DETERMINATION AND APPROVAL OF COMMERCIAL CANNABIS ANNUAL LICENSE(S)

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the categorical exemptions under Class 1 and Class 32.

DCR Record No.:	LA-C-24-200480-ANN
Applicant Name:	Super Premium Canacorp Inc
Activity(ies) Requested:	Cultivation, Small Indoor (Type 2A)
Proposed Project:	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.
Business Premises Address/	704 E. 62nd Street
Project Location:	Los Angeles, CA 90001
Council District: Closest Neighborhood Council: Business Improvement District: Community Plan Area: Zoning:	9 Community and Neighbors for Ninth District Unity South Los Angeles Industrial Tract (Goodyear) Southeast Los Angeles M2-2D-CPIO
LAMC Section / "Phase":	LAMC 104.08 / Phase 2
Environmental Analysis/Clearance: ENV-200480-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of October 31, 2020. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State Provisional License, CCL19-0003567, to conduct Cultivation, Small Indoor (Type 2A), active through April 1, 2025.

The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 704 E. 62nd Street, Los Angeles, CA 90001, a parcel zoned for Light Industrial purposes.

DEPARTMENT ANNUAL LICENSING DETERMINATIONS:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- (Social Equity only): The Applicant has met the requirements under LAMC Section 104.20.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- (Social Equity Only) Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Cultivation, Small Indoor (Type 2A); Temporary Approval to an Annual License to be located on an existing site zoned for Light Industrial, M2-2D-CPIO at 704 E. 62nd Street, Los Angeles, CA 90001 (Assessor's Parcel Number 6007-010-003). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be from 8:00 a.m. to 5:00 p.m five days per week, and from 8:00 a.m. to 12:00 p.m to days a week but are currently not operational. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit B). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

Light Industrial / M2-2D-CPIO

Surrounding Land Use/Zoning Designations

Light Industrial / M2-2D-CPIO

Subject Property

The subject site is a fully developed lot within the Southeast Los Angeles Community Plan Area. The lot is approximately 177 feet deep and a width of 112 feet along E. 62nd Street. The site is currently developed with an Industrial - Light Manufacturing - One Story building, built in 1938 proposed to be maintained.

The site has a Light Industrial land-use designation and is zoned M2-2D-CPIO. The site is located within Council District 9, Community and Neighbors for Ninth District Unity Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties

Abutting uses include Light Industrial uses within 200 feet of the site. The immediate area along E. 62nd Street is predominantly developed with Light Industrial uses, zoned M2-2D-CPIO. (See Exhibit B)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 19,250 gross square feet, zoned M2-2D-CPIO with a Industrial - Light Manufacturing - One Story building originally constructed in 1938. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 19,250 gross square foot property (i.e., less than five acres), and is substantially surrounded by Light Industrial uses. The surrounding area is Light Industrial zoned M2-2D-CPIO, zoned and developed with a mix of Light Industrial buildings along E. 62nd Street between Avalon Boulevard and Central Avenue.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION ACTIONS:

The Department of Cannabis Regulation:

- 1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
- 2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Cultivation, Small Indoor (Type 2A) Commercial Cannabis Activity at the Business Premises location; and,
- 3. Adopted the Project Analysis & Findings and Notice of Exemption.

Categorical Exemption Evaluation Form

Instructions: Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

Project Description: Insert project description information or reference where this information is located.

The warehouse is located in an industrial manufacturing zone in Southeast LA. It is located in an urban environment and surrounded by commercial warehouses. The warehouse was built in 1938.

Categorical Exemption Evaluation Form

Class 1: Existing Facilities

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose?

Yes 🗆 No

Provide details of current or prior operation(s). Cite source(s) of information.

The project has been licensed for commercial cannabis cultivation with DCR and the DCC since 2019.

Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6)
 □ Yes ■ No

Provide expansion details, if applicable. Cite source(s) of information.

