Project Title: Pavement Rehabilitation Project – Harbor Development Permit No. 20-046(2)
State Clearinghouse No:
Project Location – Specific: Pier F, Berths B82-83 at Pier B Terminal, Pier J, Pier T
Project Location – City: Long Beach, California **Project Location – County:** Los Angeles County

Description of Nature, Purpose and Beneficiaries of Project:

The second amendment to HDP #20-046 is for replacement of deteriorating pavement sections and storm pipes at various locations throughout the Port.

Exempt Status:

- Ministerial Exemption [Section 21080(b)(1); 15268]; Common Sense Exemption (Section 15061(b)(3))
 Declared Emergency (Section 21080(b)(3); 15269(a)); Other:
 Emergency Project [Section 21080(b)(4); 15269(b)(c)]
 Categorical Exemption. State type and section number: **Section 15302 (Class 2. Replacement or Reconstruction)**
 Statutory Exemption. State code number:

Reasons why project is exempt:

Section 15302 Replacement or Reconstruction (Class 2): The Class 2 Categorical Exemption consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced. The new replacement pavement sections and storm pipes will be located on the same site as the structures replaced and will have substantially the same purpose and capacity as the structures replaced. All equipment that is removed from the site will be disposed of in a manner that meets all federal, state and local environmental and regulatory requirements.

The Port has determined that none of the exceptions to the exemptions in the California Environmental Quality Act (CEQA) Guidelines Section 15300.2 foreclose the use of Categorical Exemption CEQA Guidelines Section 15302 (Class 2. Replacement or Reconstruction); therefore the Project is exempt from CEQA and no further environmental review is required.
