## RECOMMENDATION REPORT FOR RETAIL WITH ON-SITE SALES COMMERCIAL CANNABIS LICENSE

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR recommends that the Cannabis Regulation Commission approve the issuance of an Annual License. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the Class 1 and Class 32 categorical exemptions.

**BACKGROUND:**

The Business Premises is located at 3401 S. San Pedro Street, Los Angeles, CA 90011, a parcel zoned for Limited Industrial purposes. The Applicant was issued Temporary Approval by DCR with an effective date of November 28, 2023 under the new Entity Name of Mainstay Goods, Inc. Since that time, the Applicant has completed all requirements for the issuance of an Annual License in accordance with LAMC Section 104.06. The Applicant currently possesses a State provisional License, C10-0001127-LIC, to conduct Retail with on-site sales Commercial Cannabis Activity, which is active through June 28, 2025. The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program.

**DEPARTMENT ANNUAL LICENSING RECOMMENDATION:**

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.

**COMMUNITY INPUT:**

On or about September 4, 2024, DCR provided notice of the community meeting and Cannabis Regulation Commission meeting by mail to the owners and occupants of all property within 700 feet of the property line of the Business Premises. Notice was also provided to the nearest Neighborhood Council, Business Improvement District, and Council Office.

The virtual community meeting was held on September 26, 2024. During the meeting, members of the public were afforded two minutes each to speak about the Application. DCR also accepted online written input through the date of the community meeting. In general, the oral comment provided by a representative of the business was positive. The representative stated that the business has worked hard to maintain a clean environment for the community. Additionally, the business has taken the necessary measures to ensure compliance with the rules & regulations that govern the cannabis industry.

Number of Comments Against the Application	0
<b>Total Number of Comments</b>	<b>1</b>

The Applicant provided timely proof to DCR that it contacted the nearest Neighborhood Council and offered to appear before the Neighborhood Council in accordance with LAMC Section 104.06(b)(1)(ii).

**COMPLAINT PORTAL REVIEW:**

In December 2023, the Department of Cannabis Regulation (DCR) received a complaint from the planning assistant for Council District 9, alleging the business was operating without the proper license. DCR issued Temporary Approval on November 28, 2023.

**COMPLIANCE REVIEW:**

As part of its progressive enforcement strategy, DCR performs compliance checks and/or inspections of Applicants and Licensees for operational compliance under the Rules and Regulations for Cannabis Procedures (“Regulations”). There are at least 85 potential violations in the Regulations. For most of these violations, DCR’s compliance program aims to provide Licensees with the opportunity to cure before facing significant penalties, denial, suspension, or revocation. DCR’s discovery of violations of the Regulations may result in a Notice to Correct (“NTC”), Notice of Violation (“NOV”) with administrative penalties, Notice of Suspension (“NOS”), Notice of Revocation (“NOR”), or Notice of Administrative Hold, depending on the severity of the findings. (LAMC § 104.13.)

In most circumstances, when a violation is discovered, DCR’s first step is to issue a NTC. If, after the issuance of a NTC, an applicant does not correct violations, DCR may issue a NOV with significant administrative penalties. (LAMC § 104.013(c)(2).) Failure to comply with a NOV may result in a second escalating NOV, denial of a License renewal, imposition of more restrictive License conditions or suspension or revocation of a license.

(LAMC §§ 104.13(d)(5), 104.13(e)(2).) DCR may also immediately suspend a business without a hearing if there is an imminent threat to life or public safety, the Applicant operates without all necessary permits or clearances from another agency, or the Applicant does not have an active State license for that Commercial Cannabis Activity.

For this Applicant, DCR performed a compliance check of the Business Premises on or about October 2, 2024. During the compliance check, DCR discovered a number of minor to moderate violations and two major violations, including:

