Appendix E

CalEEMod Modeling Assumptions & Modeling Outputs

Sonoma County Administration Center and CGC Project
General Assumptions

CalEEMod Inputs that are not modeling defaults:

Project Location	County
	Sonoma-San Francisco
Location	38.464840, -122.723176
Climate Zone	5
Urbanization	Urban
Construction Year	2026
Operational Year (Buildout)	2028
Air District	BAAQMD
Air Basin	San Francisco Bay Area Air Basin
Utility Company	PG&E

Project Acreage	24.8	acres
Disturbed Acreage	24.8	acres

Greenhouse Gas Pollutant Intensity Factors - 2028 Forecasted Factors

CO_2	CH_4	N_2O
203.983	0.033	0.004

Construction Data

Site Plan	Units	Square Feet	Stories	Acres
Existing				
Permit Sonoma		31,400		0.72
Human Services		42,000		0.96
Administration Building		46,900		1.08
Fiscal Building		35,600		0.82
Redwood Building		15,000		0.34
Law Library / Registrar of Voters Building		29,600		0.68
Total Building		**200,500**		**4.60**
Existing Parking	1,417	555,464		12.75
Proposed				
Residential Units	1,500	1,440,000		14.60
Office		250,000	7	0.82
Emergency Coordination Center		13,000	1	0.30
Proposed Parking	1,050	239,580		5.50
				21.22

Notes

[1] Estimated from Google Earth

A solar micro-grid with on-site battery storage would be constructed over the entirety of the surface parking area

Run 1

Demolish Fiscal Building, Build an approximately 250,000-square foot office building

Land Use	Subtype	Unit	Size	Lot Acreage	Total SF	Landscape
Commercial	Government Office Building	1000sqft	250	0.82	250,000	25,000
				0.82		

Construction Assumptions

Construction Activity	Start Date	End Date	Work Days
Demolition	1/1/2026	1/15/2026	10
Site Preparation	1/16/2026	1/16/2026	1
Grading	1/17/2026	1/20/2026	2
Building Construction	1/21/2026	6/10/2026	100
Architectural Coating	6/11/2026	6/17/2026	5

Construction Offroad Equipment [1]

Construction Activity	Equipment	Quantity	Hours Per Day	Horsepower	Load Factor
Demolition[1,2]	Rubber Tired Dozers	1	1	367	0.4

Dust from Material Movement: Assumes balanced project site, based on data from project applicant

Demolition Assumes no demolition during Residential Construction

Onroad Fugitive Dust

Strategy[1]	PM10 % Reduction	PM2.5 % Reduction
Water Unpaved Roads Twice Daily	55	55
Limit vehicle speeds on unpaved roads to 25 mph	44	44
Sweep paved roads once per month	9	9

Notes

[1] Selected based on BAAQMD BMPs for Construction

Architectural Coatings

Applies 100 g/L VOC paints for all residential and non residential interior and exterior coating per BAAQMD Regulation 8, Rule 3 for Flat/Non-Flat Coating VOC Limits.

Existing Conditions Run

Land Use	Subtype	Unit	Size	Lot Acreage	Total SF	Landscape
Commercial	Government Office Building	1000sqft	200.50	4.60	200,500	20,050
Parking	Parking Lot	spaces	1,417.00	12.75	555,464	-
Parking[1]	Other Non-Asphalt Surfaces	1000sqft	324.32	7.45	324,324	-
				24.80		

Notes

[1] Assumes remaining lot acreage is Non-Asphalt Surfaces

Trips and VMT

5.8.1 Emergency Generators and Fire Pumps Screen

The user must enter the number of pieces of equipment, fuel type, and hours of operation for each selected equipment type. Defaults are available for equipment horsepower and load factor. Emissions for emergency generators and fire pumps are calculated using the following equation.

$$E_p = \sum_i (EF_i \times Pop_i \times hp_i \times Load_i \times Activity_i)$$

Where:

E = total daily generator and/or fire pump equipment emissions (g/day).
EF = emission factor in grams per horsepower-hour (g/bhp-hr) (see below) (Table G-40).
Pop = population, or the number of pieces of equipment (number/day).
hp = average horsepower for the equipment (unitless).
Load = load factor of the equipment (unitless).
Activity = hours of daily operation of the equipment (hr/day/number).

p = pollutant.
i = equipment type.

Vegetation	N/A

Architectural Coating	Onsite truck	—	—	HHDT

5.4. Vehicles

5.4.1. Construction Vehicle Control Strategies

Control Strategies Applied	PM10 Reduction	PM2.5 Reduction
Water unpaved roads twice daily	55%	55%
Limit vehicle speeds on unpaved roads to 25 mph	44%	44%
Sweep paved roads once per month	9%	9%

5.5. Architectural Coatings

Phase Name	Residential Interior Area Coated (sq ft)	Residential Exterior Area Coated (sq ft)	Non-Residential Interior Area Coated (sq ft)	Non-Residential Exterior Area Coated (sq ft)	Parking Area Coated (sq ft)
Architectural Coating	0.00	0.00	375,000	125,000	—

5.6. Dust Mitigation

5.6.1. Construction Earthmoving Activities

Phase Name	Material Imported (cy)	Material Exported (cy)	Acres Graded (acres)	Material Demolished (Ton of Debris)	Acres Paved (acres)
Demolition	0.00	0.00	0.00	2,916	—
Site Preparation	—	—	0.50	0.00	—
Grading	—	—	1.50	0.00	—

5.6.2. Construction Earthmoving Control Strategies

Control Strategies Applied	Frequency (per day)	PM10 Reduction	PM2.5 Reduction
Water Exposed Area	2	61%	61%
Water Demolished Area	2	36%	36%

5.7. Construction Paving

Land Use	Area Paved (acres)	% Asphalt
Government Office Building	0.00	0%

5.8. Construction Electricity Consumption and Emissions Factors

kWh per Year and Emission Factor (lb/MWh)

Year	kWh per Year	CO2	CH4	N2O
2026	0.00	204	0.03	< 0.005

5.18. Vegetation

5.18.1. Land Use Change

5.18.1.1. Unmitigated

Vegetation Land Use Type	Vegetation Soil Type	Initial Acres	Final Acres

5.18.1. Biomass Cover Type

5.18.1.1. Unmitigated

Biomass Cover Type	Initial Acres	Final Acres

5.18.2. Sequestration

5.18.2.1. Unmitigated

Tree Type	Number	Electricity Saved (kWh/year)	Natural Gas Saved (btu/year)

6. Climate Risk Detailed Report

6.1. Climate Risk Summary

Cal-Adapt midcentury 2040–2059 average projections for four hazards are reported below for your project location. These are under Representation Concentration Pathway (RCP) 8.5 which assumes GHG emissions will continue to rise strongly through 2050 and then plateau around 2100.

Climate Hazard	Result for Project Location	Unit

Temperature and Extreme Heat	12.2	annual days of extreme heat
Extreme Precipitation	10.5	annual days with precipitation above 20 mm
Sea Level Rise	—	meters of inundation depth
Wildfire	5.39	annual hectares burned

Temperature and Extreme Heat data are for grid cell in which your project are located. The projection is based on the 98th historical percentile of daily maximum/minimum temperatures from observed historical data (32 climate model ensemble from Cal-Adapt, 2040–2059 average under RCP 8.5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Extreme Precipitation data are for the grid cell in which your project are located. The threshold of 20 mm is equivalent to about ¾ an inch of rain, which would be light to moderate rainfall if received over a full day or heavy rain if received over a period of 2 to 4 hours. Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Sea Level Rise data are for the grid cell in which your project are located. The projections are from Radke et al. (2017), as reported in Cal-Adapt (Radke et al., 2017, CEC-500-2017-008), and consider inundation location and depth for the San Francisco Bay, the Sacramento-San Joaquin River Delta and California coast resulting different increments of sea level rise coupled with extreme storm events. Users may select from four scenarios to view the range in potential inundation depth for the grid cell. The four scenarios are: No rise, 0.5 meter, 1.0 meter, 1.41 meters
Wildfire data are for the grid cell in which your project are located. The projections are from UC Davis, as reported in Cal-Adapt (2040–2059 average under RCP 8.5), and consider historical data of climate, vegetation, population density, and large (> 400 ha) fire history. Users may select from four model simulations to view the range in potential wildfire probabilities for the grid cell. The four simulations make different assumptions about expected rainfall and temperature are: Warmer/drier (HadGEM2-ES), Cooler/wetter (CNRM-CM5), Average conditions (CanESM2), Range of different rainfall and temperature possibilities (MIROC5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.

6.2. Initial Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	N/A	N/A	N/A	N/A
Extreme Precipitation	3	0	0	N/A
Sea Level Rise	1	0	0	N/A
Wildfire	1	0	0	N/A
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	0	0	0	N/A

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores do not include implementation of climate risk reduction measures.

6.3. Adjusted Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	N/A	N/A	N/A	N/A
Extreme Precipitation	3	1	1	3
Sea Level Rise	1	1	1	2
Wildfire	1	1	1	2
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	1	1	1	2

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores include implementation of climate risk reduction measures.

7. Health and Equity Details

7.1. CalEnviroScreen 4.0 Scores

The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Exposure Indicators	—
AQ-Ozone	10.6
AQ-PM	9.62
AQ-DPM	87.7
Drinking Water	5.00
Lead Risk Housing	62.1
Pesticides	28.6
Toxic Releases	1.55
Traffic	85.2

Effect Indicators	—
CleanUp Sites	0.00
Groundwater	96.5
Haz Waste Facilities/Generators	88.4
Impaired Water Bodies	43.8
Solid Waste	59.2
Sensitive Population	—
Asthma	41.7
Cardio-vascular	35.7
Low Birth Weights	18.0
Socioeconomic Factor Indicators	—
Education	48.6
Housing	60.9
Linguistic	61.5
Poverty	44.9
Unemployment	64.5

7.2. Healthy Places Index Scores

The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Economic	—
Above Poverty	46.88823303
Employed	9.713845759
Median HI	38.11112537
Education	—
Bachelor's or higher	44.59129988
High school enrollment	24.3295265
Preschool enrollment	69.26729116

Transportation	—
Auto Access	58.83485179

Foreign-born	13.2
Outdoor Workers	23.7
Climate Change Adaptive Capacity	—
Impervious Surface Cover	37.2
Traffic Density	83.8
Traffic Access	87.4
Other Indices	—
Hardship	31.4

Other Decision Support	—
2016 Voting	89.1

7.3. Overall Health & Equity Scores

Metric	Result for Project Census Tract
CalEnviroScreen 4.0 Score for Project Location (a)	47.0
Healthy Places Index Score for Project Location (b)	54.0
Project Located in a Designated Disadvantaged Community (Senate Bill 535)	No
Project Located in a Low-Income Community (Assembly Bill 1550)	Yes
Project Located in a Community Air Protection Program Community (Assembly Bill 617)	No

a: The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.
b: The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

7.4. Health & Equity Measures

No Health & Equity Measures selected.

7.5. Evaluation Scorecard

Health & Equity Evaluation Scorecard not completed.

7.6. Health & Equity Custom Measures

No Health & Equity Custom Measures created.

8. User Changes to Default Data

Screen	Justification
Land Use	assumes office building is 7 stories tall based on information in Project Description. Assumes landscaping is 10% of building sqft
Construction: Construction Phases	No paving associated with Demo Fiscal Building/Build Office

Sonoma County Administration Center and CGC - Demolish Law Library/ROV/Admin, Replace with Parking Custom Report

1. Basic Project Information

1.1. Basic Project Information

Data Field	Value
Project Name	Sonoma County Administration Center and CGC - Demolish Law Library/ROV/Admin, Replace with Parking
Construction Start Date	6/18/2026
Lead Agency	—
Land Use Scale	Project/site
Analysis Level for Defaults	County
Windspeed (m/s)	2.20
Precipitation (days)	47.2
Location	2550 Ventura Ave, Santa Rosa, CA 95403, USA
County	Sonoma-San Francisco
City	Santa Rosa
Air District	Bay Area AQMD
Air Basin	San Francisco Bay Area
TAZ	941
EDFZ	2
Electric Utility	Pacific Gas & Electric Company
Gas Utility	Pacific Gas & Electric
App Version	2022.1.1.29

1.2. Land Use Types

Land Use Subtype	Size	Unit	Lot Acreage	Building Area (sq ft)	Landscape Area (sq ft)	Special Landscape Area (sq ft)	Population	Description
Parking Lot	5.50	Acre	5.50	0.00	0.00	—	—	—

1.3. User-Selected Emission Reduction Measures by Emissions Sector

No measures selected

2. Emissions Summary

2.1. Construction Emissions Compared Against Thresholds

Criteria Pollutants (lb/day for daily, ton/yr for annual) and GHGs (lb/day for daily, MT/yr for annual)

Un/Mit.	TOG	ROG	NOx	CO	SO2	PM10E	PM10D	PM10T	PM2.5E	PM2.5D	PM2.5T	BCO2	NBCO2	CO2T	CH4	N2O	R	CO2e

Architectural Coating	Onsite truck	—	—	HHDT

5.4. Vehicles

5.4.1. Construction Vehicle Control Strategies

Control Strategies Applied	PM10 Reduction	PM2.5 Reduction
Water unpaved roads twice daily	55%	55%
Limit vehicle speeds on unpaved roads to 25 mph	44%	44%
Sweep paved roads once per month	9%	9%

5.5. Architectural Coatings

Phase Name	Residential Interior Area Coated (sq ft)	Residential Exterior Area Coated (sq ft)	Non-Residential Interior Area Coated (sq ft)	Non-Residential Exterior Area Coated (sq ft)	Parking Area Coated (sq ft)
Architectural Coating	0.00	0.00	0.00	0.00	14,375

5.6. Dust Mitigation

5.6.1. Construction Earthmoving Activities

Phase Name	Material Imported (cy)	Material Exported (cy)	Acres Graded (acres)	Material Demolished (Ton of Debris)	Acres Paved (acres)
Demolition	0.00	0.00	0.00	6,266	—
Site Preparation	—	—	15.0	0.00	—
Grading	—	—	20.0	0.00	—
Paving	0.00	0.00	0.00	0.00	5.50

5.6.2. Construction Earthmoving Control Strategies

Control Strategies Applied	Frequency (per day)	PM10 Reduction	PM2.5 Reduction
Water Exposed Area	2	61%	61%

Water Demolished Area	2	36%	36%

5.7. Construction Paving

Land Use	Area Paved (acres)	% Asphalt
Parking Lot	5.50	100%

5.8. Construction Electricity Consumption and Emissions Factors

kWh per Year and Emission Factor (lb/MWh)

Year	kWh per Year	CO2	CH4	N2O
2026	0.00	204	0.03	< 0.005

5.18. Vegetation

5.18.1. Land Use Change

5.18.1.1. Unmitigated

Vegetation Land Use Type	Vegetation Soil Type	Initial Acres	Final Acres

5.18.1. Biomass Cover Type

5.18.1.1. Unmitigated

Biomass Cover Type	Initial Acres	Final Acres

5.18.2. Sequestration

5.18.2.1. Unmitigated

Tree Type	Number	Electricity Saved (kWh/year)	Natural Gas Saved (btu/year)

6. Climate Risk Detailed Report

6.1. Climate Risk Summary

Cal-Adapt midcentury 2040–2059 average projections for four hazards are reported below for your project location. These are under Representation Concentration Pathway (RCP) 8.5 which assumes GHG emissions will continue to rise strongly through 2050 and then plateau around 2100.

Climate Hazard	Result for Project Location	Unit
Temperature and Extreme Heat	12.2	annual days of extreme heat
Extreme Precipitation	10.5	annual days with precipitation above 20 mm
Sea Level Rise	—	meters of inundation depth
Wildfire	5.39	annual hectares burned

Temperature and Extreme Heat data are for grid cell in which your project are located. The projection is based on the 98th historical percentile of daily maximum/minimum temperatures from observed historical data (32 climate model ensemble from Cal-Adapt, 2040–2059 average under RCP 8.5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Extreme Precipitation data are for the grid cell in which your project are located. The threshold of 20 mm is equivalent to about ¾ an inch of rain, which would be light to moderate rainfall if received over a full day or heavy rain if received over a period of 2 to 4 hours. Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Sea Level Rise data are for the grid cell in which your project are located. The projections are from Radke et al. (2017), as reported in Cal-Adapt (Radke et al., 2017, CEC-500-2017-008), and consider inundation location and depth for the San Francisco Bay, the Sacramento-San Joaquin River Delta and California coast resulting different increments of sea level rise coupled with extreme storm events. Users may select from four scenarios to view the range in potential inundation depth for the grid cell. The four scenarios are: No rise, 0.5 meter, 1.0 meter, 1.41 meters
Wildfire data are for the grid cell in which your project are located. The projections are from UC Davis, as reported in Cal-Adapt (2040–2059 average under RCP 8.5), and consider historical data of climate, vegetation, population density, and large (> 400 ha) fire history. Users may select from four model simulations to view the range in potential wildfire probabilities for the grid cell. The four simulations make different assumptions about expected rainfall and temperature are: Warmer/drier (HadGEM2-ES), Cooler/wetter (CNRM-CM5), Average conditions (CanESM2), Range of different rainfall and temperature possibilities (MIROC5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.

6.2. Initial Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	N/A	N/A	N/A	N/A
Extreme Precipitation	3	0	0	N/A
Sea Level Rise	1	0	0	N/A
Wildfire	1	0	0	N/A
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	0	0	0	N/A

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores do not include implementation of climate risk reduction measures.

6.3. Adjusted Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	N/A	N/A	N/A	N/A
Extreme Precipitation	3	1	1	3
Sea Level Rise	1	1	1	2
Wildfire	1	1	1	2
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	1	1	1	2

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores include implementation of climate risk reduction measures.

7. Health and Equity Details

7.1. CalEnviroScreen 4.0 Scores

The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Exposure Indicators	—
AQ-Ozone	10.6
AQ-PM	9.62
AQ-DPM	87.7

Drinking Water	5.00
Lead Risk Housing	62.1
Pesticides	28.6
Toxic Releases	1.55
Traffic	85.2
Effect Indicators	—
CleanUp Sites	0.00
Groundwater	96.5
Haz Waste Facilities/Generators	88.4
Impaired Water Bodies	43.8
Solid Waste	59.2
Sensitive Population	—
Asthma	41.7
Cardio-vascular	35.7
Low Birth Weights	18.0
Socioeconomic Factor Indicators	—
Education	48.6
Housing	60.9
Linguistic	61.5
Poverty	44.9
Unemployment	64.5

7.2. Healthy Places Index Scores

The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Economic	—
Above Poverty	46.88823303
Employed	9.713845759

Median HI	38.11112537
Education	—

7.3. Overall Health & Equity Scores

Metric	Result for Project Census Tract
CalEnviroScreen 4.0 Score for Project Location (a)	47.0
Healthy Places Index Score for Project Location (b)	54.0
Project Located in a Designated Disadvantaged Community (Senate Bill 535)	No
Project Located in a Low-Income Community (Assembly Bill 1550)	Yes
Project Located in a Community Air Protection Program Community (Assembly Bill 617)	No

a: The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.
b: The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

7.4. Health & Equity Measures

No Health & Equity Measures selected.

7.5. Evaluation Scorecard

Health & Equity Evaluation Scorecard not completed.

7.6. Health & Equity Custom Measures

No Health & Equity Custom Measures created.

5.4. Vehicles

5.4.1. Construction Vehicle Control Strategies

Control Strategies Applied	PM10 Reduction	PM2.5 Reduction
Water unpaved roads twice daily	55%	55%
Limit vehicle speeds on unpaved roads to 25 mph	44%	44%
Sweep paved roads once per month	9%	9%

5.5. Architectural Coatings

Phase Name	Residential Interior Area Coated (sq ft)	Residential Exterior Area Coated (sq ft)	Non-Residential Interior Area Coated (sq ft)	Non-Residential Exterior Area Coated (sq ft)	Parking Area Coated (sq ft)
Architectural Coating	0.00	0.00	19,500	6,500	1,438

5.6. Dust Mitigation

5.6.1. Construction Earthmoving Activities

Phase Name	Material Imported (cy)	Material Exported (cy)	Acres Graded (acres)	Material Demolished (Ton of Debris)	Acres Paved (acres)
Demolition	0.00	0.00	0.00	7,241	—
Site Preparation	—	—	0.50	0.00	—
Grading	—	—	1.50	0.00	—

5.6.2. Construction Earthmoving Control Strategies

Control Strategies Applied	Frequency (per day)	PM10 Reduction	PM2.5 Reduction
Water Exposed Area	2	61%	61%
Water Demolished Area	2	36%	36%

5.7. Construction Paving

Land Use	Area Paved (acres)	% Asphalt
Government Office Building	0.00	0%
Other Non-Asphalt Surfaces	0.55	0%

5.8. Construction Electricity Consumption and Emissions Factors

kWh per Year and Emission Factor (lb/MWh)

Year	kWh per Year	CO2	CH4	N2O
2026	0.00	204	0.03	< 0.005
2027	0.00	204	0.03	< 0.005

5.18. Vegetation

5.18.1. Land Use Change

5.18.1.1. Unmitigated

Vegetation Land Use Type	Vegetation Soil Type	Initial Acres	Final Acres

5.18.1. Biomass Cover Type

5.18.1.1. Unmitigated

Biomass Cover Type	Initial Acres	Final Acres

5.18.2. Sequestration

5.18.2.1. Unmitigated

Tree Type	Number	Electricity Saved (kWh/year)	Natural Gas Saved (btu/year)

6. Climate Risk Detailed Report

6.1. Climate Risk Summary

Cal-Adapt midcentury 2040–2059 average projections for four hazards are reported below for your project location. These are under Representation Concentration Pathway (RCP) 8.5 which assumes GHG emissions will continue to rise strongly through 2050 and then plateau around 2100.

Climate Hazard	Result for Project Location	Unit
Temperature and Extreme Heat	12.2	annual days of extreme heat
Extreme Precipitation	10.5	annual days with precipitation above 20 mm
Sea Level Rise	—	meters of inundation depth
Wildfire	5.39	annual hectares burned

Temperature and Extreme Heat data are for grid cell in which your project are located. The projection is based on the 98th historical percentile of daily maximum/minimum temperatures from observed historical data (32 climate model ensemble from Cal-Adapt, 2040–2059 average under RCP 8.5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Extreme Precipitation data are for the grid cell in which your project are located. The threshold of 20 mm is equivalent to about ¾ an inch of rain, which would be light to moderate rainfall if received over a full day or heavy rain if received over a period of 2 to 4 hours. Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Sea Level Rise data are for the grid cell in which your project are located. The projections are from Radke et al. (2017), as reported in Cal-Adapt (Radke et al., 2017, CEC-500-2017-008), and consider inundation location and depth for the San Francisco Bay, the Sacramento-San Joaquin River Delta and California coast resulting different increments of sea level rise coupled with extreme storm events. Users may select from four scenarios to view the range in potential inundation depth for the grid cell. The four scenarios are: No rise, 0.5 meter, 1.0 meter, 1.41 meters
Wildfire data are for the grid cell in which your project are located. The projections are from UC Davis, as reported in Cal-Adapt (2040–2059 average under RCP 8.5), and consider historical data of climate, vegetation, population density, and large (> 400 ha) fire history. Users may select from four model simulations to view the range in potential wildfire probabilities for the grid cell. The four simulations make different assumptions about expected rainfall and temperature are: Warmer/drier (HadGEM2-ES), Cooler/wetter (CNRM-CM5), Average conditions (CanESM2), Range of different rainfall and temperature possibilities (MIROC5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.

6.2. Initial Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score

Temperature and Extreme Heat	N/A	N/A	N/A	N/A
Extreme Precipitation	3	0	0	N/A
Sea Level Rise	1	0	0	N/A
Wildfire	1	0	0	N/A
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	0	0	0	N/A

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores do not include implementation of climate risk reduction measures.

6.3. Adjusted Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	N/A	N/A	N/A	N/A
Extreme Precipitation	3	1	1	3
Sea Level Rise	1	1	1	2
Wildfire	1	1	1	2
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	1	1	1	2

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores include implementation of climate risk reduction measures.

7. Health and Equity Details

7.1. CalEnviroScreen 4.0 Scores

The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Exposure Indicators	—
AQ-Ozone	10.6
AQ-PM	9.62
AQ-DPM	87.7
Drinking Water	5.00
Lead Risk Housing	62.1
Pesticides	28.6
Toxic Releases	1.55
Traffic	85.2
Effect Indicators	—
CleanUp Sites	0.00
Groundwater	96.5
Haz Waste Facilities/Generators	88.4
Impaired Water Bodies	43.8
Solid Waste	59.2
Sensitive Population	—
Asthma	41.7
Cardio-vascular	35.7
Low Birth Weights	18.0
Socioeconomic Factor Indicators	—
Education	48.6
Housing	60.9

Linguistic	61.5
Poverty	44.9
Unemployment	64.5

7.2. Healthy Places Index Scores

The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Economic	—
Above Poverty	46.88823303
Employed	9.713845759
Median HI	38.11112537
Education	—
Bachelor's or higher	44.59129988
High school enrollment	24.3295265
Preschool enrollment	69.26729116
Transportation	—
Auto Access	58.83485179
Active commuting	69.53676376
Social	—
2-parent households	98.90927756
Voting	78.69883229

2016 Voting	89.1

7.3. Overall Health & Equity Scores

Metric	Result for Project Census Tract
CalEnviroScreen 4.0 Score for Project Location (a)	47.0
Healthy Places Index Score for Project Location (b)	54.0
Project Located in a Designated Disadvantaged Community (Senate Bill 535)	No
Project Located in a Low-Income Community (Assembly Bill 1550)	Yes
Project Located in a Community Air Protection Program Community (Assembly Bill 617)	No

a: The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.
b: The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

7.4. Health & Equity Measures

No Health & Equity Measures selected.

7.5. Evaluation Scorecard

Health & Equity Evaluation Scorecard not completed.

7.6. Health & Equity Custom Measures

No Health & Equity Custom Measures created.

5.6.2. Construction Earthmoving Control Strategies

Control Strategies Applied	Frequency (per day)	PM10 Reduction	PM2.5 Reduction
Water Exposed Area	2	61%	61%

5.7. Construction Paving

Phase Name	Land Use	Area Paved (acres)	% Asphalt

Paving	Apartments Mid Rise	—	0%
Paving	Regional Shopping Center	0.00000	0%

5.8. Construction Electricity Consumption and Emissions Factors

kWh per Year and Emission Factor (lb/MWh)

Year	kWh per Year	CO2	CH4	N2O
2027	0.00000	203.983	0.03300	0.00400
2028	0.00000	203.983	0.03300	0.00400

5.18. Vegetation

5.18.1. Land Use Change

5.18.1.1. Unmitigated

Vegetation Land Use Type	Vegetation Soil Type	Initial Acres	Final Acres

5.18.1. Biomass Cover Type

5.18.1.1. Unmitigated

Biomass Cover Type	Initial Acres	Final Acres

5.18.2. Sequestration

5.18.2.1. Unmitigated

Tree Type	Number	Electricity Saved (kWh/year)	Natural Gas Saved (btu/year)

6. Climate Risk Detailed Report

6.1. Climate Risk Summary

Cal-Adapt midcentury 2040–2059 average projections for four hazards are reported below for your project location. These are under Representation Concentration Pathway (RCP) 8.5 which assumes GHG emissions will continue to rise strongly through 2050 and then plateau around 2100.

Climate Hazard	Result for Project Location	Unit
Temperature and Extreme Heat	12.1800	annual days of extreme heat
Extreme Precipitation	10.5000	annual days with precipitation above 20 mm
Sea Level Rise	—	meters of inundation depth
Wildfire	5.39000	annual hectares burned

Temperature and Extreme Heat data are for grid cell in which your project are located. The projection is based on the 98th historical percentile of daily maximum/minimum temperatures from observed historical data (32 climate model ensemble from Cal-Adapt, 2040–2059 average under RCP 8.5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Extreme Precipitation data are for the grid cell in which your project are located. The threshold of 20 mm is equivalent to about ¾ an inch of rain, which would be light to moderate rainfall if received over a full day or heavy rain if received over a period of 2 to 4 hours. Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Sea Level Rise data are for the grid cell in which your project are located. The projections are from Radke et al. (2017), as reported in Cal-Adapt (Radke et al., 2017, CEC-500-2017-008), and consider inundation location and depth for the San Francisco Bay, the Sacramento-San Joaquin River Delta and California coast resulting different increments of sea level rise coupled with extreme storm events. Users may select from four scenarios to view the range in potential inundation depth for the grid cell. The four scenarios are: No rise, 0.5 meter, 1.0 meter, 1.41 meters
Wildfire data are for the grid cell in which your project are located. The projections are from UC Davis, as reported in Cal-Adapt (2040–2059 average under RCP 8.5), and consider historical data of climate, vegetation, population density, and large (> 400 ha) fire history. Users may select from four model simulations to view the range in potential wildfire probabilities for the grid cell. The four simulations make different assumptions about expected rainfall and temperature are: Warmer/drier (HadGEM2-ES), Cooler/wetter (CNRM-CM5), Average conditions (CanESM2), Range of different rainfall and temperature possibilities (MIROC5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.

6.2. Initial Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	N/A	N/A	N/A	N/A
Extreme Precipitation	3	0	0	N/A
Sea Level Rise	1	0	0	N/A
Wildfire	1	0	0	N/A
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	0	0	0	N/A

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.

The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores do not include implementation of climate risk reduction measures.

6.3. Adjusted Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	N/A	N/A	N/A	N/A
Extreme Precipitation	3	1	1	3
Sea Level Rise	1	1	1	2
Wildfire	1	1	1	2
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	1	1	1	2

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores include implementation of climate risk reduction measures.

7. Health and Equity Details

7.1. CalEnviroScreen 4.0 Scores

The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Exposure Indicators	—
AQ-Ozone	10.5663
AQ-PM	9.62041
AQ-DPM	87.6540
Drinking Water	4.99563

Lead Risk Housing	62.1298
Pesticides	28.6207
Toxic Releases	1.55039
Traffic	85.1750
Effect Indicators	—
CleanUp Sites	0.00000
Groundwater	96.4802
Haz Waste Facilities/Generators	88.3918
Impaired Water Bodies	43.7841
Solid Waste	59.1753
Sensitive Population	—
Asthma	41.6999
Cardio-vascular	35.7178
Low Birth Weights	17.9754
Socioeconomic Factor Indicators	—
Education	48.5826
Housing	60.9252
Linguistic	61.5374
Poverty	44.8744
Unemployment	64.5107

7.2. Healthy Places Index Scores

The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Economic	—
Above Poverty	46.88823303
Employed	9.713845759
Median HI	38.11112537

Education	—
Bachelor's or higher	44.59129988
High school enrollment	24.3295265
Preschool enrollment	69.26729116
Transportation	—

7.3. Overall Health & Equity Scores

Metric	Result for Project Census Tract
CalEnviroScreen 4.0 Score for Project Location (a)	47.0000
Healthy Places Index Score for Project Location (b)	54.0000
Project Located in a Designated Disadvantaged Community (Senate Bill 535)	No
Project Located in a Low-Income Community (Assembly Bill 1550)	Yes
Project Located in a Community Air Protection Program Community (Assembly Bill 617)	No

a: The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.
b: The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

7.4. Health & Equity Measures

No Health & Equity Measures selected.

7.5. Evaluation Scorecard

Health & Equity Evaluation Scorecard not completed.

7.6. Health & Equity Custom Measures

No Health & Equity Custom Measures created.

8. User Changes to Default Data

8.1. Justifications

Screen	Justification

Land Use	Based on information provided in Project Description. Assumes 20,000 sf of commercial uses is a regional shopping center
Construction: Construction Phases	No demolition associated with Residential/Commercial Development
Construction: Architectural Coatings	Based on BAAQMD Reg 8, Rule 3 for Flat/Non-Flat Coat VOC limits.

8.3. Land Use

Model Parameter	Units	Default Value	New Value
Lot Area	acre	39.4737	14.6000
Landscape Area	sq. ft	—	144,000

8.4. Construction

8.4.1. Construction Phases

Phase Type	Phase Name	Model Parameter	Default Value	New Value
Site Preparation	Site Preparation	Start Date	5/10/2027	4/11/2027

6. Climate Risk Detailed Report

6.1. Climate Risk Summary

Cal-Adapt midcentury 2040–2059 average projections for four hazards are reported below for your project location. These are under Representation Concentration Pathway (RCP) 8.5 which assumes GHG emissions will continue to rise strongly through 2050 and then plateau around 2100.

Climate Hazard	Result for Project Location	Unit
Temperature and Extreme Heat	12.1800	annual days of extreme heat
Extreme Precipitation	10.5000	annual days with precipitation above 20 mm

Sea Level Rise	—	meters of inundation depth
Wildfire	5.39000	annual hectares burned

Temperature and Extreme Heat data are for grid cell in which your project are located. The projection is based on the 98th historical percentile of daily maximum/minimum temperatures from observed historical data (32 climate model ensemble from Cal-Adapt, 2040–2059 average under RCP 8.5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Extreme Precipitation data are for the grid cell in which your project are located. The threshold of 20 mm is equivalent to about ¾ an inch of rain, which would be light to moderate rainfall if received over a full day or heavy rain if received over a period of 2 to 4 hours. Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Sea Level Rise data are for the grid cell in which your project are located. The projections are from Radke et al. (2017), as reported in Cal-Adapt (Radke et al., 2017, CEC-500-2017-008), and consider inundation location and depth for the San Francisco Bay, the Sacramento-San Joaquin River Delta and California coast resulting different increments of sea level rise coupled with extreme storm events. Users may select from four scenarios to view the range in potential inundation depth for the grid cell. The four scenarios are: No rise, 0.5 meter, 1.0 meter, 1.41 meters
Wildfire data are for the grid cell in which your project are located. The projections are from UC Davis, as reported in Cal-Adapt (2040–2059 average under RCP 8.5), and consider historical data of climate, vegetation, population density, and large (> 400 ha) fire history. Users may select from four model simulations to view the range in potential wildfire probabilities for the grid cell. The four simulations make different assumptions about expected rainfall and temperature are: Warmer/drier (HadGEM2-ES), Cooler/wetter (CNRM-CM5), Average conditions (CanESM2), Range of different rainfall and temperature possibilities (MIROC5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.

6.2. Initial Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	N/A	N/A	N/A	N/A
Extreme Precipitation	3	0	0	N/A
Sea Level Rise	1	0	0	N/A
Wildfire	1	0	0	N/A
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	0	0	0	N/A

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores do not include implementation of climate risk reduction measures.

6.3. Adjusted Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	N/A	N/A	N/A	N/A

Extreme Precipitation	3	1	1	3
Sea Level Rise	1	1	1	2
Wildfire	1	1	1	2
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	1	1	1	2

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores include implementation of climate risk reduction measures.

7. Health and Equity Details

7.1. CalEnviroScreen 4.0 Scores

The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Exposure Indicators	—
AQ-Ozone	10.5663
AQ-PM	9.62041
AQ-DPM	87.6540
Drinking Water	4.99563
Lead Risk Housing	62.1298
Pesticides	28.6207
Toxic Releases	1.55039
Traffic	85.1750
Effect Indicators	—
CleanUp Sites	0.00000

7.3. Overall Health & Equity Scores

Metric	Result for Project Census Tract
CalEnviroScreen 4.0 Score for Project Location (a)	47.0000
Healthy Places Index Score for Project Location (b)	54.0000
Project Located in a Designated Disadvantaged Community (Senate Bill 535)	No
Project Located in a Low-Income Community (Assembly Bill 1550)	Yes
Project Located in a Community Air Protection Program Community (Assembly Bill 617)	No

a: The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.
b: The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

7.4. Health & Equity Measures

No Health & Equity Measures selected.

7.5. Evaluation Scorecard

Health & Equity Evaluation Scorecard not completed.

7.6. Health & Equity Custom Measures

No Health & Equity Custom Measures created.

8. User Changes to Default Data

8.1. Justifications

Screen	Justification
Construction: Architectural Coatings	Based on BAAQMD Reg 8, Rule 3 for Flat/Non-Flat Coat VOC limits.
Operations: Vehicle Data	7,267 trips provided by the traffic consultant are net new trips and have been assigned to the Operational Model.

8.5. Operations

8.5.1. Mobile Sources

8.5.1.1. Vehicle Data

Land Use	Model Parameter	Units	Default Value	New Value
Government Office Building	Weekday Trip Rate	size/day	22.5900	0.00000

Sonoma County Administration Center and CGC Custom Report

1. Basic Project Information

1.1. Basic Project Information

1.2. Land Use Types

1.3. User-Selected Emission Reduction Measures by Emissions Sector

2. Emissions Summary

2.3. Operations Emissions Compared Against Thresholds

2.4. Operations Emissions by Sector, Unmitigated

2.5. Operations Emissions by Sector, Mitigated

4. Operations Emissions Details

4.1. Mobile Emissions by Land Use

4.1.1. Unmitigated

4.1.2. Mitigated

4.2. Energy

4.2.1. Electricity Emissions By Land Use - Unmitigated

4.2.2. Electricity Emissions By Land Use - Mitigated

4.2.3. Natural Gas Emissions By Land Use - Unmitigated

4.2.4. Natural Gas Emissions By Land Use - Mitigated

4.3. Area Emissions by Source

4.3.1. Unmitigated

4.3.2. Mitigated

4.4. Water Emissions by Land Use

4.4.1. Unmitigated

4.4.2. Mitigated

4.5. Waste Emissions by Land Use

4.5.1. Unmitigated

4.5.2. Mitigated

4.6. Refrigerant Emissions by Land Use

4.6.1. Unmitigated

4.6.2. Mitigated

4.7. Offroad Emissions By Equipment Type

4.7.1. Unmitigated

4.7.2. Mitigated

4.8. Stationary Emissions By Equipment Type

4.8.1. Unmitigated

4.8.2. Mitigated

4.9. User Defined Emissions By Equipment Type

4.9.1. Unmitigated

4.9.2. Mitigated

4.10. Soil Carbon Accumulation By Vegetation Type

4.10.1. Soil Carbon Accumulation By Vegetation Type - Unmitigated

4.10.2. Above and Belowground Carbon Accumulation by Land Use Type - Unmitigated

4.10.3. Avoided and Sequestered Emissions by Species - Unmitigated

4.10.4. Soil Carbon Accumulation By Vegetation Type - Mitigated

4.10.5. Above and Belowground Carbon Accumulation by Land Use Type - Mitigated

4.10.6. Avoided and Sequestered Emissions by Species - Mitigated

5. Activity Data

5.9. Operational Mobile Sources

5.9.1. Unmitigated

5.9.2. Mitigated

5.10. Operational Area Sources

5.10.1. Hearths

5.10.2. Architectural Coatings

5.10.3. Landscape Equipment

5.10.4. Landscape Equipment - Mitigated

5.11. Operational Energy Consumption

5.11.1. Unmitigated

5.11.2. Mitigated

5.12. Operational Water and Wastewater Consumption

5.12.1. Unmitigated

5.12.2. Mitigated

5.13. Operational Waste Generation

5.13.1. Unmitigated

5.13.2. Mitigated

5.14. Operational Refrigeration and Air Conditioning Equipment

5.14.1. Unmitigated

1. Basic Project Information

1.1. Basic Project Information

Data Field	Value
Project Name	Sonoma County Administration Center and CGC
Operational Year	2029
Lead Agency	—
Land Use Scale	Project/site
Analysis Level for Defaults	County
Windspeed (m/s)	2.20000
Precipitation (days)	47.2000
Location	2550 Ventura Ave, Santa Rosa, CA 95403, USA
County	Sonoma-San Francisco
City	Santa Rosa
Air District	Bay Area AQMD
Air Basin	San Francisco Bay Area
TAZ	941
EDFZ	2
Electric Utility	Pacific Gas & Electric Company
Gas Utility	Pacific Gas & Electric
App Version	2022.1.1.39

1.2. Land Use Types

Land Use Subtype	Size	Unit	Lot Acreage	Building Area (sq ft)	Landscape Area (sq ft)	Special Landscape Area (sq ft)	Population	Description
Apartments Mid Rise	1,500.00	Dwelling Unit	14.6000	1,440,000	144,000	—	3,840.00	—

Government Office Building	263.000	1000sqft	1.12000	263,000	26,300.0	—	—	—
Parking Lot	1,050.00	Space	5.50000	0.00000	0.00000	—	—	—
Other Non-Asphalt Surfaces	136.018	1000sqft	3.12254	0.00000	0.00000	—	—	—
Regional Shopping Center	20.0000	1000sqft	0.45914	20,000.0	0.00000	—	—	—

1.3. User-Selected Emission Reduction Measures by Emissions Sector

Sector	#	Measure Title
Energy	E-15	Require All-Electric Development
Area Sources	AS-1	Use Low-VOC Cleaning Supplies
Area Sources	LL-1	Replace Gas Powered Landscape Equipment with Zero-Emission Landscape Equipment
Area Sources	AS-2	Use Low-VOC Paints

2. Emissions Summary

6. Climate Risk Detailed Report

6.1. Climate Risk Summary

Cal-Adapt midcentury 2040–2059 average projections for four hazards are reported below for your project location. These are under Representation Concentration Pathway (RCP) 8.5 which assumes GHG emissions will continue to rise strongly through 2050 and then plateau around 2100.

Climate Hazard	Result for Project Location	Unit
Temperature and Extreme Heat	12.1800	annual days of extreme heat
Extreme Precipitation	10.5000	annual days with precipitation above 20 mm
Sea Level Rise	—	meters of inundation depth
Wildfire	5.39000	annual hectares burned

Temperature and Extreme Heat data are for grid cell in which your project are located. The projection is based on the 98th historical percentile of daily maximum/minimum temperatures from observed historical data (32 climate model ensemble from Cal-Adapt, 2040–2059 average under RCP 8.5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Extreme Precipitation data are for the grid cell in which your project are located. The threshold of 20 mm is equivalent to about ¾ an inch of rain, which would be light to moderate rainfall if received over a full day or heavy rain if received over a period of 2 to 4 hours. Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Sea Level Rise data are for the grid cell in which your project are located. The projections are from Radke et al. (2017), as reported in Cal-Adapt (Radke et al., 2017, CEC-500-2017-008), and consider inundation location and depth for the San Francisco Bay, the Sacramento-San Joaquin River Delta and California coast resulting different increments of sea level rise coupled with extreme storm events. Users may select from four scenarios to view the range in potential inundation depth for the grid cell. The four scenarios are: No rise, 0.5 meter, 1.0 meter, 1.41 meters
Wildfire data are for the grid cell in which your project are located. The projections are from UC Davis, as reported in Cal-Adapt (2040–2059 average under RCP 8.5), and consider historical data of climate, vegetation, population density, and large (> 400 ha) fire history. Users may select from four model simulations to view the range in potential wildfire probabilities for the grid cell. The four simulations make different assumptions about expected rainfall and temperature are: Warmer/drier (HadGEM2-ES), Cooler/wetter (CNRM-CM5), Average conditions (CanESM2), Range of different rainfall and temperature possibilities (MIROC5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.

6.2. Initial Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	N/A	N/A	N/A	N/A
Extreme Precipitation	3	0	0	N/A
Sea Level Rise	1	0	0	N/A
Wildfire	1	0	0	N/A
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	0	0	0	N/A

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores do not include implementation of climate risk reduction measures.

6.3. Adjusted Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	N/A	N/A	N/A	N/A
Extreme Precipitation	3	1	1	3
Sea Level Rise	1	1	1	2
Wildfire	1	1	1	2
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	1	1	1	2

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores include implementation of climate risk reduction measures.

7. Health and Equity Details

7.1. CalEnviroScreen 4.0 Scores

The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Exposure Indicators	—
AQ-Ozone	10.5663
AQ-PM	9.62041
AQ-DPM	87.6540
Drinking Water	4.99563
Lead Risk Housing	62.1298
Pesticides	28.6207
Toxic Releases	1.55039

Traffic	85.1750
Effect Indicators	—
CleanUp Sites	0.00000
Groundwater	96.4802
Haz Waste Facilities/Generators	88.3918
Impaired Water Bodies	43.7841
Solid Waste	59.1753
Sensitive Population	—
Asthma	41.6999
Cardio-vascular	35.7178
Low Birth Weights	17.9754
Socioeconomic Factor Indicators	—

7.3. Overall Health & Equity Scores

Metric	Result for Project Census Tract
CalEnviroScreen 4.0 Score for Project Location (a)	47.0000
Healthy Places Index Score for Project Location (b)	54.0000
Project Located in a Designated Disadvantaged Community (Senate Bill 535)	No
Project Located in a Low-Income Community (Assembly Bill 1550)	Yes
Project Located in a Community Air Protection Program Community (Assembly Bill 617)	No

a: The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.
b: The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

7.4. Health & Equity Measures

No Health & Equity Measures selected.

7.5. Evaluation Scorecard

Health & Equity Evaluation Scorecard not completed.

7.6. Health & Equity Custom Measures

No Health & Equity Custom Measures created.

8. User Changes to Default Data

8.1. Justifications

Screen	Justification
Land Use	Based on information provided in Project Description. Assumes office building is 7 stories tall and emergency coordination center is one story tall based on project description
Construction: Architectural Coatings	Based on BAAQMD Reg 8, Rule 3 for Flat/Non-Flat Coat VOC limits.

Operations: Vehicle Data	based on the net new 7,267 trips provided by traffic consultant and 4.8 average miles per trip
Operations: Architectural Coatings	Based on BAAQMD Reg 8, Rule 3 for Flat/Non-Flat Coat VOC limits

8.3. Land Use

Model Parameter	Units	Default Value	New Value
Lot Area	acre	39.4737	14.6000
Landscape Area	sq. ft	—	144,000
Lot Area	acre	6.03765	1.12000
Landscape Area	sq. ft	—	26,300.0
Lot Area	acre	9.45000	5.50000
Landscape Area	sq. ft	—	0.00000

8.5. Operations

8.5.1. Mobile Sources

8.5.1.1. Vehicle Data

Land Use	Model Parameter	Units	Default Value	New Value
Apartments Mid Rise	Weekday Trip Rate	size/day	5.44000	4.84467
Apartments Mid Rise	Saturday Trip Rate	size/day	4.91000	4.84467
Apartments Mid Rise	Sunday Trip Rate	size/day	4.09000	4.84467
Apartments Mid Rise	Res H-W Trip Length	miles	6.81697	4.80000
Apartments Mid Rise	Res H-S Trip Length	miles	3.52980	4.80000
Apartments Mid Rise	Res H-O Trip Length	miles	3.39318	4.80000

Appendix F

Special Status Species Potential to Occur Tables

Special Status Plant Species in the Regional Vicinity of the Project Site

Scientific Name Common Name	Status Fed/State ESA CRPR	Habitat Requirements	Potential to Occur	Rationale
Allium peninsulare var. *franciscanum* Franciscan onion	None/None G4G5T2/S2 1B.2	Perennial bulbiferous herb. Cismontane woodland, valley and foothill grassland. Clay, Serpentinite (often), volcanic. Elevations: 170-1000ft. (52-305m.) Blooms (Apr)May-Jun.	Not Expected	Natural vegetation communities with serpentine soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Alopecurus aequalis var. *sonomensis* Sonoma alopecurus	FE/None G5T1/S1 1B.1	Perennial herb. Marshes and swamps, riparian scrub. Wet areas, marshes, and riparian banks, with other wetland species. Elevations: 15-1200ft. (5-365m.) Blooms May-Jul.	Not Expected	Marshes, swamps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Amorpha californica var. *napensis* Napa false indigo	None/None G4T2/S2 1B.2	Perennial deciduous shrub. Broadleafed upland forest, chaparral, cismontane woodland. Openings in forest or woodland or in chaparral. 30-735 m. Elevations: 165-6560ft. (50-2000m.) Blooms Apr-Jul.	Not Expected	Natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Amsinckia lunaris bent-flowered fiddleneck	None/None G3/S3 1B.2	Annual herb. Cismontane woodland, coastal bluff scrub, valley and foothill grassland. Elevations: 10-1640ft. (3-500m.) Blooms Mar-Jun.	Not Expected	Natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Arctostaphylos densiflora Vine Hill manzanita	None/SE G1/S1 1B.1	Perennial evergreen shrub. Chaparral. Acid marine sand. Elevations: 165-395ft. (50-120m.) Blooms Feb-Apr.	Not Expected	Natural vegetation communities with sandy soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Arctostaphylos stanfordiana ssp. *decumbens* Rincon Ridge manzanita	None/None G3T1/S1 1B.1	Perennial evergreen shrub. Chaparral, cismontane woodland. Highly restricted endemic to red rhyolites in Sonoma County. Elevations: 245-1215ft. (75-370m.) Blooms Feb-Apr(May).	Not Expected	Natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Astragalus claranus Clara Hunt's milk-vetch	FE/SE G1/S1 1B.1	Annual herb. Chaparral, cismontane woodland, valley and foothill grassland. Clay, rocky, serpentinite (sometimes), volcanic (sometimes). Elevations: 245-900ft. (75-275m.) Blooms Mar-May.	Not Expected	Natural vegetation communities with serpentines soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.

