

# Notice of Exemption

## Appendix E

**To:** Office of Planning and Research  
P.O. Box 3044, Room 113  
Sacramento, CA 95812-3044

County Clerk

County of: Los Angeles

12400 Imperial Hwy.

Norwalk, CA 90650

**From:** (Public Agency): City of Los Angeles

Department of Cannabis Regulation

221 N. Figueroa St., Suite 1245, Los Angeles, CA 90012

(Address)

Project Title: DCR CORE RECORD NO. 200244

Project Applicant: Kanna King Farms Cooperative Corporation

Project Location - Specific:

3540 E Union Pacific Avenue, Los Angeles, CA 90023 / Union Pacific Ave and Espera

Project Location - City: Los Angeles

Project Location - County: Los Angeles

Description of Nature, Purpose and Beneficiaries of Project:

**Cultivation, Distribution, and Manufacturing of commercial cannabis products under State and local law.**

Name of Public Agency Approving Project: City of Los Angeles, Department of Cannabis Regulation

Name of Person or Agency Carrying Out Project: Kanna King Farms Cooperative Corporation

Exempt Status: **(check one):**

- ☐ Ministerial (Sec. 21080(b)(1); 15268);
- ☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- ☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- ☒ Categorical Exemption. State type and section number: CEQA Sections 15301 & 15332/Class 1 & 32
- ☐ Statutory Exemptions. State code number: \_\_\_\_\_

Reasons why project is exempt:

Environmentally benign infill project consistent with the General Plan, Zoning requirements and consistent with the criteria for a Class 1 & Class 32 Categorical Exemption pursuant to CEQA Guidelines Section 15301 & 15332 and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

## CALIFORNIA ENVIRONMENTAL QUALITY ACT

## NOTICE OF EXEMPTION

(PRC Section 21152; CEQA Guidelines Section 15062)

2025 041902

FILED

Feb 28 2025

Dean C. Logan, Registrar - Recorder/County Clerk

Electronically signed by LAKEISHA MCCOY

Pursuant to Public Resources Code § 21152(b) and CEQA Guidelines § 15062, the notice should be posted with the County Clerk by mailing the form and posting fee payment to the following address: Los Angeles County Clerk/Recorder, Environmental Notices, P.O. Box 1208, Norwalk, CA 90650. Pursuant to Public Resources Code § 21167 (d), the posting of this notice starts a 35-day statute of limitations on court challenges to reliance on an exemption for the project. Failure to file this notice as provided above, results in the statute of limitations being extended to 180 days.

## **DETERMINATION AND APPROVAL OF COMMERCIAL CANNABIS ANNUAL LICENSE(S)**

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the categorical exemptions under Class 1 and Class 32.

<b>DCR Record No.:</b>	LA-S-24-200244-ANN
<b>Applicant Name:</b>	Kanna King Farms Cooperative Corporation
<b>Activity(ies) Requested:</b>	Manufacturer (Type 6) Cultivation Specialty Indoor (Type 1A) Distributor (Type 11)
<b>Proposed Project:</b>	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.
<b>Business Premises Address/ Project Location:</b>	3540 E Union Pacific Avenue Los Angeles, CA 90023
Council District: Closest Neighborhood Council: Business Improvement District: Community Plan Area: Zoning:	14 Boyle Heights — Boyle Heights M3-1-CUGU
<b>LAMC Section / "Phase":</b>	LAMC 104.08 / Phase 2
<b>Environmental Analysis/Clearance:</b> ENV-200244-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

**BACKGROUND:**

The Applicant was issued Temporary Approval by DCR with an effective date of July 8, 2019. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State Provisional Commercial-Microbusiness License, C12-0000090-LIC, to conduct Manufacturer (Type N), Cultivation Specialty Indoor (Type 1A), and Distributor (Type 11), active through June 19, 2025.

The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 3540 E Union Pacific Avenue, Los Angeles, CA 90023, a parcel zoned for Heavy Manufacturing purposes.

**DEPARTMENT ANNUAL LICENSING DETERMINATIONS:**

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- **(Social Equity only):** The Applicant has met the requirements under LAMC Section 104.20.

**THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:**

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- **(Social Equity Only)** Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

## **CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:**

The Applicant seeks conversion of an existing Manufacturer (Type Type 6); Cultivation Specialty Indoor (Type 1A), Distributor (Type 11), Temporary Approval to an Annual License to be located on an existing site zoned for Heavy Manufacturing, M3-1-CUGU at 3540 E Union Pacific Avenue, Los Angeles, CA 90023 (Assessor's Parcel Number 5192-006-011). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 9:00 a.m. to 5:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit B). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

## **CEQA PROJECT ANALYSIS & FINDINGS:**

### **Land Use/Zoning Designations**

Heavy Manufacturing / M3-1-CUGU

### **Surrounding Land Use/Zoning Designations**

Heavy Manufacturing / M3-1-CUGU

Light Manufacturing / M2-1-CUGU

### **Subject Property**

The subject site is a fully developed lot within the Boyle Heights Community Plan Area. The lot is approximately 96 feet deep and a width of 40 feet along Union Pacific Avenue. The site is currently developed with an Industrial - Industrial - Miscellaneous Industrial - One Story building, built in 1953 proposed to be maintained.

The site has a Heavy Manufacturing land-use designation and is zoned M3-1-CUGU. The site is located within Council District 14, Boyle Heights Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

### **Abutting Properties**

Abutting uses include wholesale and manufacturing uses within 200 feet of the site. The immediate area along Union Pacific Avenue is predominantly developed with Heavy Manufacturing uses, zoned M3-1-CUGU and Light Manufacturing uses, zoned M2-1-CUGU. (See Exhibit B)

### **CEQA Findings**

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in

any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 3,840 gross square feet, zoned M3-1-CUGU with a Industrial - Industrial - Miscellaneous Industrial - One Story building originally constructed in 1953. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 3,840 gross square foot property (i.e., less than five acres), and is substantially surrounded by Heavy Manufacturing uses. The surrounding area is Heavy Manufacturing zoned M3-1-CUGU; Light Manufacturing zoned M2-1-CUGU, and developed with a mix of wholesale and manufacturing buildings along Union Pacific Avenue between Spence Street and Esperanza Street.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

**DEPARTMENT OF CANNABIS REGULATION ACTIONS:**

The Department of Cannabis Regulation:

1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Manufacturer (Type 6), Cultivation Specialty Indoor (Type 1A), Distributor (Type 11) Commercial Cannabis Activity at the Business Premises location; and,
3. Adopted the Project Analysis & Findings and Notice of Exemption.

Jason Killeen, Assistant Executive Director  
Department of Cannabis Regulation

**Categorical Exemption Evaluation Form**

**Instructions:** Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

**Project Description:** *Insert project description information or reference where this information is located.*

The .088 - acre Project site is located in the City of Los Angeles, Los Angeles County, at 3540 Union Pacific Ave. The project site is located in the Boyle Heights Neighborhood Council. The Project includes the leasing of an industrial building to be occupied with an industrial use. The project applicant, Kanna King Farms Cooperative Corporation occupies the existing on-site premise as a Microbusiness : cultivation, distribution, and manufacturing. No retail sales of cannabis related products occur at the Project Site. Occupation of the building would average approximately five (5) employees per shift during the operating hours of 9:00 AM to 5:00 PM Monday through Friday. Occupation of the building would average approximately five (5) employees per shift during the operating hours of 9:00 AM to 5:00 PM Monday through Friday. Project operations would involve approximately 20 vehicle trips per day during regular business hours.

The Project has been environmentally reviewed pursuant to the provisions of the California Environmental Quality Act (Public Resources Code Sections 21000, et seq. ("CEQA")) and the State CEQA Guidelines (California Code of Regulations, Title 14, Sections 15000, et seq.).

CEQA Guidelines Section 15301 (Class 1 categorical exemption).

The Project includes the leasing of an industrial building to be occupied with an industrial use. No exterior improvements to the building or parking areas are being proposed.

As such, aside from minor interior tenant improvements, the building would remain in its current existing condition. Consistent with CEQA Guidelines Section 15301, Class 1 facilities determined to categorically exempt from additional CEQA review, include the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use.

