DETERMINATION AND APPROVAL OF COMMERCIAL CANNABIS ANNUAL LICENSE(S)

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the categorical exemptions under Class 1 and Class 32.

DCR Record No.:	LA-C-24-200124-ANN
Applicant Name:	Growth Spike Holdings LLC
Activity(ies) Requested:	Distribution (Type 11) Manufacturing (Type 6) Cultivation Medium Indoor (Type 3A)
Proposed Project:	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.
Business Premises Address/ Project Location:	3656 East Noakes Street Los Angeles, Ca 90023
Council District: Closest Neighborhood Council: Business Improvement District: Community Plan Area: Zoning:	14 Boyle Heights — Boyle Heights M3-1
LAMC Section / "Phase":	LAMC 104.08 / Phase 2
Environmental Analysis/Clearance: ENV-200124-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of May 17, 2021. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State Provisional License, C11-0001741-LIC, to conduct Distribution (Type 11), active through July 5, 2025; CDPH-10004768, to conduct Manufacturing (Type 6), active through June 3, 2025; CCL22-0001376 to conduct Cultivation Medium Indoor (Type 3A), active through September 29, 2025.

The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 3656 E Noakes Street, Los Angeles, CA 90023, a parcel zoned for Heavy Manufacturing purposes.

DEPARTMENT ANNUAL LICENSING DETERMINATIONS:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- **(Social Equity only):** The Applicant has met the requirements under LAMC Section 104.20.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- **(Social Equity Only)** Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Distribution (Type 11); Manufacturing (Type 6), Cultivation Medium Indoor (Type 3A), Temporary Approval to an Annual License to be located on an existing site zoned for Heavy Manufacturing, M3-1 at 3656 E Noakes Street, Los Angeles, CA 90023 (Assessor's Parcel Number 5192-017-003). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 9:00 a.m. to 6:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit B). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

Heavy Manufacturing / M3-1

Surrounding Land Use/Zoning Designations

Heavy Manufacturing / M3-1

Subject Property

The subject site is a fully developed lot within the Boyle Heights Community Plan Area. The lot is approximately 240 feet deep and a width of 422 feet along Noakes Street. The site is currently developed with a Heavy Manufacturing building, built in 1962 proposed to be maintained.

The site has a Heavy Manufacturing land-use designation and is zoned M3-1. The site is located within Council District 14, Boyle Heights Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties

Abutting uses include manufacturing and industrial uses within 200 feet of the site. The immediate area along Noakes Street is predominantly developed with Heavy Manufacturing uses, zoned M3-1. (See Exhibit A)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

- a) The site is comprised of one lot totaling approximately 69,657 gross square feet, zoned M3-1 with a Heavy Manufacturing building originally constructed in 1962. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.
- b) The subject site is wholly within the City of Los Angeles, on an approximately 69,657 gross square foot property (i.e., less than five acres), and is substantially surrounded by Heavy Manufacturing uses. The surrounding area is Heavy Manufacturing zoned M3-1 and Heavy Manufacturing, zoned M3-1; and developed with a mix of manufacturing and industrial buildings along Noakes Street between Washington Boulevard and Calzona Street.
- c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.
- d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.
- e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION ACTIONS:

The Department of Cannabis Regulation:

1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Distribution (Type 11), Manufacturing (Type 6), Cultivation Medium Indoor (Type 3A) Commercial Cannabis Activity at the Business Premises location; and,
3. Adopted the Project Analysis & Findings and Notice of Exemption.

Categorical Exemption Evaluation Form

Instructions: Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

Project Description: *Insert project description information or reference where this information is located.*

Growth Spike Holdings LLC ("Applicant") has been in compliant operation since 2019. The Applicant's premise is an existing facility. Furthermore, the Applicant has made no changes the exiting footprint of the building.

Categorical Exemption Evaluation Form

Class 1: Existing Facilities

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose? ☐ Yes ☐ No

Provide details of current or prior operation(s). Cite source(s) of information.

The Applicant has been in compliant operation since 2019. The Applicant's premise is an existing facility. Furthermore, the Applicant has made no changes the exiting footprint of the building. Type 3 In Door Cultivation, Nursery, Type 11 Distribution, Type 6 Nonvolatile Manufacturing.

2. Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6) ☐ Yes ☒ No

Provide expansion details, if applicable. Cite source(s) of information.

3. Project Expansion: _____
Size of expansion in square feet: _____

Cite source(s) of information.

- a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to Question 6.) ☐ Yes ☐ No

Cite source(s) of information.

