DETERMINATION AND APPROVAL OF COMMERCIAL CANNABIS ANNUAL LICENSE(S)

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the categorical exemptions under Class 1.

DCR Record No.:	LA-C-24-200128-ANN
Applicant Name:	Washington Sage LLC
Activity(ies) Requested:	Manufacturer (Type 6) Distributor (Type 11) Cultivation Small Indoor (Type 2A)
Proposed Project:	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.
Business Premises Address/ Project Location:	770 E Washington Blvd Los Angeles, CA 90021
Council District: Closest Neighborhood Council: Business Improvement District: Community Plan Area: Zoning:	9 South Central - Southeast Los Angeles C2-2D-O-CPIO
LAMC Section / "Phase":	LAMC 104.08 / Phase 2
Environmental Analysis/Clearance: ENV-200128-ANN	Notice of Exemption pursuant to the Class 1 categorical exemption (tit. 14, Cal. Code Regs., §§ 15301)

BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of October 4, 2019. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State Provisional License, C12-0000263-LIC, to conduct Commercial Microbusiness: Manufacturer (Type 6), Distributor (Type 11), and Cultivation Small Indoor (Type 2A), active through September 12, 2025.

The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 770 E Washington Blvd, Los Angeles, CA 90021, a parcel zoned for Commercial purposes.

DEPARTMENT ANNUAL LICENSING DETERMINATIONS:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) EVALUATION

PROJECT DESCRIPTION:

The Applicant seeks an Annual Licenses for cannabis cultivation, distribution, non-volatile manufacturing and microbusiness on an existing site zoned for light manufacturing, C2-2D-O-CPIO, at 770 East Washington Boulevard, Los Angeles, CA 90021 (Assessor's Parcel Number 5131-007-001). The Project-Specific Information Form (LIC-4013-FORM) (**Exhibit A**) submitted by the Applicant indicates the project site is currently used for cannabis cultivation, and that the Applicant would add distribution and non-volatile manufacturing activities. The Applicant intends to perform minor interior alterations to approximately 16,850 square feet of cannabis cultivation and office area but would not expand existing structures. Proposed distribution activities would include the packaging, labeling and wholesale distribution of cannabis products on site. Proposed manufacturing would include extraction of cannabinoids, post-processing (refinement) of cannabis extract, infusion of extract or plant material with other ingredients, and packaging/labeling cannabis products. Proposed cultivation activities include preparing the soil and growing medium, planting seeds or clones, irrigating, fertilizing, and managing pests, harvesting plants, drying, curing and trimming plants. Micro-business licenses allow for cannabis businesses to do at least three of the following: cultivation, manufacturing, distribution, and/or retail. Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Proposed operations would have a total of seven employees with hours of operation from 7:00 a.m. to 10:00 p.m. with 24/7 on-site security. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (**Exhibit B**). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

PROJECT INFORMATION AND RELEVANT CEQA PROVISIONS:

Project Site Land Use/Zoning Designations

General Plan: Community Commercial; Zoning: Commercial Zone (C2-2D-O-CPIO).

Surrounding Land Use/Zoning Designations

General Plan: Community Commercial, Hybrid Industrial, and Low Medium II Residential.

Zoning: Commercial Zone (C2-2D-O-CPIO), Restricted Density Multiple Dwelling Zone (RD2-1)(RD1.5-1), and Commercial Manufacturing Zone (CM-2D-O-CPIO).

Subject Property

The subject site is a fully developed lot within the Central City Community Plan Area. The lot is approximately 14,287 square feet with 16,859 square feet of floor area (as listed in ZIMAS) and located 770 East Washington Boulevard. The project site currently operates as a cultivation facility, and the proposed project would apply for more cannabis licenses to increase use on-site.

The site has a community commercial land-use designation and is zoned C2-2D-O-CPIO. The site is located within Council District 9, Southeast Los Angeles Neighborhood Council.

Abutting Properties

Abutting properties are developed with single-story and multi-story buildings for light manufacturing and commercial uses.

