Project Title: DCR CORE RECORD NO. 101785

Project Applicant: CAC Venice, LLC

Project Location - Specific:

122 S Lincoln Blvd., Suite #105 & 204 Venice, CA 90291 / Lincoln Blvd and Commonw

Project Location - City: Venice

Project Location - County: Los Angeles

Description of Nature, Purpose and Beneficiaries of Project:

Retail sales of commercial cannabis products under State and local law.

Name of Public Agency Approving Project: City of Los Angeles, Department of Cannabis Regulation

Name of Person or Agency Carrying Out Project: CAC Venice, LLC

Exempt Status: **(check one):**

- ☐ Ministerial (Sec. 21080(b)(1); 15268);
- ☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- ☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- ☒ Categorical Exemption. State type and section number: CEQA Sections 15301 & 15332/Class 1 & 32
- ☐ Statutory Exemptions. State code number: _____

Reasons why project is exempt:

Environmentally benign infill project consistent with the General Plan, Zoning requirements and consistent with the criteria for a Class 1 & Class 32 Categorical Exemption pursuant to CEQA Guidelines Section 15301 & 15332 and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

RECOMMENDATION REPORT FOR RETAIL WITH ON-SITE SALES COMMERCIAL CANNABIS LICENSE

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR recommends that the Cannabis Regulation Commission approve the issuance of an Annual License. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the Class 1 and Class 32 categorical exemptions.

DCR Core Record No.:	101785
Applicant Name:	CAC Venice, LLC
DCR Record No. / Activities Requested:	LA-R-24-101785-ANN / Retail w/ on-site sales (Type 10)
Proposed Project:	The Applicant seeks an Annual License for the Type 10 Retail Storefront with on-site sales commercial cannabis activity pursuant to LAMC section 104.06 et. al.
Business Premises Address/ Project Location:	122 S Lincoln Blvd., Suite #105 & 204 Venice, CA 90291
Council District: Closest Neighborhood Council (NC): Business Improvement District: Community Plan Area: Zoning:	11 Venice - Venice C2-1-CDO
LAMC Section / "Phase":	104.07 / Phase 1
Evidence of Offer to Meet with NC:	Yes
Complaint Portal Entry: Recent Compliance Inspection:	Yes Yes
Social Equity Applicant / Ownership %:	No
Environmental Analysis/Clearance: ENV-101785-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of January 8, 2018. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State provisional License, C10-0000183-LIC, to conduct Retail with on-site sales Commercial Cannabis Activity, which is active through June 11, 2025. The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 122 S Lincoln Blvd., Suite #105 & 204, Venice, CA 90291, a parcel zoned for General Commercial purposes.

DEPARTMENT ANNUAL LICENSING RECOMMENDATION:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.

COMMUNITY INPUT:

On or about September 4, 2024, DCR provided notice of the community meeting and Cannabis Regulation Commission meeting by mail to the owners and occupants of all property within 700 feet of the property line of the Business Premises. Notice was also provided to the nearest Neighborhood Council, Business Improvement District, and Council Office.

The virtual community meeting was held on September 26, 2024. During the meeting, members of the public were afforded two minutes each to speak about the Application. DCR also accepted online written input through the date of the community meeting. DCR did not receive oral or written testimony for this Applicant.

Number of Comments In Favor of the Application	0
Number of Comments Against the Application	0
Total Number of Comments	0

The Applicant has provided timely proof to DCR that it contacted the nearest Neighborhood Council and offered to appear before the Neighborhood Council in accordance with LAMC Section 104.06(b)(1)(ii).

COMPLAINT PORTAL REVIEW

In January 2020, DCR received a complaint alleging not inputting sales into the operator's POS System. The compliance inspection determined the sales made via POS System were verified in Metric with no discrepancies. The complaint was closed on October 23, 2024.

COMPLIANCE REVIEW:

As part of its progressive enforcement strategy, DCR performs compliance checks and/or inspections of Applicants and Licensees for operational compliance under the Rules and Regulations for Cannabis Procedures ("Regulations"). There are at least 85 potential violations in the Regulations. For most of these violations, DCR's compliance program aims to provide Licensees with the opportunity to cure before facing significant penalties, denial, suspension, or revocation. DCR's discovery of violations of the Regulations may result in a Notice to Correct ("NTC"), Notice of Violation ("NOV") with administrative penalties, Notice of Suspension ("NOS"), Notice of Revocation ("NOR"), or Notice of Administrative Hold, depending on the severity of the findings. (LAMC § 104.13.)

In most circumstances, when a violation is discovered, DCR's first step is to issue a NTC. If, after the issuance of a NTC, an applicant does not correct violations, DCR may issue a NOV with significant administrative penalties. (LAMC § 104.013(c)(2).) Failure to comply with a NOV may result in a second escalating NOV, denial of a License renewal, imposition of more restrictive License conditions or suspension or revocation of a license. (LAMC §§ 104.13(d)(5), 104.13(e)(2).) DCR may also immediately suspend a business without a hearing if there is an imminent threat to life or public safety, the Applicant operates without all necessary permits or clearances

from another agency, or the Applicant does not have an active State license for that Commercial Cannabis Activity.

