Project Description

Caltrans proposes a Director's Order (DO) emergency contract to install wrong way enhanced deterrent measures on multiple ramps and routes (5,8,15,52,67,76,125,805,905) in San Diego County and Imperial County. Work includes installing and moving signs, pavement markings, and installing LED sign systems. Wrong way crashes can result in significant injuries and fatalities; therefore, this project will help ameliorate the rise in wrong way drivers entering freeway exit ramps at these specific locations. All work will occur in Caltrans right-of-way. Environmental commitments for biological resources, visual resources, hazardous waste/materials, and NPDES/Stormwater are included in the Environmental Commitments Record (ECR).