- b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to Question 4.) ☐ Yes ☐ No

Cite source(s) of information.

- c. Would the expansion be greater than 10,000 square feet? ☐ Yes ☐ No

Cite source(s) of information.

4. Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)? ☐ Yes ☐ No

Describe which public services serve the project site. Cite source(s) of information.

5. Is there evidence that the project site is located in an environmentally sensitive area?

☐ Yes ☐ No

Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☐ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

The only water source is LADWP. On November 21, 2018 the Applicant received a Notice of Applicability ("NOA") from the regional waterboard (WDID#4_19CC406164). This does not result in any changes to the physical environment.

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures?)

☐ Yes ☒ No

Describe size of structure to be demolished and location.

Categorical Exemption Evaluation Form

Class 2: Replacement or Reconstruction

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed? ☐ Yes ☒ No

Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.

2. Would the new structure have substantially the same purpose and capacity as the existing structure? ☐ Yes ☒ No

Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 3: New Construction or Conversion of Small Structures

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures?

☐ Yes ☒ No

Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.

2. Does the project involve the construction of new small structures?

☐ Yes ☒ No

Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.

Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.

3. Is the project within an urbanized area? (If no, skip to Question 9.)

☒ Yes ☐ No

Cite source(s) of information.

FOR SITES IN URBANIZED AREAS

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less? ☐ Yes ☒ No

Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.

N/A no new structures.

5. Is the parcel zoned for the proposed use? ☒ Yes ☐ No

Cite source(s) of information.

6. Does the project involve the use of significant amounts of hazardous substances? ☒ Yes ☐ No

Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.

Flammable liquids such as isopropyl alcohol and alcohol ethanol are used for cleaning. When purchased in fifty-five-gallon drums containers they are physically stored in approved and listed flammable liquid lockers with self-closing doors. Each room with Co2 enrichments has Co2 detectors with both an audible and visual

7. Are all necessary public services and facilities available to the project? ☒ Yes ☐ No

List all services and facilities provided. Cite source(s) of information.

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to Question 11.) ☐ Yes ☒ No

Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.

FOR SITES NOT IN URBANIZED AREAS

9. Does the project involve the construction of a single structure totaling 2,500 square feet or less?

☐ Yes ☒ No

Provide information regarding size of new structure, if applicable. Cite source(s) of information.

TM

10. Does the project involve the use of significant amounts of hazardous substances?

☐ Yes ☒ No

Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.

FOR ALL SITES

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

The only water source is LADWP. On November 21, 2018 the Applicant received a Notice of Applicability ("NOA") from the regional waterboard (WDID#4_19CC406164). This does not result in any changes to the physical environment.

Categorical Exemption Evaluation Form

Class 4: Minor Alterations to Land

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

2. Does the project involve alterations to land, water, or vegetation that would be considered minor? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

3. Would the alterations consist of grading on lands of 10 percent slope or steeper? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

4. Would the alterations consist of grading in an area determined to be a wetland? ☐ Yes ☒ No

Cite source(s) of information.

5. Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency? ☐ Yes ☒ No

Provide name of scenic area (if applicable). Cite source(s) of information.

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist? ☐ Yes ☒ No

Provide the name of the zone (if applicable). Cite source(s) of information.

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

The only water source is LADWP. On November 21, 2018 the Applicant received a Notice of Applicability ("NOA") from the regional waterboard (WDID#4_19CC406164). This does not result in any changes to the physical environment.

Categorical Exemption Evaluation Form

Class 11: Accessory Structures

1. Does the project include the construction or placement of accessory structures? ☐ Yes ☒ No

Describe new and/or replacement accessory structures. Cite source(s) of information.

2. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

The only water source is LADWP. On November 21, 2018 the Applicant received a Notice of Applicability ("NOA") from the regional waterboard (WDID#4_19CC406164). This does not result in any changes to the physical environment.

Categorical Exemption Evaluation Form**Class 32: Infill Development Projects**

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site? ☒ Yes ☐ No

Cite source(s) of information.

2. Project Size and Location

- a. Is the project site 5 acres in size or less? ☒ Yes ☐ No

Indicate the size of the project site, in acres. Cite source(s) of information.

The existing building is approximately 60,000 square feet on 69,656 square foot lot.

- b. Is the project site substantially surrounded by urban uses? ☒ Yes ☐ No

Describe the uses of the surrounding properties. Cite source(s) of information.

Project is located in Heavy Manufacturing (General Plan Land Use) and is zoned M3-1-CUGU. The abutting land uses are Heavy Manufacturing.

