**County Clerk** 

12400 Imperial Hwy. Norwalk, CA 90650

To: Office of Planning and Research P.O. Box 3044, Room 113 Sacramento, CA 95812-3044

County of: Los Angeles

From: (Public Agency): City of Los Angeles
Department of Cannabis Regulation

221 N. Figueroa St., Suite 1245, Los Angeles, CA 90012

(Address)

Project Title: DCR CORE RECORD NO. 100084

Project Applicant: MINUTECURE

Project Location - Specific:

5300 W 104th Street, Los Angeles, CA 90045 / 104th St and La Cienega Blvd

Project Location - City: Los Angeles Project Location - County: Los Angeles

Description of Nature, Purpose and Beneficiaries of Project:

Retail sales, cultivation, manufacturing and distribution of commercial cannabis products under State and local law.

Name of Public Agency Approving Project: City of Los Angeles, Department of Cannabis Regulation

Name of Person or Agency Carrying Out Project: MINUTECURE

## Exempt Status: (check one):

- □ Ministerial (Sec. 21080(b)(1); 15268);
- □ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- □ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: CEQA Sections 15301 & 15332/Class 1 & 32
- □ Statutory Exemptions. State code number:

Reasons why project is exempt:

Environmentally benign infill project consistent with the General Plan, Zoning requirements and consistent with the criteria for a Class 1 & Class 32 Categorical Exemption pursuant to CEQA Guidelines Section 15301 & 15332 and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

Lead Agency			(0.4.0) 070 0700
Contact Person:	Jason Killeen	Area Code/Telephone/Extension:	(213) 978-0738

#### If filed by applicant:

- 1. Attach certified document of exemption finding.
- 2. Has a Notice of Exemption been filed by the public agency approving the project? Yes No

# **RECOMMENDATION REPORT FOR RETAIL WITH ON-SITE SALES COMMERCIAL CANNABIS LICENSE**

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR recommends that the Cannabis Regulation Commission approve the issuance of an Annual License. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the Class 1 and Class 32 categorical exemptions.

DCR Core Record No.:	100084
Applicant Name:	MINUTECURE
DCR Record No. / Activities Requested:	LA-R-24-100084-ANN / Retail w/ on-site sales (Type 10)
Proposed Project:	The Applicant seeks an Annual License for the Type 10 Retail Storefront with on-site sales commercial cannabis activity pursuant to LAMC section 104.06 et. al.
Business Premises Address/ Project Location:	5300 W 104 <sup>th</sup> Street Los Angeles, CA 90045
Council District: Closest Neighborhood Council (NC): Business Improvement District: Community Plan Area: Zoning:	11 Westchester/Playa – Westchester - Playa del Rey M2-1
LAMC Section / "Phase":	LAMC 104.07 / Phase 1
Evidence of Offer to Meet with NC:	Yes
Complaint Portal Entry: Recent Compliance Inspection:	No No
Social Equity Applicant / Ownership %:	No
Environmental Analysis/Clearance: ENV-100084-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

### BACKGROUND:

The Business Premises is located at 5300 W 104TH ST Los Angeles, CA 90045, a parcel zoned for Light Manufacturing purposes. The Applicant was issued Temporary Approval by DCR with an effective date of January 1, 2018 Since that time, the Applicant has completed all requirements for the issuance of an Annual License in accordance with LAMC Section 104.06. The Applicant currently possesses a State provisional License, C10-0001055-LIC, to conduct Retail with on-site sales Commercial Cannabis Activity, which is active through June 6, 2025. The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program.

### DEPARTMENT ANNUAL LICENSING RECOMMENDATION:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.

#### COMMUNITY INPUT:

On or about September 4, 2024, DCR provided notice of the community meeting and Cannabis Regulation Commission meeting by mail to the owners and occupants of all property within 700 feet of the property line of the Business Premises. Notice was also provided to the nearest Neighborhood Council, Business Improvement District, and Council Office.

The virtual community meeting was held on September 26, 2024. During the meeting, members of the public were afforded two minutes each to speak about the Application. DCR also accepted online written input through the date of the community meeting. DCR did not receive oral or written testimony for this Applicant.

