RECOMMENDATION REPORT FOR RETAIL WITH ON-SITE SALES COMMERCIAL CANNABIS LICENSE

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR recommends that the Cannabis Regulation Commission approve the issuance of an Annual License. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the Class 1 and Class 32 categorical exemptions.

Environmental Analysis/Clearance: ENV-310030-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Applicant was issued Temporary Approval on August 27, 2024. The Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR’s Rules and Regulations, and is in the process completing all requirements for the issuance of an Annual License. The Applicant currently possesses a State provisional License, C10-0001280-LIC, to conduct Retail with on-site sales Commercial Cannabis Activity, which expired on May 5, 2024. The Applicant is subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 3700 West Olympic Boulevard, Unit 201, Los Angeles, CA 90019, a parcel zoned for General Commercial purposes.

Social Equity Applications are evaluated for compliance with the Equity Share requirements under LAMC 104.20. To comply with the Equity Share requirements, Social Equity Individual Applicants (SEIAs) must possess unrestricted ownership of their share of the Social Equity Applicant (business), a proportional right to vote and to the profits, and include certain language mandated by LAMC 104.20 in their agreements, among other requirements. As part of the application process, DCR reviewed the corporate and ownership documentation provided for this Applicant and determined that the Applicant met the minimum Equity Share requirements at that time.

DEPARTMENT ANNUAL LICENSING RECOMMENDATION:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- The Applicant has met the requirements under LAMC Section 104.20.

COMMUNITY INPUT:

On or about June 21, 2024, DCR provided notice of the community meeting and Cannabis Regulation Commission meeting by mail to the owners and occupants of all property within 700 feet of the property line of the Business Premises. Notice was also provided to the nearest Neighborhood Council, Business Improvement District, and Council Office.

Virtual community meetings were held on July 5th and July 11, 2024. During the meeting, members of the public were afforded two minutes each to speak about the Application. DCR also accepted online written input through the date of the community meeting. There was one comment provided, which was against the business getting an Annual License. Reasons being the location and it has attracted homeless population and people living out of tents, as well as the ongoing ownership dispute.

Number of Comments In Favor of the Application	0
Number of Comments Against the Application	1
Total Number of Comments	1

The Applicant provided timely proof to DCR that it contacted the nearest Neighborhood Council and offered to appear before the Neighborhood Council in accordance with LAMC Section 104.06(b)(1)(ii).

COMPLIANCE REVIEW:

DCR has not recently performed a compliance inspection for this Applicant. However, this business shall be subject to multiple, future inspections by DCR and several other agencies prior to the receipt of an Operating Permit. An Operating Permit is the final authorization from DCR to conduct Commercial Cannabis Activity, and is issued only after a licensee has passed a Final Inspection by DCR, and obtained all permits, clearances, or other authorizations required by law, which may include a Certificate of Occupancy from the Los Angeles Department of Building and Safety, clearance from the Los Angeles Fire Department and/or permit from the Los Angeles County Department of Public Health.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- Revocation of Temporary Approval;
- Failing a Business Premises inspection by DCR, another City agency, or the Los Angeles County Department of Public Health; or
- Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq.*;
- An Owner is an individual who holds office in, is employed by any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity; and,
- An Owner is an entity incorporated outside of the United States.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04. Thus, DCR recommends the Commission approve the issuance of this Annual License.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Retail Storefront (Type 10) Temporary Approval to an Annual License to be located on an existing site zoned for General Commercial, C2-1-O at 3700 West Olympic Boulevard, Unit 201, Los Angeles, CA 90019 (Assessor's Parcel Number 5081-011-028). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 8:00 a.m. to 10:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

General Commercial/C2-1-O

Surrounding Land Use/Zoning Designations

General Commercial /C2-1-O

Low II Residential / R1-1-O-HPOZ

Subject Property

The subject site is a fully developed lot within the Wilshire Community Plan Area. The lot is approximately 51.45 feet deep and a width of 142 feet along Olympic Boulevard. The site is currently developed with a Commercial - Store Office Combination - One Story building, built in 1981 proposed to be maintained.