Scientific Name Common Name	Status Fed/State ESA CRPR	Habitat Requirements	Potential to Occur	Rationale
Balsamorhiza macrolepis big-scale balsamroot	None/None G2/S2 1B.2	Perennial herb. Chaparral, cismontane woodland, valley and foothill grassland. Serpentinite (sometimes). Elevations: 150-5100ft. (45-1555m.) Blooms Mar-Jun.	Not Expected	Natural vegetation communities with serpentine soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Blennosperma bakeri Sonoma sunshine	FE/SE G1/S1 1B.1	Annual herb. Valley and foothill grassland, vernal pools. Vernal pools and swales. Elevations: 35-360ft. (10-110m.) Blooms Mar-May.	Not Expected	Vernal pools and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Brodiaea leptandra narrow-anthered brodiaea	None/None G3?/S3? 1B.2	Perennial bulbiferous herb. Broadleafed upland forest, chaparral, cismontane woodland, lower montane coniferous forest, valley and foothill grassland. Volcanic. Elevations: 360-3000ft. (110-915m.) Blooms May-Jul.	Not Expected	Natural vegetation communities with volcanic soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Calamagrostis crassiglumis Thurber's reed grass	None/None G3Q/S2 2B.1	Perennial rhizomatous herb. Coastal scrub, marshes and swamps. Usually in marshy swales surrounded by grassland or coastal scrub. Elevations: 35-195ft. (10-60m.) Blooms May-Aug.	Not Expected	Marshes, swamps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Castilleja uliginosa Pitkin Marsh paintbrush	None/SE 1A	Perennial herb (hemiparasitic). Marshes and swamps. Last known remaining plant died in 1987; was known from overgrown freshwater marsh. Elevations: 785-785ft. (240-240m.) Blooms Jun-Jul.	Not Expected	Marshes, swamps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Ceanothus confusus Rincon Ridge ceanothus	None/None G1/S1 1B.1	Perennial evergreen shrub. Chaparral, cismontane woodland, closed-cone coniferous forest. Serpentinite (sometimes), volcanic (sometimes). Elevations: 245-3495ft. (75-1065m.) Blooms Feb-Jun.	Not Expected	Natural vegetation communities with serpentine soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Ceanothus divergens Calistoga ceanothus	None/None G2/S2 1B.2	Perennial evergreen shrub. Chaparral. Rocky, serpentine or volcanic sites. Elevations: 560-3115ft. (170-950m.) Blooms Feb-Apr.	Not Expected	Natural vegetation communities with serpentine soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Ceanothus foliosus var. *vineatus* Vine Hill ceanothus	None/None G3T1/S1 1B.1	Perennial evergreen shrub. Chaparral. Sandy, acidic soil in chaparral. Elevations: 150-1000ft. (45-305m.) Blooms Mar-May.	Not Expected	Natural vegetation communities with sandy soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.

Scientific Name Common Name	Status Fed/State ESA CRPR	Habitat Requirements	Potential to Occur	Rationale
Ceanothus purpureus holly-leaved ceanothus	None/None G2/S2 1B.2	Perennial evergreen shrub. Chaparral, cismontane woodland. Rocky, volcanic. Elevations: 395-2100ft. (120-640m.) Blooms Feb-Jun.	Not Expected	Natural vegetation communities with rocky soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Ceanothus sonomensis Sonoma ceanothus	None/None G2/S2 1B.2	Perennial evergreen shrub. Chaparral. Sandy, serpentine or volcanic soils. Elevations: 705-2625ft. (215-800m.) Blooms Feb-Apr.	Not Expected	Natural vegetation communities with serpentine soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Centromadia parryi ssp. *parryi* pappose tarplant	None/None G3T2/S2 1B.2	Annual herb. Chaparral, coastal prairie, marshes and swamps, meadows and seeps, valley and foothill grassland. Alkaline (often). Elevations: 0-1380ft. (0-420m.) Blooms May-Nov.	Not Expected	Marshes, swamps, and natural vegetation communities with alkaline soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Chorizanthe valida Sonoma spineflower	FE/SE G1/S1 1B.1	Annual herb. Coastal prairie. Sandy soil. Elevations: 35-1000ft. (10-305m.) Blooms Jun-Aug.	Not Expected	Natural vegetation communities with sandy soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Clarkia imbricata Vine Hill clarkia	FE/SE G1/S1 1B.1	Annual herb. Chaparral, valley and foothill grassland. Acidic, loam, sandy. Elevations: 165-245ft. (50-75m.) Blooms Jun-Aug.	Not Expected	Natural vegetation communities with sandy soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Cuscuta obtusiflora var. *glandulosa* Peruvian dodder	None/None G5T4?/SH 2B.2	Annual vine (parasitic). Marshes and swamps. Freshwater marsh. Elevations: 50-920ft. (15-280m.) Blooms Jul-Oct.	Not Expected	Marshes, swamps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Delphinium luteum golden larkspur	FE/SR G1/S1 1B.1	Perennial herb. Chaparral, coastal prairie, coastal scrub. North-facing rocky slopes. Elevations: 0-330ft. (0-100m.) Blooms Mar-May.	Not Expected	Natural vegetation communities with sandy soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Downingia pusilla dwarf downingia	None/None GU/S2 2B.2	Annual herb. Valley and foothill grassland, vernal pools. Vernal lake and pool margins with a variety of associates. In several types of vernal pools. Elevations: 5-1460ft. (1-445m.) Blooms Mar-May.	Not Expected	Vernal pools and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.

Scientific Name Common Name	Status Fed/State ESA CRPR	Habitat Requirements	Potential to Occur	Rationale
Eastwoodiella californica swamp harebell	None/None G3/S3 1B.2	Bogs and fens, closed-cone coniferous forest, coastal prairie, meadows and seeps, freshwater marsh, north coast coniferous forest. Bogs and marshes in a variety of habitats; uncommon where it occurs. 1-405m. Blooms Jun-Oct.	Not Expected	Marshes, seeps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Eryngium constancei Loch Lomond button-celery	FE/SE G1/S1 1B.1	Annual/perennial herb. Vernal pools. Volcanic ash flow vernal pools. Elevations: 1510-2805ft. (460-855m.) Blooms Apr-Jun.	Not Expected	Vernal pools and natural vegetation communities with volcanic soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Fritillaria liliacea fragrant fritillary	None/None G2/S2 1B.2	Perennial bulbiferous herb. Cismontane woodland, coastal prairie, coastal scrub, valley and foothill grassland. Often on serpentine; various soils reported though usually on clay, in grassland. Elevations: 10-1345ft. (3-410m.) Blooms Feb-Apr.	Not Expected	Natural vegetation communities with serpentine soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Gratiola heterosepala Boggs Lake hedge-hyssop	None/SE G2/S2 1B.2	Annual herb. Marshes and swamps, vernal pools. Clay soils; usually in vernal pools, sometimes on lake margins. 4-. Elevations: 35-7790ft. (10-2375m.) Blooms Apr-Aug.	Not Expected	Vernal pools, marshes, swamps, and natural vegetation communities with clay soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Hemizonia congesta ssp. *congesta* congested-headed hayfield tarplant	None/None G5T2/S2 1B.2	Annual herb. Valley and foothill grassland. Grassy valleys and hills, often in fallow fields; sometimes along roadsides. Elevations: 65-1835ft. (20-560m.) Blooms Apr-Nov.	Not Expected	Natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Horkelia tenuiloba thin-lobed horkelia	None/None G2/S2 1B.2	Perennial herb. Broadleafed upland forest, chaparral, valley and foothill grassland. Sandy soils; mesic openings. Elevations: 165-1640ft. (50-500m.) Blooms May-Jul(Aug).	Not Expected	Natural vegetation communities with sandy soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Lasthenia burkei Burke's goldfields	FE/SE G1/S1 1B.1	Annual herb. Meadows and seeps, vernal pools. Most often in vernal pools and swales. Elevations: 50-1970ft. (15-600m.) Blooms Apr-Jun.	Not Expected	Vernal pools, marshes, swamps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.

Scientific Name Common Name	Status Fed/State ESA CRPR	Habitat Requirements	Potential to Occur	Rationale
Lasthenia californica ssp. *bakeri* Baker's goldfields	None/None G3T1/S1 1B.2	Perennial herb. Closed-cone coniferous forest, coastal scrub, marshes and swamps, meadows and seeps. Openings. Elevations: 195-1705ft. (60-520m.) Blooms Apr-Oct.	Not Expected	Marshes, swamps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Layia septentrionalis Colusa layia	None/None G2/S2 1B.2	Annual herb. Chaparral, cismontane woodland, valley and foothill grassland. Scattered colonies in fields and grassy slopes in sandy or serpentine soil. Elevations: 330-3595ft. (100-1095m.) Blooms Apr-May.	Not Expected	Natural vegetation communities with serpentine soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Legenere limosa legenere	None/None G2/S2 1B.1	Annual herb. Vernal pools. In beds of vernal pools. 1-. Elevations: 5-2885ft. (1-880m.) Blooms Apr-Jun.	Not Expected	Vernal pools and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Leptosiphon jepsonii Jepson's leptosiphon	None/None G2G3/S2S3 1B.2	Annual herb. Chaparral, cismontane woodland, valley and foothill grassland. Open to partially shaded grassy slopes. On volcanics or the periphery of serpentine substrates. Elevations: 330-1640ft. (100-500m.) Blooms Mar-May.	Not Expected	Natural vegetation communities with serpentine soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Lilium pardalinum ssp. *pitkinense* Pitkin Marsh lily	FE/SE G5T1/S1 1B.1	Perennial bulbiferous herb. Cismontane woodland, marshes and swamps, meadows and seeps. Saturated, sandy soils with grasses and shrubs. Elevations: 115-215ft. (35-65m.) Blooms Jun-Jul.	Not Expected	Marshes, swamps, and natural vegetation communities with sandy soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Limnanthes vinculans Sebastopol meadowfoam	FE/SE G1/S1 1B.1	Annual herb. Meadows and seeps, valley and foothill grassland, vernal pools. Swales, wet meadows and marshy areas in valley oak savanna; on poorly drained soils of clays and sandy loam. Elevations: 50-1000ft. (15-305m.) Blooms Apr-May.	Not Expected	Vernal pools, seeps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Lupinus sericatus Cobb Mountain lupine	None/None G2?/S2? 1B.2	Perennial herb. Broadleafed upland forest, chaparral, cismontane woodland, lower montane coniferous forest. In stands of knobcone pine-oak woodland, on open wooded slopes in gravelly soils; sometimes on serpentine. Elevations: 900-5005ft. (275-1525m.) Blooms Mar-Jun.	Not Expected	Natural vegetation communities with serpentine or gravely soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.

Scientific Name Common Name	Status Fed/State ESA CRPR	Habitat Requirements	Potential to Occur	Rationale
Microseris paludosa marsh microseris	None/None G2/S2 1B.2	Perennial herb. Cismontane woodland, closed-cone coniferous forest, coastal scrub, valley and foothill grassland. Elevations: 15-1165ft. (5-355m.) Blooms Apr-Jun(Jul).	Not Expected	Natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Navarretia leucocephala ssp. *bakeri* Baker's navarretia	None/None G4T2/S2 1B.1	Annual herb. Cismontane woodland, lower montane coniferous forest, meadows and seeps, valley and foothill grassland, vernal pools. Vernal pools and swales; adobe or alkaline soils. Elevations: 15-5710ft. (5-1740m.) Blooms Apr-Jul.	Not Expected	Vernal pools, seeps, and natural vegetation communities with alkaline soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Navarretia leucocephala ssp. *plieantha* many-flowered navarretia	FE/SE G4T1/S1 1B.2	Annual herb. Vernal pools. Volcanic ash flow vernal pools. Elevations: 100-3115ft. (30-950m.) Blooms May-Jun.	Not Expected	Vernal pools and natural vegetation communities with volcanic soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Penstemon newberryi var. *sonomensis* Sonoma beardtongue	None/None G4T3/S3 1B.3	Perennial herb. Chaparral. Crevices in rock outcrops and talus slopes. Elevations: 2295-4495ft. (700-1370m.) Blooms Apr-Aug.	Not Expected	Natural vegetation communities with rocky soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Plagiobothrys strictus Calistoga popcornflower	FE/ST G1/S1 1B.1	Annual herb. Meadows and seeps, valley and foothill grassland, vernal pools. Alkaline sites near thermal springs and on margins of vernal pools in heavy, dark, adobe-like clay. Elevations: 295-525ft. (90-160m.) Blooms Mar-Jun.	Not Expected	Vernal pools, seeps, and natural vegetation communities with alkaline soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Pleuropogon hooverianus North Coast semaphore grass	None/ST G2/S2 1B.1	Perennial rhizomatous herb. Broadleafed upland forest, meadows and seeps, north coast coniferous forest. Wet grassy, usually shady areas, sometimes freshwater marsh; associated with forest environments. Elevations: 35-2200ft. (10-671m.) Blooms Apr-Jun.	Not Expected	Marshes, swamps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Poa napensis Napa blue grass	FE/SE G1/S1 1B.1	Perennial herb. Meadows and seeps, valley and foothill grassland. Moist alkaline meadows fed by runoff from nearby hot springs. Elevations: 330-655ft. (100-200m.) Blooms May-Aug.	Not Expected	Vernal pools, seeps, and natural vegetation communities with alkaline soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.

Scientific Name Common Name	Status Fed/State ESA CRPR	Habitat Requirements	Potential to Occur	Rationale
Potentilla uliginosa Cunningham Marsh cinquefoil	None/None 1A	Perennial herb. Marshes and swamps. Found in permanent, oligotrophic wetland. Elevations: 100-130ft. (30-40m.) Blooms May-Aug.	Not Expected	Marshes, swamps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Puccinellia simplex California alkali grass	None/None G2/S2 1B.2	Annual herb. Chenopod scrub, meadows and seeps, valley and foothill grassland, vernal pools. Alkaline, vernally mesic. Sinks, flats, and lake margins. Elevations: 5-3050ft. (2-930m.) Blooms Mar-May.	Not Expected	Vernal pools, seeps, and natural vegetation communities with alkaline soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Rhynchospora alba white beaked-rush	None/None G5/S2 2B.2	Perennial rhizomatous herb. Bogs and fens, marshes and swamps, meadows and seeps. Freshwater marshes and sphagnum bogs. Elevations: 195-6695ft. (60-2040m.) Blooms Jun-Aug.	Not Expected	Marshes, swamps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Rhynchospora californica California beaked-rush	None/None G1/S1 1B.1	Perennial rhizomatous herb. Bogs and fens, lower montane coniferous forest, marshes and swamps, meadows and seeps. Freshwater seeps and open marshy areas. Elevations: 150-3315ft. (45-1010m.) Blooms May-Jul.	Not Expected	Marshes, swamps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Rhynchospora capitellata brownish beaked-rush	None/None G5/S1 2B.2	Perennial herb. Lower montane coniferous forest, marshes and swamps, meadows and seeps, upper montane coniferous forest. Mesic sites. Elevations: 150-6560ft. (45-2000m.) Blooms Jul-Aug.	Not Expected	Marshes, swamps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Rhynchospora globularis round-headed beaked-rush	None/None G5/S1 2B.1	Perennial rhizomatous herb. Marshes and swamps. Freshwater marsh. Elevations: 150-195ft. (45-60m.) Blooms Jul-Aug.	Not Expected	Marshes, swamps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Sidalcea hickmanii ssp. *napensis* Napa checkerbloom	None/None G3T1/S1 1B.1	Perennial herb. Chaparral. Rhyolitic substrates. Elevations: 1360-2000ft. (415-610m.) Blooms Apr-Jun.	Not Expected	Natural vegetation communities with Rhyolitic substrates are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Sidalcea oregana ssp. *valida* Kenwood Marsh checkerbloom	FE/SE G5T1/S1 1B.1	Perennial rhizomatous herb. Marshes and swamps. Edges of freshwater marshes. Elevations: 375-490ft. (115-150m.) Blooms Jun-Sep.	Not Expected	Marshes, swamps, and natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.

Scientific Name Common Name	Status Fed/State ESA CRPR	Habitat Requirements	Potential to Occur	Rationale
Spergularia macrotheca var. *longistyla* long-styled sand-spurrey	None/None G5T2/S2 1B.2	Perennial herb. Marshes and swamps, meadows and seeps. Alkaline. Elevations: 0-835ft. (0-255m.) Blooms Feb-May.	Not Expected	Marshes, swamps, and natural vegetation communities with alkaline soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Trifolium amoenum two-fork clover	FE/None G1/S1 1B.1	Annual herb. Coastal bluff scrub, valley and foothill grassland. Sometimes on serpentine soil, open sunny sites, swales. Most recently cited on roadside and eroding cliff face. Elevations: 15-1360ft. (5-415m.) Blooms Apr-Jun.	Not Expected	Natural vegetation communities with serpentine soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Trifolium buckwestiorum Santa Cruz clover	None/None G2/S2 1B.1	Annual herb. Broadleafed upland forest, cismontane woodland, coastal prairie. Moist grassland. Gravelly margins. Elevations: 345-2000ft. (105-610m.) Blooms Apr-Oct.	Not Expected	Natural vegetation communities with gravely soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Trifolium hydrophilum saline clover	None/None G2/S2 1B.2	Annual herb. Marshes and swamps, valley and foothill grassland, vernal pools. Mesic, alkaline sites. Elevations: 0-985ft. (0-300m.) Blooms Apr-Jun.	Not Expected	Marshes, swamps, and natural vegetation communities with alkaline soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Triquetrella californica coastal triquetrella	None/None G2/S2 1B.2	Moss. Coastal bluff scrub, coastal scrub. Grows within 30m from the coast in coastal scrub, grasslands and in open gravels on roadsides, hillsides, rocky slopes, and fields. On gravel or thin soil over outcrops. Elevations: 35-330ft. (10-100m.)	Not Expected	Natural vegetation communities with gravely soils are not present, and landscaped areas are maintained with primarily non-native ornamental species.

Scientific Name Common Name	Status Fed/State ESA CRPR	Habitat Requirements	Potential to Occur	Rationale
Viburnum ellipticum *oval-leaved viburnum*	None/None G4G5/S3? 2B.3	Perennial deciduous shrub. Chaparral, cismontane woodland, lower montane coniferous forest. Elevations: 705-4595ft. (215-1400m.) Blooms May-Jun.	Not Expected	Natural vegetation communities are not present, and landscaped areas are maintained with primarily non-native ornamental species.

Regional Vicinity refers to within a 9-quad search radius of site.

Status (Federal/State)

FE = Federal Endangered
FT = Federal Threatened
SE = State Endangered
ST = State Threatened
SR = State Rare

CRPR (CNPS California Rare Plant Rank)

1A = Presumed extirpated in California, and rare or extinct elsewhere
1B = Rare, Threatened, or Endangered in California and elsewhere
2A = Presumed extirpated in California, but common elsewhere
2B= Rare, Threatened, or Endangered in California, but more common elsewhere

CRPR Threat Code Extension

Seriously endangered in California (>80% of occurrences threatened/high degree and immediacy of threat)
Moderately threatened in California (20-80% of occurrences threatened/moderate degree and immediacy of threat)
Not very endangered in California (<20% of occurrences threatened/low degree and immediacy of threat)

Other Statuses

G1 or S1 Critically Imperiled Globally or Subnationally (state)
G2 or S2 Imperiled Globally or Subnationally (state)
G3 or S3 Vulnerable to extirpation or extinction Globally or Subnationally (state)
G4/5 or S4/5 Apparently secure, common and abundant

Additional notations may be provided as follows

T – Intraspecific Taxon (subspecies, varieties, and other designations below the level of species)
Q – Questionable taxonomy that may reduce conservation priority
? – Inexact numeric rank

Special Status Wildlife Species in the Regional Vicinity of the Project Site

Scientific Name Common Name	Status Fed/State ESA CDFW	Habitat Requirements	Potential to Occur	Rationale
Invertebrates				
Bombus crotchii Crotch bumble bee	None/SCE G2/S2	Coastal California east to the Sierra-Cascade crest and south into Mexico. Crotch bumble bee habitat requirements include availability of suitable colony nesting sites, floral resources to obtain nectar and pollen throughout the duration of the colony period (spring, summer and fall), and suitable overwintering sites for queens. Most bumble bees are primitively eusocial insects that live in colonies composed of a queen, workers, and, near the end of the season, reproductive members of the colony (new queens, or gynes, and males). Nest sites typically include underground cavities and open west-southwest slopes bordered by trees. Little is known about hibernacula or overwintering sites; however, they may use burrows, leaf litter, wood piles, and other cavities.	Not Expected	Natural vegetation communities with burrows are not present, and landscaped areas are maintained with primarily non-native ornamental species.
Bombus occidentalis western bumble bee	None/SCE G3/S1	Western bumble bee habitat requirements include availability of suitable colony nesting sites, floral resources to obtain nectar and pollen throughout the duration of the colony period (spring, summer and fall), and suitable overwintering sites for queens. Most bumble bees are primitively eusocial insects that live in colonies composed of a queen, workers, and, near the end of the season, reproductive members of the colony (new queens, or gynes, and males). Nest sites typically include underground cavities and open west-southwest slopes bordered by trees. Little is known about hibernacula or overwintering sites; however, they may use burrows, leaf litter, wood piles, and other cavities	Not Expected	Site is outside of currently known range for this species.
Syncaris pacifica California freshwater shrimp	FE/SE G2/S2	Endemic to Marin, Napa, and Sonoma counties. Found in low elevation, low gradient streams where riparian cover is moderate to heavy. Shallow pools away from main streamflow. Winter: undercut banks with exposed roots. Summer: leafy branches touching water.	Not Expected	Aquatic habitats are not present on the site.

Scientific Name Common Name	Status Fed/State ESA CDFW	Habitat Requirements	Potential to Occur	Rationale
Fish				
Hesperoleucus venustus navarroensis northern coastal roach	None/None GNRT3/S3 SSC	Habitat generalists. Found generally in a wide variety of habitats in the Navarro River and Russian River basins where there is cover (e.g. fallen trees) and where non-native predators are absent. Most abundant in tributaries with clear, well oxygenated water with dominant substrates of cobble and boulder, and shallow depths (average 10-50 cm) with pools up to 1 m deep.	Not Expected	Aquatic habitats are not present on the site.
Hesperoleucus venustus subditus southern coastal roach	None/None GNRT2/S2 SSC	Found in the drainages of Tomales Bay and northern San Francisco Bay in the north, and drainages of Monterey Bay in the south.	Not Expected	Aquatic habitats are not present on the site.
Hysterocarpus traskii pomo Russian River tule perch	None/None G5T4/S4 SSC	Low elevation streams of the Russian River system. Requires clear, flowing water with abundant cover. They also require deep (> 1 m) pool habitat.	Not Expected	Aquatic habitats are not present on the site.
Oncorhynchus kisutch pop. 4 coho salmon - central California coast ESU	FE/SE G5T2Q/S2	Federal listing = populations between Punta Gorda and San Lorenzo River. State listing = populations south of Punta Gorda. Require beds of loose, silt-free, coarse gravel for spawning. Also need cover, cool water and sufficient dissolved oxygen.	Not Expected	Aquatic habitats are not present on the site.
Oncorhynchus mykiss irideus pop. 8 steelhead - central California coast DPS	FT/None G5T3Q/S3	DPS includes all naturally spawned populations of steelhead (and their progeny) in streams from the Russian River to Aptos Creek, Santa Cruz County, California (inclusive). Also includes the drainages of San Francisco and San Pablo Bays.	Not Expected	Aquatic habitats are not present on the site.
Amphibians				
Ambystoma californiense pop. 3 California tiger salamander - Sonoma County DPS	FE/ST G2G3T2/S2 WL	Lives in vacant or mammal-occupied burrows throughout most of the year in grassland, savanna, or open woodland habitats. Need underground refuges, especially ground squirrel burrows, and vernal pools or other seasonal water sources that remain inundated for at least 12 weeks for breeding.	Not Expected	Suitable aquatic habitat for breeding, small mammal burrows and grassland and savanna habitats are not present on or adjacent to the site.

Scientific Name Common Name	Status Fed/State ESA CDFW	Habitat Requirements	Potential to Occur	Rationale
Dicamptodon ensatus California giant salamander	None/None G2G3/S2S3 SSC	Known from wet coastal forests near streams and seeps from Mendocino County south to Monterey County, and east to Napa County. Aquatic larvae found in cold, clear streams, occasionally in lakes and ponds. Adults known from wet forests under rocks and logs near streams and lakes.	Not Expected	Wet coastal forests, streams, seeps, and other aquatic habitats are not present on or adjacent to the site.
Rana boylii pop. 1 foothill yellow-legged frog - north coast DPS	None/None G3T4/S4 SSC	Northern Coast Ranges north of San Francisco Bay Estuary, Klamath Mountains, and Cascade Range including watershed subbasins (HU 8) Lower Pit, Battle Creek, Thomes Creek, and Big Chico Creek in Lassen, Shasta, Tehama, and Butte Counties. Partly shaded shallow streams and riffles with a rocky substrate in a variety of habitats. Needs at least some cobble-sized substrate for egg-laying and at least 15 weeks to attain metamorphosis.	Not Expected	Aquatic habitats are not present on the site. Paulin Creek adjacent to the Redwood Building does not contain suitable perennial stream habitat, with pools and riffles.
Rana draytonii California red-legged frog	FT/None G2G3/S2S3 SSC	Lowlands and foothills in or near permanent sources of deep water with dense, shrubby or emergent riparian vegetation. Requires 11-20 weeks of permanent water for larval development. Must have access to estivation habitat.	Not Expected	Aquatic habitats with emergent riparian vegetation are not present. Paulin Creek adjacent to the Redwood Building is intermittent, does not contain deep pools or shrubby or emergent riparian vegetation, and uplands adjacent to the creek consist of a grassy open greenspace within a developed area.
Taricha rivularis red-bellied newt	None/None G2/S2 SSC	Coastal drainages in redwood forest and woodlands from Humboldt County south to Sonoma County, inland to Lake County. Isolated population of uncertain origin in Santa Clara County. Lives in terrestrial habitats, juveniles generally underground, adults active at surface in moist environments. Will migrate over 1 km to breed, typically in streams with moderate flow and clean, rocky substrate.	Not Expected	Natural vegetation communities and aquatic habitats are not present on or adjacent to the site.

Scientific Name Common Name	Status Fed/State ESA CDFW	Habitat Requirements	Potential to Occur	Rationale
Reptiles				
Actinemys marmorata northwestern pond turtle	FPT/None G2/SNR SSC	A thoroughly aquatic turtle of ponds, marshes, rivers, streams and irrigation ditches, usually with aquatic vegetation, below 6,000 feet in elevation. Needs basking sites and suitable (sandy banks or grassy open fields) upland habitat up to 0.5 km from water for egg-laying. Occurs in northern California, south along the Sierra Nevada Mountains and the Coast Range down to Monterey and Kern Counties.	Not Expected	Aquatic habitats are not present on the site. Paulin Creek adjacent to the Redwood Building is intermittent, does not contain deep pools or ponds.
Birds				
Accipiter cooperii Cooper's hawk	None/None G5/S4 WL	Woodland, chiefly of open, interrupted or marginal type. Nest sites mainly in riparian growths of deciduous trees, as in canyon bottoms on river flood-plains; also, live oaks.	Not Expected	Woodland communities and natural riparian habitats are not present, and the site is heavily disturbed by human activity.
Accipiter striatus sharp-shinned hawk	None/None G5/S4 WL	Ponderosa pine, black oak, riparian deciduous, mixed conifer, and Jeffrey pine habitats. Prefers riparian areas. North-facing slopes with plucking perches are critical requirements. Nests usually within 275 feet of water.	Low Potential	Coniferous woodland communities and natural riparian habitats are not present and the site is heavily disturbed by human activity.
Agelaius tricolor tricolored blackbird	None/ST G1G2/S2 SSC	Highly colonial species, most numerous in Central Valley and vicinity. Largely endemic to California. Requires open water, protected nesting substrate such as emergent vegetation, and large open foraging area such as agricultural grain fields with insect prey within a few km of the colony.	Not Expected	Open water with emergent vegetation is not present on or adjacent to the site.
Ammodramus savannarum grasshopper sparrow	None/None G5/S3 SSC	Dense grasslands on rolling hills, lowland plains, in valleys and on hillsides on lower mountain slopes. Favors native grasslands with a mix of grasses, forbs and scattered shrubs. Loosely colonial when nesting.	Not Expected	Open grasslands on rolling hills and mountain slopes are not present on or adjacent to the site.
Aquila chrysaetos golden eagle	None/None G5/S3 FP WL	Rolling foothills, mountain areas, sage-juniper flats, and desert. Cliff-walled canyons provide nesting habitat in most parts of range; also, large trees in open areas.	Not Expected	Rolling foothills, mountain areas, and desert communities with cliff-walled canyons or large nest trees are not present on or adjacent to the site.

Scientific Name Common Name	Status Fed/State ESA CDFW	Habitat Requirements	Potential to Occur	Rationale
Athene cunicularia burrowing owl	None/SCE G4/S2 SSC	Open, dry annual or perennial grasslands, deserts, and scrublands characterized by low-growing vegetation. Subterranean nester, dependent upon burrowing mammals, most notably, the California ground squirrel.	Not Expected	Open grasslands or suitable open dry habitats with ground squirrel burrows are not present.
Buteo regalis ferruginous hawk	None/None G4/S3S4 WL	Open grasslands, sagebrush flats, desert scrub, low foothills and fringes of pinyon and juniper habitats. Eats mostly lagomorphs, ground squirrels, and mice. Population trends may follow lagomorph population cycles.	Not Expected	Open grasslands and desert scrub on foothills with small mammal prey are not present on or adjacent to the site.
Coccyzus americanus occidentalis western yellow-billed cuckoo	FT/SE G5T2T3/S1	Riparian forest nester, along the broad, lower flood-bottoms of larger river systems. Nests in riparian jungles of willow, often mixed with cottonwoods, with lower story of blackberry, nettles, or wild grape.	Not Expected	Suitable cottonwood riparian forests and large river systems are not present.
Coturnicops noveboracensis yellow rail	None/None G4/S2 SSC	Summer resident in eastern Sierra Nevada in Mono County. Freshwater marshlands.	Not Expected	Aquatic habitats with marshlands are not present on or adjacent to the site.
Elanus leucurus white-tailed kite	None/None G5/S3S4 FP	Rolling foothills and valley margins with scattered oaks and river bottomlands or marshes next to deciduous woodland. Open grasslands, meadows, or marshes for foraging close to isolated, dense-topped trees for nesting and perching.	Not Expected	Open grasslands with deciduous woodlands are not present on or adjacent to the site.
Eremophila alpestris actia California horned lark	None/None G5T4Q/S4 WL	Coastal regions, chiefly from Sonoma County to San Diego County. Also occurs in San Joaquin Valley east to foothills. Short-grass prairie, "bald" hills, mountain meadows, open coastal plains, fallow grain fields, alkali flats.	Not Expected	Open grasslands and other suitable habitat are not present on or adjacent to the site.
Falco columbarius merlin	None/None G5/S3S4 WL	Seacoast, tidal estuaries, open woodlands, savannahs, edges of grasslands and deserts, farms and ranches. Clumps of trees or windbreaks are required for roosting in open country.	Not Expected	Tidal estuaries, open woodlands, savannahs, and grasslands are not present on or adjacent to the site.
Falco peregrinus anatum American peregrine falcon	FD/SD G4T4/S3S4	Near wetlands, lakes, rivers, or other water; on cliffs, banks, dunes, mounds; also, human-made structures. Nest consists of a scrape or a depression or ledge in an open site.	Not Expected	Cliffs and tall buildings near aquatic habitats are not present.

Scientific Name Common Name	Status Fed/State ESA CDFW	Habitat Requirements	Potential to Occur	Rationale
Pandion haliaetus osprey	None/None G5/S4 WL	Ocean shore, bays, freshwater lakes, and larger streams. Large nests built in tree-tops or power poles within 15 miles of a good fish-producing body of water.	Not Expected	Large nest trees near aquatic habitats are not present on or adjacent to the site.
Riparia riparia bank swallow	None/ST G5/S3	Colonial nester; nests primarily in riparian and other lowland habitats west of the desert. Requires vertical banks/cliffs with fine-textured/sandy soils near streams, rivers, lakes, or the ocean to dig nesting hole.	Not Expected	Suitable riparian habitat with vertical banks/cliffs are not present in or adjacent to the site.
Strix occidentalis caurina northern spotted owl	FT/ST G3G4T3/S2	Old-growth forests or mixed stands of old-growth and mature trees. Occasionally in younger forests with patches of big trees. High, multistory canopy dominated by big trees, many trees with cavities or broken tops, woody debris, and space under canopy.	Not Expected	Old-growth forests or mixed stands of old-growth and mature trees are not present on or adjacent to the site.
Mammals				
Antrozous pallidus pallid bat	None/None G4/S3 SSC	Found in a variety of habitats including deserts, grasslands, shrublands, woodlands, and forests. Most common in open, dry habitats with rocky areas for roosting. Roosts in crevices of rock outcrops, caves, mine tunnels, buildings, bridges, and hollows of live and dead trees which must protect bats from high temperatures. Very sensitive to disturbance of roosting sites.	Not Expected	Grasslands, shrublands, woodlands, and forests with suitable roosting habitat are not present and the site is located within urban development.
Corynorhinus townsendii Townsend's big-eared bat	None/None G4/S2 SSC	Occurs throughout California in a wide variety of habitats. Most common in mesic sites, typically coniferous or deciduous forests. Roosts in the open, hanging from walls; ceilings in caves, lava tubes, bridges, and buildings. This species is extremely sensitive to human disturbance.	Not Expected	Natural mesic vegetation communities with suitable roosting habitat are not present and the site is located within urban development.
Lasiurus frantzii western red bat	None/None G4/S3 SSC	Roosts primarily in trees, 2-40 ft above ground, from sea level up through mixed conifer forests. Prefers habitat edges and mosaics with trees that are protected from above and open below with open areas for foraging.	Low Potential	Natural vegetation communities with suitable roosting habitat are not present and the site is located within urban development.

Scientific Name Common Name	Status Fed/State ESA CDFW	Habitat Requirements	Potential to Occur	Rationale
Taxidea taxus American badger	None/None G5/S3 SSC	Most abundant in drier open stages of most shrub, forest, and herbaceous habitats, with friable soils. Needs sufficient food, friable soils and open, uncultivated ground. Preys on burrowing rodents. Digs burrows.	Not Expected	Open grasslands, scrub, and forest habitats with small mammal prey are not present on or adjacent to the site.

Regional Vicinity refers to within a 9-quad search radius of site.

1.0 INTRODUCTION

The following presents the findings of a Phase I Environmental Site Assessment (ESA) performed by EBA Engineering (EBA) for a portion of the Sonoma County Administrative Complex located at 575 Administration Drive in Santa Rosa, California. The project area includes the southern and eastern portions of the property parcel identified as Sonoma County Assessor's Parcel Number 180-030-012. The project area includes four existing buildings including the Sonoma County Administrative Building located at 575 Administration Drive, the Clerk/Assessor's building located at 585 Fiscal Drive, Permit Sonoma located at 2550 Ventura Drive and Human Services located at 2550 Paulin Drive. The project area also includes the vacant lot located at the northwestern corner of Administrative Drive and Mendocino Avenue. Hereinafter the project area will be referred to as the subject property. The subject property is located as shown on the attached Figure 1, Location Map in Appendix A. The boundaries of the subject property are as shown on Figure 2 in Appendix A.

This ESA was completed for ZGF Architects, LLP in conformance with ASTM Standard Practice E1527-21.

1.1 Purpose

The purpose of this environmental site investigation is to assess the possible contamination of the subject property with hazardous or toxic substances or wastes. A site may contain these substances or wastes as a result of current or past site activities, unauthorized dumping or disposal, or migration of contaminants from adjacent or nearby properties.

The Client should be aware that strict interpretation of California and federal legislation and case law may hold the landowner responsible for any toxic liability including future cleanup costs and, potentially, historical assessments and remediation work on the subject property. Such statement is not motivated by any condition of the subject property but is a general observation of the advisability that property owners and purchasers exercise all appropriate diligence and alertness to hazardous material risks.

This report is not intended to provide the necessary level of detail to be utilized for structural demolition/remodeling or soil or groundwater remediation. For such activities, appropriate regulations should be followed to ensure adequate coverage of material handling, worker and employee safety, airborne contamination during construction, and the precise extent of any contamination for contractor directions. This report conforms to ASTM Standard E1527-21 for Phase I Environmental Site Assessments.

In defining a standard of good commercial and customary practice for conducting an environmental site assessment, the goal of the processes established by this practice is to identify recognized environmental conditions, historical recognized environmental conditions and controlled recognized environmental conditions. The term recognized environmental condition (REC) refers to the presence of hazardous substances or petroleum products in, on, or at the subject property due to a release to the environment; (2) the likely presence of hazardous substances or petroleum products in, on, or at the subject property due to a release or likely release to the environment; or (3) the presence of hazardous substances or petroleum products in, on, or at the subject property under

conditions that pose a material threat of a future release to the environment. The term historical recognized environmental condition (HREC) refers to a previous release of hazardous substances or petroleum products affecting the subject property that has been addressed to the satisfaction of the applicable regulatory authority or authorities and meeting unrestricted use criteria established by the applicable regulatory authority or authorities without subjecting the subject property to any controls (for example, activity and use limitations or other property use limitations). A historically recognized environmental condition is not a recognized environmental condition. The term controlled recognized environmental condition (CREC) refers to a past release of a hazardous substance or petroleum hydrocarbons that has occurred in connection to the property and has been addressed to the satisfaction of applicable regulatory agencies and allowed to remain in place subject to the implementation of required controls. The term includes hazardous substances or petroleum products even under conditions in compliance with laws. The term is not intended to include *de minimis* conditions that generally do not present a material risk of harm to public health or the environment and that generally would not be the subject of an enforcement action if brought to the attention of appropriate governmental agencies.

By performing a Phase I ESA of a parcel of real estate with respect to the range of contaminants within the scope of the CERCLA (42 U.S.C. §9601) and petroleum products, a user satisfies one of the requirements to qualify for the innocent landowner, contiguous property owner, or bona fide prospective purchaser limitations on CERCLA liability.

1.2 Scope of Services

The scope of services performed was in general accordance with the scope and limitations of ASTM's *Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process* (ASTM E1527–21) and included records review, research of historical records, interviews with past and present owners and occupants, interviews with state and/or local government officials, a site reconnaissance, and an analysis of the subject property's physical setting.

To determine the condition of the subject property with respect to environmental liability, EBA performed the following tasks:

1) Reviewed past and current land use for indications of the manufacture, generation, use, storage, and/or disposal of hazardous substances.

2) Evaluated the potential for on-site soil and/or groundwater contamination resulting from past and present subject property land use activities and, to the extent possible, adjacent off-site operations.

3) Rendered findings and professional opinions regarding the potential for environmental contamination at the subject property; and

4) Recommend and perform further investigations (i.e., Phase II ESA), if deemed appropriate to evaluate whether contamination and/or environmental hazards exist at the locations identified.

1.3 Significant Assumptions

The following significant assumptions were made:

- All known and relevant information, knowledge, and experience have been provided by the User.

- Reasonably ascertainable records available from publicly available sources were used for the assessment of the subject property. We assume the records used in our research are reliable.

1.4 User Reliance

This Phase I ESA documents the results and conclusions regarding the potential for site impairment by hazardous substances generated, used, or stored on the subject property and within the immediate vicinity of the subject property. This report has been prepared solely for the Client and any such unauthorized reliance on or use of this report, including any of its information or conclusions, will be at the third party's risk. For the same reasons, no warranties or representations, expressed or implied in this report, are made to any such third party.

Please note pursuant to Section 4.6 of the *ASTM Standard E1527-21 for Phase I Environmental Site Assessments,* this report is valid for 180 days from the date noted herein.

1.5 Limitations & Exceptions

Local, State, and Federal environmental regulations and property conditions can vary significantly over time. Consequently, the conclusions and recommendations presented as a result of this environmental site assessment apply strictly to the environmental regulations and property conditions existing at the time EBA performed this study. EBA assumes that the data obtained, and the inferences made during this investigation are reasonable and representative of the property.

EBA makes no warranty, expressed or implied, except that our services have been performed in accordance with generally accepted existing environmental engineering, health and safety principles, and applicable regulations at the time and location of the study. EBA has analyzed the available information using currently applicable engineering techniques.

Please be advised that the recommendations presented herein are based solely on information made available to EBA by others, and include professional interpretations based on limited research and data. Based on these circumstances, the decision to conduct additional investigative work to substantiate the findings and conclusions presented herein is the sole responsibility of the Client.

No Exceptions or Deviations occurred from the ASTM Standard.

2.0 SITE DESCRIPTION

2.1 Location and Legal Description

The subject property includes a portion of the Sonoma County Administrative Complex located at 575 Administration Drive in Santa Rosa, California. The project area includes the southern and eastern portions of the property parcel identified as Sonoma County Assessor's Parcel Number 180-030-012. The project area includes four existing buildings including the Sonoma County Administrative Building located at 575 Administration Drive, the Clerk/Assessor's building located at 585 Fiscal Drive, Permit Sonoma located at 2550 Ventura Drive and Human Services located at 2550 Paulin Drive. The project area also includes the vacant lot located at the northwestern corner of Administrative Drive and Mendocino Avenue. The boundary of the subject property is shown on Figure 2, Appendix A. Site photographs depicting current subject property conditions, and land use in the vicinity are also included in Appendix B.

A legal description of the subject property is contained within the Preliminary Title Report included in Appendix C.

2.2 Current Use of Property

The subject property area consists of a portion of the Sonoma County Administrative Complex that is utilized to house several Sonoma County governmental departments.

2.3 Current Uses of Adjoining Properties

The subject property is bordered on the north, northwest and northeast by the remainder of the Sonoma County Governmental Complex. Highway 101 borders the western side of the subject property, while Administration Drive borders the southern side of the subject property. Farther to the south are developed residential neighborhoods. Mendocino Avenue borders the eastern side of the subject property.

2.4 Site and Vicinity General Characteristics

The subject property is located within the northern portion of the City of Santa Rosa in a developed urban area that includes governmental properties and residential properties that are developed with single-family dwellings.

Photographs depicting the subject property and vicinity conditions are included in Appendix B.

2.5 Physical Setting

The subject property is located within the incorporated area of Santa Rosa, California. The subject property is located approximately 125 feet east of US Highway 101 on the western side of the property and directly adjacent to Mendocino Avenue on the east. Topography at the subject property is flat with an approximate surface elevation of 150 feet above mean sea level (msl). Paulin Creek is located directly north of the subject property.

The following physical setting sources were utilized:

- *Geology of Northern California*, California Division of Mines and Geology – Bulletin 118.
- *California's Groundwater Bulletin 118, Santa Rosa Valley Groundwater Basin*, 2004.
- *Geology and Groundwater in Russian River Valley Areas and in Round, Laytonville and Little Lake Valleys, Sonoma and Mendocino Counties, California*, US Department of Interior, 1965.
- United States Geological Survey – *Hydrologic and Geochemical Characterization of Santa Rosa Plain Watershed, Sonoma County, California. Scientific Investigations Report 2013-5118*. 2013.
- Jennings, C.W., Gutierrez, C., Bryant, W., Saucedo, G., and Wills, C., 2010, Geologic map of California, California Geological Survey, Geologic Data Map 2, 1:750,000.
- U.S. Geological Survey. Santa Rosa, 7.5 Minute Topographic Quadrangle.
- FEMA's National Flood Hazard Layer (NFHL) Viewer.
- Google Earth.

2.5.1 Local Geology and Soils

The subject property is located within the Coast Range Geomorphic Province of northern California. The Coast Range Geomorphic Province is generally characterized as a series of northwest trending elongated ridges and valleys that are a result of folding and faulting. The province includes many separate ranges, coalescing mountain masses, and several major structural valleys. The regional structure of the Coast Range is considered to be a number of independent fault blocks with different stratigraphic and structural histories.

The subject property is centrally located on the Santa Rosa Plain, which consists of alluvial fan deposits of Pleistocene and Holocene age. The alluvial fan deposits form a nearly continuous blanket over the Santa Rosa Plain and consist of poorly sorted coarse sand and gravel, moderately sorted fine sand and silt, and silty clay. The subject property has been mapped as having basement materials that underlie the alluvial fan deposits that consist of marine sedimentary rocks of the Miocene Age Wilson Grove Formation. Portions of these rocks may be covered by younger continental sedimentary rocks of the Pliocene-Pleistocene Age Glen Ellen Formation.

2.5.2 Hydrogeology

The subject property lies within the Santa Rosa Valley, Santa Rosa Plain Groundwater Sub-Basin. The Subbasin is drained primarily to the west by the Santa Rosa and Mark West Creeks, which flow into the Laguna de Santa Rosa. The Laguna de Santa Rosa, in turn, flows in a northerly direction towards the western-flowing Russian River which flows westerly to the Pacific Ocean. The principal water-bearing deposits of the Plain consist of the Glen Ellen Formation and the younger alluvium. The stratigraphy of the Glen Ellen Formation and younger alluvium is typically composed of lenticular sand units interspersed in fine-grained silts and clays. Groundwater in both deposits is generally unconfined or semi-confined.

Based on regional topography and a review of groundwater flow data from past environmental activities performed at regulated properties in the subject property vicinity,

groundwater beneath the subject property is expected to flow to the southwest to west, generally following regional groundwater flow towards the Laguna de Santa Rosa. Depth to groundwater in the area of the subject property is expected to range from approximately 10 to 15 feet below ground surface (bgs). Please note that groundwater depths and flow direction have been demonstrated to be influenced by local topography and drainage courses and that groundwater levels have been observed to vary seasonally.

2.5.3 Flood Zone Map

A review of the applicable Flood Insurance Rate Map published by the Federal Emergency Management Agency (06097C0728E) indicates the subject property is not located within a Special Flood Hazard Area.

2.5.4 MS4 Stormwater Permitting Area

The subject property is located within the City of Santa Rosa Municipal Separate Storm Sewer Service (MS4) permitting area. Enhanced stormwater management requirements can apply within MS4 areas for land uses.

3.0 HISTORICAL INFORMATION

3.1 Historical Summary

The area of the subject property was occupied for millennia by Native Americans and is located within the southern extents of the historical Pomo tribal region and the northern extents of the Coast Miwok tribal region.

Following European contact, the area of the subject property was part of Rancho San Miguel, in which the land was included within the grant given by the Mexican government to Guadalupe Vasquez de West, wife of Mark West and relative of General Mariano Guadalupe Vallejo, in 1840 (Hoffman, 1862). The Ranco San Miguel land grant totaling 6,663.23-acres was then patented to the Heirs of Mark West in 1865 (State of California, Office of Surveyor-General, 1886). Land use at this time was likely limited to pastureland and ranching operations, as evident by a Map of Sonoma County California, 1877 (Thompson, 1877), which generally depicts the subject property as open land within the San Miguel Rancho.

Following the formation of the State of California in 1850, the ranchos were dissolved, and the lands were then occupied and owned by individuals. It appears from historical documentation that the use of the subject property was for agricultural grazing and forage production. The Official Map of Sonoma County California, 1900 (Ricksecker, 1900), generally depicts the area of the subject property as variously sized parcels of rural land.

An aerial photograph from 1942 indicates the subject property in use as orchard and agricultural fields, bound to the east by Old Redwood Highway, and to the south by Paulin Creek. An aerial photograph from 1952 indicates the same agricultural use for the subject property, with the development of US Highway 101 to the west, and an increase of residential developments in the surrounding area.

The Sonoma County Governmental Complex's first urban development on the subject property occurred by 1957 as indicated by an aerial photograph which depicts the structure currently located at 575 Administration Drive as being developed. By the time of a 1963 aerial photograph, additional structures are present within the subject property area and the remainder of the complex.

The use of the subject property has remained as the Sonoma County Governmental Complex that is the primary location for governmental personnel.

The use of the subject property is generally well documented without any significant data gaps. Due to the passage of time, there is a lack of available previous property owners and historical documentation regarding past uses of the property which represents a data gap. However, from the available information it appears that the use and history of the property is well known, and this data gap is seen as insignificant.

3.2 Historical Aerial Photographs

Historical aerial photographs were obtained from Environmental Data Resources (EDR) for the years 1942, 1952, 1957, 1968, 1974, 1982, 1985, 1993, 2006, 2010, 2014, and 2018 (EDR, 2025). Additional aerial photographs were obtained from the City of Santa Rosa Geographic Information System (GIS) for the years 1953, 1963, 1973, 1977, 1987, 1991, 2001, 2005, 2007, 2011, 2013, 2015, 2018, 2020, 2022, and 2025. Aerial photographs can indicate changes in land use of a site over time. The following presents our findings from a review of the available aerial photographs.

Historical Aerial Photographs – Sonoma County Administrative Complex

Photo Date	***Source***	***Description***
1942	EDR	The 1942 aerial photograph shows the subject property as multiple parcels of agricultural land in use for the production of orchard crops. Old Redwood Highway is visible bordering the subject property to the east, and Paulin Creek is visible bordering the southern extents. Land use in the vicinity is primarily agricultural and rural residential in the surrounding area.
1952	EDR	The 1952 aerial photograph indicates development of rural residential properties to the north of the subject property. The development of US Highway 101 is visible to the west, and urban residential developments are visible to the east and south. The subject property remains in use as agricultural land for the growth of orchard crops, with increased urban developments within the vicinity.
1953	Santa Rosa GIS	The 1953 photograph indicates no obvious or significant changes to the subject property or properties in the site vicinity from the 1952 photograph.
1957	EDR	The 1957 aerial photograph indicates the first development of the subject property with what appears to be an H-shaped structure at the southwest corner of the subject property area. The remaining portions of the subject property appear to have continued in agricultural uses. Increased urban residential developments are visible to the east and south of the subject property, with land use to the north and west remaining primarily agricultural.
1963	Santa Rosa GIS	The 1963 aerial photograph indicates the subject property with additional development of the County Complex with structures visible at Administration Drive, Ventura Avenue, Fiscal Drive, and Paulin Drive. Increased urban residential, commercial, and industrial developments are visible in all directions of the subject property.

