RECOMMENDATION REPORT FOR RETAIL WITH ON-SITE SALES COMMERCIAL CANNABIS LICENSE

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR recommends that the Cannabis Regulation Commission approve the issuance of an Annual License. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the Class 1 and Class 32 categorical exemptions.

BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of January 1, 2018. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State provisional License, C10-0000130-LIC, to conduct Retail with on-site sales Commercial Cannabis Activity, which is active through June 4, 2025. The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 10842 W. Magnolia Blvd. North Hollywood, CA 91601, a parcel zoned for Community Commercial purposes.

DEPARTMENT ANNUAL LICENSING RECOMMENDATION:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.

COMMUNITY INPUT:

On or about August 8, 2024, DCR provided notice of the community meeting and Cannabis Regulation Commission meeting by mail to the owners and occupants of all property within 700 feet of the property line of the Business Premises. Notice was also provided to the nearest Neighborhood Council, Business Improvement District, and Council Office.

The virtual community meeting was held on August 29, 2024. During the meeting, members of the public were afforded two minutes each to speak about the Application. DCR also accepted online written input through the date of the community meeting. DCR did not receive oral or written testimony for this Applicant.

Number of Comments In Favor of the Application	0
Number of Comments Against the Application	0
Total Number of Comments	0

The Applicant provided timely proof to DCR that it contacted the nearest Neighborhood Council and offered to appear before the Neighborhood Council in accordance with LAMC Section 104.06(b)(1)(ii).

COMPLIANCE REVIEW:

As part of its progressive enforcement strategy, DCR performs compliance checks and/or inspections of Applicants and Licensees for operational compliance under the Rules and Regulations for Cannabis Procedures ("Regulations"). There are at least 85 potential violations in the Regulations. For most of these violations, DCR's compliance program aims to provide Licensees with the opportunity to cure before facing significant penalties, denial, suspension, or revocation. DCR's discovery of violations of the Regulations may result in a Notice to Correct ("NTC"), Notice of Violation ("NOV") with administrative penalties, Notice of Suspension ("NOS"), Notice of Revocation ("NOR"), or Notice of Administrative Hold, depending on the severity of the findings. (LAMC § 104.13.)

In most circumstances, when a violation is discovered, DCR's first step is to issue a NTC. If, after the issuance of a NTC, an applicant does not correct violations, DCR may issue a NOV with significant administrative penalties. (LAMC § 104.013(c)(2).) Failure to comply with a NOV may result in a second escalating NOV, denial of a License renewal, imposition of more restrictive License conditions or suspension or revocation of a license. (LAMC §§ 104.13(d)(5), 104.13(e)(2).) DCR may also immediately suspend a business without a hearing if there is an imminent threat to life or public safety, the Applicant operates without all necessary permits or clearances from another agency, or the Applicant does not have an active State license for that Commercial Cannabis Activity.

For this Applicant, DCR performed a compliance check of the Business Premises on or about August 21, 2024. During the compliance check, DCR discovered a number of violations, including:

1. **Regulation 5(A)(1)(viii) - Use of DBA.** The use of "**Project Cannabis**" as a Fictitious Business Name (FBN) or DBA, is not registered with DCR. (VT Minor)

2. **Regulation 5(A)(2)(i) - Display of License.** The Neighborhood Liaison contact information does not match the contact information in DCR records and is missing the email address. (VT Minor)
3. **Regulation 5(A)(2)(ii) - Identification of Employees.** Employee identification badges are missing the DCR Record Core Number and the assigned employee identification number. (VT Minor)
4. **Regulation 5(A)(2)(viii) - Code of Conduct.** There was no Patron Code of Conduct sign visibly displayed in the public area of the Business Premises. (VT Minor)
5. **Regulation No.5(A)(3)(i) - No Physical Changes without Approval.** The Camera locations on the Business Premises Diagram do not match the camera locations on site. The door between the reception area and the retail area, which is a Limited-Access Area, has been removed. (VT Moderate)
6. **Regulation 5(A)(4)(i) - Security Measures.** Surveillance recordings are not maintained for the required 90 days. A request for the recordings of May 13, 2024, which is approximately 90 days from the date of the request, could not be produced. The physical surveillance media storage device was not stored in a secure manner to protect against tampering or theft. Additionally, the surveillance system is not equipped with a failure notification feature.(VT Moderate)
7. **Regulation 5(A)(4)(vi) - Access to Limited-Access Areas.** There is no written log that tracks non-employee access to the Limited-Access Areas.
8. **Regulation 5(A)(6)(iv) - Loitering.** The “No Loitering, Public Drinking, or Public Smoking/Consumption of Cannabis” sign was not posted on the inside of the business premises.
9. **Regulation 5(B)(1)(i) - Record Retention.** Employee records were not provided for inspection when requested.
10. **Regulation 5(C)(11) - Business Premises Access.** The door to the safe where surplus cannabis and/or cannabis products are stored remains open during business hours, and there is no log to track non-employee access into the safe.

