Project Title: DCR CORE RECORD NO. 401448

Project Applicant: Ministry of Biblicallife Healing Inc

Project Location - Specific:

9911 N Sepulveda Blvd, Los Angeles, CA 91345 / Stranwood Ave & Encanto Way

Project Location - City: Los Angeles Project Location - County: Los Angeles

Description of Nature, Purpose and Beneficiaries of Project:

Non-Storefront Retail sales of commercial cannabis products under State and local law.

Name of Public Agency Approving Project: City of Los Angeles, Department of Cannabis Regulation

Name of Person or Agency Carrying Out Project: Ministry of Biblicallife Healing Inc

Exempt Status: (check one):

- □ Ministerial (Sec. 21080(b)(1); 15268);
- □ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- □ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: <u>CEQA Sections 15301 & 15332/Class 1 & 32</u>
- □ Statutory Exemptions. State code number:

Reasons why project is exempt:

Environmentally benign infill project consistent with the General Plan, Zoning requirements and consistent with the criteria for a Class 1 & Class 32 Categorical Exemption pursuant to CEQA Guidelines Section 15301 & 15332 and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

DETERMINATION AND APPROVAL OF COMMERCIAL CANNABIS ANNUAL LICENSE(S)

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the categorical exemptions under Class 1 and Class 32.

DCR Record No.:	LA-S-24-401448-ANN
Applicant Name:	Ministry of Biblicallife Healing Inc
Activity(ies) Requested:	Non-Storefront Retail (Type 9)
Proposed Project:	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.
Business Premises Address/	9911 N Sepulveda Blvd
Project Location:	Los Angeles, CA 91345
Council District:	7
Closest Neighborhood Council:	Mission Hills
Business Improvement District:	-
Community Plan Area:	Mission Hills - Panorama City - North Hills
Zoning:	[Q]C2-1VL
LAMC Section / "Phase":	LAMC 104.06.1 / Phase 3 Delivery
Environmental Analysis/Clearance:	Notice of Exemption pursuant to the Class 1 and Class 32
ENV-401448-ANN	categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Applicant was issued Temporary Approval by DCR on November 15, 2021. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State Provisional License, C9-0000548-LIC, to conduct Non-Storefront Retail (Type 9), active through April 20, 2025.

The Applicant is subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 9911 North Sepulveda Boulevard, Los Angeles, CA 91345, a parcel zoned for General Commercial purposes.

DEPARTMENT ANNUAL LICENSING DETERMINATIONS:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- (Social Equity only): The Applicant has met the requirements under LAMC Section 104.20.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- (Social Equity Only) Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant is seeking a Commercial Non-storefront Cannabis Retailer License to be located on an existing 1,141 square foot site zoned for general commercial, [Q]C2-1VL at 9911 Sepulveda Boulevard, Mission Hills, CA 91345 (Assessor's Parcel Number 2660-009-034). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power.

The number of deliveries will vary daily with an estimated average of fourteen deliveries per day. The facility will operate from 8:00 a.m. to 10:00 p.m., employing a total of eight staff members, with four staff members working the morning shift from 8:00 a.m. to 3:00 p.m. and four staff members working the afternoon shift from 3:00 p.m. to 10:00p.m. Aerial images confirm that the parking area is sufficient to accommodate employees and delivery activities.

Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 et seq. and 105.00 et seq., as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

General Commercial / [Q]C2-1VL/[T][Q]C2-1

Surrounding Land Use/Zoning Designations

General Commercial / [Q]C2-1VL/P-1VL Medium Residential / QRD2-1/(Q)R3-1 Low Medium II Residential / QRD2-1 Multiple Family Residential / (Q)RD1.5-1 Low Medium I Residential / RD6-1 Low Residential / RS-1

Subject Property

The subject site is a fully developed commercial building lot with 8 units within the Mission Hills – Panorama City – North Hills Community Plan. The lot is approximately 25,495 square feet with the project site/lease area being 90 feet deep and has a width of 21 feet along Sepulveda Boulevard. The lot currently serves a Bakery, Massage Parlor, Pawn Shop and Beauty Salon. The site is currently developed as a vacant one-story building built in 1951 proposed to be maintained.