Number of Comments In Favor of the Application	0
Number of Comments Against the Application	0
Total Number of Comments	0

The Applicant provided timely proof to DCR that it contacted the nearest Neighborhood Council and offered to appear before the Neighborhood Council in accordance with LAMC Section 104.06(b)(1)(ii).

#### COMPLIANCE REVIEW:

DCR has not recently performed a compliance inspection for this Applicant. However, this business shall be subject to multiple, future inspections by DCR and several other agencies prior to the receipt of an Operating Permit. An Operating Permit is the final authorization from DCR to conduct Commercial Cannabis Activity, and is issued only after a licensee has passed a Final Inspection by DCR, and obtained all permits, clearances, or other authorizations required by law, which may include a Certificate of Occupancy from the Los Angeles Department of Building and Safety, clearance from the Los Angeles Fire Department and/or permit from the Los Angeles County Department of Public Health.

#### THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation of a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;

- Revocation of Temporary Approval;
- Failing a Business Premises inspection by DCR, another City agency, or the Los Angeles County Department of Public Health; or
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq.*;
- An Owner is an individual who holds office in, is employed by any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity; and,
- An Owner is an entity incorporated outside of the United States.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04. Thus, DCR recommends the Commission approve the issuance of this Annual License.

## CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Retail Storefront (Type 10) Temporary Approval to an Annual License to be located on an existing site zoned for Light Manufacturing, M2-1 at 5300 W 104TH ST Los Angeles, CA 90045 (Assessor's Parcel Number 4129-035-011). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 6:00 a.m. to 10:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

#### **CEQA PROJECT ANALYSIS & FINDINGS:**

#### Land Use/Zoning Designations

Light Manufacturing/M2-1

#### Surrounding Land Use/Zoning Designations

Light Manufacturing / M2-1

#### Subject Property

The subject site is a fully developed lot within the Westchester - Playa del Rey Community Plan Area. The lot is approximately 190 feet deep and a width of 50 feet along West 104th Street. The site is currently developed with a one-story industrial building, built in 1951 proposed to be maintained.

The site has a Light Manufacturing land-use designation and is zoned M2-1. The site is located within Council District 11, Westchester/Playa Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

## Abutting Properties

Abutting uses include other industrial uses within 200 feet of the site. The immediate area along West 104th Street is predominantly developed with Light Manufacturing uses, zoned M2-1. (See Exhibit A)

#### CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres

substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 9397.1 gross square feet, zoned M2-1 with a onestory industrial building originally constructed in 1951. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 9397.1 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned Light Manufacturing, and developed with a mix of other industrial buildings, along West 104th Street between Aviation Blvd and Glasgow PI.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

## DEPARTMENT OF CANNABIS REGULATION RECOMMENDED ACTIONS:

That the Cannabis Regulation Commission:

- 1. Determine, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
- 2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approve the Annual License for Type 10 Storefront Retail Commercial Cannabis Activity at the Business Premises location; and,
- 3. Adopt DCR's Project Analysis & Findings as the Commission's report on the subject.

November 14, 2024 Date

Jason Killeen Assistant Executive Director, Department of Cannabis Regulation

## EXHIBITS:

# PROJECT-SPECIFIC INFORMATION FORM

#### LIC-4013 FORM

**Instructions:** Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant or Licensee as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project.

Please provide detailed responses with as much information as possible. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

## Categorical Exemption Evaluation Form

**Instructions:** Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

# **Project Description:** Insert project description information or reference where this information is located.

This is an existing facility located at 5300 W 104TH ST. LOS ANGELES CA 90045. There wont be any new construction. This site has no historical value and no value as habitat for endangered, rare, or threatened species. Approval of this Project would not result in any significant effects relating to traffic, noise, air/water quality or wild life..

NO EXPANSION OR CONSTRUCTION: Our project does not involve any new construction, expansion, or alteration of the existing structure. It solely pertains to activities within the existing structure. NO SIGNIFICANT ENVIRONMENTAL EFFECTS: The activities within our building do not involve the release of pollutants, emissions, or hazardous materials into the environment.