Photo Date	Source	Description
1968	EDR	The 1968 aerial photograph indicates multiple new structures within the Sonoma County Administrative Complex. The majority of the subject property has been developed by this time, with significantly increased urban developments in all directions that include residential and commercial development.
1973	Santa Rosa GIS	The 1973 aerial photograph indicates continued urban development in the vicinity of the subject property, with large commercial or industrial structures visible to the west across US Highway 101, and dense residential and light commercial developments to the south and east of the subject property. Land use to the north of the subject property is primarily rural residential.
1974	EDR	The 1974 aerial photograph does not indicate any obvious or significant changes to the subject property from the 1973 photograph. The surrounding area appears generally unchanged.
1977	Santa Rosa GIS	The 1977 aerial photograph does not indicate any obvious or significant changes to the subject property from the 1974 photograph. The surrounding area appears generally unchanged.
1982	EDR	The 1982 aerial photograph is an infrared photograph that does not indicate any obvious or significant changes to the subject property from that shown in the 1977 aerial photograph, with the exception of increased urban development in all directions of the subject property. Land use at the subject property and general vicinity by this time is primarily urban developments with little to no agricultural land remaining. Land use to the east and south is mixed residential and commercial, to the east is commercial and light industrial, and to the north is institutional and commercial. Some vacant parcels of land remain scattered primarily to the north of the subject property.
1985	EDR	The 1985 aerial photograph indicates no obvious or significant changes to the subject property or properties in the site vicinity from the 1982 photograph.
1987	Santa Rosa GIS	The 1987 aerial photograph indicates no obvious or significant changes to the subject property or properties in the site vicinity from the 1985 photograph.
1991	Santa Rosa GIS	The 1991 aerial photograph indicates no obvious or significant changes to the subject property of properties in the site vicinity from the 1987 photograph, with exception of the development of a large structure behind the Hall of Justice presumably the Main Adult Detention Facility to the north of the subject property. The surrounding area appears generally unchanged.
1993	EDR	The 1993 aerial photograph does not indicate any obvious or significant changes to the subject property from the 1991 photograph.
2001	Santa Rosa GIS	The 2001 aerial photograph does not indicate any obvious or significant changes to the subject property from the 1993 photograph, with exception of the development of a structure at 2777 Ventura Avenue currently acting as the County Sheriff's Office. The surrounding area appears generally unchanged.
2005	Santa Rosa GIS	The 2005 aerial photograph does not indicate any obvious or significant changes to the subject property from the 2001 photograph.
2006	EDR	The 2006 aerial photograph does not indicate any obvious or significant changes to the subject property from the 2005 photograph.
2007	Santa Rosa GIS	The 2007 aerial photograph does not indicate any obvious or significant changes to the subject property from the 2006 photograph, with exception of the only undeveloped portion of the subject property at the southeastern portion is now used as a gravel parking lot.
2010	EDR	The 2010 aerial photograph does not indicate any obvious or significant changes to the subject property from the 2007 photograph. The surrounding area appears generally unchanged.

Photo Date	Source	Description
2011	Santa Rosa GIS	The 2011 aerial photograph does not indicate any obvious or significant changes to the subject property from the 2010 photograph, with exception of the demolition of a portion of the Hall of Justice. The surrounding area appears generally unchanged.
2013	Santa Rosa GIS	The 2013 aerial photograph does not indicate any obvious or significant changes to the subject property from the 2011 photograph.
2014	EDR	The 2014 aerial photograph indicates no obvious or significant changes to the subject property or properties in the site vicinity from the 2013 photograph. The surrounding area appears generally unchanged.
2015	Santa Rosa GIS	The 2015 aerial photograph indicates no obvious or significant changes to the subject property or properties in the site vicinity from the 2014 photograph.
2018	EDR	The 2018 aerial photograph indicates no obvious or significant changes to the subject property or properties in the site vicinity from the 2015 photograph. The surrounding area appears generally unchanged.
2020	Santa Rosa GIS	The 2020 aerial photograph indicates no obvious or significant changes to the subject property or properties in the site vicinity from the 2018 photograph, with exception that redevelopment appears to be starting at the former Hall of Justice wing at 2685 Ventura Avenue. The surrounding area appears generally unchanged.
2022	Santa Rosa GIS	The 2022 aerial photograph indicates that the structure at 2688 Ventura Avenue was demolished and paved as a parking lot alongside increased development of the 2685 Ventura Avenue structure. An additional small structure was constructed associated with 2680 Ventura Avenue. No other significant or obvious changes are indicated to the subject property or properties in the vicinity from the 2020 photograph.
2025	Santa Rosa GIS	The 2025 photograph indicates no obvious or significant changes to the subject property or properties in the site vicinity from the 2022 photograph, with exception of construction beginning on the County Coroner and Morgue Complex in place of the 4Cs Child Development Center at 2614 Paulin Drive.

Copies of the historical aerial photographs are included in the EDR Aerial Photo Decade Packages, Inquiry Number 8085482.8, dated August 21, 2025, included in Appendix D.

Aerial photographs available on the Santa Rosa GIS website can be accessed at:

https://maps.srcity.org/Html5Viewer/Index.html?viewer=AerialViewer&Center=6375999,1920000

3.3 Topographic Maps

EDR performed a search for historic United States Geological Survey (USGS) topographic quadrangle maps of the subject property and vicinity. The result of the investigation is documented in the EDR Historical Topographic Map Report, Inquiry Number 8085482.4, dated august 21, 2025, included in Appendix E. The historical topographic maps included in the report are portions of the Santa Rosa 7.5-minute quadrangles dated from 1916, 1944, 1954, 1968, 1973, 1980, 1998, 2012, 2015, 2018 and 2021.

Topographic maps can indicate changes in land use of a site over time. The topographic maps generally corroborate the use of the subject property and surrounding properties primarily as agricultural lands from at least 1916 through 1954, and by the time of the 1968 topographic map, the subject property and vicinity are generally developed with structures

and roadways. No significant changes at the subject property are indicated by the topographic maps from 1968 to 1998, and the subsequent dates do not display any structures on the maps. The topographic maps generally corroborate the historic use of the subject property over time.

3.4 Sanborn Fire Insurance Maps

The results of EDR's search for historical Sanborn Fire Insurance Maps of the site and/or area are provided in the Sanborn Map Report, Inquiry Number 8085482.3, dated August 21, 2025, indicating no coverage for the subject property. A Sanborn Map no coverage certificate is included in Appendix F.

3.5 City Directories

EDR performed a search of business directories including city, cross reference and telephone directories, if available, at approximately five-year intervals for the years spanning 1965 through 2022. The results of EDR's research that included the subject property and nearby area are provided in the City Directory Abstract, Inquiry Number 8085482.5, dated August 21, 2025. A copy of the Abstract is provided in Appendix G.

The available City Directories generally corroborate that the County has been the long-term owners and occupants of the subject property with numerous public institutional uses listed.

3.6 Recorded Land Title Records

Based on EBA's review of the available recorded land title records, the subject property is owned by the County of Sonoma, a Political Subdivision of the State of California, dated August 23, 1964, (First American Title, 2024).

3.7 Historical Use Information for Adjoining Properties

Historical use information for adjoining properties was obtained from historical aerial photographs, development records and other publicly available information.

4.0 REGULATORY RECORDS REVIEW

4.1 Standard Environmental Record Sources

EBA contacted EDR to conduct a comprehensive Federal, state, and local environmental records search for the subject property and properties within a one-mile radius of the subject property boundary. The purpose of the database search was to identify potential exposure to the subject property from various environmental concerns and/or hazardous materials releases. A comprehensive listing of federal, state, and local government environmental databases searched are presented in the report, which is provided in Appendix H. In some instances, to avoid an exhaustive discussion of the numerous sites identified by EDR, the facilities are discussed together, and conclusions consolidated. The Environmental Record Search (ERS) consists of a map showing the location of the identified sites relative to the subject property, a summary listing the identified sites by street names, and a final report describing the sources investigated and the resulting findings. It should be noted that the findings are those noted on the regulatory database(s) and that accuracy and completeness of record information varies among information sources, including government sources. The

ERS findings are supplemented by interviews with owners/occupants/employees, and local government officials, as necessary. Agency records review and historical data review are also used to ascertain the potential environmental significance of sites reported in the ERS. The lists of the databases accessed and reviewed include but are not necessarily limited to those listed in the attached August 21, 2025, EDR Radius Report, Inquiry Number 8085482.2s. A copy of the Radius Map Report is included in Appendix H. Results of the database search results are discussed below.

4.1.1 The Subject Property

There are multiple listings for the subject property include the Hazardous Waste Tracking System (HWTS) and the hazardous Waste Manifest Tracking System (HAZNET) databases. The listings appear to be associated with the tracking and disposal of asbestos containing materials and lead based paint that was generated during the maintenance and improvements to the existing structures over time. The available records span several time periods that reflect the ongoing work at the subject property that generated these materials. It should be noted that the fact that the materials were disposed of with waste manifest and tracking is seen as point of compliance and not as representing an environmental condition.

It should be noted that given the age and construction type, it is expected that asbestos containing materials, lead based paint and polychlorinated biphenyls (PCBs) are present within the building materials at the subject property structures. It should also be noted that the Sonoma County Administrative Complex was constructed and developed with a central heating plant that conveys heated or cooled water to each of the structures that is then piped to air handling equipment for heating and cooling purposes. The heating and cooling system includes piping that is wrapped with asbestos containing materials that remain in place with the structures at the subject property. Warning signage is present on the outside of several of the mechanical control areas of the buildings at the subject property. Testing and abatement of these materials will be required if the existing structures are remodeled or demolished.

It should be noted that there is evidence that historical uses of the subject property included orchards that were present on the property. Although not documented, activities commonly associated with this historic agricultural use are known to have potentially included the use and storage of agricultural chemicals (pesticides, fertilizers, or insecticides). Information was not available regarding the potential historical use of agricultural chemicals at the subject property. However, given the time which has passed since use of the subject property included orchards, grading and other soil disturbance occurred at the subject property when the orchards were removed, any residual agricultural chemicals in shallow site soils would not be expected to be present at concentrations which would prompt regulatory enforcement action or pose a significant threat to human health or the environment. Application of pesticides in accordance with applicable laws and labeling requirements is generally considered an acceptable agricultural practice. Published information indicates that the application of pesticides to row crops does not result in the application of chemicals that would constitute a REC. Pesticide accumulation in near-surface soils is not generally considered a soil contamination problem requiring cleanup, as long as their application is conducted in accordance with applicable laws and labeling requirements. As such, this historical property use is considered a *de minimis* condition.

By definition, *de minimis* conditions do not present a material risk of harm to public health or the environment and generally would not be the subject of an enforcement action if brought to the attention of appropriate governmental agencies. Conditions determined to be *de minimis* are not RECs (ATSM, 1527-21).

At the time of the property inspection, no reportable quantities of hazardous materials or wastes were observed to be present at the subject property. Further, there is no indication of the historic or current use of aboveground or underground fuel storage tanks (USTs) at the subject property.

4.1.2 Relevant Record Listings for Surrounding Properties

The EDR records search identified numerous offsite environmentally regulated facilities within the requested search radii of the subject property, many of which are leaking underground storage tank (LUST) and Cleanup Program Site (CPS) facilities. Of the EDR database listings, the LUST and CPS listings typically pose the greatest threat of an impact as these database listings are the result of an unauthorized release of hazardous chemicals to the environment.

The facilities which are closest to the subject property, and/or which warrant additional discussion are discussed in detail below.

Agricultural Building - 2604 Ventura Avenue and 435/455 Fiscal Drive

The site located at 2604 Ventura Avenue is located approximately 125 feet north of the subject property area. The site is identified in regulatory agency files as the Sonoma County Agricultural Building. This facility currently houses the County Law Library and various other offices. The site is identified as a closed LUST site.

Available information indicates that in July 1996, one 2,000-gallon diesel UST and one 10,000-gallon gasoline UST were removed from the site. The USTs were reportedly removed from separate, adjacent excavations. A representative of the North Coast Regional Water Quality Control Board (NCRWQCB) observed the UST removals. As part of the UST removal activities, Accutite Environmental Engineering of South San Francisco collected soil and groundwater samples from the respective excavations. Four soil samples and one groundwater sample were collected from each excavation and submitted for laboratory analysis.

Contaminants consisting of total petroleum hydrocarbons as diesel (TPH-d) were found in soil samples collected from the 2,000-gallon diesel UST at concentrations ranging from 500 to 6,400 milligrams per kilogram (mg/kg). However, the laboratory noted that, according to the gas chromatograph, these soil samples contained petroleum hydrocarbons within the gasoline range and did not fit the typical diesel pattern. The groundwater sample collected from this excavation contained concentrations of TPH-g at a concentration of 18,000 micrograms per liter (µg/L), as well as benzene, toluene, ethylbenzene, and total xylenes (BTEX) up to 4,700 µg/L, with benzene at a concentration of 76 µg/L.

Soil samples collected from the 10,000-gallon gasoline UST excavation contained concentrations of TPH-g ranging from 1.3 to 13 mg/kg. BTEX constituents were reported

at concentrations up to 1.1 mg/kg, with benzene at a maximum concentration of 0.018 mg/kg. One groundwater sample was collected from the excavation and reportedly contained concentrations of TPH-g at 11,000 µg/L, BTEX up to 2,100 µg/L, and benzene at 100 µg/L.

Remedial actions included the excavation of the area of the former USTs occurred in August 1996, after which confirmation soil samples were collected from the adjacent excavations. TPH-g was reported in two of the nine confirmation soil samples at concentrations of 12 and 14 mg/kg. BTEX constituents were also reported in three of the nine soil samples at concentrations up to 0.400 mg/kg. Benzene was reported in one of the soil samples at a concentration of 0.022 mg/kg. One groundwater sample was collected during the excavation activities and contained concentrations of TPH-g at 12,000 µg/L, BTEX up to 1,900 µg/L, and benzene at 24 µg/L. Based upon these analytical results, the NCRWQCB, in a letter dated July 11, 1997, required additional investigation of the site.

On June 19 and 20, 2000, EBA supervised the drilling of six soil borings (EBA-1 through EBA-6) at the site using rotary auger drilling. Monitoring well MW-6 was constructed in soil boring EBA-4. Soil and groundwater samples collected during the investigation indicated the detection of TPH-g, TPH-d, BTEX, and the fuel oxygenate methyl tert-butyl ether (MtBE). These detections were concentrated primarily west and adjacent to the former UST excavations. The June 2000 investigation concluded that the extent of petroleum hydrocarbon impacts had been defined to the north and east of the former UST locations but remained undefined to the south and west. Monitoring well MW-6 was subsequently developed and a quarterly groundwater monitoring program was initiated at the site using the newly installed MW-6 and previously installed monitoring wells MW-3 through MW-5 and BE-4. Please refer to EBA's report entitled *Soil and Groundwater Investigation* dated June 2000 (EBA, 2000) for further details regarding this investigation.

On June 12 and 13, 2002, EBA supervised the installation of seven additional soil borings (EBA-7 through EBA-13) to the northeast, south, and west of the former USTs using a direct-push percussion drill rig. Although the June 2000 subsurface investigation had concluded that the extent of petroleum impacts had been defined to the north and east of the former USTs, EBA-7 and EBA-8 were drilled at the request of the NCRWQCB to further define the spatial distribution of dichlorobenzene compounds detected in soil boring BE-4 during the quarterly groundwater monitoring events. Although dichlorobenzene compounds were not detected in EBA-7 or EBA-8, the groundwater grab sample collected from EBA-8, which is located 100 feet north of the former USTs and directly west of the existing boiler building, contained TPH-d at a concentration of 2,100 µg/L. TPH-d was also detected in a soil sample collected at a depth of 8.5 feet below ground surface (bgs) in EBA-7 at a concentration of 1.8 mg/kg. Other detections from the 2002 subsurface investigation included MtBE in a soil sample collected from EBA-11 and in groundwater grab samples collected from EBA-10 and EBA-12. A low concentration of TPH-g was also detected in a groundwater grab sample collected from EBA-13.

On February 24 through 26, 2004, EBA supervised the drilling/installation of six additional soil borings (EBA-14 through EBA-19) and two additional monitoring wells (MW-7 and MW-8) in the vicinity of the former USTs and surrounding area. In addition to groundwater grab

samples, discrete depth groundwater samples were collected from soil borings EBA-14 and EBA-15 at a depth of 40 feet bgs using a Hydropunch® sampling apparatus in order to characterize the vertical extent of groundwater impacts at the site. TPH-g was detected at trace concentrations in soil samples collected from EBA-14 through EBA-17. MtBE was detected in the groundwater grab samples collected from EBA-16 and MW-7. TPH-d was detected at a concentration of 93 μg/L in the groundwater grab sample collected from soil boring EBA-18, located north of EBA-7.

During the February 2004 subsurface investigation, a soil boring (EBA-16) was drilled for the purpose of determining if the underground utility system at the County Administration Center complex was acting as a preferential pathway for contaminant migration. The soil boring was drilled directly downgradient from the former UST locations and monitoring well MW-6 near underground pipes trending in the same direction. Analytical results obtained from the groundwater grab sample collected from this soil boring indicated the presence of trace concentrations of MtBE and what is believed to be a false positive detection of tert-amyl methyl ether. No other petroleum hydrocarbon constituents were detected in the groundwater sample obtained from this location. Based on these analytical results, it was concluded that the subsurface utility system at the County Administration Center complex did not appear to be acting as a preferential pathway for contaminant plume migration.

Quarterly groundwater monitoring was conducted at the site starting in March 1999. Results from previous investigative activities, including quarterly monitoring of groundwater elevations and concentrations in BE-4 and MW-3 through MW-8, indicated that concentrations of petroleum hydrocarbons in soil and groundwater had been adequately defined in the lateral and vertical directions. The results indicate that the majority of petroleum hydrocarbon concentrations in both soil and groundwater were located proximal to the former UST excavation in the vicinity of monitoring well MW-6. A separate area of TPH-d groundwater impacts was also identified west of the boiler building (in the vicinity of EBA-8 and EBA-18). It should be noted, however, that petroleum hydrocarbon concentrations formerly detected in BE-4 have been documented to decrease to below detectable levels. Similarly, petroleum hydrocarbon concentrations detected in MW-6 have also indicated a decreasing trend over time.

In May and June 2007, EBA supervised the installation, development, and sampling of two Dual Phase Extraction (DPE) wells. A five-day DPE pilot test was then conducted by Frontier Environmental Services, Inc., using a 25 horsepower, 420 actual cubic feet per minute liquid ring pump (LRP) and thermal oxidizer to treat vapors extracted during the DPE process. Approximately 11,000 gallons of groundwater was extracted during the five-day DPE pilot test, resulting in a maximum drawdown of 2.8 feet during the final 26 hours of the test with drawdown slowly increasing over time. It was estimated that 90 to 120 pounds of petroleum hydrocarbons were removed in the vapor phase and an estimated 0.5 pounds removed in the liquid phase, and concentrations of TPH-g and MtBE generally decreased in groundwater samples during the test. Due to the amount of petroleum mass that was removed from the vicinity of the former USTs removed in 1996, it was recommended to continue quarterly groundwater monitoring to obtain additional data and evaluate the results for the continued use of Monitored Natural Attenuation (MNA).

However, in February 2009, EBA submitted an additional Remedial Action Plan outlining the installation of two new DPE wells and a DPE system. By October 2009, the System Installation Report was submitted, outlining the newly installed wells and DPE system which was started in July 2009 was operated until March 2010, with various suspensions of operations throughout due to low concentrations of constituents of potential concern (COPC). It is estimated that throughout duration, the DPE system removed approximately 163 pounds of COPCs in the vapor phase and 0.39 pounds in the liquid phase. By the conclusion of the DPE system operations the concentrations of COPCs were significantly lower than prior to remediation, with only MtBE being detected in the groundwater monitoring wells located in close proximity to the USTs removed in 1996. It was estimated that the remaining concentrations of MtBE would reach its cleanup goals through MNA within approximately six years, or by around 2017, and case closure was recommended.

The site was granted case closure by the NCRWQCB on April 6, 2012.

Based on the available information, there is no indication that the contaminants at the property impacted the subject property area. As discussed, low concentrations of contaminants were present at the site at the time of closure which were projected to degrade by natural attenuation. The site is seen as posing a low threat to the subject property area.

Former Fleet Operations Buildings - 2688 Ventura Avenue

The 2688 Ventura Avenue facility is located approximately 550 feet north of the subject property area. The site is listed on multiple environmental regulatory databases as both a Resource Conservation and Resource Act – Small Quantity Generator (RCRA-SQG) and a RCRA-non generator for the disposal of hazardous materials and wastes that were generated from automotive and equipment maintenance. The site is also listed for the disposal of asbestos containing materials and PCBs during the more recent demolition of the former Fleet Operations Garage. Further, the site is listed as a closed LUST site that completed the investigation and cleanup of several USTs that were used at the facility. Finally, the site is identified as an open and active site pursuant to the Spills, Leaks, Investigations, and Cleanups (CPS-SLIC) for soil and groundwater contamination that was detected at the site during the demolition of the former garage.

A 1,000-gallon UST used for the storage of waste oil was reportedly removed from Fleet Garage in May 1988. Soil samples collected at the time the UST was removed confirmed that a release of petroleum hydrocarbons and volatile organic compounds had occurred from the former UST. Trans Tech Consulting (Trans Tech) of Santa Rosa, California subsequently performed an initial site investigation of the former location of the UST in August 1988. The investigation consisted of installing three soil borings, identified as B-1, B-2 and B-4 within 10 feet of the former waste oil UST excavation pit. Soil boring B-1 was subsequently converted into groundwater monitoring well MW-1. Laboratory analytical results of soil and groundwater samples collected during the investigation indicated impacts from TPH-g, TPH-d and chlorinated hydrocarbons. Six additional soil borings were subsequently installed at the site, four of which were converted to groundwater monitoring wells (MW-7 through MW-10).

Remedial actions at the site included the installation of a groundwater pump-and-treat remediation system that was then installed and operated at the site from May 1992 until March 1993. The remediation system reportedly removed and disposed of approximately 100,000 gallons of impacted groundwater during this period of operation.

In 2000 and 2001, EBA removed four in-ground hydraulic hoists from the site. The removal of the hoists was conducted in four separate mobilizations to minimize the disruption to the Fleet Operation Garage and was permitted and overseen by the Santa Rosa Fire Department (SRFD). Confirmation samples collected during the removal of the hoists indicated the presence of significant concentrations of hydraulic fluid in soil and groundwater. Remedial actions were conducted at the time of the removal process that included removing accessible contaminated soil. No groundwater remediation was conducted at that time.

On May 30, 2001, EBA supervised the installation of six soil borings (B-1 through B-6) by Weeks Drilling of Sebastopol, California (EBA, 2001). The soil borings were advanced on an approximate 30-foot spacing grid to the north, east, and west of monitoring well MW-9 which is located across Paulin Drive to the north of the site to further define the extent of contamination in groundwater. Analytical results from this phase of work indicated that the fuel oxygenate MtBE was detected at trace concentrations in soil samples collected from soil borings B-1 and B-3. MtBE was also detected in groundwater grab samples collected from soil borings B-1, B-2, B-3, B-5, and B-6 at concentrations ranging up to 53 µg/L. MtBE was also detected in groundwater samples collected from monitoring wells MW-7 through MW-10 at concentrations ranging up to 130 µg/L. In addition, TPH-d was detected in the groundwater sample collected from monitoring well MW-10 and the groundwater grab sample collected from soil boring B-6. The soil sample collected from boring B-1 at a depth of 8.5 feet bgs also contained trace concentrations of TPH-d andTPH as motor oil (mo). TPH-g was not detected in soil or groundwater samples collected from this phase of investigation at concentrations at or above its laboratory Practical Quantitation Limit (PQL).

EBA performed a Sensitive Receptor Survey (SRS) of the surrounding area as part of the ongoing site investigation activities on August 2, 2001 (EBA, 2001). The SRS identified nine groundwater monitoring wells as part of ongoing UST investigations at 2604 and 2688 Ventura Avenue that lie within a 1,000-foot radius of the former waste oil UST location. Many utility vaults and trenches (including electric, sewer, gas, water, and storm drains) were identified within the area of study. No known domestic water supply wells were located within the search radius. According to the City of Santa Rosa Department of Public Works, no municipal water supply wells exist within the area of study. The most proximal sensitive environmental habitat to the project site is Paulin Creek, which is located approximately 1,200 feet south of the site.

It should be noted that a wash rack, formerly located on the northeast side of the Fleet Operations Garage, was historically used for washing vehicles. According to Mr. David Head of the Sonoma County Facility Operations, the wash rack had not been used for the washing or degreasing of engines. A Sonoma County Fueling Station that was constructed in 1994 is located to the northeast of the wash rack and consisted of two 12,000-gallon gasoline USTs, several fuel dispensers, and associated controls and structures.

On February 26 and 27, 2004, EBA personnel supervised Weeks Drilling in the advancement of five additional soil borings, identified as B-7 through B-11 to the north of 2688 Ventura Avenue. Soil borings B-10 and B-11 were subsequently converted into groundwater monitoring wells MW-11 and MW-12, respectively. Soil borings B-8 and B-9 were advanced to a depth of 45 feet bgs in order to evaluate the vertical extent of MtBE impacts. Analytical results from the overall scope of work indicated trace concentrations of MtBE in shallow soil samples at depths of 11 feet bgs or less in soil borings B-7 and B-9 through B-11. TPH-g was detected in various soil samples collected from soil borings B-6, B-10, and B-11 at concentrations ranging up to 80 mg/kg. No BTEX or TPH-d were detected in soil at concentrations at or above their respective PQLs. Analysis of grab groundwater samples indicated that TPH-g, TPH-d, and BTEX were not detected at or above the respective PQLs, excluding the groundwater sample collected from soil boring B-8 at a discrete depth of 45 feet bgs (B-8-W@45'), which contained TPH-d at a concentration of 70 µg/L. The fuel oxygenates MtBE, and tert-amyl methyl ether (TAME) were detected in all grab groundwater samples at concentrations ranging from 1.0 to 37 µg/L.

On November 6-7, 2008, nine additional soil borings were installed in and around the property and the area to the east and north in an effort to further define the extent of MtBE in groundwater. The groundwater analytical results indicated that the highest concentrations of MtBE were located to the north of the property extending into the southern parking lot of the Sonoma County Sheriff's Department. The MtBE concentrations were shown to increase to the northwest of the site with the highest concentration reported in soil boring SB-14 at 2,200 µg/L. It should be noted that the former Fleet Operations Garage and the fueling station located to the south of 2688 Ventura Avenue were identified as the only nearby UST sites. The data suggested that neither of these facilities represented a potential source due to the absence of fuel-related volatile organic compounds (VOCs) in the vicinity of either of these locations. With respect to the site, it was also concluded that only low concentrations of fuel related VOCs and MtBE were present in the historical data and these conditions were inconsistent with a fuel release in which MtBE would be an expected contaminant of concern.

Quarterly groundwater monitoring events were performed at the site from 1999 until September 2008. MtBE, the primary constituent of concern, was consistently detected in monitoring wells MW-9, MW-11, and MW-12. There were also sporadic historic detections of MtBE in monitoring wells MW-7, MW-8 and MW-10 with no detections reported in monitoring well MW-1. MtBE concentrations in groundwater collected from monitoring well MW-9 ranged from 1.8 to 220 µg/L. The 220 µg/L detection occurred in August 2000 and was observed to have declined to a value of 20 µg/L, which was detected during a confirmation groundwater sampling event conducted on November 9, 2007. MtBE concentrations in groundwater from monitoring wells MW-11 and MW-12 ranged up to 670 and 57 µg/L, respectively. During the November 2007 sampling event, concentrations of MtBE were detected in monitoring wells MW-11 and MW-12 at concentrations of 32 and 14 µg/L, respectively.

In 2011, AECOM conducted a Phase II Environmental Site Assessment that included the installation of soil borings for the purpose of collecting soil and groundwater samples for

chemical analysis in an effort to characterize the proposed location of the new State Courthouse, an easement and associated parking lot located at the site (AECOM, 2011). The parking lot area is located at 2688 Ventura Avenue. The assessment included the installation of seven soil borings, identified as FL-B1, FL-B2 and FL-B5 through FL-B8, within the site. Four of the borings were installed within the former Fleet Operations building and two additional soil borings were installed on the north side of the building in the location of the former waste oil UST. One additional soil boring was installed on the southeast corner of the Fleet Operations Garage property for the purpose of obtaining a background sample for metals.

The investigation included the collection of soil and groundwater samples for chemical analysis. The results of the investigation indicated the presence of several VOCs and TPH-d and TPH-mo in soil and groundwater in the immediate vicinity of the former waste oil location on the north side of the former Fleet Garage. Low concentrations of TPH-d and TPH-mo were detected in soil borings FL-B6 through FL-B9 within the former Fleet Garage; however, it appears that no testing for VOCs was conducted in these soil borings.

The LUST investigation related to the former waste oil UST at the site was granted regulatory closure by the NCRWQCB on January 26, 2012. The closure of the site investigation included the removal most of the groundwater monitoring wells at the site.

It should be noted that the Fleet Operations building was demolished in October 2021. The demolition in the building was reported to have included the removal of six additional in-ground hydraulic hoists and remedial actions to remove contaminated soil that was encountered during the hoist removal process. However, there was little to no documentation of this work such as a site map showing the locations of the hoists that were removed or the areas of excavation. In addition, there is a lack of information regarding confirmation soil samples that were reportedly collected at the limits of the excavations. Documentation provided by the SRFD indicates that six hydraulic hoists were removed and soil contamination was encountered during the hoist removal process. There is also limited documentation to indicate that soil excavated during the hoist removal process was hauled for disposal to Hay Road Landfill, a class II disposal facility.

The SRFD subsequently referred the site to the NCRWQCB, who after review requested additional characterization of the site to evaluate the site for regulatory closure and opened a new SLIC case file for the property.

It should be noted that the environmental remedial actions conducted during the demolition of the former Fleet Operations Building were conducted using a Soil & Groundwater Management Plan that was prepared for the handling and characterization of soil and groundwater during the demolition process.

As stated, the 2688 Ventura Avenue site is currently used as a parking lot and lay down area for the construction of the new State Courthouse. A site investigation work plan was submitted to the NCRWQCB by EBA on June 15, 2025, which proposed the installation of 10 exploratory soil borings for the collection of soil and groundwater samples and two soil vapor probes for analytical testing in an effort to further evaluate the environmental

conditions at the property (EBA, 2025). The site work was completed in September 2025 and the findings from the work are pending at this time. It is expected that the site investigation will lead to the final closure of the environmental investigation of the former Fleet Operations Garage.

Based on the review of available information, the 2688 Ventura Avenue site is seen as posing a limited environmental threat to the subject property due to the flow of groundwater at the site to the north to northwest, away from the subject property area and the available soil and groundwater data that indicate that no contaminants from the site have migrated to the area or direction of the subject property.

Main Adult Detention Facility - 2777 Ventura Avenue

The Main Adult Detention Facility is located approximately 750 feet north of the subject property area. The site is listed in regulatory agency files as a closed LUST site. Available information indicates that an initial site investigation was conducted following the discovery of diesel contamination during utility trenching in April 1991. Diesel contaminated was detected in groundwater water samples collected from test pits along the Paulin Drive median towards the southeast of the jail structure (TransTech Consultants, 1992). In May 1991, seven soil borings were advanced along the median strip which found contamination located near the location of a UST located at the end of the Paulin Drive access road. It is reported that approximately 150 cubic yards of contaminated soil were excavated and removed from the site during the trenching operations.

In July 1996, a 6,000-gallon UST used for the storage of diesel fuel was removed from the end of the Paulin Drive access road. Soil and groundwater samples were collected from the UST excavation which indicated the presence of TPH-d and BTEX constituents (TransTech Consultants, 1996).

In May 1999, EBA supervised the installation of eight soil borings along the Paulin Drive access road median strip, finding limited soil contamination that consisted of low concentrations of the fuel oxygenate MtBE and TPH-d in groundwater samples (EBA, 1999). From this information, it was determined that the prior removal of the contaminated soils from the median strip were mostly successful at removing the contaminated source materials and that relatively low concentrations of petroleum hydrocarbons were located in close proximity to the former UST excavation. Due to the relatively low concentrations of TPH-d and no detections of VOCs in the groundwater samples collected near the former UST, it was recommended that the site investigation be closed with no further action required. The NCRWQCB granted case closure in April 2011.

Based on the available information, there is no indication that the release from the former UST impacted the area of the subject property. The site is seen as posing a low risk to the subject property.

Former Chevron – 2500 Mendocino Avenue (Closed LUST)

The former Chevron service station was located on the northeastern comer of Mendocino Avenue and Chanate Road directly east of the southeastern portion of the subject

property. The site is identified in regulatory agency files as a closed LUST site that completed an environmental investigation related to former leaking USTs.

Available information indicates that the site was developed as a gasoline service station in 1970 and operated until February 2003. All of the station facilities, including USTs, were removed in February 2003 and an office building was constructed on the property in 2005.

Several phases of environmental investigation were conducted at the property that included the installation of soil borings and 13 monitoring groundwater monitoring wells were installed on and adjacent to the site. Two of the groundwater monitoring wells, identified as MW-9 and MW-11, were located on the subject property. A review of available groundwater sampling data indicates that TPH-g and MtBE were detected in the MW-9 at concentrations up to 210 and 590 ug/L, respectively. No contaminants were reported to have been detected in monitoring well MW-11. These contaminant detections were noted to be present in monitoring well MW-9 in 2005 and 2006. The presence of these contaminants was noted as being the furthest westward extent of contaminants in groundwater from the site that extended under Mendocino Avenue and to the subject property. It should be noted that the MtBE concentrations in MW-9 were projected to degrade by natural attenuation to meet Water Quality Objectives by 2015.

Remedial efforts at the property including the removal of the USTs and other fuel system components, as well as the excavation of approximately 2,200 cubic yards of contaminated soil. It is also reported that approximately 61,500 gallons of groundwater was pumped from the excavation pit and disposed of to a licensed disposal facility. It is reported that confirmation soil samples collected at the extents of the excavation were generally free of contaminants.

The site investigation was granted regulatory closure by the NCRWQCB in July 2010. The closure of the site investigation included the removal of the groundwater monitoring wells.

Based on available information, there is evidence that groundwater contaminants were present on the southeastern portion of the subject property. As stated, these contaminants were low in concentration and were projected to degrade by natural attenuation. While it is possible that residual concentrations of TPH-g and MtBE could remain in groundwater at the subject property, based on the available information, the site is seen as posing a minimal threat to the subject property.

Additional Sites

Many additional properties in the surrounding area of the subject property are identified in regulatory agency files as regulated facilities. Many of these sites have completed investigations with regulatory oversight related to having investigations related to historic or leaking USTs or are identified as generators of hazardous materials and/or wastes. Based on topographic considerations, their distances from the subject property and/or status (i.e., closed), and/or the types of issues that caused them to be listed on the databases, additional database listings in the EDR report that were not identified and/or discussed

above are not considered likely to have a significant potential to adversely impact the subject property.

4.1.3 Orphan Sites

An orphan site is a listing with an undefined location. Typically, orphan sites result from poor address and site location information. The EDR Radius Report provides a list of unmapped sites for which inadequate location information was provided. A review of the orphan sites was completed to determine if these sites are within the requested search radii for the databases searched. Based on EBA's review, there are seven unmapped facilities identified on the orphan list within the request radii. One of the identified sites is the form Sonoma County Agricultural Building located north of the subject property. The remainder of the identified orphan sites are located a significant distance from the subject property.

4.1.4 Vapor Encroachment Screening

EBA conducted an evaluation for vapor encroachment conditions (VECs) using methodology established in ASTM Standard of Practice E2600-10. The minimum distance criteria for the assessment of petroleum hydrocarbon releases pursuant to ASTM 2600-10 is one-tenth mile (528 feet) and one-third mile (1,720 feet) for volatile organic compounds. The objective of the VEC screen was to evaluate the following:

- If a VEC exists, or
- Is likely to exist, or
- Cannot be ruled out, or
- Can be ruled out because it does not exist or is not likely to exist.

Subsurface investigations in the surrounding area have indicated that soil in the area of the subject property is alluvial soil which consists of a heterogeneous mixture of sands, silts, clays and gravel. Fine grained materials were found to be more prevalent than course grained materials. These soil types would be expected to be of low to moderate transmissivity with respect to vapor.

Groundwater has been demonstrated to vary in depth seasonally from approximately 10 to 15 feet bgs and the groundwater flow direction has consistently been calculated to be to the west to southwest.

Various subsurface utilities are present in the area surrounding the subject property. These utilities could represent a vapor conduit if contaminants were present in significant concentrations and were of a nature and type that volatilization would be expected to occur.

There are no documented releases of petroleum hydrocarbons or VOCs within the subject property. As discussed herein, there were documented releases and impacts to soil and groundwater at several properties located in the vicinity of the subject property from petroleum hydrocarbons and fuel related VOCs. As discussed herein, there was a significant amount of investigation and remediation conducted at the near site properties. The characterization of the extent of contaminants in soil and groundwater indicates that the extent of the groundwater contaminant plumes were well defined and determined to be

a sufficient distance from the subject property as to not represent a significant environmental concern. However, also as discussed, there were documented impacts to the subject property from the release at the former Chevron site located at 2500 Mendocino Avenue. As discussed, low concentrations of TPH-g and MtBE were detected in groundwater monitoring well MW-9 located on the southeastern portion of the subject property. The contaminants were shown to be limited in extent and projected to degrade by natural attenuation by 2015. No other contaminants were reported to be present at the subject property.

Based on a review of available information, a VEC at the subject property can be ruled out at this time.

4.1.5 Per-and Polyfluoroalkyl Substances (PFAS)

As defined in Section 3.2.36 of the current ASTM Standard E1527-21, hazardous substance means "those substances defined as a hazardous substance pursuant to CERCLA 42 USC § 9601(14), as interpreted by EPA regulations and the courts." Hazardous substances that are not defined (or not yet defined) as hazardous substances under CERCLA are outside of the scope of the current ASTM Standard E1527-21.

On July 8, 2024, the Final EPA rule became effective that designates perfluorooctanoic acid (PFOA) and perfluorooctanesulfonic acid (PFOS) as CERCLA hazardous substances. Per the current ASTM Standard E1527-21, once this rule went into effect, these substances are evaluated within the scope of this standard, and a release or likely release of PFOA and/or PFOS is considered a REC.

Other than PFOA/PFOS, compounds classified as PFAS are not currently classified as hazardous substances under CERCLA, and thus the potential presence of PFAS compounds (other than PFOA/PFOS) is outside of the scope of the current ASTM Standard E1527 and does not constitute a REC at this time. However, the User of this Report should be aware that regulatory criteria and classifications are subject to change.

A voluntary industry phaseout of PFOA and PFOS was first implemented in the late 1990s and was fully implemented for PFOS by 2002 and PFOA by 2015. Although PFOA and PFOS have been generally phased out since 2015, studies have found that precursor PFAS compounds in wastewater treatment systems may form PFOA and PFOS. As such, even after 2015, the presence of PFAS compounds in wastewater discharges is considered a likely source of PFOA and PFOS contamination.

EBA's research of potential PFAS contamination focuses on the release/likely release of PFOA/ PFOS. However, if additional information pertaining to other PFAS is identified, EBA will also assess/discuss these compounds, as deemed applicable/appropriate within the scope of this assessment.

It should be noted that EBA's screening of PFOA/PFOS and other PFAS compounds is based solely on review of the resources cited within this report. Identification, or lack thereof, is not a warranty that PFOA/PFOS or other PFAS contamination is present or absent at a site. Additionally, it should be noted that given the evolving nature of science and regulatory

oversight of PFOA/PFOS and other PFAS compounds, additional sources of contamination may exist at the subject property, adjoining sites and/or other nearby sites that were not identified by the limited data and screening tools cited within this report.

As an initial screening tool for potential PFAS contamination, EBA reviewed PFAS-related database listings from EDR and compared known property uses to those known to potential include the use of PFAS. According to the EDR Radius Report, the subject property is not listed on the PFAS ECHO database. The PFAS ECHO database is created by the Environmental Protection Agency (EPA) to flag potential Industry types that may be or may have handled PFAS as one time or another. Inclusion of a facility in the Industry Sectors dataset does not indicate that PFAS are being manufactured, processed, used, or released by the facility. As such, the listing of a site on the PFAS ECHO database does not indicate that a release of PFAS has occurred, only that there is a potential for PFAS to be on site based on the industry type found associated with the SIC/NAICS code for the facility.

The table below presents a screening toll used to determine whether or not the potential exists for PFAS to be present at a property based on industry type found associated with the SIC/NAICS code for the facility.

Potential Source	**Yes**	**No**
Past or present industrial operations that potentially included the use of PFAS		X
The use or discharge of AFFF		X
Electroplating (1950s-present)		X
NOTE: Electroplating (specifically hard chromium plating) is an industrial activity where PFAS-containing mist suppressants may have been used	--	--
Agricultural uses, specifically 1970s-present that included application of biosolids/WWTP sludge that potentially contained PFAS		X
Wastewater treatment plant (WWTP) (1960s to Present)		X
Landfill operations / waste disposal areas (1960s-present)		X
Mining / quarrying / oil production		X
Commercial car wash (1989-2010)		X
Dry cleaner and/or commercial laundry (1970s-2010)		X

Based on a review of historical information for past and present uses of the subject property, the property is not indicated to have been occupied by any of the industry types which have the potential to use or result in a release of PFAS.

4.2 Additional Environmental Record Sources

To enhance and supplement the EDR Radius Map Report, searches for active sites, local records and/or additional state and tribal records were independently searched through their various websites. These records are reasonably ascertainable, and are sufficiently useful, accurate and complete in light of the objective of the records review. Some of the other Environmental Records Sources contacted for information pertaining to the subject property were as follows:

- U.S. EPA (http://www.epa.gov/region09)
- California Environmental Protection Agency, Department of Toxic Substances Control (http://www.calepa.gov/) and (http://www.envirostor.dtsc.ca.gov/public/)
- Sonoma County Fire Prevention – CUPA Agency, https://permitsonoma.org/divisions/firepreventionandhazmat/servicesandfees/hazardousmaterialsunitandcupaprogram
- County of Sonoma Department of Health Services (https://sonomacounty.ca.gov/Health/Environmental-Health-and-Safety/)
- California State Water Resources Control Board (http://geotracker.swrcb.ca.gov/).

4.2.1 Sonoma County Assessor's and Recorder's Office

Property title records were reviewed at the Sonoma County Assessor's and Recorder's Office web site. No environmental liens or property use limitations were identified.

Access to property records were accessed at:
https://crarecords.sonomacounty.ca.gov/selfserviceweb/search/DOCSEARCH429S1

4.2.2 Sonoma County Permit & Resource Management Department

A review of permitting records was conducted for the subject property. The available records indicate a range of permits for the maintenance and improvements of the structures within the subject property. No issues of environmental concern were noted in the available information.

The search for property records was performed at:
https://sonomacounty.ca.gov/PRMD/Services/Permit-History-Search/

4.2.3 Santa Rosa Fire Department

The Unified Program is the consolidation of several state environmental programs into one program under the authority of a CUPA; these can be a County, City, or JPA (Joint Powers Authority). This program was established under the amendments to the California Health and Safety Code made by SB 1082 in 1994.

The programs generally consist of the Hazardous Materials Business Plan/Emergency Response Plan, Hazardous Waste, Tiered Permitting, Underground Storage Tanks, Aboveground Storage Tanks and the Uniform Fire Code Hazardous Materials Management Plan.

A CUPA is a local agency that has been certified by CAL EPA to implement the state environmental programs within the local agency's jurisdiction. EBA submitted a records review request to the Santa Rosa Fire Department, which because the subject property is located within the boundary of the City of Santa Rosa (SRFD) is the CUPA agency responsible for the following programs:

- Hazardous Waste Generator
- Hazardous Materials Business Plans
- Underground Storage Tanks

- Accidental Release Prevention
- Aboveground Petroleum Storage Tanks
- The Uniform Fire Code as related to hazardous materials.

Two records were available for the subject property from the SRFD which included a chemical inventory showing that waste paint and mineral spirits were being stored within the structure. There is also a record of the use of carbon dioxide within a kitchen at the building. And finally, there is a record of a release of Rhodamine B which is a tracer dye. All of these records appear to be from the late 1980's and early 1990's and appear to be historic to the building.

The second record is 585 Fiscal Drive which includes a letter from the County of Sonoma regarding the use of caulking to seal venting that contains asbestos materials. This record also appears to be historic to the building.

No additional records were available for the subject property.

4.2.4 Sonoma County Environmental Health Department

A review of available information regarding the subject property was accessed using the Public Access Viewer available online. No information was available for the subject property. Information for several near site properties was reviewed at this web site. Information at this agency was accessed at:

https://onbaseprodext.sonoma-county.org/EHS/services/document-search/index.html

4.2.5 North Coast Regional Water Quality Control Board

The North Coast Regional Water Quality Control Board is the state-appointed regional agency responsible for overseeing environmental investigations and has jurisdiction of all matters related to water quality. No information was available for the subject property. Records for several near site properties were reviewed on the State GeoTracker Database (GeoTracker), which was reviewed for environmentally regulated facilities in the subject property vicinity, detailed above in Section 4.1.2. Information for several surrounding properties was reviewed on this database and are discussed herein.

4.2.6 California Department of Toxic Substances Control

The Envirostor web site was accessed to obtain information regarding the subject property and surrounding area. The subject property was not identified. The Envirostor site was accessed at:

https://www.envirostor.dtsc.ca.gov/public/map/?myaddress=santa+rosa%2C+ca

4.2.7 California State Water Resources Control Board GeoTracker Database

The GeoTracker web site is an online information repository for environmental cleanup sites that is administered and overseen by the State Water Resources Control Board. The GeoTracker site was consulted to determine if either the subject property or surrounding properties were identified in this environmental database as having environmental

concerns. The subject property is not identified. As discussed, several regulated properties were identified in the subject property vicinity. The Geotracker site was accessed at:

https://geotracker.waterboards.ca.gov/map/?CMD=runreport&myaddress=santa+rosa%2C+ca

5.0 USER PROVIDED INFORMATION

The purpose of this section of the ESA Report is to identify tasks that will help identify the possibility of RECs in connection with the subject properties. In general, the tasks are:

1). Searches for Environmental Liens;
2). Valuation Reduction for Environmental Issues; and
3). Assessments of Specialized Knowledge.

User provided information is discussed in the following sections.

5.1 User Questionnaire

A User Questionnaire was completed by the Client. A copy of the questionnaire is included in Appendix I.

5.2 Results of Title Records Search for Environmental Liens or Activity and Use Limitations

Title records for the subject property were reviewed using the publicly available records at the Sonoma County Assessor's/Recorder's Office and the Geotracker web site. No environmental liens or land use limitations were noted in the available information.

5.3 Specialized Knowledge or Experience of the User

The User of this assessment indicated a general awareness of the historical use of the subject property but relies upon this assessment to understand environmental conditions at the subject property. A User Questionnaire is included in Appendix I.

5.4 Actual Knowledge of User

The User of this assessment did not indicate any specialized knowledge regarding environmental conditions at the subject property.

5.5 Commonly Known or Reasonably Ascertainable Information

The User of this report indicated as having generally known and/or reasonably ascertainable information regarding the history and use of the subject property.

5.6 Reason for Significantly Lower Purchase Price

The environmental conditions at the subject property are being assessed for the potential redevelopment of the property. As such, no assessment of the purchase price is included herein.

5.7 Owner, Property Manager and Occupant Information

The subject property is owned by the County of Sonoma.

As discussed, the subject property is used as the Sonoma County Administrative Center that is occupied by a variety of County offices.

5.8 Reason for Performing Assessment

It is our understanding that the User contracted this Phase I Environmental Site Assessment to provide an assessment of the environmental condition of the subject property area prior to the potential redevelopment of the property.

5.9 Previous Reports

No previous reports for the subject property were available or provided for the subject property. Reports for near site properties were reviewed for several properties which are discussed and referenced herein.

6.0 INTERVIEWS

ASTM E1527-21 requires the Environmental Professional to interview past owners, operators and occupants likely to have material information about the Property, only if they have been identified, and the information likely to be obtained is not duplicative of information from other sources. In addition, if the property is demonstrably abandoned or deserted, or there are evidence potential unauthorized uses of or uncontrolled access to the subject property the Environmental Professional is required to conduct interviews with neighboring owners or occupants.

Mr. Shane Mezzanatto, Facility Operations, Assistant Building Superintendent, Sonoma County Facility Operations provided access to the structures at the subject property. Mr. Mezzanatto provided the following information:

- Mr. Mezzanatto provided the history of the development of the Sonoma County Administrative Complex and information regarding the structures.
- Mr. Mezzanatto was unaware of any environmental conditions at the subject property other than the presence of lead-based paint and asbestos containing materials that have been abated and remediated over time as the materials have been encountered.
- Mr. Mezzanatto indicated that he was unaware of USTs or other environmental conditions within the subject property area.

Mr. Mike Volatile is a Senior Project Specialist within the Capital Projects Group at the Sonoma County Public Infrastructure Department. Mr. Volatile has worked for many years as a hazardous materials specialist within the subject property area and provided the following information:

- Mr. Volatile was unaware of any environmental conditions within the subject property area other than the presence of lead-based paint and asbestos containing materials that are expected to be present within the existing buildings.
- Mr. Volatile was unaware of the presence of USTs within the subject property.

- Mr. Volatile was aware of the use of Soil & Groundwater Management Plans that have been used within the Sonoma County Administrative Complex for the characterization and management of materials that are generated by ground disturbing activities.

Since the subject property area has no active or historic site investigations, no regulatory agency interviews were conducted as part of this assessment.

7.0 SITE RECONNAISSANCE

7.1 Methodology and Limiting Conditions

EBA personnel conducted a site reconnaissance on September 24, 2025. The reconnaissance entailed viewing the subject property and the surrounding areas. The site was inspected to observe the property conditions and to identify discernible or potential environmental concerns. In addition, a general reconnaissance of adjacent properties was performed to confirm surrounding land use and conditions. No limitations were encountered at the time of the property inspection that prevented for a full characterization of the site conditions. Findings from the site reconnaissance activities are summarized in the following sections.

EBA also conducted a windshield survey of adjacent properties, and to the extent feasible, walked portions of these parcels during the site reconnaissance.

7.2 Current Use of the Property

The subject property consists of four existing buildings that are used by the County of Sonoma for administrative purposes.

7.3 Description of Structures & Site Improvements

The subject property area includes four structures that are utilized by the County of Sonoma as administrative buildings. The structure located at 575 Administrative Drive is occupied by the Sonoma County Board of Supervisors and County Counsel offices. The structure consists of a single-story structure that is 46,898 square feet in size and was constructed in 1958. At the time of the property inspection, the structure was observed to be in good condition.

