current or former hazardous waste facilities that required a hazardous waste facility permit. The list represents deed restrictions that are active. Some sites have multiple deed restrictions. The DTSC Hazardous Waste Management Program (HWMP) has developed a list of current or former hazardous waste facilities that have a recorded land use restriction at the local county recorder's office. The land use restrictions on this list were required by the DTSC HWMP as a result of the presence of hazardous substances that remain on site after the facility (or part of the facility) has been closed or cleaned up. The types of land use restriction include deed notice, deed restriction, or a land use restriction that binds current and future owners.

Review of the list provided by EDR identifies no sites within the approximate minimum search distance of one mile from the subject site.

California Hazardous Material Incident Reporting System (CHMIRS)

The California Office of Emergency Services database contains reported information on incidents involving accidental releases or spills of hazardous materials.

Review of the list provided by EDR identifies no listings adjacent to or at the subject site.

Hazardous Waste and Substances Sites List (CORTESE)

The Cal-EPA publishes a listing of potential and confirmed hazardous waste sites throughout the State of California. Under California Government Code Section 65962.5, these sites are submitted to the Cal-EPA by the State Department of Health Services, State Water Resources Control Board, the Integrated Waste Management Board and the Department of Toxic Substances Control.

The database identifies public drinking water wells with detectable levels of contamination, hazardous substance sites selected for remedial action, sites with known toxic material identified through the abandoned site assessment program, sites with USTs having a reportable release, and all solid waste disposal facilities from which there is a known migration.

Review of the list provided by EDR identifies six sites within the ASTM standard minimum search distance of one-half mile from the subject site. There are no facilities on the subject site and there are no facilities on adjoining properties.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
CHEVRON Cleanup Status: COMPLETED - CASE CLOSED	10972 KATELLA	ESE 0 - 1/8 (0.100 mi.)
UNOCAL Cleanup Status: COMPLETED - CASE CLOSED	1771 EUCLID	E 0 - 1/8 (0.118 mi.)
<u>Lower Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>
ANAHEIM WEST CAR WAS Cleanup Status: COMPLETED - CASE CLOSED	10802 KATELLA	SSW 0 - 1/8 (0.018 mi.)
NIMBURG PROPERTY Cleanup Status: COMPLETED - CASE CLOSED	10600 KATELLA	WSW 1/8 - 1/4 (0.221 mi.)
REMO GRIZZI Cleanup Status: COMPLETED - CASE CLOSED	1895 KATELLA	W 1/4 - 1/2 (0.309 mi.)
UNOCAL Cleanup Status: COMPLETED - CASE CLOSED	2001 KATELLA	W 1/4 - 1/2 (0.477 mi.)

The above referenced facilities were evaluated based on the following criteria: violator status, area geology, gradient relationship and separation distance. Based on this evaluation, and due to their regulated nature, it is believed that this does not represent an environmental concern to the subject site.

VCP (Voluntary Cleanup Program)

Contains low threat level properties with either confirmed or unconfirmed releases and the project proponents have requested that DTSC oversee investigation and/or cleanup activities and have agreed to provide coverage for DTSC's costs.

Review of the list provided by EDR identifies no listings adjacent to at the subject site.

Hazardous Waste Information System (HAZNET)

The California Department of Health Services, Toxic Substances Control Division, has developed and maintained lists of hazardous waste generators and hazardous waste treatment, storage and disposal facilities in the State of California, in accordance with the Hazardous Waste Control Law (California Health and Safety Code Section 25100 *et seq.*) And the Hazardous Waste Management Act of 1976 (California Health and Safety Code Section 25179.1 *et seq.*). Inclusion of a facility in the HAZNET list is not necessarily an indication of an environmental problem.

Additionally, the California Health and Safety Code requires all counties to prepare and submit hazardous waste management plans. To assist the counties, the Toxic Substances Control Division maintains lists containing hazardous waste generation and disposal data within each county. The Toxic Substances Control Division has assembled this information from manifest reports required from hazardous waste generators. This database currently lists over 20,000 facilities in the State of California.

Review of the list provided by EDR identifies TRW, Inc. at the subject site address as a HAZNET facility. An UST was reported at the subject property. No evidence of the former USTs at the subject site were observed during our on-site visit and Geotracker database does not include UST information for the subject property. Furthermore, Jamie Groh was asked to review the owners' records regarding a 15,000-gallon UST and nothing was found. Lastly, TRW allegedly operated the tank in 1970-1975. This UST was 15,000-gallon in capacity and stored motor vehicle fuel. The size of this tank is very uncharacteristic as a backup fuel tank for a generator or UST for a small fleet. Based on the lack of verification information with respect to this UST, AES considers the UST an EDR error. No further action is warranted.

There is also a listing for disposal of asbestos containing waste in 1989 and 1990. (This appears to be associated with the renovation that occurred to accommodate the existing mini storage use.)

The above referenced listings were evaluated based on the following criteria: violator status, area geology, gradient relationship and separation distance. Based on this evaluation, and due to their regulated nature, it is believed that these do not represent an environmental concern to the subject site.

Manufactured Gas Plants (MGP)

Manufactured Gas Plants produced combustible gas for urban use prior to the widespread use and pipeline distribution of natural gas in the 1950s. The main fuels used in production of this gas were coke, coal and oil; the by-products of this manufacturing process include a variety of tars, sludge and other chemicals. MGP sites tend to have subsurface contamination due to the common practice of disposing of the waste products on site.

Review of the MGP list provided by EDR identifies no MGP sites within the approximate minimum search distance of one mile from the subject site.

US Brownfields

Included in the listing are brownfields properties addresses by Cooperative Agreement Recipients and brownfields properties addressed by Targeted Brownfields Assessments. Targeted Brownfields Assessments-EPA's Targeted Brownfields Assessments (TBA) program is designed to help states, tribes, and municipalities minimize the uncertainties of contamination often associated with brownfields. Under the TBA program, EPA provides funding and/or technical assistance for environmental assessments at brownfields sites throughout the country. Targeted Brownfields Assessments supplement and work with other efforts under EPA's Brownfields Initiative to promote cleanup and redevelopment of brownfields.

Review of the list provided by EDR identifies no sites within the approximate minimum search distance of one-half mile from the subject site.

Federal Superfund Lien Searches

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

Review of the list provided by EDR identifies no listings at the subject site.

VII ASTM NON-SCOPE ITEMS

Asbestos

In 1977, the U.S. EPA acted to eliminate friable asbestos from building materials. Friable materials are defined as those that can be crushed or reduced to powder by hand pressure. Materials do not have to be damaged to be identified as friable. Additionally, the United States Occupational Safety and Health Administration (OSHA) now requires certain untested materials to be presumed to contain asbestos for buildings constructed prior to 1981.

During the site visit, AES observed reasonably accessible interior areas of the buildings for the existence and condition of suspect ACM. Construction plans were not provided for review. Asbestos can be identified only by specialized equipment and not by the unaided human eye. The site visit was not intended to be a comprehensive search for all ACM at the subject site.

Based on the construction date of 1963, and our observations, the present buildings are suspect for materials containing asbestos. The EDR reported the disposal of 33.7 tons of asbestos waste in 1989-90. It is not known if all asbestos materials were removed. Suspect materials include: structural fireproofing, vinyl floor tiles and flooring mastic. No sampling or analytical testing of ASTM Non-Scope items was conducted. Some suspect material may be hidden under newer finishes.

The identified untested suspect ACM is considered to be in good condition and may be maintained under an Asbestos Operations & Maintenance (O&M) Plan. AES recommends implementation of an Asbestos O&M Plan for the suspect ACM.

Renovation or demolition of areas containing ACM is governed by certain local, state and/or federal regulations and should not be attempted without contacting the appropriate agency. Per OSHA regulations, certain untested materials are presumed to contain asbestos (PACM) until testing and laboratory analysis confirm otherwise. Additionally, if ACM is to be removed, a qualified, licensed abatement contractor should be consulted.

Lead-Based Paint

In 1978, the Consumer Product Safety Commission banned the use of lead as an additive in paint. During the site visit, accessible areas were observed for evidence of damaged and/or peeling paint. In general, the painted surfaces appeared to be in good condition. Based on the construction date of 1963, and our on-site observations the present buildings are suspect for containing lead-based paint. As the improvements are used for non-residential purposes, the presence of lead-based paint is considered to be a *de minimis* environmental condition.

Potable Water Supply

The subject site is serviced by a municipally operated, public water system, which is regulated by the Safe Drinking Water Act of 1974. This Act requires that public water supplies be tested for the presence of lead in water. AES contacted the local water utility company, the Municipal, regarding the results of water tests. The utility company reports that the lead content of the water is below the U.S. EPA action level of 0.015 milligrams per liter.

Radon Gas

Radon gas is a naturally occurring, colorless, odorless gas that is the by-product of the decay of radioactive materials found within bedrock and soil. Radon gas enters buildings through cracks, structural joints, and plumbing openings in floor levels that are in direct contact with the soil. Radon gas, when inhaled, has been found to be carcinogenic in some humans. The U.S. EPA recommended action level for radon gas is 4.0 pCi/L (picoCuries per liter).

The State of California, in conjunction with the U.S. EPA, has conducted residential screening tests in Orange County. The results of that screening indicate that Orange County is predicted to have an average indoor radon screening level of 0.9 pCi/L, with 100% of tests less than 4.0 pCi/L.

AES reviewed the U.S. EPA's Map of Radon Zones for California, which identifies Orange County as being within radon zone 3. Counties within radon zone 3 have a predicted average indoor radon gas screening level of less than 2 pCi/L.

Based on the literature reviewed, it is our opinion that the risk of radon gas accumulation is not a significant environmental concern at the subject site.

No sampling or analytical testing of ASTM Non-Scope items was conducted.

Wetlands

AES did not observe ponded water, flowing water, saturated soils or hydrophytic vegetation at the subject site.

Mold

AES observed portions of the exposed exterior and interior material surfaces of the improvements for signs of mold and/or mildew and none was observed. Based on the condition of these surfaces, the general quality of the exterior details to keep moisture out of the buildings and the general interior air quality observed in the improvements without the assistance of specialized testing equipment, mold and/or mildew were not an environmental concern to the subject property at the time of our site visit.

Please note that AES did not perform any probes behind surface materials, use moisture meters to test materials or use specialized equipment to test air quality for signs of existing mold and/or mildew. If further confirmation is required for determining if mold and/or mildew is present in the subject improvements AES recommends that a qualified Industrial Hygienist be retained to perform the necessary industry standard tests and provide a report of their findings.

VIII CONCLUSIONS

Findings and Opinion

AES completed a Phase I ESA for the site in substantial conformance with the scope and limitations of the Standard. Any exceptions to, or deletions from, the Standard are described in the Assessment.

Historical Recognized Environmental Conditions (HRECs)

Based on site observations, interviews and review of available documents and the database records search, AES concludes that no HRECs were identified at the subject site. AES recommends no additional investigation at this time.

Current Recognized Environmental Conditions (RECs)

Based on site observations, interviews and review of available documents and the database records search, AES concludes that no RECs were identified at the subject site. AES recommends no additional investigation at this time.

Business Environmental Risk (BER)

Based on site observations, interviews and review of available documents and the database records search, AES concludes that one *BER*'s were identified at the subject site. Based on the construction date of 1963, and our observations, the present buildings are suspect for materials containing asbestos. The suspect materials include: structural fireproofing, vinyl floor tiles and flooring mastic. AES recommends implementing an Asbestos Operations & Maintenance (O&M). AES recommends no additional investigation at this time.

Controlled Recognized Environmental Conditions (CREC)

Based on site observations, interviews and review of available documents and the database records search, AES concludes that no CRECs were identified at the subject site. AES recommends no additional investigation at this time.

de minimis Environmental Conditions

Based on site observations, interviews and review of available documents and the database records search, AES concludes that one *de minimis* condition was identified at the subject site. Because of the date of construction (circa 1963) Lead-Based Paint is suspected. The buildings are not used for residential purposes and AES recommends no additional investigation at this time.

Conclusions

We have performed a *Phase I Environmental Site Assessment* in conformance with the scope and limitations ASTM Practice E 1527-13 of 1761 W. Katella Anaheim, California 92804, the *property*. Any exceptions to or deletions from, this practice are described in Section II of this *report*. This assessment has revealed no evidence of *Recognized Environmental Conditions*, *Controlled Recognized Environmental Conditions* or *Historical Recognized Environmental Conditions* with the *property*.

Based on site observations, interviews and review of available documents and the database records search, AES concludes that one *BER's* were identified at the subject site. Based on the construction date of 1963, and our observations, the present buildings are suspect for materials containing asbestos. The suspect materials include: structural fireproofing, vinyl floor tiles and flooring mastic. AES recommends implementing an Asbestos Operations & Maintenance (O&M). AES recommends no additional investigation at this time.