For this Applicant, DCR performed a compliance check of the Business Premises on or about October 16, 2024. During the compliance check, DCR discovered a number of minor to moderate violations, including:

1. **Regulation No.5(A)(1)(viii) - Use of DBA.** The use of "CAC Venice" as a Fictitious Business Name (FBN) or DBA, is not registered with DCR. (VT Minor)
2. **Regulation No. 5(A)(2)(i) - Display of License.** The Neighborhood Liaison contact information does not match the contact information in DCR records. (VT Minor)
3. **Regulation No. 5(A)(2)(ii) - Identification of Employees.** The employee identification badges did not include the DCR core record number. (VT Minor)
4. **Regulation No. 5(A)(4)(v)- Limited Access Area.** A residential door lock installed on the door to the manager's office which is a Limited-Access Area. (VT Moderate)
5. **Regulation No. 5(A)(4)(vi)- Access Limited Access Area.** There is no written log that tracks non-employee access to each Limited-Access Area. (VT Moderate)

The Licensee's representative was debriefed by DCR following the inspection and was informed of the deficiencies found.

The Applicant has 30 days to correct the violations and/or deficiencies listed in the NTC. DCR anticipates the Applicant will continue to be forthcoming and cooperative, but reserves the right to take escalating enforcement action, if necessary. The Licensee's representative was debriefed by DCR following the inspection and was informed of the deficiencies found.

Therefore, it is DCR's position that this compliance check did not reveal any serious concerns that impacted DCR's ability to recommend this Applicant for licensure. The violations may be remedied within 30 days without jeopardizing public safety. Moreover, this Applicant shall be subject to multiple, further inspections by DCR and other agencies prior to the receipt of an Operating Permit.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- Revocation of Temporary Approval;
- Failing a Business Premises inspection by DCR, another City agency, or the Los Angeles County Department of Public Health; or The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq.*;
- An Owner is an individual who holds office in, is employed by any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity; and,

- An Owner is an entity incorporated outside of the United States.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04. Thus, DCR recommends the Commission approve the issuance of this Annual License.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Retail Storefront (Type 10) Temporary Approval to an Annual License to be located on an existing site zoned for General Commercial, C2-1-CDO at 122 S Lincoln Blvd., Suite #105 & 204, Venice, CA 90291 (Assessor's Parcel Number 4243-012-028). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week Monday - Saturday from 9:00 a.m. to 9:00 p.m., and Sunday from 10:00 a.m. to 8:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

General Commercial/C2-1-CDO

Surrounding Land Use/Zoning Designations

General Commercial/C2-1-CDO

Low Residential/R1V2

Neighborhood Office Commercial/C2-1CDO & P-1-CDO

Subject Property

The subject site is a fully developed lot within the Venice Community Plan Area. The lot is approximately 75 feet deep and a width of 23 feet along Lincoln Blvd. The site is currently developed with a Commercial-Office Building-One Story building, built in 1981 proposed to be maintained.

The site has a General Commercial land-use designation and is zoned C2-1-CDO. The site is located within Council District 11, Venice Neighborhood Council, the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties

Abutting uses include general commercial and residential uses within 200 feet of the site. The immediate area along Lincoln Blvd is predominantly developed with commercial uses zoned C2-1-CDO. (See Exhibit A)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 905.4 gross square feet, zoned C2-1-CDO with a Commercial-Office Building-One Story building originally constructed in 1981. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 905.4 gross square foot property (i.e., less than five acres), and is substantially surrounded by commercial and urban uses. The surrounding area is zoned General Commercial/C2-1-CDO, and developed with a mix of general commercial and residential buildings along Lincoln Blvd between Commonwealth Avenue and Warren Avenue.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION RECOMMENDED ACTIONS:

That the Cannabis Regulation Commission:

1. Determine, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approve the Annual License for Type 10 Storefront Retail Commercial Cannabis Activity at the Business Premises location; and,
3. Adopt DCR's Project Analysis & Findings as the Commission's report on the subject.

Categorical Exemption Evaluation Form

Instructions: Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

Project Description: *Insert project description information or reference where this information is located.*

CAC Venice, LLC has a state license at the premises to operate a medical and adult-use retail storefront. The project's activities are comprised of a retail facility selling medical and adult-use cannabis products. CAC Venice's retail facility will receive finished cannabis products from licensed distributors and will offer in-store shopping and curbside pick-up for retail customers.