The structure located at 585 Fiscal Drive is occupied by the Sonoma County Clerk, Recorder and Assessor's Offices. The structure consists of a single-story structure that is 35,637 square feet in size and was constructed in 1963. At the time of the property inspection, the structure was observed to be in good condition.

The structure located at 2550 Ventura Avenue is occupied by Permit Sonoma and consists of a single-story structure that is 31,373 square feet in size and was constructed in 1960. At the time of the property inspection, the structure was observed to be in good condition.

The structure located at 2550 Paulin Drive is occupied by Human Services and consists of a three-story structure that is 41,804 square feet in size and was constructed in 1966. At the time of the property inspection, the structure was observed to be in fair to good condition.

As discussed, the subject property includes several streets including Administration Drive, Paulin Drive, Fiscal Drive and Ventura Avenue. Curb, gutter and sidewalk features are present along these street alignments.

The remainder of the subject property includes several paved parking lots that are used for employee and public parking.

The eastern portion of the subject property remains undeveloped with no improvements.

7.4 Exterior Observations

The exterior areas of the subject property were inspected as part of this assessment. As discussed, the subject property includes four buildings that are dispersed throughout the subject property. The subject property also includes several streets that includes portions of Administrative Drive, Paulin Drive, Fiscal Drive and Ventura Drive. There are also several paved parking areas that are dispersed within the subject property that are used for employee and public parking. Finally, there are area of landscaping that are generally located within the immediate area of the structures.

At the time of the property inspection, the exterior areas of the subject property were observed to clean and well maintained with no identified environmental conditions.

7.5 Interior Observations

The interior area of the four buildings within the subject property area were inspected as part of this assessment. All of the structures were occupied at the time of the property inspection. The interior areas were observed to be clean and well maintained with environmental conditions observed. It should be noted that warning signage was present in several of the structures that identified the presence of asbestos containing materials within mechanical rooms within the structures.

7.6 Hazardous Substances and Petroleum Products

At the time of the property inspection no fuels or hazardous substances were observed to be present at the subject property.

7.7 Odors

No odors were noted at the subject property during the site reconnaissance.

7.8 Pools of Liquid

No pools of free liquid were observed at the subject property during the site reconnaissance.

7.9 Drums

No drums were observed at the subject property during the site reconnaissance.

7.10 Unidentified Substance Containers
No unlabeled and unidentified liquid containers were observed at the subject property during the site reconnaissance.

7.11 Stains or Corrosion
No stains or corrosion was observed at the subject property during the site reconnaissance.

7.12 Drains and Sumps
No drains or sumps were observed at the subject property during the site reconnaissance other than storm drain inlets present within the curb and gutter of the existing streets.

7.13 Pits, Ponds or Lagoons
No pits, ponds or lagoons were observed at the subject property during the site reconnaissance.

7.14 Stained Soil or Pavement
No stained soil or pavement were observed at the subject property during the site reconnaissance.

7.15 Solid Waste
No solid waste was observed at the subject property during the site reconnaissance.

7.16 Stressed Vegetation
No areas of stressed vegetation were observed at the subject property during the site reconnaissance.

7.17 Wells
There were no water supply wells, or groundwater monitoring wells observed or reported to be present at the subject property.

7.18 Septic Systems
There is no indication or records of the current or historical use of septic systems within the subject property.

7.19 Underground Storage Tanks
There is no evidence or records for the historic or current use of USTs within the subject property area.

7.20 Aboveground Storage Tanks
No aboveground fuel tanks were observed at the subject property during the site reconnaissance.

7.21 Dump Sites
No dump sites were observed at the subject property, nor was EBA provided any information regarding any current or historical dump sites within the subject property area.

7.22 Utilities

EBA understands the subject property includes municipal water, stormwater and sewage infrastructure are present within the subject property area. As discussed, there is also a central heating and cooling system present within the subject property that is used to supply heating and colling to the structures within the subject property that includes subsurface piping.

7.23 Non-Scope Observations

7.23.1 Asbestos

Asbestos is the name given to a number of naturally occurring, fibrous silicate minerals mined for their useful properties such as thermal insulation, chemical and thermal stability, and high tensile strength. The Occupational Safety and Health Administration (OSHA) regulation 29 CFR 1926.1101 requires certain construction materials to be presumed to contain asbestos, for purposes of this regulation. All thermal system insulation (TSI), surfacing material, and asphalt/vinyl flooring that are present in a building constructed prior to 1981 and have not been appropriately tested are presumed asbestos containing material (PACM).

EBA understands that the structures were constructed in the late 1950's. As discussed, there has been the abatement of asbestos containing materials in the past during site maintenance and building upgrades. The property inspection included a limited, visual evaluation of accessible areas for the presence of suspect ACM at the subject property. The objective of this visual survey was to note the presence and condition of suspect ACM observed. The limited visual survey consisted of noting observable materials that are commonly known to potentially contain asbestos. This activity was not designed to discover all sources of suspect ACM, PACM, or asbestos at the site; or to comply with any regulations and/or laws relative to planned disturbance of building materials such as renovation or demolition, or any other regulatory purpose. Rather, it is intended to give the User an indication if significant potential sources of ACM or PACM are present at the subject property.

According to the U.S. Environmental Protection Agency, ACM and PACM that is intact and in good condition can, in general, be managed safely in-place under an Operations and Maintenance Program until removal is dictated by renovation, demolition, or deteriorating material condition. Based on the ages of the structures, it is possible that ACM or PACM is present within the building materials.

7.23.2 Lead Based Paint

Lead based paint is defined as any paint, varnish, stain, or other applied coating that has 1 milligram per square centimeter (or 5,000 ug/g or 0.5% by weight) or more of lead. The United States Congress passed the Residential Lead-Based Paint Hazard Reduction Act of 1992, also known as Title X, to protect families from exposure to lead from paint, dust, and soil. Under Section 1017 of Title X, intact LBP on most walls and ceilings is not considered a hazard, although the condition of the paint should be monitored and maintained to ensure that it does not deteriorate. Further, Section 1018 of this law directed the Housing and Urban Development and the U.S. Environmental Protection Agency to require the disclosure of

known information on lead-based paint and hazards associated with lead-based paint before the sale or lease of most housing built before 1978.

No testing for lead-based paint was performed as part of this assessment. Based on the age of the structures at the subject property, it is possible that lead-based paint is present.

7.23.3 Radon

The U.S. Environmental Protection Agency Radon Zone Classification for Sonoma County is 3, which is defined as having a low potential to have radon concentration less than 2 picocuries per liter (pCi/L). The U.S. EPA action level for radon is 4.0 pCi/L. Based on the radon concentration information, it is unlikely that radon abatement activities would be required at the subject property.

8.0 DEVIATIONS

8.1 Data Gaps

AAI Section 312.20(g) states that:

To the extent there are data gaps ... that affect the ability of persons conducting all appropriate inquiries to identify conditions indicative of releases or threatened releases in each area of inquiry under each standard and practice, such persons should identify such data gaps, identify the sources of information consulted to address such data gaps, and comment upon the significance of such data gaps with regard to the ability to identify conditions indicative of releases or threatened releases of hazardous substances, pollutants, contaminants, petroleum and petroleum products, and controlled substances.

Data gaps in our historic research, which range from between 1883 and 2025, were encountered. Data failure occurs when a significant (10 years or more) gap of time exists between two historic sources, and a reasonable effort has been made to obtain additional sources of information. Although data failure with respect to historical research, as defined in the ASTM standard, has occurred, it does not diminish EBA's ability to provide an opinion on a release or potential release of hazardous substances at the subject property. In addition, historical owners and/or operators of the subject property have not been identified by the User and were not interviewed. Although the inability to interview past owners and/or operators constitutes a data gap, based on information obtained from other sources EBA does not consider this data gap to be a significant limitation to this report. These data gaps are not considered significant and do not affect the ability of EBA's environmental professional to identify whether a given issue is a REC.

8.2 Exceptions or Deletions

There were no exceptions to, or deletions from, ASTM Practice E 1527-21.

9.0 ADDITIONAL SERVICES

9.1 Non-Scope Considerations

The following environmental issues are outside the scope (non-scope considerations) of the standard practice defined by ASTM Standard Practice E 1527-21:

- Regulatory Compliance
- Cultural and Historic Resources
- Industrial Hygiene
- Health and Safety
- Ecological Resources
- Endangered Species
- Indoor Air Quality
- Biological Agents
- Mold

EBA identified no ASTM non-scope considerations/RECs in connection with the subject property that represent potential business environmental risk but are outside the standard scope of services prescribed by ASTM Standard Practice E 1527-21.

9.2 Additional Services

No additional services beyond the standard scope of services prescribed by ASTM Standard Practice E1527-21 were requested by the Client.

10.0 FINDINGS

Location and Legal Description

The subject property includes a portion of the Sonoma County Administrative Complex located at 575 Administration Drive in Santa Rosa, California. The project area includes the southern and eastern portions of the property parcel identified as Sonoma County Assessor's Parcel Number 180-030-012. The project area includes four existing buildings including the Sonoma County Administrative Building located at 575 Administration Drive, the Clerk/Assessor's building located at 585 Fiscal Drive, Permit Sonoma located at 2550 Ventura Drive and Human Services located at 2550 Paulin Drive. The project area also includes the vacant lot located at the northwestern corner of Administrative Drive and Mendocino Avenue. The boundary of the subject property is shown on Figure 2, Appendix A. Site photographs depicting current subject property conditions, and land use in the vicinity are also included in Appendix B.

A legal description of the subject property is contained within the Preliminary Title Report included in Appendix C.

Current Use of Property

The subject property is currently used as part of the Sonoma County Administrative Complex.

Subject Property History

The area of the subject property was occupied for millennia by Native Americans and is located within the southern extents of the historical Pomo tribal region and the northern extents of the Coast Miwok tribal region.

Following European contact, the area of the subject property was part of Rancho San Miguel, in which the land was included within the grant given by the Mexican government to Guadalupe Vasquez de West, wife of Mark West and relative of General Mariano Guadalupe Vallejo, in 1840 (Hoffman, 1862). The Ranco San Miguel land grant totaling 6,663.23-acres was then patented to the Heirs of Mark West in 1865 (State of California, Office of Surveyor-General, 1886). Land use at this time was likely limited to pastureland and ranching operations, as evident by a Map of Sonoma County California, 1877 (Thompson, 1877), which generally depicts the subject property as open land within the San Miguel Rancho.

Following the formation of the State of California in 1850, the ranchos were dissolved, and the lands were then occupied and owned by individuals. It appears from historical documentation that the use of the subject property was for agricultural grazing and forage production. The Official Map of Sonoma County California, 1900 (Ricksecker, 1900), generally depicts the area of the subject property as variously sized parcels of rural land.

An aerial photograph from 1942 indicates the subject property in use as orchard and agricultural fields, bound to the east by Old Redwood Highway, and to the south by Paulin Creek. An aerial photograph from 1952 indicates the same agricultural use for the subject property, with the development of US Highway 101 to the west, and an increase of residential developments in the surrounding area.

The Sonoma County Governmental Complex's first urban development on the subject property occurred by 1957 as indicated by an aerial photograph which depicts the structure currently located at 575 Administration Drive as being developed. By the time of a 1963 aerial photograph, additional structures are present within the subject property area and the remainder of the complex.

The use of the subject property has remained as the Sonoma County Governmental Complex that is the primary location for governmental personnel.

The use of the subject property is generally well documented without any significant data gaps. Due to the passage of time, there is a lack of available previous property owners and historical documentation regarding past uses of the property which represents a data gap. However, from the available information it appears that the use and history of the property is well known, and this data gap is seen as insignificant.

Subject Property Regulatory Records Review

There are multiple listings for the subject property include the Hazardous Waste Tracking System (HWTS) and the hazardous Waste Manifest Tracking System (HAZNET) databases. The listings appear to be associated with the tracking and disposal of asbestos containing materials and lead based paint that was produced during the maintenance and improvements to the existing structures over time. The available records span several time

periods that reflect the ongoing work at the subject property that generated these materials. It should be noted that the fact that the materials were disposed of with waste manifest and tracking is seen as point of compliance and not as representing an environmental condition.

It should be noted that given the age and construction type, it is expected that asbestos containing materials, lead based paint and polychlorinated biphenyls are present within the building materials at the subject property structures. Testing and abatement of these materials will be required if the existing structures are remodeled or demolished.

At the time of the property inspection, no reportable quantities of hazardous materials or wastes were observed to be present at the subject property. Further, there is no indication of the historic or current use of aboveground or underground fuel storage tanks at the subject property.

Surrounding Properties Regulatory Records Review

There are a large number of regulated properties within the ASTM search radii of the subject property. As discussed, several of the regulated sites are former LUST sites located within the Sonoma County Administrative Center but are located outside of the subject property area. There are also several additional near site former LUST sites that had documented releases of petroleum hydrocarbons and fuel related VOCs. A review of information related to the sites located within the Sonoma County Administrative Complex indicates that these sites were investigated and remediated with regulatory agency oversight and there is no indication of impacts to the subject property.

As discussed, there is documentation that the fuel release that occurred at the former Chevron site located at 2500 Mendocino Avenue resulted in the presence of TPH-g and MtBE in groundwater on the southeast side of the subject property. As discussed herein, the investigative and remedial efforts at the property appear to have been successful at removing the contaminants in soil and groundwater and the residual contaminants that remained at the subject property were projected to attenuate by natural degradation within a reasonable amount of time.

A review of the remaining sites that were identified within the ASTM search distance from the subject property indicates that most of these sites are regulated for the use, generation and storage of hazardous materials and wastes which is seen as appoint of compliance and not as representing an environmental threat to the subject property.

Vapor Encroachment Concerns

There are no documented releases of petroleum hydrocarbons or VOCs within the subject property. As discussed herein, there were documented releases and impacts to soil and groundwater at several properties located in the vicinity of the subject property from petroleum hydrocarbons and fuel related VOCs. As discussed herein, there was a significant amount of investigation and remediation conducted at the near site properties. The characterization of the extent of contaminants in soil and groundwater indicates that the extent of the groundwater contaminant plumes were well defined and determined to be a sufficient distance from the subject property as to not represent a significant environmental concern. However, also as discussed, there were documented impacts to the subject property were from the release at the former Chevron site located at 2500 Mendocino

Avenue. As discussed, low concentrations of TPH-g and MtBE were detected in groundwater monitoring well MW-9 located on the southeastern portion of the subject property. The contaminants were shown to be limited in extent and projected to degrade by natural attenuation by 2015. No other contaminants were reported to be present at the subject property.

Based on a review of available information, a VEC at the subject property can be ruled out at this time.

Recognized Environmental Conditions
Recognized Environmental Conditions (RECs) are defined by ASTM Standard Practice E1527-21 as the presence of hazardous substances or petroleum products in, on, or at the subject property due to a release to the environment; (2) the likely presence of hazardous substances or petroleum products in, on, or at the subject property due to a release or likely release to the environment; or (3) the presence of hazardous substances or petroleum products in, on, or at the subject property under conditions that pose a material threat of a future release to the environment. In the course of performing this ESA, EBA did not identify any RECs in connection with the subject property.

11.0 CONCLUSIONS AND OPINION

EBA Engineering has performed this Phase I Environmental Site Assessment in conformance with the scope and limitations of ASTM Practice E 1527-21 of the property located at 575 Administration Drive in Santa Rosa, California. The project area includes the southern and eastern portions of the property parcel identified as Sonoma County Assessor's Parcel Number 180-030-012. Based on conclusions from the environmental records search, historical data review, and the site reconnaissance we find no Recognized Environmental Conditions in connection with the subject property.

12.0 RECOMMENDATIONS

Based on the information presented herein, we include the following recommendations for your use and consideration:

- Prepare a comprehensive Soil and Groundwater Management Plan for the Sonoma County Administrative Complex for the characterization and management of materials that are generated from ground disturbing activities at the subject property.

PRELIMINARY TITLE REPORT

First American Title™

Guarantee

CLTA Guarantee Form No. 28 - Condition of Title

ISSUED BY
First American Title Insurance Company

GUARANTEE NUMBER
5026900-5962569a

SUBJECT TO THE EXCLUSIONS FROM COVERAGE, THE GUARANTEE CONDITIONS ATTACHED HERETO AND MADE A PART OF THIS GUARANTEE.

FIRST AMERICAN TITLE INSURANCE COMPANY
a Nebraska corporation, herein called the Company

GUARANTEES

against loss or damage not exceeding the Amount of Liability stated in Schedule A sustained by the Assured by reason of any incorrectness in the Assurances set forth in Schedule A

FIRST AMERICAN TITLE INSURANCE COMPANY

By: _____
Kenneth D. DeGiorgio, President

By: _____
Lisa W. Cornehl, Secretary

© California Land Title Association. All rights reserved. The use of this Form is restricted to CLTA subscribers in good standing as of the date of use. All other uses prohibited. Reprinted under license or express permission from the California Land Title Association.

EXCLUSIONS FROM COVERAGE

Except as expressly provided by the assurances in Schedule A, the Company assumes no liability for loss or damage by reason of the following:

(a) Defects, liens, encumbrances, adverse claims or other matters against the title to any property beyond the lines of the Land.

(b) Defects, liens, encumbrances, adverse claims or other matters , whether or not shown by the Public Records (1) that are created, suffered, assumed or agreed to by one or more of the Assureds; or, (2) that result in no loss to the Assured.

(c) Defects, liens, encumbrances, adverse claims or other matters not shown by the Public Records.

(d) The identity of any party shown or referred to in any of the schedules of this Guarantee.

(e) The validity, legal effect or priority of any matter shown or referred to in any of the schedules of this Guarantee.

(f) (1) Taxes or assessments of any taxing authority that levies taxes or assessments on real property; or, (2) proceedings by a public agency which may result in taxes or assessments, or notices of such proceedings, whether or not the matters excluded under (1) or (2) are shown by the records of the taxing authority or by the Public Records.

(g) (1) Unpatented mining claims; (2) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (3) water rights, claims or title to water, whether or not the matters excluded under (1), (2) or (3) are shown by the Public Records.

GUARANTEE CONDITIONS

1. Definition of Terms.
The following terms when used in the Guarantee mean:
   a. the "Assured": the party or parties named as the Assured in Schedule A, or on a supplemental writing executed by the Company.
   b. "Land": the Land described or referred to in Schedule A, and improvements affixed thereto which by law constitute real property. The term "Land" does not include any property beyond the lines of the area described or referred to in Schedule A, nor any right, title, interest, estate or easement in abutting streets, roads, avenues, alleys, lanes, ways or waterways.
   c. "Mortgage": mortgage, deed of trust, trust deed, or other security instrument.
   d. "Public Records": those records established under California statutes at Date of Guarantee for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without knowledge.
   e. "Date of Guarantee": the Date of Guarantee set forth in Schedule A.
   f. "Amount of Liability": the Amount of Liability as stated in Schedule A.
2. Notice of Claim to be Given by Assured.
The Assured shall notify the Company promptly in writing in case knowledge shall come to an Assured of any assertion of facts, or claim of title or interest that is contrary to the assurances set forth in Schedule A and that might cause loss or damage for which the Company may be liable under this Guarantee. If prompt notice shall not be given to the Company, then all liability of the Company shall terminate with regard to the matter or matters for which prompt notice is required; provided, however, that failure to notify the Company shall in no case prejudice by the failure and then only to the extent of the prejudice.
3. No Duty to Defend or Prosecute.
The Company shall have no duty to defend or prosecute any action or proceeding to which the Assured is a party, notwithstanding the nature of any allegation in such action or proceeding.
4. Company's Option to Defend or Prosecute Actions; Duty of Assured to Cooperate.
Even though the Company has no duty to defend or prosecute as set forth in Paragraph 3 above:
   a. The Company shall have the right, at its sole option and cost, to institute and prosecute any action or proceeding, interpose a defense, as limited in Paragraph 4 (b), or to do any other act which in its opinion may be necessary or desirable to establish the correctness of the assurances set forth in Schedule A or to prevent or reduce loss or damage to the Assured. The Company may take any appropriate action under the terms of this Guarantee, whether or not it shall be liable hereunder, and shall not thereby concede liability or waive any provision of this Guarantee. If the Company shall exercise its rights under this paragraph, it shall do so diligently.
   b. If the Company elects to exercise its options as stated in Paragraph 4(a) the Company shall have the right to select counsel of its choice (subject to the right of the Assured to object for reasonable cause) to represent the Assured and shall not be liable for and will not pay the fees of any other counsel, nor will the Company pay any fees, costs or expenses incurred by an Assured in the defense of those causes of action which allege matters not covered by this Guarantee.
   c. Whenever the Company shall have brought an action or interposed a defense as permitted by the provisions of this Guarantee, the Company may pursue any litigation to final determination by a court of competent jurisdiction and expressly reserves the right, in its sole discretion, to appeal from an adverse judgment or order.
   d. In all cases where this Guarantee permits the Company to prosecute or provide for the defense of any action or proceeding, the Assured shall secure to the Company the right to so prosecute or provide for the defense of any action or proceeding, and all appeals therein, and permit the Company to use, at its option, the name of such Assured for this purpose. Whenever requested by

the Company, the Assured, at the Company's expense, shall give the Company all reasonable aid in any action or proceeding, securing evidence, obtaining witnesses, prosecuting or defending the action or lawful act which in the opinion of the Company may be necessary or desirable to establish the correctness of the assurances set forth in Schedule A to prevent or reduce loss or damage to the Assured. If the Company is prejudiced by the failure of the Assured to furnish the required cooperation, the Company's obligations to the Assured under the Guarantee shall terminate.

5. Proof of Loss or Damage.
   a. In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Assured furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.
   b. In addition, the Assured may reasonably be required to submit to examination under oath by any authorized representative of the Company and shall produce for examination, inspection and copying, at such reasonable times and places as may be designated by any authorized representative of the Company, all records, books, ledgers, checks, correspondence and memoranda, whether bearing a date before or after Date of Guarantee, which reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Assured shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect and copy all records, books, ledgers, checks, correspondence and memoranda in the custody or control of a third party, which reasonably pertain to the loss or damage. All information designated as confidential by the Assured provided to the Company pursuant to this paragraph shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Assured to submit for examination under oath, produce other reasonably requested information or grant permission to secure reasonable necessary information from third parties, as required in the above paragraph, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this Guarantee to the Assured for that claim.
6. Options to Pay or Otherwise Settle Claims: Termination of Liability.
   In case of a claim under this Guarantee, the Company shall have the following additional options:
   a. To pay or tender payment of the Amount of Liability together with any costs, attorneys' fees, and expenses incurred by the Assured that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.
   b. To pay or otherwise settle with the Assured any claim assured against under this Guarantee. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Assured that where authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay; or
   c. To pay or otherwise settle with other parties for the loss or damage provided for under this Guarantee, together with any costs, attorneys' fees, and expenses incurred by the Assured that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

   Upon the exercise by the Company of either of the options provided for in 6 (a), (b) or (c) of this paragraph the Company's obligations to the Assured under this Guarantee for the claimed loss or damage, other than the payments required to be made, shall terminate, including any duty to continue any and all litigation initiated by the Company pursuant to Paragraph 4.
7. Limitation Liability.
   a. This Guarantee is a contract of Indemnity against actual monetary loss or damage sustained or incurred by the Assured claimant who has suffered loss or damage by reason of reliance upon the assurances set forth in Schedule A and only to the extent herein described, and subject to the Exclusions From Coverage of This Guarantee.
   b. If the Company, or the Assured under the direction of the Company at the Company's expense, removes the alleged defect, lien, or encumbrance or cures any other matter assured against by this Guarantee in a reasonably diligent manner by any method, including litigation and the completion of any appeals therefrom, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused thereby.
   c. In the event of any litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals therefrom.
   d. The Company shall not be liable for loss or damage to the Assured for liability voluntarily assumed by the Assured in settling any claim or suit without the prior written consent of the Company.
8. Reduction of Liability or Termination of Liability.
   All payments under this Guarantee, except payments made for costs, attorneys' fees and expenses pursuant to Paragraph 4 shall reduce the Amount of Liability under this Guarantee pro tanto.
9. Payment of Loss.
   a. No payment shall be made without producing this Guarantee for endorsement of the payment unless the Guarantee has been lost or destroyed, in which case proof of loss or destruction shall be furnished to the satisfaction of the Company.
   b. When liability and the extent of loss or damage has been definitely fixed in accordance with these Conditions, the loss or damage shall be payable within thirty (30) days thereafter.

10. Subrogation Upon Payment or Settlement.
    Whenever the Company shall have settled and paid a claim under this Guarantee, all right of subrogation shall vest in the Company unaffected by any act of the Assured claimant.
    The Company shall be subrogated to and be entitled to all rights and remedies which the Assured would have had against any person or property in respect to the claim had this Guarantee not been issued. If requested by the Company, the Assured shall transfer to the Company all rights and remedies against any person or property necessary in order to perfect this right of subrogation. The Assured shall permit the Company to sue, compromise or settle in the name of the Assured and to use the name of the Assured in any transaction or litigation involving these rights or remedies.
    If a payment on account of a claim does not fully cover the loss of the Assured the Company shall be subrogated to all rights and remedies of the Assured after the Assured shall have recovered its principal, interest, and costs of collection.
11. Arbitration.
    Either the Company or the Assured may demand that the claim or controversy shall be submitted to arbitration pursuant to the Title Insurance Arbitration Rules of the American Land Title Association ("Rules"). Except as provided in the Rules, there shall be no joinder or consolidation with claims or controversies of other persons. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Assured arising out of or relating to this Guarantee, any service of the Company in connection with its issuance or the breach of a Guarantee provision, or to any other controversy or claim arising out of the transaction giving rise to this Guarantee. All arbitrable matters when the amount of liability is $2,000,000 or less shall be arbitrated at the option of either the Company or the Assured. All arbitrable matters when the amount of liability is in excess of $2,000,000 shall be arbitrated only when agreed to by both the Company and the Assured. Arbitration pursuant to this Guarantee and under the Rules shall be binging upon the parties. Judgment upon the aware rendered by the Arbitrator(s) may be entered in any court of competent jurisdiction.
12. Liability Limited to This Guarantee; Guarantee Entire Contract.
    a. This Guarantee together with all endorsements, if any, attached hereto by the Company is the entire Guarantee and contract between the Assured and the Company. In interpreting any provision of this Guarantee, this Guarantee shall be construed as a whole.
    b. Any claim of loss or damage, whether or not based on negligence, or any action asserting such claim, shall be restricted to this Guarantee.
    c. No amendment of or endorsement to this Guarantee can be made except by a writing endorsed hereon or attached hereto signed by either the President, a Vice President, the Secretary, an Assistant Secretary, or validating officer or authorized signatory of the Company.
13. Severability.
    In the event any provision of this Guarantee, in whole or in part, is held invalid or unenforceable under applicable law, the Guarantee shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.
14. Choice of Law; Forum.
    a. Choice of Law: The Assured acknowledges the Company has underwritten the risks covered by this Guarantee and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of Guaranties of the jurisdiction where the Land is located.
    Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims that are adverse to the Assured and to interpret and enforce the terms of this Guarantee. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.
    b. Choice of Forum: Any litigation or other proceeding brought by the Assured against the Company must be filed only in a state or federal court within the United State of America or its territories having appropriate jurisdiction.
15. Notices, Where Sent.
    All notices required to be given the Company and any statement in writing required to be furnished the Company shall include the number of this Guarantee and shall be addressed to the Company at First American Title Insurance Company, Attn: Claims National Intake Center, 5 First American Way, Santa Ana, California 92707. Phone: 888-632-1642 (claims.nic@firstam.com).

Illegal Restrictive Covenants

Please be advised that any provision contained in this document, or in a document that is attached, linked, or referenced in this document, that under applicable law illegally discriminates against a class of individuals based upon personal characteristics such as race, color, religion, sex, sexual orientation, gender identity, familial status, disability, national origin, or any other legally protected class, is illegal and unenforceable by law.

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. Gov. Code Sec. 12956.2(a)(1), (b)(1), (c)

THIS INDENTURE, Made this Nineteenth day of May, in the year of our Lord one thousand nine hundred and three

BETWEEN John Bayler (Widower)

the party of the first part, and Robert Lockhart the party of the second part, and Margaret Jane Lockhart, his wife.

WITNESSETH: That the said party of the first part, for and in consideration of the sum of Ten Dollars, ——— of the United States of America, to him in hand paid by the said parties of the second part, the receipt whereof is hereby acknowledged, has granted, bargained and sold, conveyed and confirmed, and by these presents do grant, bargain and sell, convey and confirm unto the said parties of the second part, and to their heirs and assigns forever, all that certain lot, piece or parcel of land situate, lying and being in the Township of Santa Rosa, County of Sonoma, State of California, and bounded and particularly described as follows, to wit:

Commencing at a stake on the northwestcorner of land heretofore owned by Thomas Wall; thence running west with the south line of land heretofore owned by Jeresiah Root, 20 chains, 19 1/2 links to a stake at the north east corner of John M. Range's land; thence running south with John M Range's east line 41.07 chains to a stake in the middle of the land; thence running east along the middle of said lane 34 rods and 19 1/2 links to the west line of the land now or formerly owned by J.B.Reid; thence north with said Reid's west line 40 rods to a stake; thence east 46 rods to a stake on the west line of land heretofore owned by Thomas Wall; thence north with said Wall's west line 124 rods to the place of beginning, containing 69 acres of land, a little more or less. Also that other tract, commencing at the southwest corner of land heretofore owned by Thomas Wall; thence running north with the west line of said Wall's land about 40 rods to a stake; thence west about 46 rods to a stake; thence south about 40 rods to a stake in the middle of a lane; thence east along the middle of said lane about 46 rods to the place of beginning, containing about 12 1/2 acres. The two above described tracts of land form one ranch or farm, are in one enclosure, and are bounded on the north by the land of A.Weske; on the east by the land of Frank Steele; on the south by a lane, and on the west by the lands of J.F. and C.D. Thorsen and of Mrs. A.B.Stewart; and is commonly known as the John Bayler Farm.

TOGETHER with all and singular the tenements, hereditaments and appurtenances thereunto belonging, or in anywise appertaining, and the reversion and reversions, remainder and remainders, rents, issues and profits thereof.

TO HAVE AND TO HOLD, all and singular the said premises, together with the appurtenances, unto the said parties of the second part, and to their heirs and assigns forever.

IN WITNESS WHEREOF, the said party of the first part has hereunto set his hand and seal the day and year first above written.

CALIFORNIA PACIFIC TITLE INSURANCE COMPANY

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. Gov. Code Sec. 12956.2(a)(1), (b)(1), (c)

LEGAL DESCRIPTION
Fee Parcel No. 2

All that real property lying within the County of Sonoma, State of California and being a portion of the lands of the County of Sonoma, a political subdivision of the State of California, as described in those Grant Deeds recorded in Book 1296, at Page 263, Book 1882, at Page 214 and Book 2083 at Page 514, Official Records of the County of Sonoma and being more particularly described as follows:

Beginning at a point within said lands of the County of Sonoma, from which point City of Santa Rosa monument G-381, as shown on that Record of Survey "of the lands of Alfonso and Rose D'argenzio", filed for record November 21, 2003 in Book 657 of Maps at Page 27, Sonoma County Records, bears North 02°58'22" West 727.94 feet; thence, from said **POINT OF BEGINNING**, along a non tangent curve to the left, from a tangent that bears, North 89°41'02" East, with a radius of 110.50 feet, through a central angle of 24°59'49", for a distance of 48.21 feet; thence, along a compound curve to the left, with a radius of 69.00 feet, through a central angle of 25°55'02", for a distance of 31.21 feet; thence, along a reverse curve, with a radius of 65.50 feet, through a central angle of 51°48'32", for a distance of 59.23 feet; thence, South 89°25'18" East, for a distance of 171.58 feet; thence, along a curve to the left, with a radius of 30.00 feet, through a central angle of 32°26'32", for a distance of 16.99 feet; thence, along a reverse curve, with a radius of 20.00 feet, through a central angle of 32°26'32", for a distance of 11.32 feet; thence, South 89°25'18" East, for a distance of 148.48 feet; thence, South 00°17'33" West, for a distance of 203.22 feet; thence, North 89°24'28" West, for a distance of 328.20 feet; thence, South 00°34'38" West, for a distance of 317.66 feet; thence, North 89°25'27" West, for a distance of 140.18 feet; thence, North 00°22'23" East, for a distance of 457.51 feet to the POINT OF BEGINNING.

Containing 133,987 square feet (3.08 acres), more or less.

Together with the right of ingress and egress to the lands described above.

Reserving therefrom a portion of said parcel to be reserved for access to and maintenance of existing utility facilities over a parcel of land more particularly described as follows:

All that real property lying within the County of Sonoma, State of California and being a portion of the lands of the County of Sonoma, a political subdivision of the State of California, as described in that Grant Deed recorded in Book 1296, at Page 263, Official Records of the County of Sonoma and being more particularly described as follows:

Beginning at a point within said lands of the County of Sonoma, from which point City of Santa Rosa monument G-381, as shown on that Record of Survey "of the lands of Alfonso and Rose D'argenzio", filed for record November 21, 2003 in Book 657 of Maps at Page 27, Sonoma County Records, bears North 02°25'46" West 868.86 feet; thence, from said **POINT OF BEGINNING**, South 89°56'26" East, for a distance of 141.31 feet to a point on the boundary of the hereinabove described Fee Parcel No. 2; thence, along said boundary, the following courses: South 00°34'38" West, for a distance of 317.66 feet; thence, North 89°25'27" West, for a distance of 140.18 feet; thence, North 00°22'23" East, for a distance of 27.66 feet; thence, leaving said boundary of Fee Parcel No. 2, North 87°20'42" East, for a distance of 86.98 feet; thence, North 00°34'38" East, for a distance of 17.71 feet; thence, North 89°25'22" West, for a distance of 86.92 feet to the boundary of said Fee Parcel No. 2; thence, along said boundary, North 00°22'23" East, for a distance of 15.00 feet; thence, leaving said boundary, South 89°25'22" East, for a distance of 86.98 feet; thence, North 00°34'38" East, for a distance of 84.31 feet; thence, South 89°23'31" West, for a distance of 87.29 feet to the boundary of said Fee Parcel No. 2; thence, along said boundary, North 00°22'23" East, for a distance of 20.00 feet; thence, leaving said boundary, North 89°23'31" East, for a distance of 130.80 feet; thence, North 00°34'38" East, for a distance of 112.09 feet; thence, North 89°56'26" West, for a distance of 99.65 feet; thence, South 00°03'34" West, for a distance of 15.06 feet; thence, North 89°56'26" West, for a distance of 31.62 feet to the boundary of said Fee Parcel No. 2; thence, along said boundary, North 00°22'23" East, for a distance of 50.06 feet to the POINT OF BEGINNING.

Excepting therefrom, a portion of the herein above described reserved parcel, the following described parcel of land:

Commencing at the southeast corner of the parcel hereinabove designated as Fee Parcel No. 2; thence from said Point of Commencement, North 15°21'51" West, for a distance of 36.41 feet to the Point of Beginning of the exception parcel to be herein described; thence, from said **POINT OF BEGINNING**, South 87°20'42" West, for a distance of 28.48 feet; thence, North 00°34'38" East, for a distance of 16.86 feet; thence, South 89°25'22" East, for a distance of 28.43 feet; thence, South 00°34'38" West, for a distance of 15.25 feet to the POINT OF BEGINNING.

Also Excepting therefrom, a portion of the herein above described reserved parcel, the following described parcel of land:

Commencing at the southeast corner of the parcel hereinabove designated as Fee Parcel No. 2; thence from said Point of Commencement, North 08°08'04" West, for a distance of 66.02 feet to the Point of Beginning of the exception parcel to be herein described; thence, from said **POINT OF BEGINNING,** North 89°25'22" West, for a distance of 28.43 feet; thence, North 00°34'38" East, for a distance of 84.62 feet; thence, North 89°23'31" East, for a distance of 28.44 feet; thence, South 00°34'38" West, for a distance of 85.21 feet to the POINT OF BEGINNING.

Containing 18,423 square feet (0.42 acres), more or less.

Also Reserving therefrom, a portion of said parcel to be reserved for access to and maintenance of existing utility facilities over a parcel of land more particularly described as follows:

All that real property lying within the County of Sonoma, State of California and being a portion of the lands of the County of Sonoma, a political subdivision of the State of California, as described in that Grant Deed recorded in Book 1882, at Page 214, and Book 2096, at Page 514, Official Records of the County of Sonoma and being more particularly described as follows:

Beginning at the northeast corner of the parcel hereinabove designated as Fee Parcel No. 2; thence, from said **POINT OF BEGINNING**, South 00°17'33" West, for a distance of 20.00 feet; thence, North 89°25'18" West, for a distance of 115.00 feet; thence, South 03°12'51" West, for a distance of 183.38 feet to a point on the boundary of the hereinabove described Fee Parcel No. 2; thence, along said boundary, North 89°24'28" West, for a distance of 15.02 feet; thence, leaving said boundary, North 03°12'51" East, for a distance of 183.38 feet; thence, North 89°25'18" West, for a distance of 255.04 feet to a point on said boundary of Fee Parcel No. 2; thence, along said boundary, on a non tangent curve to the right, from a tangent that bears, North 55°02'47" East, with a radius of 65.50 feet, through a central angle of 35°31'55", for a distance of 40.62 feet; thence, South 89°25'18" East, for a distance of 171.58 feet; thence, along a curve to the left, with a radius of 30.00 feet, through a central angle of 32°26'32", for a distance of 16.99 feet; thence, along a reverse curve, with a radius of 20.00 feet, through a central angle of 32°26'32", for a distance of 11.32 feet; thence, South 89°25'18" East, for a distance of 148.48 feet to the POINT OF BEGINNING.

Containing 8,554 square feet (0.20 acres), more or less

We, Emma Meisner Hendrickson, formerly Emma Meisner Duckhorn, and Edward L. Hendrickson, wife and husband, Grant to the State of California all that real property in the County of Sonoma, State of California, described as:

PARCEL 1

A portion of that certain 31.70 acre tract of land conveyed to Emma Meisner Duckhorn, now Emma Meisner Hendrickson, by deed recorded in Volume 424, at page 391, Official Records of Sonoma County, described as follows:

COMMENCING at the northwesterly corner of said 31.70 acre tract, which corner is distant N. 89° 52' 14" E., 14.78 feet from Engineer's Station 36+42.38 on the center line of the Department of Public Works' survey for the State highway from 0.6 mile south of Santa Rosa to 1.8 miles north of Santa Rosa, Road IV-Son-1-E, SRo; thence along the northerly line of said 31.70 acre tract N. 89° 52' 14" E., 80.00 feet to a line parallel with and 90.00 feet easterly, at right angles, from said center line; thence along said parallel line S. 18° 24' 16" E., 1212.93 feet; thence continuing along said parallel line S. 18° 24' 16" E., 30.00 feet and

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. RMR:hh/8c/5-11-65

RESOLUTION NO. 12379-2

DATED: May 11, 1965

RESOLUTION ACCEPTING BID OF SONOMA COUNTY EMPLOYEES CREDIT UNION AND AUTHORIZING CHAIRMAN TO EXECUTE A DEED TO SONOMA COUNTY EMPLOYEES CREDIT UNION

WHEREAS, pursuant to Resolution No. 12379-1 adopted April 5, 1965, bids for the purchase of county-owned property described in said resolution No. 12379-1 subject to all the terms and conditions of said resolution and the notice of sale in connection therewith were called for, duly noticed, opened and read in public meeting of this Board on this date and oral bids were thereupon called for all as provided in Title 3, Division 2, Part 2, Chapter 5, Article 8, of the Government Code of the State of California, and

WHEREAS, prior to opening and receipt of said bids it was publicly announced that said lands would be conveyed subject to all existing easements and rights of way of record and utility facility occupancies, and that any bidder not willing to accept conveyance subject thereto should withdraw and refrain from bidding, and

WHEREAS, the best bid received was that of Sonoma County Employees Credit Union in the amount of One Hundred & no/100ths---------($100.00---) Dollars;

NOW, THEREFORE, it being deemed by this Board to be for the best public interest so to do, IT IS RESOLVED by the Board of Supervisors of the County of Sonoma that the bid of Sonoma County Employees Credit Union be and it is hereby accepted, and

BE IT FURTHER RESOLVED that the Chairman of this Board be and he is hereby authorized to execute a deed to the lands described in said Resolution No.12379-1 containing and subject to the terms and conditions referred to therein and subject to all existing easements and rights of way of record and utility facility occupancies, and to deliver said deed upon performance and compliance by said purchaser with all the terms and

conditions of the contract to be performed concurrently therewith.

The foregoing resolution was introduced by Supervisor Nordyke, who moved its adoption, seconded by Supervisor Vella, and adopted on roll call on May 11, 1965, by the following vote:

Supervisor Vella	Aye
Supervisor Shoemaker	Aye
Supervisor Nordyke	Aye

GRANT DEED

PREMISES:

All conditions precedent of law having heretofore been met by compliance with Title 3, Division 2, Part 2, Chapter 5, Article 8, of the Government Code of the State of California, for proof of which reference is hereby made to Resolution No. 12379-1 and Resolution No. 12736 and records of proceedings before the Board of Supervisors on April 5, 1965 and May 11, 1965, respectively, and consideration of One Hundred Dollars ($100.00) having been heretofore paid by grantee and received by grantor.

WITNESSETH:

The County of Sonoma, a political subdivision of the State of California, hereby grants to the Sonoma County Employees Credit Union, a corporate entity, subject to the terms, conditions, limitations, reservations, and reversions hereinafter stated, and subject to all existing easements and rights of way of record and utility facility occupancies existent at the date hereof, all of that certain real property lying and being in the City of Santa Rosa, County of Sonoma, State of California, more particularly described as follows, to wit:

Commencing at a 6"x6" concrete monument on the westerly line of Mendocino Avenue and the northeasterly line of the lands shown on that certain record of survey entitled "Record of Survey of Lands Acquired by The County of Sonoma Being a Portion of Rancho San Miguel" and recorded in Book 71 of Maps, Page 25, from which a 6"x6" concrete monument on the northerly line of said lands as shown on said map bears N 24°00'30" W 393.00 feet. Thence from said point of commencement and along the easterly line of the above said lands S 24°00'30" E 37.44 feet to the most easterly corner of said lands. Thence along the southerly boundary of said lands S 59°12'30" W 108.76 feet; S 76°14' 30" W 100.04 feet; S 47°19' W 73.35 feet; S 83°17' W 73.49 feet; S 67°12' W 88.91 feet; N 81°44'30" W 78.70 feet; S 65°09'30" W 46.92 feet; S 12°59'30" E 62.50 feet; S 49°15' W 49.45 feet; N 85°26' W 80.36 feet; S 47°58'30" W 153.96 feet to the point of beginning; Thence from said point of beginning and continuing along said southerly line S 72°24' W 127.33 feet; N 77°24' W 138.42 feet. Thence leaving said southerly line North 120 feet more or less to the back face of the existing concrete curb on the southerly side of the access road to the County Administration Center from Mendocino Avenue. Thence easterly along said back face of said concrete curb to a point that bears North from the point of beginning. Thence South 145 feet more or less to the point of beginning. Containing 0.87 acres, more or less.

EXCEPTING AND SUBJECT TO the following terms, conditions, limitations, restrictions, reservations, remainders and conditional reversions, which shall run with the land and bind and inure to the benefit of successors and assigns of the grantee and the grantor, acceptance of which and agreement to which shall be had and evidenced by acceptance of this deed:

1. Said property shall be used solely for the purpose of erecting an office building, parking and related improvements thereon, the plans and specifications for which shall be approved by the Board of Supervisors of the County of Sonoma prior to commencement of construction.

2. Said office building and related facilities shall be used solely for said Credit Union operation purposes, except that excess space may be leased or rented to the Sonoma County Employees Association or its successors, or to the County of Sonoma or other governmental agency or, provided the Board of Supervisors of the County of Sonoma first by resolution of said Board consents thereto, to any quasi-governmental agency or other renter or lessee so approved.

3. Said building and grounds shall be maintained in good condition compatible aesthetically and physically to the surrounding Administration Center site.

4. The fee title to said land shall automatically revert and revest in the County of Sonoma upon abandonment of use thereof by said Credit Union or upon its devotion to any other use than those authorized as hereinabove provided.

5. The immediate foregoing provisions numbered 1, through 4. hereof shall terminate and be of no further force and effect whatsoever (1) as to any portion of the lands herein described title to which reverts or upon and in the event of reversion revests by any other means in the County of Sonoma, or (2) in the event of permanent abandonment by the County of Sonoma of use for governmental buildings and purposes of all (as distinguished from abandonment of a part) of the remainder of the County Administration site from which the lands herein described are conveyed.

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. Gov. Code Sec. 12956.2(a)(1), (b)(1), (c)

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. Gov. Code Sec. 12956.2(a)(1), (b)(1), (c)

LEGAL DESCRIPTION
Fee Parcel No. 2

All that real property lying within the County of Sonoma, State of California and being a portion of the lands of the County of Sonoma, a political subdivision of the State of California, as described in those Grant Deeds recorded in Book 1296, at Page 263, Book 1882, at Page 214 and Book 2083 at Page 514, Official Records of the County of Sonoma and being more particularly described as follows:

Beginning at a point within said lands of the County of Sonoma, from which point City of Santa Rosa monument G-381, as shown on that Record of Survey "of the lands of Alfonso and Rose D'argenzio", filed for record November 21, 2003 in Book 657 of Maps at Page 27, Sonoma County Records, bears North 02°58'22" West 727.94 feet; thence, from said **POINT OF BEGINNING**, along a non tangent curve to the left, from a tangent that bears, North 89°41'02" East, with a radius of 110.50 feet, through a central angle of 24°59'49", for a distance of 48.21 feet; thence, along a compound curve to the left, with a radius of 69.00 feet, through a central angle of 25°55'02", for a distance of 31.21 feet; thence, along a reverse curve, with a radius of 65.50 feet, through a central angle of 51°48'32", for a distance of 59.23 feet; thence, South 89°25'18" East, for a distance of 171.58 feet; thence, along a curve to the left, with a radius of 30.00 feet, through a central angle of 32°26'32", for a distance of 16.99 feet; thence, along a reverse curve, with a radius of 20.00 feet, through a central angle of 32°26'32", for a distance of 11.32 feet; thence, South 89°25'18" East, for a distance of 148.48 feet; thence, South 00°17'33" West, for a distance of 203.22 feet; thence, North 89°24'28" West, for a distance of 328.20 feet; thence, South 00°34'38" West, for a distance of 317.66 feet; thence, North 89°25'27" West, for a distance of 140.18 feet; thence, North 00°22'23" East, for a distance of 457.51 feet to the POINT OF BEGINNING.

Containing 133,987 square feet (3.08 acres), more or less.

Together with the right of ingress and egress to the lands described above.

Reserving therefrom a portion of said parcel to be reserved for access to and maintenance of existing utility facilities over a parcel of land more particularly described as follows:

All that real property lying within the County of Sonoma, State of California and being a portion of the lands of the County of Sonoma, a political subdivision of the State of California, as described in that Grant Deed recorded in Book 1296, at Page 263, Official Records of the County of Sonoma and being more particularly described as follows:

Beginning at a point within said lands of the County of Sonoma, from which point City of Santa Rosa monument G-381, as shown on that Record of Survey "of the lands of Alfonso and Rose D'argenzio", filed for record November 21, 2003 in Book 657 of Maps at Page 27, Sonoma County Records, bears North 02°25'46" West 868.86 feet; thence, from said **POINT OF BEGINNING**, South 89°56'26" East, for a distance of 141.31 feet to a point on the boundary of the hereinabove described Fee Parcel No. 2; thence, along said boundary, the following courses: South 00°34'38" West, for a distance of 317.66 feet; thence, North 89°25'27" West, for a distance of 140.18 feet; thence, North 00°22'23" East, for a distance of 27.66 feet; thence, leaving said boundary of Fee Parcel No. 2, North 87°20'42" East, for a distance of 86.98 feet; thence, North 00°34'38" East, for a distance of 17.71 feet; thence, North 89°25'22" West, for a distance of 86.92 feet to the boundary of said Fee Parcel No. 2; thence, along said boundary, North 00°22'23" East, for a distance of 15.00 feet; thence, leaving said boundary, South 89°25'22" East, for a distance of 86.98 feet; thence, North 00°34'38" East, for a distance of 84.31 feet; thence, South 89°23'31" West, for a distance of 87.29 feet to the boundary of said Fee Parcel No. 2; thence, along said boundary, North 00°22'23" East, for a distance of 20.00 feet; thence, leaving said boundary, North 89°23'31" East, for a distance of 130.80 feet; thence, North 00°34'38" East, for a distance of 112.09 feet; thence, North 89°56'26" West, for a distance of 99.65 feet; thence, South 00°03'34" West, for a distance of 15.06 feet; thence, North 89°56'26" West, for a distance of 31.62 feet to the boundary of said Fee Parcel No. 2; thence, along said boundary, North 00°22'23" East, for a distance of 50.06 feet to the POINT OF BEGINNING.

Excepting therefrom, a portion of the herein above described reserved parcel, the following described parcel of land:

Commencing at the southeast corner of the parcel hereinabove designated as Fee Parcel No. 2; thence from said Point of Commencement, North 15°21'51" West, for a distance of 36.41 feet to the Point of Beginning of the exception parcel to be herein described; thence, from said **POINT OF BEGINNING**, South 87°20'42" West, for a distance of 28.48 feet; thence, North 00°34'38" East, for a distance of 16.86 feet; thence, South 89°25'22" East, for a distance of 28.43 feet; thence, South 00°34'38" West, for a distance of 15.25 feet to the POINT OF BEGINNING.

Also Excepting therefrom, a portion of the herein above described reserved parcel, the following described parcel of land:

Commencing at the southeast corner of the parcel hereinabove designated as Fee Parcel No. 2; thence from said Point of Commencement, North 08°08'04" West, for a distance of 66.02 feet to the Point of Beginning of the exception parcel to be herein described; thence, from said **POINT OF BEGINNING,** North 89°25'22" West, for a distance of 28.43 feet; thence, North 00°34'38" East, for a distance of 84.62 feet; thence, North 89°23'31" East, for a distance of 28.44 feet; thence, South 00°34'38" West, for a distance of 85.21 feet to the POINT OF BEGINNING.

