(Address)

Project Title: DCR CORE RECORD NO. 200321

Project Applicant: Hayvenhealth, LLC

Project Location - Specific:

6901-6907 & 6911 N Hayvenhurst Avenue, Van Nuys, CA 91406 / Vanowen St & De C

Project Location - City: Van Nuys

Project Location - County: Los Angeles

Description of Nature, Purpose and Beneficiaries of Project:

Cultivation, Distribution, and Manufacturing of commercial cannabis products under State and local law.

Name of Public Agency Approving Project: City of Los Angeles, Department of Cannabis Regulation

Name of Person or Agency Carrying Out Project: Hayvenhealth, LLC

Exempt Status: **(check one):**

- ☐ Ministerial (Sec. 21080(b)(1); 15268);
- ☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- ☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- ☒ Categorical Exemption. State type and section number: CEQA Sections 15301 & 15332/Class 1 & 32
- ☐ Statutory Exemptions. State code number: _____

Reasons why project is exempt:

Environmentally benign infill project consistent with the General Plan, Zoning requirements and consistent with the criteria for a Class 1 & Class 32 Categorical Exemption pursuant to CEQA Guidelines Section 15301 & 15332 and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

DETERMINATION AND APPROVAL OF COMMERCIAL CANNABIS ANNUAL LICENSE(S)

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the categorical exemptions under Class 1 and Class 32.

DCR Record No.:	LA-C-24-200321-ANN
Applicant Name:	Hayvenhealth, LLC
Activity(ies) Requested:	Distributor (Type 11) Manufacturer (Type 6) Cultivation, Indoor Small (Type 2A)
Proposed Project:	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.
Business Premises Address/ Project Location:	6901-6907 & 6911 N Hayvenhurst Avenue Van Nuys, CA 91406
Council District: Closest Neighborhood Council: Business Improvement District: Community Plan Area: Zoning:	6 Lake Balboa — Reseda - West Van Nuys M1-1
LAMC Section / "Phase":	LAMC 104.08 / Phase 2
Environmental Analysis/Clearance: ENV-200321-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of March 24, 2021. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State Provisional License, C11-0001423-LIC, to conduct Distributor (Type 11), active through November 22, 2025; CDPH-10004625, to conduct Manufacturer (Type 6), active through April 23, 2025; CCL19-0002387 to conduct Cultivation, Indoor Small (Type 2A), active through November 20, 2025.

The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 6901 North Hayvenhurst Avenue, Units 100, 120, 140, and 200; 6907 Hayvenhurst, Units 100 and 200; and 6911 Hayvenhurst, Unit 120, Van Nuys, CA 91406, a parcel zoned for Limited Manufacturing purposes.

DEPARTMENT ANNUAL LICENSING DETERMINATIONS:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- **(Social Equity only):** The Applicant has met the requirements under LAMC Section 104.20.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- **(Social Equity Only)** Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant is seeking renewal a Commercial Cannabis Cultivation, Distribution and Manufacturing License for an existing cannabis business located on an existing 40,000 square foot site zoned for manufacturing, M1-1 at 6907, 6901, and 6911 North Hayvenhurst Avenue, Van Nuys CA 91406 (Assessor's Parcel Number 2225002002). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project sites, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations will primary be the cultivation, distribution and manufacturing of cannabis products.

The commercial cannabis activities occurring at the premises include adult-use and medicinal cultivation, distribution, and manufacturing as described below:

- Cultivation: a 25,000 square foot of cultivation area include the planting, growing, harvesting, drying, trimming, and processing of cannabis.
- Distribution: a 2,500 square foot distribution area that includes arranging for testing, packaging, storing, and transporting cannabis and cannabis products.
- Manufacturing: a 500 square foot manufacturing area that includes packaging of cannabis products.

The existing facility operates seven days a week, from 6:00 a.m. to 8:00 p.m., employing a total of ten staff members, with up to four staff members working the morning shift from 7:00 a.m. to 3:00 p.m. and up to four staff members working the afternoon shift from 12:00 p.m. to 8:00p.m. The facility anticipates a total occupancy of 10-15 individuals during business hours, including vendors and security personnel. The on-sites employee distribution per cannabis activity is as follows: nine employees for cultivation, one employee for distribution, and one employee for manufacturing. The applicant expects to manage approximately four shipments per week, encompassing both inbound and outbound deliveries to and from the facility. These shipments will be scheduled from Monday to Friday, between 8:00 a.m. and 6:00 p.m. Aerial images confirm that the parking area is sufficient to accommodate employees and distribution activities.

Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 et seq. and 105.00 et seq., as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

Limited Manufacturing / M1-1

Surrounding Land Use/Zoning Designations

Limited Manufacturing / M1-1

Light Manufacturing / [Q] M1-1

Neighborhood Office Commercial / [Q]C2-1VL/ C2-1VL

Medium Residential / R3-1

Low Medium II Residential / R1-1/(Q)RD2-1/(T)(Q)RD2-1

Subject Property

The subject sites are a fully developed lot within the Reseda – West Van Nuys Community Plan Area. The lot is approximately 40,000 square feet with the project sites/lease area being 290 feet deep and has a width of 170 feet along Hayvenhurst Avenue. The properties of 6901 and 6911 are currently developed as a two-story building built in 1969, which is proposed to be maintained with no plans for expansion. The site has a limited manufacturing land-use designation and is zoned M1-1. The sites are located within Council District 6, Lake Balboa Council, the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties

Abutting uses include commercial and residential uses within 70 feet of the sites. The immediate area along Hayvenhurst Avenue is predominantly developed with limited manufacturing, medium residential and neighborhood office commercial uses, zoned M1-1, R3-1, and [Q]C2-1VL/ C2-1VL (See Exhibit A)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, would apply to the proposed cannabis dispensary. Class 1 applies to projects that are integrated into existing facilities or structures. The proposed dispensary would be located within an existing retail building with no expansion of the physical structure. Class 32 consists of projects on sites with existing development characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project sites of no more than five acres substantially surrounded by urban uses; (c) The project sites has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The sites can be adequately served by all required utilities and public services.

The Class 32 conditions are met as follows:

a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities. The sites are comprised of one lot totaling approximately 40,000 gross square feet, zoned M1-1. The sites are within a two-story building originally constructed in 1969. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject sites are wholly within the City of Van Nuys, on an approximately 40,000 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned limited manufacturing, light manufacturing, neighborhood office commercial, medium residential, and low medium II residential with a mix of commercial and residential buildings along Hayvenhurst Avenue.

c) The project sites have no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project sites have no value as

habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-sites and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality. No expansion of the current uses are proposed, and no additional traffic noise, air quality, or water quality impacts will occur at the project site. The applicant, already licensed by the Department of Cannabis Control, will develop and implement an Odor Management Plan (OMP) to address potential odors. The OMP will encompass odor mitigation practices, procedures for logging and addressing odor complaints, maintenance of records related to odor management, and the installation and upkeep of odor-control equipment.

e) The sites can be adequately served by all required utilities and public services. The project sites will be adequately served by all required public utilities and services, given that the sites is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the sites, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the sites or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the sites is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION ACTIONS:

The Department of Cannabis Regulation:

1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Distributor (Type 11), Manufacturer (Type 6), and Cultivation, Indoor Small (Type 2A) Commercial Cannabis Activity at the Business Premises location; and
3. Adopted the Project Analysis & Findings and Notice of Exemption.

Categorical Exemption Evaluation Form

Instructions: Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

Project Description: *Insert project description information or reference where this information is located.*

Manufacturing, distribution and cultivation facility in Van Nuys

Categorical Exemption Evaluation Form

Class 1: Existing Facilities

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose?

☒ Yes ☐ No

Provide details of current or prior operation(s). Cite source(s) of information.

The commercial cannabis activities occurring at the premises include adult-use and medicinal cultivation, distribution, and manufacturing.

Cultivation: cultivation activities include the planting, growing, harvesting, drying, trimming, and processing of cannabis.

Distribution: distribution activities include arranging for testing, packaging, storing, and transporting cannabis and cannabis products.

Manufacturing: manufacturing activities include packaging of cannabis products.

Zimas.lacity.org was used for to provide details of the property; communication with the licensee about future improvements; and Title 14, Division 6, Chapter 3 of the California Code of Regulations for applicable CEQA exemptions.

2. Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to

Question 6)

☐ Yes ☒ No

Provide expansion details, if applicable. Cite source(s) of information.

3. Project Expansion: _____
Size of expansion in square feet: _____

Cite source(s) of information.

- a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to Question 6.) ☐ Yes ☐ No

Cite source(s) of information.

- b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to Question 4.) ☐ Yes ☐ No

Cite source(s) of information.

- c. Would the expansion be greater than 10,000 square feet? ☐ Yes ☐ No

Cite source(s) of information.

4. Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)? ☐ Yes ☐ No

Describe which public services serve the project site. Cite source(s) of information.

5. Is there evidence that the project site is located in an environmentally sensitive area?

☐ Yes ☐ No

Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☒ Yes ☐ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Has a WDID permit with the State Waterboard - will not result in physical changes to the environment

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures?)

☐ Yes ☒ No

Describe size of structure to be demolished and location.

Categorical Exemption Evaluation Form

Class 2: Replacement or Reconstruction

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed? ☐ Yes ☒ No

Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.

2. Would the new structure have substantially the same purpose and capacity as the existing structure? ☐ Yes ☒ No

Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 3: New Construction or Conversion of Small Structures

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures? ☐ Yes ☒ No

Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.

2. Does the project involve the construction of new small structures? ☐ Yes ☒ No

Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.

Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.

3. Is the project within an urbanized area? (If no, skip to Question 9.) ☐ Yes ☒ No

Cite source(s) of information.

FOR SITES IN URBANIZED AREAS

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less?

☐ Yes ☐ No

Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.

5. Is the parcel zoned for the proposed use?

☐ Yes ☐ No

Cite source(s) of information.

6. Does the project involve the use of significant amounts of hazardous substances?

☐ Yes ☐ No

Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.

7. Are all necessary public services and facilities available to the project?

☐ Yes ☐ No

List all services and facilities provided. Cite source(s) of information.

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to Question 11.)

☐ Yes ☐ No

Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.

FOR SITES NOT IN URBANIZED AREAS

9. Does the project involve the construction of a single structure totaling 2,500 square feet or less?

☐ Yes ☒ No

Provide information regarding size of new structure, if applicable. Cite source(s) of information.

10. Does the project involve the use of significant amounts of hazardous substances?

☐ Yes ☒ No

Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.

FOR ALL SITES

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 4: Minor Alterations to Land

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

2. Does the project involve alterations to land, water, or vegetation that would be considered minor? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

3. Would the alterations consist of grading on lands of 10 percent slope or steeper? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

4. Would the alterations consist of grading in an area determined to be a wetland? ☐ Yes ☒ No

Cite source(s) of information.

5. Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency? ☐ Yes ☒ No

Provide name of scenic area (if applicable). Cite source(s) of information.

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist? ☐ Yes ☒ No

Provide the name of the zone (if applicable). Cite source(s) of information.

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 11: Accessory Structures

1. Does the project include the construction or placement of accessory structures? ☐ Yes ☒ No

Describe new and/or replacement accessory structures. Cite source(s) of information.

2. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 32: Infill Development Projects

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site? ☒ Yes ☐ No

Cite source(s) of information.

Zimas.lacity.org was used for to provide details of the property; communication with the licensee about future improvements; and Title 14, Division 6, Chapter 3 of the California Code of Regulations for applicable CEQA exemptions.

2. Project Size and Location

- a. Is the project site 5 acres in size or less? ☒ Yes ☐ No

Indicate the size of the project site, in acres. Cite source(s) of information.

The lot size is 40,000 sq. ft.
The total project size is 30,000 sq. ft., out of which 2,000 sq. ft. is dedicated to the distribution license, 25,000 sq. ft. to the cultivation license, and 500 sq. ft. to the manufacturing license.

- b. Is the project site substantially surrounded by urban uses? ☒ Yes ☐ No

Describe the uses of the surrounding properties. Cite source(s) of information.

Commercial - C2; Limited Manufacturing - M1, MR1, M2; Residential - R1, RD2, RA, R3; Public Facilities-P1
The immediately abutting land uses are light manufacturing (M1) and residential (R1, RD2).

3. Does the project site have value as habitat for endangered, rare, or threatened species? ☐ Yes ☒ No

Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality?

☐ Yes ☒ No

Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.

5. Can the project site be adequately served by all required utilities and public services?

☒ Yes ☐ No

Describe which utilities and public services serve the project site. Cite source(s) of information.

LADWP

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Exceptions to Exemptions**1. Scenic Highways**

- a. Is the project visible from an official State Scenic Highway? ☐ Yes ☒ No

*List State Scenic Highway(s) from which the project is visible (if applicable).
Cite source(s) of information.*

- b. If yes, would the project result in damage to scenic resources? ☐ Yes ☒ No

Describe scenic resources and potential damage (if applicable). Cite source(s) of information.

2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)?

☐ Yes ☒ No

Describe the type of hazardous site (if applicable). Cite source(s) of information.