The site has a General Commercial land-use designation and is zoned C2-1-O. The site is located within Council District 10, Olympic Park Neighborhood Council, the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties

Abutting uses include commercial and residential uses within 200 feet of the site. The immediate area along Olympic Boulevard is predominantly developed with General Commercial uses, zoned C2-1-O, Low II Residential, zoned R1-1-O-HPOZ.. (See Exhibit A)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 6,754 gross square feet, zoned C2-1-O with a Commercial - Store Office Combination - One Story building originally constructed in 1981. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 6,754 gross square foot property (i.e., less than five acres), and is substantially surrounded by commercial uses. The surrounding area is zoned General Commercial, Low II Residential; and developed with a mix of commercial and residential buildings along Olympic Boulevard between 5th Avenue and 4th Avenue.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have

physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION RECOMMENDED ACTIONS:

That the Cannabis Regulation Commission:

1. Determine, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approve the Annual License for Type 10 Storefront Retail Commercial Cannabis Activity at the Business Premises location; and,
3. Adopt DCR's Project Analysis & Findings as the Commission's report on the subject.

CEQA Exemption PetitionClass: 1 Category: Existing Facilities

Explanation of how the project fits the CEQA exemption indicated above:

The activities take place in an existing structure that has been permitted and zoned for similar uses in the past. All modifications will be minor and cosmetic. No other changes will be made to the surrounding land or the property.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

zimas.lacity.org

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

Wilshire Community Plan Area - 3700 W. Olympic Blvd, Unit 201, Los Angeles, CA 90019; APN: 5081011028.

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

Current land use on the project site is general commercial. All adjacent parcels are low II residential. Land uses within 1.5 mile radius include Medium Residential (M3-1) and Low II Residential (R1-1-HPOZ).

- (c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

The facility was previously operated as a restaurant.

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

There is no expansion of the previous use.

- (e) Maps to be Included: *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) Activities Occurring Onsite: *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).*

Cannabis Retail Storefront and delivery; No cultivation, manufacturing, or distribution will take place on site.

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

No other cannabis operations are occurring at 3700 W. Olympic Blvd, Unit 201, Los Angeles, CA 90019.

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

Project Size: 3,600 sq. ft.; Lot Size: 6,000 sq. ft.

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

Cannabis Retail Storefront: C10-0001280-LIC

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

Hours of Operation: 8:00 AM - 10:00 PM

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

Number of employees during operating hours: 3-5 per shift

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

We will be receiving 2-3 shipments of inventory from distributors. Our delivery operation will include 10-15 outgoing trips and 10-15 returning trips of a single delivery vehicle.

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

Source(s) of Water: LADWP

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

Wastewater is filtered and treated on site.

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

The project site is zoned for general commercial use. All the adjacent properties are general commercial and low II residential.

- (b) General Topographic Features (slopes and other features):

The property is paved (no slopes).

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

The entire parcel is paved with concrete. No vegetation or exposed soil.

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

N/A

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

N/A

- (f) Identify whether the property has any historic designations or archeological remains onsite:

N/A

- (g) Identify whether the property contains habitat for special status species:

N/A

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

N/A

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

The quantity and type of solid waste and hazardous waste will not be increased.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

Source(s) of Energy: LADWP

The project will not require an increase in energy demand and the need for additional energy resource.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

N/A

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

See the attached.

