DETERMINATION AND APPROVAL OF COMMERCIAL CANNABIS ANNUAL LICENSE(S)

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the Class 1 categorical exemption.

DCR Record No.:	LA-S-24-200044-ANN
Applicant Name:	Luvo, Inc
Activities Requested:	Cultivation Small Indoor (Type 2A) Distribution (Type 11)
Proposed Project:	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.
Business Premises Address/ Project Location:	14604 West Arminta Street, Panorama City, CA 91402
Council District: Closest Neighborhood Council: Business Improvement District: Community Plan Area: Zoning:	6 Panorama City - Mission Hills - Panorama City - North Hills M2-1
LAMC Section / "Phase":	LAMC 104.08 / Phase 2
Environmental Analysis/Clearance: ENV-200044-ANN	Notice of Exemption pursuant to the Class 1 categorical exemption (tit. 14, Cal. Code Regs., §§ 15301)

BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of November 17, 2020. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State Provisional License, [CCL19-0001358], to conduct Cultivation Small Indoor (Type 2A), active through May 20, 2025; and [C11-0001171-LIC], to conduct Distribution (Type 11), active through March 12, 2025.

The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 14606 West Arminta Street, Panorama City, CA 91402, a parcel zoned for Light Manufacturing purposes.

DEPARTMENT ANNUAL LICENSING DETERMINATIONS:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks Annual Licenses for Cannabis distribution and cultivation within a unit on an existing site zoned for light manufacturing, M2-1, at 14606 Arminta Street, Los Angeles, CA 91402 (Assessor's Parcel Number 2210-023-003). The Project-Specific Information Form (LIC-4013-FORM) (Exhibit A) submitted by the Applicant indicates Cannabis distribution and cultivation is an existing condition, and that existing structures would remain with no expansion proposed. Existing and proposed distribution activities include the packaging, labeling and wholesale distribution of cannabis products. Cultivation activities include preparing the soil and growing medium, planting seeds or clones, irrigating, fertilizing, and managing pests, harvesting plants, drying, curing and trimming plants. Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Existing and proposed operations would have a maximum eight employees on site from 6:00 a.m. to 5:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 et seq. and 105.00 et seq., as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

General Plan: Light Manufacturing; Zoning: Light Industrial Zone (M2-1).

Surrounding Land Use/Zoning Designations

General Plan: Light Manufacturing, Regional Commercial, Medium Residential, Public Facilities.
Zoning: Light Industrial Zone (M2-1) and (M2-1-CDO); Limited Industrial Zone (M1-1) and ([Q]M1-1-CDO), Commercial Zone (C2-1-CDO), Multiple Dwelling Zone (R3-1), and Public Facilities (PF-1XL).

Subject Property

The subject site is a fully developed lot within the Missions Hills – Panorama City – North Hills Community Plan Area. The lot is approximately 86,281 square feet and the project use within the lot is a 24,000 square-foot unit for cultivation and distribution located at 14606 Arminta Street. The project site is currently developed and operates as a licensed cannabis business for distribution and cultivation.

The site has a light manufacturing land-use designation and is zoned M2-1. The site is located within Council District 6, Panorama City Neighborhood Council.

Abutting Properties

Abutting properties are developed with single-story industrial buildings for light manufacturing uses and a railroad to the south of the project site.

CEQA Findings

Analysis of Exemption

The proposed project would qualify for a Class 1 Categorical Exemption since the project is seeking licensing for Cannabis distribution and cultivation. The project proposes minor modifications to the existing building such as interior improvements, installation of a refrigeration wall and ceiling panels to create individual rooms, and installation of security features such as lighting and cameras. These changes are considered negligible; therefore, the project would meet the criteria for a CEQA Class 1 Categorical Exemption as "operation repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use."