No expansion proposed.

3. Project Expansion: ______ Size of expansion in square feet: ______

Cite source(s) of information.

a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to <u>Question 6</u>.) □ Yes □ No

Cite source(s) of information.

b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to <u>Question 4</u>.)
 □ Yes □ No

Cite source(s) of information.

c. Would the expansion be greater than 10,000 square feet?

Cite source(s) of information.

Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)?
 □ Yes □ No

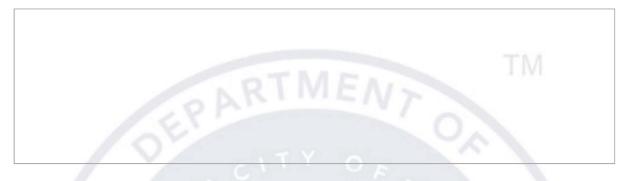

Describe which public services serve the project site. Cite source(s) of information.

□ Yes □ No

5. Is there evidence that the project site is located in an environmentally sensitive area?

□ Yes □ No

Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) □ Yes ■ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Water is provided by Department of Water and Power. there is no water right permit required. The facility received a waiver from State Waterboard stating no water permit is required.

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures?

🗆 Yes 🔳 No

Describe size of structure to be demolished and location.

No demolition or removal of small structures.

Categorical Exemption Evaluation Form

Class 2: Replacement or Reconstruction

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed?

🗆 Yes 🔳 No

Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.

NA		
	Λ	

2. Would the new structure have substantially the same purpose and capacity as the existing structure?

🗆 Yes 🔳 No

Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.

NA- No new structures. proposed.

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) □ Yes ■ No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

No environmental permits required other than CEQA NOE for annual licensing requirements.

Categorical Exemption Evaluation Form

Class 3: New Construction or Conversion of Small Structures

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures?

🗆 Yes 🔳 No

Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.

No modifications proposed.	

2. Does the project involve the construction of new small structures?

🗆 Yes 🔳 No

Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.

NA		2		1/	51	
	VI		AN	GE	15	

Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.

3. Is the project within an urbanized area? (If no, skip to <u>Question 9</u>.)

I Yes 🗆 No

Cite source(s) of information.

It is located in the City of Los Angeles.

DCR Record No.LA-C-24-200480-ANN

FOR SITES IN URBANIZED AREAS

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less?
 ■ Yes □ No

Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.

No new structures proposed.	
Is the parcel zoned for the proposed use? Cite source(s) of information.	■ Yes □ No
The project passed land use review in 2018. It meets the zero LAMC for cannabis cultivation.	oning requirements under
Does the project involve the use of significant amounts of hazardous	s substances? □ Yes ■ No

Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.

NA

5.

6.

7. Are all necessary public services and facilities available to the project?

Yes 🗆 No

List all services and facilities provided. Cite source(s) of information.

Water and power provided by DWP. Sewage provided by Department of Sanitation.

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to <u>Question 11</u>.) □ Yes ■ No

Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.

The project is completely surrounded by concrete and City streets. There is no sensitive environmental area.

Project-Specific Information Form

DCR Record No. LA-C-24-200480-ANN

FOR SITES NOT IN URBANIZED AREAS

Does the project involve the construction of a single structure totaling 2,500 square feet or less?
 □ Yes □ No

Provide information regarding size of new structure, if applicable. Cite source(s) of information.

10. Does the project involve the use of significant amounts of hazardous substances?

🗆 Yes 🗆 No

Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.

FOR ALL SITES

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

🗆 Yes 🔳 No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 4: Minor Alterations to Land

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?

🗆 Yes 🔳 No

Provide details, if needed. Cite source(s) of information.

No removal of trees. The facility was built in 1935. There are no trees on the premises.