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares: That notice has been given me that this permit may be used only in compliance with the Anaheim Municipal Code, and all other applicable ordinances and laws. That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection. That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work. That a double fee will be paid for any permit issued after any work thereby allowed has been commenced. I agree that the City may enter upon the job premises at any reasonable time to inspect any work installed under this permit, and to otherwise act as and when required by the Anaheim Municipal Code.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5 Business and Professions Code; any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9) (commencing with Section 7000 of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).

☐ I, as owner of property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).

☐ I, as the owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law).

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class C7 Lic. Number 407764 Exp. Date 6/30/97

Contractor

WORKERS' COMPENSATION DECLARATION

☒ I hereby affirm under penalty of perjury one of the following declarations:

☐ I have and will maintain a certificate of consent to self-insure for worker's compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☐ I have and will maintain worker's compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier EXEMPT
Policy Number NO EMPLOYEE

(This section need not be completed if the permit is for one hundred dollars (\$100) or less).

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

I hereby agree to indemnify and hold harmless the City of Anaheim, its officers and employees from any liability for damages incurred by any person, of persons, resulting from work or activities undertaken pursuant to this permit.

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097.Civ.C):

Lender's Name

Lender's Address

I certify that I have read this application and state that the above information is correct. I agree to comply with all city ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above mentioned property for inspection purposes.

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED OR SUSPENDED AFTER A PERIOD OF 365 DAYS. NEW PERMIT IS REQUIRED TO COMMENCE WORK.

CLOSURE PANELS

JOB 2896C

SHT 1 of 3

DES CAH

DATE 3-25-81

FIELD CONDITION: Partially grouted hollow unit masonry closure panels with unknown amounts of reinforcement were installed in existing window openings. Sizes vary, with three panels six feet wide and one panel eight feet wide occurring in nine feet high openings in what are now interior walls. A single exterior wall opening eleven feet wide by twelve feet high was closed with a similar panel. A single wythe of solid brick masonry units were laid, with running bond and horizontal joint reinforcing consisting of two "pencil" rods in bed joints of what is believed to be every sixth course, inside each of the closure panels. Dowels were grouted solid in holes drilled into each jamb of every opening but no ties or bond courses were provided between hollow masonry and brick panels; however some ties were laid into each brick panel with ends projecting into space between brick and hollow masonry panels.

RECOMMENDED CORRECTIVE PROCEDURE: Remove partially grouted hollow masonry unit panels without destroying the integrity of brick masonry. Install jamb angles to support lateral loads. Remove sufficient number of bricks to permit installation of required number of metal ties. Erect hollow masonry backup complete with required ties and bricks where additional ties are provided.

JUSTIFICATION: Single wythes of brick would meet thickness requirements for non-load bearing walls and sufficient reinforcement was in all probability provided to meet flexural requirements for spanning between existing jambs; however adequacy of panel anchorage was indeterminate. The method of anchorage shown on the accompanying sketch provides adequate support in each direction.

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares: That notice has been given me that this permit may be used only in compliance with the Anaheim Municipal Code, and all other applicable ordinances and laws. That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection. That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work. That a double fee will be paid for any permit issued after any work thereby allowed has been commenced. I agree that the City may enter upon the job premises at any reasonable time to inspect any work installed under this permit, and to otherwise act as and when required by the Anaheim Municipal Code.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5 Business and Professions Code: any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9) (commencing with Section 7000 of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).

☐ I, as owner of property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).

☐ I, as the owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law).

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class **B** Lic. Number **596902** Exp. Date **6/30/97**

Contractor

WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:
☐ I have and will maintain a certificate of consent to self-insure for worker's compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☒ I have and will maintain worker's compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier **GOLDEN EAGLE**

Policy Number **NWC34557901**

(This section need not be completed if the permit is for one hundred dollars (\$100) or less).

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

I hereby agree to indemnify and hold harmless the City of Anaheim, its officers and employees from any liability for damages incurred by any person, of persons, resulting from work or activities undertaken pursuant to this permit.

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097.Civ.C):

Lender's Name

Lender's Address

I certify that I have read this application and state that the above information is correct. I agree to comply with all city ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above mentioned property for inspection purposes.

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED OR SUSPENDED AFTER A PERIOD OF 365 DAYS. NEW PERMIT IS REQUIRED TO COMMENCE WORK.

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares: That notice has been given me that this permit may be used only in compliance with the Anaheim Municipal Code, and all other applicable ordinances and laws. That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection. That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work. That a double fee will be paid for any permit issued after any work thereby allowed has been commenced. I agree that the City may enter upon the job premises at any reasonable time to inspect any work installed under this permit, and to otherwise act as and when required by the Anaheim Municipal Code.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5 Business and Professions Code: any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9) (commencing with Section 7000 of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).

☐ I, as owner of property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).

☐ I, as the owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law).

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class C-36 Lic. Number 240714 Exp. Date 4/30/97

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares: That notice has been given me that this permit may be used only in compliance with the Anaheim Municipal Code, and all other applicable ordinances and laws. That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection. That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work. That a double fee will be paid for any permit issued after any work thereby allowed has been commenced. I agree that the City may enter upon the job premises at any reasonable time to inspect any work installed under this permit, and to otherwise act as and when required by the Anaheim Municipal Code.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5 Business and Professions Code: any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9) (commencing with Section 7000 of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).

☐ I, as owner of property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).

☐ I, as the owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law).

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class C20 Lic. Number 695430 Exp. Date 8/31/96

Contractor

WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:
☒ I have, and will maintain a certificate of consent to self-insure for worker's compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☐ I have and will maintain worker's compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier EXEMPT

Policy Number NO ENPL

(This section need not be completed if the permit is for one hundred dollars (\$100) or less).

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

I hereby agree to indemnify and hold harmless the City of Anaheim, its officers and employees from any liability for damages incurred by any person, of persons, resulting from work or activities undertaken pursuant to this permit.

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097 Civ.C):

Lender's Name

Lender's Address

I certify that I have read this application and state that the above information is correct. I agree to comply with all city ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above mentioned property for inspection purposes.

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED OR SUSPENDED AFTER A PERIOD OF 180 DAYS. NEW PERMIT IS REQUIRED TO COMMENCE WORK.

ITEM	QUANTITY	FEE
SUPPLEMENT PERMIT B3	1	10.00
RECPT/SWTH/LIGHT (T020) B3	9	7.20

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares: That notice has been given me that this permit may be used only in compliance with the Anaheim Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.

I agree that the City may enter upon the job premises at any reasonable time to inspect any work installed under this permit, and to otherwise act as and when required by the Anaheim Municipal Code.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5 Business and Professions Code: any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9) (commencing with Section 7000 of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).

☐ I, as owner of property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).

☐ I, as the owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law).

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class B Lic. Number 596902 Exp. Date 6/30/96

Contractor

WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

☐ I have and will maintain a certificate of consent to self-insure for worker's compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☒ I have and will maintain worker's compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier GOLDEN EAGLE

Policy Number NWC31557900

(This section need not be completed if the permit is for one hundred dollars (\$100) or less).

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

I hereby agree to indemnify and hold harmless the City of Anaheim, its officers and employees from any liability for damages incurred by any person, of persons, resulting from work or activities undertaken pursuant to this permit.

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097.Civ.C):

Lender's Name

Lender's Address

I certify that I have read this application and state that the above information is correct.

I agree to comply with all city ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above mentioned property for inspection purposes.

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED OR SUSPENDED AFTER A PERIOD OF 365 DAYS/NEW PERMIT IS REQUIRED TO COMMENCE WORK.

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares: That notice has been given me that this permit may be used only in compliance with the Anaheim Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.

I agree that the City may enter upon the job premises at any reasonable time to inspect any work installed under this permit, and to otherwise act as and when required by the Anaheim Municipal Code.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5 Business and Professions Code: any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9) (commencing with Section 7000 of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).

☐ I, as owner of property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).

☐ I, as the owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law).

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class B Lic. Number 596902 Exp. Date 6/30/97

Contractor

WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

☐ I have and will maintain a certificate of consent to self-insure for worker's compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☒ I have and will maintain worker's compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier GOLDEN EAGLE
Policy Number NWC34557901

(This section need not be completed if the permit is for one hundred dollars (\$100) or less).

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

I hereby agree to indemnify and hold harmless the City of Anaheim, its officers and employees from any liability for damages incurred by any person, of persons, resulting from work or activities undertaken pursuant to this permit.

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097.Civ.C):

Lender's Name

Lender's Address

I certify that I have read this application and state that the above information is correct. I agree to comply with all city ordinances and state laws relating to building construction, and hereby authorize representatives of this City to enter upon the above mentioned property for inspection purposes.

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED OR SUSPENDED AFTER A PERIOD OF 365 DAYS. NEW PERMIT IS REQUIRED TO COMMENCE WORK.

PAGE 2

1761 W. Katella
 NUMBER 6281
 STREET BLP 67
 PERMIT NUMBER
 TYPE OF PERMIT

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares.

That notice has been given me that this permit may be used only in compliance with the Anaheim Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, and to otherwise act as and when required by the Anaheim Municipal Code.

LICENSED CONTRACTORS DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect:

License Class B1 Lic. Number 513414 Date 11/21
 Contractor Sheldon Stevens Const

OWNER-BUILDING DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5 Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9) (commencing with Section 7000 of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law).

☐ I am exempt under Sec. B & PC for this reason:

1761 W. KATELLA
NUMBER STREET
PERMIT NUMBER 48470-48471 TYPE OF PERMIT ELECTRICAL

PUBLIC WORKS DEPARTMENT

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Anaheim Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, and to otherwise act as and when required by the Anaheim Municipal Code.

LICENSED CONTRACTORS DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class C-10 Lic. Number 223896 Date 8-31-84
Contractor AMELCO ELECTRIC

OWNER-BUILDING DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5 Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9) (commencing with Section 7000 of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law).

☐ I am exempt under Sec. _____ B & PC for this reason: _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof (Sec. 3800 Lab. C) Policy No. CS 046-337 INDUSTRIAL COMPANY

Certified copy furnished. Date 10/1/84 Applicant M.A. Paulson

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars (\$100) or less.) I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Worker's Compensation Laws of California.

Date _____ Applicant _____

NOTICE TO APPLICANT: If, after making this Certificate of Exemption, you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097 Civ. C):

Lender's Name NONE

Lender's Address _____

I certify that I have read this application and state that the above information is correct. I agree to comply with all city ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above mentioned property for inspection purposes.

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED OR COMMENCED AND SUSPENDED AFTER A PERIOD OF 120 DAYS. NEW PERMIT REQUIRED TO COMMENCE WORK.

Dear Mr. Quan:

Subject: TRW UPS & Stand-By Generation Facility
Anaheim, California
Austin's Work Order #88-6586

As per your request we are transmitting the Certificate of Compliance from the Anaheim City School District certifying that the School Facility Fees have been paid in compliance with Government Code Section 53080 and 65995.

The subject fees are in support of Plan Check No. 2-6 for the TRW Facility located at 1761 W. Katella Avenue, California.

Joseph T. Boyle

Re: **Proposed Mini-Storage Conversion**
1761 West Katella Avenue
Anaheim, California
MNH JN: 95243-01-1

Gentlemen:

Myers, Nelson, Houghton, Structural Engineers for the Developer have completed our evaluation of the subject facility to carry light storage loads as required by the building code. The analysis of the first floor using a live load of 125 psf for storage areas and 40 psf for access aisles results in a live load of 102 psf (See attached calculations). This is within 2% of the 100 psf live load that we believe the floors were originally designed for, a variation acceptable to this office. An analysis of the mezzanine floor system (reinforced concrete deck and steel beam) using a uniform live load of 125 psf is also acceptable (See attached calculations).

When considering the occupant load factor of a 1 person per 300 square feet (Table 33-A) we find the use of a 40 psf live load in the access aisles very conservative.

Based upon this analysis we find the reinforced concrete floors and mezzanine of the subject facility sufficient for a light storage use.

Very Truly yours,

Garry D. Myers
Principal
Myers, Nelson, Houghton, Inc.

PUBLIC WORKS DEPARTMENT

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Anaheim Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, and to otherwise act as and when required by the Anaheim Municipal Code.

LICENSED CONTRACTORS DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class C-10 Lic. Number 273896 Date 11-20-86Contractor Amelco Electric

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5 Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9) (commencing with Section 7000 of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law).

☐ I am exempt under Sec. _____ B & PC for this reason _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof (Sec. 3800 Lab. C) Policy No. _____ Company _____

Certified copy is furnished. Date _____ Applicant Ins. Co. of N. America

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars (\$100) or less.) I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

Date _____ Applicant _____

NOTICE TO APPLICANT: If, after making this Certificate of Exemption, you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097 Civ. C.):

Lender's Name _____

Lender's Address _____

I certify that I have read this application and state that the above information is correct. I agree to comply with all city ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above mentioned property for inspection purposes.

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED OR COMMENCED AND SUSPENDED AFTER A PERIOD OF 120 DAYS. NEW PERMIT REQUIRED TO COMMENCE WORK.