The site has a general commercial land-use designation and is zoned [Q]C2-1VL/[T][Q]C2-1. The site is located within Council District 7, the lot is flat and contains a pre-existing unit to be used by the Applicant.

Abutting Properties

Abutting uses include restaurant/retail buildings and medium residential/low medium II residential uses within 20 feet of the site. The immediate area along Lassen Street and Sepulveda Boulevard is predominantly developed with residential and commercial uses, zoned RD2 and RS.

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, would apply to the proposed cannabis dispensary. Class 1 applies to projects that are integrated into existing facilities or structures. The proposed dispensary would be located within an existing retail building with no expansion of the physical structure. Class 32 consists of projects on sites with existing development characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

The Class 32 conditions are met as follows.

a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities. The site is comprised of one lot totaling approximately 25,495 gross square feet, zoned [Q]C2-1VL/[T][Q]C2-1. The site is a one-story vacant unit originally constructed in 1951. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is located in the Mission Hills neighborhood within the City of Los Angeles on an approximately 25,495 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned general commercial, medium residential, low medium II residential, multiple family residential, low medium I residential and low residential along Lassen Street and Sepulveda Boulevard.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality. The number of deliveries will vary daily, with an estimated average of fourteen deliveries per day. This operation is not expected to impact traffic or air quality, as the property was previously utilized as a retail store.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions.

None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION ACTIONS:

The Department of Cannabis Regulation:

- Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
- Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Non-Storefront Retail (Type 9) Commercial Cannabis Activity at the Business Premises location; and,
- 3. Adopted the Project Analysis & Findings and Notice of Exemption.

Categorical Exemption Evaluation Form

Instructions: Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

Project Description: Insert project description information or reference where this information is located.

I have leased this existing facility as is and have not done any construction or alteration to its structure. I have only changed the locks to commercial door locks and painted the walls. I have added security measures and regulation compliant cameras. There will not be any construction done to this project space. This will be a Delivery only facility (non-storefront). We will hopefully have it up and running in the near future, as of now, the project site has not and is not operating yet.

Categorical Exemption Evaluation Form

Class 1: Existing Facilities

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose?

Provide details of current or prior operation(s). Cite source(s) of information.

this project site will be operating as a cannabis activity site for delivery purposes only. We have not opened the business yet nor was it operated as such in the past.

 Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6)

🗆 Yes 🗵 No

🗆 Yes 🗵 No

Provide expansion details, if applicable. Cite source(s) of information.

 Project Expansion: Size of expansion in square feet:

Cite source(s) of information.

a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to <u>Question 6</u>.) □ Yes □ No

Cite source(s) of information.

b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to <u>Question 4</u>.)
 □ Yes □ No

Cite source(s) of information.

c. Would the expansion be greater than 10,000 square feet?

🗆 Yes 🗆 No

Cite source(s) of information.

Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)?

Describe which public services serve the project site. Cite source(s) of information.

- Is there evidence that the project site is located in an environmentally sensitive area?
 Yes
 No

Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) □ Yes ⊠ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures?

Describe size of structure to be demolished and location.

Categorical Exemption Evaluation Form

Class 2: Replacement or Reconstruction

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed?

🗆 Yes 🗖 No

Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.

 Would the new structure have substantially the same purpose and capacity as the existing structure?

🗆 Yes 🗆 No

Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) □ Yes □ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures?

Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.

2. Does the project involve the construction of new small structures?

Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.

Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.

3. Is the project within an urbanized area? (If no, skip to <u>Question 9</u>.)

Cite source(s) of information.

13

□ Yes □ No

FOR SITES IN URBANIZED AREAS

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less?

DCR Record No.

Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.

5. Is the parcel zoned for the proposed use?

Cite source(s) of information.

6. Does the project involve the use of significant amounts of hazardous substances?

Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.