## Categorical Exemption Evaluation Form

## Class 1: Existing Facilities

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose? ☒ Yes ☐ No

*Provide details of current or prior operation(s). Cite source(s) of information.*

To fulfill the requirements stipulated under the California Environmental Quality Act (CEQA), a categorical exemption for a cannabis cultivation, manufacturing, and distribution site in the City of Los Angeles is presented as follows:

Current Operations:

Cannabis Cultivation

The cultivation facility operates within a well-ventilated and secure indoor space measuring approximately 2,500 square feet. It employs a hydroponic system to optimize water and nutrient management. Advanced LED lighting systems and climate control measures are in place to ensure energy-efficient and eco-friendly operations. The site adheres to all local and state regulations, including pest management, waste disposal, and tracking requirements.

Cannabis Manufacturing

The manufacturing unit occupies 600 square feet within the same facility. This unit specializes in the infusion of cannabis extracts into a variety of consumer products, including edibles, tinctures, and topicals. Equipment is pharmaceutical grade and the processes are GMP-compliant (Good Manufacturing Practices), ensuring product consistency and quality. Waste materials are efficiently managed to minimize environmental impact, as per CEQA and local ordinances.

Cannabis Distribution

The distribution area also utilizes 600 square feet within the facility. It acts as a hub for storing and dispatching a wide range of cannabis products. This operation runs on a just-in-time inventory model to minimize storage time and thus, reduce energy consumption and waste. The area is climate-controlled and monitored to ensure product quality and safety. It abides by all compliance standards, including secure transportation and track-and-trace systems required by the State of California.

Additionally, Project includes the leasing of an industrial building to be occupied with an industrial use. No exterior improvements to the building or parking areas are being proposed. As such, aside from minor interior tenant improvements, the building would remain in its current existing condition. Consistent with CEQA Guidelines Section 15301, Class 1 facilities determined to categorically exempt from additional CEQA review, include the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The key consideration is whether the project involves negligible or no expansion of use. The Project would in fact result in no changes to the exterior of the building or parking areas. Occupation levels would be similar or less than former on-site uses. The proposed uses are allowed per the site's zoning and land use designations.

In conclusion, the operations model integrates sustainable practices and adheres to state and local regulations, meeting the criteria necessary for a categorical exemption under CEQA for small-scale cannabis operations.

2. Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6) ☐ Yes ☒ No

*Provide expansion details, if applicable. Cite source(s) of information.*

3. Project Expansion: \_\_\_\_\_  
Size of expansion in square feet: \_\_\_\_\_

*Cite source(s) of information.*

- a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to [Question 6.](#)) ☐ Yes ☐ No

*Cite source(s) of information.*

- b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to [Question 4.](#)) ☐ Yes ☐ No

*Cite source(s) of information.*

- c. Would the expansion be greater than 10,000 square feet? ☐ Yes ☐ No

*Cite source(s) of information.*

4. Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)? ☐ Yes ☐ No

*Describe which public services serve the project site. Cite source(s) of information.*

5. Is there evidence that the project site is located in an environmentally sensitive area?

☐ Yes ☐ No

*Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.*

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures)?

☐ Yes ☒ No

*Describe size of structure to be demolished and location.*

**Categorical Exemption Evaluation Form**

**Class 2: Replacement or Reconstruction**

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed? ☐ Yes ☒ No

*Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.*

n/a

2. Would the new structure have substantially the same purpose and capacity as the existing structure? ☐ Yes ☐ No

*Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.*

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

**Categorical Exemption Evaluation Form****Class 3: New Construction or Conversion of Small Structures**

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures?

☐ Yes ☒ No

*Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.*

n/a

2. Does the project involve the construction of new small structures?

☐ Yes ☒ No

*Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.*

**Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.**

3. Is the project within an urbanized area? (If no, skip to Question 9.)

☒ Yes ☐ No

*Cite source(s) of information.*

Environmental Protection Agency (EPA) or Federal Highway Administration (FHWA), Zimas Lacity, the California Department of Transportation (Caltrans) ,U.S. Census Bureau: The Census Bureau defines "urbanized areas" (UAs) as areas with 50,000 or more people.

**FOR SITES IN URBANIZED AREAS**

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less?