 PERMIT 05877 TYPE OF Building
 NUMBER PERMIT
PUBLIC WORKS DEPARTMENT

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Anaheim Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, and to otherwise act as and when required by the Anaheim Municipal Code.

LICENSED CONTRACTORS DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class B1 Lic. Number 186120 Date _____

Contractor Sierra Land Construction

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5 Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9) (commencing with Section 7000 of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law).

☐ I am exempt under Sec. _____ B & PC for this reason _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof (Sec. 3800 Lab. C) Policy No. _____ Company _____

Certified copy is furnished. Date _____ Applicant _____

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars (\$100) or less.) I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

Date _____ Applicant _____

NOTICE TO APPLICANT: If, after making this Certificate of Exemption, you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097 Civ. C.):

Lender's Name _____

Lender's Address _____

I certify that I have read this application and state that the above information is correct. I agree to comply with all city ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above mentioned property for inspection purposes.

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED OR COMMENCED AND SUSPENDED AFTER A PERIOD OF 120 DAYS. NEW PERMIT REQUIRED TO COMMENCE WORK.

PUBLIC WORKS DEPARTMENT

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Anaheim Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, and to otherwise act as and when required by the Anaheim Municipal Code.

LICENSED CONTRACTORS DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class _____ Lic. Number 177575 Date _____

Contractor WEATHERITE

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5 Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9) (commencing with Section 7000 of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044 Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law).

☐ I am exempt under Sec. _____ B & PC for this reason _____

RE: TRW Data Center
Job #2896A

City of Anaheim
City Hall
Building Division
P.O. Box 3222
Anaheim, CA 92803

Attn: Mr. Louie Tan
Chief Engineer

Dear Mr. Tan,

In the course of our design work for TRW Data Center, 1761 W. Katella, we have been asked to substantiate the stress levels in the existing roof system for mounting a chiller unit on the roof.

We have enclosed calculations showing the effect of additional loads on the existing roof beams and girder. They are of such a small magnitude that we consider this additional load to be a satisfactory condition for the structure.

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E 1527-13), the ASTM Standard Practice for Environmental Site Assessments for Forestland or Rural Property (E 2247-16), the ASTM Standard Practice for Limited Environmental Due Diligence: Transaction Screen Process (E 1528-14) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property. Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

STANDARD ENVIRONMENTAL RECORDS

Federal RCRA generators list

RCRA-LQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

A review of the RCRA-LQG list, as provided by EDR, and dated 03/22/2021 has revealed that there is 1 RCRA-LQG site within approximately 0.25 miles of the target property.

RCRA-SQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

A review of the RCRA-SQG list, as provided by EDR, and dated 03/22/2021 has revealed that there are 8 RCRA-SQG sites within approximately 0.25 miles of the target property.

RCRA-VSQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Very small quantity generators (VSQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

A review of the RCRA-VSQG list, as provided by EDR, and dated 03/22/2021 has revealed that there is 1 RCRA-VSQG site within approximately 0.25 miles of the target property.

ENVIROSTOR: The Department of Toxic Substances Control's (DTSC's) Site Mitigation and Brownfields Reuse Program's (SMBRP's) EnviroStor database identifies sites that have known contamination or sites for which there may be reasons to investigate further. The database includes the following site types: Federal Superfund sites (National Priorities List (NPL)); State Response, including Military Facilities and State Superfund; Voluntary Cleanup; and School sites. EnviroStor provides similar information to the information that was available in CalSites, and provides additional site information, including, but not limited to, identification of formerly-contaminated properties that have been released for reuse, properties where environmental deed restrictions have been recorded to prevent inappropriate land uses, and risk characterization information that is used to assess potential impacts to public health and the environment at contaminated sites.

A review of the ENVIROSTOR list, as provided by EDR, and dated 04/23/2021 has revealed that there are

EXECUTIVE SUMMARY

State and tribal registered storage tank lists

UST: The Underground Storage Tank database contains registered USTs. USTs are regulated under Subtitle I of the Resource Conservation and Recovery Act (RCRA). The data come from the State Water Resources Control Board's Hazardous Substance Storage Container Database.

A review of the UST list, as provided by EDR, has revealed that there are 9 UST sites within approximately 0.25 miles of the target property.

Local Lists of Registered Storage Tanks

SWEEPS UST: Statewide Environmental Evaluation and Planning System. This underground storage tank listing was updated and maintained by a company contacted by the SWRCB in the early 1990's. The listing is no longer updated or maintained. The local agency is the contact for more information on a site on the SWEEPS list.

A review of the SWEEPS UST list, as provided by EDR, and dated 06/01/1994 has revealed that there are 8 SWEEPS UST sites within approximately 0.25 miles of the target property.

RCRA NonGen / NLR: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Non-Generators do not presently generate hazardous waste.

A review of the RCRA NonGen / NLR list, as provided by EDR, and dated 03/22/2021 has revealed that

EXECUTIVE SUMMARY

there are 12 RCRA NonGen / NLR sites within approximately 0.25 miles of the target property.

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR Hist Auto: EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR Hist Auto list, as provided by EDR, has revealed that there are 2 EDR Hist Auto sites within approximately 0.125 miles of the target property.

ANA-GROVE CAR WASH	10802 KATELLA	SSW 0 - 1/8 (0.050 mi.)	D18	49

EDR Hist Cleaner: EDR has searched selected national collections of business directories and has collected listings of potential dry cleaner sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include dry cleaning establishments. The categories reviewed included, but were not limited to dry cleaners, cleaners, laundry, laundromat, cleaning/laundry, wash & dry etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR Hist Cleaner list, as provided by EDR, has revealed that there are 4 EDR Hist Cleaner sites within approximately 0.125 miles of the target property.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

CERS HAZ WASTE:
Name: ANAHEIM WEST CAR WASH
Address: 10802 KATELLA AVE
City,State,Zip: ANAHEIM, CA 92804
Site ID: 517595
CERS ID: 10771645
CERS Description: Hazardous Waste Generator

Violations:
Site ID: 517595
Site Name: Anaheim West Car Wash
Violation Date: 01-03-2019
Citation: 22 CCR 12 66262.34(f) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.34(f)
Violation Description: Failure to properly label hazardous waste accumulation containers and portable tanks with the following requirements: "Hazardous Waste", name and address of the generator, physical and chemical characteristics of the Hazardous Waste, and starting accumulation date.
Violation Notes: Returned to compliance on 01/03/2019. OBSERVATION: The following hazardous wastes were observed on site without adequate labeling: - One 60 gallon cube of Used Oil with a hazardous waste label that was not filled out. - Two 55 gallon plastic drums of Used Oil without hazardous waste labels. - Two 55 gallon metal drums of Used Oil Filters, one with a label that did not have accumulation start date, the other without labeling. CORRECTIVE ACTION: Mr. Amin was provided with hazardous waste labels that were filled out and properly affixed to all hazardous waste containers. Labeling and accumulation time requirements were also discussed with Mr. Amin.

Violation Source: CERS

Evaluation:

Eval General Type: Other/Unknown
Eval Date: 09-30-2019
Violations Found: No
Eval Type: Other, not routine, done by local agency
Eval Notes: This Agency has received the waste manifest dated 8/20/19 for the removal of waste oil filters from the facility. Per operator, facility will no longer be running oil change operation. Oil change operation was halted on February 2019. This facility will be removed from the hazardous waste program.

Eval Division: Orange County Environmental Health
Eval Program: HW
Eval Source: CERS

Eval General Type: Compliance Evaluation Inspection
Eval Date: 01-03-2019
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: On site for initial hazardous materials and business emergency plan inspection to add facility to the program. The inspection was conducted with Shawn Amin. Inspector Allan Cabudol was also present. Observed the facility and inspected hazardous materials storage. The following materials were observed in amounts that meet or exceed the minimum volumes required for disclosure: - One 60 gallon cube of Used Oil - Two 55 gallon plastic drums of Used Oil The following documents have been received into CERS on 1/3/2019 and ACCEPTED: - Business Activities - Owner/Operator Information - Hazardous Materials Inventory - Site Map - Emergency Response Plan - Employee Training Plan The facility is responsible for identifying all hazardous materials, to include hazardous wastes, which are above disclosure thresholds of 55 gallons for liquids, 500 pounds for solids, & 200 cubic feet for gases. If there is a change in the type or amount of chemicals that are maintained [Truncated]

Eval Division: Orange County Environmental Health
Eval Program: HMRRP
Eval Source: CERS

Eval General Type: Compliance Evaluation Inspection
Eval Date: 01-03-2019
Violations Found: Yes
Eval Type: Routine done by local agency
Eval Notes: On site for initial hazardous waste inspection to add facility to the program. Consent to enter and inspect granted by Shawn Amin. Inspector Allan Cabudol was also present. Walked throughout the facility. Observed hazardous waste storage areas. Containers were closed. Manifests were available and reviewed. Emergency plan is posted at the front counter. No hazardous waste or universal waste observed in the dumpster/enclosure area.

Eval Date: 08-15-2019
Violations Found: No
Eval Type: Other, not routine, done by local agency
Eval Notes: On site to conduct close-out inspection. Per Mr. Amin, the waste oil has been hauled from the site and oil change operations have been terminated. Verified site no longer carries waste oil or any hazardous materials at the reporting thresholds (55 gal of a liquid, 500 lbs of a solid, 200 cubic ft of a compressed gas.) Facility will be removed from the Hazardous Materials Business Plan program.

Eval Division: Orange County Environmental Health
Eval Program: HMRRP
Eval Source: CERS

Eval General Type: Other/Unknown
Eval Date: 08-15-2019
Violations Found: No
Eval Type: Other, not routine, done by local agency
Eval Notes: On site to conduct close-out inspection. Per Mr. Amin, the waste oil has been hauled from the site and oil change operations have been terminated. Waste oil has been removed from the facility and a copy of the most recent manifest has been provided for review. Facility still has a 55-gal drum of used oil filters. Filters must be hauled to remove facility from the hazardous waste program. Provide a copy of the manifest for the used oil filter removal within 30 days.

CERS Description: Chemical Storage Facilities

Violations:

Site ID: 84553
Site Name: Walmart #5639
Violation Date: 06-11-2019
Citation: HSC 6.95 25508(a)(1) - California Health and Safety Code, Chapter 6.95, Section(s) 25508(a)(1)

Violation Description: Failure to complete and electronically submit a site map with all required content.

Violation Notes: Returned to compliance on 08/06/2019. OBSERVATION: The site map on the California Environmental Reporting System (CERS) requires amendments. CORRECTIVE ACTION: Please see regulator comments on CERS, make necessary corrections and resubmit within 30 days.

Violation Division: Orange County Environmental Health
Violation Program: HMRRP
Violation Source: CERS

Evaluation:

Eval General Type: Compliance Evaluation Inspection
Eval Date: 11-18-2019
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: Mark Sutphin at site for annual routine Hazmat Facility inspection. Permission to inspect granted by Irene Rivera the Assistant Manager Facility has submitted a Hazmat Business plan on CERS 10455313. Emergency plan appears correct and facility has implemented the plan and provides employee training. Emergency plan lists lead acid batteries for equipment and refrigerant. Site map appears correct.

Eval Division: Orange County Environmental Health
Eval Program: HMRRP
Eval Source: CERS

Eval General Type: Compliance Evaluation Inspection
Eval Date: 04-06-2016
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: On site for a routine hazardous materials and business emergency plan (BEP) inspection. Consent to enter and inspect the facility was granted by Vanessa Ramirez, Assistant Manager. Observed the facility's hazardous materials storage areas. Hazardous materials must be reported if the business handles an amount equal to or greater than 55 gallons of liquid, 500 pounds of solid, or 200 cubic feet of compressed gas (1,000 cubic feet threshold for gases for which the only health/physical hazards are simple asphyxiation and the release of pressure). During today's inspection, the following hazardous materials were observed above the reportable threshold at this facility: G R407A refrigerant G Lead acid batteries for operational equipment Observed 4 cylinders of compressed helium, each approximately 4 feet to 4.5 feet tall. Please report if storing 1,000 cubic feet or more. The Business Emergency Plan was available for review at the time of inspection

Environmental Interest/Information System:

California Hazardous Waste Tracking System - Datamart (HWTS-DATAMART) provides California with information on hazardous waste shipments for generators, transporters, and treatment, storage, and disposal facilities.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Violations:

Site ID: 104942
Site Name: Euclid-Katella Chevron
Violation Date: 02-20-2019
Citation: 23 CCR 16 2636(f)(2) - California Code of Regulations, Title 23, Chapter 16, Section(s) 2636(f)(2)
Violation Description: Failure of the functional line leak detector (LLD) monitoring pressurized piping to meet one or more of the following requirements: Monitored at least hourly with the capability of detecting a release of 3.0 gallons per hour leak at 10 pounds per square inch and restrict or shut off the flow of product through the piping when a leak is detected.