Containing 18,423 square feet (0.42 acres), more or less.

Also Reserving therefrom, a portion of said parcel to be reserved for access to and maintenance of existing utility facilities over a parcel of land more particularly described as follows:

All that real property lying within the County of Sonoma, State of California and being a portion of the lands of the County of Sonoma, a political subdivision of the State of California, as described in that Grant Deed recorded in Book 1882, at Page 214, and Book 2096, at Page 514, Official Records of the County of Sonoma and being more particularly described as follows:

Beginning at the northeast corner of the parcel hereinabove designated as Fee Parcel No. 2; thence, from said **POINT OF BEGINNING**, South 00°17'33" West, for a distance of 20.00 feet; thence, North 89°25'18" West, for a distance of 115.00 feet; thence, South 03°12'51" West, for a distance of 183.38 feet to a point on the boundary of the hereinabove described Fee Parcel No. 2; thence, along said boundary, North 89°24'28" West, for a distance of 15.02 feet; thence, leaving said boundary, North 03°12'51" East, for a distance of 183.38 feet; thence, North 89°25'18" West, for a distance of 255.04 feet to a point on said boundary of Fee Parcel No. 2; thence, along said boundary, on a non tangent curve to the right, from a tangent that bears, North 55°02'47" East, with a radius of 65.50 feet, through a central angle of 35°31'55", for a distance of 40.62 feet; thence, South 89°25'18" East, for a distance of 171.58 feet; thence, along a curve to the left, with a radius of 30.00 feet, through a central angle of 32°26'32", for a distance of 16.99 feet; thence, along a reverse curve, with a radius of 20.00 feet, through a central angle of 32°26'32", for a distance of 11.32 feet; thence, South 89°25'18" East, for a distance of 148.48 feet to the POINT OF BEGINNING.

Containing 8,554 square feet (0.20 acres), more or less

Basis of Bearings: City of Santa Rosa Horizontal Control System (Datum: NAD 27) between found monuments G-381 and G-379 as N 89°41'35" E.

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. Gov. Code Sec. 12956.2(a)(1), (b)(1), (c)

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. Gov. Code Sec. 12956.2(a)(1), (b)(1), (c)

END OF DOCUMENT

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. Gov. Code Sec. 12956.2(a)(1), (b)(1), (c)

Exhibit "A"

Legal Description

Real property in the City of Santa Rosa, County of Sonoma, State of California, described as follows:

Parcel One:

Being a part of the RANCHO SAN MIGUEL in Township 7 North, Range 8 West, M. D. B. M., and more particularly described as follows:

Beginning in the center of a creek in the line between the land of Frank Steele and the North line of that certain tract of land conveyed May 19, 1903, by John Bayler to Robert Lockhart and Margaret Jane Lockhart, recorded in Book 206 of deeds, Page 340, of Sonoma County records, which said point is North 0° 08' 00" East 1373.5 feet from the center of a county road; thence North 0° 08' 00" East 1300.8 feet to an iron pipe; thence North 89° 47' 00" West, 821.8 feet to an iron pin in the center of a right-of-way, said right-of-way now being laid out as forty feet in width and would be the continuation of Cleveland Avenue if extended; thence South 0° 09' 00" West 1271.0 feet to the center of said creek; thence South 87° 43' 00" East, 822.65 feet to the Point of Beginning.

Excepting therefrom all those certain parcels of land as described in the following Grant Deeds of record:

A) Grant Deed conveyed to John J. Bettini, a single man, recorded August 7, 1951, in Book 1067, Page 295 of Official Records.
B) Grant Deed conveyed to Sonoma County land title company, a corporation, recorded March 2, 1955, in Book 1333, Page 148 of Official Records and re-recorded March 23, 1955, in Book 1336, Page 359 of Official Records.
C) Grant Deed conveyed to Francis Carrington, recorded in Book 1546, Page 17 of Official Records.
D) Grant Deed conveyed to the City of Santa Rosa, a municipal corporation, recorded May 3, 1961, in Book 1821, Page 641 of Official Records.
E) Grant Deed conveyed to Santa Rosa Enterprises, a California corporation, recorded December 3, 1963, in Book 2005, Page 944 of Official Records.
F) Grant Deed conveyed to the State of California, acting by and through the Judicial Council of California, administrative office of the courts, recorded June 11, 2012, as Instrument No. 2012-054974 of Official Records.
G) Grant Deed conveyed to the State of California, acting by and through the Judicial Council of California, administrative office of the courts, recorded June 11, 2012, as Instrument No. 2012-054977 of Official Records.

Parcel Two:

Being located in the RANCHO SAN MIGUEL in Township 7 North, Range 8 West, M. D. B. M., and more particularly described as follows:

Commencing at the Northeast corner of the 31.70 acre tract described in the deed to Emma Meisner Duckhorn, date March 24, 1928 and recorded March 25, 1937 in Book 424 of Official Records, Page 391 Sonoma county records (serial no. A-80411) and running thence South 0° 09' 00" West along the East line of the said tract, 1312 feet, more or less, to the Northeasterly line of the state freeway leading Northerly from Santa Rosa, as described in the deed to the State of California recorded in Book 642 of official record Page 419 Sonoma county records; thence running Northwesterly along the Northeasterly

line of the State of California freeway, a distance of 1384.53 feet to the Northerly line of the said 31.70 acre tract hereinabove referred to; thence Easterly along said Northerly line a distance of 455 feet more or less, to the point of commencement.

Parcel Three:

Commencing at a white oak tree standing at the intersection of the Easterly line of the RANCHO SAN MIGUEL with the Northerly line of the Rancho Cabeza De Santa Rosa; Thence South 68° 30' 00" West 147 feet to an iron pin; thence South 77° 00' 00" West 1808.20 feet to an iron pin at the Southwesterly corner of the former Frank Steele Lands; thence North 0° 45' 00" West 1353.60 feet to the center of Paulina Creek and the point of commencement of the herein described lands, from which point an iron pin bears South 0° 45' 00" East 13 feet distant; thence up the center of the creek, South 80° 14' 00" East 262.2 feet; North 71° 40' 00" East, 129.70 feet; North 48° 43' 00" East, 153.45 feet; North 79° 28' 00" East, 115.52 feet; North 15° 28' 00" East, 108.85 feet; South 87° 43' 00" East, 126.20 feet; North 64° 47' 00" East, 190 feet; North 84° 06' 00" East, 62.30 feet; North 56° 26' 00" East, 147.80 feet; North 64° 26' 00" East, 121 feet; North 44° 33' 00" East, 98.44 feet; North 86° 36' 00" East, 55.14 feet to a point from which an iron pipe in the Westerly line of the former Finlaw 10 acre tract bears South 7° 55' 00" East, 35 feet distant; thence North 60° 42' 00" East, 55.30 feet; North 19° 10' 00" West, 94.50 feet; North 38° 24' 00" East 185.26 feet to a point from which an iron pin bears South 89° 38' 00" West 45 feet distant; thence South 89° 38' 00" West 1502.70 feet to an iron pin in the Westerly line of former Frank Steele Ranch; thence along said Westerly line, South 0° 45' 00" East, 766.89 feet to the point of commencement.

Excepting therefrom all those certain parcels of land as described in the following Grant Deeds of record:

A) deed conveyed to the State of California, recorded February 17, 1927, in Book 164, Page 218 of Official Records.
B) Grant Deed conveyed to G. H. Oman, a married man, recorded June 30, 1931, in Book 299, Page 269 of Official Records.
C) Grant Deed conveyed to the Sonoma County employees credit union, a corporate entity, recorded July 13, 1965, in Book 2141, Page 842 of Official Records.
D) Grant Deed conveyed to the City of Santa Rosa, a municipal corporation, recorded March 20, 1969, in Book 2384, Page 544 of Official Records.
E) Grant Deed conveyed to the Sonoma County employees credit union, recorded January 6, 1981, as Instrument No. 1981-000627 of Official Records and re-recorded January 16, 1981, as Instrument No. 1981-002665 of Official Records.

Parcel Four:

Being a portion of RANCHO SAN MIGUEL and a portion of the lands of John Bower as recorded in Book 1472 Official Records, Page 271, Parcel 1 and being more particularly described as follows:

Beginning at a 1 ¼ "iron pipe monument marking the Northwest corner of the above said lands of bower, said iron pipe monument also being the Northeast corner of the lands of J. J. Bettini as recorded in Book 1067 of Official Records, Page 295 and also being in the Southerly line of Lot 22 of SANTA ROSA RURAL TRACTS as recorded in Book 18 of Maps, Page 19, Sonoma County records; thence from said Point of Beginning and along the Westerly line of the above said lands of bower South 0° 01' 00" West 530.39 feet (South 0° 45' 00" East, 533.81 feet deed) as shown on a map entitled "record of survey of lands acquired by the County of Sonoma" dated February 1956, and recorded in Book 71 of Maps, Page 25, Sonoma County records, to a 6 "X 6" concrete monument (formerly a ½ "iron pipe monument found) marking the Southwest corner of the said lands of bower; said Westerly line also being the Easterly line of the above said lands of Bettini and an Easterly line of the above said lands of the County of Sonoma; thence from said concrete monument and along the Southerly line of the said lands of Bower South 89° 39' 00" East (North 89° 39' 00" East., deed) 328.64 feet to a point from which a 6 "X 6" concrete monument marking a Northeast corner of the said lands of the County of Sonoma bears South 89° 39' 00" East 622.28 feet; thence leaving said Southerly line North 0° 01' 00" East 530.01 feet to a point in the Northerly line of the said lands of bower; thence from said point and along said Northerly line North 89° 35' 00" West 328.64 feet to the Point of Beginning.

Excepting therefrom all that portion of the above described parcel conveyed to the State of California, acting by and through the Judicial Council of California, administrative office of the courts, recorded June 11, 2012, as Instrument No. 2012-054974 of Official Records.

Parcel Five:

Being a portion of RANCHO SAN MIGUEL and of the lands of John J. Bettini as recorded in Book 1067 Official Records, Page 295, and being more particularly described as follows:

Beginning at a 1- ¼ inch iron pipe monument marking the Northeast corner of the above said lands of Bettini from which a 3/4 inch iron pipe with a 3 inch brass cap monument as shown on a "record of survey of the lands acquired by the County of Sonoma", as recorded in Book 71 of Maps, Page 25, bears North 89° 35' 00" West, 632.94 feet, said 3 inch brass cap monument marks the Southwest corner of Lot 22 as shown on a map entitled "SANTA ROSA RURAL TRACTS" as recorded in Book 18 of Maps, Page 19; said Point of Beginning also marks the Northwest corner of the lands of the County of Sonoma as recorded in Book 1882 of Official Records, Page 214; thence from said Point of Beginning and along the Easterly line of the said lands of Bettini, South 0° 01' 00" West (South 0° 16' 00" East deed) 146.00 feet to a 3 inch brass cap monument as shown on said "record of survey" and the Southeast corner of the said lands of Bettini; thence North 89° 35' 00" West (North 89° 50' 00" West deed) 269.58 feet to the Southeast corner of the lands of the City of Santa Rosa as recorded in Book 1821 Official Records, Page 641, from which a 3 inch brass cap monument marking the Southwest corner of the said lands of the City of Santa Rosa bears North 89° 35' 00" West 30.00 feet; thence from said Southeast corner North 0° 31' 10" West (North 0° 02' 00" West deed) 146.02 feet to the Northeast corner of said lands of the City of Santa Rosa from which a 3 inch brass cap monument marking the Northwest corner of the said lands of the City of Santa Rosa bears North 89° 35' 00" West 30.00 feet; thence from said Northeast corner South 89° 35' 00" East 270.94 feet to the Point of Beginning.

Excepting therefrom all that portion of the above described parcel conveyed to the State of California, acting by and through the Judicial Council of California, administrative office of the courts, recorded June 11, 2012, as Instrument No. 2012-054974 of Official Records.

Parcel Six:

Part of the RANCHO SAN MIGUEL and of the parcel of land as conveyed to Thomas Realty, a co-partnership, by deed dated May 23, 1946 and recorded July 24, 1946 in Book 700 of Official Records, Page 146, recorders serial no. C-23112, Sonoma County records, and being more particularly described as follows, TO-WIT:

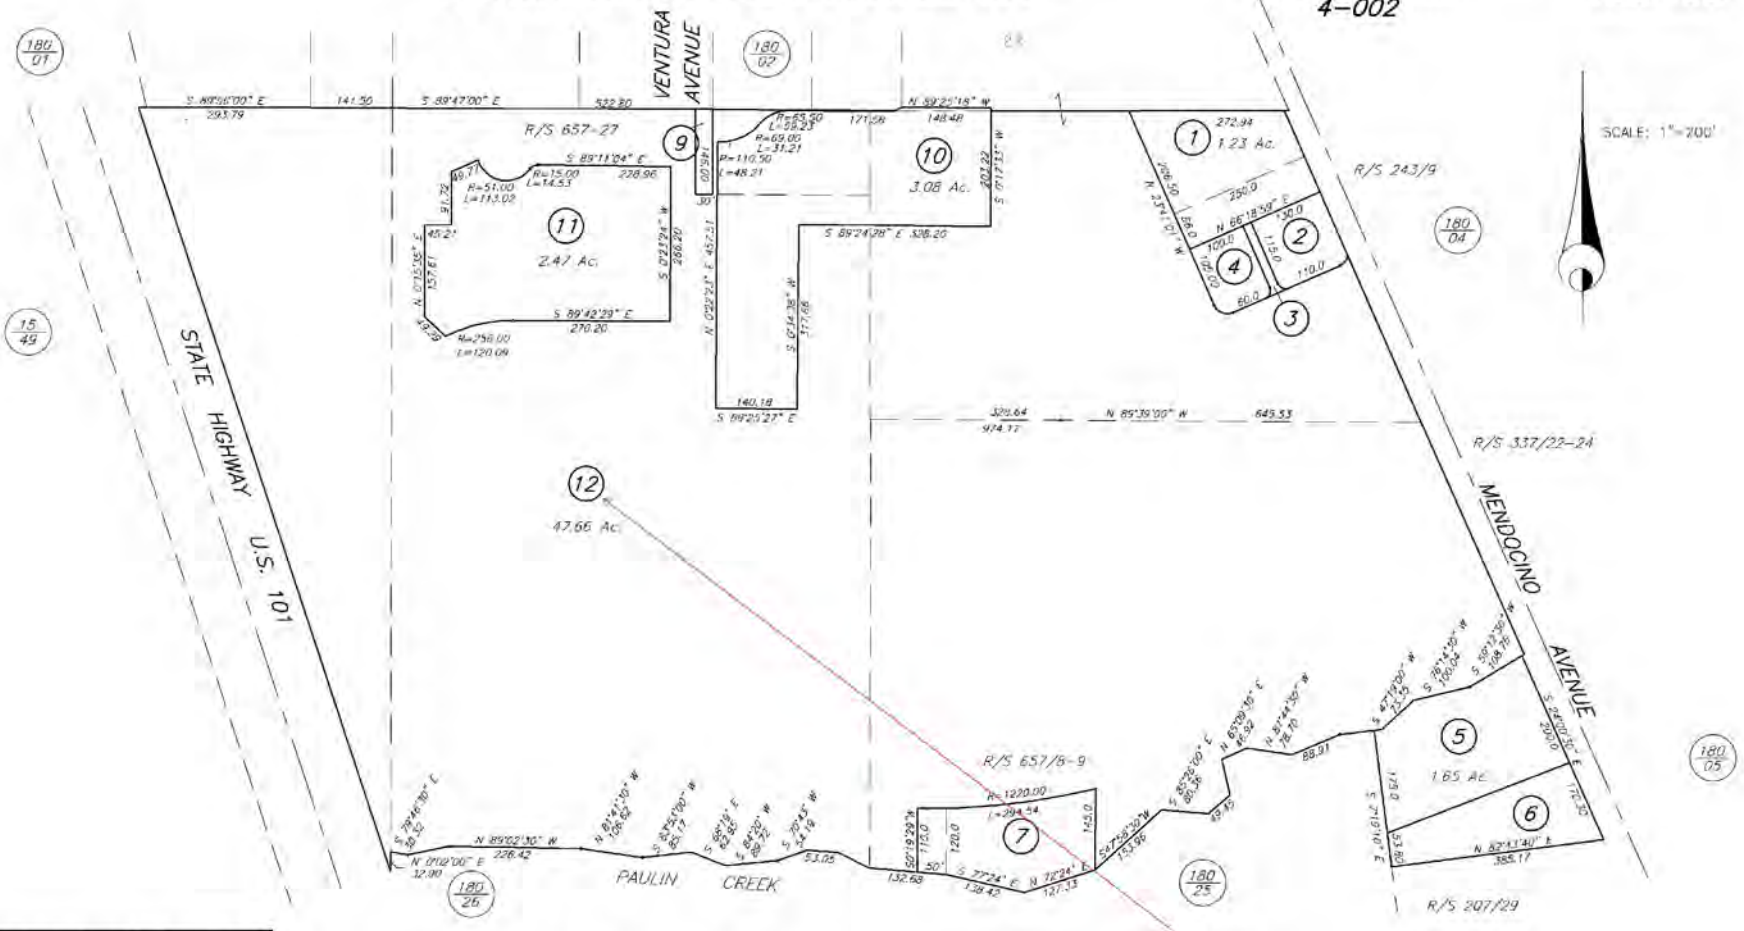
Beginning at an iron pipe in the Westerly line of the state highway leading from Healdsburg to Santa Rosa, being the Southeasterly corner of the aforesaid Thomas Realty parcel; thence along said Westerly line of said highway North 24° 00' 30" West, 319.60 feet; thence along a curve to the right from a tangent bearing South 24° 00' 30" East with a radius of 25.00 feet, a distance of 39.27 feet; thence South 65° 59' 30" West, 200 feet; thence on a curve to the right with a radius of 25.0 feet, a distance of 39.27 feet; thence North 24° 00' 30" West, 105 feet; thence North 65° 00' 00" 30 "East 250.0 feet to a point in the said Westerly line of the highway; thence along said Westerly line North 24° 00' 30" West, 161.6 feet to the Northeasterly corner of said Thomas Realty parcel; thence along the Northerly line thereof South 89° 38' 00" West, 707.73 feet, more or less, to the Northwest corner thereof; thence along its Westerly line South 0° 45' 00" East, 533.81 feet to the Southwesterly corner thereof; thence along it's Southerly line North 89° 38' 00" East 937.17 feet, more or less, to the said Point of Beginning.

Excepting all that portion of the above described real property conveyed by John J. Bower and Ida bower to James A. Mills and Dorothy C. Mills and described within Parcel One in an instrument recorded on August 30, 1957 in Book 1541 at Page 375 of Official Records of Sonoma County, California.

Also Excepting all that portion of the above described real property conveyed by John J. Bower and Ida L. Bower to the County of Sonoma, a political subdivision and described in an instrument recorded on April 5, 1962 in Book 1882 at Page 214 of Official Records of Sonoma County, California.

Also excepting therefrom all that portion of the above described real property conveyed by the County of

Sonoma, a political subdivision of the State of California to the City of Santa Rosa, a municipal corporation and described in an instrument recorded August 8, 1973 in Book 2789, Page 135 of Official Records and recorded November 29, 1973 in Book 2819, Page 505 of Official Records of Sonoma County, California.



Also excepting therefrom all that portion of the above described real property conveyed to Lockwood-Reynaud, Inc and described in an instrument recorded December 15, 1976 in Book 3164, Page 745 of Official Records of Sonoma County, California.

Privacy Notice

Last Updated and Effective Date: December 1, 2023

First American Financial Corporation and its subsidiaries and affiliates (collectively, "First American," "we," "us," or "our") describe in our full privacy policy ("Policy"), which can be found at https://www.firstam.com/privacy-policy/, how we collect, use, store, and disclose your personal information when: (1) when you access or use our websites, mobile applications, web-based applications, or other digital platforms where the Policy is posted ("Sites"); (2) when you use our products and services ("Services"); (3) when you communicate with us in any manner, including by e-mail, in-person, telephone, or other communication method ("Communications"); (4) when we obtain your information from third parties, including service providers, business partners, and governmental departments and agencies ("Third Parties"); and (5) when you interact with us to conduct business dealings, such as the personal information we obtain from business partners and service providers and contractors who provide us certain business services ("B2B"). This shortened form of the Policy describes some of the terms contained in the Policy.

The Policy applies wherever it is posted. To the extent a First American subsidiary or affiliate has different privacy practices, such entity shall have their own privacy statement posted as applicable.

Please note that the Policy does not apply to any information we collect from job candidates and employees. Our employee and job candidate privacy policy can be found here.

What Type Of Personal Information Do We Collect About You? We collect a variety of categories of personal information about you. To learn more about the categories of personal information we collect, please visit https://www.firstam.com/privacy-policy/.

How Do We Collect Your Personal Information? We collect your personal information: (1) directly from you; (2) automatically when you interact with us; and (3) from other parties, including business parties and affiliates.

How Do We Use Your Personal Information? We may use your personal information in a variety of ways, including but not limited to providing the services you have requested, fulfilling your transactions, complying with relevant laws and our policies, and handling a claim. To learn more about how we may use your personal information, please visit https://www.firstam.com/privacy-policy/.

How Do We Disclose Your Personal Information? We do not sell your personal information or share your personal information for cross-context behavioral advertising. We may, however, disclose your personal information, including to subsidiaries, affiliates, and to unaffiliated parties, such as service providers and contractors: (1) with your consent; (2) in a business transfer; (3) to service providers and contractors; (4) to subsidiaries and affiliates; and (5) for legal process and protection. To learn more about how we disclose your personal information, please visit https://www.firstam.com/privacy-policy/.

How Do We Store and Protect Your Personal Information? The security of your personal information is important to us. That is why we take all commercially reasonable steps to make sure your personal information is protected. We use our best efforts to maintain commercially reasonable technical, organizational, and physical safeguards, consistent with applicable law, to protect your personal information.

How Long Do We Keep Your Personal Information? We keep your personal information for as long as necessary in accordance with the purpose for which it was collected, our business needs, and our legal and regulatory obligations.

Your Choices We provide you the ability to exercise certain controls and choices regarding our collection, use, storage, and disclosure of your personal information. You can learn more about your choices by visiting https://www.firstam.com/privacy-policy/.

International Jurisdictions: Our Services are offered in the United States of America (US), and are subject to US federal, state, and local law. If you are accessing the Services from another country, please be advised that you may be transferring your information to us in the US, and you consent to that transfer and use of your information in accordance with the Policy. You also agree to abide by the applicable laws of applicable US federal, state, and local laws concerning your use of the Services, and your agreements with us.

Changes to Our Policy: We may change the Policy from time to time. Any and all changes to the Policy will be reflected on this page and in the full Policy, and where appropriate provided in person or by another electronic method. YOUR CONTINUED USE, ACCESS, OR INTERACTION WITH OUR SERVICES OR YOUR CONTINUED COMMUNICATIONS WITH US AFTER THIS NOTICE HAS BEEN PROVIDED TO YOU WILL REPRESENT THAT YOU HAVE READ AND UNDERSTOOD THE POLICY.

For California Residents

If you are a California resident, you may have certain rights under California law, including but not limited to the California Consumer Privacy Act of 2018, as amended by the California Privacy Rights Act and its implementing regulations. If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. Gov. Code Sec. 12956.2(a)(1), (b)(1), (c)

RESTRICTIVE COVENANT MODIFICATION

The following reference document contains a restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in Section 12955 of the Government Code, or ancestry, that violates state and federal fair housing laws and is void. Pursuant to Section 12956.2 of the Government Code, this document is being recorded solely for the purpose of redacting and eliminating that restrictive covenant as shown on page(s) ___ of the document recorded on _____(date) in book _____ and page _____ or instrument number _____ of the official records of the County of _____, State of California.

Attached hereto is a true, correct and complete copy of the document referenced above, with the unlawful restrictive covenant redacted.

This modification document shall be indexed in the same manner as the original document being modified, pursuant to subdivision (d) of Section 12956 of the Government Code.

The effective date of the terms and conditions of the modification document shall be the same as the effective date of the original document.

Signature of Submitting Party: _____ Date: _____

Print Name: _____

_____ County Counsel, or their designee, pursuant to paragraph (1) of subdivision (b) of Section 12956.2 of the Government Code, hereby states that it has determined that the original document referenced above contains an unlawful restriction and this modification may be recorded.
Or
_____County Counsel, or their designee, pursuant to paragraph (1) of subdivision (b) of Section 12956.2 of the Government Code, finds that the original document does not contain an unlawful restriction, or the modification document contains modifications not authorized, and this modification may not be recorded.

END OF DOCUMENT

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. Gov. Code Sec. 12956.2(a)(1), (b)(1), (c)

Deed - Easement

This Indenture made the 6th day of April one thousand nine hundred and fifty-six

Between COUNTY OF SONOMA, A POLITICAL SUBDIVISION

the party of the first part, and the City of Santa Rosa, a Municipal Corporation existing under the constitution and laws of the State of California, the party of the second part,

Witnesseth: That the said party of the first part, in consideration of the sum of one dollar ($1.00) and other valuable consideration, the receipt whereof is hereby acknowledged, does by these presents grant, bargain, and sell unto the said party of the second part, and to its successors and assigns forever, a perpetual easement with a right of immediate entry and continued possession for the construction, improvement, maintenance and repair of ~~streets, sidewalks, curbs, gutters, water mains and connections~~ sewers ~~and such other public or public utility purposes as the said City of Santa Rosa may choose to make thereof~~, in and to all that real property situated, lying and being in the City of Santa Rosa, County of Sonoma, State of California, and bounded and described as follows, to-wit:

"A right-of-way over a strip of land 10 feet wide lying 5 feet on each side of a center line described as follows: Beginning at a point on the East boundary of the County of Sonoma property described by Deeds recorded in Book 1294, Page 408, and Book 1296, Pages 263 and 267, of Official Records, Sonoma County, said boundary being also the West boundary of the 70 foot wide Mendocino Avenue right-of-way, and said point being N 24°00'30" W 39.78 feet distant from the intersection of the South boundary of said County of Sonoma property with the West boundary of said Mendocino Avenue right-of-way; thence S 71°37'30" W 495.23 feet to a point; thence S 56°28' W 368.73 feet to a point; thence N 89°10' W 1167.17 feet to a point that is N 71°42'30" E 5.00 feet distant from the West boundary of said County of Sonoma property, said West boundary being also the East boundary of the 180 foot wide State Freeway right-of-way; thence N 18° 17'30" W 1309.30 feet to a point on the North boundary of, and S 89°45' E 5.27 feet distant from Westernmost corner of said County of Sonoma property; and containing 0.768 acres.

Basis of bearings is the East boundary of said County of Sonoma property adjoining Mendocino Avenue.

"An Easement to be used for sewer construction purposes over a strip of land 15 feet wide, North and East of, adjoining, and extending along the above described right-of-way."

This Indenture and all the terms herein contained shall bind and inure to the benefit of the grantee, successors and assigns thereof, and shall bind and inure to the benefit of the grantor, and the successors and assigns of the grantor.

In Witness Whereof the said party of the first part has executed these presents the day and year first above written.

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. A strip of land 10 feet wide lying 5 feet on each side of a centerline described as follows:

Beginning at a point on the east boundary of the County of Sonoma property described by Deeds, recorded in Book 1294, Page 408, and Book 1296, Pages 263 and 267 of Official Records, Sonoma County, said boundary being also the west boundary of the 70 foot wide Mendocino Avenue right of way, and said point being N 24° 00' 30" W, 39.78 feet distant from the intersection of the south boundary of said County of Sonoma property with the west boundary of said Mendocino Avenue right of way; thence S 71° 37' 30" W 495.23 feet to a point; thence S 56° 28' W 368.73 feet to a point to the true point of beginning of this easement; thence from said true point of beginning, S 47° 58' 00" W, 91.62 feet; thence N 86° 39' 09" W, 100.75 feet; thence N 52° 28' 07" W, 96.90 feet to the intersection of the centerline of a ten foot easement granted to the City of Santa Rosa from the County of Sonoma for the North Trunk Sewer.

Containing 0.066 acres, more or less.

Basis of Bearings: East boundary of said County of Sonoma property adjoining Mendocino Avenue.

A.P. No. 12-281-32

Ref: R-2152A

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. Gov. Code Sec. 12956.2(a)(1), (b)(1), (c)

Exhibit A
Legal Description Easement

The land described herein is for a 15 foot wide Sanitary Sewer easement extending 7.5 feet either side of the following described center line and extending radially 7.5 feet around the beginning and end points. Said Easement is for the construction and maintenance of a public sanitary sewer main over the lands of Sonoma County as described in a Record of Survey recorded February, 29, 1956 in Book 71 of Maps at Page 25, situated in the State of California, County of Sonoma, Lying within Rancho San Miguel. Said easement center line is more particularly described as follows and shown in the attached Exhibit B:

COMMENCING at a 3 inch Brass Disk labeled "G-14" "City of Santa Rosa" in a standard monument casing in the centerline of Mendocino Ave, from which bears N28°06'02" W 2,976.45 feet a 3 inch Brass Disk labeled "G-380" "City of Santa Rosa" in a standard monument casing in the centerline of Mendocino Ave.

Thence N 76°18'31" W, 665.91 feet to the **TRUE POINT OF BEGINNING**, also being the location of SSMH #23;

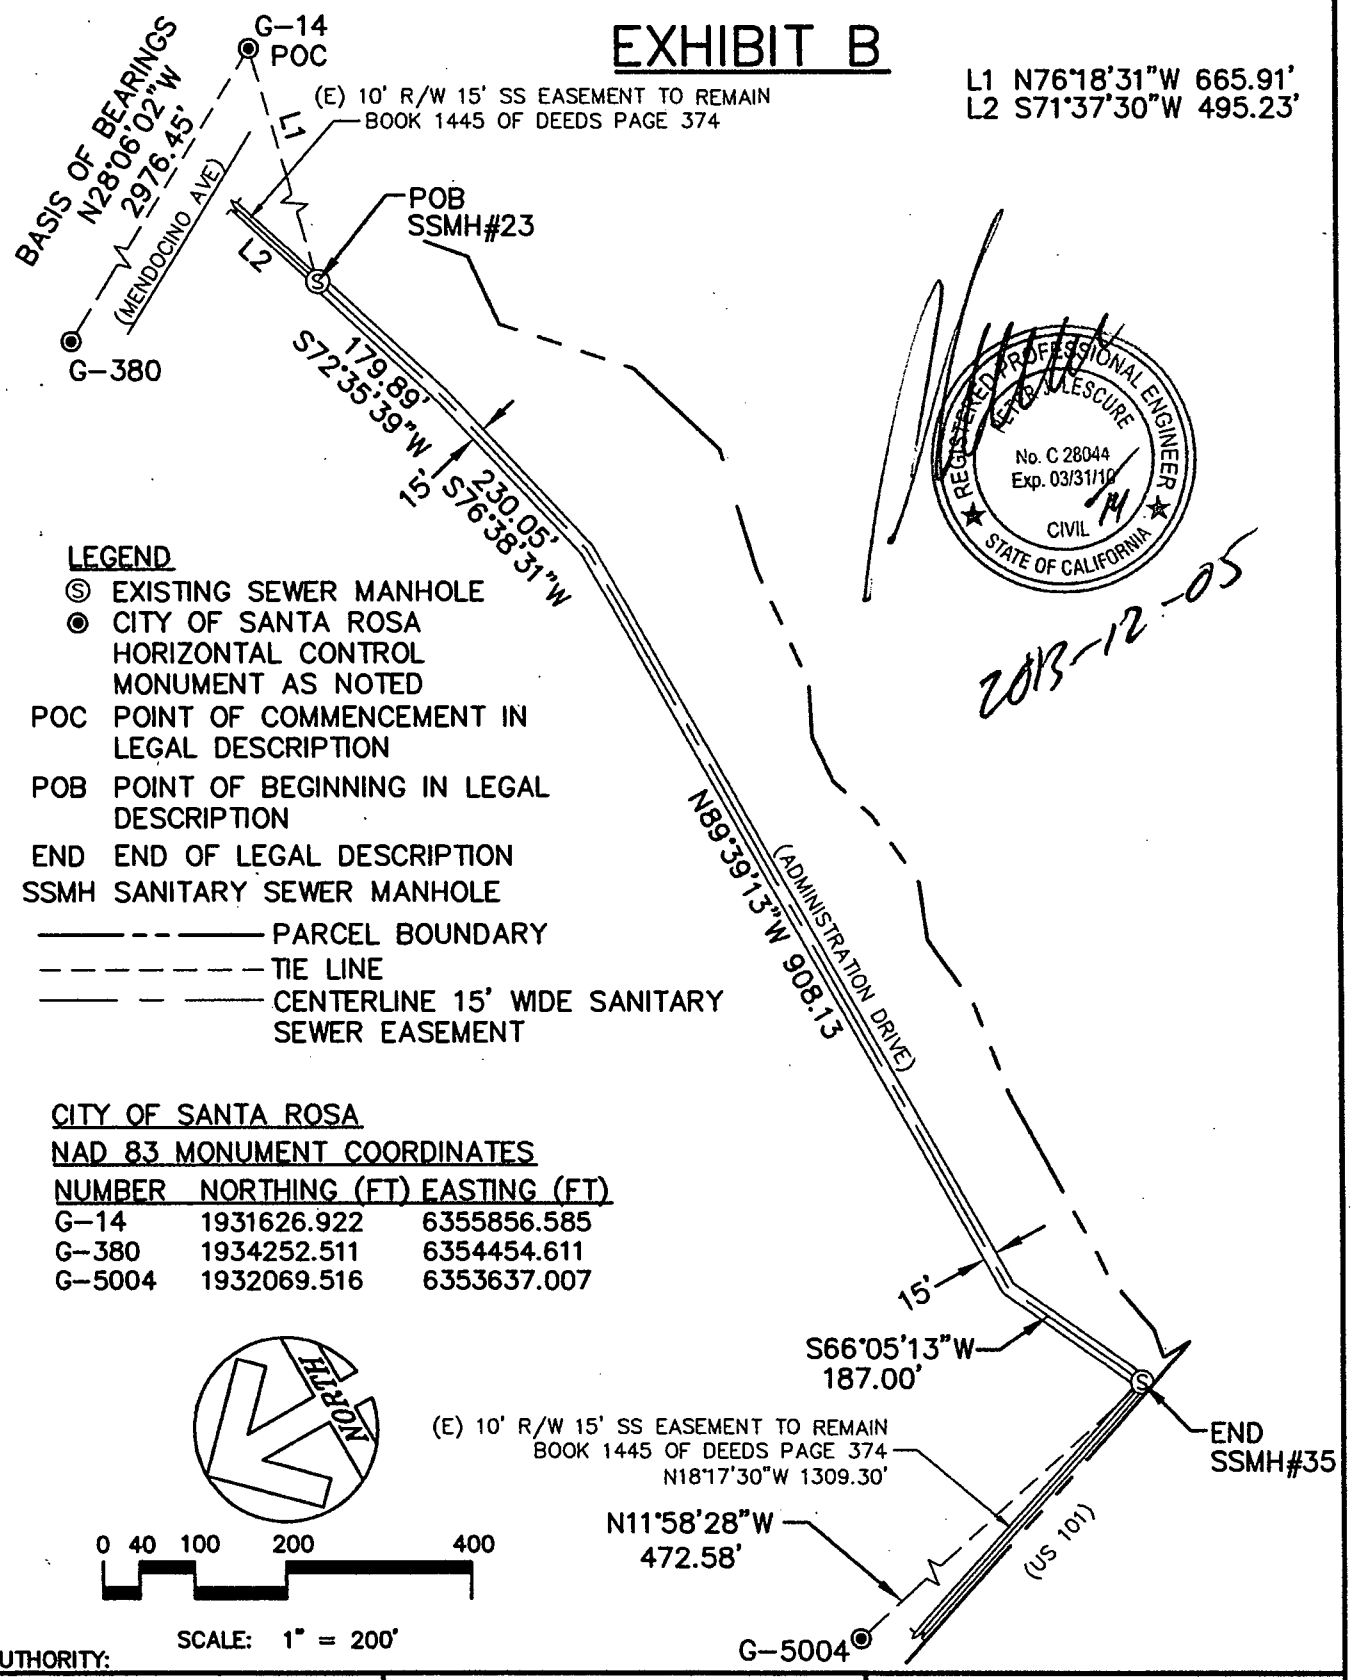
Thence S 72°35'39" W, 179.89 feet;

Thence S 76°38'31" W, 230.05 feet;

Thence N 89°39'13" W, 908.13 feet;

Thence S 66°05'13" W, 187.00 feet to the end of the easement centerline, also being the location of SSMH #35; from which bears N 11°58'28" W, 472.58 feet a 3 inch Brass Disk labeled "G-5004" "City of Santa Rosa" in standard monument casing, located 124.4 feet west of the northwest corner of the Sonoma County Administration Building,110.8 feet southwest of the intersection of Administration Drive and Fiscal Drive, 59.2 feet east of the right of way fence along U.S. Highway 101 and 45.2 feet west of the centerline of Administration Drive.

Containing 0.52 acres, more or less.



This legal description was prepared under my direction at the request of The City of Santa Rosa, in December 2013 and is based upon an unrecorded retracement survey performed by The City of Santa Rosa.

Exhibit A
Legal Description – Existing Site Easement

The lands described herein are for existing utility Right of Way and Easements to be vacated. Lands to be vacated include a portion of Right of Way and Easement for Sewer Construction as described in Deed - Easement recorded June 11, 1956 at Book 1445 page 374 Sonoma County Records, and an Easement as described in Easement Deed recorded October 27, 1981 as Document 81062101 Sonoma County Records, situated in the State of California, County of Sonoma, Lying within Rancho San Miguel. The center line of said portions of Right of Way and Easements to be vacated being more particularly described as follows and shown in the attached Exhibit B:

PARCEL ONE

Beginning; at a point on said Right of Way / Sewer Easement, also being the location of Sanitary Sewer Manhole No. 23 situated in Administration Drive, which point bears S 76°18'31" E 665.91 feet from a 3 inch Brass Disk labeled "G-14" "City of Santa Rosa" in a standard monument casing in the centerline of Mendocino Ave,

Thence S 56°28'00" W, 368.73 feet to Point "A" for the purpose of this description;

Thence N 89°10'00" W, 1167.17 feet, to the end of the portion of said Right of Way / Easement to be vacated, also being the location of Sanitary Sewer Manhole No. 35 situated westerly of County Center Drive, from which bears N 11°58'28" W, 472.58 feet a 3 inch Brass Disk labeled "G-5004" "City of Santa Rosa" in a standard monument casing, located 124.4 feet west of the northwest corner of the Sonoma County Administration Building,110.8 feet southwest of the intersection of Administration Drive and Fiscal Drive, 59.2 feet east of the right of way fence along U.S. Highway 101 and 45.2 feet west of the centerline of Administration Drive.

PARCEL TWO

Beginning; at point "A" of PARCEL ONE;

Thence S 47°58'00" W 91.62 feet

Thence N 86°39'09" W 100.75 feet

Thence N 52°28'07" W 96.90 feet, being the end of PARCEL TWO.

This legal description was prepared under my direction at the request of City of Santa Rosa, in December, 2013 and is based upon instruments Deed - Easement recorded June 11, 1956 at Book 1445 of Deeds page 374 describing said Right of Way and Easement for Sewer Construction inclusive of PARCEL ONE above and Easement Deed recorded October 27, 1981 as Document 81062101 describing PARCEL TWO above.

RESOLUTION NO. 28413

RESOLUTION OF THE COUNCIL OF THE CITY OF SANTA ROSA SUMMARILY VACATING PUBLIC UTILITY EASEMENTS FOR SANITARY SEWER LOCATED AT 2555 VENTURA AVENUE (APN 180-030-012) AND 370 ADMINISTRATION DRIVE (APN 180-030-007) ASSOCIATED WITH THE ADMINISTRATION DRIVE SEWER IMPROVEMENT PROJECT

FREE RECORDING REQUESTED PURSUANT TO G.C. 27383

RESOLUTION NO. 28413

RESOLUTION OF THE COUNCIL OF THE CITY OF SANTA ROSA SUMMARILY VACATING PUBLIC UTILITY EASEMENTS FOR SANITARY SEWER LOCATED AT 2555 VENTURA AVENUE (APN 180-030-012) AND 370 ADMINISTRATION DRIVE (APN 180-030-007) ASSOCIATED WITH THE ADMINISTRATION DRIVE SEWER IMPROVEMENT PROJECT

WHEREAS, pursuant to Section 8333 of the Streets and Highways Code, the City may summarily vacate public service easements which have been superseded by relocation; and

WHEREAS, the public utility easements for a sanitary sewer across two parcels, owned by County of Sonoma (County), located at, 2555 Ventura Avenue (APN 180-030-012) and 370 Administration Drive (APN 180-030-007), the specific locations of which are set forth in Attachment 1 Exhibit B, attached hereto and made part hereof, will be superseded by relocation, by the recordation of new public easements; and

WHEREAS, no additional public utility facilities or public service easements are located within the easement areas to be vacated; and

WHEREAS, the County is willing to convey the easement to the City in exchange for reconveyance of the existing easement back to County.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Santa Rosa finds that:

1. These vacations are made pursuant to Section 8333 of the Streets and Highways Code. The easements will be superseded by relocation and there are no other public facilities located within the easement areas to be vacated.

BE IT FURTHER RESOLVED, that the Council of the City of Santa Rosa approves and authorizes the Mayer to execute the Agreement for the Reconveyance and Conveyance of Easements.

BE IT FURTHER RESOLVED, based on these findings, that from and after the date this resolution is recorded, the above described public utility easements for sanitary sewer are hereby vacated and shall no longer constitute public easements.

BE IT FURTHER RESOLVED, that the Transportation and Public Works Department is hereby directed to record a certified copy of this resolution in the Office of the County Recorder, and the Mayor is hereby authorized to execute quitclaim deeds evidencing the vacations set forth herein in favor of the underlying property owners for the purpose of clearing title.

BE IT FURTHER RESOLVED that the Council approves the vacation of the public utility easements for sanitary sewer on 2555 Ventura Avenue (APN 180-030-012) and 370

Administration Drive (APN 180-030-007), subject to the condition that upon vacation of public sewer easements and abandonment of the public sewer main all existing above-ground portions of sanitary manholes shall be removed and disposed of.

IN COUNCIL DULY PASSED this 28th day of January, 2014.

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. Gov. Code Sec. 12956.2(a)(1), (b)(1), (c)

EASEMENT DEED

JOHN J. BOWER JAMES A. MILLS DOROTHY E MILLS

GRANT(S) TO
THE CITY OF SANTA ROSA, A MUNICIPAL CORPORATION,

An easement with a right of immediate entry and continued possession for the construction, improvement, maintenance and repairs for public utility purposes as set forth hereinafter and for such other public or public utility purposes as the said City of Santa Rosa may choose to make over and upon that certain real property situated in the County of Sonoma, State of California, described as follows:

Being a right of way for the construction, installation and maintenance of sewer and water mains and appurtenances under, in and along a portion of that tract of land, Jay E. Bower to John J. Bower, as recorded October 2, 1956 in Official Records of Sonoma County, Book 1472, Page 271, said right of way being a strip of land 10 feet wide along the Northerly side of and adjacent to the Northerly line of the aforementioned land of Bower.

Also a temporary 15 foot construction easement, the Southerly line of which is parallel to and 15 feet Southerly, measured at right angles, from the Southerly line of the above described 10 foot right of way.

SITE LEASE

THIS SITE LEASE, dated as of August 1, 2002 (the "Site Lease"), by and between the COUNTY OF SONOMA, a political subdivision duly organized and existing under the laws of the State of California (the "County"), as lessor, and the COUNTY OF SONOMA PUBLIC FINANCING CORPORATION, a nonprofit public benefit corporation duly organized and existing under the laws of the State of California (the "Corporation"), as lessee;

WITNESSETH:

WHEREAS, the County and the Corporation have heretofore entered into a lease agreement, dated as of December 1, 1992 (the "1992 Lease"), pursuant to which the County leased from the Corporation certain real property and improvements thereon in connection with the execution and delivery of $22,810,000 in aggregate principal amount of Certificates of Participation (1992 Detention Facility Refinancing) Series 1992 (the "1992 Certificates"); and

WHEREAS, the County desires to cause the refunding of all of the outstanding 1992 Certificates (the "Refunding"); and

WHEREAS, the Corporation and the County intend to provide funds to effect the Refunding by causing the execution and delivery of the County's Certificates of Participation, 2002 Series A (1992 COPs Refinancing) (the "Certificates"); and

WHEREAS, the County intends to lease to the Corporation its fee interest in certain real property and improvements owned by the County (the "Leased Premises") pursuant to this Site Lease and the Corporation, concurrently with the execution of this Site Lease, intends to sublease the Leased Premises back to the County pursuant to a Lease Agreement (the "Lease Agreement"), in consideration for base rental payments equal to the principal and interest components coming due with respect to the Certificates;

NOW, THEREFORE, IT IS HEREBY MUTUALLY AGREED as follows:

1. Definitions.

Unless the context otherwise requires, all capitalized terms used in this Site Lease and not defined herein shall for all purposes of this Site Lease have the meaning specified therefor in the Lease Agreement or in the Trust Agreement, dated as of the date hereof (the "Trust Agreement"), by and among the County, the Corporation and Union Bank of California, N.A., as trustee (the "Trustee").

2. Site Lease.

The County hereby leases to the Corporation and the Corporation hereby hires from the County, on the terms and conditions hereinafter set forth, the Leased Premises, as more fully described in Exhibit A attached hereto and made a part hereof.

3. Term.

The term of this Site Lease shall commence on the date of recordation of this Site Lease in the Office of the County Recorder of the County of Sonoma, State of California, and shall end on November 15, 2012, unless such term is extended or sooner terminated as hereinafter provided. If on such November 15, 2012, the aggregate amount of Lease Payments and Additional Payments payable under the Lease Agreement shall not have been paid, or provision shall not have been made for their payment, then the term of this Site Lease shall be extended until such Lease Payments and Additional Payments shall be fully paid or provision made for such payment or, if not so paid, shall be extended to November 15, 2022 (ten years beyond the final maturity of the Certificates). If, prior November 15, 2012, all Certificates shall be fully paid or provision made for such payment, the term of this Site Lease shall end 10 days after the date of such payment or provision for payment.

The County shall have no right to terminate this Site Lease by reason of default by the Corporation pursuant to Section 12 thereof.

4. Rental.

The County acknowledges receipt of the gross proceeds of the Certificates to be executed and delivered pursuant to the Trust Agreement as and for full rental hereunder.

5. Purpose.

The Corporation shall use the Leased Premises solely for the purpose of leasing the Leased Premises to the County pursuant to the Lease Agreement and for such purposes as may be incidental thereto; provided, that in the event of default by the County under the Lease Agreement, the Corporation and its assigns may exercise the remedies provided in the Lease Agreement.

6. Owner in Fee.

The County represents and warrants that it is the owner in fee of the Leased Premises.

7. Substitution of Leased Premises.

From time to time, the County may elect to substitute alternate real property or equipment for the Leased Premises or add additional real property or equipment to the Leased Premises pursuant to the Lease Agreement only by providing the Trustee with a supplement to the Lease Agreement. In connection therewith, the County and the Corporation shall enter into a supplement or amendment to this Site Lease substantially in the form attached hereto as Exhibit B. In the event that the County effects a substitution of all or a portion of the Leased Premises hereunder, all or a designated portion of the Leased Premises formerly subjected to this Site Lease shall be released from the lien hereof upon receipt by the Trustee of: (a) the written request of the County to that effect; and (b) a further opinion of Special Counsel to the effect that such release will have no adverse effect upon the Owners of the Certificates. After any such release, the term "Leased Premises" shall be defined as the remaining portion of the Leased Premises.

8. Release of Leased Premises.

In the event that the County shall desire to obtain other financing for improvements to be constructed on any portion of the Leased Premises and both (i) the portion of the Leased Premises upon which such improvements are to be constructed is located on an identifiable parcel or parcels of land, and (ii) the Leased Premises, exclusive of such parcel or parcels of land, shall have a fair market value in excess of the then remaining aggregate principal components of the Lease Payments to be made under the Lease Agreement and shall have an annual fair market rental value equal to or in excess of the maximum annual Lease Payments to be made under the Lease Agreement, the County, upon its written certifications to the foregoing, shall be entitled to a release of such parcel or parcels from the Leased Premises. The County, the Corporation and the Trustee shall execute any and all appropriate legal documents, instruments and certificates to effect such release. After any such release, the term "Leased Premises" shall be deemed to include only the remaining portion of the Leased Premises. In addition, upon the payment in full, prepayment or defeasance of the Certificates, the Leased Premises shall also be released as described in this paragraph.

9. Assignments and Subleases.

Unless the County shall be in default under the Lease Agreement, the Corporation may not assign its rights under this Site Lease or sublet the Leased Premises, except to the Trustee or as otherwise provided in the Lease Agreement, without the written consent of the County.

10. Right of Entry.

The County reserves the right for any of its duly authorized representatives to enter upon the Leased Premises at any reasonable time to inspect the same or to make any repairs, improvements or changes necessary for the preservation thereof.

11. Termination.

The Corporation agrees, upon the termination of this Site Lease, to quit and surrender the Leased Premises and agrees that any permanent improvements and structures existing upon the Leases Premises at the time of the termination of this Site Lease shall remain thereon and title thereto shall vest in the County. The Corporation irrevocably waives and releases the Corporation's rights under California Civil Code Sections 1932, 1933(4), 1941, 1941.1 and 1942.

12. Default.

In the event the Corporation shall be in default in the performance of any obligation of its part to be performed under the terms of this Site Lease, which default continues for 30 days following notice and demand for correction thereof to the Corporation, the County may exercise any and all remedies granted by law, except that no merger of this Site Lease and of the Lease Agreement shall be deemed to occur as a result thereof; provided, however, that so long as any of said Certificates are outstanding and unpaid in accordance with the terms thereof, the Lease Payments assigned by the Corporation to the Trustee under the Trust Agreement shall continue

to be paid to the Trustee and the County shall have no right to terminate this Site Lease as a remedy for such default.