3. Does the project site have value as habitat for endangered, rare, or threatened species? ☐ Yes ☒ No

Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality? ☐ Yes ☒ No

Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.

5. Can the project site be adequately served by all required utilities and public services? ☒ Yes ☐ No

Describe which utilities and public services serve the project site. Cite source(s) of information.

The facility has water and power from LADWP and regular trash collection.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☐ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

The only water source is LADWP. On November 21, 2018 the Applicant received a Notice of Applicability ("NOA") from the regional waterboard (WDID#4_19CC406164). This does not result in any changes to the physical environment.

Exceptions to Exemptions**1. Scenic Highways**

- a. Is the project visible from an official State Scenic Highway? ☐ Yes ☒ No

*List State Scenic Highway(s) from which the project is visible (if applicable).
Cite source(s) of information.*

- b. If yes, would the project result in damage to scenic resources? ☐ Yes ☒ No

Describe scenic resources and potential damage (if applicable). Cite source(s) of information.

2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)?

☐ Yes ☒ No

Describe the type of hazardous site (if applicable). Cite source(s) of information.

3. Would the project result in a substantial adverse change in the significance of a historical resource?

☐ Yes ☒ No

List the historic resource(s) potentially affected and describe the potential effects (if applicable). Cite source(s) of information.

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?**

☐ Yes ☒ No

Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?**

☐ Yes ☒ No

Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.

6. **Would the project impact an environmental resource of hazardous or critical concern?**

☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?**

☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

CEQA Exemption PetitionClass: 1 Category: Existing Facilities

Explanation of how the project fits the CEQA exemption indicated above:

This project consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing private structures, facilities, mechanical equipment, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

ZIMAS, DCR's website, LADBS

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

Project is located in Heavy Manufacturing (General Plan Land Use) and is zoned M3-1-CUGU. The abutting land uses are Heavy Manufacturing. The facility is located on Noakes Street between Calzona Street and Mirasol Street.

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

Project is located in Heavy Manufacturing (General Plan Land Use) and is zoned M3-1-CUGU. The abutting land uses are Heavy Manufacturing.

- (c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

The previous used was general manufacturing. The Applicant has been in compliant operation since 2019.

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

The previous used was similar. The Applicant has made no changes the exiting footprint of the building.

- (e) Maps to be Included: *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) Activities Occurring Onsite: *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).*

Type 3 In Door Cultivation, Nursery, Type 11 Distribution, Type 6 Nonvolatile Manufacturing.

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

N/A there is one business entity at this location.

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

The existing building is approximately 60,000 square feet on 69,656 square foot lot.

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

The Applicant is licensed for all cannabis activities on site. The Applicant holds the following licenses: CCL22-0001466, CCL22-0001376, C11-0001741-LIC, CDPH-10004768

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

9am-6pm Mon-Fri., with limited hours on weekends to water plants.

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

The approximate number of employees on site during operating hours is approximately 12-15 employees. Occupancy of the premises during all hours will be compliant with applicable building and fire codes. Occupancy of the premises during all hours will be compliant with applicable building and fire codes.

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

Distribution trips/deliveries typically occur Monday through Friday 10am-5pm. Based on current operations expects to maintain approximately 2-3 distribution deliveries or shipments originating to and from the project site per week.

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

The only water source is LADWP. On November 21, 2018 the Applicant received a Notice of Applicability ("NOA") from the regional waterboard (WDID#4_19CC406164).

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

City wastewater collection.

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

The premise is located in a fully enclosed building in an industrial area that is zoned heavy manufacturing.

- (b) General Topographic Features (slopes and other features):

The premise is located in a fully enclosed building in an industrial area that is zoned light manufacturing. There are no slopes or other features.

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

The premise is located in a fully enclosed building in an industrial area that is zoned light manufacturing. The parking lot is fully paved. There is no vegetation, soil or natural habitat.

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

The premise is located in a fully enclosed building in an industrial area that is zoned light manufacturing. There are no watercourses and riparian habitats within 150-feet of the premises.

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

There are no natural features of scenic value of rare or unique characteristics.

- (f) Identify whether the property has any historic designations or archeological remains onsite:

There are no historic designations or archeological remains on-site.

- (g) Identify whether the property contains habitat for special status species:

The premise is located in a fully enclosed building in an industrial area that is zoned light manufacturing. The parking lot is fully paved. The site does not contain habitat for any special status species.