CEQA Guidelines

Exemption Class(es). CEQA Guidelines, Section 15301, Existing Facilities (Class 1), allows an exemption from CEQA where the project “consists of the operation repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use.” The CEQA Guidelines provide a non-exclusive list of example project types that would be eligible for the exemption. Among these are: 1) Interior or exterior alterations involving such things as interior partitions, plumbing, and electrical conveyances; 2) Restoration or rehabilitation of deteriorated or damaged structures, facilities, or mechanical equipment to meet current standards of public health and safety, unless it is determined that the damage was substantial and resulted from an environmental hazard such as earthquake, landslide, or flood; 3) Additions to existing structures, provided the addition would not result in an increase of 50 percent of floor area or 2,500 square feet, whichever is less, or an increase of up to 10,000 square feet if the project is in an area where all public services and facilities are available to allow for maximum development permissible in the General Plan, and where the area in which the project is located is not environmentally sensitive; and 4) Maintenance of existing landscaping; and 5) Restoration or rehabilitation of deteriorated or damaged structures, facilities, or mechanical equipment to meet current standards of public health and safety, unless it is determined that the damage was substantial and resulted from an environmental hazard such as earthquake, landslide, or flood.

Exceptions. Categorical Exemptions are restricted by CEQA Guidelines Section 15300.2: Exceptions, which establishes exceptions to the applicability of the exemptions. If the proposed project is subject to any of the following exceptions, the project would not be eligible for the applicable categorical exemption: (a) Location - Classes 3, 4, 5, 6, and 11 are qualified by consideration of where the project is to be located – a project that is ordinarily insignificant in its impact on the environment may in a particularly sensitive environment be significant. Therefore, these classes are considered to apply all instances, except where the project may impact on an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies; (b) Cumulative Impact - All exemptions for these classes are inapplicable when the cumulative impact of successive projects of the same type in the same place, over time is significant; (c) Significant Effect - A categorical exemption shall not be used for an activity where there is a reasonable possibility that the activity would have a significant effect on the environment due to unusual circumstances; (d) Scenic Highways - A categorical exemption shall not be used for a project which may result in damage to scenic resources, including but not limited to, trees, historic buildings, rock outcroppings, or similar resources, within a highway officially designated as a state scenic highway. This does not apply to improvements which are required as mitigation by an adopted negative declaration or certified EIR; (e) Hazardous Waste Sites. A categorical exemption shall not be used for a project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code; and (f) Historical Resources - A categorical exemption shall not be used for a project which may cause a substantial adverse change in the significance of a historical resource.

CEQA PROJECT ANALYSIS & FINDINGS:

Analysis of Exemption

The proposed project is seeking licensing for continued cannabis cultivation, and the addition of distribution, non-volatile manufacturing, and micro-business activities. The project would have no exterior modifications, but would perform minor interior alterations to approximately 16,850 square feet of cannabis cultivation and office area.

Different manufacturing license types are based on the activities performed, chemicals used for extraction and post processing, and whether the manufacturer works in a shared-use facility. California sets forth cannabis licensing regulations [California Business and Professions Code (BPC), Division 10, Cannabis], which are overseen by the State Department of Cannabis Control. These regulations address manufacturing, distribution and transportation, including safety measures. The California Code of Regulations, Division 1, Chapter 13 addresses Manufactured Cannabis Safety. The State Department of Cannabis Control requires manufacturers to follow “good manufacturing practices” and to have a “product quality plan” as part of the manufacturing annual license. The product quality plan must include an assessment of potential hazards in a facility and manufacturing process and preventative measures to minimize risk.¹ Several Cal/OSHA regulations also apply to workplaces in the cannabis industry, to assure onsite safety.

On the local level, the Los Angeles Department of Cannabis Regulation reviews applications for compliance with the state regulations including the product quality plan, before approval. With regulatory requirements in place, the newly added use at the project site would result in less than significant impacts. These less than significant impacts would occur within an area that is General Plan-designated for Community Commercial.

Based on the above, the project would meet the criteria for a CEQA Cass 1 Categorical Exemption as “operation repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use.”

Analysis of Exceptions

a) Location. The CEQA Guidelines establish that the locational exception does not apply to a Class 1 Categorical Exemption and thus would not be applicable to the project.

b) Cumulative Impact. The project does not propose demolition or construction or substantive modifications to the existing facilities. As the project itself would have no impacts (as determined in this CEQA evaluation), it would not contribute a cumulatively considerable effect to a cumulative impact.

c) Significant Effect. The project is seeking approval for an Annual License for cultivation, distribution, non-volatile manufacturing and microbusiness from the Department of Cannabis Regulation. The project would be consistent with the general plan designation, applicable general plan policies, zoning designation, and regulations for commercial cannabis activity at the site. There are no known unusual circumstances on or around the project site that would warrant environmental analysis.

