DETERMINATION AND APPROVAL OF COMMERCIAL CANNABIS ANNUAL LICENSE(S)

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the categorical exemptions under Class 1 and Class 32.

DCR Record No.:	LA-C-24-402959-ANN
Applicant Name:	818 Brands Los Angeles, LLC
Activity(ies) Requested:	Distributor (Type 11)
Proposed Project:	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.
Business Premises Address/ Project Location:	7100 N Sophia Avenue, Unit A Los Angeles, CA 91406
Council District: Closest Neighborhood Council: Business Improvement District: Community Plan Area: Zoning:	6 Lake Balboa - Reseda - West Van Nuys [T][Q]MR1-1VL
LAMC Section / "Phase":	LAMC 104.06 / Phase 3 General Non-Retail
Environmental Analysis/Clearance: ENV-402959-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of June 29, 2022. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State Provisional License, C11-0001639-LIC, to conduct Distributor (Type 11), active through June 13, 2025.

The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 7100 N Sophia Avenue, Unit A, Los Angeles, CA 91406, a parcel zoned for Limited Manufacturing purposes.

DEPARTMENT ANNUAL LICENSING DETERMINATIONS:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- **(Social Equity only):** The Applicant has met the requirements under LAMC Section 104.20.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- **(Social Equity Only)** Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Distributor (Type 11); Temporary Approval to an Annual License to be located on an existing site zoned for Limited Manufacturing, [T][Q]MR1-1VL at 7100 N Sophia Avenue, Unit A, Los Angeles, CA 91406 (Assessor's Parcel Number 2224-012-069). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 10:00 a.m. to 6:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit B). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

Limited Manufacturing / [T][Q]MR1-1VL

Surrounding Land Use/Zoning Designations

Limited Manufacturing / (Q)M1-1/R1-1

Limited Manufacturing / [T][Q]M1-1

Limited Manufacturing / [Q]MR1-1VL

Light Manufacturing / [T][Q]M2-1VL & [Q]M2-1VL

Subject Property

The subject site is a fully developed lot within the Reseda - West Van Nuys Community Plan Area. The lot is approximately 130 feet deep and a width of 50 feet along Sophia Avenue. The site is currently developed with a Industrial - Light Manufacturing - One Story building, built in 1990 proposed to be maintained.

The site has a Limited Manufacturing land-use designation and is zoned [T][Q]MR1-1VL. The site is located within Council District 6, Lake Balboa Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties

Abutting uses include manufacturing uses within 200 feet of the site. The immediate area along Sophia Avenue is predominantly developed with Limited Manufacturing uses, zoned (Q)M1-1/R1-1, Limited Manufacturing, zoned [T][Q]M1-1, Limited Manufacturing uses, zoned [Q]MR1-1VL, and, Light Manufacturing uses, zoned [T][Q]M2-1VL & [Q]M2-1VL. (See Exhibit B)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site

of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 6,514 gross square feet, zoned [T][Q]MR1-1VL with a Industrial - Light Manufacturing - One Story building originally constructed in 1990. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 6,514 gross square foot property (i.e., less than five acres), and is substantially surrounded by Limited Manufacturing uses. The surrounding area is Limited Manufacturing zoned (Q)M1-1/R1-1, Limited Manufacturing, zoned [T][Q]M1-1; Limited Manufacturing, zoned [Q]MR1-1VL, Light Manufacturing uses, zoned [T][Q]M2-1VL & [Q]M2-1VL, and developed with a mix of manufacturing buildings along Sophia Avenue between Gault Street and Hart Street.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION ACTIONS:

The Department of Cannabis Regulation:

1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Distributor (Type 11), Commercial Cannabis Activity at the Business Premises location; and,
3. Adopted the Project Analysis & Findings and Notice of Exemption.