Analysis of Exceptions

a) Location. The CEQA Guidelines establish that the locational exception does not apply to a Class 1 Categorical Exemption and thus would not be applicable to the project.

b) Cumulative Impact. The project does not propose demolition or construction or substantive modifications to the existing facilities. As the project itself would have no impacts (as determined in this CEQA evaluation), it would not contribute a cumulatively considerable effect to a cumulative impact.

c) Significant Effect. The project is seeking approval for an Annual License from the Department of Cannabis Regulation and the project would be consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for commercial cannabis activity at the site. There are no known unusual circumstances on or around the project site that would warrant environmental analysis.

d) Scenic Highways. Based on Caltrans California State Highways Maps, there are no designated Scenic Highways in the project vicinity. In addition, the project area has no resources, and therefore would not damage mature, scenic trees, or scenic rock outcropping.

e) Hazardous Waste Sites. The project site is not located within a site which is included in any list compiled pursuant to Section 65962.5 of the Government Code, commonly referred to as the Cortese List, as shown below:

- The California Department of Toxic Substances Control EnviroStor Hazardous Waste and Substances Site List;
- The State Water Resources Control Board GeoTracker;
- Solid waste disposal sites identified by State Water Resources Control Board with waste constituents above hazardous waste levels outside the waste management unit;
- The State Water Resources Control Board list of Cease-and-Desist Orders and Cleanup and Abatement Orders; and
- Hazardous waste facilities subject to corrective action pursuant to Section 25187.5 of the Health and Safety Code, as identified by the California Department of Toxic Substances Control.

Therefore, the project site is not identified as a hazardous waste site and would not be in conflict within exception.

f) Historical Resources. The project site is currently developed with buildings and hardscaped features, and the project site is currently used for commercial cannabis activities. The project would not demolish or modify the exterior of the building. The City ZIMAS system identifies no historic designations or overlay for the site and indicates no historic preservation review is required (Exhibit B). Further, therefore, implementation of the project would not cause substantial adverse change the significance of a historical resource.

Based on the discussion above, the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical

exemption. As the proposed project would result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project would not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Conclusion Findings. Based on the analysis above, the proposed project is consistent with the criteria for a Class 1 Categorical Exemption (tit. 14, Cal. Code Regs., §§ 15301) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION ACTIONS:

The Department of Cannabis Regulation:

1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Cultivation Small Indoor (Type 2A) and Distribution (Type 11) Commercial Cannabis Activity at the Business Premises location; and,
3. Adopted the Project Analysis & Findings and Notice of Exemption.

Categorical Exemption Evaluation Form

Instructions: Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

Project Description: *Insert project description information or reference where this information is located.*

Luvo, Inc, DCR Record no.LA-S-23-200044-ANN is licensed for commercial cannabis cultivation and Distribution from the Department of Cannabis Regulation, to be located in an existing structure at 14606 W Arminta ST, Panorama City, CA 91402. The project consists of an existing commercial cannabis business that engaged in commercial cannabis activity prior to January 1, 2018. The site is entirely developed with buildings and hard-scape features. The project involved minor modifications to an existing building and site, consisting of interior tenant improvements, installation of refrigeration wall and ceiling panels to create individual rooms, installation of security features (lighting, cameras), ministerial changes required to meet local building, fire, and/or public health permit requirements and no demolition of buildings or other features have occurred. The facility consist of 8 cultivation rooms (2 not in operation), drying room, trimming room, work space, vault, nutrient room, 5 bathrooms, office space, a lobby, a common room (kitchen), security room, cannabis waste storage, administrative hold room, 2 locker rooms, cannabis packaging, batch sampling, product storage, storage rooms, and a loading dock. All cannabis activity is focused within this building.

Categorical Exemption Evaluation Form**Class 1: Existing Facilities**

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose? ☒ Yes ☐ No

Provide details of current or prior operation(s). Cite source(s) of information.

The 24k square-foot facility has been operating as a licensed cannabis cultivation since December of 2019 and a licensed Distribution since March of 2020. The businesses has been engaged in commercial cannabis activity prior to January 1, 2018.

2. Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6) ☐ Yes ☒ No

Provide expansion details, if applicable. Cite source(s) of information.

- b. Is the project site substantially surrounded by urban uses? ☐ Yes ☒ No

Describe the uses of the surrounding properties. Cite source(s) of information.

Manufacturing and industrial area, surrounded by similar buildings that consist of many different businesses. The facility backs up against MTA property.

3. Does the project site have value as habitat for endangered, rare, or threatened species? ☐ Yes ☒ No

Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

N/A

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality?

☐ Yes ☒ No

Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.

N/A

5. Can the project site be adequately served by all required utilities and public services?

☒ Yes ☐ No

Describe which utilities and public services serve the project site. Cite source(s) of information.