The Applicant has 30 days to correct the violations and/or deficiencies listed in the NTC. DCR anticipates the Applicant will continue to be forthcoming and cooperative, but reserves the right to take escalating enforcement action, if necessary. The Licensee’s representative was debriefed by DCR following the inspection and was informed of the deficiencies found.

Therefore, it is DCR’s position that this compliance check did not reveal any serious concerns that impacted DCR’s ability to recommend this Applicant for licensure. The violations may be remedied within 30 days without jeopardizing public safety. Moreover, this Applicant shall be subject to multiple, further inspections by DCR and other agencies prior to the receipt of an Operating Permit.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- Revocation of Temporary Approval;

- Failing a Business Premises inspection by DCR, another City agency, or the Los Angeles County Department of Public Health; or
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq.*;
- An Owner is an individual who holds office in, is employed by any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity; and,
- An Owner is an entity incorporated outside of the United States.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04. Thus, DCR recommends the Commission approve the issuance of this Annual License.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Retail Storefront (Type 10) Temporary Approval to an Annual License to be located on an existing site zoned for Community Commercial, C4-2D-CA at 10842 W. Magnolia Blvd. North Hollywood, CA 91601 (Assessor's Parcel Number 2419-008-056). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 7:00 a.m. to 9:45 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

Community Commercial/C4-2D-CA

Surrounding Land Use/Zoning Designations

Community Commercial /C4-2D-CA
Low Medium II Residential / RD1.5-1

Subject Property

The subject site is a fully developed lot within the North Hollywood - Valley Village Community Plan Area. The lot is approximately 289.5 feet deep and a width of 54 feet along Magnolia Boulevard. The site is currently developed with a D5 building, built in 1951 proposed to be maintained.

The site has a Community Commercial land-use designation and is zoned C4-2D-CA. The site is located within Council District 2, NoHo Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties

Abutting uses include commercial business uses within 200 feet of the site. The immediate area along Magnolia Boulevard is predominantly developed with Community Commercial uses, zoned C4-2D-CA, and Low Medium II Residential, zoned RD1.5-1. (See Exhibit A)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and

regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 15,060.9 gross square feet, zoned C4-2D-CA with a D5 building originally constructed in 1951. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 15,060.9 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned Community Commercial, and Low Medium II Residential; and developed with a mix of commercial business along Magnolia Boulevard between Vineland Avenue and Riverton Avenue.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION RECOMMENDED ACTIONS:

That the Cannabis Regulation Commission:

1. Determine, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approve the Annual License for Type 10 Storefront Retail Commercial Cannabis Activity at the Business Premises location; and,
3. Adopt DCR's Project Analysis & Findings as the Commission's report on the subject.

CEQA Exemption PetitionClass: 1 Category: Existing Facility

Explanation of how the project fits the CEQA exemption indicated above:

Project is a Class 1 Category Existing Facilities. The site is an existing, operational licensed cannabis retailer in an entirely developed commercial building. Scope of project limited to operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing private structure.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

BCC-LIC-025; Assessor's website and parcel information, utility information and bills for site, existing permits.

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

Project is located at 10842 Magnolia Boulevard, N Hollywood, CA 91601. The parcel number is 2419-008-056. The legal description for the property is: TR=4466 E 12 FT EX OF ST LOT 8 AND EX OF ST LOT 9

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

The project is located in a C4-2D-CA zoning district and has a commercial use. The project is located in a shopping area adjacent to a grocery store and other retail/general commercial uses.

