RECOMMENDATION REPORT FOR RETAIL WITH ON-SITE SALES COMMERCIAL CANNABIS LICENSE

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR recommends that the Cannabis Regulation Commission approve the issuance of an Annual License. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the Class 1 and Class 32 categorical exemptions.

DCR Core Record No.:	310201
Applicant Name:	The Brinson Consultant Group

Environmental Analysis/Clearance: ENV-310201-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Business Premises is located at 1119 S. La Brea Avenue, Los Angeles, CA, 90019 , a parcel zoned for General Commercial purposes. The Applicant was issued Temporary Approval by DCR with an effective date of October 15, 2021. Since that time, the Applicant has completed all requirements for the issuance of an Annual License in accordance with LAMC Section 104.06. The Applicant currently possesses a State provisional License, C10-0000886-LIC, to conduct Retail with on-site sales Commercial Cannabis Activity, which is active through September 11, 2025. The Applicant is subject to the requirements of LAMC Section 104.20 for the Social Equity Program.

Social Equity Applications are evaluated for compliance with the Equity Share requirements under LAMC 104.20. To comply with the Equity Share requirements, Social Equity Individual Applicants (SEIAs) must possess unrestricted ownership of their share of the Social Equity Applicant (business), a proportional right to vote and to the profits, and include certain language mandated by LAMC 104.20 in their agreements, among other requirements. As part of the application process, DCR reviewed the corporate and ownership documentation provided for this Applicant and determined that the Applicant met the minimum Equity Share requirements at that time.

DEPARTMENT ANNUAL LICENSING RECOMMENDATION:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.

COMMUNITY INPUT:

On or about September 11, 2024, DCR provided notice of the community meeting and Cannabis Regulation Commission meeting by mail to the owners and occupants of all property within 700 feet of the property line of the Business Premises. Notice was also provided to the nearest Neighborhood Council, Business Improvement District, and Council Office.

The virtual community meeting was held on September 26, 2024. During the meeting, members of the public were afforded two minutes each to speak about the Application. DCR also accepted online written input through the date of the community meeting. The comments provided were all supportive of the business. Three community residents gave a general overview of services. They spoke about the quality of customer service and personal benefits of using their products. Five business representatives spoke about providing quality, safe products and educating customers.

Number of Comments In Favor of the Application	8
Number of Comments Against the Application	0
Total Number of Comments	8

The Applicant provided timely proof to DCR that it contacted the nearest Neighborhood Council and offered to appear before the Neighborhood Council in accordance with LAMC Section 104.06(b)(1)(ii).

COMPLAINT PORTAL ENTRY:

In December 2021, Department of Cannabis Regulation (DCR) received two complaints alleging nuisance, loitering and lighting. In March 2022, DCR received a complaint alleging loitering, cannabis consumption and unapproved art.

COMPLIANCE REVIEW:

As part of its progressive enforcement strategy, DCR performs compliance checks and/or inspections of Applicants and Licensees for operational compliance under the Rules and Regulations for Cannabis Procedures ("Regulations"). There are at least 85 potential violations in the Regulations. For most of these violations, DCR's compliance program aims to provide Licensees with the opportunity to cure before facing significant penalties, denial, suspension, or revocation. DCR's discovery of violations of the Regulations may result in a Notice to Correct

("NTC"), Notice of Violation ("NOV") with administrative penalties, Notice of Suspension ("NOS"), Notice of Revocation ("NOR"), or Notice of Administrative Hold, depending on the severity of the findings. (LAMC § 104.13.)

In most circumstances, when a violation is discovered, DCR's first step is to issue a NTC. If, after the issuance of a NTC, an applicant does not correct violations, DCR may issue a NOV with significant administrative penalties. (LAMC § 104.013(c)(2).) Failure to comply with a NOV may result in a second escalating NOV, denial of a License renewal, imposition of more restrictive License conditions or suspension or revocation of a license. (LAMC §§ 104.13(d)(5), 104.13(e)(2).) DCR may also immediately suspend a business without a hearing if there is an imminent threat to life or public safety, the Applicant operates without all necessary permits or clearances from another agency, or the Applicant does not have an active State license for that Commercial Cannabis Activity.

For this Applicant, DCR performed a compliance check of the Business Premises on or about October 9, 2024. During the compliance check, DCR discovered a number of violations, including:

1. **Regulation 5(A)(2)(i) - Display of License.** The Neighborhood Liaison contact information does not match the contact information in DCR records. (VT Minor)
2. **Regulation 5(A)(2)(ii) - Identification of Employees.** The employee identification badges did not include an accurate employee number. Employee personnel records revealed that the employee identification number assigned to each employee does not match the employee identification number on the employee badge. (VT Minor)
3. **Regulation 5(A)(2)(viii) - Code of Conduct.** The Employee Code of Conduct was not visibly displayed in the public area of the Business Premises. (VT Minor)
4. **Regulation 5(B)(1)(i)(C) - Record Retention.** Training and/or training records for employees not provided. (VT Minor)

The Licensee's representative was debriefed by DCR following the inspection and was informed of the deficiencies found.