7. Are all necessary public services and facilities available to the project?

List all services and facilities provided. Cite source(s) of information.

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to Question 11.)

Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.

Page 8 of 24

Project-Specific Information Form

DCR Record No.

FOR SITES NOT IN URBANIZED AREAS

Does the project involve the construction of a single structure totaling 2,500 square feet or less?
 □ Yes □ No

Provide information regarding size of new structure, if applicable. Cite source(s) of information.

10. Does the project involve the use of significant amounts of hazardous substances?

Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.

FOR ALL SITES

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)□ Yes □ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 4: Minor Alterations to Land

- Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?
 Yes □ No
- Does the project involve alterations to land, water, or vegetation that would be considered minor?
 ☐ Yes □ No

Provide details, if needed. Cite source(s) of information.

3. Would the alterations consist of grading on lands of 10 percent slope or steeper? □ Yes □ No *Provide details, if needed. Cite source(s) of information.*

4. Would the alterations consist of grading in an area determined to be a wetland? \Box Yes \Box No

Cite source(s) of information.

Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency?
 Yes □ No

Provide name of scenic area (if applicable). Cite source(s) of information.

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist?

 \Box Yes \Box No

Provide the name of the zone (if applicable). Cite source(s) of information.

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) □ Yes □ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 11: Accessory Structures

1. Does the project include the construction or placement of accessory structures?

Describe new and/or replacement accessory structures. Cite source(s) of information.

2. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) □ Yes □ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 32: Infill Development Projects

 Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site?
 □ Yes □ No

Cite source(s) of information.

- 2. Project Size and Location
 - a. Is the project site 5 acres in size or less?

🗆 Yes 🗆 No

Indicate the size of the project site, in acres. Cite source(s) of information.

b. Is the project site substantially surrounded by urban uses?

🗆 Yes 🗖 No

Describe the uses of the surrounding properties. Cite source(s) of information.

3. Does the project site have value as habitat for endangered, rare, or threatened species?

□ Yes □ No

Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

LIC-4013-FORM (09.15.2023)

Would the project have significant impacts related to traffic, noise, air quality, or water quality?
 □ Yes □ No

Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.

5. Can the project site be adequately served by all required utilities and public services? □ Yes □ No

Describe which utilities and public services serve the project site. Cite source(s) of information.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) □ Yes □ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Exceptions to Exemptions

1. Scenic Highways

a. Is the project visible from an official State Scenic Highway?

List State Scenic Highway(s) from which the project is visible (if applicable). Cite source(s) of information.

b. If yes, would the project result in damage to scenic resources?

Describe scenic resources and potential damage (if applicable). Cite source(s) of information.

2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)? □ Yes □ No

Describe the type of hazardous site (if applicable). Cite source(s) of information.

Would the project result in a substantial adverse change in the significance
 of a historical resource?

List the historic resource(s) potentially affected and describe the potential effects (if applicable). Cite source(s) of information.

 \Box Yes \Box No

4. Is there evidence of the potential for the project to contribute to a significant cumulative impact?

□ Yes □ No

Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.

5. Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?

🗆 Yes 🗆 No

Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.

6. Would the project impact an environmental resource of hazardous or critical concern?

Provide details, if needed. Cite source(s) of information.

7. Does the project involve the removal of healthy, mature, scenic trees
 (except for forestry and agricultural purposes)?

Provide details, if needed. Cite source(s) of information.

CEQA Exemption Petition

Class: 1 Category: Existing Facilities

Explanation of how the project fits the CEQA exemption indicated above:

I have leased this existing facility as is and have not done any construction or alteration to its structure. I have only changed the locks to commercial door locks and painted the walls. I have added security measures and regulation compliant cameras. There will not be any construction done to this project space. This will be a Delivery only facility (non-storefront). We will hopefully have it up and running in the near future, as of now, the project site has not and is not operating yet.

1. Source(s) of Information: Identify Sources: Indicate the document(s) or other sources of information reviewed to complete this form.

