Notice of Exemption

To: Riverside County Clerk
2724 Gateway Drive
Riverside, CA 92507

Project Title: Foss Field Park Sewer Replacement Project
Project Location: 138 N Perris Blvd
City: Perris, CA 92570
County: Riverside

Description of Nature, Purpose, and Beneficiaries of Project:

Foss Field Park (Park) is an existing park in the City of Perris undergoing improvements on behalf of the City. An element of this project includes sewer replacement to alleviate root intrusion impacts on the pipeline.

The project consists of the removal and disposal of approximately 670 linear feet of existing 8-inch PVC sewer pipelines and two concrete manholes, and replacement with new 8-inch fusible PVC sewer pipelines and three new manholes along the same alignment. To prevent future root intrusion to the new sewer system, existing tree removal is included as part of the City's Park improvement project. EMWD has also coordinated future non-invasive landscape options with the City. Beneficiaries of the project are District ratepayers and patrons of Foss Field Park.

Public Agency Approving and Carrying Out Project: Eastern Municipal Water District

Exempt Status:

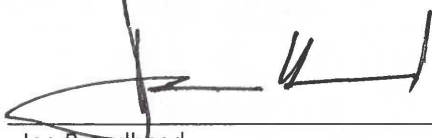

Categorical Exemption. 15302 (c)

Reasons why project is exempt:

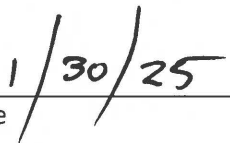

This class of exemption covers the replacement or reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity. This project will replace a portion of the existing sewer pipeline with a sewer pipeline of the same size and increase access to the new system, therefore not expanding the capacity of the sewer pipelines.