¹ California Department of Cannabis Control, Manufacturing, Accessed on February 14, 2025 at: <https://cannabis.ca.gov/licenssees/manufacturing/>. Also, Subchapter 3. Requirements of Operation, Article 3. Good Manufacturing Practice

d) Scenic Highways. Based on Caltrans California State Highways Maps, there are no designated Scenic Highways in the project vicinity.² In addition, the project site has no resources, and the project would involve no physical changes to the environment. Therefore, the project would not damage mature, scenic trees, or scenic rock outcroppings.

e) Hazardous Waste Sites. The project site is not located within a site which is included in any list compiled pursuant to Section 65962.5 of the Government Code, commonly referred to as the Cortese List, as shown below:

- The California Department of Toxic Substances Control EnviroStor Hazardous Waste and Substances Site List;³
- The State Water Resources Control Board GeoTracker;⁴
- Solid waste disposal sites identified by State Water Resources Control Board with waste constituents above hazardous waste levels outside the waste management unit;⁵
- The State Water Resources Control Board list of Cease-and-Desist Orders and Cleanup and Abatement Orders;⁶ and
- Hazardous waste facilities subject to corrective action pursuant to Section 25187.5 of the Health and Safety Code, as identified by the California Department of Toxic Substances Control.⁷

The project site is located adjacent to an active cleanup site (776 East Washington Boulevard) listed by the Department of Toxic Substances Control EnviroStor Hazardous Waste and Substance Site; however, since project site is not identified as a hazardous waste site, the project would not be in conflict within the exception. Further, state regulations and the Department of Cannabis Regulation's application review process would result in appropriate safety measures are in place so that the project would have less than significant hazard impacts.

f) Historical Resources. The project site is currently developed with buildings and hardscape features and the proposed project would not change these existing conditions. The City ZIMAS system identifies no historic designations or overlay for the site and indicates no historic preservation review is required (Exhibit B). Further, the proposed project would not demolish or substantially modify the building. The project site is not listed in a local, state, or national register, nor has it been determined as eligible for designation.⁸ Therefore, implementation of the project would not cause substantial adverse change in the significance of a historical resource.

Based on the discussion above, the proposed project's use of a Class 1 Categorical Exemption is not affected by any of the exceptions set forth in State CEQA Guidelines Section 15300.2. As the proposed

² Caltrans, California State Scenic Highway Map, Accessed on February 14, 2025 at: <https://caltrans.maps.arcgis.com/apps/webappviewer/index.html?id=465dfd3d807c46cc8e8057116f1aaca>

³ Department of Toxic Substance Control, EnviroStor, Accessed on February 14, 2025 at: https://www.envirostor.dtsc.ca.gov/public/map/?global_id=38330005

⁴ State Water Resources Control Board, GeoTracker, Accessed on February 14, 2025 at: https://geotracker.waterboards.ca.gov/map/?global_id=T0607302824

⁵ CalEPA, List of Solid Waste Disposal with Waste Constituents Above Hazardous Waste Levels Outside the Waste Management Unit; Accessed on February 14, 2025 at: <https://calepa.ca.gov/wp-content/uploads/sites/6/2016/10/SiteCleanup-CorteseList-CurrentList.pdf>

⁶ CalEPA, List of "Active" CDO and CAO from Water Board, Excel Available at: <https://calepa.ca.gov/sitecleanup/corteselist/>

⁷ CalEPA, Cortese List: Section 65962.5(a), List of Hazardous Waste Facilities Subject to Corrective Action Pursuant to Section 25187.5 of the Health and Safety Code, Identified by DTSC, Accessed on February 14, 2025 at: <https://calepa.ca.gov/sitecleanup/corteselist/section-65962-5a/>

⁸ City of Los Angeles, ZIMAS, Accessed on February 14, 2025 at: <https://zimas.lacity.org/>

project would result in no structural expansion to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project would not physically change the site or the existing structures, therefore, the project would have no impact on scenic or historic resources. The site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up issues.

Conclusion Findings. Based on the analysis above, the proposed project is consistent with the criteria for a Class 1 Categorical Exemption (CEQA Guidelines Section 15301) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION ACTIONS:

The Department of Cannabis Regulation:

1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Manufacturer (Type 6), Distributor (Type 11), and Cultivation Small Indoor (Type 2A) Commercial Cannabis Activity at the Business Premises location; and,
3. Adopted the Project Analysis & Findings and Notice of Exemption.