Violation Notes: Returned to compliance on 05/03/2019. OBSERVATION: The 87 product line leak detector failed to meet one or more of the following requirements: Monitor at least hourly; Capable of detecting a release

of 3.0 gallons per hour at 10 p.s.i.g.; Restricting or shutting off the flow of product through the piping when a leak is detected.
CORRECTIVE ACTION: Repair or replace line leak detector for the 87 product line so that it is capable of monitoring at least hourly, detecting a release of 3.0 gallons per hour at 10 p.s.i.g., and restricting or shutting off the flow of product through the piping when a leak is detected. Submit the passing test result to this Agency to correct the violation.

Violation Division: Orange County Environmental Health
Violation Program: UST
Violation Source: CERS

Site ID: 104942
Site Name: Euclid-Katella Chevron
Violation Date: 03-12-2019
Citation: HSC 6.95 25505(a)(4) - California Health and Safety Code, Chapter 6.95, Section(s) 25505(a)(4)

Violation Description: Failure to provide initial and annual training to all employees in safety procedures in the event of a release or threatened release of a hazardous material or failure to document and maintain training records for a minimum of three years.

Violation Notes: OBSERVATION: Employee training records were not available for review. All employees are required to be trained annually; new employees are required to be trained within 6 months. CORRECTIVE ACTION: Please provide training records for the Hazardous Materials Business Plan with the following information documented: topic of training, date, employee name, employee signature. Violation must be corrected immediately and documents must be submitted to this Agency within 30 days.

Violation Date: 03-12-2019
Citation: 40 CFR 1 265.171 - U.S. Code of Federal Regulations, Title 40, Chapter 1, Section(s) 265.171

Violation Description: Failure to accumulate hazardous waste in a container that is in good condition.

Violation Notes: Returned to compliance on 01/13/2020. OBSERVATION: A 55 gallon drum of Waste Fuel/Water mixture located in the back outdoor storage area was observed to be old, corroded, and in poor condition. CORRECTIVE ACTION: Submit photos to the CUPA demonstrating the waste listed above has been transferred into a container that is in good condition or submit a manifest/receipt demonstrating the waste has been properly disposed of by a registered hazardous waste transporter, within 30 days.

Citation: HSC 6.5 25123.3(h)(1) - California Health and Safety Code, Chapter 6.5, Section(s) 25123.3(h)(1)

Violation Description: Failure to send hazardous waste offsite for treatment, storage, or disposal within 180 days (or 270 days if waste is transported over 200 miles) for a generator who generates less than 1000 kilogram per month if all of the following conditions are met: (1) The quantity of hazardous waste accumulated onsite never exceeds 6,000 kilograms. (2) The generator complies with the requirements of 40 Code of Federal Regulations section 262.34(d), (e) and (f). (3) The generator does not hold acutely hazardous waste or extremely hazardous waste in an amount greater than one kilogram for more than 90 days.

Violation Notes: Returned to compliance on 01/13/2020. OBSERVATION: A 55 gallon drum of Waste Fuel/Water mixture was observed on site without an accumulation start date. The most recent manifest indicates that the last pick up date was 1/5/2016. CORRECTIVE ACTION: Please have the Waste Fuel/Water mixture hauled by a registered hazardous waste hauler. Submit a copy of the manifest to this Agency within 30 days.

Eval Type: Routine done by local agency
Eval Notes: Mark Sutphin onsite to conduct a routine hazardous waste inspection. Permission to enter, inspect, and take photographs granted by Hadi Hosn. Facility has an empty double walled fiberglass waste oil tank that is still monitored as a ust but it does not contain waste oil Favcility has one 55 gallon drum for fuel contaminated water but it is empty. Municipal dumpster area does not appear to contain any hazardous waste. Perimeter of facility inspected - did not observe any water runoff or staining at this time. Emergency plan at site Hazardous waste containers were properly labeled and covered during inspection. Reviewed old consolidated manifests and manifests for all hazardous waste streams. Please keep onsite all hazardous waste disposal receipts/manifests for three years. No hazardous waste violations noted today.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

SALTS, WHEN PRESENT AT CONCENTRATIONS GREATER THAN 0.3%

Waste Code:	P012
Waste Description:	ARSENIC OXIDE AS2O3 (OR) ARSENIC TRIOXIDE
Waste Code:	P042
Waste Description:	1,2-BENZENEDIOL, 4-[1-HYDROXY-2-(METHYLAMINO)ETHYL]-, (R)- (OR) EPINEPHRINE
Waste Code:	P075
Waste Description:	NICOTINE, & SALTS (OR) PYRIDINE, 3-(1-METHYL-2-PYRROLIDINYL)-,(S)-, & SALTS
Waste Code:	P081
Waste Description:	1,2,3-PROPANETRIOL, TRINITRATE (R) (OR) NITROGLYCERINE (R)
Waste Code:	P188
Waste Description:	BENZOIC ACID, 2-HYDROXY-, COMPD. WITH (3AS-CIS)-1,2,3,3A,8,8A-HEXAHYDRO-1,3A,8-TRIMETHYLPYRROLO[2,3-B]INDOL-5-YL METHYLCARBAMATE ESTER (1:1) (OR) PHYSOSTIGMINE SALICYLATE
Waste Code:	U002
Waste Description:	2-PROPANONE (I) (OR) ACETONE (I)
Waste Code:	U010
Waste Description:	AZIRINO [2',3':3,4]PYRROLO[1,2-A]INDOLE-4,7-DIONE, 6-AMINO-8-[[[(AMINOCARBONYLOXY)METHYL]-1,1A,2,8,8A,8B-HEXAHYDRO-8A-METHOXY-5-METHYL-, [1AS-(1AALPHA, 8BETA, 8AALPHA, 8BALPHA)]- (OR) MITOMYCIN C
Waste Code:	U031
Waste Description:	1-BUTANOL (I) (OR) N-BUTYL ALCOHOL (I)
Waste Code:	U034
Waste Description:	ACETALDEHYDE, TRICHLORO- (OR) CHLORAL
Waste Code:	U035
Waste Description:	BENZENEBUTANOIC ACID, 4-[BIS(2-CHLOROETHYL)AMINO]- (OR) CHLORAMBUCIL
Waste Code:	U044
Waste Description:	CHLOROFORM (OR) METHANE, TRICHLORO-
Waste Code:	U058
Waste Description:	2H-1,3,2-OXAZAPHOSPHORIN-2-AMINE, N,N-BIS(2-CHLOROETHYL)TETRAHYDRO-, 2-OXIDE (OR) CYCLOPHOSPHAMIDE
Waste Code:	U059
Waste Description:	5,12-NAPHTHACENEDIONE, 8-ACETYL-10-[(3-AMINO-2,3,6-TRIDEOXY)-ALPHA-L-LYXO-HEXOPYRANOSYL)OXY]-7,8,9,10-TETRAHYDRO-6,8,11-TRIHYDROXY-1-METHOXY-, (8S-CIS)- (OR) DAUNOMYCIN
Waste Code:	U070
Waste Description:	BENZENE, 1,2-DICHLORO- (OR) O-DICHLOROBENZENE

Environmental Interest/Information System:

California Hazardous Waste Tracking System - Datamart (HWTS-DATAMART) provides California with information on hazardous waste shipments for generators, transporters, and treatment, storage, and disposal facilities.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

Number of Days to Update: Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

STANDARD ENVIRONMENTAL RECORDS

Federal NPL site list

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Date of Government Version: 07/29/2021	Source: EPA

Proposed NPL: Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

Date of Government Version: 07/29/2021	Source: EPA
Date Data Arrived at EDR: 08/04/2021	Telephone: N/A
Date Made Active in Reports: 08/31/2021	Last EDR Contact: 09/01/2021
Number of Days to Update: 27	Next Scheduled EDR Contact: 10/11/2021
	Data Release Frequency: Quarterly

NPL LIENS: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Federal Delisted NPL site list

Delisted NPL: National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate.

Date of Government Version: 07/29/2021

Data Release Frequency: Varies

SEMS: Superfund Enterprise Management System

SEMS (Superfund Enterprise Management System) tracks hazardous waste sites, potentially hazardous waste sites, and remedial activities performed in support of EPA's Superfund Program across the United States. The list was formerly known as CERCLIS, renamed to SEMS by the EPA in 2015. The list contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). This dataset also contains sites which are either proposed to or on the National Priorities List (NPL) and the sites which are in the screening and assessment phase for possible inclusion on the NPL.

Date of Government Version: 07/29/2021

Data Release Frequency: Quarterly

Federal CERCLIS NFRAP site list

SEMS-ARCHIVE: Superfund Enterprise Management System Archive

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

SEMS-ARCHIVE (Superfund Enterprise Management System Archive) tracks sites that have no further interest under the Federal Superfund Program based on available information. The list was formerly known as the CERCLIS-NFRAP, renamed to SEMS ARCHIVE by the EPA in 2015. EPA may perform a minimal level of assessment work at a site while it is archived if site conditions change and/or new information becomes available. Archived sites have been removed and archived from the inventory of SEMS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list the site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. The decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be potential NPL site.

Date of Government Version: 07/29/2021	Source: EPA
Date Data Arrived at EDR: 08/04/2021	Telephone: 800-424-9346

Federal RCRA non-CORRACTS TSD facilities list

RCRA-TSDF: RCRA - Treatment, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

Date of Government Version: 03/22/2021	Source: Environmental Protection Agency
Date Data Arrived at EDR: 03/23/2021	Telephone: (415) 495-8895

Federal RCRA generators list

RCRA-LQG: RCRA - Large Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

Date of Government Version: 03/22/2021	Source: Environmental Protection Agency
Date Data Arrived at EDR: 03/23/2021	Telephone: (415) 495-8895
Date Made Active in Reports: 05/19/2021	Last EDR Contact: 06/21/2021

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

RCRA-SQG: RCRA - Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

Date of Government Version: 03/22/2021	Source: Environmental Protection Agency
Date Data Arrived at EDR: 03/23/2021	Telephone: (415) 495-8895
Date Made Active in Reports: 05/19/2021	Last EDR Contact: 06/21/2021
Number of Days to Update: 57	Next Scheduled EDR Contact: 10/04/2021
	Data Release Frequency: Quarterly

RCRA-VSQG: RCRA - Very Small Quantity Generators (Formerly Conditionally Exempt Small Quantity Generators)

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Very small quantity generators (VSQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

Date of Government Version: 03/22/2021	Source: Environmental Protection Agency
Date Data Arrived at EDR: 03/23/2021	Telephone: (415) 495-8895

Federal institutional controls / engineering controls registries

LUCIS: Land Use Control Information System

LUCIS contains records of land use control information pertaining to the former Navy Base Realignment and Closure properties.

Date of Government Version: 05/10/2021	Source: Department of the Navy
Date Data Arrived at EDR: 05/13/2021	Telephone: 843-820-7326
Date Made Active in Reports: 08/03/2021	Last EDR Contact: 08/05/2021
Number of Days to Update: 82	Next Scheduled EDR Contact: 11/22/2021
	Data Release Frequency: Varies

US ENG CONTROLS: Engineering Controls Sites List

A listing of sites with engineering controls in place. Engineering controls include various forms of caps, building foundations, liners, and treatment methods to create pathway elimination for regulated substances to enter environmental media or effect human health.

Date of Government Version: 05/17/2021	Source: Environmental Protection Agency
Date Data Arrived at EDR: 05/21/2021	Telephone: 703-603-0695
Date Made Active in Reports: 08/11/2021	Last EDR Contact: 08/23/2021
Number of Days to Update: 82	Next Scheduled EDR Contact: 12/06/2021
	Data Release Frequency: Varies

US INST CONTROLS: Institutional Controls Sites List

A listing of sites with institutional controls in place. Institutional controls include administrative measures, such as groundwater use restrictions, construction restrictions, property use restrictions, and post remediation care requirements intended to prevent exposure to contaminants remaining on site. Deed restrictions are generally required as part of the institutional controls.

Date of Government Version: 05/17/2021	Source: Environmental Protection Agency

ENVIROSTOR: EnviroStor Database

The Department of Toxic Substances Control's (DTSC's) Site Mitigation and Brownfields Reuse Program's (SMBRP's) EnviroStor database identifies sites that have known contamination or sites for which there may be reasons to investigate further. The database includes the following site types: Federal Superfund sites (National Priorities List (NPL)); State Response, including Military Facilities and State Superfund; Voluntary Cleanup; and School sites. EnviroStor provides similar information to the information that was available in CalSites, and provides additional site information, including, but not limited to, identification of formerly-contaminated properties that have been released for reuse, properties where environmental deed restrictions have been recorded to prevent inappropriate land uses, and risk characterization information that is used to assess potential impacts to public health and the environment at contaminated sites.

ADDITIONAL ENVIRONMENTAL RECORDS

Local Brownfield lists

US BROWNFIELDS: A Listing of Brownfields Sites

Brownfields are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Cleaning up and reinvesting in these properties takes development pressures off of undeveloped, open land, and both improves and protects the environment. Assessment, Cleanup and Redevelopment Exchange System (ACRES) stores information reported by EPA Brownfields grant recipients on brownfields properties assessed or cleaned up with grant funding as well as information on Targeted Brownfields Assessments performed by EPA Regions. A listing of ACRES Brownfield sites is obtained from Cleanups in My Community. Cleanups in My Community provides information on Brownfields properties for which information is reported back to EPA, as well as areas served by Brownfields grant programs.