- (c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

Site is an active retail cannabis facility and has been for multiple years.

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

Site is an active, currently operational cannabis retailer. No expansion of this use, or the existing structure is anticipated or pursued as part of project.

- (e) Maps to be Included: *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) Activities Occurring Onsite: *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).*

The project is an existing cannabis business in an entirely developed commercial building. Cannabis activities are solely the retail sale of commercial cannabis and the site operates between the hours of 7 am to 9:45pm each day.

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

There are no additional cannabis operations existing or proposed by the same or different business on the existing property.

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

The existing building is 3,640 sq. ft., and the lot on which the project is located is 15,090 sq ft.

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

Yes, Department of Cannabis Control license no. C10-0000130-LIC & C10-18-0000367-APP

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

Hours of operations are 7 am to 9:45pm each day.

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

The site employees approximately 20 total employees - with 9-12 employee on the clock throughout out the day; approx. 4-6 employees will be present during a single shift depending on hours and customer demand. Over the past 120 days, store has experienced average of 250 customer visits per day.

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

Deliveries to the project site are expected to occur four times per week (Monday-Thursday) during operating business hours.

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

The water source is the Los Angeles Department of Water & Power. Average usage is 70 gallons per day. Waste water treatment is provided via the municipal utility provider, with no special septic aerobic, or lagoons used on the project site. No new or amended water rights need to be obtained.

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

City waste water collection facilities

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

N/A

- (b) General Topographic Features (slopes and other features):

N/A

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

N/A

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

N/A

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

N/A

- (f) Identify whether the property has any historic designations or archeological remains onsite:

N/A

- (g) Identify whether the property contains habitat for special status species:

N/A

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

No hazardous materials to stored, used or disposed of at the project site.

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

No, the project is not expected to increase the quality and type of solid waste.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

Power is supplied through the Los Angeles Department of Power and Water. Anticipated energy usage per day is 184kWh. The project's anticipate energy needs are consistent with it's retail use, and no more energy is expected for the project site than a traditional retail business.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

No, the project will not result in the expansion of the existing footprint, which is a developed and operational private commercial development.

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

N/A

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

N/A

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☐ Los Angeles Department of Building and Safety
- ☐ California Department of Fish and Wildlife
- ☐ State Water Resources Control Board / Regional Water Quality Control Board
- ☐ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☐ Los Angeles Department of Water and Power
- ☐ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.

Bureau of Cannabis Control
Project-Specific Information Form

(To be completed by applicant – attach additional sheets as needed)

If a previously certified or adopted environmental document is not available or does not exist, you must submit a completed Project-Specific Information Form. The Bureau of Cannabis Control (Bureau) will use this form to determine whether the project has the potential to generate significant adverse environmental impacts that might require preparation of a CEQA document or the need for additional information. (Cal. Code Regs., tit. 14, § 15060(a) [CEQA Guidelines].).

Please provide detailed responses to the items below. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your application. Applicants must complete this form when the local jurisdiction from which they received authorization to conduct commercial cannabis activity did not certify a CEQA document.

Applicant Name: Resource Referral Services Inc.
Application Number: C10-18-0000367-APP
Local jurisdiction (city/county): North Hollywood / Los Angeles

SECTION A. PROJECT LOCATON AND SURROUNDING USES

1. Describe the project location including street address, city, county, Assessor's Parcel Number, major cross streets, general plan designation, zoning designation, and any other physical description that clearly indicates the project site location.

The project is located at 10842 Magnolia Blvd., N Hollywood, CA, 91601. The parcel number is 2419-008-056. The project is located in a C4-2D-CA zoning district and has a commercial use.
The legal description for the property is: TR=4466 E 12 FT EX OF ST LOT 8 AND EX OF ST LOT 9

2. Describe the surrounding land uses and zoning designations within one-half mile radius of the project and list the abutting land uses.

The property is located in a commercial area along a thoroughfare. The abutting land uses are commercial and residential, with a Ralphs on one side and an apartment complex on the other.
The surrounding area consists of a mix of commercial and residential uses.

3. Provide a vicinity map and aerial image to show the project location.

See attached.

4. Provide photographs, not larger than 8 ½ by 11 inches, of the of existing visual conditions as observed from the publicly accessible vantage point(s).

