DETERMINATION AND APPROVAL OF COMMERCIAL CANNABIS ANNUAL LICENSE(S)

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the categorical exemptions under Class 1 and Class 32.

DCR Record No.:	LA-C-24-200045-ANN
Applicant Name:	TrueClassic Production, LLC
Activity(ies) Requested:	Cultivation, Specialty Indoor, Small (Type 1A)
Proposed Project:	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.
Business Premises Address/ Project Location:	21345 W Deering Court Canoga Park, CA 91304
Council District: Closest Neighborhood Council: Business Improvement District: Community Plan Area: Zoning:	3 Canoga Park - Canoga Park - Winnetka - Woodland Hills - West Hills M2-1VL
LAMC Section / "Phase":	LAMC 104.08 / Phase 2
Environmental Analysis/Clearance: ENV-200045-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of March 3, 2021. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State Provisional License, CCL19-0002469, to conduct Cultivation, Specialty Indoor, Small (Type 1A), active through December 5, 2025.

The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 21345 W Deering Court, Canoga Park, CA 91304, a parcel zoned for Light Manufacturing purposes.

DEPARTMENT ANNUAL LICENSING DETERMINATIONS:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- **(Social Equity only):** The Applicant has met the requirements under LAMC Section 104.20.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- **(Social Equity Only)** Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

TrueClassic Production, LLC (Applicant) is seeking a Specialty Indoor Cultivation License for an approximately 21,919 square foot facility. The project is located on a site zoned for Light Manufacturing (M2-1VL) at 21345 Deering Court, Canoga Park, California 91304 (Assessor's Parcel Number 2109001020). The subject property is currently occupied by an existing cannabis cultivation operation totaling 10,664 square feet of existing indoor cultivation business, 3,217 square feet of cultivation area, 213 square feet of employee space, and 730 square feet of office and security space. The project site also includes an existing fenced and secured surface parking lot at the rear of the parcel, which is accessible via a shared driveway from Deering Court. The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that the project would not include construction or additional modifications of the existing structure, and no changes in the existing industrial and commercial use would occur. The City of Los Angeles Department of Water and Power currently provides water, sewer, and electricity to the project site.

The proposed project would serve as a cultivation facility with approximately two deliveries occurring per week, during operating hours. The project would operate Monday through Friday, 6:00 a.m. to 3:00 p.m. There will be approximately four to six employees on site per day, during operating hours. Based on aerial images, the project site is adequately equipped to accommodate the facility staff, and distribution trucks as applicable, and includes necessary infrastructure and amenities.

Pre-application review has found the project site to be consistent with the land use and zoning designations of the project site. Further project site information is provided in the Project Parcel report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit B). Compliance with Los Angeles Municipal Code Section 104.00 *et seq.* and 105.00 *et seq.*, as well as Department of Cannabis Regulation's (DCR) Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permit from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

Light Manufacturing / M2-1VL

Surrounding Land Use/Zoning Designations

Light Manufacturing / M2-1VL

Subject Property

The project site is located in a fully developed lot within a manufacturing area of Canoga Park within the Canoga Park – Winnetka – Woodland Hills – West Hills Community Plan Area. The lot is approximately 21,919 square feet with the subject property/lease area being 151 feet deep, and has a width of 124 feet along Deering Court. The site is currently operating as a cannabis cultivation facility. The project site is currently developed as a two-story occupied building, which is proposed to be maintained.

The project site has a Light Manufacturing land use designation and is zoned M2-1VL. The site is located within Council District 3, and the lot is flat with a pre-existing unit, which is currently being used and maintained by the applicant.

Abutting Properties

Abutting uses include light manufacturing, uses within 200 feet of the site. The immediate area along Deering Court is predominantly developed with manufacturing uses, zoned M2-1VL. (See Exhibit A).