US CDL: Clandestine Drug Labs

A listing of clandestine drug lab locations. The U.S. Department of Justice ("the Department") provides this web site as a public service. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dumpsites. In most cases, the source of the entries is not the Department, and the Department has not verified the entry and does not guarantee its accuracy. Members of the public must verify the accuracy of all entries by, for example, contacting local law enforcement and local health departments.

DEED: Deed Restriction Listing

Site Mitigation and Brownfields Reuse Program Facility Sites with Deed Restrictions & Hazardous Waste Management Program Facility Sites with Deed / Land Use Restriction. The DTSC Site Mitigation and Brownfields Reuse Program (SMBRP) list includes sites cleaned up under the program's oversight and generally does not include current or former hazardous waste facilities that required a hazardous waste facility permit. The list represents deed restrictions that are active. Some sites have multiple deed restrictions. The DTSC Hazardous Waste Management Program (HWMP) has developed a list of current or former hazardous waste facilities that have a recorded land use restriction at the local county recorder's office. The land use restrictions on this list were required by the DTSC HWMP as a result of the presence of hazardous substances that remain on site after the facility (or part of the facility) has been closed or cleaned up. The types of land use restriction include deed notice, deed restriction, or a land use restriction that binds current and future owners.

SCRD DRYCLEANERS: State Coalition for Remediation of Drycleaners Listing

The State Coalition for Remediation of Drycleaners was established in 1998, with support from the U.S. EPA Office of Superfund Remediation and Technology Innovation. It is comprised of representatives of states with established drycleaner remediation programs. Currently the member states are Alabama, Connecticut, Florida, Illinois, Kansas, Minnesota, Missouri, North Carolina, Oregon, South Carolina, Tennessee, Texas, and Wisconsin.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

EPA WATCH LIST: EPA WATCH LIST

EPA maintains a "Watch List" to facilitate dialogue between EPA, state and local environmental agencies on enforcement matters relating to facilities with alleged violations identified as either significant or high priority. Being on the Watch List does not mean that the facility has actually violated the law only that an investigation by EPA or a state or local environmental agency has led those organizations to allege that an unproven violation has in fact occurred. Being on the Watch List does not represent a higher level of concern regarding the alleged violations that were detected, but instead indicates cases requiring additional dialogue between EPA, state and local agencies - primarily because of the length of time the alleged violation has gone unaddressed or unresolved.

2020 COR ACTION: 2020 Corrective Action Program List

The EPA has set ambitious goals for the RCRA Corrective Action program by creating the 2020 Corrective Action Universe. This RCRA cleanup baseline includes facilities expected to need corrective action. The 2020 universe contains a wide variety of sites. Some properties are heavily contaminated while others were contaminated but have since been cleaned up. Still others have not been fully investigated yet, and may require little or no remediation. Inclusion in the 2020 Universe does not necessarily imply failure on the part of a facility to meet its RCRA obligations.

RMP: Risk Management Plans

When Congress passed the Clean Air Act Amendments of 1990, it required EPA to publish regulations and guidance for chemical accident prevention at facilities using extremely hazardous substances. The Risk Management Program Rule (RMP Rule) was written to implement Section 112(r) of these amendments. The rule, which built upon existing industry codes and standards, requires companies of all sizes that use certain flammable and toxic substances to develop a Risk Management Program, which includes a(n): Hazard assessment that details the potential effects of an accidental release, an accident history of the last five years, and an evaluation of worst-case and alternative accidental releases; Prevention program that includes safety precautions and maintenance, monitoring, and employee training measures; and Emergency response program that spells out emergency health care, employee training measures and procedures for informing the public and response agencies (e.g the fire department) should an accident occur.

RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

US AIRS (AFS): Aerometric Information Retrieval System Facility Subsystem (AFS)

The database is a sub-system of Aerometric Information Retrieval System (AIRS). AFS contains compliance data on air pollution point sources regulated by the U.S. EPA and/or state and local air regulatory agencies. This information comes from source reports by various stationary sources of air pollution, such as electric power plants, steel mills, factories, and universities, and provides information about the air pollutants they produce. Action, air program, air program pollutant, and general level plant data. It is used to track emissions and compliance data from industrial plants.

ABANDONED MINES: Abandoned Mines

An inventory of land and water impacted by past mining (primarily coal mining) is maintained by OSMRE to provide information needed to implement the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The inventory contains information on the location, type, and extent of AML impacts, as well as, information on the cost associated with the reclamation of those problems. The inventory is based upon field surveys by State, Tribal, and OSMRE program officials. It is dynamic to the extent that it is modified as new problems are identified and existing problems are reclaimed.

HAZNET: Facility and Manifest Data

Facility and Manifest Data. The data is extracted from the copies of hazardous waste manifests received each year by the DTSC. The annual volume of manifests is typically 700,000 - 1,000,000 annually, representing approximately 350,000 - 500,000 shipments. Data are from the manifests submitted without correction, and therefore many contain some invalid values for data elements such as generator ID, TSD ID, waste category, and disposal method. This database begins with calendar year 1993.

WASTEWATER PITS: Oil Wastewater Pits Listing

Water officials discovered that oil producers have been dumping chemical-laden wastewater into hundreds of unlined pits that are operating without proper permits. Inspections completed by the Central Valley Regional Water Quality Control Board revealed the existence of previously unidentified waste sites. The water boards review found that more than one-third of the region's active disposal pits are operating without permission.

WDR: Waste Discharge Requirements Listing

In general, the Waste Discharge Requirements (WDRs) Program (sometimes also referred to as the "Non Chapter 15 (Non 15) Program") regulates point discharges that are exempt pursuant to Subsection 20090 of Title 27 and not subject to the Federal Water Pollution Control Act. Exemptions from Title 27 may be granted for nine categories of discharges (e.g., sewage, wastewater, etc.) that meet, and continue to meet, the preconditions listed for each specific exemption. The scope of the WDRs Program also includes the discharge of wastes classified as inert, pursuant to section 20230 of Title 27.

EDR Exclusive Records

EDR MGP: EDR Proprietary Manufactured Gas Plants

The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

EDR Hist Auto: EDR Exclusive Historical Auto Stations

EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

EDR Hist Cleaner: EDR Exclusive Historical Cleaners

EDR has searched selected national collections of business directories and has collected listings of potential dry cleaner sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include dry cleaning establishments. The categories reviewed included, but were not limited to dry cleaners, cleaners, laundry, laundromat, cleaning/laundry, wash & dry etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

OTHER DATABASE(S)

Depending on the geographic area covered by this report, the data provided in these specialty databases may or may not be complete. For example, the existence of wetlands information data in a specific report does not mean that all wetlands in the area covered by the report are included. Moreover, the absence of any reported wetlands information does not necessarily mean that wetlands do not exist in the area covered by the report.

Sensitive Receptors: There are individuals deemed sensitive receptors due to their fragile immune systems and special sensitivity to environmental discharges. These sensitive receptors typically include the elderly, the sick, and children. While the location of all sensitive receptors cannot be determined, EDR indicates those buildings and facilities - schools, daycares, hospitals, medical centers, and nursing homes - where individuals who are sensitive receptors are likely to be located.

AHA Hospitals:

Source: American Hospital Association, Inc.
Telephone: 312-280-5991

The database includes a listing of hospitals based on the American Hospital Association's annual survey of hospitals.

Medical Centers: Provider of Services Listing

Source: Centers for Medicare & Medicaid Services
Telephone: 410-786-3000

A listing of hospitals with Medicare provider number, produced by Centers of Medicare & Medicaid Services, a federal agency within the U.S. Department of Health and Human Services.

Nursing Homes

Source: National Institutes of Health
Telephone: 301-594-6248

Information on Medicare and Medicaid certified nursing homes in the United States.

Public Schools

Source: National Center for Education Statistics
Telephone: 202-502-7300

The National Center for Education Statistics' primary database on elementary and secondary public education in the United States. It is a comprehensive, annual, national statistical database of all public elementary and secondary schools and school districts, which contains data that are comparable across all states.

GEOCHECK[®] - PHYSICAL SETTING SOURCE ADDENDUM

TARGET PROPERTY ADDRESS

ANAHEIM MINI STORAGE
1761 WEST KATELLA
ANAHEIM, CA 92804

TARGET PROPERTY COORDINATES

Latitude (North):	33.80373 - 33° 48' 13.43"
Longitude (West):	117.944124 - 117° 56' 38.85"
Universal Transverse Mercator:	Zone 11
UTM X (Meters):	412608.7
UTM Y (Meters):	3740601.0
Elevation:	111 ft. above sea level

USGS TOPOGRAPHIC MAP

Target Property Map:	5641294 ANAHEIM, CA
Version Date:	2012

EDR's GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principle investigative components:

1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW DIRECTION INFORMATION

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).

TOPOGRAPHIC INFORMATION

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General WSW

SURROUNDING TOPOGRAPHY: ELEVATION PROFILES

Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

FEMA FLOOD ZONE

<u>Flood Plain Panel at Target Property</u>	<u>FEMA Source Type</u>
06059C0137J	FEMA FIRM Flood data
<u>Additional Panels in search area:</u>	<u>FEMA Source Type</u>
06059C0129J	FEMA FIRM Flood data

06059C0141J	FEMA FIRM Flood data

NATIONAL WETLAND INVENTORY

<u>NWI Quad at Target Property</u>	<u>NWI Electronic Data Coverage</u>
ANAHEIM	YES - refer to the Overview Map and Detail Map

HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Site-Specific Hydrogeological Data:*

Search Radius:	1.25 miles
Status:	Not found

AQUIFLOW®

Search Radius: 1.000 Mile.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

<u>MAP ID</u>	<u>LOCATION FROM TP</u>	<u>GENERAL DIRECTION GROUNDWATER FLOW</u>
21	1/2 - 1 Mile East	Not Reported
1G	1/2 - 1 Mile East	Not Reported

For additional site information, refer to Physical Setting Source Map Findings.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. The following information is based on Soil Conservation Service SSURGO data.

Soil Map ID: 1

Soil Component Name: HUENEME

Soil Surface Texture: fine sandy loam

Hydrologic Group: Class B - Moderate infiltration rates. Deep and moderately deep, moderately well and well drained soils with moderately coarse textures.

Soil Drainage Class:
Hydric Status: Not hydric

Corrosion Potential - Uncoated Steel: High

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 0 inches

Soil Layer Information							
Layer	Boundary		Soil Texture Class	Classification		Saturated hydraulic conductivity micro m/sec	Soil Reaction (pH)
	Upper	Lower		AASHTO Group	Unified Soil		
1	0 inches	27 inches	fine sandy loam	Not reported	Not reported	Max: 42 Min: 14	Max: 8.4 Min: 7.4
2	27 inches	59 inches	stratified sand to silt loam	Not reported	Not reported	Max: 42 Min: 14	Max: 8.4 Min: 7.4

Soil Map ID: 2

Soil Component Name: SAN EMIGDIO

Soil Surface Texture: fine sandy loam

Hydrologic Group: Class B - Moderate infiltration rates. Deep and moderately deep, moderately well and well drained soils with moderately coarse textures.

Soil Drainage Class: Well drained

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

Hydric Status: Not hydric

Corrosion Potential - Uncoated Steel: High

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 0 inches

Soil Layer Information							
Layer	Boundary		Soil Texture Class	Classification		Saturated hydraulic conductivity micro m/sec	Soil Reaction (pH)
	Upper	Lower		AASHTO Group	Unified Soil		
1	0 inches	7 inches	fine sandy loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Silty Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 42 Min: 14	Max: 8.4 Min: 7.9
2	7 inches	40 inches	stratified gravelly loamy coarse sand to very fine sandy loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Silty Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 42 Min: 14	Max: 8.4 Min: 7.9
3	40 inches	44 inches	silty clay loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Silty Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 42 Min: 14	Max: 8.4 Min: 7.9
4	44 inches	61 inches	stratified gravelly loamy coarse sand to very fine sandy loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Silty Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 42 Min: 14	Max: 8.4 Min: 7.9

Soil Map ID: 3

Soil Component Name: METZ

Soil Surface Texture: loamy sand

Hydrologic Group: Class A - High infiltration rates. Soils are deep, well drained to excessively drained sands and gravels.

Soil Drainage Class: Somewhat excessively drained

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

Hydric Status: Not hydric

Corrosion Potential - Uncoated Steel: High

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 0 inches

Soil Layer Information							
Layer	Boundary		Soil Texture Class	Classification		Saturated hydraulic conductivity micro m/sec	Soil Reaction (pH)
	Upper	Lower		AASHTO Group	Unified Soil		
1	0 inches	16 inches	loamy sand	Granular materials (35 pct. or less passing No. 200), Silty, or Clayey Gravel and Sand.	COARSE-GRAINED SOILS, Sands, Sands with fines, Silty Sand.	Max: 14 Min: 4	Max: 8.4 Min: 6.6
2	16 inches	62 inches	stratified sand to fine sandy loam	Granular materials (35 pct. or less passing No. 200), Silty, or Clayey Gravel and Sand.	COARSE-GRAINED SOILS, Sands, Sands with fines, Silty Sand.	Max: 14 Min: 4	Max: 8.4 Min: 6.6

LOCAL / REGIONAL WATER AGENCY RECORDS

EDR Local/Regional Water Agency records provide water well information to assist the environmental professional in assessing sources that may impact ground water flow direction, and in forming an opinion about the impact of contaminant migration on nearby drinking water wells.