1. **Regulation 5(A)(2)(i) - Display of License.** The DCR License and the Neighborhood Liaison contact information are not prominently displayed on the Business Premises to be viewed by the public, state, and local agencies. (VT Minor) - *CORRECTED*
2. **Regulation 5(A)(2)(ii) - Identification of Employees.** The employee identification badges do not include the DCR core record number and employee number. (VT Minor) - *CORRECTED*
3. **Regulation No.5(A)(2)(viii) - Code of Conduct.** The employee code of conduct and patron code of conduct sign was not visibly displayed in the public area of the Business Premises. (VT Minor) - *CORRECTED*
4. **Regulation 5(A)(4)(i)(A) - Security System Location.** Surveillance system requirements were not confirmed due to an inability of the Licensee representatives to successfully access and operate the surveillance system. (VT Moderate) (May require a follow up inspection) - *CORRECTED*
5. **Regulation 5(A)(4)(i)(C) - Surveillance System Recording and Storage.** The surveillance system inability to record 24 hrs; failed to display an ability to store recordings for a minimum of 90 days; and was not able to show that the surveillance system is equipped with a failure notification device. (VT Moderate) - *CORRECTED*
6. **Regulation 5(A)(4)(iii)(A-F) - Regulation 5(A)(4)(iii) - Security Plans.** A written security plan was not produced during the inspection (VT Moderate) - *CORRECTED*
7. **Regulation 5(A)(4)(vi) - Limited Access Log.** There is no written log that tracks non-employee access to each Limited-Access Area. (VT Moderate) - *CORRECTED*
8. **Regulation 5(B)(1)(i)(A),(B),(C) - Record Retention.** Financial Records, personnel records (including Employee Identification Number) of employees, and employee training records were not provided upon request. (VT Minor) - *CORRECTED*
9. **Regulation 5(B)(2) - Audits.** DCR provided a written request for records, via email. During the Compliance Inspection, on October 2, 2024, the Licensee was unable to produce requested records.(VT Moderate) - *CORRECTED*
10. **Regulation 5(C)(9) - Product Inventory and Sales.** Metrc Track and Trace requirements were not confirmed due to an inability of Licensee representatives to successfully access Metrc during the inspection. (VT Major) - *CORRECTED*
11. **Regulation 5(C)(10) - Age Verification Device.** An age verification device to verify customer identification at point-of-sale area is not being utilized. (VT Major) - *CORRECTED*

The Licensee's representative was debriefed by DCR following the inspection and was informed of the deficiencies found.

The Applicant has 30 days to correct the violations and/or deficiencies listed in the NTC. DCR anticipates the Applicant will continue to be forthcoming and cooperative, but reserves the right to take escalating enforcement action, if necessary. The Licensee's representative was debriefed by DCR following the inspection and was informed of the deficiencies found.

**Therefore, it is DCR's position that this compliance check did not reveal any serious concerns that impacted DCR's ability to recommend this Applicant for licensure.** The violations may be remedied within 30 days without jeopardizing public safety. Moreover, this Applicant shall be subject to multiple, further inspections by DCR and other agencies prior to the receipt of an Operating Permit.

**THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:**

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- Revocation of Temporary Approval;
- Failing a Business Premises inspection by DCR, another City agency, or the Los Angeles County Department of Public Health; or
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq.*;
- An Owner is an individual who holds office in, is employed by any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity; and,
- An Owner is an entity incorporated outside of the United States.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04. Thus, DCR recommends the Commission approve the issuance of this Annual License.

**CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:**

The Applicant seeks conversion of an existing Retail Storefront (Type 10) Temporary Approval to an Annual License to be located on an existing site zoned for Limited Industrial, M1-1-CPIO at 3401 S. San Pedro Street, Los Angeles, CA 90011 (Assessor's Parcel Number 5120-022-013). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 8:00 a.m. to 10:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

**CEQA PROJECT ANALYSIS & FINDINGS:**

**Land Use/Zoning Designations**

Limited Industrial/M1-1-CPIO

**Surrounding Land Use/Zoning Designations**

Hybrid Industrial / CM-1-CPIO

Low Medium I Residential / R2-1

Neighborhood Commercial / C2-1-CPIO

**Subject Property**

The subject site is a fully developed lot within the Southeast Los Angeles Community Plan Area. The lot is approximately 137.4 feet deep and a width of 56.8 feet along San Pedro Street. The site is currently developed with a C5A; Commercial - Store Combination - Store and Residential Combination - One Story building, built in 1954 proposed to be maintained.

The site has a Limited Industrial land-use designation and is zoned M1-1-CPIO. The site is located within Council District 9, South Central Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

**Abutting Properties**

Abutting uses include commercial uses within 200 feet of the site. The immediate area along San Pedro Street is predominantly developed with Hybrid Industrial uses, zoned CM-1-CPIO, Low Medium I Residential, zoned R2-1 and, Neighborhood Commercial uses, zoned C2-1-CPIO. (See Exhibit A)

**CEQA Findings**

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 7,686.1 gross square feet, zoned M1-1-CPIO with a C5A; Commercial - Store Combination - Store and Residential Combination - One Story building originally constructed in 1954. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 7,686.1 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned Hybrid Industrial, Low Medium I Residential; and, Neighborhood Commercial, and developed with a mix of commercial and industrial along San Pedro Street between Jefferson Boulevard and 35th Street.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

#### **DEPARTMENT OF CANNABIS REGULATION RECOMMENDED ACTIONS:**

That the Cannabis Regulation Commission:

1. Determine, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approve the Annual License for Type 10 Storefront Retail Commercial Cannabis Activity at the Business Premises location; and,
3. Adopt DCR's Project Analysis & Findings as the Commission's report on the subject.