Upon arrival to the premises, the security guard or retail staffer confirms the customer or patient visiting the storefront is at least 21 years of age, or if a patient, at least 18. Once customers are properly checked in, the customer is granted access to the retail sales area. Retail employees process customer sales at the registers in the retail area under full video surveillance. At each point-of-sale location, camera placement allows for the recording of the facial features of any person purchasing or selling cannabis goods, or any person in the retail area, with sufficient clarity to determine identity. All cannabis goods purchased by a customer are then placed in opaque exit packaging prior to leaving the premises.

Shipments of products to be sold at the storefront are received in a separate, non-public entrance. An employee inspects shipments in the intake area before moving accepted inventory into a separate, secured storage room. The loading and unloading area is monitored and recorded 24 hours per day by the video surveillance system.

Categorical Exemption Evaluation Form

Class 1: Existing Facilities

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose? ☒ Yes ☐ No

Provide details of current or prior operation(s). Cite source(s) of information.

Yes, CAC Venice, LLC is currently operating as a adult-use and medical cannabis retailer.

The prior use of the suite appears to be an office and a massage parlor per the Certificate of Occupancy by LADBS dated on May 6, 2016.

2. Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6) ☐ Yes ☒ No

Provide expansion details, if applicable. Cite source(s) of information.

No expansion of existing or former use.

3. Project Expansion: _____
Size of expansion in square feet: _____

Cite source(s) of information.

- a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to Question 6.) ☐ Yes ☐ No

Cite source(s) of information.

- b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to Question 4.) ☐ Yes ☐ No

Cite source(s) of information.

- c. Would the expansion be greater than 10,000 square feet? ☐ Yes ☐ No

Cite source(s) of information.

4. Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)? ☐ Yes ☐ No

Describe which public services serve the project site. Cite source(s) of information.

5. Is there evidence that the project site is located in an environmentally sensitive area?

☐ Yes ☒ No

Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.

Per the City's Biological Resource Area map (C-4 of the LA CEQA Thresholds Guide), the property is within an urbanized area and not within a sensitive biological resource area. The property is not known to serve as a habitat for sensitive species during one or more seasons of the year, the project site is not immediately adjacent to undeveloped natural open space containing native vegetation, and there are no nearby natural water sources adjacent to the site. There are no watercourses or riparian habitats within 150 feet of the project site. The closest watercourse is the Pacific Ocean, which is more than 5,000 feet from the project site. The activities at the project site would not have a substantial adverse effect on any special status species, riparian habitat, other sensitive natural community, or State or federally protected wetlands.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

As this project does not include a commercial cultivation component, registration with or obtaining a water right from the State Water Resources Control Board is not required.

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures)?

☐ Yes ☒ No

Describe size of structure to be demolished and location.

Categorical Exemption Evaluation Form

Class 2: Replacement or Reconstruction

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed? ☐ Yes ☒ No

Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.

The seal of the Department of City of Los Angeles is visible in the background of the form. It features a circular design with the words "DEPARTMENT OF" at the top and "CITY OF" at the bottom. In the center is a stylized sunburst or starburst design.

2. Would the new structure have substantially the same purpose and capacity as the existing structure? ☐ Yes ☒ No

Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.

No replacement or reconstruction.

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 3: New Construction or Conversion of Small Structures

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures? ☒ Yes ☐ No

Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.

The only alterations made to the facility include the installation of additional fire sprinklers and additional security cameras. There have been no permanent changes or additional alterations made to the existing structure by the CAC Venice, LLC.

2. Does the project involve the construction of new small structures? ☐ Yes ☒ No

Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.

No construction of new small structures.

Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.

3. Is the project within an urbanized area? (If no, skip to Question 9.) ☒ Yes ☐ No

Cite source(s) of information.

FOR SITES IN URBANIZED AREAS

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less? ☐ Yes ☒ No

Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.

No construction of new small structures.

5. Is the parcel zoned for the proposed use? ☒ Yes ☐ No

Cite source(s) of information.

LAMC 105.02(a)(1)(A)(1) permits retailers in C2 zones.

6. Does the project involve the use of significant amounts of hazardous substances? ☐ Yes ☒ No

Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.

There are no hazardous materials stored, used, or disposed of at the project site.

7. Are all necessary public services and facilities available to the project? ☒ Yes ☐ No

List all services and facilities provided. Cite source(s) of information.

LADWP provides municipal water and power.

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to Question 11.) ☐ Yes ☒ No

Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.

The property is not known to serve as a habitat for sensitive species during one or more seasons of the year, the project site is not immediately adjacent to undeveloped natural open space containing native vegetation, and there are no nearby natural water sources adjacent to the site.

FOR SITES NOT IN URBANIZED AREAS

9. Does the project involve the construction of a single structure totaling 2,500 square feet or less?

☐ Yes ☐ No

Provide information regarding size of new structure, if applicable. Cite source(s) of information.

TM

10. Does the project involve the use of significant amounts of hazardous substances?

☐ Yes ☐ No

Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.