PHYSICAL SETTING SOURCE RECORDS SEARCHED

TOPOGRAPHIC INFORMATION

USGS 7.5' Digital Elevation Model (DEM)

Source: United States Geologic Survey

EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

Current USGS 7.5 Minute Topographic Map

Source: U.S. Geological Survey

HYDROLOGIC INFORMATION

Flood Zone Data: This data was obtained from the Federal Emergency Management Agency (FEMA). It depicts 100-year and 500-year flood zones as defined by FEMA. It includes the National Flood Hazard Layer (NFHL) which incorporates Flood Insurance Rate Map (FIRM) data and Q3 data from FEMA in areas not covered by NFHL.

Source: FEMA

Telephone: 877-336-2627

Date of Government Version: 2003, 2015

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002, 2005 and 2010 from the U.S. Fish and Wildlife Service.

State Wetlands Data: Wetland Inventory

Source: Department of Fish and Wildlife

Telephone: 916-445-0411

HYDROGEOLOGIC INFORMATION

AQUIFLOW^R Information System

Source: EDR proprietary database of groundwater flow information

EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

GEOLOGIC INFORMATION

Geologic Age and Rock Stratigraphic Unit

Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - A digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

STATSGO: State Soil Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

SSURGO: Soil Survey Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

Telephone: 800-672-5559

SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Service, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

PHYSICAL SETTING SOURCE RECORDS SEARCHED

LOCAL / REGIONAL WATER AGENCY RECORDS

FEDERAL WATER WELLS

PWS: Public Water Systems

Source: EPA/Office of Drinking Water

Telephone: 202-564-3750

Public Water System data from the Federal Reporting Data System. A PWS is any water system which provides water to at least 25 people for at least 60 days annually. PWSs provide water from wells, rivers and other sources.

PWS ENF: Public Water Systems Violation and Enforcement Data

Source: EPA/Office of Drinking Water

Telephone: 202-564-3750

Violation and Enforcement data for Public Water Systems from the Safe Drinking Water Information System (SDWIS) after August 1995. Prior to August 1995, the data came from the Federal Reporting Data System (FRDS).

USGS Water Wells: USGS National Water Inventory System (NWIS)

This database contains descriptive information on sites where the USGS collects or has collected data on surface water and/or groundwater. The groundwater data includes information on wells, springs, and other sources of groundwater.

OTHER STATE DATABASE INFORMATION

Groundwater Ambient Monitoring & Assessment Program

State Water Resources Control Board

Telephone: 916-341-5577

The GAMA Program is California's comprehensive groundwater quality monitoring program. GAMA collects data by testing the untreated, raw water in different types of wells for naturally-occurring and man-made chemicals. The GAMA data includes Domestic, Monitoring and Municipal well types from the following sources, Department of Water Resources, Department of Health Services, EDF, Agricultural Lands, Lawrence Livermore National Laboratory, Department of Pesticide Regulation, United States Geological Survey, Groundwater Ambient Monitoring and Assessment Program and Local Groundwater Projects.

Water Well Database

Source: Department of Water Resources

Telephone: 916-651-9648

California Drinking Water Quality Database

Source: Department of Public Health

Telephone: 916-324-2319

The database includes all drinking water compliance and special studies monitoring for the state of California since 1984. It consists of over 3,200,000 individual analyses along with well and water system information.

California Oil and Gas Well Locations

Source: Dept of Conservation, Geologic Energy Management Division

Telephone: 916-323-1779

Oil and Gas well locations in the state.

California Earthquake Fault Lines

Source: California Division of Mines and Geology

The fault lines displayed on EDR's Topographic map are digitized quaternary fault lines prepared in 1975 by the United States Geological Survey. Additional information (also from 1975) regarding activity at specific fault lines comes from California's Preliminary Fault Activity Map prepared by the California Division of Mines and Geology.

RADON

State Database: CA Radon

Source: Department of Public Health

Telephone: 916-210-8558

Radon Database for California

PHYSICAL SETTING SOURCE RECORDS SEARCHED

Area Radon Information

Source: USGS

Telephone: 703-356-4020

The National Radon Database has been developed by the U.S. Environmental Protection Agency (USEPA) and is a compilation of the EPA/State Residential Radon Survey and the National Residential Radon Survey. The study covers the years 1986 - 1992. Where necessary data has been supplemented by information collected at private sources such as universities and research institutions.

EPA Radon Zones

Source: EPA

Telephone: 703-356-4020

Sections 307 & 309 of IRRA directed EPA to list and identify areas of U.S. with the potential for elevated indoor radon levels.

OTHER

Airport Landing Facilities: Private and public use landing facilities

Source: Federal Aviation Administration, 800-457-6656

Epicenters: World earthquake epicenters, Richter 5 or greater

Source: Department of Commerce, National Oceanic and Atmospheric Administration

California Earthquake Fault Lines: The fault lines displayed on EDR's Topographic map are digitized quaternary fault lines, prepared in 1975 by the United State Geological Survey. Additional information (also from 1975) regarding activity at specific fault lines comes from California's Preliminary Fault Activity Map prepared by the California Division of Mines and Geology.

Certified Sanborn® Map Report

09/14/21

Site Name:

Anaheim Mini Storage
1761 West Katella
Anaheim, CA 92804
EDR Inquiry # 6661710.3

Client Name:

AES Due Diligence, Inc
4542 Ruffner Street, Suite 330
San Diego, CA 92111
Contact: Bennett Mckenzie

The Sanborn Library has been searched by EDR and maps covering the target property location as provided by AES Due Diligence, Inc were identified for the years listed below. The Sanborn Library is the largest, most complete collection of fire insurance maps. The collection includes maps from Sanborn, Bromley, Perris & Browne, Hopkins, Barlow, and others. Only Environmental Data Resources Inc. (EDR) is authorized to grant rights for commercial reproduction of maps by the Sanborn Library LLC, the copyright holder for the collection. Results can be authenticated by visiting www.edrnet.com/sanborn.

The Sanborn Library is continually enhanced with newly identified map archives. This report accesses all maps in the collection as of the day this report was generated.

Certified Sanborn Results:

Certification # DF04-41F7-8279

PO # NA

Project 21004064

UNMAPPED PROPERTY

This report certifies that the complete holdings of the Sanborn Library, LLC collection have been searched based on client supplied target property information, and fire insurance maps covering the target property were not found.

Sanborn® Library search results

Certification #: DF04-41F7-8279

The Sanborn Library includes more than 1.2 million fire insurance maps from Sanborn, Bromley, Perris & Browne, Hopkins, Barlow and others which track historical property usage in approximately 12,000 American cities and towns. Collections searched:

EXECUTIVE SUMMARY

DESCRIPTION

Environmental Data Resources, Inc.'s (EDR) City Directory Abstract is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's City Directory Abstract includes a search and abstract of available city directory data. For each address, the directory lists the name of the corresponding occupant at five year intervals.

Business directories including city, cross reference and telephone directories were reviewed, if available, at approximately five year intervals for the years spanning 1920 through 2015. This report compiles information gathered in this review by geocoding the latitude and longitude of properties identified and gathering information about properties within 660 feet of the target property.

A summary of the information obtained is provided in the text of this report.

RECORD SOURCES

EDR's Digital Archive combines historical directory listings from sources such as Cole Information and Dun & Bradstreet. These standard sources of property information complement and enhance each other to provide a more comprehensive report.

EDR is licensed to reproduce certain City Directory works by the copyright holders of those works. The purchaser of this EDR City Directory Report may include it in report(s) delivered to a customer. Reproduction of City Directories without permission of the publisher or licensed vendor may be a violation of copyright.

with any questions or comments.

Disclaimer - Copyright and Trademark Notice

The EDR Vapor Encroachment Worksheet enables EDR's customers to make certain online modifications that effects maps, text and calculations contained in this Report. As a result, maps, text and calculations contained in this Report may have been so modified. EDR has not taken any action to verify any such modifications, and this report and the findings set forth herein must be read in light of this fact. Environmental Data Resources shall not be responsible for any customer's decision to include or not include in any final report any records determined to be within the relevant minimum search distances.

This report contains information obtained from a variety of public and other sources reasonably available to Environmental Data Resources, Inc. It cannot be concluded from this Report that coverage information for the target and surrounding properties does not exist from other sources. **NO WARRANTY EXPRESSED OR IMPLIED, IS MADE WHATSOEVER IN CONNECTION WITH THIS REPORT. ENVIRONMENTAL DATA RESOURCES, INC. SPECIFICALLY DISCLAIMS THE MAKING OF ANY SUCH WARRANTIES, INCLUDING WITHOUT LIMITATION, MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE OR PURPOSE. ALL RISK IS ASSUMED BY THE USER. IN NO EVENT SHALL ENVIRONMENTAL DATA RESOURCES, INC. BE LIABLE TO ANYONE, WHETHER ARISING OUT OF ERRORS OR OMISSIONS, NEGLIGENCE, ACCIDENT OR ANY OTHER CAUSE, FOR ANY LOSS OR DAMAGE, INCLUDING, WITHOUT LIMITATION, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES. ANY LIABILITY ON THE PART OF ENVIRONMENTAL DATA RESOURCES, INC. IS STRICTLY LIMITED TO A REFUND OF THE AMOUNT PAID FOR THIS REPORT.**

Purchaser accepts this report "AS IS". Any analyses, estimates, ratings, or risk codes provided in this report are provided for illustrative purposes only, and are not intended to provide, nor should they be interpreted as providing any facts regarding, or prediction or forecast of, any environmental risk for any property. Only a Phase I Environmental Site Assessment performed by an environmental professional can produce information regarding the environmental risk for any property. Additionally, the information provided in this Report is not to be construed as legal advice.

Copyright 2021 by Environmental Data Resources, Inc. All rights reserved. Reproduction in any media or format, in whole or in part, of any report or map of Environmental Data Resources, Inc., or its affiliates, is prohibited without prior written permission.

EDR and its logos (including Sanborn and Sanborn Map) are trademarks of Environmental Data Resources, Inc. or its affiliates. All other trademarks used herein are the property of their respective owners.

EXECUTIVE SUMMARY

A search of available environmental records was conducted by EDR. The report was designed to assist parties seeking to meet the search requirements of the ASTM Standard Practice for Assessment of Vapor Encroachment into Structures on Property Involved in Real Estate Transactions (E 2600).

STANDARD ENVIRONMENTAL RECORDS	Default Area of Concern (Miles)*	property	1/10	> 1/10

Site ID: 84553
Site Name: Walmart #5639
Violation Date: 06-11-2019
Citation: HSC 6.95 25508(a)(1) - California Health and Safety Code, Chapter 6.95, Section(s) 25508(a)(1)
Violation Description: Failure to complete and electronically submit a site map with all required content.
Violation Notes: Returned to compliance on 08/06/2019. OBSERVATION: The site map on the California Environmental Reporting System (CERS) requires amendments. CORRECTIVE ACTION: Please see regulator comments on CERS, make necessary corrections and resubmit within 30 days.
Violation Division: Orange County Environmental Health
Violation Program: HMRRP
Violation Source: CERS

Evaluation:

Eval General Type: Compliance Evaluation Inspection
Eval Date: 11-18-2019
Violations Found: No
Eval Type: Routine done by local agency
Eval Notes: Mark Sutphin at site for annual routine Hazmat Facility inspection. Permission to inspect granted by Irene Rivera the Assistant Manager Facility has submitted a Hazmat Business plan on CERS 10455313. Emergency plan appears correct and facility has implemented the plan and provides employee training. Emergency plan lists lead acid batteries for equipment and refrigerant. Site map appears correct.