☐ Yes ☒ No

*Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.*

5. Is the parcel zoned for the proposed use?

6. Does the project involve the use of significant amounts of hazardous substances?

☒ Yes ☐ No

*Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.*

CO2: To calculate the CO2 used per harvest, here are our parameters of operations

- 6 harvests per year
- 2 lbs per plant
- 65 lights in a 3,500 sq ft cultivation area
- Average CO2 concentration needed: 1,000 ppm
- Volume of the cultivation area: 42,000 cubic feet (3,500 sq ft \* average ceiling height of 12 ft)
- Additional CO2 needed per instance: 25.2 cubic feet (from the previous example)

### CO2 Requirement for One Harvest:

7. Are all necessary public services and facilities available to the project?

☒ Yes ☐ No

*List all services and facilities provided. Cite source(s) of information.*

water and electricity : LADWP

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to Question 11.)

☐ Yes ☒ No

*Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.*

**FOR SITES NOT IN URBANIZED AREAS**

9. Does the project involve the construction of a single structure totaling 2,500 square feet or less?

☐ Yes ☐ No

*Provide information regarding size of new structure, if applicable. Cite source(s) of information.*

10. Does the project involve the use of significant amounts of hazardous substances?

☐ Yes ☐ No

*Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.*

**FOR ALL SITES**

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

Sources: According to the Department of Toxic Substances Control EnviroStor database and the California State Water Resources Control Board Geotracker database, no water permits or environmental permits are needed

**Categorical Exemption Evaluation Form**

**Class 4: Minor Alterations to Land**

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)? ☐ Yes ☒ No

*Provide details, if needed. Cite source(s) of information.*

2. Does the project involve alterations to land, water, or vegetation that would be considered minor? ☐ Yes ☒ No

*Provide details, if needed. Cite source(s) of information.*

3. Would the alterations consist of grading on lands of 10 percent slope or steeper? ☐ Yes ☒ No

*Provide details, if needed. Cite source(s) of information.*

4. Would the alterations consist of grading in an area determined to be a wetland? ☐ Yes ☒ No

*Cite source(s) of information.*

5. Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency? ☐ Yes ☒ No

*Provide name of scenic area (if applicable). Cite source(s) of information.*

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist? ☐ Yes ☒ No

*Provide the name of the zone (if applicable). Cite source(s) of information.*

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

**Categorical Exemption Evaluation Form**

**Class 11: Accessory Structures**

1. Does the project include the construction or placement of accessory structures? ☐ Yes ☒ No

*Describe new and/or replacement accessory structures. Cite source(s) of information.*

n/a

2. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

**Categorical Exemption Evaluation Form****Class 32: Infill Development Projects**

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site? ☒ Yes ☐ No

*Cite source(s) of information.*

Zimas.lacity.org: General Plan Note(s) No. 1. No. 6. L.A.M.C. Sec. 12.20

2. Project Size and Location

- a. Is the project site 5 acres in size or less? ☒ Yes ☐ No

*Indicate the size of the project site, in acres. Cite source(s) of information.*

The .088 -acre Project Site is improved with the 3, 860 sq.ft. industrial building

- b. Is the project site substantially surrounded by urban uses? ☒ Yes ☐ No

*Describe the uses of the surrounding properties. Cite source(s) of information.*

see attached mapping, the site is surround by industrial buildings

3. Does the project site have value as habitat for endangered, rare, or threatened species? ☐ Yes ☒ No

*Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.*

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality? ☐ Yes ☐ No

*Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.*

As stated above, the Project Site is located in an urbanized, industrial area and the Project would not increase the intensity of industrial uses on the Project Site. There are no sensitive natural resources of any kind on the Project Site or in the surrounding area, as the Project Site and surrounding area are fully developed with industrial buildings, and there are no "unusual circumstances" that would indicate a potential for any significant environmental effects. Operation of the Project would comply with all City of Los Angeles code requirements as applicable. Also, the Project would have only five (5) employees per shift that generate approximately 20 vehicle trips per day during regular business hours, which would not result in a significant vehicle miles travelled (VMT) impact. Therefore, there is no reasonable possibility that the Project would have a significant effect on the environment due to unusual circumstances.

