# DETERMINATION AND APPROVAL OF COMMERCIAL CANNABIS ANNUAL LICENSE(S)

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the categorical exemptions under Class 1 and Class 32.

DCR Record No.:	LA-C-24-200252-ANN	
Applicant Name:	Kanna King Farms Cooperative Corporation	
Activity(ies) Requested:	Distributor (Type 11)	
	Manufacturer (Type 6)	
Proposed Project:	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.	
Business Premises Address/	3547 E 15th Street	
Project Location:	Los Angeles, CA 90023	
Council District:	14	
Closest Neighborhood Council:	Boyle Heights	
Business Improvement District:	-	
Community Plan Area:	Boyle Heights	
Zoning:	M3-1-CUGU	
LAMC Section / "Phase":	LAMC 104.08 / Phase 2	
Environmental Analysis/Clearance: ENV-200252-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)	

#### BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of January 25, 2019. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State Provisional License, C11-0000462-LIC, to conduct Distributor (Type 11), active through June 21, 2025; CDPH-10004306, to conduct Manufacturer (Type 6), active through August 14, 2025.

The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 3547 E 15th Street, Los Angeles, CA 90023, a parcel zoned for Heavy Manufacturing purposes.

#### DEPARTMENT ANNUAL LICENSING DETERMINATIONS:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- (Social Equity only): The Applicant has met the requirements under LAMC Section 104.20.

#### THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- (Social Equity Only) Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

#### CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Distributor (Type 11); Manufacturer (Type 6), Temporary Approval to an Annual License to be located on an existing site zoned for Heavy Manufacturing, M3-1-CUGU at 3547 E 15th Street, Los Angeles, CA 90023 (Assessor's Parcel Number 5192-006-031). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 9:00 a.m. to 8:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit B). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

#### **CEQA PROJECT ANALYSIS & FINDINGS:**

#### Land Use/Zoning Designations

Heavy Manufacturing / M3-1-CUGU

#### Surrounding Land Use/Zoning Designations

Heavy Manufacturing / M3-1-CUGU

#### Subject Property

The subject site is a fully developed lot within the Boyle Heights Community Plan Area. The lot is approximately 40 feet deep and a width of 40 feet along 15th Street. The site is currently developed with an Industrial - Warehousing, Distribution, Storage, Under 10, 000 SF - One- Story building, built in 1960 proposed to be maintained.

The site has a Heavy Manufacturing land-use designation and is zoned M3-1-CUGU. The site is located within Council District 14, Boyle Heights Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

#### Abutting Properties

Abutting uses include marketing services, metal fabrication and laundry uses within 200 feet of the site. The immediate area along 15th Street is predominantly developed with Heavy Manufacturing uses, zoned M3-1-CUGU. (See Exhibit B)

#### CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 1,600 gross square feet, zoned M3-1-CUGU with a Industrial - Warehousing, Distribution, Storage, Under 10, 000 SF - One-Story building originally constructed in 1960. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 1,600 gross square foot property (i.e., less than five acres), and is substantially surrounded by Heavy Manufacturing uses. The surrounding area is Heavy Manufacturing zoned M3-1-CUGU, and developed with a mix of marketing services, metal fabrication and laundry buildings along 15th Street between Esperanza Street and Spence Street.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

#### **DEPARTMENT OF CANNABIS REGULATION ACTIONS:**

The Department of Cannabis Regulation:

- 1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
- 2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Distributor (Type 11), Manufacturer (Type 6), Commercial Cannabis Activity at the Business Premises location; and,
- 3. Adopted the Project Analysis & Findings and Notice of Exemption.

Jason Killeen, Assistant Executive Director Department of Cannabis Regulation

# **PROJECT-SPECIFIC INFORMATION FORM**

#### LIC-4013-FORM

**Instructions:** Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant or Licensee as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project.

Please provide detailed responses with as much information as possible. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability, and upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities

#### **Categorical Exemption Evaluation Form**

**Instructions:** Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

# **Project Description:** Insert project description information or reference where this information is located.

The Project Applicant, Kanna King Farms Cooperative Corporation is proposing to occupy the existing on-site industrial building (approxiamately 4, 860 sq ft) as a distributor and manufacturer of cannabis products. No Retail Sales of cannabis related products on site. Distribution and Manufacting on site are cannabis commerical activities on-site. No new exterior improvements to the building or parking area are being proposed. Minor interior tenant improvements only would occur. Occupation of the buildingg would average approximately five(5) employees. The project would in fact result in no changes to the exterior of the building or parking areas.Occupation levels would be similiar or less than former on-site uses. The proposed uses are allowed per the site's zoning and land use designations.

#### Categorical Exemption Evaluation Form

#### **Class 1: Existing Facilities**

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose?

🔳 Yes 🗌 No

Provide details of current or prior operation(s). Cite source(s) of information.

As stated in the project discription.

The project site Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination

 Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to <u>Question 6</u>)

🗆 Yes 🔳 No

Provide expansion details, if applicable. Cite source(s) of information.