MAP FINDINGS

WALMART #5639, 10912 KATELLA AVE, GARDEN GROVE, CA 92840 (Continued)

Eval Type:	Routine done by local agency
Eval Notes:	On site for a routine hazardous materials and business emergency plan (BEP) inspection. Consent to enter and inspect the facility was granted by Vanessa Ramirez, Assistant Manager. Observed the facility's hazardous materials storage areas. Hazardous materials must be reported if the business handles an amount equal to or greater than 55 gallons of liquid, 500 pounds of solid, or 200 cubic feet of compressed gas (1,000 cubic feet threshold for gases for which the only health/physical hazards are simple asphyxiation and the release of pressure). During today's inspection, the following hazardous materials were observed above the reportable threshold at this facility: G R407A refrigerant G Lead acid batteries for operational equipment Observed 4 cylinders of compressed helium, each approximately 4 feet to 4.5 feet tall. Please report if storing 1,000 cubic feet or more. The Business Emergency Plan was available for review at the time of inspection

Violations:

Site ID: 104942
 Site Name: Euclid-Katella Chevron
 Violation Date: 02-20-2019
 Citation: 23 CCR 16 2636(f)(2) - California Code of Regulations, Title 23, Chapter 16, Section(s) 2636(f)(2)
 Violation Description: Failure of the functional line leak detector (LLD) monitoring pressurized piping to meet one or more of the following requirements: Monitored at least hourly with the capability of detecting a release of 3.0 gallons per hour leak at 10 pounds per square inch and restrict or shut off the flow of product through the piping when a leak is detected.
 Violation Notes: Returned to compliance on 05/03/2019. OBSERVATION: The 87 product line leak detector failed to meet one or more of the following requirements: Monitor at least hourly; Capable of detecting a release of 3.0 gallons per hour at 10 p.s.i.g.; Restricting or shutting off the flow of product through the piping when a leak is detected. CORRECTIVE ACTION: Repair or replace line leak detector for the 87 product line so that is it is capable of monitoring at least hourly, detecting a release of 3.0 gallons per hour at 10 p.s.i.g., and restricting or shutting off the flow of product through the piping when a leak is detected. Submit the passing test result to this Agency to correct the violation.
 Violation Division: Orange County Environmental Health
 Violation Program: UST
 Violation Source: CERS
 Site ID: 104942
 Site Name: Euclid-Katella Chevron
 Violation Date: 03-12-2019
 Citation: HSC 6.95 25505(a)(4) - California Health and Safety Code, Chapter 6.95, Section(s) 25505(a)(4)
 Violation Description: Failure to provide initial and annual training to all employees in safety procedures in the event of a release or threatened release of a hazardous material or failure to document and maintain training records for a minimum of three years.
 Violation Notes: OBSERVATION: Employee training records were not available for review. All employees are required to be trained annually; new employees are required to be trained within 6 months. CORRECTIVE ACTION: Please provide training records for the Hazardous Materials Business Plan with the following information documented: topic of training, date, employee name, employee signature. Violation must be corrected immediately and documents must be submitted to this Agency within 30 days.

Violation Source:	CERS
Site ID:	104942
Site Name:	Euclid-Katella Chevron
Violation Date:	02-20-2019
Citation:	23 CCR 16 2712(b)(1)(G) - California Code of Regulations, Title 23, Chapter 16, Section(s) 2712(b)(1)(G)
Violation Description:	Failure to comply with one or more of the following overfill prevention equipment requirements: Alert the transfer operator when the tank is 90 percent full by restricting the flow into the tank or triggering an audible and visual alarm; or Restrict delivery of flow to the tank at least 30 minutes before the tank overfills, provided the restriction occurs when the tank is filled to no more than 95 percent of capacity; and activate an audible alarm at least five minutes before the tank overfills; or Provide positive shut-off of flow to the tank when the tank is filled to no more than 95 percent of capacity; or Provide positive shut-off of flow to the tank so that none of the fittings located on the top of the tank are exposed to product due to overfilling. Install/retrofit overfill prevention equipment that does not use flow restrictors on vent piping to meet overfill prevention equipment requirements when the overfill prevention equipment is installed, repaired, or replaced on and after October 1, - 2018. For USTs installed before October 1, 2018, perform an inspection by October 13, 2018 and every 36 months thereafter. For USTs installed on and after October- 1, - 2018, perform an inspection at installation and every 36 months thereafter. Inspected within 30 days after a repair to the overfill prevention equipment. Inspected using an applicable manufacturer guidelines, industry codes, engineering standards, or a method approved by a professional engineer. Inspected by a certified UST service technician. Maintain records of overfill prevention equipment inspection for 36 months.
Violation Notes:	Returned to compliance on 02/20/2019. OBSERVATION: Facility failed to test overfill prevention equipment at least once as of 10/13/2018 and every 36 months thereafter. CORRECTIVE ACTION: Overfill prevention equipment was tested this date and passed. Violation corrected during the inspection. Please submit the test results within 30 days.

Eval Notes:	Mark Sutphin onsite to conduct a routine UST inspection and witness the annual monitoring certification. Permission to enter, inspect, and take photographs granted by Hadi Hosn the owner . Testing performed by Jose Coronel and his certifications were up to date Two gasoline tanks 87, 91, one diesel tank that was converted from gasoline on plan check SR0127520, and one waste oil tank passed monitoring system certification today. Tanks are double walled fiberglass with a dry annular space. The UST annulars have Veederroot 409 sensors, The sumps have Veederroot 208 sensors and the 4 UDCs have Beadreaux sensors. Spill buckets passed water testing this date. All sensors were submerged in water and shutdown the corresponding turbines. UDC sensors are stand alone. Sensors were submerged in water and power to the dispensers was verified to shutdown. Sensor out, power out and emergency shut-off was tested and visual/audible alarm verified. ELLD passed line leak detection [Truncated]

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Site Assessment Questionnaire

To be completed by a "key site manager" or someone knowledgeable about the subject site.

Site Name: Anaheim Mini Storage

Site Address: 1761 W. Katella Ave., Anaheim, CA 92804

Date Provided: 9/13/21

The following Environmental Questionnaire must be completed in its entirety. Do not leave any question unanswered. If a question is not applicable to the site, answer NA.

General Facility Information

Key Personnel

Position	Name	Telephone Number	Years at Site
Owner	Abernethy, Lopuch	310-642-0080	33
Building Manager	SSMC	310-642-0080	
Other			
Other			

In the following tables describe the physical property, on-site services provided and tenants. Please include a map showing the subject site location and physical location of on-site facilities. Use additional sheets as required.

Property area: $\approx 84,724$ sq. ft. Acres: ≈ 1.94

Building Description (for each building)

[illegible]

Environmental Site Assessment Questionnaire

Current Tenant List (attach extra sheets if required)

[illegible]

Former Tenant List (attach extra sheets if required)

[illegible]

**Environmental
Site
Assessment
Questionnaire**

Do any of the following specific conditions exist on the site? If yes, please describe the condition.

Site Specific Conditions

Type	Yes	No	If Yes, Describe Location and Identify
Landfill, Dump Area, Junkyard		X	
Surface Impoundment or Retention Ponds		X	
Asbestos Containing Materials	X		ROOFING FRAMING/RAFTERS
Asbestos O&M Plan		X	
Polychlorinated Biphenyls (PCBs)		X	
Radon		X	
Lead-based Paint (LBP)		X	
Aboveground or Underground Storage Tank(s), including septic		X	
Dry Cleaning		X	
Container/Drum Storage Area(s)		X	
Surface Staining		X	
Wetlands		X	
Flood Zone or Areas Subject to Flooding		X	
Wells (on-site monitoring, water supply or injection)		X	
Incinerator or Open Burning		X	

Has any fire, demolition or construction activity been conducted during the current tenancy (ies)? DON'T KNOW

Yes No If yes, date and description:

Site History

Property purchase date (current owner): 1988

Building construction date: Unknown

By:

Building remodeling and addition dates: 1988

List the previous owner(s): TRW (Credit)

Date: Prior to 1988

Date:

Date:

Describe past uses of the site and approximate dates of each use:

Mini Storage

Date: 1988 on

Data Center

Date: Prior to 1988

**Environmental
Site
Assessment
Questionnaire**

Has any environmental work or reporting been conducted at the subject site? Yes No
Type of activity? Not to my knowledge.

Date: By:

Date: By:

Has any environmental work or reporting been conducted at neighboring properties?

DON'T KNOW

Yes No

Type of activity?

Date: Address:

Date: Address:

Was any demolition or construction activity required prior to the construction of the current improvements?

Yes No

If yes, date and description: DON'T KNOW

Is there any past experience or operation of any underground or aboveground storage tanks on the subject site?

Yes No

If yes, please complete the following table: DON'T KNOW

UST/AST Information					
Material Stored	Size	Age	Leak Detection	Corrosion Protection	Overfill Protection

Is there any past existence or operations of an emergency electrical generator and/or fire pump on the subject site?

Yes No

Fuel Type? DON'T KNOW

Describe fuel storage and location: DON'T KNOW

Is there any past existence or operation of automotive fueling, servicing, repairing, painting or washing activities on the subject site?

Yes No

Describe the operations and disposition of waste products: DON'T KNOW

**Environmental
Site
Assessment
Questionnaire**

Is there any past existence or operation of hydraulically operated elevators, automobile hoists or truck dock levelers on the subject site? ☐ Yes ☐ No

Describe location: Freight elevator w/ 4,000 lb. capacity (near main office)

VRC lift w/ 1,000 lb. capacity (south east end of property)

Have any historic operations on the subject site involved the generation, manufacture, processing, transportation, treatment, storage or handling of any of the following:
DON'T KNOW TO ALL

Petroleum products (fuels, solvents, waste oils, etc.)	Yes	No
Asbestos	Yes	No
Lead-based Paint	Yes	No
Hazardous Materials	Yes	No
Biohazardous Materials	Yes	No
Polychlorinated Biphenyls (PCBs)	Yes	No
If yes, describe the operations:		

**Solid/Hazardous
Waste Generation
and Disposal**

Identify all waste materials that the existing facility generates in addition to general municipal waste (garbage). Please identify recycles, hazardous or special waste products including, but not limited to, paper, cardboard, grease, solvents, waste oil, dry-cleaning solvents, medical wastes, photographic and x-ray development chemicals, lead-acid storage batteries, metals, tires, etc.

Waste Generation and Disposal

Waste Category	Description of Waste	Method of Storage	When Removed	Disposal Contractor
General	N/A			
Construction Debris	N/A			
Recyclable*	N/A			
Dry Cleaning*	N/A			
Other Hazardous*	N/A			
Waste Oil*	N/A			
Solvents*	N/A			
Other*	N/A			

*Provide a copy of the most recent waste disposal records.

Are any former tenants generators of hazardous waste?

Yes No

If yes, describe the waste and their operation: DON'T KNOW

Environmental Site Assessment Questionnaire

Does the current owner or operator (or previous owner/operator) perform the following activities? DON'T KNOW TO ALL

Discharge wastewater (including storm water, process and nonprocess water or sanitary waste?	Yes	No
Identify what is released and quantities: N/A		
Store solid waste?	Yes	No
Store hazardous waste?	Yes	No
Waste water treatment?	Yes	No
Waste disposal operations?	Yes	No

Chemical and Material Storage

Chemical and Material Storage

Material/Chemical	Yes	No	MSDS	Quantity Stored	Description and Supplier
Flammable Material		X			
Gasoline and Fuel		X			
Dry Cleaning Solvent		X			
Hydraulic Oil		X			
Waste Oil		X			
Automotive Oil		X			
Grease		X			
Paints	X			50 GALLONS	DUNN EDW.
Solvents		X			
Corrosives		X			

Notification and Compliance

Has the owner of the property taken any of the following actions relative to the subject site? DON'T KNOW TO MOST

Prepared a Chemical Safety Contingency Plan?	Yes	No
Filed an Emergency and Hazardous Chemical Inventory Form pursuant to the Federal Emergency Planning and Community Right-to-Know Act of 1986.	Yes	No
Filed a Toxic Chemical Release Form pursuant to the Federal Emergency Planning and Community Right-to-Know Act of 1986.	Yes	No
Maintained Material Safety Data Sheets (MSDS) on site.		
<i>*Will provide upon visit</i>	Yes	No
Prepared a Spill Prevention Control and Countermeasure (SPCC) plan?	Yes	No
Conducted leak testing of storage tank piping and piping systems?	Yes	No

Please include copies of the above documents with the Questionnaire

Has the owner or operator of any facility on the subject site or the subject site itself been the subject of any of the following state or federal government actions?

Written notification regarding known, suspected or alleged contamination on or emanating from the subject site?	Yes	No
Environmental enforcement case or lawsuit.	Yes	No
Environmental Notice of Violation for any activities.	Yes	No
Names as Potentially Responsible Party (PRP) or Responsible Party in any environmental action.	Yes	No

If yes to any of the above, include documentation of the action and its resolution.

Environmental Releases during Ownership

Has any situation occurred at this site or neighboring sites that resulted in a reportable "release" of any hazardous substances or petroleum as required under state or federal laws. DON'T KNOW

Yes No

If yes, please describe:

Have any hazardous substances or petroleum come into direct contact with the ground, ground water or surface water at this site? DON'T KNOW

Yes No

If yes, please describe:

If the answers to questions above are "Yes", have any of the following actions or events been associated with a release on the subject site or neighboring sites? DON'T KNOW TO ALL

Yes No

Use of a cleanup contractor to remove or treat materials including soils, pavement or other surficial materials.

Yes No

Designation, by State or Federal EPA of release as "significant".

Yes No

Sampling and analysis of soils, ground or surface water.

Yes No

Temporary or more long-term monitoring of ground water at or near the site.

Yes No

Impaired usage of an on-site or nearby water well because of offensive characteristics of the water.

