☒ Lead Agency is Carrying Out Project

PROJECT INFORMATION

- TITLE:** Camanche Nth Shore WTP Potable Water Storage Tank Replacement Project
- LOCATION:** (City, County, and specific location)
 Ione, Amador County
- DESCRIPTION:** Replacement of existing 150,000-gallon potable water storage tank with a new 150,000-gallon potable water storage tank

EXEMPTION FINDING (Check one)

This project is exempt from CEQA because:

- ☐ Activity is not a project
- ☐ Activity is Ministerial (Sec.21080(b)(1); Guideline 15268)
- ☐ Activity is a Declared Emergency (Sec.21080(b)(3); Guideline 15269(a))
- ☐ Activity is an Emergency Project (Sec.21080(b)(4); Guideline 15269(b)(c))
- ☒ Activity is Categorically Exempt Under Guideline 15301, 15302, and 15304
- ☐ Activity is Statutorily Exempt Under Guideline _____
- ☒ **Reasons why project is exempt:**

Project meets the definition of: 15301 for maintenance of existing facility, 15302 for replacement of existing facility, and 15304 for minor trenching and backfilling.

Project will have no significant environmental impacts relative to Locations, Cumulative Impact, Scenic Highways, Significant Effect due to unusual circumstances, Hazardous Waste or Historical Resources as pursuant to Section 15300.2 of the CEQA Guidelines.

Attachment A
Camanche North Shore Water Treatment Plant Potable Water Tank Replacement Project

Overview and Background

The project will replace one of the two established 150,000-gallon potable water storage tanks at the Camanche North Shore Water Treatment Plant. The purpose of project is to remove the existing tank as it has reached its end of use, with the new tank ensuring reliable potable water storage for the East Bay Municipal Utility District (EBMUD) owned Camanche North Shore (CANS) Recreation Area, located in Amador County (see Figure 1).

Project Purpose and Objectives

The existing tank has reached its end of use, with flaking of interior coating, in addition to areas of rusting. Failure of the tank would result in environmental impacts, in addition to loss of potable water storage capacity for the CANS Recreation Area.

Project Location

The project site is located on an established gravel road near the CANS Water Treatment Plant, within the CANS Recreation Area (see Figure 2).

Project Characteristics

The new tank will retain the 150,000 gallons storage capacity, in addition to conforming with the American Water Works Association requirements for potable water storage. The project complies with applicable California Building Codes and California Code of Regulations Title 8.

Tank features include a 3-foot x 3-foot aluminum roof hatch, with a recessed latch that can be padlocked, an exterior galvanized stairway, plus a galvanized safety railings around the top perimeter. The project also includes the installation of cathodic protection and interior forced air ventilation system.

Existing instrumentation and respective electronics will be reinstalled once the new tank is in place.

The project includes installation of a new foundation that meets current code for the anchoring of the new tank.

Permits

All work will be on EBMUD property, so no encroachment permits are necessary. Regulatory environmental permits are not required as there are no impacts to jurisdictional waters.

Schedule

Work is anticipated to start in February 2025. The project is expected to be completed within 10 months, dependent on the retained contractor's schedule. Work hours will be limited to weekdays with standard business hours of 7:00 a.m. to 3:00 p.m.

Attachment A
Camanche North Shore Water Treatment Plant Potable Water Tank Replacement Project

EBMUD Practices and Procedures

Standard construction environmental and safety practices applicable to all EBMUD construction projects have been incorporated into the project and will be implemented accordingly. A preconstruction survey will be conducted by a qualified EBMUD Biologist prior to start-up of work to ensure there are no impacts to sensitive species or habitat.

State of California - Department of Fish and Wildlife
2025 ENVIRONMENTAL DOCUMENT FILING FEE
CASH RECEIPT
DFW 753.5a (REV. 01/01/25) Previously DFG 753.5a

NOTICE

Each project applicant shall remit to the county clerk the environmental filing fee before or at the time of filing a Notice of Determination (Pub. Resources Code, § 21152; Fish & G. Code, § 711.4, subdivision (d); Cal. Code Regs., tit. 14, § 753.5). Without the appropriate fee, statutory or categorical exemption, or a valid No Effect Determination issued by the California Department of Fish and Wildlife (CDFW), the Notice of Determination is not operative, vested, or final, and shall not be accepted by the county clerk.