PROTECTION OF NATURAL RESOURCES: Our project is designed to minimize waste generation. We have implemented sustainable practices, such as recycling and energy-efficient measures, to reduce our environmental footprint.

MINIMAL NOISE IMPACT: Our operations within the building are designed to minimize noise emissions. Our Operation does not create any noise which would disturb the Urban Environment. LIGHT POLLUTION MITIGATION: We are committed to reducing light pollution in the area. All lighting on our property is shielded to prevent upward light spill, contributing to a reduction in light pollution. TRAFFIC MANAGEMENT: Our project will not result in a significant increase in traffic in the surrounding area. There is plenty of Public Transportation available.

ODOR CONTROL: We understand the concerns related to odors associated with Cannabis. Our facility is equipped with state-of-the-art odor control systems designed to capture and treat any emissions. We will regularly monitor and maintain these systems to ensure odors are effectively managed and contained within the facility.

ENERGY EFFICIENCY: We recognize the importance of minimizing electricity usage. Our operations will adhere to energy-efficient practices, including the use of LED lighting and high-efficiency HVAC systems. We are also committed to exploring renewable energy sources, such as solar power, to reduce our carbon footprint.

WATER USAGE: We recognize the importance of responsible water usage, so we make it a priority to reduce water consumption significantly. We actively monitor and manage our water usage to ensure minimal impact on local water resources.

SUSTAINABLE PRACTICES: In addition to energy efficiency we employ water conservation methods, implement recycling programs, and work to reduce waste. These measures align with our commitment to environmental responsibility.

### Categorical Exemption Evaluation Form

### **Class 1: Existing Facilities**

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose?

🗏 Yes 🗌 No

*Provide details of current or prior operation(s). Cite source(s) of information.* 

We have been going through the LADBS process at this location for many years now. We have not yet started to operate our Cannabis Activities at this location even though we have city and state approval to do so. The first Activity which we will operate at this location will be our Retail Activity. We plan on beginning this activity within the next few months as soon as LADBS issues us a Certificate of Occupancy for our Retail Use.

Prior to us Leasing this location, the landlord was using it for his own purposes. We believe it was used as a distribution facility for Computer parts.

Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6)

🗆 Yes 🔳 No

Provide expansion details, if applicable. Cite source(s) of information.

NO EXPANSION OR CONSTRUCTION: Our project does not involve any new construction, expansion, or alteration of the existing structure. It solely pertains to activities within the existing structure. We have submitted Plans to LADBS for the Tenant Improvements which we will be doing as well as to Update the Use to Retail.

3. Project Expansion: \_\_\_\_\_\_ Size of expansion in square feet: \_\_\_\_\_\_

Cite source(s) of information.

a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to <u>Question 6</u>.) □ Yes □ No

Cite source(s) of information.

b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to <u>Question 4</u>.)
 □ Yes □ No

Cite source(s) of information.

c. Would the expansion be greater than 10,000 square feet?

□ Yes □ No

Cite source(s) of information.

4. Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)?

Describe which public services serve the project site. Cite source(s) of information.

5. Is there evidence that the project site is located in an environmentally sensitive area?

□ Yes □ No

Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) 🗆 Yes 🔳 No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

It does not for our initial Retail activities. However, we have applied for Water Rights with the California Water Boards since it is a requirement for Cultivation Activity. Our project will not result in physical changes to the environment.

https://cannabis.ca.gov/wp-content/uploads/sites/2/2023/09/dcc commercial canna bis regulations-1.pdf

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures?

🗆 Yes 🗏 No

Describe size of structure to be demolished and location.

No demolition and removal of individual small structures.

2.

DCR Record No. LA-R-23-100084-ANN / LA-C-23-100084-ANN

#### **Categorical Exemption Evaluation Form**

**Class 2: Replacement or Reconstruction** 

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed?

🗆 Yes 🗆 No

Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.

N/A We will not be replacing or reconstructing the existing structure.	VI
CVTY OF	
Would the new structure have substantially the same purpose and capacity as the existing structure?	🗆 Yes 🗖 No

Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.