FOR ALL SITES

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 4: Minor Alterations to Land

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

2. Does the project involve alterations to land, water, or vegetation that would be considered minor? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

3. Would the alterations consist of grading on lands of 10 percent slope or steeper? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

4. Would the alterations consist of grading in an area determined to be a wetland? ☐ Yes ☒ No

Cite source(s) of information.

5. Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency?

☐ Yes ☒ No

Provide name of scenic area (if applicable). Cite source(s) of information.

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist?

☐ Yes ☒ No

Provide the name of the zone (if applicable). Cite source(s) of information.

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 11: Accessory Structures

1. Does the project include the construction or placement of accessory structures? ☐ Yes ☒ No

Describe new and/or replacement accessory structures. Cite source(s) of information.

2. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form**Class 32: Infill Development Projects**

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site? ☒ Yes ☐ No

Cite source(s) of information.

LAMC 105.02(a)(1)(A)(1) permits retailers in C2 zones and retail uses are consistent with the general commercial general plan designation.

2. Project Size and Location

- a. Is the project site 5 acres in size or less? ☒ Yes ☐ No

Indicate the size of the project site, in acres. Cite source(s) of information.

The project occupies a single suite in a larger commercial office building. The total floor area of the suite is 800 sq. ft. The total floor area of the entire building is 13,395 sq. ft. and the total lot area is 8,908 sq. ft.

- b. Is the project site substantially surrounded by urban uses? ☒ Yes ☐ No

Describe the uses of the surrounding properties. Cite source(s) of information.

Per Zimas, the abutting zoning is Commercial [C2] and all abutting land uses are Highway Oriented and Limited Commercial. The immediate surrounding zoning is Commercial [C2] and Residential [R1]. The immediate surrounding land use is Neighborhood Office Commercial and Low Residential. Within a one-half mile radius [see the attached map showing this area outlined in red], the following general plan and zoning designations include: C2, RD2, R3, C4, CM, PF, and OS. The land uses within a one-half mile radius are [see the attached map showing this area outlined in red]: Community Commercial, Medium Residential, Low Medium Residential, Neighborhood Office Commercial, Limited Manufacturing, Public Facilities, and Open Space. The nearby public facilities include: the Oakwood Recreation Center and Penmar Golf Course. The types of land uses/businesses in the surrounding area include: Whole Foods Market, CVS Pharmacy, restaurants, an auto repair shop, a paint store, and an outdoor sports store.

3. Does the project site have value as habitat for endangered, rare, or threatened species? ☐ Yes ☒ No

Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

Per the City's Biological Resource Area map (C-4 of the LA CEQA Thresholds Guide), the property is within an urbanized area and not within a sensitive biological resource area. The property is not known to serve as a habitat for sensitive species during one or more seasons of the year, the project site is not immediately adjacent to undeveloped natural open space containing native vegetation, and there are no nearby natural water sources adjacent to the site. There are no watercourses or riparian habitats within 150 feet of the project site. The closest watercourse is the Pacific Ocean, which is more than 5,000 feet from the project site. The activities at the project site would not have a substantial adverse effect on any special status species, riparian habitat, other sensitive natural community, or State or federally protected wetlands.

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality? ☐ Yes ☒ No

Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.

Daily trip generation to the site is consistent with other retail uses. Anticipated employees on site during any given shift is between 1 and 3. No loud activities occur as part of the retail operations so the project will not have any noise impact. No potential impacts to air quality or water quality. Hazardous materials will not be stored or used on site and water usage at the facility is limited to domestic uses and hand-washing.

5. Can the project site be adequately served by all required utilities and public services? ☒ Yes ☐ No

Describe which utilities and public services serve the project site. Cite source(s) of information.

LADWP provides municipal water and power.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

As this project does not include a commercial cultivation component, registration with or obtaining a water right from the State Water Resources Control Board is not required. No other environmental permits are required.

Exceptions to Exemptions**1. Scenic Highways**

- a. Is the project visible from an official State Scenic Highway? ☒ Yes ☐ No

*List State Scenic Highway(s) from which the project is visible (if applicable).
Cite source(s) of information.*

Yes, the project is visible on Route 187, near Santa Monica.

- b. If yes, would the project result in damage to scenic resources? ☐ Yes ☒ No

Describe scenic resources and potential damage (if applicable). Cite source(s) of information.

Traffic to and from the site is consistent with other general commercial and retail uses and the project is located within a two-story multi-unit commercial office building. No changes were made by CAC Venice, LLC to the property grounds which may otherwise impact scenic resources.