SECTION B: PROJECT DESCRIPTION

1. Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises.

The commercial cannabis activities occurring at the proposed premises consist of an
an adult-use and medicinal cannabis retailer.

2. Quantify the project size (total floor area of the project) in square feet and the lot size on which the project is located, in square feet.

The existing building is 3,640 sq. ft., and the lot on which the project is located is 15,090 sq ft.

3. List and describe any other related public agency permits and approvals, including any entitlements required for this project (e.g., those required by a planning commission, city council, board of supervisors, local air district, or regional water board).

Los Angeles DCR
Los Angeles Building and Safety
Los Angeles Fire Department
Water Control Resources Board

4. Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Food and Agriculture or the State Department of Public Health to engage in commercial cannabis activity at the proposed premises.

No, the applicant is not licensed by CDFA or CDPH. The applicant is licensed by BCC.

5. Explain whether any of the project activities will expand the existing footprint of the facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

No, the project activities will not expand the footprint of the existing facility nor will the project increase the amount of impervious surface or reduce any natural habitat.

6. Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite.

The project will not increase the quantity and type of solid waste or hazardous waste that is generated or stored on-site.

7. Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any.
N/A

8. List the water source(s) and amount, in gallons, supplied for each indoor and outdoor commercial cannabis activity at the project site. Identify the wastewater treatment system (e.g., septic, aerobic or lagoons) used for the project site.

The water source is the Los Angeles Department of Water & Power. Average usage is 70 gallons per day. Waste water treatment is provided via the municipal utility provider, with no special septic aerobic, or lagoons used on the project site.

9. Estimate the number of anticipated employees onsite, occupancy during operating hours, frequency of deliveries or shipments originating to and from the project site, describe the anticipated transportation activity at the project site including the effects of the project related to public transit, bicycle, or pedestrian facilities.

The project involves an anticipate 20 employees on-site, with expected capacity of an additional 20 customers at a time or 330 customers daily. Deliveries to the project site will occur four times per week(Monday-Thursday) and will consist of retail inventory. The project is not anticipate to effect public transit, bikes, or pedestrian facility.

10. Describe the project’s anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resources.

Power is supplied through the Los Angeles Department of Power and Water. Anticipated energy usage per day is 184kWh. The project's anticipate energy needs are consistent with it's retail use, and no more energy is expected for the project site than a traditional retail business.

**Bureau of Cannabis Control
CEQA Exemption Petition Form**

(To be completed by applicant – attach additional sheets as needed)

If a previously certified or adopted environmental document is not available or does not exist, you must submit a completed CEQA Exemption Petition Form to request that the Bureau of Cannabis Control (Bureau) consider whether the project is exempt from further CEQA review. You must also submit a completed Project-Specific Information Form to facilitate the processing of your application. The Bureau will use the Project-Specific Information Form to determine whether the project has the potential to generate significant adverse environmental impacts that may require preparation of a CEQA document or the need for additional information. (Cal. Code Regs., tit. 14, § 15060(a) [CEQA Guidelines]).

Please provide detailed responses to the items below. If more space is needed, additional pages may be added. Submit the completed form, attachments, and additional documents with your application for annual licensure. Missing, incomplete, or inconsistent information may delay the processing of your application. Applicants must complete this form to request the Bureau of Cannabis Control (Bureau) to consider whether the project is exempt from further California Environmental Quality Act (CEQA) review when the local jurisdiction from which they received authorization to conduct commercial cannabis activity did not certify a CEQA document.

Applicant Name: C10-18-0000367-APP

Application Number: North Hollywood / Los Angeles

Local jurisdiction (city/county): North Hollywood/ Los Angeles

Justification for categorical exemption (refer the partial list of categorical exemptions provided below)

Class: 1 Category: Existing Facilities

Explanation of how the project fits the exemption indicated above:

The project site consists of an existing facility that complies with all current city rules and regulations for zoning, permitting, and use. No expansion of the building or use beyond the building structure is contemplated.

The undersigned hereby requests that the Bureau consider whether the proposed activities are exempt from further environmental review pursuant to the California Environmental Quality Act, as amended. In completing this request, the applicant is affirming the applicant's belief that no significant environmental impact will result from the proposed project.