N/A No new structure.	$\langle \rangle / \langle \rangle / \langle \rangle$
9	

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) □ Yes ■ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

It does not for our initial Retail activities. However, we have applied for Water Rights with the California Water Boards since it is a requirement for Cultivation Activity. Our project will not result in physical changes to the environment.

## **Categorical Exemption Evaluation Form**

#### **Class 3: New Construction or Conversion of Small Structures**

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures?

🗆 Yes 🔳 No

*Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.* 

No conversions or modifications.	

2. Does the project involve the construction of new small structures?

🗆 Yes 🔳 No

*Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.* 

Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.

Cite source(s) of information.

## Project-Specific Information Form

DCR Record No. LA-R-23-100084-ANN / LA-C-23-100084-ANN

## FOR SITES IN URBANIZED AREAS

Does the project involve the construction of four or fewer structures totaling 10,0 square feet or less?
 □ Yes □ No

*Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.* 

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to <u>Question 11</u>.) □ Yes ■ No

Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.

https://planning.lacity.org/odocument/b459d4e1-2dec-4804-892f-db4c100facf4

## Project-Specific Information Form

## DCR Record No. LA-R-23-100084-ANN / LA-C-23-100084-ANN

## FOR SITES NOT IN URBANIZED AREAS

Does the project involve the construction of a single structure totaling 2,500 square feet or less?
 □ Yes □ No

*Provide information regarding size of new structure, if applicable. Cite source(s) of information.* 

10. Does the project involve the use of significant amounts of hazardous substances?

🗌 Yes 🗌 No

Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.

## FOR ALL SITES

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) □ Yes ■ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

It does not for our initial Retail activities. However, we have applied for Water Rights with the California Water Boards since it is a requirement for Cultivation Activity. Our project will not result in physical changes to the environment.

https://cannabis.ca.gov/wp-content/uploads/sites/2/2023/09/dcc\_commercial\_canna bis\_regulations-1.pdf

#### **Categorical Exemption Evaluation Form**

#### **Class 4: Minor Alterations to Land**

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?

🗌 Yes 🗏 No

*Provide details, if needed. Cite source(s) of information.* 

No removal of trees or any vegetation.	
V TY	0.5

 Does the project involve alterations to land, water, or vegetation that would be considered minor?
 □ Yes ■ No

*Provide details, if needed. Cite source(s) of information.* 

	_
No alterations to land, water, or vegetation at all.	

4. Would the alterations consist of grading in an area determined to be a wetland?

Cite source(s) of information.

No alterations/grading.

Provide name of scenic area (if applicable). Cite source(s) of information.

No alterations/grading. We are not within an officially designated scenic area.

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist?

Provide the name of the zone (if applicable). Cite source(s) of information.

No alterations/grading. Not within the Alquist-Priolo Fault Zone or any fault zone.

 Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)
 □ Yes ■ No

List permits required and any potential physical changes that could occur. Cite

source(s) of information.

It does not for our initial Retail activities. However, we have applied for Water Rights with the California Water Boards since it is a requirement for Cultivation Activity. Our project will not result in physical changes to the environment.

## Categorical Exemption Evaluation Form

## Class 32: Infill Development Projects

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site?

🔳 Yes 🗌 No

Cite source(s) of information.

Zimas and Cannabis Location Restrictions - Article 5, Chapter X of the Los Angeles Municipal Code

- 2. Project Size and Location
  - a. Is the project site 5 acres in size or less?

Indicate the size of the project site, in acres. Cite source(s) of information.

APN Area is 0.467 (ac) Zimas

b. Is the project site substantially surrounded by urban uses?

🗏 Yes 🗌 No

🔳 Yes 🗌 No

Describe the uses of the surrounding properties. Cite source(s) of information.

We are located in the middle of a very industrial area. All of the properties immediately around us are zoned M2-1 just like us. There are all different sorts of manufacturing and warehousing businesses in this area. The Land Use for the buildings in this are is Light Manufacturing. Further north there are some C2-2-CPIO zones with a Regional Commercial Land Use.