3. Would the project result in a substantial adverse change in the significance of a historical resource?

☐ Yes ☒ No

List the historic resource(s) potentially affected and describe the potential effects (if applicable). Cite source(s) of information.

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?**

☐ Yes ☐ No

Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?**

☐ Yes ☐ No

Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.

6. **Would the project impact an environmental resource of hazardous or critical concern?**

☐ Yes ☐ No

Provide details, if needed. Cite source(s) of information.

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?**

☐ Yes ☐ No

Provide details, if needed. Cite source(s) of information.

CEQA Exemption PetitionClass: 1 Category: EXISTING FACILITIES

Explanation of how the project fits the CEQA exemption indicated above:

Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

Zimas.lacity.org was used for to provide details of the property; communication with the licensee about future improvements; and Title 14, Division 6, Chapter 3 of the California Code of Regulations for applicable CEQA exemptions.

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

Project is located at 6907 N. Hayvenhurst Ave., Van Nuys, CA 91406, between Hayvenhurst Ave. and De Celis Pl. in a large commercial building. The Project is located approximately one block from the Van Nuys Airport. The surrounding uses are largely residential and industrial.

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

Commercial - C2; Limited Manufacturing - M1, MR1, M2; Residential - R1, RD2, RA, R3; Public Facilities-P1
The immediately abutting land uses are light manufacturing (M1) and residential (R1, RD2).

- (c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

N/A

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

NO

- (e) Maps to be Included: *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) Activities Occurring Onsite: *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).*

CANNABIS MANUFACTURING, CULTIVATION AND DISTRIBUTION

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

N/A

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

5,000.5 (sq ft) lot
~4500 (sq ft) building

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

YES LICENSED BY DCC

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

Operations are 24 hours a day, 7 days a week. Workers are generally on-site from 6am - 8pm
There are 2 Shifts per day:
Shift #1 = 7am - 3pm
Shift #2 = 12pm - 8pm

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

There will be a total of 10 employees on-site during business hours, with 3-4 employees per shift. The estimated total occupancy at any time during business hours will be between 10-15 (which includes vendors and security staff).
The number of employees on-site per-cannabis activity are as follows:
Cultivation = 9
Distribution = 1
Manufacturing = 1

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

Applicant anticipates approximately 4 shipments per week, which includes shipments originating from and/or arriving to the project site.
Shipments originating from and/or arriving to the project site will be scheduled Monday - Friday, 8am - 6pm

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

The water source for the project site is the Los Angeles Department of Water and Power. No new or amended water right needs to be obtained from the State Water Resources Control Board.

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

Los Angeles Department of Sanitation. The facility does not utilize any other wastewater treatment system. No special wastewater treatment is required.

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

Industrial area and flat land.

- (b) General Topographic Features (slopes and other features):

Largely flat land.

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

There are hardly any natural characteristics at the project.

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

N/A There are no watercourses nor riparian habitats within 150-feet of the premises.

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

n/a There are no natural features of scenic value or rare or unique characteristics around the property.

- (f) Identify whether the property has any historic designations or archeological remains onsite:

N/A There are no cultural or historical designations at the project. This project will not involve any major construction or excavation.

- (g) Identify whether the property contains habitat for special status species:

n/a

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

n/a There are no hazardous materials stored, used, or disposed of at the project site.

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

n/a This project will not increase the quantity and type of solid waste or hazardous waste that is generated or stored on-site. No hazardous waste will be generated or stored on site and the only solid waste generated will be cannabis waste resulting from processing of cannabis, or destruction or return of cannabis goods. All cannabis waste shall be disposed of in accordance with all applicable waste management laws.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

The energy for the project is supplied by Los Angeles Department of Water and Power. The anticipated amount of energy per month is approx. 2,156 kWh per 33 day period for the project. ($2,156/33 = 65.3\text{kWh/day}$)
Applicant does not expect an increase in energy demand or need for additional energy resources

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

N/A

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

Applicant will develop and implement an Odor Management Plan ("OMP") to mitigate any potential odors. The OMP shall include odor mitigation practices, procedure for logging and addressing odor complaints, maintenance of records relating to odor management, and odor-equipment installation and maintenance.
Applicant will likewise make an effort to recycle water at the project site.

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

N/A

8. **Permits Required:** *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☒ California Department of Fish and Wildlife
- ☒ State Water Resources Control Board / Regional Water Quality Control Board
- ☒ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☒ Los Angeles Department of Water and Power
- ☒ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
