Present Land Use/Zoning/General Plan Designation:

General Plan: Open Space; Zoning: Open Space (OS-1XL-H-RIO)

Project Description: *(please use a separate page if necessary)*

The proposed Project would upgrade an existing maintenance road into a new section of the Los Angeles River Bikeway. The Project would construct an asphalt concrete pavement Class I bicycle and pedestrian path along the south bank access road of the Los Angeles River, and a partially separated equestrian trail. The Project would extend the Los Angeles River Bikeway by approximately one mile from its current western terminus near Riverside Drive and would provide new equestrian trail facilities near the Los Angeles Equestrian Center. The proposed Project would connect to the active transportation network throughout the region and provide new pedestrian, bicycle, and equestrian access and connectivity to transit, residential homes, schools, jobs, parks, and other community-serving amenities for the surrounding communities. The proposed Project would add to the region's livability by expanding active transportation options and providing new access to public transit, homes, schools, work, parks, and other community-serving amenities.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