CEQA Findings

CEQA Guidelines, Section 15301 and 15332, Class 1 and Class 32, would apply to the proposed cannabis distribution operation. Class 1 applies to projects that are integrated into existing facilities or structures. The proposed distribution operation would be located within an existing manufacturing building with no expansion of the physical structure proposed. Class 32 consists of projects on sites with existing development characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services. The Class 32 conditions are met as follows:

- a) The proposed project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested cannabis distribution operations. The project site is comprised of one lot zoned M2-1VL with one existing cannabis cultivation which is currently in use by TrueClassic Production, LLC. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.
- b) The project site is wholly within the City of Los Angeles, on an approximately 21,919 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned Light Manufacturing. The types of land uses and businesses in the area include, manufacturers, and other warehouse business operations.
- c) The project is located within an established, urban, manufacturing area, with no known habitats or ecologically valuable areas, including riparian or riverine habitats. The proposed project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way, and would not conflict with the Migratory Bird Treaty Act. Therefore, the project site has no value as habitat for endangered, rare or threatened species.
- d) The proposed project would not change its current operations in its current location as no expansion of the existing special cannabis cultivation facility is proposed. Therefore, approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.
- e) The project site is adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements would be made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in Light Manufacturing general plan designation and M2-1VL zoning classification that allow the proposed use. The proposed project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s). The project site is not on the lists that satisfy

Government Code Section 65962.5, commonly referred to as the “Cortese List,” as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301 and 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the proposed project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 and 15332, and none of the applicable exceptions to the use of an exemption apply to the proposed project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION ACTIONS:

The Department of Cannabis Regulation:

1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Cultivation, Specialty Indoor, Small (Type 1A), Commercial Cannabis Activity at the Business Premises location; and,
3. Adopted the Project Analysis & Findings and Notice of Exemption.

Categorical Exemption Evaluation Form

Instructions: Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

Project Description: *Insert project description information or reference where this information is located.*

The project comprises a commercial cannabis license (Specialty Indoor Cultivation [J062]) for True Classic Production, LLC, located at 21345 Deering Court in Los Angeles, California (Assessor's Parcel Number 210-900-1020). The project site consists of a two-story industrial building totaling approximately 10,664 square feet of existing indoor cultivation space for the commercial cannabis business. The project site also includes an existing fenced and secured surface parking lot at the rear of the parcel, which is accessible via a shared driveway from Deering Court. The project includes approximately 3,217 square feet of cultivation area with additional space for accessory uses (i.e., drying room, processing room, and water tank room), 213 square feet of employee space, and 730 square feet of office and security space.

Project Site - Existing Conditions and Facilities

The project site is a generally flat, rectangular lot currently developed with an industrial building and associated surface parking lot. It is located in the Canoga Park neighborhood of Los Angeles. The project site is in an urban industrial setting. The project site is surrounded by a landscape supply store to the north and a printing and graphics company to the south across the shared driveway. Deering Court is directly to the west of the property and the parking lot is located to the east of the existing building.

See Appendix B in the attached Categorical Exemption Report for True Classic Production, LLC, for the site and premises diagrams.

Proposed Facilities and Improvements: The project would not include construction or modification of the existing structure. No change in the existing industrial and commercial uses would occur.

Project Operations Practices: Our operating practices adhere to our Standard Operating Procedures as well as the DCC Procedures Forms which outline the safe and compliant practices for our project activities (Cultivation and Distribution) in regards to Security, Transportation, Quality Control and Inventory operations. Our Standard Operating Procedures and DCC Procedures Forms are available upon request.

Categorical Exemption Evaluation Form**Class 1: Existing Facilities**

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose? ☒ Yes ☐ No

Provide details of current or prior operation(s). Cite source(s) of information.

The project involves licensing an existing commercial cannabis business (True Classic Production, LLC) that currently operates out of an existing industrial building on Deering Court. Approval of the True Classic Production, LLC cannabis licensing applications would not involve an expansion of the existing industrial and commercial use at the project site and as discussed below, none of the exceptions apply. Therefore, the proposed project meets the applicability requirements for a Class 1 CE pursuant to Section 15301 of the State CEQA Guidelines.

Source: Categorical Exemption Report for True Classic Production, LLC, page 2 [Attached]

2. Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6) ☐ Yes ☒ No

Provide expansion details, if applicable. Cite source(s) of information.

Source: Categorical Exemption Report for True Classic Production, LLC, page 2 [Attached]

3. Project Expansion: _____
Size of expansion in square feet: _____

Cite source(s) of information.