13. Quiet Enjoyment.

The Corporation at all times during the term of this Site Lease shall peaceably and quietly have, hold and enjoy all of the Leased Premises, subject to the provisions of the Lease Agreement and the Trust Agreement.

14. Waiver of Personal Liability.

All liabilities under this Site Lease on the part of the Corporation are solely liabilities of the Corporation, and the County hereby releases each and every director, officer and employee of the Corporation of and from any personal or individual liability under this Site Lease. No director, officer or employee of the Corporation shall at any time or under any circumstances be individually or personally liable under this Site Lease for anything done or omitted to be done by the Corporation hereunder.

15. Taxes.

The County covenants and agrees to pay any and all assessments of any kind or character and also all taxes, including possessory interest taxes, levied or assessed upon the Leased Premises (including both land and improvements).

16. Eminent Domain.

In the event the whole or any part of the Leased Premises shall be taken by eminent domain proceedings, the interest of the Corporation shall be recognized and is hereby determined to be equal to the amount of the unpaid principal and accrued but unpaid interest with respect to any then Outstanding Certificates and the balance of the award, if any, shall be paid to the County.

17. Partial Invalidity.

If any one or more of the terms, provisions, covenants or conditions of this Site Lease shall to any extent be declared invalid, unenforceable, void or voidable for any reason whatsoever by a court of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of this Site Lease shall be affected thereby, and each provision of this Site Lease shall be valid and enforceable to the fullest extent permitted by law.

18. Notices.

All notices, statements, demands, consents, approvals, authorizations, offers, designations, requests or other communications hereunder by either party to the other shall be in writing and shall be sufficiently given and served upon the other party if delivered personally or if mailed by United States registered mail, return receipt requested, postage prepaid, and, if to the County, addressed to County of Sonoma, 585 Fiscal Drive, Room 100F, Santa Rosa, California,

95403, Attn: Treasurer-Tax Collector, or if to the Corporation, addressed to County of Sonoma Public Financing Corporation, 585 Fiscal Drive, Room 100F, Santa Rosa, California 95403, Attn: President, or to such other addresses as the respective parties may from time to time designate by notice in writing.

19. Amendment.

This Site Lease may not be altered, modified or amended except as permitted by Article X of the Trust Agreement.

20. Section Headings.

All section headings contained herein are for convenience of reference only and are not intended to define or limit the scope of any provision of this Site Lease.

21. Execution.

This Site Lease may be executed in any number of counterparts, each of which shall be deemed to be an original but all together shall constitute but one and the same lease.

22. Release of Prior Encumbrances.

The parties hereto, by the execution and delivery of this Site Lease, hereby release and extinguish the leasehold interests created by Instrument Nos. 87-058566, 87-058567, 87-058568, 1993 0002188, 1993 0129141, 1993 0002189, 1993 0129142 and 1993 0002190 recorded in the official records of the County of Sonoma.

IN WITNESS WHEREOF, the County and the Corporation have caused this Site Lease to be executed by their respective officers thereunto duly authorized, all as of the day and year first above written.

EXCEPTING THEREFROM A PARCEL OF LAND LOCATED IN THE RANCHO SAN MIGUEL, AND BEING A PORTION OF LOTS 20 AND 21 OF "SANTA ROSA RURAL TRACTS" AS RECORDED IN BOOK 18 OF MAPS AT PAGE 19, SONOMA COUNTY RECORDS AND BEING A PORTION OF THE LANDS IN THE COUNTY OF SONOMA, STATE OF CALIFORNIA, AS DESCRIBED IN THE DEEDS RECORDED AS D.N. 81-038465 AND IN BOOK 2972 OF OFFICIAL RECORDS AT PAGE 229, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHEAST CORNER OF SAID LANDS OF THE COUNTY OF SONOMA AS DESCRIBED IN THE DEED RECORDED AS D.N. 81-038465; THENCE FROM SAID POINT OF COMMENCEMENT SOUTH 89° 50' 00" WEST ALONG THE SOUTH LINE OF THE LANDS OF GEARY, ET AL, AS DESCRIBED IN THE DEED RECORDED AS D.N. 90-000189, BEING ALSO THE NORTH LINE OF SAID LANDS OF THE COUNTY OF SONOMA, A DISTANCE OF 152.11 FEET TO THE POINT OF BEGINNING; THENCE FROM SAID POINT OF BEGINNING SOUTH, A DISTANCE OF 117.12 FEET; THENCE EAST, A DISTANCE OF 46.67 FEET; THENCE SOUTH, A DISTANCE OF 37.00 FEET; THENCE SOUTH 89° 58' 17" WEST, A DISTANCE OF 11.00 FEET; THENCE NORTH 00° 01' 43" WEST, A DISTANCE OF 16.00 FEET; THENCE SOUTH 89° 58' 17" WEST, A DISTANCE OF 1.00 FEET, THENCE NORTH, A DISTANCE OF 2.00 FEET THENCE NORTHERLY ON A TANGENT CURVE TO THE LEFT, WITH A RADIUS OF 7.00 FEET THROUGH A CENTRAL ANGLE OF 90° 00' 00", A DISTANCE OF 11.00 FEET; THENCE WEST, A DISTANCE OF 87.00 FEET; THENCE SOUTH, A DISTANCE OF 56.71 FEET; THENCE SOUTH 89° 58' 17" WEST, A DISTANCE OF 66.00 FEET; THENCE NORTH 45° 59' 08" WEST, A DISTANCE OF 68.38 FEET; THENCE NORTH 31° 06' 44" WEST, A DISTANCE OF 49.33 FEET; THENCE NORTH, A DISTANCE OF 66.00 FEET, THENCE NORTH 04° 05' 30" EAST, A DISTANCE OF 29.62 FEET TO A 3/4" IRON PIPE TAGGED LS 3193 ON THE WESTERLY EXTENSION OF THE NORTH LINE OF THE HEREINABOVE MENTIONED LANDS OF THE COUNTY OF SONOMA; THENCE NORTH 89° 50' 00" EAST ALONG SAID LINE, A DISTANCE OF 97.89 FEET TO THE POINT OF BEGINNING.

TRACT TWO:

PARCEL ONE:

COMMENCING AT THE SOUTHEAST CORNER OF THE LANDS OF THE COUNTY OF SONOMA AS DESCRIBED IN THAT DOCUMENT AS RECORDED IN BOOK 2535 OF OFFICIAL RECORDS AT PAGE 546, SONOMA COUNTY RECORDS AS SHOWN ON THAT RECORD OF SURVEY AS RECORDED IN BOOK 387 OF MAPS AT PAGE 3, SONOMA COUNTY RECORDS; THENCE FROM SAID POINT OF COMMENCEMENT SOUTH 50° 22' 35" EAST, 572.21 FEET TO THE NORTHWEST CORNER OF AN EXISTING BUILDING AND THE POINT OF BEGINNING OF THE PARCEL OF LAND TO BE HEREIN DESCRIBED; THENCE FROM SAID POINT OF BEGINNING AND ALONG THE WALL OF SAID BUILDING SOUTH 89° 56' 33" EAST, 74.23 FEET TO THE NORTHEAST CORNER OF SAID BUILDING; THENCE CONTINUING SOUTH 89° 56' 33" EAST, 6.00 FEET TO A POINT DESIGNATED POINT "A"; THENCE FROM SAID POINT "A" NORTH 0° 03' 27" EAST, 57.00 FEET; THENCE NORTH 89° 56' 33" WEST, 43.06 FEET TO A POINT DESIGNATED POINT "B"; THENCE CONTINUING NORTH 89° 56' 33" WEST, 43.17 FEET; THENCE SOUTH 00° 03' 27" WEST, 57.00 FEET; THENCE SOUTH 89° 56' 33" EAST, 6.00 FEET TO THE POINT OF BEGINNING OF THE HEREINABOVE DESCRIBED PARCEL OF LAND.

PARCEL TWO:

COMMENCING AT POINT "A" AS ABOVE DESCRIBED IN PARCEL ONE; THENCE FROM SAID POINT OF COMMENCEMENT SOUTH 30° 00' 19" EAST, 87.24 FEET TO THE POINT OF BEGINNING OF THE PARCEL OF LAND TO BE HEREIN DESCRIBED; THENCE FROM SAID POINT OF BEGINNING NORTH 89° 56' 33" WEST, 58.25 FEET; THENCE SOUTH 00° 03' 27" EAST, 58.45 FEET; THENCE SOUTH 89° 56' 33" EAST, 58.25 FEET; THENCE NORTH 00° 03' 27" EAST, 58.45 FEET TO THE POINT OF BEGINNING OF THE HEREINABOVE DESCRIBED PARCEL OF LAND.

PARCEL THREE:

AN EASEMENT OVER A STRIP OF LAND 20.00 FEET IN WIDTH MEASURED AT RIGHT ANGLES AND LYING 10.00 FEET EACH SIDE OF THE FOLLOWING DESCRIBED CENTERLINE:

BEGINNING AT POINT "B" AS HEREINABOVE DESCRIBED IN PARCEL ONE; THENCE FROM SAID POINT OF BEGINNING NORTH 0° 03' 27" EAST, 85.18 FEET; THENCE NORTH 89° 38' 49" WEST, 276 FEET, MORE OR LESS, TO A POINT ON THE CENTERLINE OF VENTURA AVENUE, SAID POINT BEING THE POINT OF TERMINATION OF THE HEREINABOVE DESCRIBED RIGHT-OF-WAY.

AP No.: A.P. No. 180-010-011 (Portion), 180-010-010, 180-010-009 (Portion); 180-020-001 and 180-030-008 (Portion)

EXHIBIT B

SITE LEASE SUPPLEMENT

There is hereby subjected to the terms of that certain Site Lease, dated as of August 1, 2002 (the "Site Lease"), between the County of Sonoma (the "County") and the County of Sonoma Public Financing Corporation (the "Corporation") the following described property:

[DESCRIPTION]

(Check One)

1. ☐ The property described above is hereby deemed to be incorporated into Exhibit A to the Site Lease and deemed to be added to the definition of Leased Premises.

2. ☐ I, as an authorized representative of the County, hereby certify that:

(1) the market value of the above-described property at least equals the market value of the portion of the Leased Premises for which it was substituted and the annual fair market rental value of the above-described property is greater than that of the portion of the Leased Premises for which it was substituted;

(2) the above-described property has similar or greater essentiality of use;

(3) the above-described property has a useful life at least equal to the remaining useful life of the portion of the Leased Premises for which it was substituted;

(4) the above-described property will be used by the County for authorized public purposes;

(5) the above-described property can be leased under the provisions of the Site Lease; and

(6) the above-described added or substituted property is currently owned by the County.

I hereby certify that the portion of the Leased Premises being acquired, delivered and installed will be owned by the County free and clear of all liens or claims of others, except for the lien of the Trust Agreement referred to in the Site Lease and the rights of the Corporation under the Site Lease, and that the County will not encumber title to the facility while the Certificates remain outstanding.

EXHIBIT A — Description of the Site

SITE LEASE

THIS SITE LEASE, dated as of November 9, 2007 (this *"Site Lease"*), by and between LASALLE NATIONAL LEASING CORPORATION (*"LaSalle"* or, in its capacity as lessee hereunder, the *"Site Lessee"*), a Delaware corporation, whose mailing address is 135 South LaSalle Street, Suite 545, Chicago, Illinois 60603, and the COUNTY OF SONOMA, a general law county existing under the laws of the State of California (the *"County"* or, in its capacity as lessor hereunder, the *"Site Lessor"*), whose mailing address is 585 Fiscal Drive, Santa Rosa, California 95403.

WITNESSETH:

WHEREAS, the County owns certain land located in the City of Santa Rosa, State of California, as more particularly described on *Exhibit A* attached hereto and made a part hereof by this reference (the *"Site"*) on which there exists the County's Fiscal Facility (the *"Fiscal Facility"*); and

WHEREAS, the County desires to obtain financing for the costs required for the renovation and improvement of the Fiscal Facility on the Site (the *"Project"*); and

WHEREAS, to finance the Project, the County will enter into this Site Lease with the Site Lessee who will simultaneously execute that certain Lease Purchase Agreement, dated as of November 9, 2007 (the *"Facilities Lease"*) by which the Site Lessee will sublease the Site and the Fiscal Facility to the County on the terms and conditions therein provided; and

WHEREAS, the County is authorized under Section 23004(d) of the Government Code of the State of California and other applicable California law to enter into the transactions contemplated by this Site Lease and the Facilities Lease; and

WHEREAS, the County Board of Supervisors has found and determined that the transactions contemplated by the foregoing agreements are for the benefit of the County and its inhabitants and has duly authorized the execution and delivery for and on behalf of the County of each of the foregoing agreements;

NOW, THEREFORE, in consideration of the payment of rental and the performance of the mutual promises and agreements herein contained, the parties hereto agree as follows:

Section 1. Definitions. All capitalized terms used but not otherwise defined herein shall have the same meaning when used herein as such terms have when used in the Facilities Lease (as each such term is defined in the preambles hereto).

Section 1.5. Representations of the Site Lessor. The Site Lessor represents, covenants and warrants to the Site Lessee as follows:

(a) The Site Lessor has the full power and authority to enter into the transactions contemplated by each of the Transaction Documents and to carry out its obligations hereunder and thereunder, has been duly authorized to execute and deliver

each of the Transaction Documents and by proper action has duly authorized the execution and delivery of each of the Transaction Documents;

(b) Neither the execution and delivery of the Transaction Documents, nor the fulfillment of or compliance with the terms and conditions hereof or thereof, nor the consummation of the transactions contemplated hereby or thereby, conflicts with or results in a breach of the terms, conditions or provisions of any restriction or any agreement or instrument to which the Site Lessor is now a party or by which the Site Lessor or the Site is bound;

(c) Except for Permitted Encumbrances, the Site is not subject to any dedication, easement, right of way, reservation in patent, covenant, condition, restriction, lien or encumbrance that would prohibit or materially interfere with the Project or the use of the Site or the Leased Property to support the financing as contemplated by the Transaction Documents;

(d) If a dispute or disagreement with the title to the Site or the use thereof should develop, the Site Lessor shall undertake all actions necessary to defend title including exercising its condemnation powers to the extent necessary and as permitted by law to obtain the necessary rights in the Site that will enable the parties hereto to perform the transactions contemplated by the Transaction Documents;

(e) The Site is public property exempt from *ad valorem* property taxes and other assessments of any kind or all taxes, assessments or impositions of any kind with respect to the Site, except current taxes, have been paid in full;

(f) The Site is properly zoned for the Project and the use of the Leased Property for its intended purposes and contains adequate parking to comply with any applicable laws, rules, regulations, orders, directions or requirements relating to the Leased Property;

(g) The lease of the Site by the Site Lessor to the Site Lessee, as provided in this Site Lease, and the lease and sublease back of the Leased Property by the Site Lessee to the Site Lessor, as provided in the Facilities Lease, are necessary, desirable and in the public interest, and the Site Lessor hereby declares its need for the Leased Property in order for the Site Lessor to perform its essential governmental functions;

(h) The Site Lessor has not made, done, executed or suffered, and warrants that it will not make, do, execute or suffer, any act or thing whereby the Site Lessor's interest in any property now or hereafter included in the Leased Property shall be or may be impaired, changed or encumbered in any manner whatsoever except as permitted by this Site Lease, the Facilities Lease and other Permitted Encumbrances;

(i) There is no proceeding pending or, to the best knowledge of the County after due inquiry, threatened in any court or before any governmental authority or arbitration board or tribunal relating to the Site or challenging the validity of the

proceedings of the Site Lessor authorizing the Transaction Documents or the power or authority of the Site Lessor to enter into any of the Transaction Documents or the validity or enforceability of any of the Transaction Documents or this Site Lease or which, if adversely determined, would adversely affect the transactions contemplated by any of the Transaction Documents or the interest of the Site Lessor under the Facilities Lease or this Site Lease; and

(j) The Site Lessor's past and current uses of the Site and, to the best of the Site Lessor's knowledge, all past and current uses of the Site have complied and currently comply with all federal, state and local environmental laws, rules, regulations and ordinances. Neither the Site Lessor nor anyone on behalf of the Site Lessor has received notice of any violations of any environmental law, rule, regulation or ordinance. No actions or lawsuits have been commenced or threatened by a governmental agency or any other person or entity claiming non-compliance with any environmental law, rule, regulation or ordinance. The Site Lessor has never applied for environmental liability insurance or, if it has so applied, it has never been denied such coverage. The Site Lessor has no knowledge or notice of any emission, discharge, seepage, release or pollutant in or upon the Site.

Section 2. Demised Premises. (a) The Site Lessor hereby leases to the Site Lessee the Site and the Facilities, subject only to Permitted Encumbrances.

(b) So long as no Event of Default has occurred under the Facilities Lease and is then continuing, the Site Lessor and the Site Lessee may make, from time to time, without the consent of the Escrow Agent or the owner or owners of the Facilities Lease, such modifications, alterations, amendments or additions to, or deletions from, the Site as the Site Lessor and the Site Lessee mutually agree to be necessary and desirable to facilitate the use and development by the County, its successors, permitted sublessees and assigns, of the Site; *provided, however*, that the portion of the Site remaining subject to this Site Lease after any such modification, alteration, amendment to, or deletion from, the Site shall (i) be capable of being operated as a separate and independent functional unit without additional cost to the occupant, (ii) be a single legal parcel of land or a combination of contiguous or adjacent legal parcels, (iii) include the Facilities located on the Site financed with a portion of the proceeds of sale of the Facilities Lease or the replacement of such Facilities, (iv) have adequate access to and from public streets and easements for the maintenance of all utilities and (v) not be in violation of any law, rule, regulation, ordinance, covenant or restriction relating thereto. The Site Lessor and the Site Lessee hereby further covenant not to agree to any modification, alteration, amendment or addition to or deletion from the Site that would reduce the fair rental value of the Facilities and the Site remaining subject to this Site Lease (such value to be determined in each instance with reference to the value to the Site Lessor, in its capacity as the Lessee under the Facilities Lease, based upon its use of the Leased Property and not with reference to such value as may be applicable for a different use or by a different user of the Leased Property) below the Rentals payable under the Facilities Lease relating to the Site or adversely affect the excludability from gross income for federal income tax purposes of the interest component of Base Rentals payable under the Facilities Lease or otherwise adversely affect the purposes for which the Site Lessor and the Site Lessee have entered into this Site Lease. Upon such modification, alteration,

amendment or addition to or deletion from the Site, the Site Lessor and the Site Lessee shall execute and cause to be recorded an amendment to this Site Lease reflecting the release of such portion of the Site from the terms hereof.

(c) Without the consent of the Escrow Agent or the owner or owners of the Facilities Lease and if no Event of Default under the Facilities Lease or default hereunder shall have happened and be continuing, the Site Lessor may at any time or times grant easements, licenses, rights-of-way (including the dedication of public highways) and other rights or privileges in the nature of easements with respect to the Leased Property, or the Site Lessor may release existing easements, licenses, rights-of-way and other rights or privileges with or without consideration, and the Site Lessee agrees that it shall execute and deliver any such instrument necessary or appropriate to confirm and grant or release any such easement, license, right-of-way or other right or privilege upon receipt of: (i) a copy of the instrument of grant or release; (ii) a written application signed by an authorized representative of the Site Lessor requesting such instrument; and (iii) a certificate executed by an authorized representative of the Site Lessor stating that such grant or release (A) is not detrimental to the proper conduct of the operations conducted on the Leased Property and (B) will not impair the effective use or interfere with the operation of the Leased Property.

Section 3. Ownership; Possession. The Site Lessor represents, warrants and covenants that it has marketable fee title to the Site, subject only to Permitted Encumbrances. The Site Lessor shall forthwith upon execution hereof deliver to the Site Lessee possession of the Site, and the Site Lessee hereby agrees to accept such possession upon execution hereof.

Section 4. Term. This Site Lease shall commence as of the date hereof and expire on the first to occur of any of the following events: (a) January 15, 2028; (b) the date on which the County (in its capacity as Lessee under the Facilities Lease) deposits the Purchase Option Price for the Facilities to be purchased pursuant to the Facilities Lease; or (c) upon payment of all Base Rentals and all Additional Rentals under the Facilities Lease.

Section 5. Rent. The Site Lessee shall pay to the Site Lessor an advance rent of $2,776,277.73 as full consideration for this Site Lease over the term hereof.

Section 6. Purpose. The Site Lessee shall use the Site solely for the purpose of (a) permitting the renovation and improvement of the Facilities on the Site and (b) leasing the Leased Property to the County pursuant to the Facilities Lease and for such purposes as may be incidental thereto; *provided* that in the event of the occurrence of an Event of Default under the Facilities Lease, the Site Lessee may (i) exercise the remedies provided in the Facilities Lease, (ii) use the Site for any lawful purpose, subject to any applicable legal limitations or restrictions, and (iii) exercise all options provided herein.

Section 7. Assignments and Subleases. The Site Lessee shall not assign or sublet the Site, except as provided in the Facilities Lease; *provided,* that in the event of the occurrence of an Event of Default under the Facilities Lease, the successor in interest to the Site Lessee may fully and freely assign and sublease the Site or any portion thereof, subject to this Site Lease.

Section 8. Right of Entry. The Site Lessor and its designated representatives shall have the right to enter upon the Site during reasonable business hours (and in emergencies at all times) (a) to inspect the same and (b) for any purpose connected with the Site Lessor's rights or obligations under this Site Lease, subject however to any legal or customary restrictions relating to security and safety in the operation of the Fiscal Facility.

Section 9. Expiration. The Site Lessee agrees, upon the expiration or termination of this Site Lease, to quit and surrender the Site in good order and condition, reasonable wear and tear excepted, *provided* that the Facilities existing upon the Site at the time of the termination or expiration of this Site Lease shall remain thereon and title thereto shall vest in the Site Lessor free and clear of any interest of the Site Lessee. The Site Lessee agrees to execute such acknowledgements of the expiration or termination of this Site Lease in recordable form as may be reasonably requested by the Site Lessor upon the expiration or termination of this Site Lease in accordance with Section 4 hereof. Prior to such termination or expiration, title to the Facilities shall remain in the Site Lessee, subject to the Facilities Lease.

Section 10. Quiet Enjoyment. Subject to Section 2 hereof and the leasehold interest created by the Facilities Lease, the Site Lessee at all times during the term of this Site Lease shall peaceably and quietly have, hold and enjoy all of the Site.

Section 11. Amendments, Changes and Modifications. So long as any Rentals are unpaid under the Facilities Lease, this Site Lease may not be effectively amended, changed, modified, altered or terminated without the prior written consent of the Site Lessee or its successors or assigns.

Section 12. Taxes. The Site Lessor covenants and agrees to pay any and all taxes and assessments levied or assessed upon the Site or any portion thereof.

Section 13. Eminent Domain. If the whole or any part of the Leased Property shall be taken under the power of eminent domain, the effect of such taking upon this Site Lease shall be in accord with the Facilities Lease relating to eminent domain; *provided*, that the Site Lessor hereby agrees, to the extent permitted by law, that the compensation to be paid in any condemnation proceedings brought by or on behalf of the County with respect to the Site and the Facilities located thereon shall be in an amount not less than the total unpaid principal component of Base Rentals plus the interest component of Base Rentals accrued to the date of payment of all Base Rentals under the Facilities Lease. If the whole or any part of the Leased Property shall be taken under the power of eminent domain after the termination of the County's possessory interests under the Facilities Lease, the following provisions shall apply:

(a) In the event of a partial taking of such Leased Property, the Site Lessee shall have the option to terminate this Site Lease by written notice to the Site Lessor delivered within thirty (30) days after the date of such taking. If the Site Lessee shall not elect to terminate this Site Lease as herein provided, this Site Lease shall remain in full force and effect with respect to that portion of the Leased Property not so taken.

(b) All awards and payments on account of any taking (including all amounts thereof in respect to any portion of the Leased Property) shall be paid to the Site Lessee to be distributed in the following order of priority:

(i) To the Site Lessee, (A) the value of any and all Facilities located on the Site, in an amount up to but not exceeding the unpaid principal component of Base Rentals under the Facilities Lease, plus (B) any amount assessed for the Site Lessee in the action or proceeding for condemnation with respect to removal or relocation costs or damages to any personal property or detriment to the operations of the Site Lessee or any permitted assignee or sublessee of the Site Lessee or any special damages to the Site Lessee or any permitted assignee or sublessee of the Site Lessee. Nothing contained in this subsection shall be deemed to limit the right of the Site Lessee to damages accruing from the date said damages are assessed in any condemnation proceeding or action.

(ii) To the Site Lessor, the entire award except the portion allotted to the Site Lessee above.

Section 14. Notices. All notices, statements, demands, requests, consents, approvals, authorizations, offers, agreements, appointments or designations hereunder by either party to the other shall be in writing and shall be sufficiently given and served upon the other party, if sent by United States registered mail, return receipt requested, postage prepaid, or by overnight delivery service and addressed as follows:

If to the Site Lessor, to:
County of Sonoma
585 Fiscal Drive
Santa Rosa, CA 95403
Attn: Auditor-Controller-Treasurer-Tax Collector

If to the Site Lessee, to:
LaSalle National Leasing Corporation
135 South LaSalle Street
Suite 545
Chicago, IL 60603
Attn: Municipal Department

Section 15. Partial Invalidity. If any one or more of the terms, provisions, promises, covenants or conditions of this Site Lease, or the application thereof to any person or circumstance, shall to any extent be adjudged invalid, unenforceable, void or voidable for any reason whatsoever by a court of competent jurisdiction, each and all of the remaining terms, provisions, promises, covenants and conditions of this Site Lease, and the application thereof to other persons or circumstances, shall not be affected thereby, and shall be valid and enforceable to the fullest extent permitted by law.

Section 16. Third-Party Beneficiaries. As long as any Rentals remain unpaid under the Facilities Lease, all respective covenants and agreements of the parties herein contained are hereby declared to be for the benefit of the owner or owners from time to time of the Facilities Lease or interests therein, but may be enforced by or on behalf of such owner or owners only in

accordance with the provisions hereof. The Site Lease shall not be deemed to create any right in any person who is not a party (other than the permitted successors and assigns of a party hereto) and shall not be construed in any respect to be a contract in whole or in part for the benefit of any third party (other than the permitted successors and assigns of a party hereto), except in each case the owner or owners from time to time of the Facilities Lease.

Section 17. No Merger. Neither this Site Lease, the Facilities Lease nor any provisions hereof or thereof shall be construed to effect a merger of the title of the Site Lessor to the Site under this Site Lease and the Site Lessor's leasehold interest therein under the Facilities Lease.

Section 18. Limitation on Site Lessee's Liability. Notwithstanding any language to the contrary contained herein or the Facilities Lease, the Site Lessee shall have no monetary or pecuniary obligation of any kind other than as set forth in Section 5 hereof.

Section 19. Environmental Conditions. (a) The Site Lessee shall not be obligated to monitor compliance of the Site with applicable environmental or other laws. The Site Lessee shall not have any obligations or responsibility to foreclose or otherwise further involve itself with the Site under any circumstances, including any instance where the Site Lessee is notified of any non-compliance of the Site with applicable environmental laws. The Site Lessor represents that the Site is currently in full compliance with all applicable federal, State and local environmental laws. It is expressly understood that the Site Lessee shall not have the right or the obligation to monitor the Site Lessor's compliance with environmental laws.

(b) The Site Lessor hereby represents and warrants to the Site Lessee that (i) neither the Site Lessor nor, to the best of the Site Lessor's knowledge after due inquiry, any other person or entity has ever caused or permitted any Hazardous Substance (as defined below) to be generated, placed, housed, located or disposed of on, under or in the Site and (ii) to the best of the Site Lessor's knowledge after due inquiry, no person or entity has ever used the Site as a dump site, permanent or temporary storage site or transfer station for any Hazardous Substance. The Site Lessor further represents and warrants to the Site Lessee that after due inquiry it is not aware of any actual or alleged violation with respect to the Site of any federal, State or local statute, ordinance, rule, regulation or other law pertaining to Hazardous Substances, and that there is no action or proceeding pending before or appealable from any court, quasi-judicial body or administrative agency relating to Hazardous Substances affecting or alleged to be affecting the Site.

(c) To the greatest extent permitted by law and subject to payment of any such indemnity solely from legally available funds, the Site Lessor agrees to hold harmless, indemnify and defend the Site Lessee and its assignees from and against any claim, demand, penalty, fee, lien, damage, loss, expense or liability resulting from (i) any breach of the representations or warranties made by the Site Lessor in this Section 19, including attorney's fees and costs of, or in preparation for, any trial or appellate review, and (ii) any actual or alleged Hazardous Substance contamination, including the clean-up of Hazardous Substances from the Site or any other properties resulting from any activities on the Site during the Site Lessor's ownership, possession or control of the Site which directly or indirectly result in the Site or any other property being contaminated with Hazardous Substances. This indemnity shall survive the

termination of this Site Lease and shall continue to inure to the benefit of the Site Lessee, notwithstanding any assignment of its rights hereunder, as well as any assignee of the Site Lessee's rights hereunder.

(d) As used herein, *"Hazardous Substance"* shall mean any hazardous, toxic or dangerous substance, waste, material or underground storage tanks that are or may become regulated under any federal, State or local statute, ordinance, rule, regulation or other law now or hereafter in effect pertaining to environmental protection, contamination or clean-up.

IN WITNESS WHEREOF, the parties hereto have caused this Site Lease to be executed by their respective officers thereunto duly authorized, and their official seals to be hereunto affixed, as of the day and year first above written.

MEMORANDUM OF JOINT OCCUPANCY AGREEMENT

THIS MEMORANDUM OF JOINT OCCUPANCY AGREEMENT ("**Memorandum**") is made and entered into the 17th day of December, 2008 by and between the County of Sonoma, whose present address is 2300 County Center Drive, Suite A200, Santa Rosa, California 95403, Attention: Real Estate Manager, General Services Department, Real Estate Division ("**County**"), and the Judicial Council of California, Administrative Office of the Courts ("**AOC**"), whose present address is 455 Golden Gate Avenue, San Francisco, CA 94102, Attention: Assistant Director, Office of Court Construction and Management, with respect to the following facts:

RECITALS

A. County is the fee owner of that certain real property located in the City of Santa Rosa, County of Sonoma, State of California, and having a street address of 600 Administration Drive, Santa Rosa, California 95403, as more particularly described on **Attachment 1** to this Memorandum ("**Land**"), together with the improvements located thereon containing the court facility commonly known as the Hall of Justice, and all other buildings, structures, and improvements located on and/or affixed to the Land (together with the Land, the "**Real Property**");

B. Under that certain Transfer Agreement For The Transfer of Responsibility For Court Facility between AOC and County dated as of December 16, 2008, AOC and County have entered into that certain Joint Occupancy Agreement, dated as of December 16, 2008 ("**JOA**"), setting forth the terms governing the Parties' respective rights and responsibilities regarding their shared possession, occupancy and use of the Real Property, as more particularly described in the JOA;

C. The JOA provides, among other things, for rights of first refusal and rights of first offer in favor of County and AOC to expand into and occupy, on a paid basis, any portion of the Real Property that County or AOC desire to vacate in accordance with Government Code § 70342(e);

D. Under the terms of the JOA, this Memorandum is to be recorded in the Official Records of County with respect to the Property for the purpose of memorializing the existence of the JOA, the terms of which inure to the benefit of, and bind, AOC, County and their respective successors and assigns. Any third-party interested in obtaining information about the Agreement may contact the parties at their above-referenced addresses.

(SIGNATURE PAGE FOLLOWS)

IN WITNESS WHEREOF, this Memorandum has been executed as of the day and year first above written.

SITE, FACILITY AND EQUIPMENT LEASE

This Site, Facility and Equipment Lease (this *"Site Lease"*), dated for convenience as of December 1, 2010, is between the County of Sonoma, a general law county duly organized and existing under the laws of the State of California, as lessor (the *"County"*), and the COUNTY OF SONOMA PUBLIC FINANCING CORPORATION, a nonprofit corporation duly organized and existing under the laws of the State of California, as lessee (the *"Corporation"*);

BACKGROUND:

1. The County wishes to finance the acquisition, construction, rehabilitation and installation of certain improvements in and to the County's 370 Admin Building (as hereinafter described) that will house the County's information technology facilities and certain other County offices (the *"Project"*) and the acquisition and installation of equipment and other property for a security system consisting of various security-related hardware and software and maintenance in connection therewith at the County's regional airport (the *"Equipment"*).

2. The Corporation has been organized for the purpose of acquiring, constructing and financing various facilities, land and equipment, and by leasing certain facilities, land and equipment, for the use, benefit and enjoyment of the public served by the County and is authorized to enter into financing and lease documents for that purpose.

3. In order to provide funds to finance the Project and the Equipment, the County has agreed to lease to the Corporation the land and improvements at any time situated thereon which constitute the County's Law Library, which is located at 2604 Ventura Avenue in Santa Rosa, California, and is more particularly described in PART I of Appendix A attached hereto and by this reference incorporated herein (such land and improvements being herein referred to as the *"Law Library"*), and the land and improvements at any time situated thereon which constitute the existing County-owned building known as the *"370 Admin Building,"* which is located at 370 Administration Drive in Santa Rosa, California, and is more particularly described in PART II of Appendix A attached hereto and by this reference incorporated herein (such land and improvements being herein referred to as the *"370 Admin Building"* and, together with the Law Library, the *"Leased Real Property"*), under this Site Lease, and the Corporation has agreed to

lease the Leased Real Property back to the County and to lease the Equipment to the County, all under a Lease Agreement dated as of December 1, 2010, which has been recorded concurrently herewith (the *"Lease"*), between the Corporation as lessor and the County as lessee.

4. The Corporation has assigned certain of its rights in the Lease to Banc of America Public Capital Corp (the *"Assignee"*) under an Assignment Agreement dated as of December 1, 2010, which has been recorded concurrently herewith.

5. The County is authorized to enter into a lease-leaseback arrangement with the Corporation to provide financing for the Project and the Equipment under Sections 25521 and 25536(c) of the California Government Code.

AGREEMENT:

In consideration of the foregoing and the material covenants hereinafter contained, the County and the Corporation formally covenant, agree and bind themselves as follows:

Section 1. Lease of Leased Real Property. The County hereby leases to the Corporation, and the Corporation hereby leases from the County, the Leased Real Property (as described more fully in Appendix A hereto), on the terms and conditions hereinafter set forth.

Section 2. Term; Possession. The term of this Site Lease commences, and the Corporation becomes entitled to possession of the Leased Real Property, as of the date of recordation hereof. This Site Lease ends, and the right of the Corporation hereunder to possession of the Leased Real Property thereupon ceases, on the date on which all of the lease payments under the Lease are paid in full, or provision is made for such payment in accordance with the Lease, and the Lease has been discharged, but under any circumstances not later than December 1, 2033.

Section 3. Rental. The Corporation will pay to the County as and for rental of the Leased Real Property hereunder, the amount of $1.00 to be paid on or before the date of execution and delivery hereof, the receipt of which by the County is hereby acknowledged. No other amounts of rental will be due and payable by the Corporation for the use and occupancy of the Leased Real Property under this Site Lease.

Section 4. Acquisition, Construction, Rehabilitation and Installation of the Project and the Equipment. The purpose for which the County agrees to lease the Leased Real Property to the Corporation hereunder is to enable the Corporation to finance the acquisition, construction, rehabilitation and installation of the Project and the acquisition and installation of the Equipment. The Project will be acquired, constructed, rehabilitated and installed, and the Equipment will be acquired and installed, in accordance with the provisions of Article III of the Lease. The Corporation hereby agrees to lease the Leased Real Property and the Equipment to the County under the Lease.

Section 5. Assignments and Subleases. Unless the County is in default under the Lease, the Corporation may not assign its rights under this Site Lease or sublet all or any portion

of the Leased Real Property, except as provided in the Lease, without the prior written consent of the County. If the County is in default under the Lease, the successor in interest to the Corporation may fully and freely assign and sublease the Leased Real Property or any portion thereof, subject to this Site Lease.

Section 6. Substitution or Release of Property. If the County exercises its option under Section 4.5 of the Lease and satisfies the conditions therein provided to substitute property for the Leased Real Property in whole or in part, such substitution shall also automatically operate to substitute property for the Leased Real Property which is leased hereunder. If the County exercises its option under Section 4.6(a) of the Lease and satisfies the conditions therein provided to release any portion of the Leased Real Property from the Lease, such release shall also automatically operate to release property hereunder. Upon satisfaction of the conditions provided in Section 4.6(b) of the Lease to release from the Lease the portion of the Leased Real Property that consists of the Law Library, such release shall also automatically operate to release hereunder such portion of the Leased Real Property that consists of the Law Library. The description of the property which is leased under the Lease shall conform at all times to the description of the property which is leased hereunder.

Section 7. Right of Entry. The County reserves the right for any of its duly authorized representatives to enter upon the Leased Real Property, or any portion thereof, at any reasonable time to inspect the same or to make any repairs, improvements or changes necessary for the preservation thereof.

Section 8. Termination. The Corporation agrees, upon the termination of this Site Lease, to quit and surrender the Leased Real Property in the same good order and condition as the Leased Real Property was in at the time of commencement of the term hereof, reasonable wear and tear excepted, and agrees that all buildings, improvements and structures then existing upon the Leased Real Property will remain thereon and the Corporation's leasehold estate in the Leased Real Property will automatically terminate. The Corporation agrees to take any and all steps and execute and record any and all documents reasonably required by the County to consummate the termination of its leasehold estate under this Section.

Section 9. Default. If the Corporation is in default in the performance of any obligation on its part to be performed under the terms of this Site Lease, which default continues for 30 days following notice and demand for correction thereof to the Corporation, the County may exercise any and all remedies granted by law, except that no merger of this Site Lease and of the Lease will be deemed to occur as a result thereof and this Site Lease may not be terminated by the County as a remedy for such default. Notwithstanding the foregoing, so long as the Lease remains in effect, the County will continue to pay the Lease Payments to the Assignee.

In the event of the occurrence of an Event of Default under the Lease, the Corporation may (i) exercise the remedies provided in the Lease, (ii) use the Leased Real Property for any lawful purpose, subject to any applicable legal limitations or restrictions, and (iii) exercise all options provided herein.

Section 10. Amendments. The Corporation and the County may at any time amend or modify any of the provisions of this Site Lease, but only with the prior written consent of the Assignee.

Section 11. Quiet Enjoyment. The Corporation at all times during the term of this Site Lease will peaceably and quietly have, hold and enjoy all of the Leased Real Property, subject to the provisions of the Lease and subject only to Permitted Encumbrances.

Section 12. Waiver of Personal Liability. All liabilities under this Site Lease on the part of the Corporation are solely corporate liabilities of the Corporation as a nonprofit corporation, and the County hereby releases each and every member and officer of the Corporation of and from any personal or individual liability under this Site Lease. No member or officer of the Corporation or its governing board is at any time or under any circumstances individually or personally liable under this Site Lease for anything done or omitted to be done by the Corporation hereunder.

Section 13. Taxes. The County will pay any and all assessments of any kind or character and also all taxes, including possessory interest taxes, levied or assessed upon the Leased Real Property and any improvements thereon.

Section 14. Eminent Domain. If the whole or any part of the Leased Real Property, or any improvements thereon, are taken by eminent domain proceedings, the interest of the Corporation will be the aggregate amount of the then unpaid principal components of the Lease Payments payable under the Lease and the balance of the award, if any, will be paid to the County. The County hereby waives any and all rights that it has or may hereafter have to acquire the interest of the Corporation in and to the Leased Real Property through the eminent domain powers of the County. However, the County hereby agrees, to the extent permitted by law, that the compensation to be paid in any condemnation proceedings brought by or on behalf of the County with respect to the Leased Real Property located thereon shall be in an amount not less than the total unpaid principal component of Lease Payments plus the interest component of Lease Payments accrued to the date of payment of all Lease Payments under the Lease.

Section 15. Partial Invalidity. If any one or more of the terms, provisions, covenants or conditions of this Site Lease are to any extent declared invalid, unenforceable, void or voidable for any reason whatsoever by a court of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of this Site Lease will be affected thereby, and each provision of this Site Lease will be valid and enforceable to the fullest extent permitted by law.

Section 16. Notices. Any notice, request, complaint, demand or other communication under this Site Lease must be given by first class mail or personal delivery to the party entitled thereto at its address set forth below, or by telecopy, telex or other form of telecommunication, at its number set forth below. Notice will be effective either (a) upon transmission by telecopy, telex or other form of telecommunication, (b) 72 hours after deposit in the United States mail, postage prepaid, or (c) in the case of personal delivery to any person, upon actual receipt. The

County, the Corporation and the Assignee may, by written notice to the other parties, from time to time modify the address or number to which communications are to be given hereunder.

If to the Corporation:	County of Sonoma Public Financing Corporation 585 Fiscal Drive, Room 101F Santa Rosa, CA 95403 Fax: 707-565-2683
If to the County:	County of Sonoma 585 Fiscal Drive, Room 101F Santa Rosa, CA 95403 Fax: 707-565-2683
If to the Assignee:	Banc of America Public Capital Corp 555 California Street, 4th Floor CA5-705-04-01 San Francisco, CA 94104 Attn: Contract Administration

Section 17. Governing Law. This Site Lease is governed by the laws of the State of California.

Section 18. Third Party Beneficiary. The Assignee is hereby made a third party beneficiary hereunder with all rights of a third party beneficiary.

Section 19. Binding Effect. This Site Lease inures to the benefit of and is binding upon the Corporation, the County and their respective successors and assigns, subject, however, to the limitations contained herein.

Section 20. Severability of Invalid Provisions. If any one or more of the provisions contained in this Site Lease are for any reason held to be invalid, illegal or unenforceable in any respect, then such provision or provisions will be deemed severable from the remaining provisions contained in this Site Lease and such invalidity, illegality or unenforceability will not affect any other provision of this Site Lease, and this Site Lease will be construed as if such invalid or illegal or unenforceable provision had never been contained herein. The Corporation and the County each hereby declares that it would have entered into this Site Lease and each and every other Section, paragraph, sentence, clause or phrase hereof irrespective of the fact that any one or more Sections, paragraphs, sentences, clauses or phrases of this Site Lease may be held illegal, invalid or unenforceable.

Section 21. No Merger. Neither this Site Lease, the Lease nor any provisions hereof or thereof shall be construed to effect a merger of the title of the County to the Leased Real Property under this Site Lease and the County's leasehold interest therein under the Lease.

Section 22. Section Headings. All section headings contained herein are for convenience of reference only and are not intended to define or limit the scope of any provision of this Site Lease.

Section 23. Execution in Counterparts. This Site Lease may be executed in any number of counterparts, each of which is an original but all together constitute one and the same instrument. It is also agreed that separate counterparts of this Site Lease may be separately executed by the Corporation and the County, all with the same force and effect as though the same counterpart had been executed by both the Corporation and the County.

Section 24. Defined Terms. All capitalized terms used herein and not otherwise defined have the respective meanings given those terms in the Lease.

IN WITNESS WHEREOF, the County and the Corporation have caused this Site Lease to be executed by their respective officers thereunto duly authorized, all as of the day and year first above written.

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a "Restrictive Covenant Modification" form, together with a copy of the attached document with the unlawful provision redacted to the county recorder's office. The "Restrictive Covenant Modification" form can be obtained from the county recorder's office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status. Gov. Code Sec. 12956.1(b)(1)

Any person who believes that this document contains an unlawful restrictive covenant as described above may submit to the County Recorder a completed Restrictive Covenant Modification form. A complete copy of the original document must be attached to the Restrictive Covenant Modification form, with the unlawful language redacted. After submission to the Recorder, the form and attached document will be reviewed by County Counsel, and if the attached document properly redacts an unlawful covenant, the form and attached document will be recorded. If you submit a request to record a modification document, you must provide a return address in order for the County Recorder to notify you of the action taken by the County Counsel regarding the form. Gov. Code Sec. 12956.2(a)(1), (b)(1), (c)

RECORDING REQUESTED BY:

WHEN RECORDED MAIL TO:

RESTRICTIVE COVENANT MODIFICATION

The following reference document contains a restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in Section 12955 of the Government Code, or ancestry, that violates state and federal fair housing laws and is void. Pursuant to Section 12956.2 of the Government Code, this document is being recorded solely for the purpose of redacting and eliminating that restrictive covenant as shown on page(s) ___ of the document recorded on _____(date) in book _____ and page _____ or instrument number _____ of the official records of the County of _____, State of California.

Attached hereto is a true, correct and complete copy of the document referenced above, with the unlawful restrictive covenant redacted.

This modification document shall be indexed in the same manner as the original document being modified, pursuant to subdivision (d) of Section 12956 of the Government Code.

The effective date of the terms and conditions of the modification document shall be the same as the effective date of the original document.

Signature of Submitting Party: _____ Date: _____

Print Name: _____

_____ County Counsel, or their designee, pursuant to paragraph (1) of subdivision (b) of Section 12956.2 of the Government Code, hereby states that it has determined that the original document referenced above contains an unlawful restriction and this modification may be recorded.
Or
_____County Counsel, or their designee, pursuant to paragraph (1) of subdivision (b) of Section 12956.2 of the Government Code, finds that the original document does not contain an unlawful restriction, or the modification document contains modifications not authorized, and this modification may not be recorded.

GRANT DEED	Agency: Judicial Council of California Project: New Santa Rosa Criminal Courthouse Court Facility No. 49-H1

APN(S): A portion of 180-030-08 and 180-020-16

For consideration, receipt of which is hereby acknowledged,

COUNTY OF SONOMA, a political subdivision of the State of California, hereby GRANTS to the STATE OF CALIFORNIA, acting by and through the JUDICIAL COUNCIL OF CALIFORNIA, ADMINISTRATIVE OFFICE OF THE COURTS, the following described real property situated in the State of California, County of Sonoma, described as follows:

See Exhibit "A" consisting of three (3) pages attached hereto and by this reference made a part hereof (the "Property").

Reserving therefrom underground utility easements as described in Exhibit "A."

Dated: 4/10/, 2012

GRANTOR:

COUNTY OF SONOMA, a political subdivision of the State of California,

By:
Name: Shirlee Zane
Title: Chair, Board of Supervisors

EXHIBIT 'A'

LEGAL DESCRIPTION
Fee Parcel No. 2

All that real property lying within the County of Sonoma, State of California and being a portion of the lands of the County of Sonoma, a political subdivision of the State of California, as described in those Grant Deeds recorded in Book 1296, at Page 263, Book 1882, at Page 214 and Book 2083 at Page 514, Official Records of the County of Sonoma and being more particularly described as follows:

Beginning at a point within said lands of the County of Sonoma, from which point City of Santa Rosa monument G-381, as shown on that Record of Survey "of the lands of Alfonso and Rose D'argenzio", filed for record November 21, 2003 in Book 657 of Maps at Page 27, Sonoma County Records, bears North 02°58'22" West 727.94 feet; thence, from said **POINT OF BEGINNING**, along a non tangent curve to the left, from a tangent that bears, North 89°41'02" East, with a radius of 110.50 feet, through a central angle of 24°59'49", for a distance of 48.21 feet; thence, along a compound curve to the left, with a radius of 69.00 feet, through a central angle of 25°55'02", for a distance of 31.21 feet; thence, along a reverse curve, with a radius of 65.50 feet, through a central angle of 51°48'32", for a distance of 59.23 feet; thence, South 89°25'18" East, for a distance of 171.58 feet; thence, along a curve to the left, with a radius of 30.00 feet, through a central angle of 32°26'32", for a distance of 16.99 feet; thence, along a reverse curve, with a radius of 20.00 feet, through a central angle of 32°26'32", for a distance of 11.32 feet; thence, South 89°25'18" East, for a distance of 148.48 feet; thence, South 00°17'33" West, for a distance of 203.22 feet; thence, North 89°24'28" West, for a distance of 328.20 feet; thence, South 00°34'38" West, for a distance of 317.66 feet; thence, North 89°25'27" West, for a distance of 140.18 feet; thence, North 00°22'23" East, for a distance of 457.51 feet to the POINT OF BEGINNING.

Containing 133,987 square feet (3.08 acres), more or less.

Together with the right of ingress and egress to the lands described above.

Reserving therefrom a portion of said parcel to be reserved for access to and maintenance of existing utility facilities over a parcel of land more particularly described as follows:

All that real property lying within the County of Sonoma, State of California and being a portion of the lands of the County of Sonoma, a political subdivision of the State of California, as described in that Grant Deed recorded in Book 1296, at Page 263, Official Records of the County of Sonoma and being more particularly described as follows:

Beginning at a point within said lands of the County of Sonoma, from which point City of Santa Rosa monument G-381, as shown on that Record of Survey "of the lands of Alfonso and Rose D'argenzio", filed for record November 21, 2003 in Book 657 of Maps at Page 27, Sonoma County Records, bears North 02°25'46" West 868.86 feet; thence, from said **POINT OF BEGINNING**, South 89°56'26" East, for a distance of 141.31 feet to a point on the boundary of the hereinabove described Fee Parcel No. 2; thence, along said boundary, the following courses: South 00°34'38" West, for a distance of 317.66 feet; thence, North 89°25'27" West, for a distance of 140.18 feet; thence, North 00°22'23" East, for a distance of 27.66 feet; thence, leaving said boundary of Fee Parcel No. 2, North 87°20'42" East, for a distance of 86.98 feet; thence, North 00°34'38" East, for a distance of 17.71 feet; thence, North 89°25'22" West, for a distance of 86.92 feet to the boundary of said Fee Parcel No. 2; thence, along said boundary, North 00°22'23" East, for a distance of 15.00 feet; thence, leaving said boundary, South 89°25'22" East, for a distance of 86.98 feet; thence, North 00°34'38" East, for a distance of 84.31 feet; thence, South 89°23'31" West, for a distance of 87.29 feet to the boundary of said Fee Parcel No. 2; thence, along said boundary, North 00°22'23" East, for a distance of 20.00 feet; thence, leaving said boundary, North 89°23'31" East, for a distance of 130.80 feet; thence, North 00°34'38" East, for a distance of 112.09 feet; thence, North 89°56'26" West, for a distance of 99.65 feet; thence, South 00°03'34" West, for a distance of 15.06 feet; thence, North 89°56'26" West, for a distance of 31.62 feet to the boundary of said Fee Parcel No. 2; thence, along said boundary, North 00°22'23" East, for a distance of 50.06 feet to the POINT OF BEGINNING.