COUNTY DOCUMENTARY HANDLING FEE

The county clerk may charge a documentary handling fee of fifty dollars (\$50) per filing in addition to the environmental filing fee (Fish & G. Code, § 711.4, subd. (e); Cal. Code Regs., tit. 14, § 753.5, subd. (g)(1)). A county board of supervisors shall have the authority to increase or decrease the fee or charge, that is otherwise authorized to be levied by another provision of law, in the amount reasonably necessary to recover the cost of providing any product or service or the cost of enforcing any regulation for which the fee or charge is levied (Gov. Code, § 54985, subd. (a)).

COLLECTION PROCEDURES FOR COUNTY GOVERNMENTS

Filing Notice of Determination (NOD):

- ☐ Collect environmental filing fee or copy of previously issued cash receipt. *(Do not collect fee if project applicant presents a No Effect Determination signed by CDFW. An additional fee is required for each separate environmental document. An addendum is not considered a separate environmental document. Checks should be made payable to the county.)*
- ☐ Issue cash receipt to project applicant.
- ☐ Attach copy of cash receipt and, if applicable, previously issued cash receipt, to NOD.
- ☐ Mail filing fees for CRP document to CDFW prior to filing the NOD or equivalent final approval (Cal. Code Regs. Tit. 14, § 753.5 (b)(5)). The CRP should request receipt from CDFW to show proof of payment for filing the NOD or equivalent approval. Please mail payment to address below made attention to the Cash Receipts Unit of the Accounting Services Branch.

If the project applicant presents a **No Effect Determination** signed by CDFW, also:

- ☐ Attach No Effect Determination to NOD *(no environmental filing fee is due)*.

Filing Notice of Exemption (NOE) *(Statutorily or categorically exempt project (Cal. Code Regs., tit. 14, §§ 15260-15285, 15300-15333))*

- ☐ Issue cash receipt to project applicant.
- ☐ Attach copy of cash receipt to NOE *(no environmental filing fee is due)*.

Within 30 days after the end of each month in which the environmental filing fees are collected, each county shall summarize and record the amount collected on the monthly State of California Form No. CA25 (TC31) and remit the amount collected to the State Treasurer. Identify the remittance on Form No. CA25 as "Environmental Document Filing Fees" per Fish and Game Code section 711.4.

The county clerk shall mail the following documents to CDFW on a monthly basis:

- ✓ A photocopy of the monthly State of California Form No. CA25 (TC31)
- ✓ CDFW/ASB copies of all cash receipts (including all voided receipts)
- ✓ A copy of all CDFW No Effect Determinations filed in lieu of fee payment
- ✓ A copy of all NODs filed with the county during the preceding month
- ✓ A list of the name, address and telephone number of all project applicants for which an NOD has been filed. If this information is contained on the cash receipt filed with CDFW under California Code of Regulations, title 14, section 753.5, subdivision (e)(6), no additional information is required.

DOCUMENT RETENTION

The county shall retain two copies of the cash receipt (for lead agency and county clerk) and a copy of all documents described above for at least 12 months.

RECEIPT NUMBER

- # The first two digits automatically populate by making the appropriate selection in the County/State Agency of Filing drop down menu.
- # The next eight digits automatically populate when a date is entered.
- # The last three digits correspond with the sequential order of issuance for each calendar year. For example, the first receipt number issued on January 1 should end in 001. If a county issued 252 receipts for the year ending on December 31, the last receipt number should end in 252. CDFW recommends that counties and state agencies 1) save a local copy of this form, and 2) track receipt numbers on a spreadsheet tabbed by month to ensure accuracy.

DO NOT COMBINE THE ENVIRONMENTAL FEES WITH THE STATE SHARE OF FISH AND WILDLIFE FEES.