Yes No

Coping with fumes from subsurface storm drains, sumps or basements, etc.

Yes No

Signs of unusual stains, damaged vegetation or substances leaching out of the ground along the base of slopes or at other low points on or immediately adjacent to the site.

Yes No

Is the facility currently operating under an environmental variance granted by a state or federal regulatory agency?

Yes No

Do you have any environmental concerns regarding the past or current use of the subject or adjoining sites?

Yes No

If yes, describe:

Utilities

Utility	Supplier
Electric Company	CITY OF ANAHEIM
Natural Gas	N/A
Domestic Water	CITY OF ANAHEIM
Irrigation Water	CITY OF ANAHEIM
Sewer	CITY OF ANAHEIM
Trash	REPUBLIC SERVICES, INC.

Environmental Site Assessment Questionnaire Addendum:

In order to qualify for one of the *Landowner Liability Protections (LLPs)* offered by the Small Business Liability Relief and Brownfields Revitalization Act of 2001 (the "*Brownfields Amendments*"), the user must provide the following information (if available) to the *environmental professional*. Failure to provide this information could result in a determination that "*all appropriate inquiry*" is not complete.

(1.) **Regarding environmental cleanup liens that are filed or recorded against the site**, are you aware of any environmental cleanup liens against the property that are filed or recorded under federal, tribal, state or local law?

☐ No
☒ Yes

(2.) **Regarding activity and land use limitations that are in place on the site or that have been filed recorded in a registry**, are you aware of any AULs, such as engineering controls, land use restrictions or institutional controls that are in place at the site and/or have been filed or recorded in a registry under federal, tribal, state or local law?

☐ No
☒ Yes

(3.) **As the user of this ESA do you have any specialized knowledge or experience related to the property -- nearby properties?** For example, are you involved in the same line of business as the current or former occupants of the property or an adjoining property so that you would have specialized knowledge of the chemicals and processes used by this type of business?

☐ No
☒ Yes

(4.) **Regarding the relationship of the purchase price to the fair market value of the property if it were not contaminated**, does the purchase price being paid for this property reasonably reflect the fair market value of the property? If you conclude that there is a difference, have you considered whether the lower purchase price is because contamination is known or believed to be present at the property?

☐ No
☒ Yes

(5.) **Regarding commonly known or reasonably ascertainable information about the property**, are you aware of commonly known or reasonably ascertainable information about the property that would help the environmental professional to identify conditions indicative of releases or threatened releases?

☐ No
☒ Yes

For example, as user,

(a.) Do you know the past uses of the property?

(b.) Do you know of specific chemicals that are present or once were present at the property?

(c.) Do you know of spills or other chemical releases that have taken place at the property?

(d.) Do you know of any environmental cleanups that have taken place at the property?

(6.) **Regarding the degree of obviousness of the presence of likely presence or contamination at the property, and the ability to detect the contamination by appropriate investigation**, as the user of this ESA, based on your knowledge and experience related to the property are there any obvious indicators that point to the presence or likely presence of contamination at the property?

☐ No
☒ Yes

Subject: Completion of Corrective Action

Re: Anaheim-West Car Wash
10802 Katella Avenue
Anaheim, CA 92660
O.C.H.C.A. Case # 93UT35

Dear Dr. Cook:

This letter confirms the completion of corrective action at the above site. With the provision that the information provided to this Agency was accurate and representative of existing conditions, it is the position of this office that no further action is required at this time.

Please be advised that this letter does not relieve you of any liability under the California Health and Safety Code or Water Code for past, present or future operations at the site. Nor does it relieve you of the responsibility to clean up existing, additional or previously unidentified conditions at the site which cause or threaten to cause pollution or nuisance or otherwise pose a threat to water quality or public health.

Additionally, be advised that changes in the present or proposed use of the site may require further site characterization and mitigation activity. It is the property owner's responsibility to notify this Agency of any changes in report content, future contamination findings or site usage.

If you have any questions regarding this matter, please contact Dave Woelfel at (714) 667-3636.

Very truly yours,

Case Summary and Closure Rationale

D.B.A.: Anaheim West Car Wash R.P.: Dr. Gordon Cook

Address: 10802 Katella Avenue, Garden Grove, CA (Anaheim mailing address)

Current Land Use: Car Wash Adjacent Land Use: Trailer Park

Future Land Use: Car Wash UST

Site Information (Type of Business, Materials Used, etc.): 1 10K Diesel
3 10K Gasoline

Contaminant	Highest Conc. Soil (ppm)		Highest Conc. Groundwater (ppb)	
	Initial	Final	Initial	Final
1. TPH	18000	1		
2. Benzene	7.7	N.D.		
3. Toluene	1,200	.008		
4. Xylenes	6,300	.140		
5. Ethylbenzene	340	.005		
6.				

Depth of Highest - Conc. Remaining: - (ft) - (ppm)

Deepest Depth of - Remaining: - (ft) - (ppm)

Depth to Groundwater: 65 Ft. (estimated X measured)

Soil Types: Silty Sand

Forebay Pressure Intrusion Tidal Hills Near OCWD recharge

Case Summary (Cleanup Efforts and Closure Rationale):

Three 10,000 gallon gasoline USTs and one 10,000 gallon diesel UST, associated piping, and five dispenser islands were removed. Contaminated soil was found beneath the west end of USTs 1, 2, & 3 and beneath dispensers PA 1, 2, & 3 and PB 3 & 4. Below M.C.L. or none detect levels of B.T.E.X were found in all other areas of the USTs and dispenser excavations.

The areas with significant contaminated soil were over excavated. Verification sampling indicated non detect or less than M.C.L.s for B.T.E.X. in these over excavated areas. In addition, total petroleum hydrocarbon levels were N.D. or not greater than 1 ppm.

Specialist: Dave Woelfel

Case Summary (Cont.)

D.B.A.: 93UT35

Case ID# June 21, 1993

All contaminated soil was stock piled on site and removed to County of Orange landfills (34 tons total).

Two areas of the dispensers were sampled. The area to the south of the former USTs was sampled after the dispensers were removed. This was an area that had to be over excavated.

The other area of dispensers that was sampled was found north of the former USTs in the car detail area. These dispensers were in operation for a period of only six months and were removed several years ago. Samples were taken below 3 of the 4 dispensers in this area and were found to be N.D.

Mr. Douglas Beiswenger
Garden Grove Gateway, LLC
4675 MacArthur Court, Ste. 430
Newport Beach, CA 92660

NO FURTHER ACTION AT FORMER JAGUAR CLEANERS, LOCATED AT 10850 KATELLA, GARDEN GROVE, CA 92640

Dear Mr. Beiswenger:

We have reviewed the Phase II Environmental Assessment Report, dated June 30, 2004 and submitted by Fero Engineering on July 1, 2004 for the referenced facility. The former dry cleaner was removed in 1991 and the site is currently vacant land. The site overlies the Santa Ana Forebay Groundwater Subbasin.

A soil gas survey was conducted at the site in September 2003. The gas sampling was conducted at depths ranging from 16 to 30 feet below ground surface (fbg). Elevated concentrations of volatile organic compounds (VOCs), tetrachloroethylene (PCE) and trichloroethylene (TCE), were identified in the gas samples collected from the south central area of the site at a depth of 30 fbg. The highest concentrations of PCE and TCE were 223 parts per billion (ppb) and 4 ppb, respectively.

Soil and groundwater sampling was performed in April 2004 by hollow stem augering and Hydropunch technology. A total of three borings were advanced to 65 fbg. Soil samples were collected at five foot intervals from 5 to 60 fbg. Groundwater was encountered between 64 and 65 fbg. Hydropunch rods were advanced approximately five feet into the groundwater through the hollow stem augers. Screened PVC pipe was inserted through the Hydropunch rods to collect the groundwater samples. The soil and groundwater samples were analyzed for VOCs using EPA method 8260b.

PCE was the only VOC detected in the soil and groundwater samples. The highest concentration of PCE in the soil was 127 ppb at a depth of 15 fbg. The PCE concentrations in groundwater from the three borings were 7.15 ppb, 8.14 ppb and 4.92 ppb.

Based on the low concentrations of PCE in the soil and groundwater at the site, there does not appear to be a significant threat to the beneficial uses of the Santa Ana Forebay Groundwater Subbasin. Therefore, based on the information contained in the Phase II Environmental Assessment Report, and with the provision that the information previously provided to this agency was accurate and representative of site conditions, no further action is required related to the spill release of volatile organic compounds at the former Jaguar Cleaners.

Douglas Beiswenger

Self Storage Management Company
Attn: Mr. Jamie Groh
5221 West 102nd Street
Los Angeles, CA 90045

Letter of Engagement

Project Number 21004063-21004074
Self Storage Properties Phase 1 Portfolio
Various Addresses/Cities – (outlined below)
California

Dear Mr. Groh :

In accordance with your request we hereby submit this Letter of Engagement for Phase 1 Environmental Site Assessment ("ESA") services for the specifically named properties and their respective acreages and years of construction as listed below. If acceptable we hereby agree to furnish all required services to complete the above-referenced reports in accordance with current ASTM and Industry Standards. It is agreed that the information provided by AES Due Diligence (AES) is for the exclusive use of Self Storage Management Company and no other party shall have the right to rely on any services provided by AES without prior written consent. No assignment of this Letter of Engagement and the resulting Reports can be made to any persons or entities not expressly named in this document without the written consent of AES Due Diligence, Inc.

Our Compensation for the services shall as listed on a per property or in aggregate as offered below :

- Airport Mini Storage - 5221 W. 102nd St - Los Angeles
Year Built: 1977 Acres: 1.13.....\$2,150.00
- Anaheim Mini Storage - 1761 W. Katella Ave - Anaheim
Year Built: 1993 Acres: 1.93.....\$2,150.00
- Costa Mesa Mini Storage - 2950 Bear Street - Costa Mesa
Year Built: 1977 Acres: 2.16.....\$2,150.00
- Orange County Self Storage - 280 N.Sullivan St. - Santa Ana
Year Built: 1977 Acres: 2.5.....\$2,150.00
- Paramount Mini Storage - 8160 E. Rosecrans Ave - Paramount
Year Built: 1993 Acres: 2.01.....\$2,150.00
- Pasadena Mini Storage - 686 S. Arroyo Parkway - Pasadena
Year Built: 1975 Acres: .90.....\$2,150.00
- Redondo/Torrance Mini Storage - 3701 Inglewood Ave. - Redondo Beach
Year Built: 1984 Acres: 4.72.....\$2,350.00

- West L.A. Mini Storage 5450 S. Slauson Ave, Culver City
Year Built: 1979 Acres: 2.82.....\$2,350.00

**Project Number 21004063-21004074
Self Storage Properties Phase 1 Portfolio**

If AES is awarded all Phase 1 assignments on all of above named properties our total fee will be \$25,200 , equating to \$2,100.00 per property.

The indicated fees are based upon the information provided to AES at the time this Letter of Engagement was prepared. Additional services not included in the scope of work will be billed at \$125 per hour. Authorization will be requested prior to undertaking any additional services. Our fees are based upon acceptance of all indicated services and full payment is required 30 days after receipt of the Reports.

Upon receipt of the signed Letter of Engagement, we will proceed to perform the scope of services requested and provide an electronic copy of the reports approximately 17-22 business days from receipt of written acceptance and site contact information.

AES Due Diligence maintains Professional Liability Insurance in the amount of \$2,000,000.00. AES agrees not to limit or decrease their professional liability under \$2,000,000.00 in their terms & conditions.

The addressee is considered to be the responsible party for payment of our services. If the AES invoice is to be assigned to another party, please have the assignee acknowledge acceptance of the assignment of indebtedness and the subject matter of the project and its subsequent Reports shall not be reassigned, transferred or commuted in any manner to any party without the expressed written consent of AES.

Very truly yours,

AES Due Diligence, Inc.

Richard M. Allen

Association

Professional Summary

- Founded HydroSolutions of California, Inc. in 1985 as a high tech environmental consulting company that focused on pollution liabilities impacting real estate.
- Developed HydroSolutions of California Baseline programs, copyrighted the Enhanced Pollution Awareness Survey utilized by corporate personnel.
- Contributed to developing the environmental policy for the Federal Home Loan Bank Board that included the tiered environmental phase I and II approach to establishing a base level of due diligence in the lending industry.
- Founding Advisory Board Member of the Cooperative Solution Program, Board of Director for the Institute of Environmental Solutions. Represented environmental consulting for the Program's pilot project assigned by California Governor Wilson during the early 1990s. Worked with four national laboratories, California Department of Toxic Substances, Regional Water Quality Control Board, the land development company and the lender. The property was located in Antioch, California.
- Mr. Baker managed approximately 400 projects of the firm. Potential responsible party investigations, groundwater monitoring programs, site characterization of petroleum, solvents and metals, vapor extraction and bioremediation of soils, well head protection programs, aquifer analysis were some projects performed by Mr. Baker.
- Mr. Baker also supported the company by presenting over three hundred presentations, workshops, classes and seminars for the banking, real estate, academia and land development industries.
