(Address)

Project Title: DCR CORE RECORD NO. 403922

Project Applicant: Stem Analytical, LLC

Project Location - Specific:

3045 E. 12th Street, Unit #5, Los Angeles, CA 90023 / 12th St and Evergreen Ave

Project Location - City: Los Angeles

Project Location - County: Los Angeles

Description of Nature, Purpose and Beneficiaries of Project:

Cultivation of commercial cannabis products under State and local law.

Name of Public Agency Approving Project: City of Los Angeles, Department of Cannabis Regulation

Name of Person or Agency Carrying Out Project: Stem Analytical, LLC

Exempt Status: **(check one):**

- ☐ Ministerial (Sec. 21080(b)(1); 15268);
- ☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- ☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- ☒ Categorical Exemption. State type and section number: CEQA Sections 15301 & 15332/Class 1 & 32
- ☐ Statutory Exemptions. State code number: _____

Reasons why project is exempt:

Environmentally benign infill project consistent with the General Plan, Zoning requirements and consistent with the criteria for a Class 1 & Class 32 Categorical Exemption pursuant to CEQA Guidelines Section 15301 & 15332 and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

DETERMINATION AND APPROVAL OF COMMERCIAL CANNABIS ANNUAL LICENSE(S)

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the categorical exemptions under Class 1 and Class 32.

DCR Record No.:	LA-S-24-403922-ANN
Applicant Name:	Stem Analytical, LLC
Activity(ies) Requested:	Nursery (Type 4)
Proposed Project:	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.
Business Premises Address/ Project Location:	3045 E. 12th Street, Unit #5 Los Angeles, CA 90023
Council District: Closest Neighborhood Council: Business Improvement District: Community Plan Area: Zoning:	14 Boyle Heights - Boyle Heights M3-1-CUGU
LAMC Section / "Phase":	LAMC 104.06.1 / Phase 3 General
Environmental Analysis/Clearance: ENV-403922-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of July 3, 2023. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State Provisional License, CCL23-0000207, to conduct Nursery (Type 4), active through June 28, 2025.

The Applicant is subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 3045 E. 12th Street, Unit #5, Los Angeles, CA 90023, a parcel zoned for Heavy Manufacturing purposes.

DEPARTMENT ANNUAL LICENSING DETERMINATIONS:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- **(Social Equity only):** The Applicant has met the requirements under LAMC Section 104.20.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- **(Social Equity Only)** Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Nursery (Type 4), Temporary Approval to an Annual License to be located on an existing site zoned for Heavy Manufacturing, M3-1-CUGU at 3045 E. 12th Street, Unit #5, Los Angeles, CA 90023 (Assessor's Parcel Number 5169-005-002). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be Monday through Friday from 8:00 a.m. to 5:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit B). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

Heavy Manufacturing / M3-1-CUGU

Surrounding Land Use/Zoning Designations

Heavy Manufacturing / M3-1-CUGU

Subject Property

The subject site is a fully developed lot within the Boyle Heights Community Plan Area. The lot is approximately 205 feet deep and a width of 76 feet along 12th Street. The site is currently developed with a Industrial - Light Manufacturing - One Story building, built in 1951 proposed to be maintained.

The site has a Heavy Manufacturing land-use designation and is zoned M3-1-CUGU. The site is located within Council District 14, Boyle Heights Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties

Abutting uses include Heavy Manufacturing uses within 200 feet of the site. The immediate area along 12th Street is predominantly developed with Heavy Manufacturing uses, zoned M3-1-CUGU. (See Exhibit B)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

- a) The site is comprised of one lot totaling approximately 12,494 gross square feet, zoned M3-1-CUGU with a Industrial - Light Manufacturing - One Story building originally constructed in 1951. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.
- b) The subject site is wholly within the City of Los Angeles, on an approximately 12,494 gross square foot property (i.e., less than five acres), and is substantially surrounded by Heavy Manufacturing uses. The surrounding area is Heavy Manufacturing zoned M3-1-CUGU, and developed with a mix of Heavy Manufacturing buildings along 12th Street between Evergreen Avenue and 11th Street.
- c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.
- d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.
- e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION ACTIONS:

The Department of Cannabis Regulation:

1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Nursery (Type 4), Commercial Cannabis Activity at the Business Premises location; and,
3. Adopted the Project Analysis & Findings and Notice of Exemption.