**Categorical Exemption Evaluation Form****Class 32: Infill Development Projects**

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site? ☒ Yes ☐ No

*Cite source(s) of information.*

Zimas, LAMC 105.02(a)(3)(A)(1), 105.02(a)(4)(A)(1), and 105.02(a)(7)(A)(1). (The subject parcel has a General Plan land use designation of "Limited Industrial" and is zoned M1-1-CPIO, Limited Industrial, which allows industrial development and cannabis retail activities at the premises.)

2. Project Size and Location

- a. Is the project site 5 acres in size or less? ☐ Yes ☐ No

*Indicate the size of the project site, in acres. Cite source(s) of information.*

The project size is 0.177 acres. (Zimas, LA County Assessor and project diagrams.)

- b. Is the project site substantially surrounded by urban uses? ☒ Yes ☐ No

*Describe the uses of the surrounding properties. Cite source(s) of information.*

Yes, the project site is surrounded on all sides by urban uses, namely limited industrial, commercial manufacturing, and some residential. The surrounding zoning is M1-1-CPIO, CM-1, and R2-1. The abutting land uses are commercial manufacturing limited industrial, and residential. (Zimas, Google Maps and LA County Assessor.)

3. Does the project site have value as habitat for endangered, rare, or threatened species? ☐ Yes ☒ No

*Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.*

The project site is completely covered with paved parking lots and a retail building, except for limited tree plantings on the street. The project site has limited value for habitat and is not known to provide habitat for endangered, rare, or threatened species. (Zimas, Google Maps, LA County Assessor.)

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality? ☐ Yes ☒ No

*Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.*

The project will not have significant impacts related to traffic, noise, air quality, or water quality because it is located in an urban, industrial area surrounded by limited industrial buildings, some residential, and concrete parking lots. The project is not located near any stream bed, lake, river, nor has temporary or permanent impacts to channels or riparian habitat. The project must occur within the closed building and there are no releases of any substances outside that may impact air quality or water quality. The 6 employees will make round trips similar to other employees in the area and deliveries are only sent or received 4-6 times per week, which is typical of a business operated in the area and has not impacted traffic in the area. (Google Maps, Attached Site Photos.)

5. Can the project site be adequately served by all required utilities and public services? ☒ Yes ☐ No

*Describe which utilities and public services serve the project site. Cite source(s) of information.*

Public utilities provide all required services, including fire protection by LAFD, water and power from DWP and the LA Sanitation Department provides general trash removal and sewage/wastewater treatment. (DWP bill.)

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

**Exceptions to Exemptions****1. Scenic Highways**

- a. Is the project visible from an official State Scenic Highway? ☐ Yes ☒ No

*List State Scenic Highway(s) from which the project is visible (if applicable).  
Cite source(s) of information.*

N/A; Zimas, Google Maps.

- b. If yes, would the project result in damage to scenic resources? ☐ Yes ☒ No

*Describe scenic resources and potential damage (if applicable). Cite source(s) of information.*

N/A

2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)? ☐ Yes ☒ No

*Describe the type of hazardous site (if applicable). Cite source(s) of information.*

N/A Source: <https://calepa.ca.gov/sitecleanup/corteselist/section-65962-5c/>

3. Would the project result in a substantial adverse change in the significance of a historical resource? ☐ Yes ☒ No

*List the historic resource(s) potentially affected and describe the potential effects (if applicable). Cite source(s) of information.*

N/A. The sources are Zimas and historicalplacesla.org.

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?**

☐ Yes ☒ No

*Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.*

N/A

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?**

☐ Yes ☒ No

*Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.*

N/A

6. **Would the project impact an environmental resource of hazardous or critical concern?**

☐ Yes ☒ No

*Provide details, if needed. Cite source(s) of information.*

The project must operate entirely indoors and is located within an urban developed area surrounded by concrete and other industrial/commercial uses. There is thus no environmental resources of hazardous or critical concern. (Zimas, Google Maps, 4 LAMC 104.06(d)(1)(vi); 4 CCR 16201(d)(2).)

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?**

☐ Yes ☒ No

*Provide details, if needed. Cite source(s) of information.*

No trees have been or will be removed.