Excepting therefrom, a portion of the herein above described reserved parcel, the following described parcel of land:

Commencing at the southeast corner of the parcel hereinabove designated as Fee Parcel No. 2; thence from said Point of Commencement, North 15°21'51" West, for a distance of 36.41 feet to the Point of Beginning of the exception parcel to be herein described; thence, from said **POINT OF BEGINNING**, South 87°20'42" West, for a distance of 28.48 feet; thence, North 00°34'38" East, for a distance of 16.86 feet; thence, South 89°25'22" East, for a distance of 28.43 feet; thence, South 00°34'38" West, for a distance of 15.25 feet to the POINT OF BEGINNING.

Also Excepting therefrom, a portion of the herein above described reserved parcel, the following described parcel of land:

Commencing at the southeast corner of the parcel hereinabove designated as Fee Parcel No. 2; thence from said Point of Commencement, North 08°08'04" West, for a distance of 66.02 feet to the Point of Beginning of the exception parcel to be herein described; thence, from said **POINT OF BEGINNING,** North 89°25'22" West, for a distance of 28.43 feet; thence, North 00°34'38" East, for a distance of 84.62 feet; thence, North 89°23'31" East, for a distance of 28.44 feet; thence, South 00°34'38" West, for a distance of 85.21 feet to the POINT OF BEGINNING.

Containing 18,423 square feet (0.42 acres), more or less.

Also Reserving therefrom, a portion of said parcel to be reserved for access to and maintenance of existing utility facilities over a parcel of land more particularly described as follows:

All that real property lying within the County of Sonoma, State of California and being a portion of the lands of the County of Sonoma, a political subdivision of the State of California, as described in that Grant Deed recorded in Book 1882, at Page 214, and Book 2096, at Page 514, Official Records of the County of Sonoma and being more particularly described as follows:

Beginning at the northeast corner of the parcel hereinabove designated as Fee Parcel No. 2; thence, from said **POINT OF BEGINNING**, South 00°17'33" West, for a distance of 20.00 feet; thence, North 89°25'18" West, for a distance of 115.00 feet; thence, South 03°12'51" West, for a distance of 183.38 feet to a point on the boundary of the hereinabove described Fee Parcel No. 2; thence, along said boundary, North 89°24'28" West, for a distance of 15.02 feet; thence, leaving said boundary, North 03°12'51" East, for a distance of 183.38 feet; thence, North 89°25'18" West, for a distance of 255.04 feet to a point on said boundary of Fee Parcel No. 2; thence, along said boundary, on a non tangent curve to the right, from a tangent that bears, North 55°02'47" East, with a radius of 65.50 feet, through a central angle of 35°31'55", for a distance of 40.62 feet; thence, South 89°25'18" East, for a distance of 171.58 feet; thence, along a curve to the left, with a radius of 30.00 feet, through a central angle of 32°26'32", for a distance of 16.99 feet; thence, along a reverse curve, with a radius of 20.00 feet, through a central angle of 32°26'32", for a distance of 11.32 feet; thence, South 89°25'18" East, for a distance of 148.48 feet to the POINT OF BEGINNING.

Containing 8,554 square feet (0.20 acres), more or less

Basis of Bearings: City of Santa Rosa Horizontal Control System (Datum: NAD 27) between found monuments G-381 and G-379 as N 89°41'35" E.

UTILITY EASEMENT AGREEMENT

This Utility Easement Agreement (**"Agreement"**) dated 4/10, 2012, by and between the COUNTY OF SONOMA, a political subdivision of the state of California (**"County"**), and the STATE OF CALIFORNIA, acting by and through the JUDICIAL COUNCIL OF CALIFORNIA, ADMINISTRATIVE OFFICE OF THE COURTS (the **"State"**) is entered into with reference to the following facts:

A. Pursuant to a Property Acquisition Agreement between the State and County (**"Purchase Agreement"**), the State acquired real property located at 2688 Ventura Avenue, Santa Rosa (**"Property"**) from County.

B. State and County enter into this Agreement for the purpose of establishing roles and obligations related to the County's reservation of an underground Utility Easement (**"Easement"**) along the Ventura Avenue border of the Property as shown on **Exhibit "A"** and more particularly described in **Exhibit "B."**

C. County has relocated, constructed and maintains water irrigation facilities, hot and cold heating and cooling water facilities, electrical facilities, telephone and other communication facilities, and sanitary sewer facilities (collectively referred to as **"Utilities"**) in the Easement.

D. County requires access to the Property in order to access and maintain the Utilities.

NOW, THEREFORE, the County and State hereby agree as follows:

1. Terms of the Easement.

   a) The reserved Easement will exist as long as County continues to use the Easement for its Utilities.

   b) Access to the Easement as described is limited solely to the exterior grounds area.

   c) County will provide ninety (90) days notice in the event routine maintenance is required that will disturb the surface of the Easement.

   d) In the event that the Property must be disturbed for maintenance of the Utilities, the County shall provide alternate parking of comparable convenience, number and type of parking spaces throughout the time period of the disturbance to the State for use by the Superior Court of California, County of Sonoma (**"Court"**), and after completion of its maintenance work, the County shall repair and restore the surface of the Easement to its condition prior to the commencement of that work.

   e) State may provide above ground landscaping and fencing that will not interfere with the Utilities.

   f) If the County upgrades or expands the Utilities in the Easement, the County will provide ninety (90) days notice to the State and coordinate the project so that it does not interrupt the operations of the Court.

2. Indemnification. County will hold harmless and indemnify the State, the AOC, and the Court and their respective agents, officers, directors, members, managers, and employees (collectively **"State Indemnitees"**) from and against all claims, suits, demands, losses, judgments, damages, and expenses (including reasonable attorney and consultants' fees and costs) incurred by State Indemnitees by reason of the activities of the County on, under or relating to the Easement or the County's breach of this Agreement.

   State will hold harmless and indemnify the County and their respective agents, officers, directors, members, managers, and employees (collectively **"County Indemnitees"**) from and against all claims, suits, demands, losses, judgments, damages, and expenses (including reasonable attorney and consultants' fees and costs) incurred by County Indemnitees by reason of the activities of the State on or relating to the Utilities or the State's breach of this Agreement.

3. Term and Termination of Easement. This Agreement shall terminate upon the abandonment of the Easement or the termination of the use for the Easement or

at such time as the State and County have entered into a future agreement regarding the Utilities.

4. Amendment and Termination. This Agreement may be amended only by written agreement signed by both of the parties hereto. In the event that the parties hereto mutually agree to terminate this Agreement, the parties hereto agree to execute in a recordable form any documents requested by either party acknowledging the partial or complete termination of the Easement described herein.

5. Binding Effect. Until terminated, the provisions of this Agreement shall constitute a covenant running with the land with respect to the Property, and shall be binding on each successive owner, during their ownership, of any portion of the State Property.

6. Governing Law. The Easement, and the parties' performance under this Agreement, will be exclusively governed by the laws of the state of California without regard to its conflict of law provisions.

7. Integration. This Agreement and the Purchase Agreement contain the entire agreement of the parties with respect to the subject matter described herein, and supersedes all previous communications, representations, understandings, and agreements, whether verbal, written, express, or implied, between the parties with respect to such subject matter.

[SIGNATURE PAGE TO IMMEDIATELY FOLLOW]

The parties hereto have executed this Agreement for the purpose of agreeing to be bound by the provisions hereof, effective as of the last date set forth below.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement.

APN: A portion of 180-03-008; County of Sonoma

UTILITY EASEMENT AGREEMENT

This Utility Easement Agreement (**"Agreement"**) dated 4/10, 2012, by and between the COUNTY OF SONOMA, a political subdivision of the state of California (**"County"**), and the STATE OF CALIFORNIA, acting by and through the JUDICIAL COUNCIL OF CALIFORNIA, ADMINISTRATIVE OFFICE OF THE COURTS (the **"State"**) is entered into with reference to the following facts:

A. Pursuant to a Property Acquisition Agreement between the State and County (**"Purchase Agreement"**), the State acquired real property located at 2688 Ventura Avenue, Santa Rosa (**"Property"**) from County.

B. State and County enter into this Agreement for the purpose of establishing roles and obligations related to the County's reservation of an underground Utility Easement (**"Easement"**) along the Paulin Drive border of the Property as shown on **Exhibit "A"** and more particularly described in **Exhibit "B."**

C. County has constructed and maintains fire sprinkler water and domestic water facilities (collectively referred to as **"Utilities"**) in the Easement.

D. County requires access to the Property in order to access and maintain the Utilities.

NOW, THEREFORE, the County and State hereby agree as follows:

1. Terms of the Easement.

   a) The reserved Easement will exist as long as County continues to use the Easement for its Utilities.

b) Access to the Easement as described is limited solely to the exterior grounds area.

c) County will provide ninety (90) days notice in the event routine maintenance is required that will disturb the surface of the Easement.

d) In the event that the Property must be disturbed for maintenance of the Utilities, the County shall provide alternate parking of comparable convenience, number and type of parking spaces throughout the time period of the disturbance to the Superior Court of California, County of Sonoma (**"Court"**), and after completion of its maintenance work, the County shall repair and restore the surface of the Easement to its condition prior to the commencement of that work.

e) State may provide above ground landscaping and fencing that will not interfere with the Utilities.

f) If the County upgrades or expands the Utilities in the Easement, the County will provide ninety (90) days notice to the State and coordinate the project so that it does not interrupt the operations of the Court.

2. Indemnification. County will hold harmless and indemnify the State, the AOC, and the Court and their respective agents, officers, directors, members, managers, and employees (collectively **"State Indemnitees"**) from and against all claims, suits, demands, losses, judgments, damages, and expenses (including reasonable attorney and consultants' fees and costs) incurred by State Indemnitees by reason of the activities of the County on, under or relating to the Easement or the County's breach of this Agreement.

   State will hold harmless and indemnify the County and their respective agents, officers, directors, members, managers, and employees (collectively **"County Indemnitees"**) from and against all claims, suits, demands, losses, judgments, damages, and expenses (including reasonable attorney and consultants' fees and costs) incurred by County Indemnitees by reason of the activities of the State on or relating to the Utilities or the State's breach of this Agreement.

3. Term and Termination of Easement. This Agreement shall terminate upon the abandonment of the Easement or the termination of the use for the Easement or at such time as the State and County have entered into a future agreement regarding the Utilities.

4. Amendment and Termination. This Agreement may be amended only by written agreement signed by both of the parties hereto. In the event that the

parties hereto mutually agree to terminate this Agreement, the parties hereto agree to execute in a recordable form any documents requested by either party acknowledging the partial or complete termination of the Easement described herein.

5. Binding Effect. Until terminated, the provisions of this Agreement shall constitute a covenant running with the land with respect to the Property, and shall be binding on each successive owner, during their ownership, of any portion of the Property.

6. Governing Law. The Easement, and the parties' performance under this Agreement, will be exclusively governed by the laws of the state of California without regard to its conflict of law provisions.

7. Integration. This Agreement and the Purchase Agreement contain the entire agreement of the parties with respect to the subject matter described herein, and supersedes all previous communications, representations, understandings, and agreements, whether verbal, written, express, or implied, between the parties with respect to such subject matter.

[SIGNATURE PAGE TO IMMEDIATELY FOLLOW]

The parties hereto have executed this Agreement for the purpose of agreeing to be bound by the provisions hereof, effective as of the last date set forth below.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement.

UTILITY EASEMENT AGREEMENT

This Utility Easement Agreement (**"Agreement"**) dated 4/10/12, 2012, by and between the COUNTY OF SONOMA, a political subdivision of the state of California (**"County"**), and the STATE OF CALIFORNIA, acting by and through the JUDICIAL COUNCIL OF CALIFORNIA, ADMINISTRATIVE OFFICE OF THE COURTS (the **"State"**) is entered into with reference to the following facts:

A. Pursuant to a Property Acquisition Agreement between the State and County of even date herewith (**"Purchase Agreement"**), the State acquired from County real property located at 600 Administration Drive, Santa Rosa, CA as more particularly described in **Exhibit "A"** attached hereto (**"Property"**).

B. State and County enter into this Agreement for the purpose of the State granting to the County an underground Utility Easement (**"Easement"**) along the Administration Drive border of the Property as shown on **Exhibit "B"** and more particularly described in **Exhibit "C,"** and establishing roles and obligations related to that Easement.

C. County has relocated, constructed and maintains water irrigation facilities, hot and cold heating and cooling water facilities, electrical facilities and communication facilities (collectively referred to as **"Utilities"**) in the Easement.

D. County requires access to the State Property in order to access and maintain the Utilities.

NOW, THEREFORE, the County and State hereby agree as follows:

1. Grant of Easement. State hereby grants to the County a non-exclusive

easement on, over, under, across and through the Property along the Administration Drive border of the Property as depicted and described in Exhibits B and C for the purpose of providing the County with such access to the Property as the County may reasonably require in connection with its continued operation, use, maintenance, replacement and repair of the Utilities.

2. Terms of the Easement.

a) The reserved Easement will exist as long as County continues to use the Easement for its Utilities.

b) Access to the Easement as described is limited solely to the exterior grounds area.

c) County will provide ninety (90) days notice in the event routine maintenance is required that will disturb the surface of the Easement.

d) In the event that the parking lot must be disturbed for maintenance of the Utilities, the County will provide alternate parking of comparable convenience, number and type of parking spaces throughout the time period of the disturbance, and after completion of its maintenance work, the County shall repair and restore the surface of the Easement to its condition prior to the commencement of that work.

e) State may provide above ground landscaping and fencing that will not interfere with the Utilities.

f) If the County upgrades or expands the Utilities in the Easement, the County will provide ninety (90) days notice to the State and coordinate the project so that it does not interrupt the operations of the Superior Court.

3. Indemnification. County will hold harmless and indemnify the State, the AOC, and the Superior Court and their respective agents, officers, directors, members, managers, and employees (collectively **"State Indemnitees"**) from and against all claims, suits, demands, losses, judgments, damages, and expenses (including reasonable attorney and consultants' fees and costs) incurred by State Indemnitees by reason of the activities of the County on, under or relating to the Easement or the County's breach of this Agreement.

State will hold harmless and indemnify the County and their respective agents, officers, directors, members, managers, and employees (collectively

"County Indemnitees") from and against all claims, suits, demands, losses, judgments, damages, and expenses (including reasonable attorney and consultants' fees and costs) incurred by County Indemnitees by reason of the activities of the State on or relating to the Utilities or the State's breach of this Agreement.

4. Term and Termination of Easement. This Agreement shall terminate upon the abandonment of the Easement or the termination of the use for the Easement or at such time as the State and County have entered into a future agreement regarding the Utilities.

5. Amendment and Termination. This Agreement may be amended only by written agreement signed by both of the parties hereto. In the event that the parties hereto mutually agree to terminate this Agreement, the parties hereto agree to execute in a recordable form any documents requested by either party acknowledging the partial or complete termination of the Easement described herein.

6. Binding Effect. Until terminated, the provisions of this Agreement shall constitute a covenant running with the land with respect to the State Property, and shall be binding on each successive owner, during their ownership, of any portion of the State Property.

7. Governing Law. The Easement, and the parties' performance under this Agreement, will be exclusively governed by the laws of the state of California without regard to its conflict of law provisions.

8. Integration. This Agreement and the Purchase Agreement contain the entire agreement of the parties with respect to the subject matter described herein, and supersedes all previous communications, representations, understandings, and agreements, whether verbal, written, express, or implied, between the parties with respect to such subject matter.

[SIGNATURE PAGE TO IMMEDIATELY FOLLOW]

The parties hereto have executed this Agreement for the purpose of agreeing to be bound by the provisions hereof, effective as of the last date set forth below.

e) State may provide above ground landscaping and fencing that will not interfere with the Utilities.

f) If the County upgrades or expands the Utilities in the Easement, the County will provide ninety (90) days notice to the State and coordinate the project so that it does not interrupt the operations of the Superior Court.

3. Indemnification. County will hold harmless and indemnify the State, the AOC, and the Superior Court and their respective agents, officers, directors, members, managers, and employees (collectively **"State Indemnitees"**) from and against all claims, suits, demands, losses, judgments, damages, and expenses (including reasonable attorney and consultants' fees and costs) incurred by State Indemnitees by reason of the activities of the County on, under or relating to the Easement or the County's breach of this Agreement.

State will hold harmless and indemnify the County and their respective agents, officers, directors, members, managers, and employees (collectively "County Indemnitees") from and against all claims, suits, demands, losses, judgments, damages, and expenses (including reasonable attorney and

consultants' fees and costs) incurred by County Indemnitees by reason of the activities of the State on or relating to the Utilities or the State's breach of this Agreement.

4. Term and Termination of Easement. This Agreement shall terminate upon the abandonment of the Easement or the termination of the use for the Easement or at such time as the State and County have entered into a future agreement regarding the Utilities.

5. Amendment and Termination. This Agreement may be amended only by written agreement signed by both of the parties hereto. In the event that the parties hereto mutually agree to terminate this Agreement, the parties hereto agree to execute in a recordable form any documents requested by either party acknowledging the partial or complete termination of the Easement described herein.

6. Binding Effect. Until terminated, the provisions of this Agreement shall constitute a covenant running with the land with respect to the State Property, and shall be binding on each successive owner, during their ownership, of any portion of the State Property.

7. Governing Law. The Easement, and the parties' performance under this Agreement, will be exclusively governed by the laws of the state of California without regard to its conflict of law provisions.

8. Integration. This Agreement and the Purchase Agreement contain the entire agreement of the parties with respect to the subject matter described herein, and supersedes all previous communications, representations, understandings, and agreements, whether verbal, written, express, or implied, between the parties with respect to such subject matter.

[SIGNATURE PAGE TO IMMEDIATELY FOLLOW]

The parties hereto have executed this Agreement for the purpose of agreeing to be bound by the provisions hereof, effective as of the last date set forth below.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement.

WATER WELL EASEMENT AGREEMENT

This Easement Agreement ("**Agreement**") dated 4/10, 2012, by and between the COUNTY OF SONOMA, a political subdivision of the state of California ("**County**"), and the STATE OF CALIFORNIA, acting by and through the JUDICIAL COUNCIL OF CALIFORNIA, ADMINISTRATIVE OFFICE OF THE COURTS (the "**State**") is entered into with reference to the following facts:

A. Pursuant to a Property Acquisition Agreement between the State and County of even date herewith ("**Purchase Agreement**"), the State acquired from County real property located at 600 Administration Drive, Santa Rosa, CA as more particularly described in **Exhibit "A"** attached hereto ("**Property**").

B. State and County enter into this Agreement for the purpose of the State granting to the County an easement for an existing water well including a utility box that houses the well head and related piping (together, the "**Water Well**") on the northeast corner of the Property ("**Easement**") as shown on **Exhibit "B"** and more particularly described on **Exhibit "C"** and establishing roles and obligations related to that Easement.

C. County has constructed and maintained the Water Well and desires to continue to maintain it.

D. County requires access to the Property in order to operate and maintain the Water Well.

NOW, THEREFORE, the County and State hereby agree as follows:

1. Grant of Easement. State hereby grants to the County a non-exclusive easement on, over, under, across the Property as depicted and described in

Exhibits B and C for the purpose of providing the County with such access to the Property as the County may reasonably require in connection with its continued operation, use, maintenance, replacement and repair of the Water Well.

2. Terms of the Easement Agreement.

a) The Easement, depicted on Exhibit B and more particularly described in Exhibit C is for the County's Water Well as currently constructed.

b) This Easement will terminate on June 30, 2013, unless sooner terminated as provided for herein.

c) Prior to the termination of the Easement, the County will relocate or remove the Water Well, and the County will be responsible for all reasonable costs associated with the relocation or removal of the Water Well. County will fill any hole in the ground related to the relocation or removal of the Water Well with engineered fill. The County may relocate the Water Well to a mutually agreeable location on the Property. In the event the Parties are unable to reach an agreement for relocation of the Water Well on the Property, the County will remove and relocate the Water Well to a location off the Property. Partial removal of the Water Well from the Property will be considered if the remaining portion of the Water Well assembly does not impact any structure or feature related to the State's project on the Property. Not less than 120 days prior to any relocation or removal of the Water Well, County will submit to the State plans and drawings for relocation or removal of the Water Well, and within 30 days after receipt of those plans and drawings, the State will review and either accept and approve, or reject those plans and drawings. If the State does not accept and approve the plans and drawings, the State and County will meet and confer to establish a mutually acceptable plan for relocation or removal of the Water Well.

d) If the County fails to relocate or remove the Water Well as required by June 30, 2013, then the State may, at its option and in its sole discretion, take all steps necessary to either cap in place, or cap and remove the Water Well and County must reimburse the State for all cost and expense associated therewith within 60 days after receipt of an invoice from the State for such cost and expense, provided, however, that in no event shall County be required to so reimburse the State in an amount greater than Fifty Thousand Dollars ($50,000).

e) Access to the Easement is limited solely to the exterior grounds area of the Property and shall not interrupt court business or operations.

f) County will provide 60 days advance written notice in the event maintenance is required that will disturb the surface of the Easement, unless the nature of the event is an emergency, in which case County will attempt to contact State telephonically and then proceed to mitigate the emergency.

g) State may provide above ground landscaping that will not interfere with the Easement.

3. Indemnification. County will hold harmless and indemnify the State, and the Superior Court of California, County of Sonoma and their respective agents, officers, directors, members, managers, and employees (collectively **"State Indemnitees"**) from and against all claims, suits, demands, losses, judgments, damages, and expenses (including reasonable attorney and consultants' fees and costs) incurred by State Indemnitees by reason of the activities of the County on or relating to the Easement or the County's breach of this Agreement.

State will hold harmless and indemnify the County and their respective agents, officers, directors, members, managers, and employees (collectively **"County Indemnitees"**) from and against all claims, suits, demands, losses, judgments, damages, and expenses (including reasonable attorney and consultants' fees and costs) incurred by County Indemnitees by reason of the activities of the State on or relating to the Easement or the State's breach of this Agreement.

4. Term and Termination of Easement and Agreement. The Easement and this Agreement shall terminate upon the abandonment of the Easement or the termination of the use for the Easement on June 30, 2013, or at such time as the State and County have entered into a future agreement regarding the Easement.

5. Amendment and Termination. This Agreement may be amended only by written agreement signed by both of the parties hereto. In the event that the parties hereto mutually agree to terminate this Agreement prior to the termination date, the parties hereto agree to execute in a recordable form any documents requested by either party acknowledging the partial or complete termination of the Easement described herein.

6. Binding Effect. Until terminated, the provisions of this Agreement shall constitute a covenant running with the land with respect to the Property,

and shall be binding on each successive owner, during their ownership, of any portion of the Property.

7. Governing Law. This Agreement, and the parties' performance under this Agreement, will be exclusively governed by the laws of the State of California without regard to its conflict of law provisions.

8. Integration. This Agreement and the Property Acquisition Agreement contain the entire agreement of the parties with respect to the subject matter described herein, and supersedes all previous communications, representations, understandings, and agreements, whether verbal, written, express, or implied, between the parties with respect to such subject matter.

[SIGNATURE PAGE TO IMMEDIATELY FOLLOW]

The parties hereto have executed this Agreement for the purpose of agreeing to be bound by the provisions hereof, effective as of the last date set forth below.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement.

WATER WELL EASEMENT AGREEMENT

This Easement Agreement (**"Agreement"**) dated Nov 15, 2015, by and between the COUNTY OF SONOMA, a political subdivision of the state of California (**"County"**), and the STATE OF CALIFORNIA, acting by and through the JUDICIAL COUNCIL OF CALIFORNIA (the **"State"**) is entered into with reference to the following facts:

RECITALS

A. State is owner of that certain parcel of real property located at 600 Administration Drive, Santa Rosa, CA as more particularly described in Exhibit "A" attached hereto (**"Property"**).

B. At the time State acquired the Property from County, State and County entered into that certain "Water Well Easement Agreement" dated April 10, 2012, and recorded on June 11, 2012, as document 2012054980 (**"Original Agreement"**) for the purpose of the State granting to the County an easement for an existing water well including a utility box that houses the well head and related piping (together, the **"Water Well"**) on the northeast corner of the Property (**"Easement"**) as shown on Exhibit "B" and more particularly described on Exhibit "C" and establishing roles and obligations related to that Easement.

C. The Original Agreement expired as of June 30, 2013, but County desires to continue to maintain the Water Well and to have access to the Property to operate and maintain it.

D. State acquired the Property from County for the purpose of constructing, operating and maintaining a new court facility on the property (**"New Courthouse**

Project") and to finance construction of the New Courthouse Project through issuance of State Public Works Board (**"SPWB"**) lease revenue bonds (the **"Bonds"**), which will in part be secured by site and facility leases between the Judicial Council and SPWB pertaining to the Property.

E. State expects issuance of the Bonds for the New Courthouse Project to occur sometime in 2017, and prior to that time, will require removal of the Water Well from the Property, and termination of all existing easements or other grants of rights to access, occupy or use the Property.

F. State is willing to enter into this Agreement as successor to the Original Agreement and to grant to County continuing non-exclusive rights to the Property to operate, maintain, replace, and repair the Water Well until December 31, 2016.

G. On July 29, 2014, the Judicial Council of California amended rule 10.81 of the California Rules of Court to substitute the Judicial Council for the "Administrative Office of the Courts" or the "AOC" in all contracts, memoranda of understanding, and other legal agreements, documents, proceedings, and transactions, with no prejudice to the substantive rights of any party.

NOW, THEREFORE, the County and State hereby agree as follows:

AGREEMENT

1. Incorporation of Recitals. The foregoing provisions of the Recitals are true and correct and are incorporated into this Agreement by this reference.

2. Grant of Easement. State hereby grants to the County a non-exclusive easement on, over, under, across the Property as depicted and described in Exhibits "B" and "C" for the purpose of providing the County with such access to the Property as the County may reasonably require in connection with its continued operation, use, maintenance, replacement and repair of the Water Well.

3. Terms of the Easement Agreement.

   a) The Easement, depicted on Exhibit "B" and more particularly described in Exhibit "C," is for the County's Water Well as currently constructed.

   b) This Easement will terminate on December 31, 2016, unless earlier abandoned or terminated as provided for herein.

   c) Prior to the termination of the Easement, the County will relocate or remove the Water Well, and the County will be responsible for all reasonable costs associated with the relocation or removal of the Water Well. County will fill

any hole in the ground related to the relocation or removal of the Water Well with engineered fill. The County may relocate the Water Well in whole or in part to a mutually agreeable location on the Property that will not in any way affect the construction, operation, and maintenance of the New Courthouse Project, provided, however, that any such relocation may only be made pursuant to a new easement agreement in form and content acceptable to State and SPWB. In the event the Parties are unable to reach an agreement for relocation of the Water Well on the Property prior to termination of this Agreement, the County will remove and relocate the Water Well to a location off the Property. Not less than 120 days prior to any relocation or removal of the Water Well, County will submit to the State plans and drawings for relocation or removal of the Water Well, and within 30 days after receipt of those plans and drawings, the State will review and either accept and approve, or reject those plans and drawings. If the State does not accept and approve the plans and drawings, the State and County will meet and confer to establish a mutually acceptable plan for relocation or removal of the Water Well.

d) Notwithstanding any other provision of the Agreement to the contrary, if the County fails to relocate or remove the Water Well as required by December 31, 2016, then the State may, at its option and in its sole discretion, take all steps necessary to either cap in place, or cap and remove the Water Well and County must reimburse the State for all cost and expense associated therewith within 60 days after receipt of an invoice from the State for such cost and expense, provided, however, that in no event shall County be required to so reimburse the State in an amount greater than Fifty Thousand Dollars ($50,000).

e) Access to the Easement is limited solely to the exterior grounds area of the Property and shall not interrupt court business or operations.

f) County will provide 60 days advance written notice in the event maintenance is required that will disturb the surface of the Easement, unless the nature of the event is an emergency, in which case County will attempt to contact State telephonically and then proceed to mitigate the emergency.

g) State may provide above ground landscaping that will not interfere with the Easement.

4. Indemnification. County will hold harmless and indemnify the State, and the Superior Court of California, County of Sonoma and their respective agents, officers, directors, members, managers, and employees (collectively **"State Indemnitees"**) from and against all claims, suits, demands, losses, judgments,

damages, and expenses (including reasonable attorney and consultants' fees and costs) incurred by State Indemnitees by reason of the activities of the County on or relating to the Easement or the County's breach of this Agreement.

State will hold harmless and indemnify the County and their respective agents, officers, directors, members, managers, and employees (collectively **"County Indemnitees"**) from and against all claims, suits, demands, losses, judgments, damages, and expenses (including reasonable attorney and consultants' fees and costs) incurred by County Indemnitees by reason of the activities of the State on or relating to the Easement or the State's breach of this Agreement.

5. Term and Termination of Easement and Agreement. The Easement and this Agreement shall terminate on December 31, 2016, or upon its earlier abandonment or termination.

6. Amendment and Termination. This Agreement may be amended only by written agreement signed by both of the parties hereto. In the event that the parties hereto mutually agree to terminate this Agreement prior to the termination date, the parties hereto agree to execute in a recordable form any documents requested by either party acknowledging the partial or complete termination of the Easement described herein.

7. Binding Effect. Until terminated, the provisions of this Agreement shall constitute a covenant running with the land with respect to the Property, and shall be binding on each successive owner, during their ownership, of any portion of the Property.

8. Governing Law. This Agreement, and the parties' performance under this Agreement, will be exclusively governed by the laws of the State of California without regard to its conflict of law provisions.

9. Integration. This Agreement and the Property Acquisition Agreement contain the entire agreement of the parties with respect to the subject matter described herein, and supersedes all previous communications, representations, understandings, and agreements, whether verbal, written, express, or implied, between the parties with respect to such subject matter.

[SIGNATURE PAGE TO IMMEDIATELY FOLLOW]

The parties hereto have executed this Agreement for the purpose of agreeing to be bound by the provisions hereof, effective as of the last date set forth below.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement.

TEMPORARY WATER WELL ACCESS AGREEMENT

This Temporary Water Well Access Agreement (**"Agreement"**) dated May 3, 2017, by and between the COUNTY OF SONOMA, a political subdivision of the state of California (**"County"**), and the STATE OF CALIFORNIA, acting by and through the JUDICIAL COUNCIL OF CALIFORNIA (the **"State"**) is entered into with reference to the following facts:

RECITALS

A. State is owner of that certain parcel of real property located at 600 Administration Drive, Santa Rosa, CA as more particularly described in Exhibit "A" attached hereto (**"Property"**).

B. At the time State acquired the Property from County, State and County entered into that certain "Water Well Easement Agreement" dated April 10, 2012, and recorded on June 11, 2012 in the Official Records of the County as document 2012054980 (**"Original Agreement"**) for the purpose of the State granting to the County an easement for the operation, use, maintenance, replacement and repair of an existing water well including a utility box that houses the well head and related piping (together, the **"Water Well"**) on the northeast corner of the Property as shown on Exhibit "B" and more particularly described on Exhibit "C" and establishing roles and obligations related to that grant of easement.

C. State and County entered into a subsequent Water Well Easement Agreement dated November 15, 2015 and recorded in the Official Records of the County on December 22, 2015 as document number 2015108674 (the "**2015 Agreement**") to extend the term of the Original Agreement until December 31, 2016.

D. Because County has not completed removal of the Water Well from the Property, State now agrees to grant to County temporary, non-exclusive access to the Property until June 30, 2017 as is reasonably necessary to complete its removal of the Water Well and for no other purpose.

NOW, THEREFORE, the County and State hereby agree as follows:

AGREEMENT

1. Incorporation of Recitals. The foregoing provisions of the Recitals are true and correct and are incorporated into this Agreement by this reference.

2. Grant of Easement. State hereby grants to the County a temporary non-exclusive easement on, over, under, across the Property as depicted and described in Exhibits "B" and "C" for the sole purpose of providing the County with such access to the Property as the County as may be reasonably necessary to complete its removal of the Water Well (the "**Easement**").

3. Terms of the Easement.

   a) This Easement will terminate on June 30, 2017, unless earlier abandoned or terminated as provided for herein.

   b) Prior to the termination of the Easement, the County will completely remove the Water Well, and to fill any hole in the ground related to the complete removal of the Water Well with engineered fill, all at County's sole cost and expense.

   c) Notwithstanding any other provision of this Agreement to the contrary, if the County fails to remove the Water Well as required by June 30, 2017, then the State may, at its option and in its sole discretion, take all steps necessary to either cap in place, or cap and remove the Water Well and to fill any hole in the ground related to the complete removal of the Water Well with engineered fill. County must reimburse the State for all cost and expense associated therewith within 60 days after receipt of an invoice from the State for such cost and expense, provided, however, that in no event shall County be required to so reimburse the State in an amount greater than Fifty Thousand Dollars ($50,000).

   d) Access to the Easement is limited solely to the exterior grounds area of the Property and shall not interrupt court business or operations.

   e) State may provide above ground landscaping that will not interfere with the Easement.

4. Indemnification. County will hold harmless and indemnify the State, and the Superior Court of California, County of Sonoma and their respective agents, officers, directors, members, managers, and employees (collectively **"State Indemnitees"**) from and against all claims, suits, demands, losses, judgments, damages, and expenses (including reasonable attorney and consultants' fees and costs) incurred by State Indemnitees by reason of the activities of the County on or relating to the Easement or the County's breach of this Agreement.

State will hold harmless and indemnify the County and their respective agents, officers, directors, members, managers, and employees (collectively **"County Indemnitees"**) from and against all claims, suits, demands, losses, judgments, damages, and expenses (including reasonable attorney and consultants' fees and costs) incurred by County Indemnitees by reason of the activities of the State on or relating to the Easement or the State's breach of this Agreement.

5. Amendment and Termination. This Agreement may be amended only by written agreement signed by both of the parties hereto. In the event that the parties hereto mutually agree to terminate this Agreement prior to the termination date, the parties hereto agree to execute in a recordable form any documents requested by either party acknowledging the partial or complete termination of the Easement described herein.

6. Binding Effect. Until terminated, the provisions of this Agreement shall constitute a covenant running with the land with respect to the Property, and shall be binding on each successive owner, during their ownership, of any portion of the Property.

7. Governing Law. This Agreement, and the parties' performance under this Agreement, will be exclusively governed by the laws of the State of California without regard to its conflict of law provisions.

8. Integration. This Agreement contains the entire agreement of the parties with respect to the subject matter described herein, and supersedes all previous communications, representations, understandings, and agreements, whether verbal, written, express, or implied, between the parties with respect to such subject matter.

The parties hereto have executed this Agreement for the purpose of agreeing to be bound by the provisions hereof, effective as of the last date set forth below.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement.

PARKING EASEMENT AGREEMENT

This Parking Easement Agreement (**"Agreement"**) dated 4/10/12, 2012, by and between the COUNTY OF SONOMA, a political subdivision of the state of California (**"County"**), and the STATE OF CALIFORNIA, acting by and through the JUDICIAL COUNCIL OF CALIFORNIA, ADMINISTRATIVE OFFICE OF THE COURTS (the **"State"**) for the benefit of the Superior Court of California, County of Sonoma (the **"Court"**). Hereafter, the County and the State may sometimes be referred to as Parties. This Agreement is entered into with reference to the following facts:

A. State and County have entered into purchase agreements for the conveyance of property in the City of Santa Rosa for the State to construct a new courthouse located on the corner of Ventura Avenue and Paulin Drive, Santa Rosa, California, for occupancy and use by the Court (the **"New Courthouse"**).

B. County holds title to that certain parking lot on Russell Avenue near the New Courthouse location as described and depicted on the exhibit attached hereto and incorporated hereto as **Exhibit "A"** (the **"Parking Lot"**).

C. In order to provide additional parking for the New Courthouse as well as existing Court facilities, the State desires to acquire an exclusive easement from the County on, over across and through the Parking Lot (the **"Easement Area"**) along with such other access rights as may be needed to use the Easement Area as intended.

NOW, THEREFORE, for good and valuable consideration, the County and State hereby agree as follows:

1. Grant of Easement; Reservation by County.

A. County hereby grants to State in perpetuity or until such time as the Parties agree to its termination an exclusive easement on, over, across and through the Easement Area for the purpose described in Paragraph 4 below, and subject to the terms and conditions of the Agreement (the **"Easement"**).

B. County reserves to itself the right of ingress and egress over the driveway from Russell Avenue onto the Easement Area as described and depicted on **Exhibit "B"** attached hereto and incorporated by reference (the **"Driveway"**) solely for the purpose of emergency access to adjacent County building(s).

2. Grant of License. For so long as the Easement exists, County hereby grants to State a license to walk on, over across and through the walkway from the Easement Area to Paulin Drive (**"Licensed Area"**) for use by all users of the Easement Area (the **"Access License"**). The legal description and plat for the Licensed Area is attached as **Exhibit "C"** and incorporated herein. County will be responsible at its sole cost and expense for all maintenance and repair of the Licensed Area including, but not limited to, lighting and tree trimming. County will also be responsible at its sole cost and expense for security in and around the Licensed Area including, but not limited to, all monitored surveillance of the Licensed Area.

3. Purchase Price. As consideration for the grant of Easement and right to use the Licensed Area, State agrees to pay the sum of Seven Hundred Ninety Thousand Two Hundred Ninety Dollars ($790,290) (the **"Purchase Price"**) into escrow, as further described in Paragraph 5 below, for the account of County, subject to the conditions outlined in this Agreement.

4. Terms and Conditions of Grant of Easement.

A. The purpose of the Easement is to provide parking for Court officers, employees, and agents, and Court users.

B. State may (i) construct new fencing and gates in, on, or around the Easement Area for security purposes, and (ii) construct, occupy and use one or more temporary structures in the Easement Area including, but not limited to, a parking lot attendant station, without the prior consent of the County. State may not construct any permanent structure in the Easement Area without the prior written consent of the County.

C. State is responsible at its sole cost and expense for all maintenance, repair and cleanliness of the Easement Area including, but not limited to, re-paving and re-striping. Notwithstanding the foregoing, the County will reimburse

the State for 50% of the cost and expense of major maintenance and repair of the Driveway within 60 days after receipt of an invoice therefor including reasonable supporting documentation.

D. County shall not modify the existing drainage system serving the Easement Area without the prior written consent of State.

E. State or Court is responsible for all operational security in the Easement Area.

F. Either Party may, within the first 20 years after the date this Easement is recorded, and upon the giving of not less than 365 days prior written notice to the other Party, request re-location of the Easement Area to another mutually agreeable location that is of comparable quality, convenience, number and type of parking spaces, at no cost to the State.

5. Escrow.

A. The grant of easement to the Easement Area shall pass immediately upon close of escrow, free and clear of all liens, leases, reservations, encumbrances, assessments, easements, of record or otherwise, and of taxes, except those listed in Paragraph C below. The issuance of any escrow instructions shall be mutually agreed to by State and County and shall govern the escrow (the **"Escrow Instructions"**). The Escrow Instructions shall be completed prior to *or* within 10 days after the opening of escrow. State will open an escrow account with Chicago Title Company (**"Escrow Holder"**), 700 South Flower Street, Suite 800, Los Angeles, California 90017, Attention: Mark Raskin; telephone number: 213-488-4303, facsimile no. 213-629-3828.

B. Escrow shall be scheduled to close on or before sixty (60) days after the authorization of the acquisition of this Easement by the State Public Works Board (the **"SPWB"**) at a duly noticed public meeting, subject to reasonable extension upon mutual agreement by the Parties (**"Close of Escrow"**).

C. Subject to the provisions of the Escrow Instructions, the grant of easement of the Easement Area is subject to that Easement vesting in State, free and clear of all liens, leases, reservations, encumbrances, assessments, easements, of record or otherwise, and of taxes, except:

(1) Items 3 and 8 of Chicago Title Company Preliminary Report No. 12-670481-DP, dated January 24, 2012.

6. County's Conditions Precedent. County's obligation to perform under this Agreement and the Close of the Escrow shall be subject to and contingent upon satisfaction of each of the following conditions precedent prior to the close of escrow:

A. The timely deposit by State with Escrow Holder of all documents and funds required to be deposited by State under this Agreement.

B. Performance by State of all obligations, covenants and agreements on State's part to be performed under this Agreement within the time provided in this Agreement for such performance.

7. State's Conditions Precedent. State's obligation to perform under this Agreement and the Close of Escrow shall be subject to and contingent upon satisfaction of each of the following conditions precedent prior to the Close of Escrow:

A. Deposit of all Documents. The timely deposit by County with Escrow Holder of all documents required to be deposited by State under this Agreement.

B. Seller's Performance of Obligations. Performance by County of all obligations, covenants and agreements on County's part to be performed under this Agreement within the time provided in this Agreement for such performance.

C. Authorization by SPWB. Authorization of the acquisition of this Easement by the SPWB at a duly noticed public meeting.

D. No Breach by County. County shall not be in breach of this Agreement.

E. Accuracy of Representations and Warranties. As of the Close of Escrow, all of County's representations and warranties set forth herein shall be true and accurate with the same force and effect as if remade by County in a separate certificate at the Close of Escrow.

F. Title Insurance Policy. On the date of the Close of Escrow, Title Company shall be irrevocably and unconditionally committed to issue to State a CLTA Owner's Policy of Title Insurance – Extended Coverage (**"Owner's Policy"**), with liability coverage in either (at State's sole discretion) the amount of the Purchase Price or appraised value of the Easement, and showing title to the Easement vested in State, free and clear of all liens, leases, taxes, assessments, reservations, easements of record or

otherwise, and encumbrances, except for any exceptions shown on the Title Report which State has not specifically disapproved in writing.

8. County's Representations and Warranties. In addition to any express agreements of County contained herein, the following constitute representations and warranties of County to State:

A. Representations Regarding County's Authority.

(1) County has full right, power and legal authority to enter into this Agreement, grant the Easement and the Access License to State under this Agreement and to carry out County's obligations under this Agreement. Upon the Close of Escrow, State will have good, marketable and insurable title to the Easement.

(2) The individuals executing this Agreement and the instruments referenced herein on behalf of County have the legal power, right and actual authority to bind County to the terms hereof and thereof.

(3) This Agreement is, and all other instruments, documents and agreements required to be executed and delivered by County in connection with this Agreement are and shall be, duly authorized, executed and delivered by County and shall be valid, legally binding obligations of and enforceable against County in accordance with their terms, subject only to enforcement that may be limited by applicable bankruptcy, insolvency or similar laws, and do not, and as of the Close of Escrow will not, violate any provisions of any agreement, law, rule, regulation or judicial order to which County or the Easement Area is subject.

B. Warranties and Representations Pertaining to Real Estate and Legal Matters. To the best of County's knowledge as to the matters set forth in Paragraphs (1) through (5):

(1) There is no suit, action, arbitration, legal, administrative, or other proceeding or inquiry pending against the Property or pending against County which could affect County's title to the Easement Area or Licensed Area, affect the value of the Easement or Licensed Area, or subject the holder of (a) an easement on, over, across and through the Easement Area, or (b) an license over the Licensed Area to liability.

(2) There are no attachments, execution proceedings, or assignments for the benefit of creditors, insolvency, bankruptcy, reorganization or other proceedings pending against County.

(3) County has not entered into any contract for the sale of the Easement Area or Licensed Area, nor do there exist any rights of first refusal, reversions, or options to purchase the Easement Area or Licensed Area or any portion of the Easement Area or Licensed Area. County is not party to nor subject or bound by any agreement, contract, or lease of any kind relating to the Easement Area or Licensed Area which would impose an obligation on BUYER or otherwise affect marketability of the Easement.

(4) As of the Close of Escrow, there shall be no unrecorded leases, licenses or other agreements which would grant any person or entity the right to use or occupy any portion of the Easement Area, including any improvements thereon, and no improvements on the Easement Area that encroach upon the property of a third party.

(5) There are no and have been no:

(a) actual or pending public improvements which will result in the creation of any liens upon the Property, including public assessments, stop notices or mechanics liens and County agrees to indemnify, defend and hold State free and harmless from and against any claims, liabilities, losses, costs, damages, expenses and attorneys' fees arising from any liens, encumbrances or assessments that have been, or may be, imposed upon the Easement Area as a consequence of actual or impending public improvements as of the Close of Escrow, including any obligations to pay a fee or assessment for infrastructure to the extent such liability survives or continues after the Close of Escrow, and State agrees to cooperate with County, at County's costs and to the extent permitted by law, with respect to County's efforts to remove any such liens, fees, assessments, or encumbrances.

(b) uncured notices from any governmental agency notifying County of any violations of law, ordinance, rule, or regulation, including Environmental Laws, occurring on the Easement Area or Licensed Area.

C. Warranties, Representations and Covenants Regarding Operation of the Easement Area through Close of Escrow. At all times prior to the Close of Escrow, County agrees that:

(1) County will not hereafter enter into new leases or any other obligations or agreements affecting the Easement Area without the prior written consent of State, which consent the State may withhold or grant in its absolute discretion;

(2) County will not subject the Easement Area to any additional liens, encumbrances, covenants, conditions, easements, rights of way or similar matters after the date of this Agreement that will not be eliminated prior to the Close of Escrow; and

(3) County shall promptly notify State of any event or circumstance that makes any representation or warranty of County under this Agreement untrue or misleading, or of any covenant of County under this Agreement incapable or less likely of being performed, and it is understood and agreed that the County's obligation to provide notice to State shall in no way relieve County of any liability for a breach by County of any of its representations, warranties or covenants under this Agreement.

D. Representations Pertaining to Additional Documents. There are no leases, subleases or tenancies in effect pertaining to the Easement Area.

E. General Representation. No representation, warranty or statement of County in this Agreement or in any document, certificate or schedule furnished or to be furnished to State pursuant hereto contains or will contain any untrue statement of a material fact or omits or will omit to state a material fact necessary to make the statements or facts contained therein not misleading.

County's representations and warranties made in this Agreement shall be continuing and shall be true and correct as of the date of the Close of Escrow with the same force and effect as if remade by County in a separate certificate at that time. The truth and accuracy of County's representations and warranties made herein shall constitute a condition for the benefit of State to the Close of Escrow (as elsewhere provided herein) and shall not merge into the Close of Escrow or the recordation of this Agreement in the Official Records, and shall survive the Close of Escrow.

9. Buyer's Representations and Warranties. In addition to any express agreements of State contained herein, the following constitute representations and warranties of State to County, subject to Paragraph 15 of this Agreement:

A. Representations Regarding Buyer's Authority.

(1) State has the legal power, right and authority to enter into this Agreement and the instruments referenced herein, and to consummate the transactions contemplated hereby.

(2) The individuals executing this Agreement and the instruments referenced herein on behalf of State have the legal power, right, and actual authority to bind State to the terms and conditions hereof and thereof.

(3) This Agreement is, and all other instruments, documents and agreements required to be executed and delivered by State in connection with this Agreement are and shall be, duly authorized, executed and delivered by State and shall be valid, legally binding obligations of and enforceable against State in accordance with their terms.

B. General Representation. No representation, warranty or statement of State in this Agreement or in any document, certificate or schedule furnished or to be furnished to County pursuant hereto contains or will contain any untrue statement of a material fact or omits or will omit to state a material fact necessary to make the statements or facts contained therein not misleading.

State's representations and warranties made in this Agreement shall be continuing and shall be true and correct as of the date of the Close of Escrow with the same force and effect as if remade by State in a separate certificate at that time. The truth and accuracy of State's representations and warranties made herein shall constitute a condition for the benefit of County to the Close of Escrow (as elsewhere provided herein) and shall not merge into the Close of Escrow or the recordation of this Agreement in the Official Records, and shall survive the Close of Escrow.

10. Hazardous Materials.

A. State shall not, nor shall State permit any other person to use, generate, store or dispose of any Hazardous Material (defined below) on, under, about or within the Easement Area or Licensed Area provided, however,

that State may bring onto, and use on or about the Easement Area those kinds and amounts of Hazardous Materials typically required for operation of the Easement Area as a parking lot so long as State uses, generates, stores or disposes of such Hazardous Materials in compliance with all applicable federal, state and local laws and regulations. State agrees, at its sole cost and expense, to indemnify, protect, and hold harmless County and its elected officials, officers, employees and agents, (collectively, the **"County Indemnitees"**) from and against any and all claims (including, without limitation, personal injury and consequential damages claims), demands, damages, losses, liabilities, obligations, penalties, fines, actions, cause of action, judgments, suits, proceedings, costs and expenses (including, without limitation, attorneys' fees, court costs, administrative procedural costs and experts' fees) of any kind or nature whatsoever which may at any time be imposed upon, incurred or suffered by, or asserted or awarded against, State to the extent relating to or arising from (1) the use, handling, generation, storage, release or disposal of Hazardous Materials by State on, under or about the Easement Area or Licensed Area after recordation of this Agreement; (2) the cost of any required or necessary remediation, repair, cleanup or detoxification and the preparation of required plans as a result of the use, generation, storage, release, threatened release or disposal of Hazardous Materials by State on the Easement Area or Licensed Area after recordation of this Agreement; and (3) the violation by State of any federal or state law, ordinance or regulation, occurring or allegedly occurring with respect to the Easement Area after recordation of this Agreement.