ABIS REGULA

3. Project Expansion: \_\_\_\_\_\_ Size of expansion in square feet: \_\_\_\_\_\_

Cite source(s) of information.

a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to <u>Question 6</u>.) □ Yes □ No

Cite source(s) of information.

b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to <u>Question 4</u>.)
 □ Yes □ No

Cite source(s) of information.

c. Would the expansion be greater than 10,000 square feet?

Cite source(s) of information.

Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)?

Describe which public services serve the project site. Cite source(s) of information.

□ Yes □ No

5. Is there evidence that the project site is located in an environmentally sensitive area?

🗆 Yes 🗆 No

Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.

- 6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)
  - 🗆 Yes 🔳 No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures?

🗆 Yes 🔳 No

Describe size of structure to be demolished and location.

#### **Categorical Exemption Evaluation Form**

**Class 2: Replacement or Reconstruction** 

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed?

🗆 Yes 🔳 No

Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.

2. Would the new structure have substantially the same purpose and capacity as the existing structure?

🗆 Yes 🔳 No

Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) □ Yes ■ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

#### **Categorical Exemption Evaluation Form**

#### **Class 3: New Construction or Conversion of Small Structures**

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures?

🗆 Yes 🔳 No

Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.

2. Does the project involve the construction of new small structures?

🗆 Yes 🔳 No

Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.

Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.

3. Is the project within an urbanized area? (If no, skip to Question 9.)

🔳 Yes 🗆 No

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site?

Cite source(s) of information.

The project is located in an industrialized manufaturing zone and is consistent with general plan, zoning, regulations and plan designation

- 2. Project Size and Location
  - a. Is the project site 5 acres in size or less?

Indicate the size of the project site, in acres. Cite source(s) of information.

the project size is .147 acres, zimas.lacity.org

b. Is the project site substantially surrounded by urban uses?

🔳 Yes 🗌 No

🔳 Yes 🗆 No

Yes 🗆 No

Describe the uses of the surrounding properties. Cite source(s) of information.

As stated above, the Project site is located in an urbanized, industrial area and the Project would not increase the intensity of industrial uses on the Project site. There is no sensative natural resources of any kind on the Project site on in the surrounding area, as all area is fully developed industrial buildings

3. Does the project site have value as habitat for endangered, rare, or threatened species?

🗆 Yes 🔳 No

Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality?

🗌 Yes 🔳 No

Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.

The Project Site and surrounding area are flat and there are no water courses or natural features in the local Project vicinity. No known hazardous or other adverse environmental conditions occur on the Project Site or immediate surrounding area. Also the project would have only five (5) employees per shift that generate approximately 20 vehicle trips per day during regular business hours, which would not result in a significant vehicle miles travelled (VMT) impact. Therefore, there is no reasonable possibility that the Project would have a significant effect on the environment due to unusual circumstances. Sources:

5. Can the project site be adequately served by all required utilities and public services?

🔳 Yes 🗌 No

Describe which utilities and public services serve the project site. Cite source(s) of information.

LADWP, LA Dept. of Santitation, LAFD, LAPD

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

🗆 Yes 🔳 No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

#### **Exceptions to Exemptions**

#### 1. Scenic Highways

a. Is the project visible from an official State Scenic Highway?

🗆 Yes 🔳 No

List State Scenic Highway(s) from which the project is visible (if applicable). Cite source(s) of information.

b. If yes, would the project result in damage to scenic resources?

🗆 Yes 🗆 No

Describe scenic resources and potential damage (if applicable). Cite source(s) of information.

Government Code § 65962.5 (Cortese List)?

2. Is the project located on a site included on any list compiled pursuant to

Describe the type of hazardous site (if applicable). Cite source(s) of information.

According to the Department of Toxic Substances Control EnviroStor database and the California State Water Resources Control Board Geotracker database, the Project Site is not on any list of hazardous waste sites.

3. Would the project result in a substantial adverse change in the significance of a historical resource?

🗆 Yes 🔳 No

🗆 Yes 🔳 No

List the historic resource(s) potentially affected and describe the potential effects (if applicable). Cite source(s) of information.

source: LADBS

4. Is there evidence of the potential for the project to contribute to a significant cumulative impact?

🗆 Yes 🔳 No

Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.

The Project is not related to any other "successive projects of the same kind in the same place over time," thus, no significant cumulative impacts would occur.

5. Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?

🗆 Yes 🔳 No

Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.

As stated above, the Project Site is located in an urbanized, industrial area and the Project would not increase the intensity of industrial uses on the Project Site. There are no sensitive natural resources of any kind on the Project Site or in the surrounding area, as the Project Site and surrounding area are fully developed with industrial buildings, and there are no "unusual circumstances" that would indicate a potential for any significant environmental effects. Operation of the Project would comply with all City of Los Angeles code requirements as applicable

6. Would the project impact an environmental resource of hazardous or critical concern?

🗆 Yes 🔳 No

Provide details, if needed. Cite source(s) of information.

