RECOMMENDATION REPORT FOR RETAIL WITH ON-SITE SALES COMMERCIAL CANNABIS LICENSE

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR recommends that the Cannabis Regulation Commission approve the issuance of an Annual License. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the Class 1 and Class 32 categorical exemptions.

DCR Core Record No.:	320098
Applicant Name:	SLCG Inc.
DCR Record No. / Activities Requested:	LA-R-24-320098-ANN / Retail w/ on-site sales (Type 10)
Proposed Project:	The Applicant seeks an Annual License for the Type 10 Retail Storefront with on-site sales commercial cannabis activity pursuant to LAMC section 104.06 et. al.
Business Premises Address/ Project Location:	2210 S. Pacific Ave. San Pedro, CA 90731
Council District: Closest Neighborhood Council (NC): Business Improvement District: Community Plan Area: Zoning:	15 Coastal San Pedro - San Pedro C2-1XL-CPIO
LAMC Section / "Phase":	LAMC 104.06.1 / Phase 3 Retail Round 2
Evidence of Offer to Meet with NC:	Yes
Complaint Portal Entry: Recent Compliance Inspection:	No No
Social Equity Applicant / Ownership %:	Yes / 51 %
Environmental Analysis/Clearance: ENV-320098-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Business Premises is located at 2210 S Pacific Ave., San Pedro, CA 90731, a parcel zoned for Neighborhood Commercial purposes. The Applicant does not have Temporary Approval with DCR. The Applicant does not currently possess a State provisional License. The Applicant is subject to the requirements of LAMC Section 104.20 for the Social Equity Program.

Social Equity Applications are evaluated for compliance with the Equity Share requirements under LAMC 104.20. To comply with the Equity Share requirements, Social Equity Individual Applicants (SEIAs) must possess unrestricted ownership of their share of the Social Equity Applicant (business), a proportional right to vote and to the profits, and include certain language mandated by LAMC 104.20 in their agreements, among other requirements. As part of the application process, DCR reviewed the corporate and ownership documentation provided for this Applicant and determined that the Applicant met the minimum Equity Share requirements at that time.

DEPARTMENT ANNUAL LICENSING RECOMMENDATION:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- The Applicant has met the requirements under LAMC Section 104.20.

COMMUNITY INPUT:

On or about November 26, 2024, DCR provided notice of the community meeting and Cannabis Regulation Commission meeting by mail to the owners and occupants of all property within 700 feet of the property line of the Business Premises. Notice was also provided to the nearest Neighborhood Council, Business Improvement District, and Council Office.

The virtual community meeting was held on December 19, 2024. During the meeting, members of the public were afforded two minutes each to speak about the Application. DCR also accepted online written input through the date of the community meeting. In general, the oral and written comments provided by the public were for the business and stated the owners are working to open the storefront and are committed to having a strong security presence and community engagement. The comment against the application is seeking a type 10 license within 600 ft and is upset that SLCG will potentially have their location approved.

Number of Comments In Favor of the Application	1
Number of Comments Against the Application	1
Total Number of Comments	2

The Applicant provided timely proof to DCR that it contacted the nearest Neighborhood Council and offered to appear before the Neighborhood Council in accordance with LAMC Section 104.06(b)(1)(ii).

COMPLIANCE REVIEW:

DCR has not recently performed a compliance inspection for this Applicant. However, this business shall be subject to multiple, future inspections by DCR and several other agencies prior to the receipt of an Operating Permit. An Operating Permit is the final authorization from DCR to conduct Commercial Cannabis Activity, and is issued only after a licensee has passed a Final Inspection by DCR, and obtained all permits, clearances, or other authorizations required by law, which may include a Certificate of Occupancy from the Los Angeles Department of Building and Safety, clearance from the Los Angeles Fire Department and/or permit from the Los Angeles County Department of Public Health.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation of a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- Revocation of Temporary Approval;
- Failing a Business Premises inspection by DCR, another City agency, or the Los Angeles County Department of Public Health; or
- Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq.*;
- An Owner is an individual who holds office in, is employed by any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity; and,
- An Owner is an entity incorporated outside of the United States.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04. Thus, DCR recommends the Commission approve the issuance of this Annual License.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Retail Storefront (Type 10) Temporary Approval to an Annual License to be located on an existing site zoned for Neighborhood Commercial , C2-1XL-CPIO at 2210 S Pacific Ave., San Pedro, CA 90731 (Assessor's Parcel Number 7465-003-002). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 8:00 a.m. to 10:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

Neighborhood Commercial /C2-1XL-CPIO

Surrounding Land Use/Zoning Designations

Neighborhood Commercial / C2-1XL-CPIO

Low Medium II Residential / RD1.5-1XL-CPIO

Subject Property

The subject site is a fully developed lot within the San Pedro Community Plan Area. The lot is approximately 122 feet deep and a width of 40 feet along Pacific Ave.. The site is currently developed with a Commercial - Store Combination - Store and Residential Combination - One Story building, built in 1921 proposed to be maintained.