Jason Killeen, Assistant Executive Director
Department of Cannabis Regulation

Applicants seeking DCR to consider whether the project is exempt from further CEQA review may provide justification for a categorical exemption (a partial list of categorical exemptions is provided at the end of this document).

CEQA Exemption Petition

Class: 1

Category: Existing Facilities

Explanation of how the project

fits the CEQA exemption indicated above:

See attached.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*
See attached.

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*
See attached.

- (b) Existing General Plan/Land Uses/Zoning: *Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*
See attached.

- (c) Maps to be Included: *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8 ½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

3. **Project Description.**

- (a) Activities Occurring Onsite: *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property.*

See attached.

- (b) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*
See attached.

4. Operation and Maintenance Activities:

- (a) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*
See attached.

- (b) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*
See attached.

- (c) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

See attached.

- (d) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

See attached.

- (e) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g. leach field, City wastewater collection facilities).*

See attached.

5. Environmental Setting:

- (a) Describe natural characteristics on the project site:
See attached.

- (b) General Topographic Features (slopes and other features):

See attached.

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc):

See attached.

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

See attached.

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

See attached.

- (f) Identify whether the property has any historic designations or archeological remains onsite:

See attached.

- (g) Identify whether the property contains habitat for special status species:

See attached.

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

See attached.

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite.

See attached.

- (j) Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resources:

See attached.

6. **Environmental Commitments:** *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*
See attached.

7. **Permits Required:** *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☐ California Department of Cannabis Control
- ☐ Los Angeles Fire Department
- ☐ Los Angeles Department of Building and Safety
- ☐ California Department of Fish and Wildlife
- ☐ State Water Resources Control Board / Regional Water Quality Control Board
- ☐ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☐ Los Angeles Department of Water and Power
- ☐ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 5	Minor Alterations in Land Use Limitations	Consists of minor alterations in land use limitations in areas with an average slope of less than 20%, which do not result in any changes in land use or density. (Cal. Code Regs., tit. 14, § 15305.)
Class 15	Minor Land Divisions	Consists of the division of property in urbanized areas zoned for residential, commercial, or industrial use into four or fewer parcels when the division is in conformance with the General Plan and zoning, no variances or exceptions are required, all services and access to the proposed parcels to local standards are available, the parcel was not involved in a division of a larger parcel within the previous 2 years, and the parcel does not have an average slope greater than 20 percent. (Cal. Code Regs., tit. 14, § 15315.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.

DCR Form 4013: Project-Specific Information

Class: 1 **Category: Existing Facilities**

This project will consist of a commercial cannabis nursery facility taking place in one (1) existing urban site building. This project complies as a Class 1 Existing Facilities categorical exemption under CEQA guidelines Section 15301 consisting of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination.¹ There will be no excavations on the site or construction of any building additions. The project will consist of tenant improvements to the existing building to fit the operational needs of a commercial cannabis nursery facility. Such minor alterations and repairs include construction of interior walls, security upgrades such as barred windows and installation of commercial grade doors and locks, and HVAC installation or improvements. Additional improvements may be needed to ensure the building is compliant with the city's building code to meet health and safety standards for commercial use such as plumbing for employee break room and toilet facilities, fire safety measures, and ensuring the building and grounds remain in good condition to meet city, state and federal health and safety standards.

Hazardous Materials

3. Project Description

a. Activities Occurring on Site

The activities taking place on site will be a Type 4 Nursery commercial cannabis facility. Primary nursery activities include producing clones, immature plants and seeds, and tissue culture lab. No other commercial cannabis activities are occurring or are proposed on the licensed premises.

b. Project Size

Parcel: 12,494 SF

Building: 2,978.5 SF floor area

4. Operation and Maintenance Activities

a. Hours of Operation

The normal hours of operation will be Monday through Sunday 8:00AM to 5:00PM with 8 hour shifts per day/40 hours per week for full time employees and 5-6 hours per day/20 hours per week for part time employees.

b. Number of Employees

We anticipate a total three (4) employees needed to operate our cannabis nursery facility broken down as follows:

- One (1) Facility Manager onsite 8:00AM to 5:00PM Monday through Friday. Weekend shift hours only if necessary.
- One (1) full time or part time Accountant working onsite and/or remotely between the hours of 8:00AM to 5:00PM Monday through Friday.
- Two (2) full time or part time nursery employees onsite for forty (40) hours or twenty (20) hours per week between the hours of 8:00AM to 5:00PM Monday through Friday and weekends as necessary.