- a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to [Question 6.](#)) ☐ Yes ☐ No

Cite source(s) of information.

- b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to [Question 4.](#)) ☐ Yes ☐ No

Cite source(s) of information.

- c. Would the expansion be greater than 10,000 square feet? ☐ Yes ☐ No

Cite source(s) of information.

4. Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)? ☐ Yes ☐ No

Describe which public services serve the project site. Cite source(s) of information.

5. Is there evidence that the project site is located in an environmentally sensitive area?

☐ Yes ☐ No

Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.

TM

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☒ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

N/A

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures)?

☐ Yes ☒ No

Describe size of structure to be demolished and location.

N/A

Categorical Exemption Evaluation Form

Class 2: Replacement or Reconstruction

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed? ☐ Yes ☒ No

Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.

2. Would the new structure have substantially the same purpose and capacity as the existing structure? ☐ Yes ☐ No

Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☐ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 3: New Construction or Conversion of Small Structures

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures?

☐ Yes ☒ No

Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.

2. Does the project involve the construction of new small structures?

☐ Yes ☐ No

Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.

Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.

3. Is the project within an urbanized area? (If no, skip to [Question 9.](#))

☐ Yes ☐ No

Cite source(s) of information.

FOR SITES IN URBANIZED AREAS

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less?

☐ Yes ☐ No

Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.

5. Is the parcel zoned for the proposed use?

☐ Yes ☐ No

Cite source(s) of information.

6. Does the project involve the use of significant amounts of hazardous substances?

☐ Yes ☐ No

Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.

7. Are all necessary public services and facilities available to the project?

☐ Yes ☐ No

List all services and facilities provided. Cite source(s) of information.

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to Question 11.)

☐ Yes ☐ No

Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.

FOR SITES NOT IN URBANIZED AREAS

9. Does the project involve the construction of a single structure totaling 2,500 square feet or less?

☐ Yes ☐ No

Provide information regarding size of new structure, if applicable. Cite source(s) of information.

10. Does the project involve the use of significant amounts of hazardous substances?

☐ Yes ☐ No

Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.

FOR ALL SITES

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

☐ Yes ☐ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 4: Minor Alterations to Land

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

2. Does the project involve alterations to land, water, or vegetation that would be considered minor? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

3. Would the alterations consist of grading on lands of 10 percent slope or steeper? ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

4. Would the alterations consist of grading in an area determined to be a wetland? ☐ Yes ☒ No

Cite source(s) of information.

5. Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency? ☐ Yes ☐ No

Provide name of scenic area (if applicable). Cite source(s) of information.

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist? ☐ Yes ☐ No

Provide the name of the zone (if applicable). Cite source(s) of information.

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☐ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 11: Accessory Structures

1. Does the project include the construction or placement of accessory structures? ☐ Yes ☒ No

Describe new and/or replacement accessory structures. Cite source(s) of information.

2. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☐ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 32: Infill Development Projects

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site? ☐ Yes ☒ No

Cite source(s) of information.

A large, faint, circular watermark seal of the Department of Planning, City of Los Angeles, is centered on the page. The seal features a stylized sunburst or star in the center, surrounded by the words "DEPARTMENT OF PLANNING" and "CITY OF LOS ANGELES".

2. Project Size and Location

- a. Is the project site 5 acres in size or less? ☐ Yes ☐ No

Indicate the size of the project site, in acres. Cite source(s) of information.

A large, faint, circular watermark seal of the Department of Planning, City of Los Angeles, is centered on the page. The seal features a stylized sunburst or star in the center, surrounded by the words "DEPARTMENT OF PLANNING" and "CITY OF LOS ANGELES".