Categorical Exemption Evaluation Form

Instructions: Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

Project Description: *Insert project description information or reference where this information is located.*

818 Brands Los Angeles, LLC packages and distributes high quality cannabis flower from licensed cultivators.

Flower arrives in bulk packaging from licensed cultivation facilities via transit vehicle. Flower is then unloaded into the warehouse storage area, where testing is organized with a state-licensed facility. Upon successfully receiving a COA from the licensed testing facility, flower is weighed and individually packaged and labeled, before being stored in a finished-goods section of the warehouse. Licensed cannabis retail operators visit the retail display room located within the facility, where they can view samples of finished goods. Purchase orders are generated and sold product is loaded to the transit vehicle for off-site delivery.

Loose flower materials are collected and packaged into pre-roll joints. Operations do not generate substantial or hazardous waste.

Categorical Exemption Evaluation Form

Class 1: Existing Facilities

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose? ☒ Yes ☐ No

Provide details of current or prior operation(s). Cite source(s) of information.

The project site is currently operating as a cannabis distributor. Distribution operations began on 6-13-2022 upon issuance of City and State licensing.

Project site was previously utilized by a solar sales and plumbing business, as well as a state vehicle inspection site.

2. Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6) ☐ Yes ☒ No

Provide expansion details, if applicable. Cite source(s) of information.

3. Project Expansion: _____
Size of expansion in square feet: _____

Cite source(s) of information.

- a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to [Question 6.](#)) ☐ Yes ☐ No

Cite source(s) of information.

- b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to [Question 4.](#)) ☐ Yes ☐ No

Cite source(s) of information.

- c. Would the expansion be greater than 10,000 square feet? ☐ Yes ☐ No

Cite source(s) of information.

4. Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)? ☐ Yes ☐ No

Describe which public services serve the project site. Cite source(s) of information.

5. Is there evidence that the project site is located in an environmentally sensitive area?

☐ Yes ☐ No

Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures)?

☐ Yes ☒ No

Describe size of structure to be demolished and location.

Categorical Exemption Evaluation Form**Class 2: Replacement or Reconstruction**

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed? ☐ Yes ☒ No

Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.

This project required only minimal tenant improvements within the existing structure.

2. Would the new structure have substantially the same purpose and capacity as the existing structure? ☐ Yes ☒ No

Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.

No new structures were constructed on site.

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 3: New Construction or Conversion of Small Structures

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures?

☐ Yes ☒ No

Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.

2. Does the project involve the construction of new small structures?

☐ Yes ☒ No

Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.

Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.

3. Is the project within an urbanized area? (If no, skip to [Question 9.](#))

☒ Yes ☐ No

Cite source(s) of information.

Per the 2000 Census Urbanized Area Map, the project lies within an urbanized area.

FOR SITES IN URBANIZED AREAS

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less? ☐ Yes ☒ No

Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.

The project does not involve the construction of any new structures.

5. Is the parcel zoned for the proposed use? ☐ Yes ☒ No

Cite source(s) of information.

Per the City of Los Angeles ZIMAS mapping system, the property is zoned [T][Q]MR1-1VL.
Per the City of Los Angeles Department of City Planning, Distribution operations are allowed in MR1 zones.

6. Does the project involve the use of significant amounts of hazardous substances? ☐ Yes ☒ No

Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.

According to the California Department of Cannabis Control, cannabis plant material shall be considered an organic waste (not hazardous). No other hazardous substances are used or stored at the project.

7. Are all necessary public services and facilities available to the project? ☐ Yes ☒ No

List all services and facilities provided. Cite source(s) of information.

Electrical, Sewer and Water are provided by the Los Angeles Department of Water and Power.
Gas is provide by SoCalGas.

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to Question 11.) ☐ Yes ☒ No

Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.

Per the EnviroStor database, no sensitive environmental lands surround the property.

FOR SITES NOT IN URBANIZED AREAS

9. Does the project involve the construction of a single structure totaling 2,500 square feet or less?

☐ Yes ☐ No

Provide information regarding size of new structure, if applicable. Cite source(s) of information.

TM

10. Does the project involve the use of significant amounts of hazardous substances?

☐ Yes ☐ No

Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.