According to the Department of Toxic Substances Control EnviroStor database and the California State Water Resources Control Board Geotracker database, the Project Site is not on any list of hazardous waste sites

7. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?

🗆 Yes 🔳 No

Provide details, if needed. Cite source(s) of information.

As stated above, the Project Site is located in an urbanized, industrial area and the Project would not increase the intensity of industrial uses on the Project Site. There are no sensitive natural resources of any kind on the Project Site or in the surrounding area, as the Project Site and surrounding area are fully developed with industrial buildings, and there are no "unusual circumstances" that would indicate a potential for any significant environmental effects

#### **CEQA Exemption Petition**

Class: 1 \_\_\_\_Category: Existing Facility

Explanation of how the project fits the CEQA exemption indicated above:

The project Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination.

1. Source(s) of Information: Identify Sources: Indicate the document(s) or other sources of information reviewed to complete this form.

zimas.lacity.org , www.opr.ca.gov/ceqa, LADBS website(permits)

#### 2. Project Location and Surrounding Land Use.

(a) Describe Project Location: Provide detailed information about the project location and any other physical description that clearly indicates the project site location.

The project is located in LOT 191, APN.5192006031, on NW corner of 15th st and Esperanza, ST. (see attached).

(b) Existing Land Uses/Zoning: Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.

Zoning: M3-1-CUGU, Similar light industrial uses and structures are located in the local project vicinity. The surrounding land uses are similarly designated for and consist of light industrial land uses. The Project Site and surrounding area are flat and there are no water courses or natural features in the local Project vicinity

(c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

	manufacturing
(d)	Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.
	Yes

- (e) Maps to be Included: Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).
- 3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.
  - (a) Activities Occurring Onsite: Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).

pplicant, Kanna King Farms Cooperative Corporation is proposing to occupy the existing on-site industrial building (approxiamately 4, 860 sq ft) as a distributor and manufacturer of cannabis products. No Retail Sales of cannabis related products on site. Distribution and Manufacting on site are cannabis commerical activities on-site. No new exterior improvements to the building or parking area are being proposed. Minor interior tenant improvements only would occur. Occupation of the buildingg would average approximately five(5) employees. The project would in fact result in no changes to the exterior of the building or parking areas.Occupation levels would be similiar or less than former on-site uses. The proposed uses are allowed per the site's zoning and land use designations.

(b) Cannabis Operation Activities Owned by the Same or Different Businesses: Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.

n/a		

(c) Project Size: Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.

4,400 sq ft is the manufacturing and distribution floor area of the project

(d) State License: Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.

Yes, CDPH and DCC licensed

(e) Hours of Operation/Work Shifts: Identify the hours of operation/work shifts for the project.

(f) Number of employees (total and by shift): *Estimate the number of anticipated employees* onsite and occupancy during operating hours.

5

(g) Estimated Daily Trip Generation: Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.

Project operations would involve approximately 20 vehicle trips per day during regular business hours.

(h) Source(s) of Water: Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.

() Wastewater Treatment Facilities: Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).

City wastewater		

#### 4. Environmental Setting:

(a) Describe natural characteristics on the project site:

none	0		24-10	27

(b) General Topographic Features (slopes and other features):

none

(c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

none

(d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

n/a			

(e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

n/a			

(f) Identify whether the property has any historic designations or archeological remains onsite:

No	
Identify whether the property contains habitat	for special status species:
NO	

(h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

According to the Department of Toxic Substances Control EnviroStor database and the California State Water Resources Control Board Geotracker database, the Project Site is not on any list of hazardous waste sites.

() Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

No it will not increase

(g)

() Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

Considering a 10 hour day, with LED lighting and HVAC use around 300-400kwh per day, Manufacturing usage of 500 kwh per day on resin press machines, packaging machines, with about 17kwh usage for distribution, total usage estimated per day is 817 kwh/ per day.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

The purposed project will not expand the existing footprint of the proposed facility beyond the current structural boundaries.

6. Environmental Commitments: List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.

7. Other Relevant CEQA Information: Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant.

The Project has been reviewed under Guidelines Section 15300.2 and, for the reasons explained , none of the relevant exceptions to the Class 1 categorical exemption in section 15300.2 apply here.

#### **Project-Specific Information Form**

# DCR Record No. LA-S-23-200252-ANN

- 8. Permits Required: List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:
  - California Department of Cannabis Control
  - Los Angeles Fire Department
  - Los Angeles Department of Building and Safety
  - □ California Department of Fish and Wildlife
  - □ State Water Resources Control Board / Regional Water Quality Control Board
  - □ County of Los Angeles Public Health Permit
  - □ Local Air District
  - □ Streambed Alteration Agreement
  - □ Water quality protection program
  - □ Los Angeles Department of Water and Power
  - □ Los Angeles Department of Public Works, Bureau of Sanitation

# Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1 Class 2	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, <i>§</i> 15301.) Consists of replacement or reconstruction of existing
	Reconstruction	structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