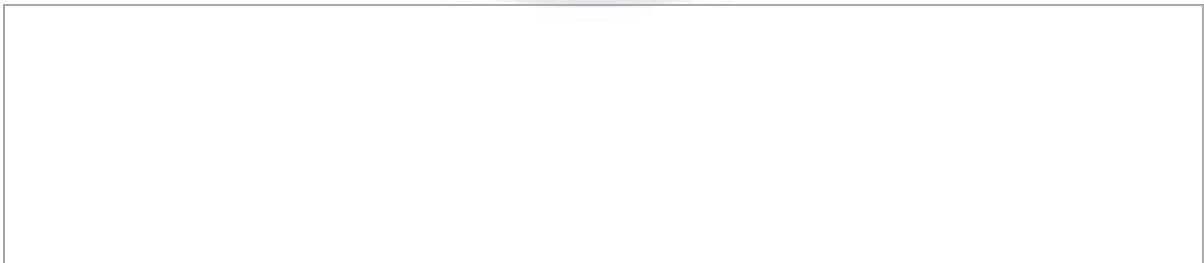

- b. Is the project site substantially surrounded by urban uses? ☐ Yes ☐ No

Describe the uses of the surrounding properties. Cite source(s) of information.

A large, faint, circular watermark seal of the Department of Planning, City of Los Angeles, is centered on the page. The seal features a stylized sunburst or star in the center, surrounded by the words "DEPARTMENT OF PLANNING" and "CITY OF LOS ANGELES".

3. Does the project site have value as habitat for endangered, rare, or threatened species? ☐ Yes ☐ No

Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

A large, faint, circular watermark seal of the Department of Planning, City of Los Angeles, is centered on the page. The seal features a stylized sunburst or star in the center, surrounded by the words "DEPARTMENT OF PLANNING" and "CITY OF LOS ANGELES".

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality? ☐ Yes ☐ No

Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.

5. Can the project site be adequately served by all required utilities and public services? ☐ Yes ☐ No

Describe which utilities and public services serve the project site. Cite source(s) of information.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) ☐ Yes ☐ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Exceptions to Exemptions**1. Scenic Highways**

- a. Is the project visible from an official State Scenic Highway? ☐ Yes ☒ No

*List State Scenic Highway(s) from which the project is visible (if applicable).
Cite source(s) of information.*

N/A - Source: Categorical Exemption Report for True Classic Production, LLC,
page 4. [Attached]

- b. If yes, would the project result in damage to scenic resources? ☐ Yes ☒ No

*Describe scenic resources and potential damage (if applicable). Cite source(s)
of information.*

N/A

2. Is the project located on a site included on any list compiled pursuant to
Government Code § 65962.5 (Cortese List)? ☐ Yes ☒ No

Describe the type of hazardous site (if applicable). Cite source(s) of information.

N/A - Source: Categorical Exemption Report for True Classic Production, LLC,
page 4. [Attached]

3. Would the project result in a substantial adverse change in the significance
of a historical resource? ☐ Yes ☒ No

*List the historic resource(s) potentially affected and describe the potential effects
(if applicable). Cite source(s) of information.*

N/A - Source: Categorical Exemption Report for True Classic Production, LLC,
page 4+5. [Attached]

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?** ☐ Yes ☒ No

Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.

N/A - Source: Categorical Exemption Report for True Classic Production, LLC, page 4. [Attached]

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?** ☐ Yes ☒ No

Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.

N/A - Source: Categorical Exemption Report for True Classic Production, LLC, page 4. [Attached]

6. **Would the project impact an environmental resource of hazardous or critical concern?** ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

N/A - Source: Categorical Exemption Report for True Classic Production, LLC, page 3. [Attached]

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?** ☐ Yes ☒ No

Provide details, if needed. Cite source(s) of information.

N/A - Source: Appendix G Checklist Report for True Classic Production, LLC, page 4. [Attached]

CEQA Exemption PetitionClass: Class 1 Category: Existing Facilities

Explanation of how the project fits the CEQA exemption indicated above:

Section 15301 of the State CEQA Guidelines states that a Class 1 (Categorical Exemption) CE is for the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. The key consideration is whether the project involves negligible or no expansion of an existing use.

The project involves licensing an existing commercial cannabis business (True Classic Production, LLC) that currently operates out of an existing industrial building on Deering Court. Approval of the True Classic Production, LLC cannabis licensing applications would not involve an expansion of the existing industrial and commercial use at the project site and as discussed below, none of the exceptions apply. Therefore, the proposed project meets the applicability requirements for a Class 1 CE pursuant to Section 15301 of the State CEQA Guidelines.