3. Does the project site have value as habitat for endangered, rare, or threatened species?

🗌 Yes 🗏 No

Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

It does not.

California Department of Fish and Wildlife

Water & Power = LADWP Trash & Sanitation = LASAN DCR Record No. LA-R-23-100084-ANN / LA-C-23-100084-ANN

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality? □ Yes ■ No

Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.

The project will not have significant impacts related to traffic, noise, air quality, or water quality

5. Can the project site be adequately served by all required utilities and public services?

🔳 Yes 🗆 No

Describe which utilities and public services serve the project site. Cite source(s) of information.

6. Does the project require a water right permit or another environmental permit that

could result in physical changes to the environment? (If yes, see instructions.) 🗌 Yes 🔳 No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

It does not.

https://cannabis.ca.gov/wp-content/uploads/sites/2/2023/09/dcc commercial canna bis regulations-1.pdf

## **Exceptions to Exemptions**

## 1. Scenic Highways

a. Is the project visible from an official State Scenic Highway?

🗆 Yes 🔳 No

*List State Scenic Highway(s) from which the project is visible (if applicable). Cite source(s) of information.* 

2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)? □ Yes ■ No

Describe the type of hazardous site (if applicable). Cite source(s) of information.

3. Would the project result in a substantial adverse change in the significance of a historical resource?

*List the historic resource(s) potentially affected and describe the potential effects (if applicable). Cite source(s) of information.* 

We will not cause any changes to historical resources.

zimas

🗌 Yes 🔳 No

Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.

Our project does not have the potential to contribute to a cumulative environmental impact.

5. Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances? □ Yes ■ No

Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.

There is no reasonable possibility that this project will have a significant environmental impact.

6. Would the project impact an environmental resource of hazardous or critical concern?

🗆 Yes 🔳 No

Provide details, if needed. Cite source(s) of information.

Our project will not impact an environmental resource of hazardous or critical concern.

7. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)? □ Yes ■ No

Provide details, if needed. Cite source(s) of information.

No removal of any trees or any vegetation.

# **CEQA Exemption Petition**

Class: 1

Category: Existing Facilities

Explanation of how the project fits the CEQA exemption indicated above:

NO EXPANSION OR CONSTRUCTION: Our project does not involve any new construction, expansion, or alteration of the existing structure. It solely pertains to activities within the existing structure.

NO SIGNIFICANT ENVIRONMENTAL EFFECTS: The activities within our building do not involve the release of pollutants, emissions, or hazardous materials into the environment.

PROTECTION OF NATURAL RESOURCES: Our project is designed to minimize waste generation. We have implemented sustainable practices, such as recycling and energy-efficient measures, to reduce our environmental footprint.

**1. Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.* 

Mostly used Zimas, however there are many links and citations referenced through out this entire application.

## 2. Project Location and Surrounding Land Use.

(a) Describe Project Location: Provide detailed information about the project location and any other physical description that clearly indicates the project site location.

5300 W 104TH ST. LOS ANGELES CA 90045 is located just east of LAX. We are on the south side of 104th st in between La Cienega Blvd and Aviation Blvd.

(b) Existing Land Uses/Zoning: Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.

We are located in the middle of a very industrial area. All of the properties immediately around us are zoned M2-1 just like us. There are all different sorts of manufacturing and warehousing businesses in this area. The Land Use for the buildings in this are is Light Manufacturing. Further north there are some C2-2-CPIO zones with a Regional Commercial Land Use.

(c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

It was previously used by the land lord for his computer parts distribution business.

(d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

We will be the first cannabis business at this location. We are in the final moments of the Change of Use process with LADBS and we will be receiving our Certificate of Occupancy within the next few months.

- (e) Maps to be Included: Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).
- 3. **Project Operations/Description.** Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.
  - (a) Activities Occurring Onsite: Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).

We will eventually engage in Retail, Cultivation, Manufacturing and Distribution activities at this site.

The Retail business will be the first operational activity at this site. We will sell pre-packaged products to customers who walk into our retail store. The distribution, manufacturing and cultivation activities will not use any machinery or hazardous materials. For Cultivation, we will vegetate and grow our plants under lights, then when they are ready we will dry and trim them at our facility as well. Then we will transfer our products to our distribution license which will handle the packaging and transporting of the product. Our Manufacturing activity will mainly be used to roll infused pre-rolled joints.