5. Can the project site be adequately served by all required utilities and public services? ☒ Yes ☐ No

*Describe which utilities and public services serve the project site. Cite source(s) of information.*

water and electricity, : LADWP

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

**Exceptions to Exemptions****1. Scenic Highways**

- a. Is the project visible from an official State Scenic Highway? ☐ Yes ☒ No

*List State Scenic Highway(s) from which the project is visible (if applicable).  
Cite source(s) of information.*

n/a

- b. If yes, would the project result in damage to scenic resources? ☐ Yes ☒ No

*Describe scenic resources and potential damage (if applicable). Cite source(s) of information.*

n/a

2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)? ☐ Yes ☒ No

*Describe the type of hazardous site (if applicable). Cite source(s) of information.*

According to the Department of Toxic Substances Control EnviroStor database and the California State Water Resources Control Board Geotracker database, the Project Site is not on any list of hazardous waste sites.

3. Would the project result in a substantial adverse change in the significance of a historical resource? ☐ Yes ☒ No

*List the historic resource(s) potentially affected and describe the potential effects (if applicable). Cite source(s) of information.*

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?**

☐ Yes ☐ No

*Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.*

The Project is not related to any other "successive projects of the same kind in the same place over time," thus, no significant cumulative impacts would occur.

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?**

☐ Yes ☒ No

*Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.*

As stated above, the Project Site is located in an urbanized, industrial area and the Project would not increase the intensity of industrial uses on the Project Site. There are no sensitive natural resources of any kind on the Project Site or in the surrounding area, as the Project Site and surrounding area are fully developed with industrial buildings, and there are no "unusual circumstances" that would indicate a potential for any significant environmental effects. Operation of the Project would comply with all City of Los Angeles code requirements as applicable. Also, the Project would have only five (5) employees per shift that generate approximately 20 vehicle trips per day during regular business hours, which would not result in a significant vehicle miles travelled (VMT) impact. Therefore, there is no reasonable possibility that the Project would have a significant effect on the environment due to unusual circumstances.

6. **Would the project impact an environmental resource of hazardous or critical concern?**

☐ Yes ☒ No

*Provide details, if needed. Cite source(s) of information.*

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?**

☐ Yes ☒ No

*Provide details, if needed. Cite source(s) of information.*

**CEQA Exemption Petition**Class: 1 Category: Existing Facility

Explanation of how the project fits the CEQA exemption indicated above:

The Project has been environmentally reviewed pursuant to the provisions of the California Environmental Quality Act (Public Resources Code Sections 21000, et seq. ("CEQA") and the State CEQA Guidelines (California Code of Regulations, Title 14, Sections 15000, et seq.).

CEQA Guidelines Section 15301 (Class 1 categorical exemption).

The Project includes the leasing of an industrial building to be occupied with an industrial use. No exterior improvements to the building or parking areas are being proposed. As such, aside from minor interior tenant improvements, the building would remain in its current existing condition. Consistent with CEQA Guidelines Section 15301, Class 1 facilities determined to categorically exempt from additional CEQA review, include the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The key consideration is whether the project involves negligible or no expansion of use. The Project would in fact result in no changes to the exterior of the building or parking areas. Occupation levels would be similar or less than former on-site uses. The proposed uses are allowed per the site's zoning and land use designations.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

CEQA, zimas.lacity.org, LADBS

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

The 0.088-acre Project Site is improved with an approximate lot size of 8,076 sf industrial building constructed in 1953. Similar light industrial uses and structures are located in the local project vicinity. The Project Site's zoning designation is M2-2-CPIO and the General Plan land designation is Light Industrial. The surrounding land uses are similarly designated for and consist of light industrial land uses. The Project Site and surrounding area are flat and there are no water courses or natural features in the local Project vicinity. No known hazardous or other adverse environmental conditions occur on the Project Site or immediate surrounding area.

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

Zoning: M3-1-CUGU, heavy manufacturing, tract TR 5030

- (c) **Previous Use:** Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

manufacturing since 1954

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

Yes, thus no expansion of an existing use.

- (e) **Maps to be Included:** Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).

**3. Project Operations/Description.** Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) **Activities Occurring Onsite:** Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).

**Cannabis Cultivation**

The cultivation facility operates within a well-ventilated and secure indoor space measuring approximately 2,500 square feet. It employs a hydroponic system to optimize water and nutrient management. Advanced LED lighting systems and climate control measures are in place to ensure energy-efficient and eco-friendly operations. The site adheres to all local and state regulations, including pest management, waste disposal, and tracking requirements.