c. Estimated Trip Generation

We will partner with a licensed distribution facility to transport cannabis products to and from the facility. We anticipate to conduct two (2) to four (4) shipments per month subject to fluctuation depending on production. Shipments are anticipated to occur in the early morning or afternoon hours.

d. Source(s) of Water

Our water source for cannabis cultivation activities is provided by the Los Angeles Department of Water and Power (LADWP).

e. Wastewater Treatment Facilities

Wastewater flows to the city's wastewater collection facility through our sewage system. We have obtained a Notice of Applicability (NOA) WDID 4_19CC449847 from the State Water Resources Control Board for our cannabis wastewater discharged into the city's wastewater collection facility.

5. Environmental Setting

a. Natural Characteristics of Project Site

The project is located in an existing built-out urban site on a flat parcel with no existing natural characteristics. Soil stability is not applicable and there will be no disturbance to the existing soil. There will be no disturbance to existing site conditions or characteristics.

b. General Topographic Features

The project is located on a flat parcel in an existing built-out urban site. The slope is between 0-5%. Elevation of the area is approximately 230 feet. The area has a farmland

classification of *prime farmland if irrigated* per the United State Department of Agriculture Web Soil Survey.²

c. Natural Characteristics (Vegetation, Drainage, Soil Stability, Habitat, etc.)

There is no existing vegetation on the site. The existing site is paved with finished drainage and drainage class of *well drained*.³ Soil in the surrounding area is composed of 45% urban land, 25% of Azuvina and similar soils, 20% of Montebello and similar soils, and 10% of minor components. Soil stability is not applicable and there will be no disturbance to the existing soil, existing site conditions or characteristics.

d. Watercourses and Riparian Habitats within 150 feet of Premises

None. The nearest water body is the Los Angeles River approximately 2,798 feet from the premises per the USGS Streamer database.

e. Natural Features of Scenic Value

None. Not applicable natural features per planning and zoning information.

f. Historic Designations or Archeological Remains

There are no known historic designations or archeological remains onsite per planning and zoning information and the property location is not found in the National Register of Historic Places.

g. Habitat for Special Status Species

None. This is an existing urban site and habitat for species is not applicable per planning and zoning information and there are no critical habitats in this location for special status species according to the U.S. Fish & Wildlife Information for Planning and Consultation (IPaC).

h. Hazardous Materials

The project will not store, use or dispose of any hazardous materials as defined by Health and Safety Code section 25260 on the site.

i. Solid Waste

This project will not increase the quantity and type of solid waste as defined by Public Resources Code section 40191. Solid waste generated will be of the type expected during construction and operations, including but not limited to, paper, product packaging

² Los Angeles County, California, Southeastern Part, National Cooperative Soil Survey, National Resources Conservation Service (Version 9, Sept. 1, 2022), <https://websoilsurvey.sc.egov.usda.gov/App/HomePage.htm>

³ Id.

materials, waste generated during construction, garbage generated from food, and maintaining toilet facilities. Any hazardous waste as defined by Health and Safety Code section 25117 will only be the disposal of any of the hazardous materials used and stored on site.

This project will not increase the quantity and type of solid waste as defined by Public Resources Code section 40191, or hazardous waste as defined by Health and Safety Code section 25117. Solid waste generated will be of the type expected during construction and operations, including but not limited to, paper, product packaging materials, waste generated during construction, garbage generated from food, and maintaining toilet facilities.

j. Operational Energy Needs

The energy source to operate the facility is provided by the Los Angeles Department of Water & Power.

k. Environmental Commitments

The project will have negligible adverse environmental impacts as a result of our commercial cannabis activities. The project will consist of tenant improvements to an existing built-out urban site to fit the operational needs of a cannabis nursery facility. The project will not significantly increase traffic or noise levels or affect air and water quality levels to a degree that would cause a nuisance to the surrounding environment and community. That being said, we are committed to sustainability and reducing our environmental impact anywhere we can. To that end, we will continue to pursue and adopt methods that are proven to reduce our energy use and the use of hazardous materials. The facility will be outfitted with equipment and systems with high grade energy efficiency ratings. Additionally, all employees are required to contribute in keeping the facility grounds clean and free of debris and contamination. Enforcement action will be taken against any employee found to be littering or engaging in activities that would pose a source of contamination to the grounds or our operations. In the event we receive complaints that our operations produce to cause a nuisance, corrective action will be immediately implemented.