FOR ALL SITES

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 4: Minor Alterations to Land

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

2. Does the project involve alterations to land, water, or vegetation that would be considered minor? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

3. Would the alterations consist of grading on lands of 10 percent slope or steeper? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

4. Would the alterations consist of grading in an area determined to be a wetland? ☐ Yes ☒ No

Cite source(s) of information.

5. Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency? ☐ Yes ☒ No

Provide name of scenic area (if applicable). Cite source(s) of information.

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist? ☐ Yes ☒ No

Provide the name of the zone (if applicable). Cite source(s) of information.

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 11: Accessory Structures

1. Does the project include the construction or placement of accessory structures? ☐ Yes ☒ No

Describe new and/or replacement accessory structures. Cite source(s) of information.

2. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form**Class 32: Infill Development Projects**

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site? ☒ Yes ☐ No

Cite source(s) of information.

The project general plan designation is general manufacturing, where distribution operations would be consistent. Per the City of Los Angeles ZIMAS mapping system, the property is zoned [T][Q]MR1-1VL. Per the City of Los Angeles Department of City Planning, Distribution operations are allowed in MR1 zones.

2. Project Size and Location

- a. Is the project site 5 acres in size or less? ☒ Yes ☐ No

Indicate the size of the project site, in acres. Cite source(s) of information.

Per the City of Los Angeles ZIMAS system, the project site is 6,513.8 (sq ft).

- b. Is the project site substantially surrounded by urban uses? ☒ Yes ☐ No

Describe the uses of the surrounding properties. Cite source(s) of information.

The project site is substantially surrounded by urban uses, including: Aviation charter businesses, commercial contractor crane service, electronics repair service, wholesale packaging supply warehouse, and a grocery delivery service.

3. Does the project site have value as habitat for endangered, rare, or threatened species? ☐ Yes ☒ No

Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality? ☐ Yes ☒ No

Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.

5. Can the project site be adequately served by all required utilities and public services? ☒ Yes ☐ No

Describe which utilities and public services serve the project site. Cite source(s) of information.

Electrical, Sewer and Water are provided by the Los Angeles Department of Water and Power. Gas is provide by SoCalGas.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Exceptions to Exemptions**1. Scenic Highways**

- a. Is the project visible from an official State Scenic Highway? ☐ Yes ☒ No

*List State Scenic Highway(s) from which the project is visible (if applicable).
Cite source(s) of information.*

TM

- b. If yes, would the project result in damage to scenic resources? ☐ Yes ☒ No

Describe scenic resources and potential damage (if applicable). Cite source(s) of information.

2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)?

☐ Yes ☒ No

Describe the type of hazardous site (if applicable). Cite source(s) of information.

3. Would the project result in a substantial adverse change in the significance of a historical resource?

☐ Yes ☒ No

List the historic resource(s) potentially affected and describe the potential effects (if applicable). Cite source(s) of information.

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?**

☐ Yes ☒ No

Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?**

☐ Yes ☒ No

Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.

6. **Would the project impact an environmental resource of hazardous or critical concern?**

☐ Yes ☒ No

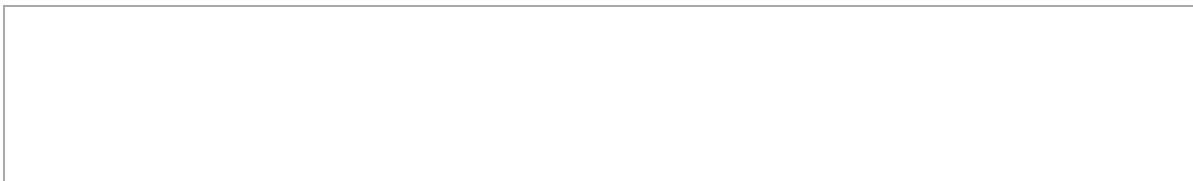

Provide details, if needed. Cite source(s) of information.