## Project-Specific Information Form

DCR Record No. LA-R-23-100084-ANN / LA-C-23-100084-ANN

(b) Cannabis Operation Activities Owned by the Same or Different Businesses: Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.

We are the only cannabis business at this property.

(c) Project Size: Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.

The total Square Footage of APN 4129035011 is 20,342 Sq Ft. The floor area of our Business Premises 13,980 sq ft.

(d) State License: Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.

Yes. Retail = C10-0001055-LIC

This is the only Active state license we have since we will not be engaging in non-retail activities until the end of 2024 or early 2025. We plan to start our retail operation in early 2024.

(e) Hours of Operation/Work Shifts: Identify the hours of operation/work shifts for the project.

This facility's Retail Business Hours will be from 6am - 10pm 7 days a week. There will be 2 work shifts per day for Retail staff and 1 shift per day for the Cultivation, Distribution, and Manufacturing staff. The none Retail business hours are from 9am to 5pm.

(f) Number of employees (total and by shift): *Estimate the number of anticipated employees* onsite and occupancy during operating hours.

The maximum amount of employees that we will ever have on a shift will be 7.

(g) Estimated Daily Trip Generation: Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.

We will receive shipments approximately 2 or 3 times per week. We will not have shipments going out from our site. The approximate number of vehicle trips per day to be generated by the project is within the current City of Los Angeles' VMT calculations. Friday's and Saturday's will be our busiest days. 3pm to 8pm is generally when retail businesses are the busiest.

(h) Source(s) of Water: Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.

LADWP is our water source and we have obtained water rights from the State Water Resources Control Board for our Cultivation Activity.

() Wastewater Treatment Facilities: Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).

Our water is tied to the main city sewage line. The only wastewater that gets generated from our project is from the bathrooms and it is serviced by LASAN.

## 4. Environmental Setting:

(a) Describe natural characteristics on the project site:

Fully developed and constructed buildings. The entire surroundings are developed with no new projects in the works.

(b) General Topographic Features (slopes and other features):

The land is very flat and we are surrounded by buildings and streets.

(c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

Our lot does not have any vegetation. There is no habitat, or soils. Surrounded by asphalt and concrete.

LIC-4013-FORM (09.18.2023)

(d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

None

(e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

It does not.

(f) Identify whether the property has any historic designations or archeological remains onsite:

It does not.

(g) Identify whether the property contains habitat for special status species:

It does not.

(h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

No hazardous materials on our site.

() Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

We will not cause an increase of Solid Waste.

() Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

Being that we are a Retail business, we use a very minimal amount of kW per day and we will not need a power upgrade.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

Our activities do not expand beyond the existing footprint of our existing structure.

6. Environmental Commitments: List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.

We will do everything in our power to be energy and water efficient as well as a good neighbor. we will make sure that we never create noise or lights which would bother the neighborhood or the environment.

7. Other Relevant CEQA Information: Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant.

The above fields have been thoroughly answered and will hopefully be enough detail to obtain a Categorical Exemption.

## Project-Specific Information Form

## DCR Record No. LA-R-23-100084-ANN / LA-C-23-100084-ANN

- 8. Permits Required: List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:
  - California Department of Cannabis Control
  - Los Angeles Fire Department
  - Los Angeles Department of Building and Safety
  - □ California Department of Fish and Wildlife
  - □ State Water Resources Control Board / Regional Water Quality Control Board
  - County of Los Angeles Public Health Permit
  - □ Local Air District
  - □ Streambed Alteration Agreement
  - □ Water quality protection program
  - E Los Angeles Department of Water and Power
  - □ Los Angeles Department of Public Works, Bureau of Sanitation

# Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class 2 Rep Rec Class 3 New Con	acement or onstruction	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.) Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3 New Con	onstruction	structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and
Con	Construction or	
Ulu	version of Small octures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4 Mino	or Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11 Acce	essory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
	ill Development ects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