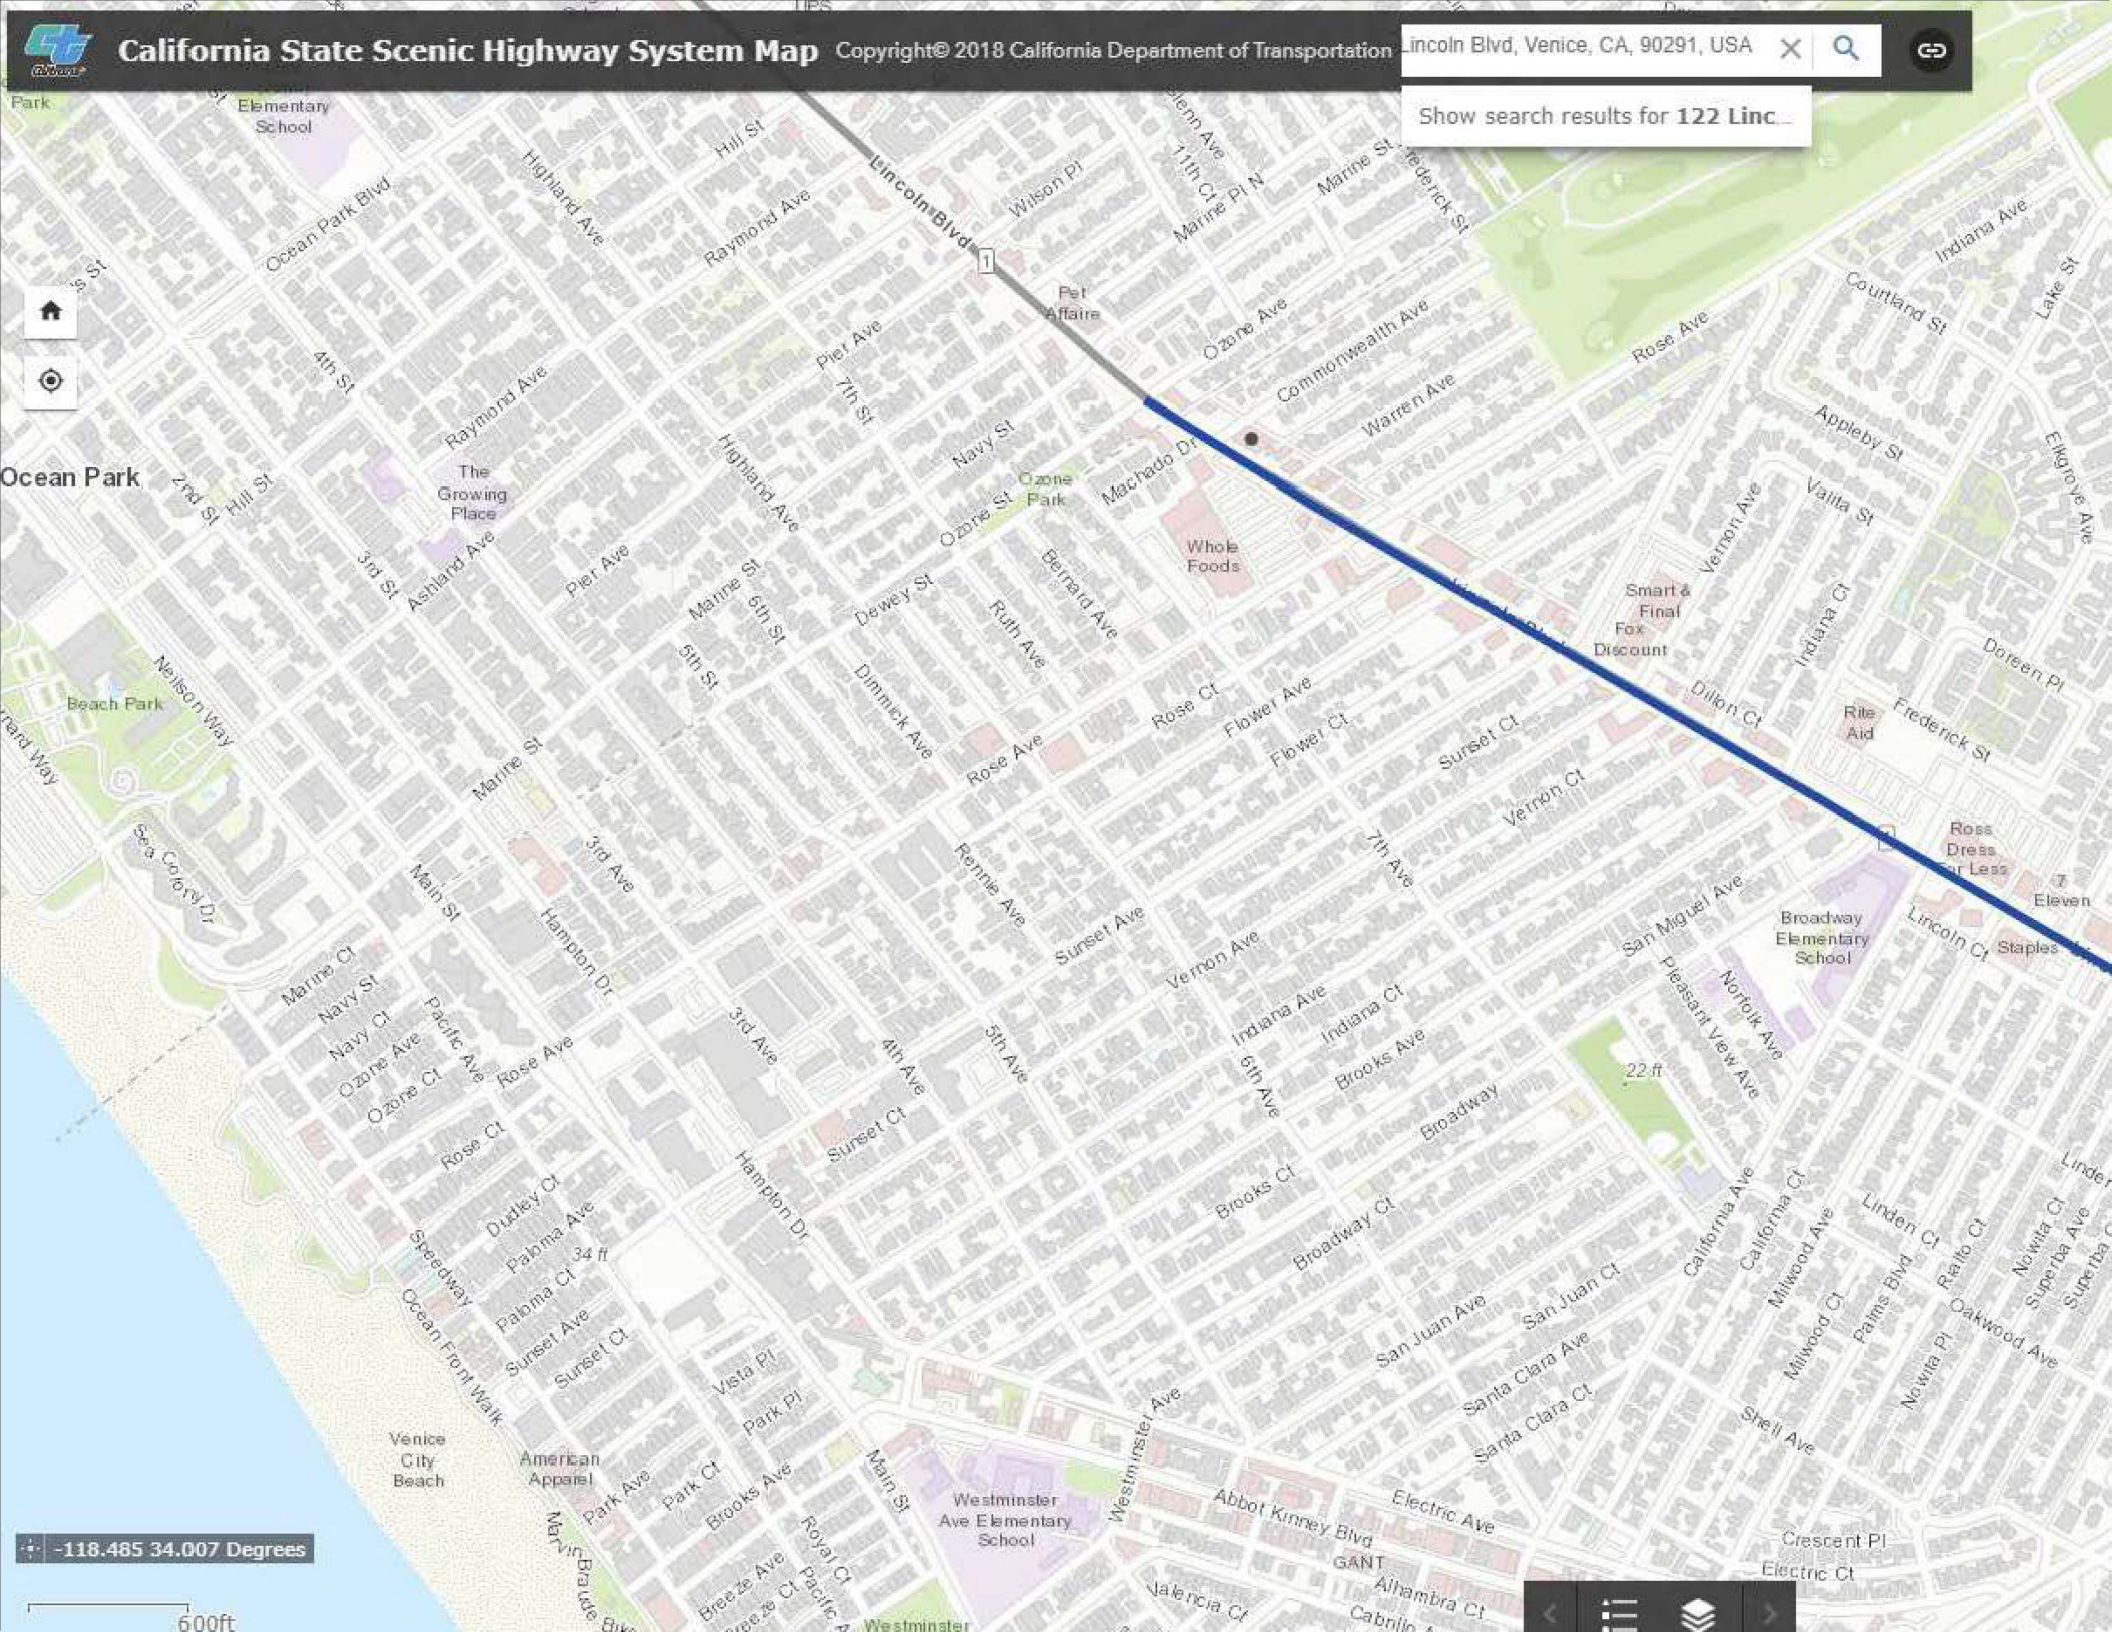

- 2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)?** ☐ Yes ☒ No

Describe the type of hazardous site (if applicable). Cite source(s) of information.

The project address does not appear on any compiled list pursuant to the Cortese List found at <https://calepa.ca.gov/SiteCleanup/CorteseList/>.

- 3. Would the project result in a substantial adverse change in the significance of a historical resource?** ☐ Yes ☒ No

List the historic resource(s) potentially affected and describe the potential effects (if applicable). Cite source(s) of information.

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?**

☐ Yes ☒ No

Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?**

☐ Yes ☒ No

Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.

The project is in a retail space on the 2nd floor of the Lincoln Commonwealth Center, a two-story multi-unit commercial office building facing Lincoln Blvd, directly across the street from Whole Foods Market. The use and project is consistent with the building's use and the surrounding area.

6. **Would the project impact an environmental resource of hazardous or critical concern?**

☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?**

☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

CEQA Exemption PetitionClass: Class 32 Category: Infill Development Projects

Explanation of how the project fits the CEQA exemption indicated above:

A compliant, licensed adult-use and medical cannabis retail storefront in an eligible commercial zone is consistent with the applicable general plan designations, all applicable general plan policies, and applicable zoning designation and regulations. The retail storefront is within an urbanized area within Los Angeles city limits on a project site less than five acres and is substantially surrounded by other urban, retail, and commercial uses. The project site has no value, as habitat for endangered, rare or threatened species. Further, the project would not result in any significant effects relating to traffic, noise, air quality, or water quality and the site can be adequately served by all required utilities and public services.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

Zimas; Google Maps; Los Angeles County Assessor's Office; California Office of Historic Preservation's Built Environment Resource Directory (BERD); Cortese List, National Register of Historic Places; Community Plan Area Plan; CalTrans State Scenic Highway Map; LA Municipal Code; LA CEQA Thresholds Guide.

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

122 Lincoln Blvd., Suite 204, Venice, CA 90291; APN: 4243012028; Cross streets: Lincoln Blvd. and Commonwealth Ave. The project is in a retail space on the 2nd floor of the Lincoln Commonwealth Center, a two-story multi-unit commercial office building facing Lincoln Blvd, directly across the street from Whole Foods Market. The building has white columns and a red brick roof. It is on the corner of Lincoln Blvd. and Commonwealth Ave., neighbored by a single-story building currently occupied by a paint store.

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

There is one existing structure on the project site and the land uses within the two-story commercial office building include a chiropractor, tax preparation service provider, and vacant units. The abutting zoning is Commercial [C2] and all abutting land uses are Highway Oriented and Limited Commercial. The immediate surrounding zoning is Commercial [C2] and Residential [R1]. The immediate surrounding land use is Neighborhood Office Commercial and Low Residential. Within a one-half mile radius [see the attached map, outlined in red], the following general plan and zoning designations include: C2, RD2, R3, C4, CM, PF, and OS. The land uses within a one-half mile radius are [see the attached map, outlined in red]: Community Commercial, Medium Residential, Low Medium Residential, Neighborhood Office Commercial, Limited Manufacturing, Public Facilities, and Open Space. The types of land uses/businesses in the surrounding area include: Whole Foods Market, CVS Pharmacy, restaurants, an auto repair shop, a paint store, and an outdoor sports store.

- (c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

Unknown, but the prior use of the suite appears to be an office and a massage parlor per the Certificate of Occupancy by LADBS dated on May 6, 2016.

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

The site has been used for similar commercial retail activities.