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?**

☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

CEQA Exemption PetitionClass: 1 Category: Existing Facility

Explanation of how the project fits the CEQA exemption indicated above:

The business at the premises location of 7100 N Sophia Ave, Los Angeles, CA 91406 consists of permitted operations of an existing facility, involving no expansion of use beyond that existing at the time of the lead agency's determination.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

City of Los Angeles Zimas, County of Los Angeles Assessor website, EnviroStor database.

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

Project address is 7100 N Sophia Ave, Los Angeles, CA 91406, APN: 2224012069, AIN: 2224012069, Tract TR 14537, Map Sheet 183B137, Map Reference M B 310-5/6.

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

Project General Plan Land Use is Limited Manufacturing. Project is zoned [T][Q]MR1-1VL. Current land uses are cannabis packaging and distribution. The project site is substantially surrounded by urban uses, including: Aviation charter businesses, commercial contractor crane service, electronics repair service, wholesale packaging supply warehouse, and a grocery delivery service.

- (c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

Project site was previously utilized by a solar sales and plumbing business, as well as a state vehicle inspection site.

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

Project site was previously used for a similar use.

- (e) Maps to be Included: Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).

3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) Activities Occurring Onsite: Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).

Activities included in the project and on the property are the trimming, weighing, packaging and labeling, and distribution of cannabis flower. Flower is weighed by commercial scales, packaged and labeled with commercial grade packaging and labeling machines. Packaged flower is stored in a dedicated finished product room until receipt of COA from external testing, then loaded into a transport vehicle for delivery to licensed retailers and distributors throughout California. An additional application is currently being submitted to amend existing operations with cultivation processing capabilities (flower will be trimmed by hand with sheers).

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

An additional application is currently being submitted by applicant (818 Brands Los Angeles, LLC) to amend existing operations with cultivation processing capabilities (flower will be trimmed by hand with sheers).

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

Parcel lot size is 6,513.8 SF, project building size is 3,217 SF.

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

Applicant (818 Brands Los Angeles, LLC) was issued license C11-0001639-LIC for Commercial Distributor by the Department of Cannabis Control on 6/13/2022.

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

Operating hours consist of a singular shift, 10 AM-6 PM.

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

Total number of employees is 5.

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

Estimated Trip Generation is 3-6 vehicle trips daily.

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

Source of water is the Los Angeles Department of Water and Power.

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

The City of Los Angeles Wastewater facility and Donald C. Tillman Water Reclamation Plant provide wastewater collection to the area.

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

Project site is located in a commercial area zoned for limited manufacturing.

- (b) General Topographic Features (slopes and other features):

Project and surrounding areas are graded and generally flat, having no substantial slopes.

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

The project site is surrounded by commercial buildings and a local airport. There is no vegetation with the exception of a few trees on Valjean Ave (the street behind the property).

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

There are no watercourses or riparian habitats within 150 feet of the premises.

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

Property does not contain natural features of scenic value or rare or unique characteristics.

- (f) Identify whether the property has any historic designations or archeological remains onsite:

Property does not have any historic designations or archaeological remains onsite.

- (g) Identify whether the property contains habitat for special status species:

Property does not contain habitat for special status species.

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

The premises does not store, use or dispose of any hazardous materials, as defined by the Health and Safety Code section 25260.

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

Project will not increase the quantity and type of solid waste generated or stored onsite.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

Project energy source is the Los Angeles Department of Water and Power for electricity. The average amount of energy used per day is less than 30kW. Project will not require an increase in energy demand.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

Project activities will not expand the existing footprint of the facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat.

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

Applicant does not have any environmental commitments agreed to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects that may reduce impacts on the environment.

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☐ Los Angeles Fire Department
- ☐ Los Angeles Department of Building and Safety
- ☐ California Department of Fish and Wildlife
- ☐ State Water Resources Control Board / Regional Water Quality Control Board
- ☐ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☐ Los Angeles Department of Water and Power
- ☐ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