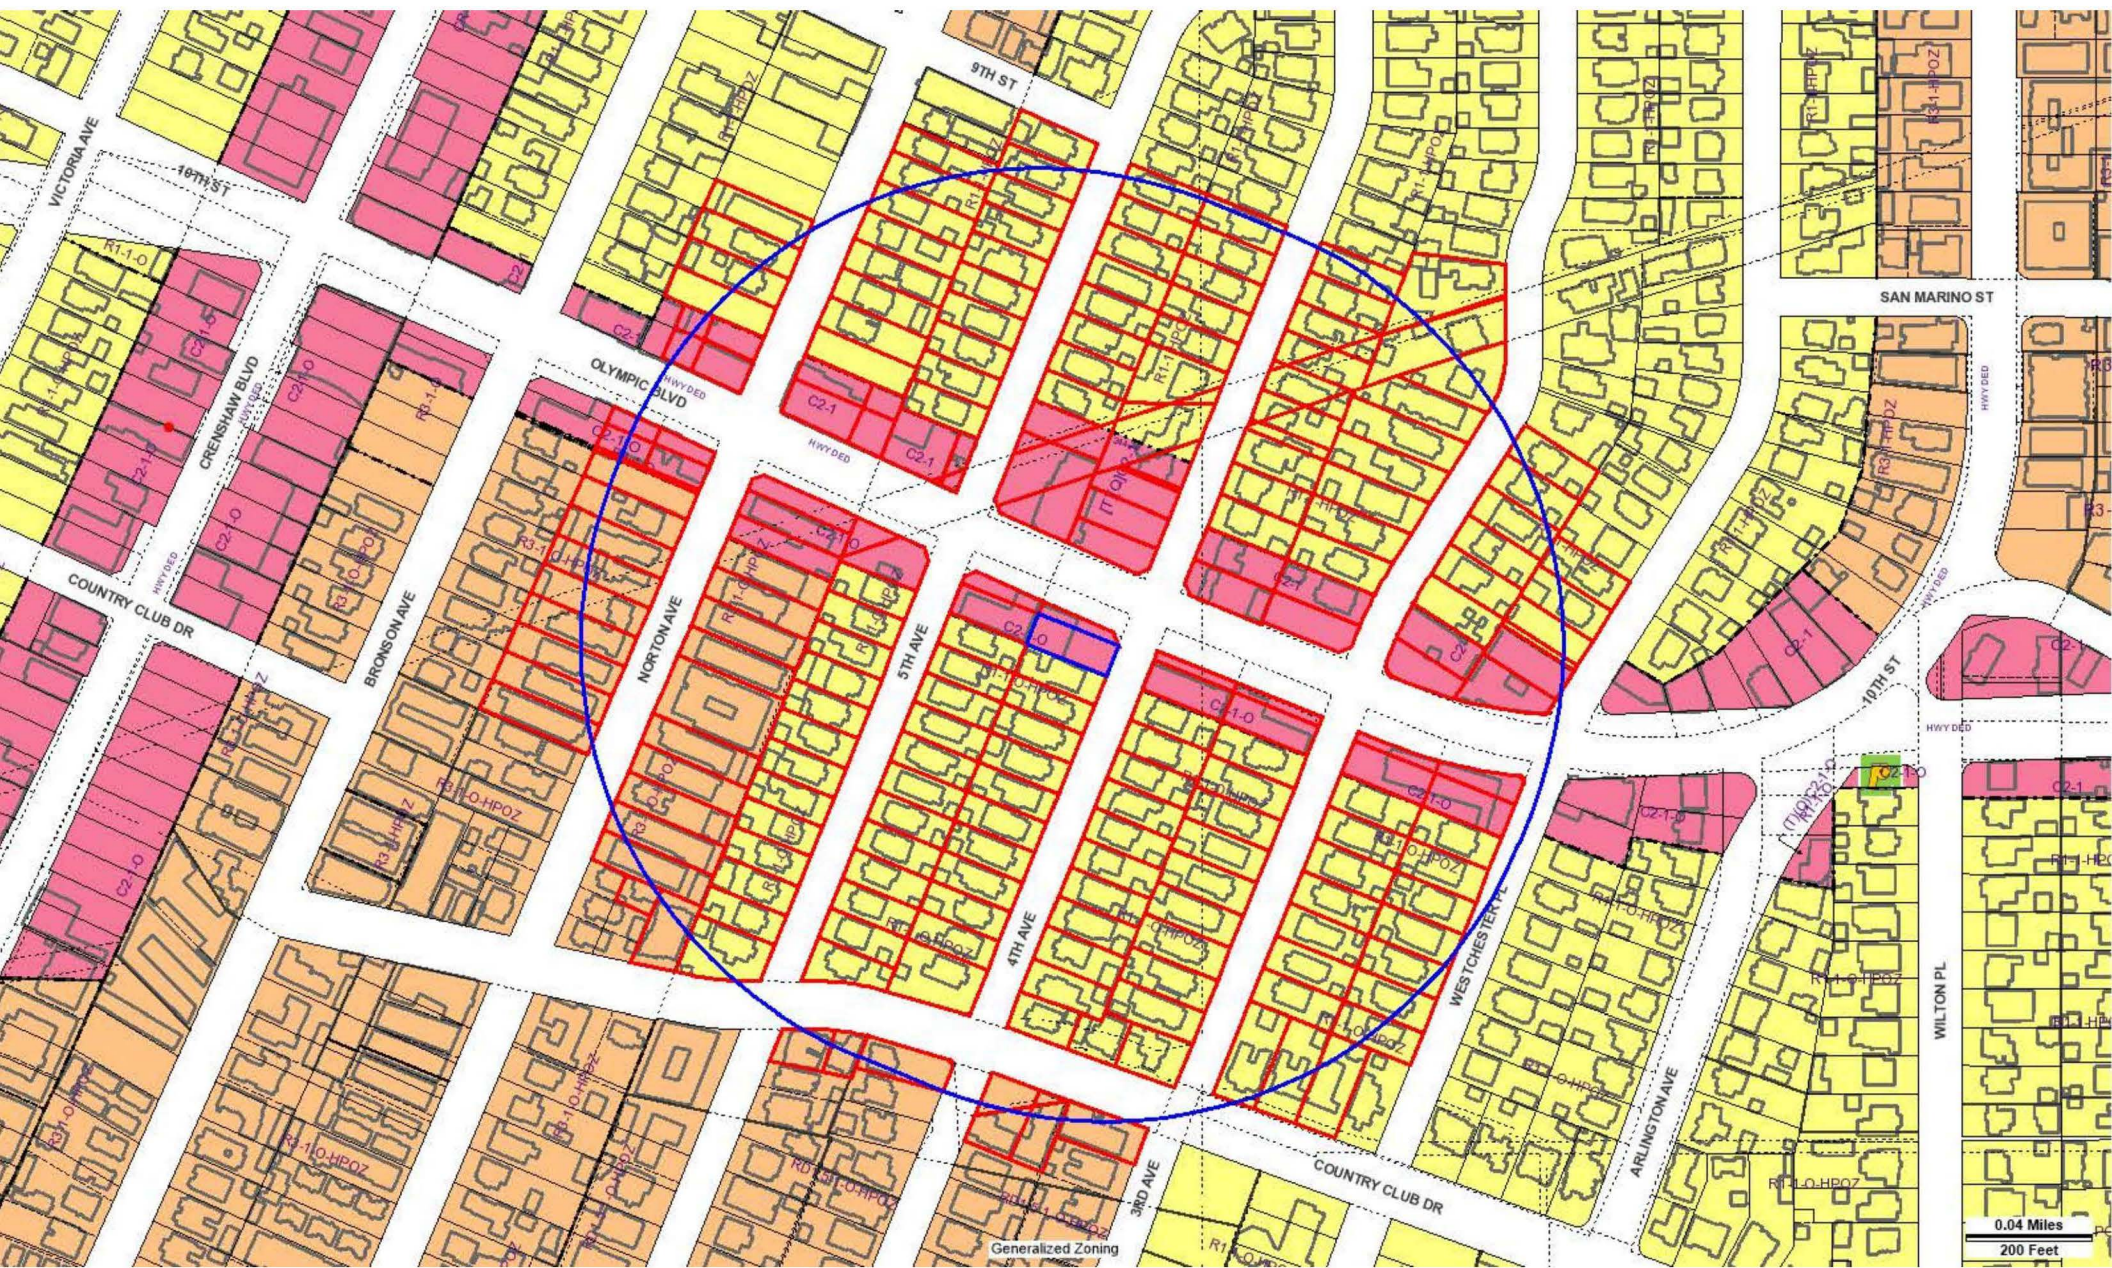

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

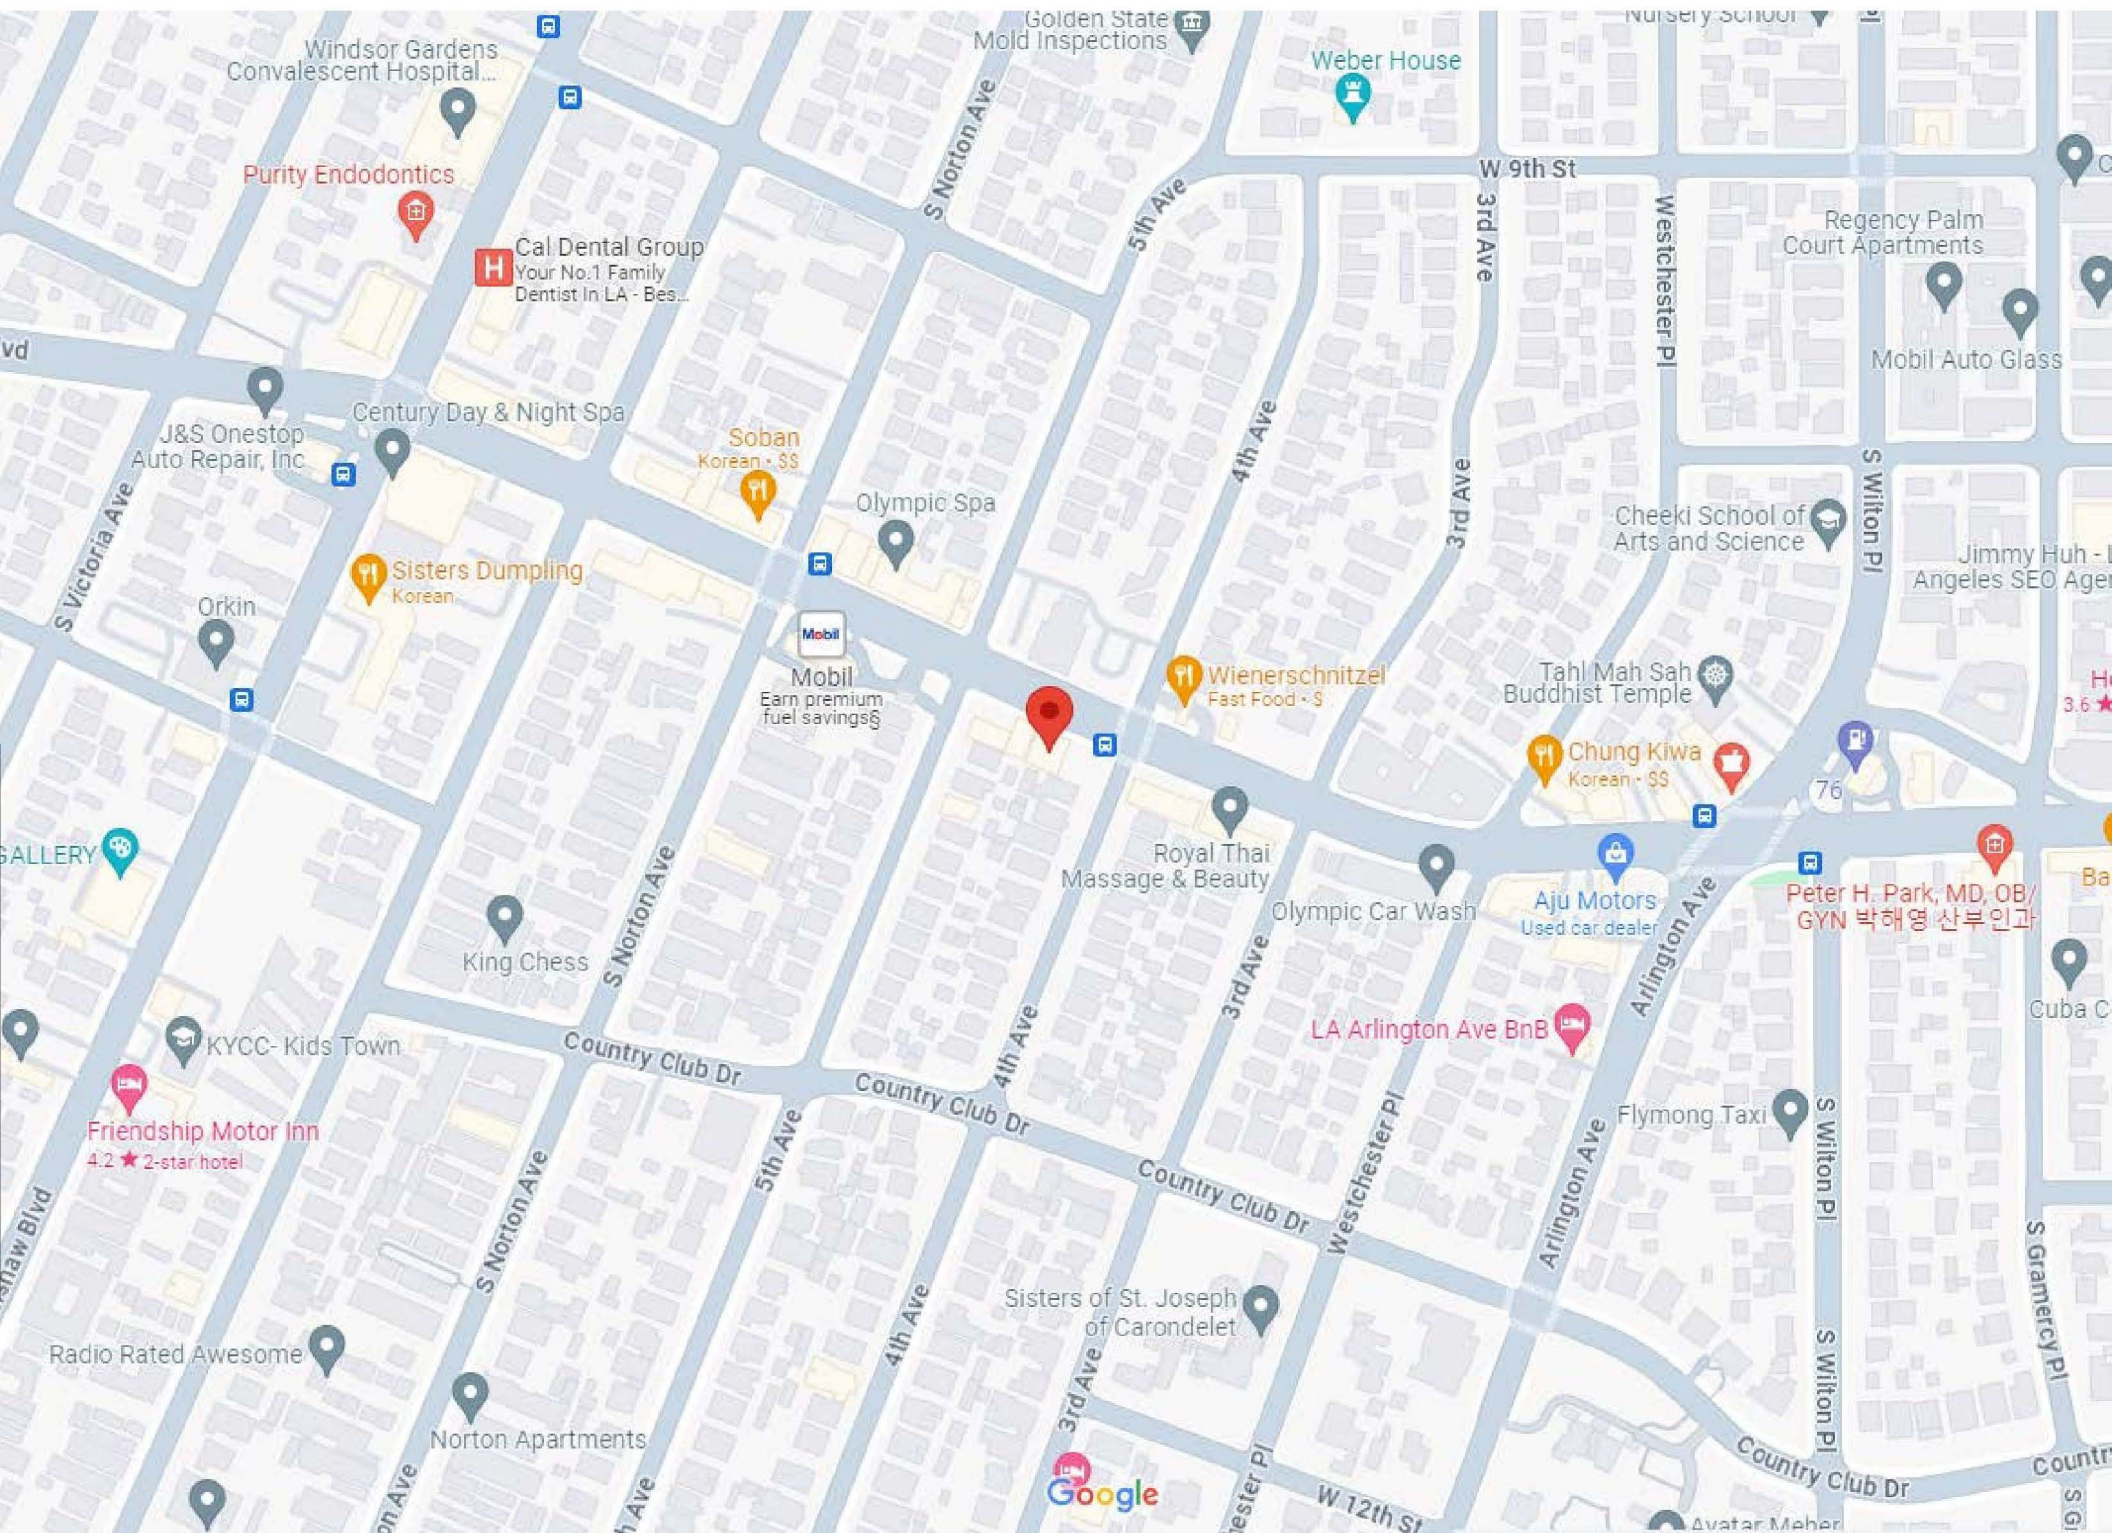

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☐ California Department of Fish and Wildlife
- ☐ State Water Resources Control Board / Regional Water Quality Control Board
- ☐ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☒ Los Angeles Department of Water and Power
- ☐ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