B. County agrees, at its sole cost and expense, to indemnify, protect, and hold harmless State, Court and their respective officers, judicial officers, employees and agents (collectively **"State Indemnitees"**), from and against any and all claims (including, without limitation, personal injury and consequential damages claims), demands, damages, losses, liabilities, obligations, penalties, fines, actions, cause of action, judgments, suits, proceedings, costs and expenses (including, without limitation, attorneys' fees, court costs, administrative procedural costs and experts' fees) of any kind or nature whatsoever which may at any time be imposed upon, incurred or suffered by, or asserted or awarded against, State to the extent relating to or arising from (1) the presence, use, handling, generation, storage, release or disposal of Hazardous Materials by County or any person other than State, Court, or their respective officers, judicial officers, employees or agents on, under or about the Easement Area or Licensed Area; (2) the cost of any required or necessary remediation, repair, cleanup or detoxification and the preparation of required plans as a result of the presence, use, generation, storage, release, threatened release or disposal of

Hazardous Materials by any person other than State, Court, or their respective officers, judicial officers, employees or agents on the Easement Area or Licensed Area; and (3) the violation by County or any person other than State, Court, or their respective officers, judicial officers, employees or agents of any federal, state or local law, ordinance or regulation, occurring or allegedly occurring with respect to the Easement Area Property prior to the transfer of title to the Property to State.

C. For the purpose of this Section 10, Hazardous Materials shall include, without limitation, substances defined as "hazardous substances," "hazardous materials," "hazardous wastes," "toxic substances," "extremely hazardous waste" or "restricted hazardous waste" or stated to be known to cause cancer or reproductive toxicity, under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. Section 9601, et seq.; the Hazardous Materials Transportation Act, 49 U.S.C. Section 1801, et seq.; the Resource Conservation and Recovery Act, 42 U.S.C. Section 6901 et seq.; the Federal Water Pollution Control Act, 33 U.S.C. Section 1317 et seq.; Sections 25115, 25117, 25122.7, 25140, 25249.5, 25249.8, 25281, 25316 or 25501 of the California Health & Safety Code; and any substances regulated pursuant to any Environmental Law(s). The term "Environmental Law(s)" means each and every applicable federal, state and local law, statute, ordinance, regulation, rule, judicial or administrative order or decree, permit, license, approval, authorization or similar requirement of each and every federal, state and local governmental agency or other governmental authority pertaining to the protection of human health and safety or the environment.

11. Indemnification.

A. County will hold harmless and indemnify State Indemnitees from and against all claims, suits, demands, losses, judgments, damages and expenses (including reasonable attorney and consultants' fees and costs) incurred by State Indemnitees by reason of the activities of the County on or relating to the Easement Area or Licensed Area or the State's breach of this Agreement.

B. State will hold harmless and indemnify County Indemnitees from and against all claims, suits, demands, losses, judgments, damages and expenses (including reasonable attorney and consultants' fees and costs) incurred by County Indemnitees by reason of the activities of the State on or relating to the Easement Area or Licensed Area or the State's breach of this Agreement.

12. Notices. Any notice, tender, delivery, or other communication pursuant to this Agreement shall be in writing and shall be deemed to be properly given if delivered, mailed or sent by wire or other telegraphic communication in the manner provided in this Agreement, to the following persons, or such other persons as either Party may designate from time to time:

If to County:

County of Sonoma
General Services Department
Real Estate Division
Attn: Mike Wagner, Real Estate Manager
2300 County Center Drive, A200
Santa Rosa, CA 95403
Telephone: 707-565-2463
Facsimile: 707-565-2358

If to State:

Judicial Council of California
Administrative Office of the Courts
Office of Court Construction and Management
Attn: Assistant Director, Real Estate
455 Golden Gate Avenue
San Francisco, CA 94102
Telephone: 415-865-4040

and

Judicial Council of California
Administrative Office of the Courts
Office of Court Construction and Management
Attn: Director
2860 Gateway Oaks Drive, Suite 400
Sacramento, CA 95833
Telephone: 916-263-1493

13. Severability. Nothing contained herein shall be construed as to require the commission of any act contrary to law, and wherever there is any conflict between any provision contained herein and any present statute, law, ordinance or regulation as to which the Parties have no legal right to contract, the latter shall prevail, but the affected provisions of this Agreement shall be limited only to the extent necessary to bring them within the requirements of such law.

14. Legislative Approval. Any obligation of the State created by or arising from this Agreement shall not impose a debt upon the State, but shall be payable solely out of funds duly authorized and appropriated by the California State Legislature.

15. Authorization, Approvals, Binding Nature. **This Agreement has no force and effect and is not binding on the State of California until and unless it is authorized by the SPWB at duly noticed public meeting. This Agreement has no force and effect and is not binding on County until and unless it is authorized by the Sonoma County Board of Supervisors at duly noticed public meeting.**

16. Amendment and Termination. This Easement may be amended only by written agreement signed by both of the parties hereto. In the event that the parties hereto mutually agree to terminate this Easement, the parties hereto agree to execute in a recordable form any documents requested by either party acknowledging the partial or complete termination of the easements described herein.

17. Binding Effect. Until terminated, the provisions of this Easement shall constitute a covenant running with the land, and shall be binding on each successive owner, during their ownership.

18. Governing Law. This Easement, and the Parties' performance under this Agreement, will be exclusively governed by the laws of the state of California.

19. Integration. This Agreement and the Escrow Instructions contain the entire agreement of the Parties with respect to the subject matter described herein, and supersedes all previous communications, representations, understandings, and agreements, whether verbal, written, express, or implied, between the parties with respect to such subject matter.

20. Exhibits. The following Exhibits are attached to this Agreement and incorporated by reference herein.

Exhibit A: Legal Description and Depiction of Easement Area
Exhibit B: Legal Description and Depiction of County Driveway Reservation
Exhibit C: Legal Description and Depiction of Pedestrian Walkway

[SIGNATURE PAGE TO IMMEDIATELY FOLLOW]

IN WITNESS WHEREOF, the parties hereto have executed this Parking Easement Agreement.

COUNTY OF SONOMA, a political subdivision of the State of California

EASEMENT AGREEMENT

This EASEMENT AGREEMENT (**"Easement Agreement"**) is entered into as of April 9, 2020, by and between the State of California (**"Grantor"**) and the County of Sonoma (**"Grantee"**; Grantor and Grantee may be referred to herein collectively as the **"Parties"** and individually as a **"Party"**), with reference to the following facts:

RECITALS

A. Grantor is the owner of that certain real property located at 2685 Ventura Avenue in the City of Santa Rosa, County of Sonoma, State of California, as described in **Exhibit "A"** attached hereto and incorporated herein (**"Burdened Property"**).

B. Grantor intends to construct on the Burdened Property the New Santa Rosa Criminal Courthouse (Court Facility No. 49-H1) (**"Courthouse Project"** or **"New Court Building"**) for occupancy and use by the Superior Court of California, County of Sonoma (**"Court"**).

C. Grantor intends to finance the construction of the Courthouse Project through issuance of State Public Works Board (**"SPWB"**) lease revenue bonds (the **"Bonds"**), which will in part be secured by site and facility leases between Grantor and SPWB pertaining to the Burdened Property and the Courthouse Project, respectively (the **"Bond Documents"**).

D. As a condition to issuing the Bonds, SPWB will require, among other things, that Grantor and SPWB's quiet enjoyment and beneficial use of the Burdened Property and the Courthouse Project, respectively, not be materially impaired at any time during the term of the Bond Documents.

ACCOMMODATION
This Document delivered to Recorder as an accommodation only at the express request of the parties hereto. It has not been examined as to its effect or validity.

E. Grantee is the owner of that certain real property located at 2777 Ventura Avenue, in the City of Santa Rosa, County of Sonoma, State of California, commonly known as the Main Adult Detention Facility (**"MADF"**), as described in **Exhibit "B"** attached hereto and incorporated herein (**"Benefited Property"**).

F. Grantee desires to construct, at Grantee's sole cost, a bridge, elevator, and tunnel for use in transferring in-custody defendants and/or inmates between the MADF on the Benefited Property and, when built, the New Court Building on the Burdened Property, a portion of which includes the construction of a subterranean, pedestrian corridor on the Burdened Property (the **"Tunnel"**).

G. On or about November 20, 2019, Grantee commenced construction of the Tunnel (**"Tunnel Construction Commencement Date"**). The construction of the Tunnel is to be completed on or about February 7, 2020. This Easement Agreement shall be effective as of the Tunnel Construction Commencement Date as set forth herein.

H. Grantee requires a non-exclusive easement, and related rights, under and through those portions of the Burdened Property, as legally described and graphically depicted in **Exhibit "C"** attached hereto and incorporated herein, and which is referred to herein as the **"Easement Area,"** for the purpose of allowing Grantee to design, develop, construct, permanently place, access, use, maintain, repair, administer, manage, and operate the Tunnel.

I. Grantor is willing to grant to Grantee said easement on the terms and conditions set forth herein.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

AGREEMENT

1. Grant of Easement.

1.1. Grantor hereby grants to Grantee and its heirs, successors, and assigns, a non-exclusive permanent easement under and through the Easement Area described in **Exhibit "C"** for the purpose of allowing Grantee, at Grantee's sole cost and expense, to design, develop, construct, permanently place, access, use, maintain, repair, replace, administer, manage, and operate the Tunnel situated in, on, under, across, and through the Burdened Property, for the pedestrian transportation of in-custody defendants and/or inmates between the MADF and, when built, the New Court Building (the **"Easement"**).

1.2. Grantor hereby further grants to Grantee and its contractors, subcontractors, employees, agents, lessees, licensees, permittees, invitees, heirs, successors, and assigns, such reasonable and occasional rights of ingress, egress, and access to the Easement Area through the Burdened Property as may be reasonably necessary, from time to time, to enable Grantee to effectuate the purpose of the Easement, as provided herein this Easement Agreement.

1.3. This Easement Agreement and all covenants and restrictions contained herein collectively shall, to the fullest extent permitted by law and equity and without regard to technical classifications or designations, be deemed to be covenants and restrictions running with the land of the Burdened Property as a burden on the Burdened Property, be appurtenant to and for the benefit of the Benefited Property, and shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, successors, and assigns.

1.4. Grantee acknowledges that the entirety of the Easement Area is located below grade. Grantee further acknowledges that the Easement Area may be used by others including Grantor, Grantee, the Court, and their respective officers, agents, and employees, in connection with their occupancies of the Benefited Property and Burdened Property, respectively, on the condition that any such use is not incompatible with the Easement granted hereby.

1.5. This Easement Agreement is not, and will not be interpreted to be, a grant of a fee interest.

1.6. Upon completion of the Tunnel or such other time as may be appropriate, the Parties may amend the Exhibits hereto upon mutual written agreement to conform to final conditions, locations, and any other material aspect of the Tunnel, the Easement, and the New Court Building. All such amended Exhibits shall be incorporated by reference and shall be given effect as if set forth herein and attached hereto.

2. Construction and Maintenance of the Tunnel.

2.1. *Plans*. Grantee will cause the construction of the Tunnel to be performed in substantial conformance with the plans and specifications previously reviewed by Grantor (**"Preliminary Plans"**); provided, however, any material modifications shall be subject to the Grantor's review and written approval in Grantor's sole discretion, which shall not be unreasonably conditioned, delayed, or withheld.

2.2. *Performance*. Grantee shall exercise reasonable precautions to avoid damage to the Burdened Property and to protect persons and property. Grantee warrants and represents that the construction of the Tunnel shall be performed in compliance with all applicable laws and regulations including, but not limited to, the Americans with Disabilities Act, the Prevailing Wage Law (California Labor Code section 1720 et seq.),

California Civil Code section 832, subdivision 4, as applicable, and all relevant building codes. Grantee warrants and represents that the Tunnel shall be constructed by well-trained, properly-licensed, and adequately-supervised workers in a good and workmanlike manner, free from design, material, and workmanship defects.

2.3. *Cost of Performance*. Nothing in this Easement Agreement is intended nor shall be interpreted to require Grantor to furnish any funds, tools, equipment, apparatus, facilities, transportation, labor, or materials necessary to perform the construction of the Tunnel.

2.4. *Approvals*. At Grantee's sole cost, Grantee shall obtain any and all required approvals, permits, licenses, permissions, certificates, or other documents (**"Approvals"**) from all federal, state, and local governmental authorities having jurisdiction over all or any part of the Tunnel including, without limitation, the Division of the State Architect and/or the Office of the State Fire Marshal (**"Authorities Having Jurisdiction"**), which are necessary to perform the construction of the Tunnel located within the Burdened Property and for occupancy and use of the Tunnel upon its completion, in accordance with all laws. Grantor agrees to reasonably cooperate with and assist Grantee in so obtaining all necessary Approvals from any Authorities Having Jurisdiction. Following the completion of the construction of the Tunnel, Grantee will continue to ensure that all necessary Approvals from any Authorities Having Jurisdiction are obtained and maintained as applicable.

2.5. *Interference*. Grantee agrees to use all commercially reasonable efforts to limit as much interference and disruption as possible to the operations and facilities of, and to not create an undue safety risk at, the Burdened Property, and shall not obstruct nor allow any of its contractors to obstruct access to the Burdened Property except as expressly permitted in writing by Grantor. To the extent possible, Grantee shall cause construction of the Tunnel and all use of the Easement Area to be performed in the manner most likely to minimize injury, damage, loss, and negative impacts to the Burdened Property. Grantee shall comply with all security requirements of Grantor while on the Burdened Property.

2.6. *Schedule*. Grantee shall provide to Grantor the construction schedule of the construction of the Tunnel. Construction and completion of the Tunnel is expected, but is not required, prior to commencement of the Courthouse Project.

2.7. *Testing*. Grantee shall not conduct any invasive or destructive testing, investigation, or other similar activity on the Burdened Property or within the Easement Area without giving at least twenty (20) days' prior, written notice to Grantor describing, with reasonable specificity: (i) the nature of the invasive or destructive testing, investigation, or other activity to be performed; (ii) the date, time, location, and purpose of the proposed invasive or destructive testing, investigation, or other activity; and (iii) the identity of the person or persons who will conduct the invasive or destructive testing,

investigation, or activity and the name of the company or firm, if any, that employs such person or persons. Grantor shall have the right to be present at and observe any such invasive or destructive testing, investigation, or other activity performed by or on behalf of Grantee, and Grantee shall provide to Grantor split samples of any soil, groundwater, or other substance that Grantee or its consultant or contractor removes from the Burdened Property or the Easement Area.

2.8. *Repairs.* In the exercise of any rights granted herein or in the performance of any construction, maintenance, or repair activities for the Tunnel in the Easement Area, Grantee shall make all reasonable efforts to avoid damage to the Burdened Property including exploring and giving priority to any reasonable alternatives that avoids disturbing or causing damage to the Burdened Property. Grantor acknowledges that construction of the Tunnel will entail open-air excavation of the Easement Area. In the event the Burdened Property is otherwise disturbed or damaged by, without limitation, the excavation or construction of the Tunnel or any other construction, maintenance, or repair activity for the Tunnel, then Grantee shall, at its sole cost and expense, immediately repair (or cause to be repaired) such damage and restore (or cause to be restored) the Burdened Property to a condition equal to that immediately preceding the disturbance or damage. All such corrective work shall be performed in accordance with the terms of this Easement Agreement, with applicable law, and to the reasonable satisfaction of Grantor. The Parties shall cooperate with each other in conducting any such repairs to the Burdened Property as required herein.

2.9. *Maintenance.* Grantee shall be responsible, at its sole cost and expense, for the maintenance, upkeep, repair, and replacement of the Tunnel, or any portion thereof, as may be needed on a regular, on-going, or future basis, occasioned by, without limitation: (i) ordinary use and normal wear and tear; (ii) acts or omissions by persons other than Grantee, Grantor, Court, or their employees, contractors, agents, tenants, or licensees; and/or (iii) forces or events beyond the reasonable control of the Parties. Notwithstanding the foregoing, Grantee shall not be responsible for any such need to the extent caused by the negligence or willful misconduct of Grantor, or its employees, contractors, agents, tenants, or licensees. Prior to commencing any such maintenance or repair work, Grantee shall provide Grantor with seven (7) days' prior written notice; provided, however, in the event of an emergency affecting the safety of life, the Tunnel, the Burdened Property, or the Benefited Property, Grantee, without needing to first obtain any special instruction or authorization from Grantor, is permitted to act at its reasonable discretion to prevent such threatened loss or injury, and shall notify Grantor in writing of the situation and Grantee's response thereto within 24 hours of the emergency. In the event Grantee fails to promptly perform any aspect of its maintenance and repair obligations, Grantor shall have the right, but not the obligation, to perform any necessary maintenance or repairs for the Tunnel or the Easement Area, and Grantee shall reimburse Grantor for all reasonable incurred costs within forty-five (45) days of receipt of an invoice from Grantor therefor.

2.10. *Utilities.* In accordance with all other terms of this Easement Agreement, and subject to the written approval and discretion of Grantor, Grantee and its employees and agents shall be permitted to install, utilize, maintain, repair, and replace, at Grantee's sole cost and expense, such wires, lines, conduit, equipment, and other utility facilities within the Easement Area as needed in support of the Tunnel and Grantee's use thereof.

2.11. *Physical Connection and Waterproofing.* Notwithstanding anything to the contrary herein, Grantor shall be responsible, at Grantor's sole cost and expense, for the physical connection, utilities connections, and the waterproofing between the Tunnel and the New Court Building, including as to all design, installation, construction, and maintenance of such connection. Grantee shall have the right to review and approve the plans and specifications for all such physical connection, utilities connections, and waterproofing. Grantee shall not unreasonably withhold, condition or delay the approval of any plans and specifications related to any physical connection, utilities connections and/or waterproofing related to and as between the Tunnel and New Court Building. The physical connection between the Tunnel and New Court Building shall be at the location and coordinates shown in the Preliminary Plans.

2.12. *Improvements.* Grantor shall have the right to request reasonable improvements to the Tunnel following its completion. In such case, within sixty (60) days of a written a request from Grantor, the Parties shall meet and confer regarding any reasonable improvements to the Tunnel that Grantor may wish to have considered. Any agreement for such improvements shall be subject to approval by Grantee and availability of sufficient funding. Any such agreement shall be memorialized in writing and shall address allocation of respective financial responsibilities and construction duties of each Party as to the agreed improvements.

2.13. *Clean Up.* In connection with Grantee's right to enter and use the Easement Area and Burdened Property pursuant to this Easement Agreement, Grantee shall ensure that the Easement Area is at all times kept in a safe and orderly condition during and after said use by Grantee, and that the Easement Area is left in a reasonably clean condition, excepting all ordinary and reasonable materials and conditions associated with and during construction, maintenance, and repair of the Tunnel. Upon completion of any construction or maintenance work in the Easement Area, Grantee shall remove all debris thereof from the Burdened Property.

2.14. *Grantor's Quiet Enjoyment.* Other than for those activities and projects that are or may be noticed, approved, or otherwise allowed pursuant to any of the provisions of this section, in connection with Grantee's design, development, construction, maintenance, repair, administration, management, and operation of the Tunnel and/or Grantee's access to and use of the Easement Area provided hereunder, Grantee shall not conduct any activity that materially impairs Grantor's quiet enjoyment and beneficial use of the New Court Building.

2.15. *Grantee's Quiet Enjoyment; Landscaping and Heavy Equipment.* In connection with Grantor's design, development, construction, maintenance, repair, administration, management, and operation of the New Court Building, Grantor shall not conduct any activity that materially impairs Grantee's quiet enjoyment and beneficial use of the Easement. Grantor acknowledges that the roof covering the Tunnel will be within twelve (12) inches of final surface grade and may be impacted by surface activity, digging, landscaping, and other heavy and/or invasive use of or activity on the surface of the Easement Area. Other than as for such improvements and activities Grantee may consent to in writing, which consent shall not be unreasonably withheld, conditioned or delayed, Grantor shall not allow or cause on or near the Easement Area any structure, improvement, landscaping (including trees), use of heavy equipment, or any other improvement or activity that may damage, breach, compromise, or impair the Tunnel or materially impair Grantee's quiet enjoyment and beneficial use of the Easement Area. In the event the Tunnel is damaged by any Grantor construction, maintenance, repair, or use of the Burdened Property, then Grantor shall, at its sole cost and expense, immediately repair (or cause to be repaired) such damage and restore (or cause to be restored) the Tunnel to a condition equal to that preceding the damage. All such corrective work shall be performed in accordance with the terms of this Easement Agreement, with applicable law, and to the reasonable satisfaction of Grantee. The Parties shall cooperate with each other in good faith in conducting any such repairs.

2.16. *Completion of Construction; Final Approval.* In order to be considered complete, within ninety (90) days of Grantee's completion of construction of the Tunnel, Grantee shall provide Grantor opportunity to review final As-Built plans and specifications for the Tunnel (**"Final Plans"**), which shall be subject to Grantor's written approval for conformance with the construction of the Tunnel; provided, however, that Grantor's approval of the Final Plans shall not be unreasonably withheld, conditioned, or delayed. Upon Grantor's approval of the Final Plans, if at all, the Parties acknowledge and agree that the Final Plans shall be deemed incorporated into this Easement Agreement by this reference. Additionally, Grantee must also provide written proof to Grantor within ninety (90) days of Grantee's completion of construction of the Tunnel that Grantee has obtained all required Approvals from all Authorities Having Jurisdiction.

3. Term of Easement Agreement. This Easement Agreement shall be effective as of the Tunnel Construction Commencement Date and shall be permanent unless otherwise mutually terminated by the Parties as provided herein.

4. Mutual Indemnification and Hold Harmless.

4.1. To the fullest extent permitted by law, each of Grantee and Grantor shall, and hereby does, agree to indemnify, defend, and hold harmless the Grantor Parties and Grantee Parties (as defined below), respectively, from and against all damages, claims, liabilities, settlements, penalties, fines, costs, expenses, losses, or attorney and consultant fees and costs (collectively **"Damages"**) incurred thereby to the extent that the same arise

or result from or are caused by the negligence or willful misconduct of either the Grantee Parties or Grantor Parties, as applicable, in connection with their use of this Easement or the Easement Area, and/or in connection with the performance of this Easement Agreement or the exercise of any rights granted hereunder; provided, however, that neither Grantee nor Grantor shall not be obligated to indemnify, defend, or hold harmless the Grantor Parties or Grantee Parties, as applicable, from and against any Damages to the extent that such Damages are caused by the negligence or willful misconduct of the other, as applicable.

4.2. For purposes of this section, the term **"Grantee Parties"** refers to Grantee, its elected and appointed officials, officers, directors, departments, employees, agents, volunteers, successors, representatives, and assigns; and the term **"Grantor Parties"** refers to the State of California; Judicial Council of California; Superior Court of California, County of Sonoma; and their elected and appointed officials, officers, directors, employees, agents, volunteers, successors, representatives, and assigns.

5. Insurance. Prior to any consultants or contractors of Grantee conducting any testing, investigation, excavation, construction, maintenance, or other work within the Easement Area (each a **"Grantee Contractor"**), the Grantee Contractor shall procure and maintain insurance of the type and with coverage amounts as specified by and in compliance with this section.

5.1. *General Requirements*. The Grantee Contractor shall maintain the required insurance for its operations with an insurance company or companies that are rated "A-VII" or higher by A. M. Best's key rating guide, and are authorized to do business in the State of California. Such insurance may be provided through a joint powers authority formed for the purpose of jointly self-insuring the cost of claims and insurance costs.

5.2. *Deductible; Self-Insured Retention.* For all insurance policies required by this section, the Grantee Contractor shall declare any deductible or self-insured retention (SIR). Any deductible or SIR shall be clearly stated on the appropriate certificate of insurance. The Grantee Contractor shall be responsible for and may not recover from Grantor any deductible or SIR that is connected to the insurance required hereunder.

5.3. *Certificates of Insurance*. Prior to commencement of any work within the Easement Area, the Grantee Contractor shall provide Grantor with certificates of insurance and signed insurance policy endorsements, on forms acceptable to Grantor, as evidence that the required insurance is in full force and effect. Where applicable, each certificate of insurance and signed insurance policy endorsement shall specifically provide verification that the State of California; the Judicial Council of California; the Superior Court of California, County of Sonoma; and their respective elected and appointed officials, judges, officers, and employees have been added as additional insureds on the insurance policy being referenced. The certificates of insurance shall be addressed to Grantor as follows:

Judicial Council of California
Facilities Services
455 Golden Gate Street, 8th Floor
San Francisco, CA 94102
Attention: Maria Topete, Risk Management Unit

5.4. *Duty to Maintain Insurance in Effect.* The Grantee Contractor shall at all times maintain in force all insurance policies required under this section for the entire duration of any work being performed thereby within the Easement Area. If any one or more insurance policies required hereunder expires prior to the completion of the Grantee Contractor's applicable work within the Easement Area, the Grantee Contractor shall immediately renew or replace the required insurance and provide to Grantor a new, current certificate of insurance and signed insurance policy endorsements, and the Grantee Contractor's failure to do so may be declared a breach of this Easement Agreement. The Grantee Contractor must provide renewal insurance certificates and signed policy endorsements to Grantor at least ten (10) days following the expiration of the previous insurance certificates and signed policy endorsements. If a Grantee Contractor for any reason fails to keep in effect at all times the specified insurance coverage, Grantor may, in addition to any other available rights and remedies, terminate all of Grantee and any Grantee Contractors' rights of access and use of the Easement Area granted by this Easement Agreement until the defaulting Grantee Contractor submits to Grantor written evidence that all insurance that the defaulting Grantee Contractor is required to maintain hereunder is in full force and effect.

5.5. *Waiver of Subrogation.* The Grantee Contractor, and any insurer providing required insurance therefor, shall waive any right of recovery or subrogation it may have against the State of California; the Judicial Council of California; the Superior Court of California, County of Sonoma; and their respective elected and appointed officials, judges, officers, and employees for direct physical loss or damage to the Tunnel, Easement Area, Burdened Property, and/or Benefited Property or for any liability arising out of the rights granted hereunder this Easement Agreement.

5.6. *Notice of Cancellation.* All insurance policies required by this section shall contain a provision that coverage will not be materially changed or cancelled without thirty (30) days' prior written notice to Grantor, which notice shall be the responsibility of the Grantee Contractor.

5.7. *Primary, Non-Contributing.* All insurance policies required by this section shall be endorsed to be primary and non-contributing with any insurance or self-insurance maintained by the State of California; Judicial Council of California; or Superior Court of California, County of Sonoma.

5.8. *Certified Copies*. Grantor reserves the right to request certified copies of any of the insurance policies required by this section, which shall be provided by the Grantee Contractor within ten (10) business days of any such request.

5.9. *Subcontractors*. The Grantee Contractor shall require insurance from all subcontractors of any tier with substantially the same terms and conditions as required of the Grantee Contractor hereunder and with limits of liability which are sufficient, in the Grantee Contractor's opinion, to protect the interests of the Grantee Contractor; State of California; Judicial Council of California; and Superior Court of California, County of Sonoma.

5.10. *Insurance Requirements*. Prior to commencement of any work within the Easement Area, the Grantee Contractor shall procure and maintain at a minimum the following insurance:

5.10.1. *Commercial General Liability*. Commercial general liability insurance for all of its operations written on an occurrence form with limits of not less than $5,000,000 per occurrence and a $5,000,000 annual aggregate limit of liability. The policy shall include coverage for liabilities arising out of premises, operations, independent contractors, products and completed operations, personal and advertising injury, and liability assumed under an insured contract. The policy shall not include exclusion for loss resulting from explosion, collapse, or underground perils. This insurance shall apply separately to each insured against whom a claim is made or lawsuit is brought subject to the insurance policy limit of liability. The completed operations liability shall extend for the not less than three (3) years past the completion of the applicable work in the Easement Area.

5.10.2. *Commercial Automobile Liability*. Automobile liability insurance covering liability arising out of the operation, use, loading, or unloading of a motor vehicle, including owned, hired, and non-owned motor vehicles, assigned to or used in connection with the Grantee Contractor's work in the Easement Area, with limits of not less than $2,000,000 per accident.

5.10.3. *Workers' Compensation and Employers Liability*. Statutory workers' compensation insurance for all of the employees who are engaged in the work in the Easement Area including special coverage extensions where applicable; and employer's liability insurance with limits of not less than $1,000,000 for each accident, $1,000,000 as the aggregate disease policy limit, and $1,000,000 as the disease limit for each employee.

5.10.4. *Contractors Pollution Liability Insurance*. Contractors pollution liability insurance written on an occurrence form with limits of liability not less than $5,000,000 per occurrence and $5,000,000 per project aggregate. This policy shall include coverage of claims for Bodily Injury or Property Damage and remediation costs

resulting from a pollution incident at the Easement Area or Burdened Property caused by or exacerbated by the Grantee Contractor.

6. Subordination. The provisions of this Easement Agreement shall be subject and subordinate to any mortgage, deed of trust, or lease financing, including, but not limited to, lease financing as defined below, now existing or hereafter executed affecting all or any portion of the Burdened Property, made in good faith and for value. No provision of this Easement Agreement shall supersede or in any way reduce the security or effect or validity of any such mortgage, deed of trust, or lease financing; provided, however, that, if any portion of the Burdened Property is sold under a foreclosure of any such mortgage or deed of trust (or by deed in lieu thereof), any purchaser at such sale (or any purchaser pursuant to any such deed in lieu thereof), and the successors and assigns of such purchaser, shall hold any portion of the Burdened Property so purchased subject to all of the provisions of this Easement Agreement, except that such purchaser shall acquire fee title free and clear of any unpaid amounts or any defaults or violations by its predecessor of the terms of this Easement Agreement occurring prior to such transfer of title. The term "lease financing" as used in this section includes the Bond Documents and any and all amendments, extensions, renewals, modifications, refinances, and replacements of the Bond Documents. The Bond Documents will be recorded in the Official Records of Sonoma County.

7. Amendment and Termination. This Easement Agreement may be modified or amended only by written agreement signed by the Parties hereto. In the event that the Parties mutually agree to terminate this Easement Agreement, the Parties agree to execute in a recordable form any documents reasonably requested by either of the Parties acknowledging the partial or complete termination of this Easement Agreement and the Easement described herein.

8. Binding Effect. Unless terminated pursuant to the terms of this Easement Agreement, the provisions of this Easement Agreement and the Easement granted herein shall constitute covenants running with the land with respect to the Benefited Property, Burdened Property, and Easement Area, respectively, for the reciprocal burden and benefit of those properties, and shall be binding on each successive owner during their ownership of any portion of the Benefited Property, Burdened Property, or Easement Area, respectively, and on each person or entity having any interest in this Easement Agreement derived through any owner of the Benefited Property, Burdened Property, or Easement Area, respectively.

9. Governing Law. This Easement Agreement, and the Parties' performance under this Easement Agreement, will be exclusively governed by the laws of the State of California without regard to its conflict of law provisions.

10. Waiver. No waiver of any term or provision of this Easement Agreement shall be effective unless set forth in writing and signed by the Party giving the waiver. No failure or delay on the part of either Party hereto in the exercise of any right, power, or

privilege granted by this Easement Agreement shall operate as a waiver of such right, power, or privilege, nor shall any single or partial exercise of any such right, power, or privilege preclude any other or future exercise thereof. A waiver given on any one occasion shall not operate as a continuing waiver of the same provision or as a waiver of any other provision set forth in this Easement Agreement.

11. Integration. This Easement Agreement contains the entire agreement of the Parties with respect to the subject matter described herein, and supersedes all previous communications, representations, understandings, and agreements, whether verbal, written, express, or implied, between the Parties with respect to the subject matter.

12. No Third-Party Beneficiaries. This Easement Agreement is by and between the Parties and no third parties are intended to be benefited by the terms of this Easement Agreement, except for the Court.

13. Warranty of Authority. Grantor represents and warrants as of the Effective Date that (i) it is the legal owner of the Burdened Property, and (ii) it has full power and authority to place the encumbrance of this Easement Agreement on the Burdened Property.

14. Counterparts. This Easement Agreement may be executed in counterparts, each of which shall be deemed an original, but such counterparts shall together be deemed to constitute one and the same instrument.

BASIS OF BEARINGS: RECORD OF SURVEY OF THE LANDS OF THE COUNTY OF SONOMA, FILED IN BOOK 387 OF MAPS AT PAGE 3, OFFICIAL RECORDS OF THE COUNTY OF SONOMA.

EXHIBIT "C"

LEGAL DESCRIPTION AND PLAT OF EASEMENT AREA

[See following two pages.]

BKF 100+ YEARS
ENGINEERS . SURVEYORS . PLANNERS

Easement for M.A.D.F. Connector Tunnel
Over the lands of the State of California

All that real property lying within the lands of the City of Santa Rosa, County of Sonoma, within the State of California, and being a portion of the lands of the State of California, acting by and through the Judicial Council of California, Administrative Office of the Courts as described in that Grant Deed, filed for record June 11, 2012, under Document 2012-054977, Official Records of the County of Sonoma, and being more particularly described as follows:

Being an easement of the uniform width of 30.00 feet, lying 15.00 feet on each side of a line whose Point of Beginning lies at a point on the northerly boundary of said lands of the State of California, from which point the northeasterly corner of said parcel (also being the Point of Beginning of said State parcel), bears South 89°11'04" East 210.45 feet; thence from said **POINT OF BEGINNING**, leaving said northerly boundary, South 00°00'00" East for a distance of 30.55 feet, more or less to a point at the "connection point" of the M.A.D.F. Connector Tunnel at the future State of California Hall of Justice Building, and the Point of Termination of the hereinabove described centerline.

The sidelines of said easement shall be lengthened or shortened to intersect the northerly boundary of said lands of the State of California parcel, on the north, and said future State of California Hall of Justice Building, on the south.

Containing: 917 Sq. Ft. of land, more or less

Basis of Bearings: Grant Deed from the County of Sonoma, a political subdivision of the State of California to the State of California, acting by and through the Judicial Council of California, Administrative Office of the Courts, filed for record June 11, 2012, under Document 2012-054977, Official Records of the County of Sonoma

Environmental Data Resources, Inc. (EDR) Aerial Photo Decade Package is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's professional researchers provide digitally reproduced historical aerial photographs, and when available, provide one photo per decade.

Santa Rosa, CA 95404
Contact: David Noren

The Sanborn Library has been searched by EDR and maps covering the target property location as provided by EBA Engineering were identified for the years listed below. The Sanborn Library is the largest, most complete collection of fire insurance maps. The collection includes maps from Sanborn, Bromley, Perris & Browne, Hopkins, Barlow, and others. Only Environmental Data Resources Inc. (EDR) is authorized to grant rights for commercial reproduction of maps by the Sanborn Library LLC, the copyright holder for the collection. Results can be authenticated by visiting www.edrnet.com/sanborn.

The Sanborn Library is continually enhanced with newly identified map archives. This report accesses all maps in the collection as of the day this report was generated.

Certified Sanborn Results:

Certification # 1E3E-4558-BD83

PO # 25-3793

Project Sonoma County Complex

UNMAPPED PROPERTY

This report certifies that the complete holdings of the Sanborn Library, LLC collection have been searched based on client supplied target property information, and fire insurance maps covering the target property were not found.

Sanborn® Library search results

Certification #: 1E3E-4558-BD83

The Sanborn Library includes more than 1.2 million fire insurance maps from Sanborn, Bromley, Perris & Browne, Hopkins, Barlow and others which track historical property usage in approximately 12,000 American cities and towns. Collections searched:

- ☑ Library of Congress
- ☑ University Publications of America
- ☑ EDR Private Collection

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E1527 - 21), the ASTM Standard Practice for Environmental Site Assessments for Forestland or Rural Property (E2247 - 16), the ASTM Standard Practice for Limited Environmental Due Diligence: Transaction Screen Process (E1528 - 22) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property.
Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

STANDARD ENVIRONMENTAL RECORDS

Lists of Federal sites subject to CERCLA removals and CERCLA orders

SEMS: SEMS (Superfund Enterprise Management System) tracks hazardous waste sites, potentially hazardous waste sites, and remedial activities performed in support of EPA's Superfund Program across the United States. The list was formerly know as CERCLIS, renamed to SEMS by the EPA in 2015. The list contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). This dataset also contains sites which are either proposed to or on the National Priorities List (NPL) and the sites which are in the screening and assessment phase for possible inclusion on the NPL.

A review of the SEMS list, as provided by EDR, and dated 06/26/2025 has revealed that there is 1 SEMS site within approximately 0.5 miles of the target property.

Lists of Federal RCRA generators

RCRA-LQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

A review of the RCRA-LQG list, as provided by EDR, and dated 06/02/2025 has revealed that there is 1 RCRA-LQG site within approximately 0.25 miles of the target property.

RCRA-SQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

A review of the RCRA-SQG list, as provided by EDR, and dated 06/02/2025 has revealed that there are 8 RCRA-SQG sites within approximately 0.25 miles of the target property.

Lists of state- and tribal hazardous waste facilities

ENVIROSTOR: The Department of Toxic Substances Control's (DTSC's) Site Mitigation and Brownfields Reuse Program's (SMBRP's) EnviroStor database identifes sites that have known contamination or sites for which there may be reasons to investigate further. The database includes the following site types: Federal Superfund sites (National Priorities List (NPL)); State Response, including Military Facilities and State Superfund; Voluntary Cleanup; and School sites. EnviroStor provides similar information to the information that was available in CalSites, and provides additional site information, including, but not limited to, identification of formerly-contaminated properties that have been released for reuse, properties where environmental deed restrictions have been recorded to prevent inappropriate land uses, and risk characterization information that is used to assess potential impacts to public health and the environment at contaminated sites.

A review of the ENVIROSTOR list, as provided by EDR, and dated 04/21/2025 has revealed that there are 6 ENVIROSTOR sites within approximately 1 mile of the target property.

Local Lists of Registered Storage Tanks

SWEEPS UST: Statewide Environmental Evaluation and Planning System. This underground storage tank listing was updated and maintained by a company contacted by the SWRCB in the early 1990's. The listing is no longer updated or maintained. The local agency is the contact for more information on a site on the SWEEPS list.

A review of the SWEEPS UST list, as provided by EDR, and dated 06/01/1994 has revealed that there are 5 SWEEPS UST sites within approximately 0.25 miles of the target property.

Other Ascertainable Records

RCRA NonGen / NLR: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA)

of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Non-Generators do not presently generate hazardous waste.

A review of the RCRA NonGen / NLR list, as provided by EDR, and dated 06/02/2025 has revealed that there are 67 RCRA NonGen / NLR sites within approximately 0.25 miles of the target property.

EXECUTIVE SUMMARY

Registry ID: 110071303714

UST FINDER RELEASE: US EPA's UST Finder data is a national composite of leaking underground storage tanks. This data contains information about, and locations of, leaking underground storage tanks. Data was collected from state sources and standardized into a national profile by EPA's Office of Underground Storage Tanks, Office of Research and Development, and the Association of State and Territorial Solid Waste Management Officials.

A review of the UST FINDER RELEASE list, as provided by EDR, and dated 06/08/2023 has revealed that there are 14 UST FINDER RELEASE sites within approximately 0.5 miles of the target property.

UST FINDER: EPA developed UST Finder, a web map application containing a comprehensive, state-sourced national map of underground storage tank (UST) and leaking UST (LUST) data. It provides the attributes and locations of active and closed USTs, UST facilities, and LUST sites from states and from Tribal lands and US territories . UST Finder contains information about proximity of UST facilities and LUST sites to: surface and groundwater public drinking water protection areas; estimated number of private domestic wells and number of people living nearby; and flooding and wildfires.

A review of the UST FINDER list, as provided by EDR, and dated 06/08/2023 has revealed that there are 2 UST FINDER sites within approximately 0.25 miles of the target property.

E MANIFEST: EPA established a national system for tracking hazardous waste shipments electronically. This system, known as ?e-Manifest,? will modernize the nation?s cradle-to-grave hazardous waste tracking process while saving valuable time, resources, and dollars for industry and states.

A review of the E MANIFEST list, as provided by EDR, and dated 06/02/2025 has revealed that there are 44 E MANIFEST sites within approximately 0.25 miles of the target property.

CUPA Listings: A listing of sites included in the county's Certified Unified Program Agency database. California's Secretary for Environmental Protection established the unified hazardous materials and hazardous waste regulatory program as required by chapter 6.11 of the California Health and Safety Code. The Unified Program consolidates the administration, permits, inspections, and enforcement activities.

A review of the CUPA Listings list, as provided by EDR, has revealed that there is 1 CUPA Listings site within approximately 0.25 miles of the target property.

HWT: A listing of hazardous waste transporters. In California, unless specifically exempted, it is unlawful for any person to transport hazardous wastes unless the person holds a valid registration issued by DTSC. A hazardous waste transporter registration is valid for one year and is assigned a unique registration number.

A review of the HWT list, as provided by EDR, and dated 03/31/2025 has revealed that there is 1 HWT site within approximately 0.25 miles of the target property.

HAZNET: The data is extracted from the copies of hazardous waste manifests received each year by the DTSC. The annual volume of manifests is typically 700,000-1,000,000 annually, representing approximately 350,000-500,000 shipments. Data from non-California manifests & continuation sheets are not included at the present time. Data are from the manifests submitted without correction, and therefore many contain some invalid values for data elements such as generator ID, TSD ID, waste category, & disposal method. The source is the Department of Toxic Substance Control is the agency. This database begins with calendar year 1993.

A review of the HAZNET list, as provided by EDR, and dated 12/31/2024 has revealed that there are 13 HAZNET sites within approximately 0.001 miles of the target property.

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR Hist Auto: EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR Hist Auto list, as provided by EDR, has revealed that there is 1 EDR Hist Auto

site within approximately 0.125 miles of the target property.

JOHANSEN BOB CHEVRON	2500 MENDOCINO AVE	E 0 - 1/8 (0.024 mi.)	D49	125

EDR Hist Cleaner: EDR has searched selected national collections of business directories and has collected listings of potential dry cleaner sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include dry cleaning establishments. The categories reviewed included, but were not limited to dry cleaners, cleaners, laundry, laundromat, cleaning/laundry, wash & dry etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR Hist Cleaner list, as provided by EDR, has revealed that there is 1 EDR Hist Cleaner site within approximately 0.125 miles of the target property.

Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.

Environmental Interest/Information System:
The California Environmental Reporting System (CERS) is a statewide web-based user and information exchange system to support over 140,000 regulated businesses and over 130 local agencies in electronically collecting and reporting significant hazardous materials, hazardous waste and compliance and enforcement data as mandated by California law. Under oversight by Cal/EPA, certified local governing agencies (Unified Program Agencies - UPAs) consolidate, coordinate and provide consistent regulatory activities for six state and federal environmental programs.
The California Environmental Protection Agency (CalEPA) has recently implemented a new data warehouse system (nSite). This data warehouse combines and merges facility and site information from five different systems managed within CalEPA. The five systems are: California Environmental Reporting System (CERS),EnviroStor, GeoTracker, California Integrated Water Quality System (CIWQS), andToxic Release Inventory (TRI).

Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Facility Project Subtype:	Not reported
RWQCB Region:	NORTH COAST RWQCB (REGION 1)
Site History:	The site is located adjacent to and between several office buildings and operation and maintenance facilities used by the County of Sonoma for various County programs. In July 1996, one 2000-gallon diesel underground storage tank (UST) and one 10,000-gallon gasoline UST were removed from the site. Subsequent environmental sampling at the site showed presence of petroleum constituents in soil and groundwater from the area surrounding the former USTs. Water supply wells are located within 1000 feet of the site. In a letter dated July 11, 1997, the Regional WAter Board required additional

SONOMA COUNTY DEPT. OF PU (Continued) **S103647434**

investigation. A Feasibility Study and Corrective Action Plan (FS/CAP) dated November 29, 2006 was prepared to identify and evaluate feasible remedial alternatives to cleanup petroleum impacted soil and groundwater at the site. Based on the investigative findings, the FS/CAP recommended Dual-Phase Extraction to extract contaminated groundwater and soil gas from the subsurface, and use granular activated carbon to remove petroleum related constituents prior to discharging under the appropriate permits. In May 2007, two DPE wells were installed at the site. A DPE pilot test was conducted in June 2007. During the pilot test, approximately 11,000 gallons of groundwater, containing approximately 0.5 pounds of petroleum hydrocarbons, and approximately 550,000 cubic feet of soil gas, containing approximately 105 pounds of petroleum hydrocarbons, were removed. In February 2009, EBA Engineering submitted the Remedial Action Plan, on behalf of the County of Sonoma, proposing to install two additional DPE wells to implement the selected cleanup alternative.

RWQCB Region:	NORTH COAST RWQCB (REGION 1)
Site History:	Problem Description In March 24, 1997, petroleum releases were discovered during product piping and dispenser replacement activities at the site. Subsequent investigation showed petroleum impacts to both soil and groundwater beneath the site. Investigation and Remedial Action Summary Between 1983 and 2005, thirteen groundwater monitoring wells, four cone penetrometer test borings, and several soil excavations were installed and sampled for analysis to determine the horizontal and vertical extents of contamination in soil and groundwater at the site. In March 1997, approximately 40 cubic yards of soil were excavated and transported off site to a permitted landfill for disposal. In January and February 2003, approximately 775 cubic yards of impacted soil were excavated and removed from the site. Approximately 5,000 gallons of groundwater were removed from the tank pit at that time and disposed of offsite. In January 2004, approximately 1,370 cubic yards of soil were removed from the site during the additional over excavation in the former dispenser area. Approximately 61,500 gallons of groundwater were pumped out of the excavation pit at that time and disposed at an approved facility. Water Quality Assessment Petroleum hydrocarbons in groundwater have declined from as high as 2710 parts per billion (ppb) to non-detectable levels (less that 50 ppb). All petroleum constituents are below detectable levels in all monitoring wells, with the exception of methyl tertiary butyl ether (MTBE). Groundwater monitoring data show non-detectable levels or declining trends for MTBE in all monitoring wells. MTBE levels in groundwater are expected to reach non-detectable levels without any additional remedial

Environmental Interest/Information System:
The California Environmental Protection Agency (CalEPA) has recently implemented a new data warehouse system (nSite). This data warehouse combines and merges facility and site information from five different systems managed within CalEPA. The five systems are: California

CHEVRON STATION NO 92813 (Continued) **1006805069**

Environmental Reporting System (CERS),EnviroStor, GeoTracker, California Integrated Water Quality System (CIWQS), andToxic Release Inventory (TRI).
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.
California's Hazardous Waste Tracking System Data Mart (HWTS-DATAMART) provides information on hazardous waste shipments for generators, transporters, and treatment, storage, and disposal facilities.

Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.
California's Hazardous Waste Tracking System Data Mart (HWTS-DATAMART) provides information on hazardous waste shipments for generators, transporters, and treatment, storage, and disposal facilities.

Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.
California's Hazardous Waste Tracking System Data Mart (HWTS-DATAMART) provides information on hazardous waste shipments for generators, transporters, and treatment, storage, and disposal facilities.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

RWQCB Region:	NORTH COAST RWQCB (REGION 1)
Site History:	Ten vehicle hoists were removed from the former Sonoma County Public Works Department fleet garage: 4 in 2001 and the remaining 6 in 2021. Prior site investigation data showed petroleum hydrocarbon impacts to soil and groundwater. Site investigation documents were shared with the Regional Water Board in early 2025 and are incomplete. RWB requested additional investigation in April 2025.

CA Enviroscreen 4 Score:	45-50%
Military DOD Site:	No
Facility Project Subtype:	Not reported
RWQCB Region:	NORTH COAST RWQCB (REGION 1)
Site History:	The site is the location of the County of Sonoma' Administration and Facilities Operations Complex, and includes numerous government office buildings, as well as vehicle operations and maintenance facilities. A former 1000-gallon waste oil tank was removed from the site in May 1988. Soil and groundwater samles subsequently showed impacts by petroleum and several chlorinated volatile organic compounds. Methyl tertiary butyl ether (MTBE) discovered in groundwater north of the site does not appear to have been released from the former waste oil tank.

Violation Date: 03-14-2022
Citation: 23 CCR 16 2712(b)(1)(G) - California Code of Regulations, Title 23, Chapter 16, Section(s) 2712(b)(1)(G)
Violation Description: Failure to comply with one or more of the following overfill prevention equipment requirements: Alert the transfer operator when the tank is 90 percent full by restricting the flow into the tank or triggering an audible and visual alarm; or Restrict delivery of flow to the tank at least 30 minutes before the tank overfills, provided the restriction occurs when the tank is filled to no more than 95 percent of capacity; and activate an audible alarm at least five minutes before the tank overfills; or Provide positive shut-off of flow to the tank when the tank is filled to no more than 95 percent of capacity; or Provide positive shut-off of flow to the tank so that none of the fittings located on the top of the tank are exposed to product due to overfilling. Install/retrofit overfill prevention equipment that does not use flow restrictors on vent piping to meet overfill prevention equipment requirements when the overfill prevention equipment is installed, repaired, or replaced on and after October 1, 2018. For USTs installed before October 1, 2018, perform an

SONOMA COUNTY FUEL (Continued) **S121747179**

inspection by October 13, 2018 and every 36 months thereafter. For USTs installed on and after October 1, 2018, perform an inspection at installation and every 36 months thereafter. Inspected within 30 days after a repair to the overfill prevention equipment. Inspected using an applicable manufacturer guidelines, industry codes, engineering standards, or a method approved by a professional engineer. Inspected by a certified UST service technician. Maintain records of overfill prevention equipment inspection for 36 months.

Violation Notes: Returned to compliance on 03/21/2022. The product 87 overfill drop tube was set at above 95%, replace the drop tube to meet the capacity to less than 95%. The replacement was set at 92%.

Site History:	In May 2017, Regional Water Board staff concurred with the February 2017 Soil and Groundwater Management Plan submitted for the properties identified as 540, 552, and 564 Russell Avenue, requiring the following: Property owners shall employ construction contractors and site workers that are trained in accordance with the federal Hazardous Waste Operations and Emergency Response (HAZWOPER) standards as specified in the Code of Federal Regulations 29 CFR 1910.120 for work that might expose or mobilize potentially contaminated materials such as soil and groundwater at this site. 2. The property owner shall distribute the Plan to all contractors and site workers, and ensure that they understand the relevant requirements of the Plan. 3. All excavated soil and extracted groundwater shall be contained and tested for specified constituents of potential concern prior to disposal. 4. The property owner and/or contractors shall obtain documented regulatory approval by North Coast Regional Water Quality Control Board and/or applicable local permitting authorities prior to disposal of extracted groundwater or excavated soil. The referenced plans have been submitted to the County of Sonoma Permit and Resource Management Department, and to the City of Santa Rosa Fire Department for inclusion in their files for these properties.