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

Flammable liquids such as isopropyl alcohol and alcohol ethanol are used for cleaning. When purchased in fifty-five-gallon drums containers they are physically stored in approved and listed flammable liquid lockers with self-closing doors. Each room with Co2 enrichment has Co2 detectors with both an audible

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

The Applicant does not anticipate that continued operations will increase the quantity of solid waste that is generated or stored on site. Further, The Applicant does not anticipate that any hazardous waste will be created on site.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

The property is served by a municipal water system through the municipal water district(LADWP). Please see power bill attached.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

The project does not will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries.

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

The state of California requires mandatory commercial recycling in accordance with Assembly Bill 341 (Chapter 476, Statutes of 2011 and SB 1018). In general seventy-five percent (75%) of waste is recyclable.

Employees are also instructed to use the following procedures to reduce waste:

- Communication through computer networks with e-Mail

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

Please see exemption drafted by a CEQA consultant attached.

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☐ Los Angeles Fire Department
- ☐ Los Angeles Department of Building and Safety
- ☒ California Department of Fish and Wildlife
- ☒ State Water Resources Control Board / Regional Water Quality Control Board
- ☐ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☒ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☐ Los Angeles Department of Water and Power
- ☐ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.

NOTICE OF EXEMPTION

To: Office of Planning and Research

County Clerk
County of Los Angeles
12400 Imperial Hwy
Norwalk, CA 90650

From: City of Los Angeles
Los Angeles City Hall
200 N. Spring Street, Suite 525
Los Angeles, CA 90012

PROJECT TITLE: Growth Spike Holdings Cannabis Project

PROJECT LOCATION -- Specific: 3656 E. Noakes St., Los Angeles, CA 90023

PROJECT LOCATION – City: Los Angeles

PROJECT LOCATION – County: Los Angeles

DESCRIPTION OF NATURE, PURPOSE, AND BENEFICIARIES OF PROJECT: The project involves the renovation of the interior (tenant improvements) of an existing 60,000 square foot industrial building on a 69,656 square foot lot in the City's Heavy Manufacturing zone within the Boyle Heights Community Plan area, for the purpose of cannabis cultivation (medium, Type 11 distribution, Type 6 non-volatile manufacturing). The footprint of the existing structure on the site has not changed as a result of this project.

The facility has 10-12 employees on site from 9 am - 6 pm during the week and at limited times on the weekend for watering. Distribution trips/deliveries typically occur Monday through Friday 10am-5pm. Based on current operations expects to maintain approximately 2-3 distribution deliveries or shipments originating to and from the project site per week. Transportation activity will be limited to deliveries of inventory from licensed distributors.

Project beneficiaries include the City of Los Angeles, County of Los Angeles, and the State of California as the project will result in increased tax revenues from both the business itself and income tax from its employees. Project implementation has also resulted in employment for 20 people in the Los Angeles area, as well as provision of safe, regulated, and taxed cannabis and cannabis products for wholesale distribution and retail sales via the regulated cannabis market.

NAME OF PUBLIC AGENCY APPROVING PROJECT: City of Los Angeles

NAME OF PERSON OR AGENCY CARRYING OUT PROJECT: City of Los Angeles

EXEMPT STATUS:

- ☐ Ministerial (Pub. Res. Code Sec. 21080(b)(1); Guidelines Sec. 15268).
☐ Declared Emergency (Pub. Res. Code Sec. 21080(b)(3); Guidelines Sec. 15269(a))
☒ Categorical Exemption: Class 1 (Existing Facilities) Guidelines Sec. 15301. County of Los Angeles

REASONS WHY PROJECT IS EXEMPT: See attachment, which is incorporated herein.

IF FILED BY APPLICANT: Not Applicable

1. Attach certified document of exemption finding.
2. Has a notice of exemption been filed by the public agency approving the project? ☐ Yes ☐ No

Signature: _____ Date: _____ Title: _____

☒ Signed by Lead Agency ☐ Signed by Applicant Date Received for Filing at OPR: _____

Growth Spike Holdings Cannabis Project

Summary of Reasons Why Project is Exempt Attachment

The Project is categorically exempt pursuant to State CEQA Guidelines Sections 15301 (Existing Facilities) because the Project consists of the renovation of an existing industrial building in an industrial zone for continued industrial purposes, and because the building's footprint will not be modified or expanded in any way. There is no expansion of the site's existing or former use. In addition, based on the record of the Project, it will comply with all applicable regulations, and is not in a sensitive environment and there are no cumulative impacts, unusual circumstances, damage to scenic highways, listing on hazardous waste site lists compiled pursuant to Government Code Section 65962.5, or indication that it may cause a substantial adverse change in the significance of a historical resource that would make the exemptions inapplicable.