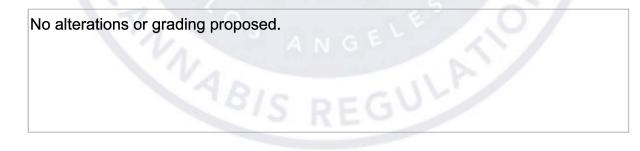

2. Does the project involve alterations to land, water, or vegetation that would be considered minor?

🗆 Yes 🔳 No

Provide details, if needed. Cite source(s) of information.

NA	

3. Would the alterations consist of grading on lands of 10 percent slope or steeper? □ Yes ■ No Provide details, if needed. Cite source(s) of information.

4. Would the alterations consist of grading in an area determined to be a wetland?

Cite source(s) of information.

5. Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency?

🗆 Yes 🔳 No

Provide name of scenic area (if applicable). Cite source(s) of information.

NA	
	75.6.4

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist? 🗆 Yes 🔳 No

Provide the name of the zone (if applicable). Cite source(s) of information.

NA

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)

CEQA Exemption Petition

Class: 1 Category: Existing Facilities

Explanation of how the project fits the CEQA exemption indicated above:

Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination.

1. Source(s) of Information: Identify Sources: Indicate the document(s) or other sources of information reviewed to complete this form.

Zimas, google earth, Envirostor	

2. Project Location and Surrounding Land Use.

(a) Describe Project Location: Provide detailed information about the project location and any other physical description that clearly indicates the project site location.

The project is located in southeast LA, east of the 110 freeway in an area that is surrounded by industrial zoning.

(b) Existing Land Uses/Zoning: Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.

The current land use is Light Industrial the surrounding land uses are also light industrial. Across Avalon Blvd., to the east there is some commerical zoning and residential zoning past that.

(c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

Previous use is unknown. Cannabis operations began buildout in 2018.

(d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

The site was previously used for light industrial use.

- (e) Maps to be Included: Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).
- 3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.
 - (a) Activities Occurring Onsite: Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).

The cannabis business is licensed with the Department of Cannabis Control.

(b) Cannabis Operation Activities Owned by the Same or Different Businesses: Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.

(c) Project Size: Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.

The lot size is about 19,000 SF. The project size is about 9,000 SF.

(d) State License: Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.

The applicant is licensed by DCC

(e) Hours of Operation/Work Shifts: Identify the hours of operation/work shifts for the project.

The facility is currently non operational.

(f) Number of employees (total and by shift): Estimate the number of anticipated employees onsite and occupancy during operating hours.

0

(g) Estimated Daily Trip Generation: Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.

When operations commence, vehicle trips will be 2x week.

(h) Source(s) of Water: Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.

Water is provided by DWP

() Wastewater Treatment Facilities: Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).

City wastewater

4. Environmental Setting:

(a) Describe natural characteristics on the project site:

There are no natural characteristics

(b) General Topographic Features (slopes and other features):

No sloped or other features

(c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

No natural characteristics

LIC-4013-FORM (09.18.2023)

(d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

No watercourses

(e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

No natural features of scenic value.

(f) Identify whether the property has any historic designations or archeological remains onsite:

NA

(g) Identify whether the property contains habitat for special status species:

No habiitat for special status species.

(h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

NA TOS ANGELES

() Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

No increase in solid waste.

() Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

Operational energy needs are average for commecial cannabis activity. There will be no increase in energy demand or need or additional energy sources.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