- (e) Maps to be Included: Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).

3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) Activities Occurring Onsite: Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).

CAC Venice, LLC's project's activities are comprised of a retail facility selling medical and adult-use cannabis products. CAC Venice's retail facility will receive finished cannabis products from licensed distributors and will offer in-store shopping and curbside pick-up for retail customers. There are no cultivation, manufacturing, or distribution operations occurring at the site. There are no other commercial cannabis licensees or activities occurring at the property besides those operated by licensee, CAC Venice, LLC.

Shipments of products to be sold at the storefront are received in a separate, non-public entrance. An employee inspects shipments in the intake area before moving accepted inventory into a separate, secured storage room. The loading and unloading area is monitored and recorded 24 hours per day by the video surveillance system.

Address: 122 S LINCOLN BLVD

APN: 4243012028

PIN #: 111B145 438

Tract: TR 5109

Block: None

Lot: FR 5

Arb: None

Zoning: [Q]C2-1-CDO

General Plan: General Commercial

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

CAC Venice, LLC does not propose any additional commercial cannabis activities at the site. There are no other commercial cannabis licensees or activities occurring at the property besides those operated by licensee, CAC Venice, LLC.

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

The project occupies a single suite (204) in a larger commercial office building. The total floor area of the suite is 800 sq. ft. The total floor area of the entire building is 13,395 sq. ft. and the total lot area is 8,908 sq. ft.

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

CAC Venice, LLC holds a state provisional license from the DCC which expires on June 11, 2024.

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

The project's hours of operation are 9:00 a.m. to 9:00 p.m. PST, Monday through Saturday; and 10:00 a.m. to 8:00 p.m. PST on Sunday.

There are three work shifts per day: 8:30 a.m. to 2:00 p.m., 12:00 p.m. to 4:00 p.m., and 4:00 p.m. to 9:00 p.m. PST.

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

Total number of employees: 6
Anticipated employees on site and working during any given shift is 1 to 3.

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

CAC Venice anticipates that deliveries will arrive at the project site five days per week, Monday through Friday, between 10:00 a.m. and 3:00 p.m. PST. There will be approximately 2 vehicle trips per day. There are no shipments originating from the facility.

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

The water source for the project site is municipal, LADWP. As this project does not include a commercial cultivation component, registration with or obtaining a water right from the State Water Resources Control Board is not required.

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

Wastewater is disposed of in the municipal wastewater treatment facility, City of Los Angeles' wastewater system. Activities that produce wastewater will be limited to domestic uses including hand-washing.

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

There are no natural characteristics on the project site.

- (b) General Topographic Features (slopes and other features):

The property is flat and has a slope of approximately 0.

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

There are no natural characteristics on the project site.

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

There are no watercourses or riparian habitats within 150 feet of the project site. The closest watercourse is the Pacific Ocean, which is more than 5,000 feet from the project site. The activities at the project site would not have a substantial adverse effect on any special status species, riparian habitat, other sensitive natural community, or State or federally protected wetlands.

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

The topographic features are not of significant scenic value.

- (f) Identify whether the property has any historic designations or archeological remains onsite:

The property and building do not have historic designations. The site is not listed on the California Office of Historic Preservation's Built Environment Resource Directory (BERD) or the National Register Database.

- (g) Identify whether the property contains habitat for special status species:

Per the City's Biological Resource Area map (C-4 of the LA CEQA Thresholds Guide), the property is within an urbanized area and not within a sensitive biological resource area. The property is not known to serve as a habitat for sensitive species during one or more seasons of the year, the project site is not immediately adjacent to undeveloped natural open space containing native vegetation, and there are no nearby natural water sources adjacent to the site.

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

There are no hazardous materials stored, used, or disposed of at the project site.

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

Though the previous use of the site is unknown, it was likely an office or massage parlor or other similar retail use. Presumably, the business did not produce any potentially hazardous waste. The types of solid waste produced by CAC Venice is likely similar to the solid waste produced by the previous occupant of the facility. CAC Venice will likely have solid waste from receiving product, such as cardboard boxes and plastic waste.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

The project's anticipated energy needs are approximately 20-25 kWh per square foot per year. The previous use of the site was a similar retail use or office or massage parlor. Presumably, CAC Venice's energy use for their retail store will likely be similar to the energy used by the prior occupants, and will not require an increase in energy demand or resources.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

No, CAC Venice, LLC is occupying an existing suite within an existing two-story multi-suite retail office commercial building. No expansion of the existing footprint or reduction of any natural habitat has occurred at the project site as a result of CAC Venice, LLC's retail storefront.

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

CAC Venice, LLC has not agreed to any environmental commitments.

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

Not applicable.

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☐ California Department of Fish and Wildlife
- ☐ State Water Resources Control Board / Regional Water Quality Control Board
- ☒ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☐ Los Angeles Department of Water and Power
- ☐ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