Mapping services from "LEON MAPPING GIS SERVICES". We have also used google and the L A city website "zimas.lacity.org , LAFD.org , lapdonline.org".

2. Project Location and Surrounding Land Use.

(a) Describe Project Location: Provide detailed information about the project location and any other physical description that clearly indicates the project site location.

Project located at 9911 N Sepulveda Blvd, Los Angeles CA 91345 occupies one out of eight units in a one story commercial building located in a level, rectangular-shaped parcel of land, consisting of approximately 0.58 acres, having approximately 125 feet of fro ntage on the west side of Sepulveda Boulevard, approximately 200 feet of frontage on the north sid e of Lassen St.

(b) Existing Land Uses/Zoning: Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.

the property is zoned [Q]C2-1V with a 50' portion remaining as RA-1 currently used as parking. General Plan Land Use is General Commercial. Assessor Parcel No. 2660009034. Legal Description: MR 31-3-6*S 150 FT OF E 250 FT (EX OF ST) OF LOT 57 IN SEC 17 T 2N R 15W

(c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

unknown commercial use.

(d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

no, just retail stores.

- (e) Maps to be Included: Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).
- 3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.
 - (a) Activities Occurring Onsite: Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).

This is a commercial cannabis Delivery store location. No other activities will be occuring at the proposed premises.

(b) Cannabis Operation Activities Owned by the Same or Different Businesses: Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.

none

(c) Project Size: Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.

The project size is 1,141 square feet. The lot size in which our project is located at is 25,495 square feet.

(d) State License: Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.

yes

(e) Hours of Operation/Work Shifts: Identify the hours of operation/work shifts for the project.

Hours of operations are estimated to be from 8:00am until 10:00pm. with one shift change at 3:00pm.

(f) Number of employees (total and by shift): Estimate the number of anticipated employees onsite and occupancy during operating hours.

The estimated number of emplyees on site during operation hours is 4, with one shift change at 3:00pm. total number of employees will be 8 throughout the day.

(g) Estimated Daily Trip Generation: Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.

deliveries will commense during legal store hours, the number of deliveries are undetermined and will vary each day. Transportation and delivery will be made by car. Depending on the distance and traffic, we can estimate at least one delivery every hour so that brings us to a total of 14.

(h) Source(s) of Water: Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.

Our water source is Los Angeles Water and Power. The amount of water used will be for basic needs such as washing hands. We no not need a new or amended water right.

() Wastewater Treatment Facilities: Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).

Mission Hills Community Service District. 1550 Burton Mesa Blvd. Lompoc, CA, 93436.

4. Environmental Setting:

(a) Describe natural characteristics on the project site:

There are no Natural Characteristics on this project site.

(b) General Topographic Features (slopes and other features):

none

(c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

none

LIC-4013-FORM (09.15.2023)

(d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

There is 1 watercourse.

(e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

none

(f) Identify whether the property has any historic designations or archeological remains onsite:

none

(g) Identify whether the property contains habitat for special status species:

none

(h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

This project site does not have hazardous materials that will be stored, used, or disposed of.

Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

This project will not increase the quantity and type of solid waste or hazardous waste.

LIC-4013-FORM (09.15.2023)

Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

The source of energy is Los Angeles Water and Power and the antisipated amount of energy will be for powering up our computers, POS system, overhead lights, and other basic needs. We do not require an increase in energy.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

they will not.

6. Environmental Commitments: List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.

We are committed to using lighting and electronics that are energy efficient.

7. Other Relevant CEQA Information: Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant.

Project-Specific Information Form

DCR Record No.

- 8. Permits Required: List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:
 - I California Department of Cannabis Control
 - I Los Angeles Fire Department
 - □ Los Angeles Department of Building and Safety
 - □ California Department of Fish and Wildlife
 - □ State Water Resources Control Board / Regional Water Quality Control Board
 - □ County of Los Angeles Public Health Permit
 - □ Local Air District
 - □ Streambed Alteration Agreement
 - □ Water quality protection program
 - □ Los Angeles Department of Water and Power
 - □ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, <i>§</i> 15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