Categorical Exemption Evaluation Form

Instructions: Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

Project Description: *Insert project description information or reference where this information is located.*

The existing 16,850 square foot building houses a indoor cannabis cultivation facility. Distribution and non-volatile manufacturing (infusion and packaging of products) is planned for the future.

Class 1 Categorical Exemption applies because the cannabis facility will lease space of an approved building footprint, and it will permit the use of the building as a cannabis facility. Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features involving negligible or no expansion of existing or former use. The proposed cannabis facility will operate within leased space of an approved building that has been previously constructed. The project also involves minor alteration of the approved building as it will remodel 16,850 square feet of cannabis cultivation and office area.

Categorical Exemption Evaluation Form

Class 1: Existing Facilities

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose? ☒ Yes ☐ No

Provide details of current or prior operation(s). Cite source(s) of information.

Site is operating as an indoor cannabis cultivation site. Distribution and non-volatile manufacturing (only infusion and/or packaging of products planned).

2. Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6) ☐ Yes ☒ No

Provide expansion details, if applicable. Cite source(s) of information.

3. Project Expansion: _____

Size of expansion in square feet: _____

Cite source(s) of information.

- a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to Question 6.) ☐ Yes ☐ No

Cite source(s) of information.

- b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to Question 4.) ☐ Yes ☐ No

Cite source(s) of information.

- c. Would the expansion be greater than 10,000 square feet? ☐ Yes ☐ No

Cite source(s) of information.

4. Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)? ☐ Yes ☐ No

Describe which public services serve the project site. Cite source(s) of information.

5. Is there evidence that the project site is located in an environmentally sensitive area? ☐ Yes ☐ No

Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.

DEPARTMENT OF

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures?) ☐ Yes ☒ No

Describe size of structure to be demolished and location.

Categorical Exemption Evaluation Form

Class 2: Replacement or Reconstruction

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed? ☐ Yes ☒ No

Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.

DEPARTMENT OF

2. Would the new structure have substantially the same purpose and capacity as the existing structure? ☐ Yes ☒ No

Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.

N/A

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 3: New Construction or Conversion of Small Structures

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures?

☐ Yes ☒ No

Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.

2. Does the project involve the construction of new small structures?

☐ Yes ☒ No

Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.

Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.

3. Is the project within an urbanized area? (If no, skip to Question 9.)

☐ Yes ☒ No

Cite source(s) of information.

FOR SITES IN URBANIZED AREAS

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less?

☐ Yes ☐ No

Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.

5. Is the parcel zoned for the proposed use?

☐ Yes ☐ No

Cite source(s) of information.

6. Does the project involve the use of significant amounts of hazardous substances?

☐ Yes ☐ No

Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.

7. Are all necessary public services and facilities available to the project?

☐ Yes ☐ No

List all services and facilities provided. Cite source(s) of information.

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to [Question 11](#).)

☐ Yes ☐ No

Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.

FOR SITES NOT IN URBANIZED AREAS

9. Does the project involve the construction of a single structure totaling 2,500 square feet or less?

☐ Yes ☒ No

Provide information regarding size of new structure, if applicable. Cite source(s) of information.

N/A

10. Does the project involve the use of significant amounts of hazardous substances?

☐ Yes ☒ No

Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.

FOR ALL SITES

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 4: Minor Alterations to Land

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

DEPARTMENT OF

2. Does the project involve alterations to land, water, or vegetation that would be considered minor? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

3. Would the alterations consist of grading on lands of 10 percent slope or steeper? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

WETLANDS REGULATORY

4. Would the alterations consist of grading in an area determined to be a wetland? ☐ Yes ☒ No

Cite source(s) of information.

5. Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency? ☐ Yes ☒ No

Provide name of scenic area (if applicable). Cite source(s) of information.

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist? ☐ Yes ☒ No

Provide the name of the zone (if applicable). Cite source(s) of information.

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 11: Accessory Structures

1. Does the project include the construction or placement of accessory structures? ☐ Yes ☒ No

Describe new and/or replacement accessory structures. Cite source(s) of information.

2. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form**Class 32: Infill Development Projects**

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site? ☒ Yes ☐ No

Cite source(s) of information.

DEPARTMENT OF PLANNING AND COMMUNITY DEVELOPMENT

2. Project Size and Location

- a. Is the project site 5 acres in size or less? ☒ Yes ☐ No

Indicate the size of the project site, in acres. Cite source(s) of information.