1. Source(s) of Information: Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

Categorical Exemption Report + Appendices for True Classic Production, LLC (Attached) prepared by Rincon Consultants, Inc., for which the following References were sourced:

2. Project Location and Surrounding Land Use.

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

Located at 21345 Deering Court Canoga Park, CA 91304. The project consists of a two-story industrial building totaling approximately 10,664 square feet of existing indoor cultivation space for the commercial cannabis business. The project site also includes an existing fenced and secured surface parking lot at the rear of the parcel, which is accessible via a shared driveway from Deering Court.

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

Land use: Light Manufacturing. Zoning: M2-1VL

The project site is surrounded by a landscape supply store to the north and a printing and graphics company to the south across the shared driveway. Deering Court is directly to the west of the property and the parking lot is located to the east of the existing building.

- (c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

Previous use was a Restoration and Remediation Company.

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

No

- (e) Maps to be Included: *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) Activities Occurring Onsite: *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).*

Specialty Indoor Cultivation (J062)

Our operating practices adhere to our Standard Operating Procedures as well as the DCC Procedures Forms which outline the safe and compliant practices for our project activities (Cultivation and Distribution) in regards to Security, Transportation, Quality Control and Inventory operations. Our Standard Operating Procedures and DCC Procedures Forms are available upon request.

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

Specialty Indoor Cultivation (J062) owned by True Classic Production, LLC.

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

The project site consists of a two-story industrial building totaling approximately 10,664 square feet of existing indoor cultivation space for the commercial cannabis business.
The project includes approximately 3,217 square feet of cultivation canopy area with additional space for accessory uses (i.e., drying room, processing room, and water tank room), 213 square feet of employee space, and 730 square feet of office and security space. The project is located on a lot size of 21,911 square feet.

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

The project currently has the following DCC issued License: Provisional Medicinal-Specialty CCL19-0002469

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

Hours of operations are 6am to 3pm, Monday through Friday. Work shifts are 6am to 3pm, Monday through Friday.

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

Four to six employees per shift during operating hours.

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

Approximately 2 deliveries per week, Monday through Friday during operating hours.

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

Los Angeles Department of Water and Power.

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

Los Angeles Bureau of Sanitation will process wastewater from the facility.

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

The project site is surrounded by commercial warehouses, concrete/asphalt ground and a dirt and lawn parkway. Parking lot lined with developer planted small native trees.

- (b) General Topographic Features (slopes and other features):

The project site is a generally flat, rectangular lot currently developed with an industrial building and associated surface parking lot.

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

The project site is surrounded by commercial warehouses, concrete/asphalt ground and a dirt and lawn parkway. Parking lot lined with developer planted small native trees.

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

There are no watercourses or riparian habitats within 150 feet of the proposed premises.

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

The property does not contain any natural features of scenic value of rare or unique characteristics.

- (f) Identify whether the property has any historic designations or archeological remains onsite:

The property does not have any historical designations or archeological remains on-site.

- (g) Identify whether the property contains habitat for special status species:

The property does not contain habitat for special status species.

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

The cultivation activity uses organic fertilizers, pesticides and other agricultural chemicals associated with indoor cultivation activities, therefore there will be no hazardous materials on-site. These are stored in the Pesticide and Agricultural Chemical storage area.

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

This project will not increase the quantity and type of solid waste, as defined by Public Resources Code section 25117, that is generated or stored on-site.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

The project's source of energy is LADWP. The anticipated amount of energy is 3,006 kWh per day. The project will not require an increase in energy demand or need additional energy resources.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

N/A

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

All requirements are met for Title 24 for the City of Los Angeles.

True Classic Production, LLC is committed to preserve indoor and outdoor environmental quality. This also includes a commitment to re-purposing, re-using and re-cycling any cardboard, plastic or glass when appropriate.

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

N/A

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☒ California Department of Fish and Wildlife
- ☒ State Water Resources Control Board / Regional Water Quality Control Board
- ☒ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☒ Streambed Alteration Agreement
- ☒ Water quality protection program
- ☒ Los Angeles Department of Water and Power
- ☒ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