**Cannabis Manufacturing**

The manufacturing unit occupies 600 square feet within the same facility. This unit specializes in the infusion of cannabis extracts into a variety of consumer products, including edibles, tinctures, and topicals. Equipment is pharmaceutical grade and the processes are GMP-compliant (Good Manufacturing Practices), ensuring product consistency and quality. Waste materials are efficiently managed to minimize environmental impact, as per CEQA and local ordinances.

**Cannabis Distribution**

The distribution area also utilizes 600 square feet within the facility. It acts as a hub for storing and dispatching a wide range of cannabis products. This operation runs on a just-in-time inventory model to minimize storage time and thus, reduce energy consumption and waste. The area is climate-controlled and monitored to ensure product quality and safety. It abides by all compliance standards, including secure transportation and track-and-trace systems required by the State of California.

Additionally, Project includes the leasing of an industrial building to be occupied with an industrial use. No exterior improvements to the building or parking areas are being proposed. As such, aside from minor interior tenant improvements, the building would remain in its current existing condition. Consistent with CEQA Guidelines Section 15301, Class 1 facilities determined to be categorically exempt from additional CEQA review, include the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The key consideration is whether the project involves negligible or no expansion of use. The Project would in fact result in no changes to the exterior of the building or parking areas. Occupation levels would be similar or less than former on-site uses. The proposed uses are allowed per the site's zoning and land use designations.

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

n/a

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

as stated above: Lot is 3,839.9 sq. ft, see premise diagram for floor area of project

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

DCC licensed

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

9 a.m. - 5 p.m. Monday-Friday (some weekends, depending on productions)

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

5 employees as stated previously

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

the Project would have only five (5) employees per shift that generate approximately 20 vehicle trips per day during regular business hours, which would not result in a significant vehicle miles travelled (VMT) impact. Therefore, there is no reasonable possibility that the Project would have a significant effect on the environment due to unusual circumstances

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

LADWP, no water rights are needed from the State Water Resources control Board

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

City wastewater collection facilities

#### 4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

The Project Site and surrounding area are flat and there are no water courses or natural features in the local Project vicinity

- (b) General Topographic Features (slopes and other features):

The Project Site and surrounding area are flat and there are no water courses or natural features in the local Project vicinity

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

The Project Site and surrounding area are flat and there are no water courses or natural features in the local Project vicinity

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

The Project Site and surrounding area are flat and there are no water courses or natural features in the local Project vicinity

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

The Project Site and surrounding area are flat and there are no water courses or natural features in the local Project vicinity

- (f) Identify whether the property has any historic designations or archeological remains onsite:

The Project Site and surrounding area have no historic designations or archaeological remains on site

- (g) Identify whether the property contains habitat for special status species:

The Project Site and surrounding area have no habitat or special status species

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

CO2, as stated above, . All hazardous and flammable materials would be used, stored and transported in accordance with applicable regulations, thus, as is typical for similar industrial uses in the area.

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

The project will not increase the quantity or type of solid wasted.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

The project will not require an increase in energy, energy source: LADWP anticipated amount is : Lighting & HVAC: 300-400 kWh/day: Cultivation: 300Kwh/day  
Manufacturing Equipment: 500-700 kWh/day  
Distribution: 17 kWh/day  
Total: 1,117 kWh per day

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

The purposed project will not expand the existing footprint as stated previously.

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

n/a

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

The Project includes the leasing of an industrial building to be occupied with an industrial use. No exterior improvements to the building or parking areas are being proposed. As such, aside from minor interior tenant improvements, the building would remain in its current existing condition. Consistent with CEQA Guidelines Section 15301, Class 1 facilities determined to be categorically exempt from additional CEQA review, include the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The key consideration is whether the project involves negligible or no expansion of use. The Project would in fact result in no changes to the exterior of the building or parking areas. Occupation levels would be similar or less than former on-site uses. The proposed uses are allowed per the site's zoning and land use designations.

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☐ California Department of Fish and Wildlife
- ☐ State Water Resources Control Board / Regional Water Quality Control Board
- ☒ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☐ Los Angeles Department of Water and Power
- ☐ Los Angeles Department of Public Works, Bureau of Sanitation

**Partial List of Categorical Exemptions under CEQA**

*Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.*

<b>Class</b>	<b>Category</b>	<b>Description</b>
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