- b. Is the project site substantially surrounded by urban uses? ☒ Yes ☐ No

Describe the uses of the surrounding properties. Cite source(s) of information.

The property is located in a very developed downtown commercial and residential urban area. The Metro station is nearby as well as a major highway. There are no nearby parks or open areas.

3. Does the project site have value as habitat for endangered, rare, or threatened species? ☐ Yes ☒ No

Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality?

☐ Yes ☒ No

Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.

DEPARTMENT OF WATER AND POWER
TM

5. Can the project site be adequately served by all required utilities and public services?

☒ Yes ☐ No

Describe which utilities and public services serve the project site. Cite source(s) of information.

Water and power are provided by a municipal utility company; Los Angeles Department of Water and Power. No natural gas is used on site but would be serviced by So Cal Gas.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

PERMITS REQUIRED

Exceptions to Exemptions**1. Scenic Highways**

a. Is the project visible from an official State Scenic Highway?

☐ Yes ☒ No

*List State Scenic Highway(s) from which the project is visible (if applicable).
Cite source(s) of information.*

DEPARTMENT OF TRANSPORTATION

b. If yes, would the project result in damage to scenic resources?

☐ Yes ☐ No

*Describe scenic resources and potential damage (if applicable). Cite source(s)
of information.*

2. Is the project located on a site included on any list compiled pursuant to
Government Code § 65962.5 (Cortese List)?

☐ Yes ☒ No

Describe the type of hazardous site (if applicable). Cite source(s) of information.

3. Would the project result in a substantial adverse change in the significance
of a historical resource?

☐ Yes ☒ No

*List the historic resource(s) potentially affected and describe the potential effects
(if applicable). Cite source(s) of information.*

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?**

☐ Yes ☒ No

Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?**

☐ Yes ☒ No

Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.

6. **Would the project impact an environmental resource of hazardous or critical concern?**

☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?**

☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

CEQA Exemption PetitionClass: 1 Category: Existing Facilities

Explanation of how the project fits the CEQA exemption indicated above:

Class 1 Categorical Exemption applies because the cannabis facility will lease space of an approved building footprint, and it will permit the use of the building as a cannabis facility. Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features involving negligible or no expansion of existing or former use. The proposed cannabis facility will operate within leased space of an approved building that has been previously constructed. The project also involves minor alteration of the approved building as it will remodel 16,850 square feet of cannabis cultivation and office area.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

Mimas.lacity.org, google maps

2. **Project Location and Surrounding Land Use.**

- (a) **Describe Project Location:** *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

770 E Washington Blvd, Los Angeles, CA, 90021-3042 - APN- 5131007001
Cross Streets: Washington Blvd & San Pedro St
General Plan Designation: Limited Manufacturing - Zoning Designation: C2

- (b) **Existing Land Uses/Zoning:** *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

Abutting: C2 - Limited Manufacturing
Surrounding Land Uses: CM-Light Manufacturing - RD-Low Medium II
Residential
M2- Light Manufacturing

- (c) **Previous Use:** Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

Not known.

- (d) **Was the site previously used for a similar use?** The key consideration is whether the project involves negligible or no expansion of an existing use.

Not known.

- (e) **Maps to be Included:** *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

- 3. Project Operations/Description.** Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) **Activities Occurring Onsite:** *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).*

Cannabis Cultivation, Distribution and Non-Volatile Manufacturing (only infusion and/or packaging of products planned)

- (b) **Cannabis Operation Activities Owned by the Same or Different Businesses:** *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

None.

- (c) **Project Size:** *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

Floor area: 16,850 square feet
Lot size: 14,287 square feet (.328 acres)

- (d) **State License:** *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

Department of Cannabis Control LA-C-23-200128-ANN

- (e) **Hours of Operation/Work Shifts:** *Identify the hours of operation/work shifts for the project.*

Operating Hours - 7am-10pm, Work Shift 7am-5pm, Security on site 24/7

- (f) **Number of employees (total and by shift):** *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

7 employees total

- (g) **Estimated Daily Trip Generation:** *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

Deliveries or Shipments Originating from/to project site: 2 per week
Anticipated Transportation Activity: Employee vehicles and 2 shipments/week
The project has limited to no effects on public transit, bicycle, or pedestrian

- (h) **Source(s) of Water:** *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

Water source is provided by municipal utility company; Los Angeles Department of Water & Power. No new or amended water right is needed from the State Water Resources Control Board.

