CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

Gas Station Delivery, LLC (Applicant) is seeking approval of a Non-Storefront Retail, Delivery License for a 1,138 square foot non-storefront retail store, which is currently vacant and previously operated as a barber shop. The project is located on a site zoned for Commercial (C2-1VL) at 8557 Reseda Boulevard, Northridge CA 91324 (Assessor's Parcel Number 2785-006-031). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures are not proposed to be expanded. The City of Los Angeles Department of Water and Power currently provides water, sewer and electricity to the project site.

The proposed project would include non-storefront retail delivery services that would operate Monday through Saturday from 10:00 am to 10:00 pm and would consist of eight to fourteen employees total, with approximately four employees per shift. The project would involve only minor indoor tenant improvements and repairs to existing retail space. The proposed project is projected to require approximately three deliveries of cannabis products to the facility per week, with approximately 150 to 200 deliveries to customers per day.

Pre-application review has found the project to be consistent with the land use and zoning designations of the project site. Further project site information is provided in the Project Parcel report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit B). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as Department of Cannabis Regulation's (DCR) Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

Subject Property

The project site is located in a fully developed lot within an industrial and residential area in Northridge. The lot is approximately 3,900 square feet with the subject property/lease area being 66 feet deep, and 30 feet wide along Reseda Boulevard. The lot consists of a one-story building which is proposed to be maintained. The proposed project site is currently vacant and was previously used as a barber shop.

The project site has a General Commercial land use designation and is zoned C2-1VL. The site is located within Council District 12, and the lot is flat with a pre-existing unit.

Abutting Properties

Abutting uses include commercial businesses such as a Latin music store and massage parlor, and single-family residential within 200 feet of the site. The immediate area along Reseda Boulevard is predominantly developed with General Commercial, C2-1VL.

CEQA Findings

CEQA Guidelines, Sections 15301 and 15332, Class 1 and Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within City limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services. These conditions are met as follows:

a) The proposed project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities. The site is comprised of one lot totaling 3,900 gross square feet, zoned as C2-1VL, with a one-story building originally constructed in 1984. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The project site is wholly within the City of Los Angeles, on an approximately 3,900 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned One-Family, Two-Family, and General Commercial. The types of land uses and businesses in the area include multi-family and single-family residential, road infrastructure, and commercial businesses.

c) The project is located within an established, urban, manufacturing area, with no known habitats or ecologically valuable areas, including riparian or riverine habitats. The proposed project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way, and would not conflict with the Migratory Bird Treaty Act. Therefore, the project site has no value as habitat for endangered, rare or threatened species.

d) The proposed project would not change its current operations in its current location as no expansion of the existing cannabis non-storefront retail (delivery) facility is proposed. Therefore, approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The project site is adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed would be made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the proposed project, which is proposed in General Commercial general plan designation and C2-1VL zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the proposed project would have no impact on scenic resources, historic building(s). The project site, is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301 and 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the proposed project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 and 15332, and none of the applicable exceptions to the use of an exemption apply to the proposed project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION ACTIONS:

The Department of Cannabis Regulation:

1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Non-Storefront Retail (Type 9), Commercial Cannabis Activity at the Business Premises location; and,
3. Adopted the Project Analysis & Findings and Notice of Exemption.
