Project Title: A Street Permanent Embankment Stabilization Across from Crescent Ave in Castro Valley, Alameda County.

Project Location - Specific: Unincorporated Castro Valley.

Project Location - City: Castro Valley **Project Location - County:** Alameda

Description of, Nature, and Purpose of Project: The Alameda County Public Works Agency owns and maintains A Street Road in Castro Valley. Due to the 2022-2023 winter storm and high run off of flows, a retaining wall located on the eastbound side of A Street at the boundary between Unincorporated Castro Valley and adjacent to San Lorenzo creek failed. As a result, emergency temporary repairs were performed to fix the road in order to open the street for vehicle traffic and to prevent the road from continuing to erode and collapsing into the creek. The emergency repairs consisted of constructing a steel sheet pile retaining wall and placing approximately 630 cubic yards of rock slope protection and 860 cubic yards of 3/4 inch gravel along the creek bank below. Permanent repairs will stabilize the bank and address erosion issues by incorporating the existing rock slope protection into the new vegetated boulder revetment. The project will involve the removal of approximately 19 cubic yards of damaged concrete and the 630 cubic yards of rock slope protection and 860 cubic yards of 3/4 inch gravel that was placed during the emergency repair. The concrete will be removed to improve the environmental impacts of the site. A vegetated boulder revetment will be constructed along the creek bank. The revetment will be infilled with soil and vegetated with willow cuttings to enhance ecological restoration. A concrete waler and ground anchors will be installed to provide additional support to the existing sheet pile retaining wall, ensuring the bank's long-term integrity. Access to the creek will be provided via a temporary ramp built from a county-owned property, allowing safe transport of equipment. De-watering of the creek would be done by cofferdams and through a gravity or mechanical pump system. This ramp and cofferdams will be dismantled after project completion and restoration to previous conditions. After construction, the restored site will be monitored to assess vegetation growth and bank stability.

Name of Public Agency Approving Project: Alameda County Public Works Agency-R36093

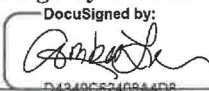

Name of Person or Agency Carrying Out Project: Alameda County Public Works Agency

EXEMPT STATUS (check one):

- ☐ Ministerial (Sec. 21080(b)(1); 15268);
☐ Declared Emergency;
☐ Emergency Project;
☒ Categorical Exemption (Sec 15301) Existing Facilities
☐ Statutory Exemption (state section number).

Reasons Why Project Is Exempt: The proposed project constitutes repair, maintenance, and minor alterations to existing public facilities involving negligible expansion of use.