- (i) **Wastewater Treatment Facilities:** *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

All wastewater will be filtered and disposed of by Los Angeles Dept. of Water and Power

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

The project site is located in the city of Los Angeles in the downtown area.

- (b) General Topographic Features (slopes and other features):

Flat, level, smooth topography with no high parts

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

The property is located in a very developed downtown commercial and residential area. The Metro station is nearby as well as a major highway. There

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

No watercourses or riparian habitats within 150 feet of the proposed premises.

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

No, the property does not contain natural features of scenic value of rare or unique characteristics.

- (f) Identify whether the property has any historic designations or archeological remains onsite:

No, the property does not have any historic designations or archaeological remains onsite.

- (g) Identify whether the property contains habitat for special status species:

No, the property does not contain habitat for special status species.

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

No hazardous materials are stored on site.

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

The project does not increase the quantity or type of solid waste that is generated or stored onsite.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

The source of power is Los Angeles Department of Water and Power, the anticipated amount of energy per day is 12,000 kw

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

None of the project activities will expand the existing footprint of the proposed facility, nor will it increase the amount of impervious surface or reduce the natural habitat.

6. **Environmental Commitments:** *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

We use energy efficient LED lighting in all grow rooms to increase energy efficiency. We use timed, drip irrigation to feed the cannabis plants so excessive water, feeding is not an issue.

7. **Other Relevant CEQA Information:** *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☒ California Department of Fish and Wildlife
- ☒ State Water Resources Control Board / Regional Water Quality Control Board
- ☐ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☒ Los Angeles Department of Water and Power
- ☒ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.

CASE SUMMARIES

Note: Information for case summaries is retrieved from the Planning Department's Plan Case Tracking System (PCTS) database.

Case Number:	CPC-2018-6005-CA
Required Action(s):	CA-CODE AMENDMENT
Project Descriptions(s):	RESOLUTION TO TRANSFER THE LAND USE AUTHORITY FROM THE COMMUNITY REDEVELOPMENT AGENCY OF THE CITY OF LOS ANGELES, DESIGNATED LOCAL AUTHORITY (CRA/LA-DLA) TO THE CITY OF LOS ANGELES AND CODE AMENDMENT TO ESTABLISH PROCEDURES FOR THE IMPLEMENTATION OF UNEXPIRED REDEVELOPMENT PLANS AND UPDATE OTHER RELEVANT CODE PROVISIONS IN THE LOS ANGELES MUNICIPAL CODE TO FACILITATE THE TRANSFER OF LAND USE AUTHORITY FROM THE CRA/LA-DLA TO THE CITY OF LOS ANGELES.
Case Number:	CPC-2013-3169
Required Action(s):	Data Not Available
Project Descriptions(s):	THE PROPOSED PROJECT CONSISTS OF: (1) A TECHNICAL MODIFICATION TO SECTIONS 12.03, 12.04, 12.21, 12.22, 12.24, 13.11, 14.5, 16.05 AND 16.11 OF THE LOS ANGELES MUNICIPAL CODE (LAMC) TO REMOVE OR AMEND REFERENCES TO THE FORMER COMMUNITY REDEVELOPMENT AGENCY (CRA); (2) TECHNICAL CORRECTIONS TO CLARIFY EXISTING REGULATIONS IN THE LAMC THAT ARE IMPACTED BY THE TRANSFER OF LAND USE AUTHORITY; AND (3) A RESOLUTION REQUESTING THAT ALL LAND USE RELATED PLANS AND FUNCTIONS OF THE CRA/LA BE TRANSFERRED TO THE DEPARTMENT OF CITY PLANNING
Case Number:	CPC-2010-2772-CRA
Required Action(s):	CRA-COMMUNITY REDEVELOPMENT AGENCY
Project Descriptions(s):	CD9 CORRIDORS REDEVELOPMENT PLAN. A PRELIMINARY PLAN FOR A PROPOSED AMENDMENT TO THE CD9 CORRIDORS REDEVELOPMENT PLAN.
Case Number:	CPC-2010-2278-GPA
Required Action(s):	GPA-GENERAL PLAN AMENDMENT
Project Descriptions(s):	GENERAL PLAN AMENDMENT FOR EXISTING FAST FOOD INTERIM CONTROL ORDINANCE (ICO) TO CREATE A GENERAL PLANT FOOTNOTE FOR THE PROHIBITION OF CERTAIN PROJECTS.
Case Number:	CPC-2008-1553-CPU