The Applicant has 30 days to correct the violations and/or deficiencies listed in the NTC. DCR anticipates the Applicant will continue to be forthcoming and cooperative, but reserves the right to take escalating enforcement action, if necessary. The Licensee's representative was debriefed by DCR following the inspection and was informed of the deficiencies found.

Therefore, it is DCR's position that this compliance check did not reveal any serious concerns that impacted DCR's ability to recommend this Applicant for licensure. The violations may be remedied within 30 days without jeopardizing public safety. Moreover, this Applicant shall be subject to multiple, further inspections by DCR and other agencies prior to the receipt of an Operating Permit.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation of a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- Revocation of Temporary Approval;
- Failing a Business Premises inspection by DCR, another City agency, or the Los Angeles County Department of Public Health; or

- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq.*;
- An Owner is an individual who holds office in, is employed by any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity; and,
- An Owner is an entity incorporated outside of the United States.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04. Thus, DCR recommends the Commission approve the issuance of this Annual License.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Retail Storefront (Type 10) Temporary Approval to an Annual License to be located on an existing site zoned for General Commercial, C2-1 at 1119 S. La Brea Avenue, Los Angeles, CA, 90019 (Assessor's Parcel Number 5084-012-025). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 10:00 a.m. to 10:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

General Commercial/C2-1

Surrounding Land Use/Zoning Designations

General Commercial/C2-1

Medium Residential/R2-1

Subject Property

The subject site is a fully developed lot within the Wilshire Community Plan Area. The lot is approximately 80 feet deep and a width of 64 feet along La Brea Avenue. The site is currently developed with a General Commercial building, built in 1928 proposed to be maintained.

The site has a General Commercial land-use designation and is zoned C2-1. The site is located within Council District 10, P.I.C.O. Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties

Abutting uses include commercial and residential uses within 200 feet of the site. The immediate area along La Brea Avenue is predominantly developed with General Commercial uses, zoned C2-1, Medium Residential, zoned R2-1. (See Exhibit A)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or

threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 3,902 gross square feet, zoned C2-1 with a General Commercial building originally constructed in 1928. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 3,902 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned General Commercial/C2-1, Medium Residential/R2-1; and developed with a mix of commercial and residential buildings along La Brea Avenue between Edgewood Place and Orange Drive.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION RECOMMENDED ACTIONS:

That the Cannabis Regulation Commission:

1. Determine, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approve the Annual License for Type 10 Storefront Retail Commercial Cannabis Activity at the Business Premises location; and,
3. Adopt DCR's Project Analysis & Findings as the Commission's report on the subject.

CEQA Exemption Petition

Class: _____ Category: _____

Explanation of how the project fits the CEQA exemption indicated above:

This is a licensed cannabis retail which does not have any impact on excess waste or wastewater.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

Zimas, Lease, Google Earth

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

Major intersection on La Brea. Building directly against the intersection in a densely populated area.

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

Neighborhood commercial, low medium I residential, public facilities, low II Residential, Medium Residential

- (c) **Previous Use:** Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

N/A

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

N/A

- (e) **Maps to be Included:** Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).

3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) **Activities Occurring Onsite:** Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).

TYPE 10 CANNABIS RETAIL SALES

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

N/A

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

4500 SQFT

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

APPLICANT HAS ACTIVE LICENSE WITH THE DCC
LISCENSE #C10-0000886

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

10AM-10PM MON-SUN

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

3 PER SHIFT, 6TOTAL EMPLOYEES EXCLUDING OWNERS.

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

APPROXIMATELY ONE DELIVERY A DAY

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

LA DWP

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

N/A ALL LA DWP

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

N/A

- (b) General Topographic Features (slopes and other features):

N/A

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

N/A

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

N/A

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

N/A

- (f) Identify whether the property has any historic designations or archeological remains onsite:

N/A

- (g) Identify whether the property contains habitat for special status species:

N/A

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

N/A TYPE 10 RETAIL WITH NO HAZARDOUS WASTE

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

THIS PROJECT WILL NOT INCREASE THW QUANITY OR TYPE OF HAZARDOUS WASTE

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

PROJECT ENERGY WILL BE AROUND 15,000kw/yr and will not require excess energy.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

N/A

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

N/A

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

N/A

8. **Permits Required:** *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☐ California Department of Fish and Wildlife
- ☐ State Water Resources Control Board / Regional Water Quality Control Board
- ☒ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☒ Los Angeles Department of Water and Power
- ☒ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