**CEQA Exemption Petition**Class: 1 & 32 Category: Existing building & in-fill development

Explanation of how the project fits the CEQA exemption indicated above:

Exemption #1: This project will not generate a significant adverse environmental impact because it will operate from an existing building and there will be no or negligible expansion of an existing use. B Perris will operate within the city parameters complying with all local and state rules and regulations. Additionally, it is located in an industrial zone, surrounded by other similar existing businesses and facilities. The project is not located near any stream bed, lake, river, nor has temporary or permanent impacts to channels or riparian habitat.

Exemption #32: This projects is consistent with local general plan and zoning requirements. It will not result in any significant traffic, noise, air quality, or water quality effects. The project site has no value as habitat for endangered, rare or threatened species, it is located in a highly urbanized area used for industrial purposes. The site is already adequately served by all required utilities and public services.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

LA Zimas, LAFD and LAPD websites, DCR Cannabis Maps, Google Maps, LA County Assessor, LAMC, Business and Professions Code section 26000 et. seq and 4 CCR 15000 et. ceq.; (Cal. Code Regs., tit. 14, §15301; Cal. Code Regs., tit. 14, § 15332)

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

The project is located at 3401 S SAN PEDRO LOS ANGELES CA 90011, Los Angeles County. The assessors number is 5120022013. The cross streets are San Pedro and Jefferson. The zoning is M1-1-CPIO.

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

The current uses onsite will be licensed cannabis retail activities. The surrounding zoning within a one-half mile radius is M1-1-CPIO, CM-1, and R2-1. The abutting land uses are limited industrial, commercial manufacturing, and some residential. The project uses the existing building on the parcel.

- (c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

Mainstay still needs its local license from the DCR to be able to become operational but has its state retail license. Prior to that, the site was used as a retail furniture store which ceased around the end of 2022 when Mainstay moved in.

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

This site has been used since early 2023 for the current use (but is not operational since the application is pending with the DCR. There is no expansion of an existing use since Mainstay took possession.

- (e) Maps to be Included: Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).

**3. Project Operations/Description.** Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) Activities Occurring Onsite: Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).

The project includes retail commercial cannabis operations. Mainstay will have onsite sales for customers.

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

N/A

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

Land: 7685 square feet  
Building: 2031 square feet

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

Mainstay has had its state license since 2022 , which have been renewed annually, are active and in good standing as follows:

Retail C10-0001127-LIC

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

The expected hours of operation will be from 8:00 am to 10:00 pm, Monday through Sunday. Shifts will begin at 8:00 am through 5:00 pm; 5-close with some overlap

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

2-3 employees are expected to be on site during operating hours. During operating hours, occupancy is estimated to be 6-10 people.

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

The business estimates 4-6 deliveries a week during operations. Such deliveries/shipment will occur between the hours of 9 a.m. to 5 p.m.

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

LADWP provides water. No new or amended water rights are required.

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

Public utility: Los Angeles wastewater collection facilities

#### 4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

Mainstay Goods is located in the Southeast Los Angeles community plan area, which is surrounded by other commercial businesses, some residential, concrete and alleys.

- (b) General Topographic Features (slopes and other features):

The land is relatively flat and entirely surrounded by urban development. It is not located in a high fire severity zone, wind velocity area or special grading area.

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

There is no surrounding vegetation or soil and Mainstay is located in commercial and industrial zone and highly urban area.

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

The premises are not within 150 feet or near any stream bed, lake, river, nor will the project have temporary or permanent impacts to channels or riparian habitat.

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

No

- (f) Identify whether the property has any historic designations or archeological remains onsite:

No

- (g) Identify whether the property contains habitat for special status species:

No

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

Bleach?

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

This project will not increase the quantity or type of solid waste that is generated or stored onsite.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

LADWP will supply energy for the project. The project will not require an increase in energy demand, additional energy resources or an upgrade by DWP. The project currently has 200 amp maximum electrical capacity and expects to use the majority of the electrical capacity. LADWP will supply energy for the project, which is estimated to be a maximum of 100 amps per day.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

No expansion will occur and no natural habitat will be reduced. The amount of impervious surface will not be increased. The current state of operations will not change. This project is not part of a larger project.

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

Mainstay will institute a recycling program for recyclable plastic and paper waste and perform regular maintenance to ensure all systems are in good working order to reduce energy and water waste. All regular lighting will utilize LED bulbs. The project will not cause any increase in noise in the surrounding area consisting entirely of an urban, industrialized area.

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

N/A

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☐ California Department of Fish and Wildlife
- ☐ State Water Resources Control Board / Regional Water Quality Control Board
- ☒ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☐ Los Angeles Department of Water and Power
- ☐ Los Angeles Department of Public Works, Bureau of Sanitation

**Partial List of Categorical Exemptions under CEQA**

*Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.*

<b>Class</b>	<b>Category</b>	<b>Description</b>
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