Water and Power, via LADWP
Trash Services via Republic Services

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

N/A

Exceptions to Exemptions**1. Scenic Highways**

- a. Is the project visible from an official State Scenic Highway? ☐ Yes ☒ No

*List State Scenic Highway(s) from which the project is visible (if applicable).
Cite source(s) of information.*

N/A

- b. If yes, would the project result in damage to scenic resources? ☐ Yes ☐ No

*Describe scenic resources and potential damage (if applicable). Cite
source(s) of information.*

N/A

- 2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)?** ☐ Yes ☒ No

Describe the type of hazardous site (if applicable). Cite source(s) of information.

N/A

- 3. Would the project result in a substantial adverse change in the significance of a historical resource?** ☐ Yes ☒ No

*List the historic resource(s) potentially affected and describe the potential effects
(if applicable). Cite source(s) of information.*

N/A

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?**

☐ Yes ☒ No

Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.

N/A

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?**

☐ Yes ☒ No

Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.

N/A

6. **Would the project impact an environmental resource of hazardous or critical concern?**

☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

N/A

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?**

☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

N/A

CEQA Exemption PetitionClass: 1 Category: Existing Facility

Explanation of how the project fits the CEQA exemption indicated above:

Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. The facility has had tenant improvements to engage in commercial cannabis cultivation and distribution, but has not expanded its footprint, nor has it lead to increased environmental damage. The improvements made are specific to sustainability and waste reduction.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

<http://zimas.lacity.org/>. www.google.com. Luvo, Inc Cultivation Plan,

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

Manufacturing and industrial area, surrounded by similar buildings that consist of many different businesses. The facility backs up against MTA property.

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

Light Manufacturing, M2-1, in all directions. Some commercial and residential zoning to the north approximately 1/4 mile away.

- (c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

The previous use of this building was a distribution warehouse or various products and at one time it was used as an amazon storage facility.

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

No, however, all activities have been reduced to operation within this single facility and has not expanded outside the footprint of the facility.

- (e) Maps to be Included: *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) Activities Occurring Onsite: *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).*

Cannabis Cultivation (Cultivation, drying, processing) and Cannabis Distribution (Packaging, Distribution, Delivery)

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

Two of the owners own retail and cultivations in other districts and two of the owners own retail in another district.

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

Lot size: 86,281.0 sq.ft

Building Size: 24,000 sq. ft

Canopy size: 9,276

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

Luvo, Inc is currently licensed by the Department of Cannabis Control for Cultivation and Distribution activities.

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

Open 6 am to Close 5 pm
Morning 6 am to 3 pm
Afternoon 9 am to 5 pm

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

8 employees max during operational hours
5 during the day and 3 in the afternoon

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

26 trips per day between employees coming to and from work.
8 lunch trips possibly.
5 to 10 deliveries per week
5 to 8 deliveries per day from mail and other delivery services

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

Los Angeles Department of Water and Power
SWRCB WDID#419CC422462

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

Los Angeles Municipal Wastewater Collection

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

Manufacturing and Industrial. Behind us are railroad tracks surrounded by dirt.

- (b) General Topographic Features (slopes and other features):

flat, asphalt and concrete

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

Weeds and Native grasses located near the back of the facility on MTA property.

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

None

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

None

- (f) Identify whether the property has any historic designations or archeological remains onsite:

None

- (g) Identify whether the property contains habitat for special status species:

None

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

No hazardous materials are generated on site. All liquids are less than 5 gallons. All nutrients are contained.

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

The project will not increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117. All cannabis waste is disposed of by a 3rd party.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

The facility is anticipated to use 4746.72 kw/ day. The facility is utilizing LEDs for 3 out of the 5 flowering rooms, but will transfer to LEDs completely once an initial power upgrade is complete. 2 out of the overall 8 rooms are not functional.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

The project will not expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries.

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

We will continue to use LEDs and purchase better lighting as they become available. We will recycle, compost, reuse water if possible, and utilize energy efficient technology. The facility is built out using refrigeration panels to easily control the climate and maintain a fixed temperature throughout.

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

Luvo, Inc has already received CEQA Notice of Exemption from the DCR.

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☒ California Department of Fish and Wildlife
- ☒ State Water Resources Control Board / Regional Water Quality Control Board
- ☒ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☒ Water quality protection program
- ☒ Los Angeles Department of Water and Power
- ☒ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