The site has a Neighborhood Commercial land-use designation and is zoned C2-1XL-CPIO. The site is located within Council District CD 15, Coastal San Pedro Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties

Abutting uses include Commercial and Residential uses within 200 feet of the site. The immediate area along Pacific Ave. is predominantly developed with Neighborhood Commercial uses, zoned C2-1XL-CPIO, and Low Medium II Residential, zoned RD1.5-1XL-CPIO. (See Exhibit A)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 4,900 gross square feet, zoned C2-1XL-CPIO with a Commercial - Store Combination - Store and Residential Combination - One Story building originally constructed in 1921. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 4,900 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned Neighborhood Commercial , and Low Medium II Residential; developed with a mix of Commercial and Residential buildings, along Pacific Ave. between 22nd Street and 23rd Street.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are

triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION RECOMMENDED ACTIONS:

That the Cannabis Regulation Commission:

1. Determine, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approve the Annual License for Type 10 Storefront Retail Commercial Cannabis Activity at the Business Premises location; and,
3. Adopt DCR's Project Analysis & Findings as the Commission's report on the subject.

Categorical Exemption Evaluation Form

Instructions: Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

Project Description: *Insert project description information or reference where this information is located.*

The project at 2210 S. Pacific Avenue, San Pedro, CA 90731, APN 7465-003-002, within the CD 15. The project utilizes one existing building totaling 772 sq. ft. on a 4,920 sq. ft. lot with parking. SLCG will be licensed as a retail dispensary with delivery by the DCR and state DCC. (See attached diagrams.) No expansion of use or the facility is proposed.

The premises are located in an urban zone, surrounded by concrete and other similar existing businesses and facilities. The surrounding zoning is C2 and RD1.5. No grading or vegetation removal is required as there is no surrounding vegetation or soil used for the project. The project is not located near any stream bed, lake, river, nor has temporary or permanent impacts to channels or riparian habitat. There is no surrounding vegetation or soil. The project will not increase the quantity or type of solid waste that is generated or stored onsite or an increase in energy demand or additional energy resources. The Project does not have any significant environmental, traffic, noise, air quality, or water quality effects as it is located in an entirely urban, developed commercial area.

There will be one to two employees, with no increase in seasonal employees. The hours of operation will be 8:00 am to 10:00 pm, Monday through Sunday. Shifts will begin at 8:00 am through 5:00 pm and 5:00 pm to 10:00 pm.

Public utilities provide all required services, including fire protection by the Los Angeles ("LA") Fire Department ("LAFD"), water and power from the LA Department of Water and Power ("DWP") and trash removal and wastewater treatment by the LA Sanitation Departmental.

Categorical Exemption Evaluation Form**Class 32: Infill Development Projects**

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site? ☒ Yes ☐ No

Cite source(s) of information.

The subject parcel has a General Plan land use designation of "Neighborhood Commercial" and is zoned C2, which allows commercial and urban development and cannabis activities at the premises. (Zimas, LAMC 105.02(a)(1).)

2. Project Size and Location
- a. Is the project site 5 acres in size or less? ☒ Yes ☐ No

Indicate the size of the project site, in acres. Cite source(s) of information.

The project size is .11 acres. (Zimas, LA County Assessor.)

- b. Is the project site substantially surrounded by urban uses? ☒ Yes ☐ No

Describe the uses of the surrounding properties. Cite source(s) of information.

Yes, the project site is surrounded on all sides by urban uses, namely commercial development and residential rentals. The neighboring businesses include a liquor store with an apartment building on top and a vacant building. The surrounding zoning is C2 and RD1.5. (Zimas and Google Maps.)