6. Environmental Commitments: List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.

LED Lights			
0			
YA.	OS AN	GELE	

7. Other Relevant CEQA Information: Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant.

Project-Specific Information Form

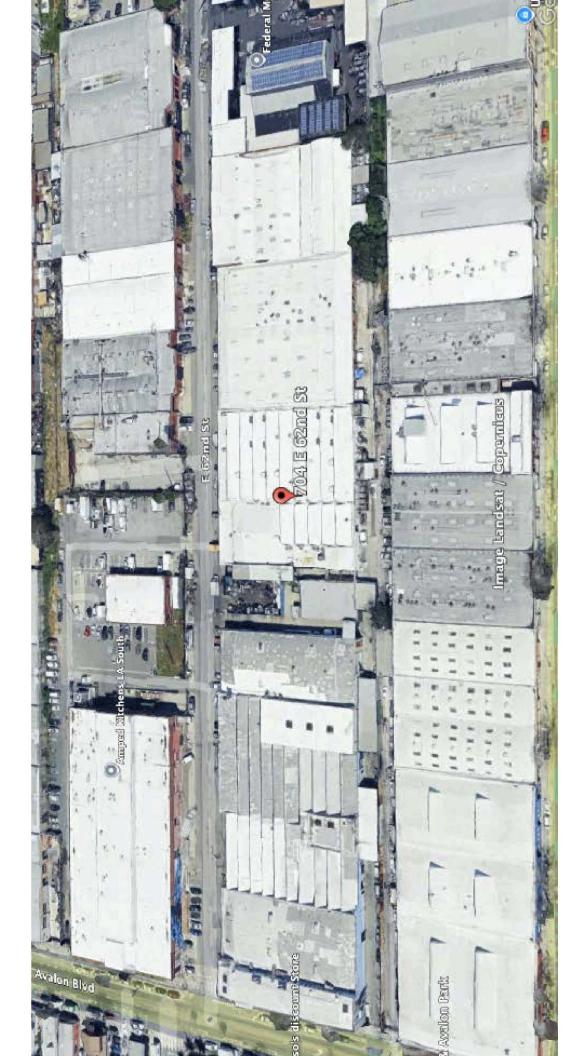

DCR Record No.LA-C-24-200480-ANN

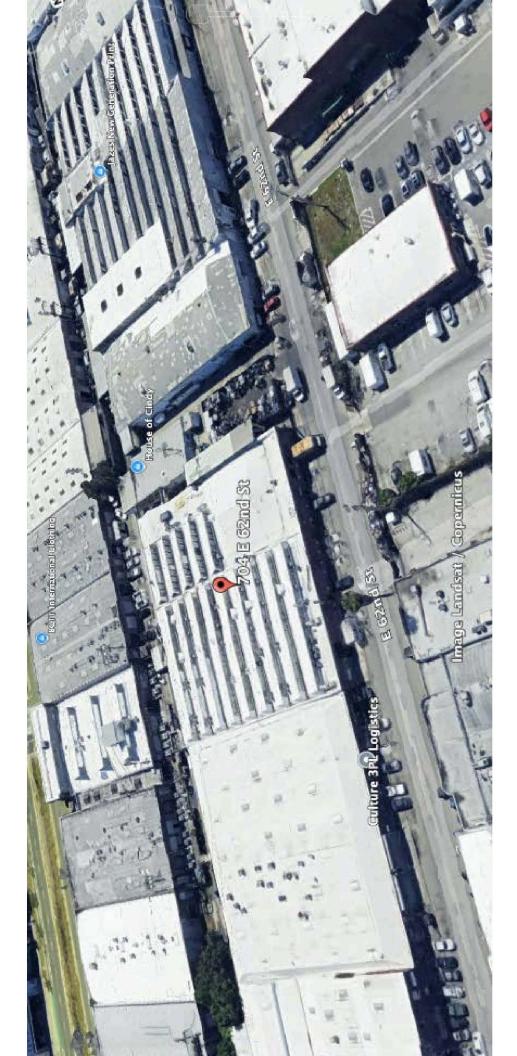

- 8. Permits Required: List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:
 - California Department of Cannabis Control
 - Los Angeles Fire Department
 - Los Angeles Department of Building and Safety
 - California Department of Fish and Wildlife
 - State Water Resources Control Board / Regional Water Quality Control Board
 - County of Los Angeles Public Health Permit
 - □ Local Air District
 - □ Streambed Alteration Agreement
 - □ Water quality protection program
 - Los Angeles Department of Water and Power
 - Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