3. Does the project site have value as habitat for endangered, rare, or threatened species? ☐ Yes ☒ No

Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

CEQA Exemption PetitionClass: 1 & 32 Category: Existing building & in-fill development

Explanation of how the project fits the CEQA exemption indicated above:

Exemption #1: This project will not generate a significant adverse environmental impact because it will operate from an existing building and there will be no or negligible expansion of an existing use. SLCG will operate within city parameters complying with all local and state rules and regulations. Additionally, it is located in a commercial zone, surrounded by other similar existing businesses and facilities. The project is not located near any stream bed, lake, river, nor has temporary or permanent impacts to channels or riparian habitat.

Exemption #32: This project is consistent with local general plan and zoning requirements. It will not result in any significant traffic, noise, air quality, or water quality effects. The project site has no value as habitat for endangered, rare or threatened species. It is located in a highly urbanized area used for industrial

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

LA Zimas, Google Maps, LA County Assessor, LAMC, Business and Professions Code section 26000 et. seq and 4 CCR 15000 et. seq., Public Resources Code section 21000 et. seq., pw.lacounty.gov/general/servicelocator/ and <https://historicplacesla.lacity.org/>

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

The project is located at 2210 S. Pacific Avenue, San Pedro, CA 90731, APN 7465-003-002, legal description NEVILLS TRACT LOT 2 BLK 23. The cross streets are Pacific Avenue and 22nd Street, and it is zoned C2, proper for dispensaries. The project is surrounded by commercial development, concrete and parking areas.

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

The surrounding zoning within a one-half mile radius is C2 and RD1.5. The project uses the existing on the parcel, consisting of 772 sq. ft. The neighboring businesses include a liquor store with an apartment on top and a vacant building.

- (c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

Previously, the site was used as a thrift store, a hydroponic store and a beauty salon. SLCG is currently renting the property for a retail dispensary and does not know when the prior use ceased.

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

SLCG rents the property for a retail dispensary. There is negligible or no expansion of an existing use.

- (e) Maps to be Included: Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).

3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) Activities Occurring Onsite: Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).

Retail dispensary activities with delivery are included in the project application. No other activities will occur at the premises. Security will be located at the front of the premises during operations and will confirm that only adults 21 and over or medicinal patients 18 and over enter the premises. All product will be received from a third party distributor after it passes regulatory testing by a licensed testing lab.

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

N/A.

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

The lot size is 4,920 sq. ft. and the building is 772 sq. ft.

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

SLCG is applying for a state retail dispensary license from the DCC which will include delivery operations.

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

The hours of operation will be from 8:00 am to 5:00 pm Monday through Sunday.
Shifts will begin at 8:00 am through 5:00 pm and 5:00 pm to 10:00 pm.

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

One to two employees are estimated to be onsite during operating hours.
During operating hours, occupancy is estimated to be three to four people at any given time.

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

The business estimates one delivery per week during operations. Such deliveries/shipment will occur between the hours of 7:00 am to 6:00 pm, Monday through Friday, 10:00 am to 4:00 pm on Saturdays. Retail delivery operations

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

LADWP: No new or amended water rights are required.

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

Public utility: Los Angeles wastewater collection facilities

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

SLCG is located in the San Pedro community plan area, which is completely surrounded by other commercial businesses, urban development, concrete and alleys.

- (b) General Topographic Features (slopes and other features):

The land is relatively flat and entirely surrounded by urban development. It is not located in a high fire severity zone, wind velocity area or special grading area.

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

There is no surrounding vegetation or soil and SLCG is located in a developed, commercial and highly urban area.

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

The premises are not within 150 feet or near any stream bed, lake, river, nor will the project have temporary or permanent impacts to channels or riparian habitat.

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

No

- (f) Identify whether the property has any historic designations or archeological remains onsite:

No

- (g) Identify whether the property contains habitat for special status species:

No

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

One to two gallons of bleach will be onsite for cleaning in the cleaning supply area so that no HMBP is required.

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

This project will not increase the quantity or type of solid waste that is generated or stored onsite.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

LADWP will supply energy for the project. The project will not require an increase in energy demand or additional energy resources. There will be approximately _____ kwh used across the facility per month.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

No expansion will occur.

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

SLCG will institute a recycling program for recyclable plastic and paper waste and perform regular maintenance to ensure all systems are in good working order to reduce energy and water waste. All regular lighting will utilize LED bulbs. The project will not cause any increase in noise in the surrounding area consisting entirely of an urban, commercially developed area.

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

N/A

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☐ California Department of Fish and Wildlife
- ☐ State Water Resources Control Board / Regional Water Quality Control Board
- ☒ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☐ Los Angeles Department of Water and Power
- ☐ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
